WHITE MAN, FIGHT!

If people got rolling, waddling fat overnight, nobody would be fat.

The sudden shock of going to bed slim and trim, -and waking up FAT would drive every victim to immediate and effective action.

But there is never one day or one week when a man goes from just ordinary size to a FAT MAN. Each day, each week, each month, the change is so slight that it seems there will ALWAYS be time to act.

. . . until one day . . .

Suddenly the mind is no longer able to hide from the growing realization of fatness, -but, by then, the problem seems insurmountable, -and it's all over.

This is not an ad for reducing pills, but an effort to provide a dramatic demonstration of the nightmarish way in which we have been subverted and weakened as a people.

What is happening to America and the White Race today is so devilishly SLOW and so apparently painless that we never get frightened into the instant and effective action which is

so desperately needed, and which we would take if we could see ourselves in perspective, -if we could see the noble heights whence our people have fallen into short-sighted greed and selfishness.

But, like the fat man who keeps kidding himself, we are only months away from the inevitable, -and too late, -realization that we are washed up as a great Race and a great Nation.

Our people, -your people, -conquered and civilized this earth. On the North American Continent they established the political masterpiece of their idealistic genius, the American Republic. They developed an astounding culture of fine arts, philosophy and community service, and discovered a method of living graciously together as ladies and gentlemen by a code of behavior called HONOR.

That governmental masterpiece, that noble culture, and, most important of all, that code of honor of ladies and gentlemen, --all have become empty, phoney shells, full of tinsel and plastic and tragic pretenses.

In historical terms, in terms of the billions of years during which dozens of life forms have mastered the planet as it spun through space, only to disappear as they proved unable to adapt to new conditions, -in such realistic historical terms, man's period of as-

cendency on earth has been but a brief moment. And now, Nature has confronted us with OUR possible nemesis, -a new and most deadly threat; the slow, secret, relatively painless subversion and reversal of evolutionary laws by the JEW.

We are now facing Nature's supreme test to see if man's exquisite refinements of art and science, and the overweening conceit they have bred in him, have so blinded him to the fact that he, too, is an animal who must obey Nature's iron laws of basic survival, that he has lost the will and power to defend himself.

On the stage of the earth, the players are now acting out the mightiest drama of all time; can the White Man, who has learned to use the forces of Nature with his superb science, who has conquered and civilized the savage hordes all around him with his courage, and who has mastered the evil within himself with his idealism, still recognize and subdue the crafty, disguised viper poised at his bosom, -the Jew? Will he realize the TOTAL danger of his situation in the historical parade of creation of species and their decline and extinction? Will he see the nightmarish lateness in time to ACT to preserve himself and his world, or will the viper be able to keep him lulled and hypnotized into complacency until it STRIKES?!
/

Like the man who grows imperceptably

fat, we have drifted to the very edge of the precipice of racial extinction! The crags in the darkness below are strewn with the bones of other animals, other men, and other civilizations which dominated the earth far longer than have we, and were doubtless as sure as we of eternal reign, but which could not muster the intelligence or the will to keep themselves from plunging, will-nilly, into oblivion. It is only a question of seconds of eternity now, before we will be utterly powerless before the silent, invisible power of the Jew who is pressing us ever faster toward that fatal edge.

Each of us who KNOWS, -and there are millions, -promises himself to do something about it SOON.

But "soon" never comes. We are busy with our businesses, our hobbies, our families, our studies and the rest of the "normal" activities. We go from drift to half-measures, (Conservativism), and, when foiled in this by the Jew, we slide back to drift again. And all the time, the devilish, inexorable power of the Jew is driving, pushing, -forcing every member of the White Race who stands in his path toward that dark void at the foot of the cliff of extinction. He is pushing YOU.

There is nothing novel about all this.

It is only the eternal struggle of the jungle; we have something the Jews want, -world

domination. They are fighting for it according to their ancient heritage of instinct. The Jews are battling valiantly for what they want, and doing a bang-up job of it with a method which has, so far, baffled and whipped us, -stealth.

They have already won everything except the final skirmish for open recognition of their existing world control; -who dares defy the Jews anywhere on earth?

But, like the stupid British red-coats at whom we laughed in our history books for insisting on formation marching in Indian infested forests, we are being herded along in a stupid march to our graves because we can't recognize the danger, (or won't), and because we can't muster the WILL to resist.

Take stock, for a moment.

Where once great statesmen led our sturdy people through the very gates of Hell for genuine IDEALS, we are today "led" by a troop of simpering mental pygmies, who hop around with prop smiles on their vacant faces, mouthing silly quips manufactured by Jewish gag-men, in a giant musical comedy of "politics", in which the brainwashed millions are divided by the Madison Avenue manipulators into two "teams", with absolutely no genuine issues at all, but with both teams fanatically united in abject worship of the Jew and all his disgusting ideas.

In spite of our feeble protests and rear-guard actions of segregation, the enemy's iron will, backed by the whole power of the government he manipulates, is driving us inexorably to eventual breeding with the miserable black men who were imported by Jewish slave traders and sold to our ancestors instead of the more easily available Indians, because the Indians were too noble a breed to bend their necks to slavery's ugly yoke.

The wholesome folk-music of our once robust America has been insidiously replaced by primitive, sexually abandoned Negroid bedlam, full of screaming chaos, crazy "jazz", and unmistakeable musical lechery.

The Jew, Picasso, has led a stampede of the foolish Goyim in the worship of arrogant ugliness in "modern" (Jewish) painting; Gertrude Stein, a Jewess, has brought the nobility of Goethe, Byron and Shakespere to the incredible imbecility of a poetic padded cell; "modern" (Jewish) music, -written, conducted and performed almost 100% by Jews in Jewish owned halls, is a distressing, frustrating wandering around of uninspired noise, confusion and pretentious searching around for a theme or inspiration which is not to be found to the bitter, screeching end. Pornographic "literature", again written and published almost 100% by Jews and more Jews, -and most of it viciously slandering our unhappy Southland, the last stronghold of the White Man and thus the

object of concentrated Jewish venom, -pours in a stinking torrent into the life-stream of our brainwashed, lost people.

Everywhere, all the time, twenty-four hours a day, the White Man and his young are deluged with a vile flood of viciously subversive "art", "entertainment" and "education" which is cunningly calculated to bring down his noble idealism, good taste and honor to the level of the ravening, lusting beast, and to idolize Jewish "heroes" (as witness the three Jews fobbed off on us as "vikings" in the recent movie)! Even our comedy has been degraded from the hearty, open humor of robust Americans like Bill Nye, Josh Billings and Mark Twain to the nasty, snied night-club insults and lewd slurs of Jews like Jerry "Lewis" and Milton Berle.

Almost nothing reaches our miserable, distracted people which is not scientifically calculated to degrade, demoralize, shame or pacify them into docile and unconscious acceptance of arrogant Jewish mastery.

Any man who attempts to resist this rape of his people, -or who even mentions it, -is set upon by a mob of his own people, ruthlessly trained by the Jew to do his bidding. The desire to survive and preserve one's traditions is called "hate", -and the mob has been trained like one of Pavlov's dogs to "sic-em!" on the key-word, "HATE-MONGER".

Is there anything more tragic in all history than this mad, howling pack of White Men, frothing and baring their fangs in pell-mell pursuit of their own real leaders, against the only men who could save them from their tormentors?

And, at the end of the chase, when the hounded White leader is panting with exhaustion and deserted by his own comrades who fear to share his fate, the vengeful Jews close in with their "coup-de-disgrace", -Mental "Health". They have learned from history that martyr-burning sometimes back-fires on the perpetrators, so the Jews have hit upon the devilish scheme of packing off anyone who discovers and tries to oppose them to the booby-hatch as an unfortunate, crazy "paranoic", in isolation, -of course.

With this scheme in effect, there would have been no American Revolution, -or any other reform movement. The public cannot be impressed with or follow a man obviously being treated for insanity. Imagine Patrick Henry after his world-changing speech being dragged off to be drugged and "restrained" on the Freudian couch of some yellow-skinned little Jew psychiatrist!!

What, dear friends, will it TAKE to get us to resist? -not talk, but RESIST?

How long are we going to grind our teeth

in impotent silence while we get weaker and weaker and weaker? How long will the rich men of America, most of whom know all this, continue to hoard their money for fear some charlatan might get some of it, whilst every man who rises to fight the Jew effectively, -and thus dangerously, -is left to starve with his family under Jewish economic persecution, or go to prison in the usual Jewish "frame" with a feeble, penniless defense?

How long are we going to be kept APART, divided into silly "teams", classes, economic groups, religious groups, secret orders, etc? How long will we snarl at each other in our separate little butcher-pens, while all of us are ground down and down and down? How long will those who KNOW continue to piddle and whisper away their force, as "Conservatives" while the aggressively RADICAL enemy gobbles us all up?

In the name of sanity, how LONG, dear God, HOW LONG!!

It is frightfully, tragically LATE. Only a radical, major upheaval in our lives can stop this deadly, hypnotized DRIFT toward the precipice. This is no time for petitions and tricky political schemes in the filthy, rigged game in Washington. This is a time for AGITATION, SPEECH-MAKING, LEGAL ACTION, STREET ACTION, - - - - FIGHTING!!

Only a genuine mass movement, inflamed with an inspiring revolutionary, -or counter-revolutionary IDEA, and advanced in the old-fashioned, rip-roaring manner, can give us a chance to win back our world. It is not a tongue clicking society of elegant "patriots", meekly begging, "Back to the Constitution" which can galvanize into action the millions of ordinary people now hypnotized by and serving the Jews, but bold and daring men who can capture the imagination and hearts of the people with their IDEAS, -positive, modern ideas, their power, their leadership and their FORCE. A world is not won by tricks and short cuts. A mass-movement is not born of feeble, timid men with a whimpering plea to get "back" to better days gone by. It must BURST forth with startling, MIGHTY ideas, daringly advanced and brutally fought-for.

Only the SHOCK and power of the complete OPPOSITE to the Jews and the evil for which they stand, can revive and rekindle the sunken spirits of our Nation and our Race. Only the masculine and driving FORCE of Nazi-ism, -the blazing idealism and scientific philosophy of ADOLF HITLER can rouse a defeated mass of White Men from their "conservative", rear-guard action as they are hounded into slavery and extinction by militant, aggressive Jew-ism.

Does that shock and horrify you?

You may consciously THINK that it does, -but your eternal White Man's soul knows that Adolf Hitler was fighting YOUR fight, and you sense instinctively that he who deserts his own to follow the enemy's camp, searching for crumbs, is marked for extinction.

Millions of Americans will have nothing more to do with any more "Conservativism", -as is proved by the rejection of the "Middle-of-the-Roaders". They sense something deeply wrong, and instinctively seek something equally deep and strong to counteract it. In their blind search, they fall into the Jewish trap of "left-wingism", --militant liberalism, as the only strong and dynamic remedy to the drift and chaos in their lives. ANYTHING manly and apparently vigorous is preferred by the still-healthy instincts of our people to the pale, empty insipidness of "Conservativism". And so the Jews enlist our people by the millions behind their Pied Piper march to the grave, with the pitiful Goy legions singing lustily of "progress" and "brotherhood" as they trudge along into oblivion.

We have distributed thousands of test leaflets door to door, half of them without any reference to Hitler, but exposing the Jewish conspiracy, and the other half openly declaring our allegiance to the man who first held off the Jew long enough to give us time to organize

our own defense. The response to both leaflets has been excellent, -BUT THE RESPONSE TO THE HITLER VERSION HAS BEEN ABSOLUTELY ASTONISHING!! Lawyers, doctors, workmen, -people from all walks of life who have never before identified themselves with anything "right-wing", have called anonymously to say variations of "Stay with it, boys!" or "God bless you!". Believe it or not, dozens of Unitarians have done the same, with three actually appearing at headquarters in person! -and it should be unnecessary to explain to the veterans of this battle that Unitarians are the prize example on this earth of a herd of Goy-im sheep being herded to the shearing sheds by the Jewish dogs at their heels.

We are READY with a combination of intelligence and FORCE, legally applied, which always wins battles. We hope this folder and the party Program will demonstrate our own capabilities, and our boys are not only loyal and dedicated, but are the embodiment of the naked FORCE of the White Man which is so bitterly lacking today in most of us.

We need ONLY money to launch the kind of blazing ATTACK which alone has a chance of winning back our heritage as proud, strong WHITE MEN, -of winning a DECENT world for our wives and children and their posterity.

THE JEWS COUNT ON THAT MONEY NEVER ARRIVING.

They have so exhausted all rich men in the constant parade of rising and collapsing "right-wing" "schemes", all either tolerated as an aid to Jewish fund-raising, or actually set up by despicable Jew-stooges, Judas goats, to discourage us and drain our energy, that they feel sure no sincere men can now hope to find the substantial funds needed to launch the real thing, -a FIGHT.

It costs the Jews many, many millions of dollars to keep our people enslaved to lies and such false goals as the mongrelization of "Brother-hood". With only thousands, -and the TRUTHS OF NATURE, we can drive these ghoulish destroyers out like the night-mare shades they are, and waken the world to the fresh morning sunshine once again.

Now, fellow White Man, will you allow the Jews to keep us divided and cowering in separate compartments, like sheep waiting for the mallet in the slaughter-house? Or will you tear the chains from your throats like your noble ancestors, grasp the hands of those who will FIGHT, and march TOGETHER on the bloody butchers?

Are you yet MEN, with the will and vigor to defend yourselves, -or are you greedy hyenas, willing to suffer any indignity if only you may remain undisturbed at the trough a little longer?

We are betting that most of our wealthy Americans are still MEN, and that they are only understandably exhausted and disgusted with the eternal parade of sly and transitory schemes for "saving America" by cute little tricks and short cuts which they realize, as successful businessmen, are bound to collapse as they always do, dragging along thousands of dollars they have unselfishly contributed to HALF-MEASURES, -to SCHEMES.

Ours is no "scheme".

Hitlerism is no "get-free-quick" easy way out of the darkness. It is a scientific application of the eternal principles by which human beings are organized into EFFECTIVE movements and counter-movements. It has already proved its power to lead millions of other White Men, just like us, -(whether you believe the cherished Jewish lies that "the Germans are different") or not. It has already brushed aside the same mess of pewling little half-measures (Conservatism) which kept Germany a Jewish prisoner for so long, and inspired a relatively tiny nation with the unity and power to hold off and almost defeat the entire world.

"But it FAILED" you protest.

So did Christianity and every OTHER mighty movement which has changed the world! For many years after Christ was crucified by

the Jews, He was a "failure". His followers were driven out like lepers, His very name more hated than that of the latest Jewish victim, Adolf Hitler.

It took MEN to be Christians in the early days when the movement was a "failure" with ALL its leaders crucified or eaten by lions.

It is no different today. It takes MEN to be Hitlerites in the face of the same old Jewish terror and persecution, -Any pansy can be a pink (and most of them are), -it takes a MAN to be a NAZI!

Do we HAVE the men to grasp the hand of Destiny, today?

YES!!

There are hundreds of us all over America! In cities and villages all over this land, MEN wait only for a WAY, -for the MEANS to FIGHT!

The only thing now between America and the hard-core FIGHT we must have, -is ammunition, -the Jewish power of GOLD.

Will YOU sit quaking and muttering forever before the arrogant advance of the Jews? You are not asked, even now, to rise with us, only to give us the legal ammunition we need, --MONEY!

If the fighters in the White Man's Army are unable to get together with their quartermaster corps and draw some AMMUNITION, we are all headed for the garbage heap of history, and will deserve it. If hundreds of men are willing to risk their lives and freedom and that of their families to win back our Nation and Race from the Jew in the dangerous kind of fight which can WIN, but we cannot find the few men who will part with enough of their gold to supply the ammunition so desperately needed, we are washed up! Bring on the ravening Jewish pack, for they will soon close in for the final feast on our National corpse.

This will be no tearful prayer for pennies, whimpered with moving entreaties involving our sainted, grey-haired old mother, or our weeping wife and shiverring children, but a bold demand for AMMUNITION by men on the FIRING LINE.

We are not "educating" or trying to "wake up" our fellow citizens. In their hearts they are ALREADY awake, millions of them. It is time to stop blubbering about "waking up" and start STANDING UP!

Will YOU ?
