

"We must think and above all act in a revolutionary way. The moment has now come to shake off the last bourgeois eggshells. Half-measures can do no good now. This is the hour for all-out action. Though the situation may be frightful, we can get the better of it by exerting all our strength."

. . . Dr. Joseph Goebbels,

September March

The NSLF held its second uniformed demonstration on Sept. 14th, to commemorate the brave white men who gave their lives for White Supremacy at the Battle of Liberty Place on Canal Street in downhands so that all passersby could see. The rest of the contingent distributed leaflets.

The television cameras and other media caught the action on their cameras, but the news was suppressed by the ADL. Generally, there were visible signs of opposition, but, there were also signs of support. Hang out the Flags! Another victory for NSLF.

town New Orleans. The battle took place on September 14th, 1874. Sixteen men died in this historic strugggle; the same number that died in the National Socialist Munich Beer Hall Putsch of 1923 in Germany.

To commemorate this event, we marched with a Swastika flag in front of the U.S. Customs House, where the battle took place, to the Liberty(White) Monument at the foot of Canal Street. There, Commanding Officer, Karl Hand, gave a brief speech and the uniformed elements then turned and saluted the brave Aryan Heroes. We then proceeded back to the Customs House with our banner flying defiantly in the strong breeze. The tourists who lined Canal Street were both shocked and inquisitive. Many stopped to take our photos as we marched on the sidewalk. At the Customs House, we proceeded to distribute literature with our standard being held high. A Jew-ADL commie of meager stature attempted to draw our wrath by slandering us and making obscene gestures. As he walked past, he grabbed our flag. The standard bearer responded by pulling the flag away. This action, coupled with the Jew grabbing resulted in the pole breaking in half. Immediately C.O. Hand began the chase as the commie fled, followed directly by Lt. Kurt Meyer with pointed flag pole in hand. The commie scurried away like a horrified rat. The sight of uniformed Nazis chasing a Jew down the streets of New Orleans, with pedestrians clearing the way for the brown shirt beserkers, reminded one instantly of the brown shirts in pre-Hitler Germany. Although we were unable to catch the Jew who had a lead on us, we made a point: we would not be intimidated nor would we give up under opposition. Possibly the enemy thought that by breaking our pole that we would meekly retire. Instead, the standard bearer held the flag up in his

October Picket

On October 27th, as planned, NSLF held its third demonstration in as many months. The site for this demonstration was the Jew-ADL Headquarters building at 535 Gravier Street in downtown New Orleans. To the best of our knowledge this is the first demonstration of its kind ever on the doorsteps of their headquarters. Let us stress that it will not be the last. The headquarters is also the office of ADL-Boss, A.I. Botnick, who was re-

sponsible for the entrapment that caused the death of Klanslady Kathy Ainsworth and her unborn child.

NSLF's SD(Security Division) is currently searching for a photo of Botnick. Anyone who can help in this way please do so. By the way, the ADL phone number is: (504) 522-9534. At the time of this writing, they have a message unit after 6;00pm. Before that time a person can talk to them personally. Otherwise, just leave them your thoughts. In a 'free' society, we suspect that you are still NSLF shoulder patches which will now be authorized for wear by all our forces.

permitted to do that.

The demonstration itself was peaceful. There were some hateful remarks, but as has been the case on every demonstration so far, there were also positive signs. Polarization of the masses is a fundamental part of NSLF's program.

The courageous men of the ADL hid inside their building, gaping at the uniformed Nazis who dared to defy them in their sacred territory. Paying whore-like mercenaries of the F.B.I. to ambush Klansladies, this is one thing. That is the extent of Jewish heroism. Facing brazen SA men is Something that Jew-Boss, Botnick has no stomach for. + Keep Britain White
