Khrushchev makes no secret of his intentions to "BURY US" and conquer the world!

Every time these Soviet aggressors have moved in, they have RAPED, ROBBED, MURDERED AND ENSLAVED millions and millions of people!

NOW THE REDS ARE POURING INTO OUR "FRONT

YARD, -IN CUBA, -ONLY NINETY MILES AWAY!

The same RED ARMY units which raped and enslaved Christian Russia, Poland, Hungary, Bulgaria, Albania, Estonia, Latvia, East Germany, Rumania and Lithuania are now POURING into CUBA.

WHAT FOR?

Before the Red killers began to arrive in our front yard, did any American seriously believe we were going to invade Cuba?

Of COURSE NOT!

The ONLY POSSIBLE PURPOSE FOR THE RED TROOPS IS TO INVADE AMERICA!

But America has become so materialistic and cowardly that our fighting forbears would DISOWN us! Instead of reacting positively and instantly to this arrogant red aggression in our own front yard, Kennedy has weakly assurred the reds, pinkos, traitors, creeps and beats that America will do absolutely NOTHING about this outrage! So Khrushchev sends this panty-waist "president" a case of lovely, sweet WINE! How NICE!

Can you IMAGINE what WASHINGTON would have done about this deadly and arrogant threat to our nation? -or Sam Adams, -or Robert E. Lee? --or Teddy Roosevelt?

We have sent U. S. troops tens of thousands of miles, all over the world, ostensibly to stop the reds. Lebanon!
Korea! Laos! Berlin! And in each case, our RED ADMINIS-

TRATION has always seen to it that the result was always a COMMUNIST VICTORY!

NOW WE HAVE COMMUNIST SOLDIERS ONLY NINE-

TY MILES FROM THE SACRED SOIL OF THE USA!!!!

There can be NO DOUBT of why they are there, and thousands more are landing every day!!! The reds BOAST of it!

But does our "president" send troops only the short ninety miles to CUBA to 'stop communism"?

NO! He reassures the bolsheviks that we VON'T FIGHT!

What are YOU going to do about it, American?

Let KENNEDY take care of it?

Like he "took care" of the anti-communist cubans he allowed to be slaughtered on the beaches when he withdrew the air-support he promised the suckers?

Like he "took care" of the American flyers who have been shot and murdered by the reds, or who are rotting NOW in red dungeons?

paign! Contact the mearest FAN unit and start MARCHI

Like he "took care" of the Laotian anti-Communists, who have now been turned over to a "coalition" of a communist and his "neutral" brother?

Like he'took care" of the Congo anti-communists, when he had America shooting and killing CHRISTIAN citizens on behalf of Lumumba's COMMUNIST government?

THE RECORD SHOWS THAT OUR PRESENT LEAD-ERS HAVE CONSISTANTLY PAVED THE WAY FOR COMMUNISM IN EVERY CORNER OF THE GLOBE!

THEY WILL NEVER STAND UP AND FIGHT THE COMMUNIST MURDERERS AND SLAVE-MASTERS!

DM Essentilias tos

If our America is to survive, we must scourge from power the communist traitors, the appeasers, the red rats masquerading as "liberals", the scum, worms, swine and filthy rabble posing as our "leaders"! We must put REAL WHITE MEN IN POWER!

Only when we have leaders who are not secretly in love with COMMUNISM will America act like AMERICA, and throw the bearded skid, Castro, and his red murdering pals into the Carribean to rot on the bottom as food for the Cuban lobsters!
