

WHO'S A "HATE-MONGER" ?

Dear Neighbor:

Any man who would consciously promote HATE and dissension in the tragic areas of our National life already soaked with blood and tears, deserves your contempt and disgust. With this, my associates and I thoroughly agree,

But we also believe, with all our hearts, that the continued bottling up of FACTS, and the persecution of those who try to get open, American-style discussion of those facts, as "hate-mongers", is equally despicable, and will inevitably lead to an explosion of violence worse than we already have.

We beg our fellow Americans to grant us the few minutes necessary to read and consider this little folder. We are sincere people. If we are WRONG, show us our error, -don't call us nasty names, -and we'll join YOU. If we are RIGHT, you should join us. In any case, we appreciate your courtesy in giving us a hearing for our most heart-felt beliefs.

WHO'S A "HATE-MONGER" ?

"NO GOOD AMERICAN IS AGAINST ANY MAN BECAUSE OF HIS RACE, COLOR OR CREED" is a catch-phrase we hear over and over and over again today, as the very corner-stone of what we are assured is "Americanism".

Did you ever stop to THINK about that?

Only an idiot or a villain would HATE a man because of his race, which he can't change, or his color, which is also beyond his ability to change or control.

But how about "CREED" ?

A man CAN control and change his CREED, and, as a matter of fact, you ARE against some men because of their CREED.

In fact, you, acting through your government, just two years ago threw a whole colony of people in jail, for practicing their creed, which happened to be polygamy. In India, there is a sect called Thugees, whose creed involves strangling as many of us as possible, and there can be no question but that we are against this creed, or anything like it.

In other words, when we reflect a moment, it is obvious that we don't KNOW whether to be for or against a man on the basis of CREED, until we know what his creed IS. If his creed involves harm to us, our institutions or ideals, it is our DUTY to be against him, and even to fight and kill him, -as we have done, for instance, to the Germans and Japs a few years ago.

Surely, no intelligent person will object to that reasoning. There are thousands of creeds, some good, some bad, and some dangerous; and we must judge each creed on the basis of its effect on us and whatever we hold dear.

But how did this idea of "creed" -which is under individual control and can be "good" and "bad"-get slipped in with the other honest qualities for which no man is responsible?

If you will honestly THINK about this bit of verbal ledger-demain, you will be on the way to understanding us "hate-mongers" and "sick-minds".

That "creed" part did not get into the highly touted phrase by accident, any more than any of the advertising phrases which bombard us from our televisions are "accidents". Genius and research, and careful deliberation precede every word turned loose on the gullible American public, as I know from my own experience in the advertising jungles of New York.

The "creed" item is in there for the same reason we are called "Anti-Semitic"; --to breed confusion among us.

"Semitic" is a very unscientific word, and refers mostly to a heterogeneous language group in the Middle East; certainly not to any religious group, as the Jews would like to have us believe they are. If it refers to any identifiable group at all, it is the Arabs, who hate the Jews, thus making the Semites the world's champion "Anti-Semites"!!

Confusing? -Yes. Purposely. Just like "creed".

But these relatively minor confusions are nothing compared to the bedlam we find in world affairs, -a bedlam with the same crazy, but deadly CONSISTANT pattern.

We find that we have never had more desire for PEACE in a time of more horrible wars, -all fought to make the world safe and peaceful.

We discover that the "Democracies" went to war against Germany and joined Russia, when BOTH Russia and Germany marched into Poland, although Germany never aimed at world conquest, (as admitted by U. S. State Department Studies 1864, page 56), while Russia has always, and still does, openly aim at bloody world revolution and conquest.

We find that Russia and the U. S. cooperate to set up the United Nations, with Alger Hiss the first Secretary General and organizer, and the charter largely written by Dalton Trumbo and another Jew imprisoned for contempt of Congress.

We learn that Russia and the U. S. again cooperate to set up Israel, in SPITE of the honest protests of all the small states who realized what a crime was committed against the Arabs in the process of driving a million Arabs into the deserts from the homes they occupied for over two thousand years. We see our U. S. President displaying his utter degradation at the feet of a "minority group" by "recognizing" Israel in three MINUTES, (the same length of time the Atlanta police allowed our peaceful pickets on the street with their signs about the Middle East before arresting them unconstitutionally and giving them thirty days on the rock pile.)

We watch this same president exposed as having promoted a Jewish Communist spy, Harry Dexter White (Weiss), after he had the complete report from the FBI, then lying that the FBI had recommended the promotion, and again being exposed as a liar by the head of the FBI, J. Edgar Hoover.

We learn that Russian Jews control ALL our television networks, --our movies, most of our giant newspapers, -our theater, our concert stage, and the monster department stores in cities all over the country which support ALL newspapers with their huge advertising budgets.

We discover with increasing concern that Jewish papers and leaders boast that it was largely through Jewish efforts that the Supreme Court was induced to render its integration decision, and that it is the American Jewish Committee and the Anti-Defamation League of B'nai Brith which push so everlastingly hard for race-mixing in our stricken U. S. South.

We try to discover the basic difference between the only two political parties from whom we may chose our leaders, and discover that there IS no difference. BOTH are for all the things dear to the Jews; BOTH are against all the things opposed by the Jews. Millions of Americans are disenfranchised, and have no way to express their dissatisfaction, because the press, too, advocates the same "liberal"(Jewish) programs.

We see Jewish "anthropologists" like Gene Weltfish, most of them with long red records, tirelessly pushing the soviet idea that environment is everything, and heredity means nothing, with special emphasis on the ridiculous idea that the only racial differences are color. We watch these Jewish "scientists" fanatically pushing total race-mixing, while all the JEWISH leaders are iron-clad in their preaching of racism for Jews, as in Israel

Finally, when we go to the JEWISH books and papers, we discover that, among themselves, the Jews make no bones about their program of hatred and suppression of US. They advise Jews, for instance, to work to get rid of our ancient and precious Christmas traditions in our public life, and counsel their "Brotherhood" workers to get in their efforts in JULY, not at

Christmas time, so that we won't notice their activity. Imagine what any normal person would think of a Christian who went to Israel, was welcomed, and then began a careful, planned activity in SECRET to eliminate Yom Kippur from Israeli life!

In short, when we examine the ACTIVITIES of most Jews, we discover that their CREED appears to be hate and suppression of US, and manipulations to gain our power, our money, and our very inheritance of Nordic blood!

If the facts prove this is true, --no matter what the Jews or their apologists SAY, --we are not only justified in being anti-Jewish; --but it is our sacred duty, if we are to survive.

But it is impossible to get a hearing for the facts, or any kind of discussion. Always and eternally, he who rises to question the Jew is answered only by jeers and intimidation.

WHY? In the name of sanity WHY? WHY!

If the Jews are indeed our valued fellow citizens who are not engaged in any conspiracy against us; with millions of Americans becoming anti-Jewish, and the crackpots turning violent, --why can't we have at least ONE TV panel discussion on the subject, wherein some expert of the Anti Defamation League or other Jewish apologist will debate with me, or another of us, and clearly show our error the AMERICAN way, in the OPEN?

So far, no human being has ever accepted the offer I have made over and over again; if I am wrong, I am dangerous. But I am a REASONABLE man. SHOW me that either 1, my facts are wrong, or, 2, that I am drawing false conclusions from them.

If any man will meet me in public debate under honest conditions, and demonstrate my error to the satisfaction of any honest audience, I will renounce anti-Jewish activities, and bend every effort to stop my fellows and the growing anti-Jewish wave.

There is the challenge. It is EASY to stop me, if I am in error. Just PROVE it openly, before our fellow citizens, and I am on YOUR side with every ounce of my being.

But I have scant hope any man will meet that challenge.

Men whom I love and respect have refused even to discuss the subject, although I have almost begged for enlightenment.

I can only conclude, from the total refusal of ANYBODY to discuss, or allow a discussion of, the issues which I believe are central to our very survival, --that most people know in their hearts that I speak the TRUTH, and DARE not face it, because then their consciences, as mine, would drive them to the lonely battle I am now fighting.

I pray to whatever power there may be in this Universe, that SOMEBODY will soon either disabuse me of my "illusions" -- or stand up with me to fight the vilest monster ever to attack our civilization, and drive it, at last, back into the darkness whence it crawled.

We know that thousands of you who receive this are already unhappily aware of the tragic Jewish Problem, and will want to help us solve it constructively and positively before it is too late for education and legal action to be effective.

Our Own 'Creed'

We are not among those who, discovering the perfidy of the Jews, damn them all as cowards, fools and villains.

We recognize that the Jews have a peculiar genius in recognizing and understanding social facts which do not seem to register with the rest of us until much later.

A hundred years ago, Jewish intellectuals realized the TOTAL effect which the change from a farm basis to an industrial basis would have on society. They saw clearly what our people only vaguely guessed; that science and industry had at last brought man over the "hump" of civilization; that we were no longer helpless under the laws of natural selection, of biology and nature, but that we were approaching the point where we could REVERSE the laws of the survival of the fittest; that the superior individual and race would no longer be able to command the weaker, if the weaker were organized so that their MASS, backed by the power of SCIENCE, would OVERWHELM the always tiny number of the superior.

Until about 1800, the naked struggle to survive against the physical odds of nature required the mass of inferior individuals to seek and accept the leadership of the superior individuals in order to "hold their own" against the cruelties of nature and the savages all around them. "Aristocrats" were tolerated, sometimes hated, but recognized as necessary "officers" in the fight.

But then, with gunpowder, machinery, steam, electricity, and all the rest of the recent scientific miracles, the advantage of the old-fashioned "superior individual" -or superior race -were cancelled out. Any half-ape, armed with a sub-machine gun could, by wiggling a finger, extinguish the brain of an Edison.

Worse, organized POLITICALLY, by VOTES, the hordes of sub-normal and incompetent human beings, always numerically overwhelming, could simply swamp the tiny cadre of superior individual LEADERS who had previously led the halting but steady upward progress of human society.

The Jews perceived this, and instantly recognized the one weapon with which to accomplish their age-old dream of peaceful, secret, subversive conquest of the world.

By winning and organizing the MASSES with an impossible program of idealistic promises of Utopia, and by actually incorporating genuine and needed social reforms in their program, they could "beat us to the draw"; they could seize the leadership they had so long coveted and had never been able to win except through figure-heads. They raised demagoguery to an exact science with MARXISM.

At the same time, they took measures to see that OUR people were stupidly and unthinkingly tied to an OPPOSITE, reactionary, artificial and oppressive program, CAPITALISM.

Free enterprise, business and PRODUCTION are OUR genius; they are the methods whereby we have BUILT Western Civilization. They involve WORK, honest work, and honest profits in exchange for GOODS and SERVICES delivered.

But THAT is not CAPITALISM.

Capitalism is a brilliant bit of Jewish euphemy for the USURY which has been condemned and denounced by EVERY one of OUR kind of people, from Martin Luther and the Popes, to the great men who wrote the Magna Charter. Capitalism is the old fashioned HOCK-SHOP business, raised to the dignity of striped pants and a plug hat. You do not PRODUCE anything, just make your MONEY available in return for security, and you GET money. There are all kind of rationalizations, of course, that you are "providing tools", etc, but the same rationalizations can be used to build up Israel Feinbaum's Friendly Loan Business.

It is significant that a man who WORKS in the U. S. to earn large salary by PRODUCING is taxed up to NINETY percent,-

while a man who produces nothing at all, -but gambles shrewdly in the "stock-market" -with the assets of other people's work, -is taxed a maximum of only TWENTY-FIVE percent!

The only way a man can GET on this planet, without being a parasite and thus destructive, is to PRODUCE. FREE ENTERPRISE IS PRODUCTIVE! Capitalism is destructive!

The Jews happily detached great gangs of their boys to engage in the destructive operations of Capitalism, by which men like Bernard Baruch have carved enormous fortunes out of the misfortunes of others. And at the same time, they have accelerated the evils of the system by vile exploitation of their miserable "workers", while their Jewish brothers, leading the "labor" movement, have made a nasty swindle and extortion racket out of the union movement which could be such a boon.

By making "labor" communist where possible, and super-liberal where open communism was impossible, by advocating the ONLY kind of RADICAL program which appeared to solve the mounting problems and confusion caused by their own agitation; by recognizing the inadequacy of traditional religions; by POISONING ALL SOCIALISM with the Marxist madness -of the abolition of private property and the worse insanity of absolute biological equality; by "selling" us Capitalism as "our" way of life, -although it is actually Jewish usury dressed up, by the conquest of all mediums of public information, through business control and advertising expenditures, and by a carousing demagoguery such as the world has never seen, the Jews have gained ABSOLUTE MONOPOLY of SOCIAL REFORM, and thus, absolute monopoly of the hearts of the people.

ONLY ONE MAN IN HISTORY RECOGNIZED AND UNDERSTOOD THIS, ----ADOLF HITLER.

NATIONAL Socialism, his philosophy --and ours, has nothing to do with extermination and HATE. Like any great movement, it had mighty enemies, and employed mighty weapons to prevail over its enemies, -as have we with our atom bombs.

National Socialism, FREE ENTERPRISE National Socialism, is a POSITIVE, PROGRESSIVE, SCIENTIFIC approach to the monstrous chaos produced in our society by horse-and-buggy institutions trying to serve in an electronic-space age.

National Socialism opposes Jews, not just because they are Jews, but because they are, consciously or not, INCREASING our social chaos and strife, with what we believe is the purpose of quietly seizing world control while our people are prostrate in the most monumental and tragic confusion in history.

National Socialism is the ONLY thing on this planet with the PROVED ability to oppose and master the plague of Jewish-Marxism, which is sweeping the earth with its blight.

National Socialism is the OPPOSITE of Marxism, and is FOR private property, FOR free enterprise, FOR individual opportunity, FOR all people, regardless of race, so long as they do not violate the laws of nature and biology.

The name of every really GREAT man has been HATED in his own times, almost without exception, and his disciples persecuted; until the perspective of years taught the mob to revere the vision their forefathers hung, burned or crucified.

It will be so with Adolf Hitler, whose name now SHOCKS you, because you have been so viciously lied to about him.

But, as it was with the early Christians, good men all over this earth bear in their hearts the mighty truths enshrined for us by Adolf Hitler; and no suppressions, no persecutions, no discouragements, no hate and no ignorant condemnations can drive out our beautiful IDEALS, -the gospel of science applied to nature for the benefit of humanity, -the gospel which will one day rise inexorably like a tidal wave, and sweep the nightmare of Marxism off the face of the earth forever.
