

THE rockwell report...

A WESTERN FABLE

A gang of bad guys once took over a town out West.

The good guys tried to get organized to stop the bad guys. But the real heads of the bad guys were the town's banker and preacher! And, when

things got too bad, the good guys asked their 'Elder Statesman', the banker and the phoney preacher what to do. These crooks recommended a new man to be Sheriff, -- a secret member of the bad

guys, of course. The good guys complained that the sheriff always seemed to "bungle" his chances to "get" the bad guys, so they tried another friend of the banker and preacher for sheriff. But each sheriff "bungled" worse than than the last. Finally the poor good guys began to smell a rat; -- but the crooks were not caught napping---

--they were ready with a new and unknown member of the gang who was not a "friend" of the phoney bank-

er and preacher. This new SUPER-good-guy came on strong against the phonies, --and they blasted him back until everybody knew he was the new People's Hero. He told the people that the trouble was caused by too much power "centralized" in the sheriff's office. He said the people should deal with the crooks individually, American-style, and disarm the sheriff, who might set up a "dictatorship".

So the people followed this super-good-guy, and disarmed not only the sheriff, but some "extremists" who favored forming vigilantes to go and hang the bad guys along with their leaders.

When the good guys had disarmed and "decentralized" the sheriff's office, and installed the Super-Good-Guy as mayor, he turned them all over to the banker and preacher, for work in the uranium mines.

MORAL: The worst kind of bad guys are the ones who appear as good guys.

**Will TWO GUN GOLDWATER
save us from the bad guys?**

THE GOODS ON GOLDWATER!!

There are those who will be bigottedly sure that we are against Barry Goldwater only because he is Jewish. (And to those shallow thinkers who claim that Jews are "only a religion" like Baptists, for instance, and who deny that Goldwater is Jewish because he goes to the Episcopal Church, we must point out that Goldwater himself has said that he is proud of his Jewish race and heritage. You can't tell a Baptist from a Catholic by looking at their faces, but you can sure tell SOME Jews just by one look at their thoroughly Jewish FACE, which they most surely do not develop sitting in a synagogue. Jewishness is not only just a religion, it is also a race, and, as in Israel, also a nationality.)

And let us admit right at the beginning of this Report that we ARE prejudiced against Jews, just as I was "prejudiced" against all Japs during World War II, even though many Japs were not militarists. I am also prejudiced against skunks, and leave the area when one moves in, even though some skunks are de-skunked. Jews, as a group, represent less than 3% of our people, but they have provided over 90% of our Soviet spies and Communist leaders. At the same time, while not all Jews are leftists, and certainly not all leftists are Jews, MORE than 90% of the Jews are radically to the left, which they do not deny in their own Jewish press. Therefore, we feel scientifically justified in "pre-judging" any new, un-tested Jew as a leftist at least, until we have reason to believe otherwise. And we haven't found many occasions when we can happily conclude we have discovered a non-leftist Jew.

But the knowledge of the FACTS that (1), Jewry is strongly left-wing, (2) a damning proportion of Jews are Communists and Communist leaders, and (3), almost ALL of our Communist spies, (14 out of 16 since World War II) have been Jews, --- --in spite of all this, we have not permitted Barry Goldwater's Jewishness to color our cold political appraisal of this "Conservative leader".

We will also admit that Barry Goldwater is handsome and extremely engaging as a man. He certainly looks better than anything on the political scene we must suffer today. He looks like a MAN. We will admit that he is a brilliant political strategist. We admit that he MIGHT be sincere. We will even go so far as to admit that it is barely possible

he MIGHT be the man to lead this Country out of the most dangerous crisis it has ever faced.

BUT THESE ARE NOT TIMES FOR ANY MIGHT's OR MAYBE's!

Our White Christian American Republic is stepping up to bat with two-and-a-half strikes already against it, a minute to go, and the opposition so far ahead that the gallery has already given us up for lost and is walking out on us. In such a desperate situation, we can't take any chances we don't have to take.

And we claim that, with the Communists and the "liberals" swarming with Jews and led by Jews, it is at the very least, a foolish chance to install another Jew as the leader of the opposition to what has been created and sparked by his fellow Jews.

In 1941, when we were at war with Japan, there were many Japs who were loyal to America. But we did NOT put them at the head of our Army to fight Japan. In fact, we put them into concentration camps, in many cases most unjustly, with the excuse that the public interest demanded that America just not take the chance.

We say that, regardless of the merits of Mr. Goldwater, America just CANNOT AFFORD to put a Jew at the head of its fight against Jewish Communism and Jewish "liberalism". -Not while there are thousands of AMERICANS, not Jewish, who could also lead the fight if given a chance. The Congress now abounds with vigorous young "conservatives". Why MUST we have a Jew on OUR side, too, when the OTHER side is also led and sparked by Jews? Are only Jews possessed of the political abilities to lead us dumb, stupid Americans?

However, the matter is not so simple that we have no other reasons against Mr. Goldwater's leadership of our side.

Mr. Goldwater's record not only does not provide any reassurance that he is sincere as a "conservative", but there are very substantial indications that he is 100% phoney. And there is nothing

in the world more dangerous than a "dear friend" you trust mistakenly, --except a "leader" in whose hands you wrongly place your fate, and the fate of all you hold dear. Remember IKE?

The FACTS of Barry Goldwater's "miraculous rise" as the White Knight of Conservatism, viewed against the background of Eisenhower's similar rise to "leadership" (sabotage) of the Republican Party, are worse than disturbing. They are frightening!

Let's review those FACTS. All of them were obtained from Goldwater's authorized biography by Wood and Smith and can be checked by anybody with 50¢ for the pocket-book edition.

First, we must apologize for bringing in Mr. Goldwater's forbears. The son is certainly not responsible for the "sins" of the father. (Mine just LOVES Jews, for instance.) Nevertheless, we must mention a few facts about the Goldwater family in early Arizona to make the picture complete, and, perhaps to show that the leopard does not change his spots.

The Goldwaters first moved West at the time of the Gold Rush. But they didn't go to DIG for their gold, like the Gentile miners, even though there were no "ghetto" restrictions on them, as Jew-apologists never tire of explaining to excuse the awful history of Jewish economic rapacity and usury. Instead of a mine, the Goldwaters opened a saloon and whore-house with a fancy gold sign, "Goldwater and Brother". And they soon began taking their gold out of the miner's pockets.

Barry's uncle, Morris, for whom he is named, got himself appointed telegrapher for the area, and picked up all the confidential information on Army freighting contracts, which the family then used to run Gentile freighters (who had no such source of confidential information) out of business.

Joseph Goldwater, meanwhile, went to San Francisco as purchasing agent, and got hauled up in criminal court on charges of fraud.

"Big Mike" Goldwater, the bull-Jew of the outfit, ran the local lottery, and thus cleaned up more bags of gold-dust from the hard-working miners.

On January first, 1909, the former Josephine Williams presented her husband, Baron Goldwater with a son, Barry Morris.

The young boy started early in his career by stealing a bicycle, dismantling it, and hiding it in his attic, ---as a "prank", his loving biographers explain. Most boys today, whose fathers do not own big department stores, would not fare so well with such "pranks".

At Arizona University he was a very successful playboy with a big car and plenty of money, but not such a whirlwind as a student. He lasted only one year, before going back to Daddy's big Department Store, where he quickly "rose through the ranks" to be owner and president!

The war came along, and Barry went into the Air Corps, where he got mixed up in another of his "pranks".

Readers who have rotted in loneliness at some overseas base in wartime will recall the poignant longing to get home to "the States" for a visit. Mr. Goldwater was stationed in India, it seems, when he received a message which he understood to say, "by first available aircraft, return to the U. S.". So he took a government aircraft and rounded up a crew, and flew the 13,000 miles home, --only to learn that the message was misread, and actually said, "Major Crosswell, by first available aircraft, return to the U.S.". He then flew back to India, after, it must be supposed, a happy visit stateside.

After the war, Goldwater worked for a while managing his millions in the Department Store, and then took a fling at politics.

On page 15 of his biography, one may read the candid and sordid story of how this passionate conservative Republican got that way. His brother Bob and he decided that it would be "good for business if one of them was a Democrat and one a Republican"! So they tossed to see who had to be the Republican, and Barry "won"! Perhaps, if there had been a third side of the coin, he might even have turned out to be a Nazi.

He ran for Tucson city council, making his strongest pitch to the Negroes and Mexicans, whom he won over with his promises of the most extensive possible integration. He also had the support, according to his own biographers of the bookies, whores and madams in town. With plenty of funds behind him, and the most demagogic of political exploitation of the Negro issue, he won a seat.

And he made good on his integration promises. As one of the most fanatical race-mixers in Arizona, he immediately fought for and obtained total integration at the Phoenix Airport and in the Arizona National Guard!

In his first campaign for the Senate, he chose as his campaign manager a Democrat, who had managed the Democratic Senator Hayden, before him.

During the McCarthy times, Goldwater did not openly attack the Senator, but "damned him with faint praise". He went so far as to Deplore McCarthy's extreme and venomous attacks", and stated

that McCarthy often went "off half-cocked or not cocked at all!"

Perhaps all these items seem insignificant in judging Goldwater's fitness to lead America's desperate last-ditch battle against militant Communism. But the next bit, I believe, is pure dynamite to any claim that Goldwater is a sincere "conservative".

Goldwater was supposed to be a strong Taft man at the time of the Republican convention of 1951-52. But at the Arizona nominating convention, a gang of the same kind of phoney "Republicans" as stole the Texas delegation appeared in the Arizona convention as "young Republicans", and began arrogantly pushing Eisenhower. The convention was solidly conservative and for Taft, but the "young Republicans" began to elbow them out and force their way in, in the familiar Communist tactic. The traditional Republicans were horrified and attempted to squelch the would-be convention-stealers. They had the phonies on the way out, --when our friend Goldwater jumped in with everything he had.

"I'M FOR EISENHOWER!" he shouted, "I want to see these young Republicans get a fair shake at this convention!" --and he proceeded to push this line so successfully that the Arizona delegation lined up for the great "conservative", Eisenhower, thanks to the great "conservative", Goldwater! When the chips were really down, Barry did not back Mr. Taft, -but IKE.

In 1958, Goldwater's Senate campaign is very revealing. The official records show that one of his biggest backers was that well-known stodgy old conservative, Henry LUCE, --of the right-wing Time-Life, Inc. ! The man who tossed the MOST money into the kitty of Goldwater, the great enemy of Big Labor, --was Willie Bioff, convicted labor racketeer and shake-down artist!!!

In the same campaign, Barry was fortunate enough to have a very, very dirty trick played on him, so that he squeaked by in the election, when the odds were all against him. He needed a miracle when Arizona was suddenly flooded with leaflets showing Joe Stalin saying "I'm for Goldwater!"!

This horrible and obviously unfair attack had Arizona in an uproar, and, of course, --as anyone could have foreseen, "back-fired". At just the right moment, it kept Goldwater on the front-pages with oceans of warm, wet sympathy from everybody, including his opponents.

Later, more quietly, a Jewish gentleman name of Goldberg was uncovered and proved to have been the nasty character who did this vile thing which almost "ruined" Mr. Goldwater. That's GOLDWATER, not GoldBERG.

Early in Goldwater's senate career, he began attacking big Labor and pointedly championing Big

Business. Nobody would have noticed, much, however, because there were many others doing the same thing. But, somehow, Goldwater struck pay dirt when Reuther of the CIO blasted him, --all over the front pages. Goldwater blasted Reuther back, also on the front pages. In April, 1957, he made his famous Senate speech attacking labor unmercifully and making an open bid as an arch-reactionary.

Then, in spite of Goldwater's torpedoing of Taft in 1952, Taft put Goldwater on the LABOR committee, believe it or not! And from this vantage point, Goldwater was able to put real muscle into the image he was building of himself as the enemy of Labor, and Reuther in particular. He badgered Reuther ceaselessly, and the latter responded by damning Goldwater as the enemy of Big Labor and the friend of Big Business, just in case anybody had missed the point. Goldwater called Reuther "the most dangerous man in America".

We next find both John Kennedy and Goldwater on the McClellan Labor-racketeering Committee. Jimmy Hoffa was being hounded and pilloried as THE Labor Monster of America, but nobody, including Goldwater, seemed interested in investigating Reuther, whom Goldwater had called the most dangerous man in America.

Goldwater was right there on the committee all the time, while this "most dangerous man" was not being investigated. Finally, to preserve appearances, Reuther was called in for a polite little token visit before the Committee. With Mr. Goldwater still right there on the panel, Mr. Reuther was white-washed as "lily-white"!!!!!!

Barry did nothing about this outrage until Mr. Reuther was safely gone. Then he railed at Robert Kennedy for not going after Reuther. Kennedy asked if Goldwater wanted Reuther recalled for another hearing, as he reports in his book, but the great Reuther-hater replied that he did not; -that he had to "get back to Arizona". When Kennedy taxed him with the duplicity of this act, Goldwater shrugged, "That's politics!"

It may be politics, --but it is not the kind we need in the man WE want.

A more trifling matter is Goldwater's habits with cash. Again, his biographers explain it as the need to avoid being overly generous, but Mr. Goldwater carries no CASH with him so he can never pay any checks! He may not be Jewish, but this is a good way to imitate one.

In an interview with Gore Vidal, the playwright, Goldwater made the horrifying statement that he is "in favor of teaching Communism in the schools", --offset, he hastens to remark, with suitable courses in American History. We presume he would also be in favor of teaching the kids from Lady Chatterley's Lover and Tropic of Cancer, so

they would know the evils of pornography, --offset, of course, by a few hours of good solid Bible-reading, etc.

In 1938 he wrote, discussing the Negro situation, "I've never lost sight of the thought that all men are created equal" --a favorite quote used out of context by the Daily Worker and the "liberals". When he spoke in Arlington, I myself asked him publicly, after he had talked of nothing but economics, "What is your stand on the protection of the rights of the White Race of people who built this wonderful America?". His answer was that he has ALWAYS been against segregation and for race-mixing!

When Reuther's top lawyer in his C.I.O. was before the Senate for confirmation as Secretary of Labor, Goldwater RAILROADED the confirmation through the committee so fast they didn't even hold the usual executive session, but confirmed this CIO lawyer of Reuther's ON THE SPOT! -an unheard of thing in the staid Senate of the USA!

His wife, the former Josephine Williams of Michigan, is also a former intimate of G. Mennen Williams, (Soapy, of African "fame"). And Mr. Goldwater is the apple of Mrs. Drew Pearson's political eye, according to no less an authority than the old Lying-master of Georgetown, himself.

Goldwater has called for the resignation of Robert Welch as head of the John Birch Society, because, he explains, he deplores Welch's power arbitrarily to dismiss from the Society anyone he considers undesirable. This power, which Mr. Welch has very prudently reserved, is the ONLY way anti-Communist organizations can prevent being taken over or destroyed by infiltrators. The fanatical rats of the party can squirm their way into any parliamentary organization and will sooner or later use the organization's own rules to take it over, as has happened to many a labor union, for instance, unless the leadership has the power to put a quick end to this rotten game. Yet, strangely enough, THIS is the very power that Mr. Goldwater wants removed from Mr. Welch. (And Mr. Welch will never wake up, I feel sure, to this give-away, but will continue to have his people work for Mr. Goldwater.)

We have sketched some of the facts we have obtained entirely from sources friendly to Mr. Goldwater, --and we submit that they do NOT add up to a sincere "conservative", --and certainly not to a Taft, a McCarthy, a MacArthur or a Forrestal. They DO add up to a rich, slick political operator working the other side of the street from FDR's old stand, now that the suckers are wise to the latter's fakery. Goldwater is simply riding the wave of revulsion to the treason which began with Roosevelt, -if his purpose is not more sinister.

But we think it IS more sinister.

We learned a lesson from the Communists, "liberals", Jews, and their ilk at the time of the Capture of the Republican Party by Ike and his gang-of phoney Republicans. The "conservatives" have not learned, -or they have forgotten.

The vicious, criminal gang which is perverting and subverting our American Republic into a sovietized social democracy are NOT stupid. They are aware that what they are doing to America and our people, with their forced race-mixing, their surrender to Communism, their trivializing and negroidizing of our youth and all the rest of their disgusting program of rot and corruption, -is NOT what the people really want. They utterly dominate all media of public information and entertainment. This is easy enough to document, item by item, but we will let the TV industry suffice as an example. There are only three major networks, CBS, NBC and ABC. CBS is chaired by William Paley (Pawlinsky), a Russian Jew. NBC's chairman is Robert Sarnoff, a Russian Jew. And ABC's chairman is a man named Goldenson, another Russian Jew. Thus ALL TV material is in the hands of Jews, and now Kennedy has appointed Newton D. Minnow to be Communications Czar, ---another Russian Jew. It is the same with movies, magazines, books, and other means of education or information. And wherever the Jews do not own direct control, they supply the major funds of such things as newspapers through their department store and supermarket advertising, --almost 100% Jewish. Finally, even if there WERE a non-Jewish TV network, for instance, it would have to take Jewish programs, because ALL the production outfits, of which Music Corporation of America, is the biggest, are again, 100% Jewish!

It is this brainwashing apparatus which is destroying our Republic and our people, and convincing them that resistance is useless. The people do not WANT to be Jewized and Negroidized and Sovietized, but every voice in the land keeps telling them they LOVE these things, and it is "bigotry" or "hate" to resist them.

But the conspirators could never survive an HONEST election, between uncompromising champions of REAL "conservatism" and the "liberal" imitation of a Communist state into which they are plunging us. They know with certainty that their deprivations on our liberties, our traditions, our race, our morals, our culture, our government and all we treasure of America will inevitably produce a violent reaction from time to time. Once in a while, the beaten dog can't stand it any more and turns on the torturers with a growl.

McCarthy was one such a "growl" from real America. It scared the plotters to death. If ever another, more clever McCarthy got going, it would be the end of their rotten game.

So they long ago developed a fool-proof method

for preventing any genuine pro-American movement from ever developing. They worked it first when they knew that their treason and arrogance during the Truman reign had produced such revulsion in the people that the Democrats would get tossed out, and there was a slight chance that an honest American might get IN. Taft wasn't the greatest American that ever lived, but he was certainly a sincere anti-Communist. If he ever got his hands on the records of treason being covered up now in the Federal Government, heads would roll, BIG heads. So the swine went to work to cheat America out of a genuine choice between a genuine Republican and a Democrat, by installing their own IKE as the Republican standard bearer. Thus they COULDN'T LOSE. Heads I win, - tails you lose.

At the time, there were plenty of Americans who should have known better, who "fell for" Ike, just as they are "falling for" Goldwater now. But Ike went to work with his unbroken continuation of the same Nation-wrecking pinko program of Truman, until, once again, the poor beaten dog of Americanism was ready for another growl. But they threw the old hound a bone, -a new name, a new face, --Kennedy. Millions of Americans liked the fresh young face and the charming talk. So Kennedy moved in, and took up the wrecking bar laid down by Ike.

The wretches who manipulate all this from Wall Street and New York's lower East Side knew that THIS TIME they couldn't get away with the old swapping of a Democrat for a Republican anymore, with the voters waking up to the fact that BOTH parties were the same pro-Negro, pro-Jewish, anti-anti-Communist pinko outfit. A new alignment politically was unavoidable, as people began to see that America was "conservative", while the manipulators and brainwashers were pushing the "liberal" imitation of Communism.

A "conservative" uprising was predictable and unavoidable five years ago. We announced it publicly THREE years ago.

The manipulators probably knew it ten years ago. In any case, they prepared to do the same thing to the "liberals" and "conservatives" that they had so successfully done with the "Democrats" and "Republicans". Their technique is to LEAD 'EM WHEN YOU CAN'T LICK 'EM! When the crooks know there will be a reform program, run a crook for mayor as the head "reformer". Then you can be sure the "reform" won't be fatal to your plans as a crook. The plan has worked since men first got organized into groups, but never has it been so cleverly or so subtly arranged that it wins intelligent and perceptive men, as the latest swindle by these political villains has millions of

good, honest and intelligent Americans running pell-mell after Barry Goldwater, the new "IKE"!

Now if this seems like a "wild and irresponsible charge", as it will be dubbed by the howling mob, check it YOURSELF against ONE OUTSTANDING FACT WHICH YOU CAN EXAMINE IN THE CASE.

Whenever any man has arisen in America and REALLY hurt the filthy swine who are out to destroy this wonderful White Christian American Republic so that they can set up a Marxian Socialist tyranny, --every media of public information and entertainment, from the Daily Worker to the New York Times and from the cheesiest local commentator to the big guns like Edward R. Murrow, has smeared and blasted the "guilty" American mercilessly and viciously. McCarthy was a good recent example, and so was Lindbergh, not so recently.

Men who really seem DANGEROUS to the Communist conspiracy are lied about, smeared, viciously misrepresented and attacked in every underhanded, dirty manner conceivable. Experienced "conservatives" should need no teaching on this subject. And the attacks do not stop until the would-be destroyer of Communism is himself destroyed. There is no half-way about it. Lindbergh was driven to England, Forrester "jumped" out of a window at Bethesda, and McCarthy was hounded until he, too, died in Bethesda. We might also mention that MacArthur did not win any great position of leadership as befits his genius and experience, and while away his last days in the obscurity of "business".

But, most strange to observe, Mr. Goldwater suffers none of the vitriolic attacks of all the other anti-Communist heroes before him. Sure he gets slapped on the wrist. It would be impossible to avoid that. But he is not called a queer, in love with his office staff, nor are his taxes hauled up for years back, nor is his service record smeared, as was the brave McCarthy's. Mr. Pearson lovingly reports that Mrs. Pearson is a Goldwater "fan", and the image of Mr. Goldwater, -that all-important image in political warfare, is not of a filthy sewer rat, with heavy beard and a trowel-ful of unmentionable filth, as with Mr. McCarthy, -but of a nasty economic reactionary, --which is neatly calculated to win over the frightened rich men who see their money being confiscated by big government.

Even more important, as we begin to test the possibility that Goldwater is a set-up to steal the leadership of the "conservatives" for the same gang of shysters who stole the Republicans, -is the fact that the MAIN THING WHICH CATAPULTED GOLDWATER INTO NATIONAL PROMINENCE AND THUS LEADERSHIP OF THE RIGHT WING, -----as admitted in Goldwater's biography

on page 15, ---WAS THE PUBLIC ATTACKS
ON HIM BY WALTER REUTHER!

Men do not accidentally become famous in today's mass-media dominated America. Either they plot and plan their own rise, as I did mine, or they are PUSHED up by conscious political forces, using all the techniques of Madison Avenue.

Goldwater's handy image of arch-conservative, at the exact right time to move into leadership of the millions of outraged Americans who have had a gut-ful of leftism, shows up, when examined clinically, as a precisely PLANNED piece of political strategy, --and a damned masterful one at that. And we believe it will work. The "conservatives" are still lulling themselves with the pleasant dream that they can TALK tyrants out of power, and they won't have to get nasty as we do, --and, to a lesser extent, as the Birchers do.

I know two big businessmen right here in Arlington who are big Birch leaders, and who also know "the score" on the Jews and how they promote Communism. Yet these two mature and intelligent gentlemen are like two little boys in their Goldwater jackets and with their Goldwater stickers everywhere. They are good, patriotic Americans, --but they still delude themselves that they can save themselves and America by being "nice" and working with the likes of Barry Goldwater.

Nothing can stop these businessmen, nor the millions of others like them all over this confused America. They will have to find out the HARD way, by experience, that there is NO COMPROMISE WITH THE ENEMY WE FACE.

In every Country which has ever CONQUERED COMMUNISM, the job has been done NOT by "nice" groups, and the job has never been led by Jews. But always it has been the work of men who were hated and reviled for being too "radical" and "wild", but who forged ahead and did the job nevertheless. In Italy it was Mussolini. In Spain, Franco. In Germany, Hitler.

There are not THREE choices with the Bolshevik monster gulping up the earth, any more than there are three choices facing a man who is seized by murderers. He can FIGHT or be MURDERED. If he fights, he might be murdered anyway. If he does not fight, he will certainly be murdered.

The Communists and the Jews behind Communism as well as their Zionist accomplices, are not playing for marbles. They mean BUSINESS and they have almost WON. We can't beat them with more "democracy", "tolerance" and "brotherhood" --but only with fanatical, FIGHTING opposition, sparked by an IDEAL greater than that of the Communist delusions. "Conservatism", with its battle call of "back to the good old days" will nev-

er inflame our people at last to stand up and FIGHT the bastards, nor will the phoney slogan of "100% Americanism", --which has come to mean nothing at all, or only an appeal to keep ones two cars, TV and radio-controlled lawn-mower.

The Communists do not inveigh endlessly against "Fascism" for nothing. THEY know, even if our "conservatives" haven't learned it yet, that there IS an ideal for which our people will FIGHT and die, once they learn what it is. We are not Fascists, because we believe in free enterprise. But National Socialism, with its UNSELFISHNESS and its RACISM will win and inflame America's masses while reactionary conservatism will only repel them as the defense mechanism of the rich, --which, in essence, it is.

For this reason, we are GLAD that Mr. Goldwater has America's "conservatives" chasing after his little Jewish shirt-tail, because HE will teach them a lesson they simply WILL NOT take from us bad "hate-men". When HE betrays them, as betray them he will, they will have NO PLACE LEFT TO TURN BUT RIGHT HERE!

We won't claim we know for sure what Mr. Goldwater will do, but if he ever really HURTS the Communists and race-mixing subverters, we will wear a Goldwater button when we march in to conquer Union Square in the near future.

Don't save us a button, however. We'll get one if we ever need it.
