Jews Call for 'Brave New World'

EDITORIAL

'HOLOCAUST' OR HITLER?

During April there are two significant dates. One is the Jewish "Holocaust" extravaganza during the latter part of the month. The other is the anniversary of our *Führer's* birth on the 20th.

Two different dates. Two different worlds. "Holocaust" and Hitler.

Represented here are polar opposites, a dichotomy which defines the overriding issue of modern time. For involved are two totally different perceptions, two opposed outlooks, two irreconcilable sets of values—one Jewish and one Aryan.

The destiny of the former is the Old Order. The destiny of the other is a *New Order*.

On November 9, 1989, a remarkable event took place. Right there in full view of the Bunker site where our *Führer* fulfilled his earthly mission and gave his life, the Berlin Wall collapsed, and *the Old Order entered upon its final, downward phase!*

Today that order stands completely bankrupt.

Global Rule Now Sought As Culmination of Age-old Messianic Ambition

Declaring that "the world can never be the same as it was before," a prominent Jewish religious leader recently announced that mankind must "participate with YHWH in the perfection of our universe."

Writing in a local Jewish publication, Rabbi Mel Hecht of Las Vegas' Temple Beth Am said he saw events of the post-Cold War era as "the birth pangs of a Brave New World," with "humankind finally coming of age" and accepting the universal Jewish vision.

"The Promised Land of peace and freedom is within view," he exulted. "Through all the problems we're experiencing, we have moved closer to fulfilling the dream of a Global Village too small, interdependent and fragile to allow any of its disparate parts to threaten the survival of the whole."

Hecht's use of the term "Brave New World" is quite remarkable. Not since the Jews announced plans for two world wars earlier in this century has there been such a candid declaration of their intentions.

The expression itself was chosen by Aldous Huxley as the title for his terrifying parable of the future. In it, citizens

THE MOVEMENT

75th Anniversary of Lincoln Rockwell Birth Observed in Bloomington

On the occasion of the 75th anniversary of the birth of Lincoln Rockwell, comrades from several Midwestern states joined NEW ORDER Commander Matt Koehl in a special commemorative vigil in Bloomington, Illinois.

This year's public witness took place at the hospital site where the great National Socialist pioneer was born on March 9, 1918. Centerpiece of the vigil was a professional-looking, multicolored 16-foot banner prepared by Michigan comrades reading: "*Special Tribute to LINCOLN ROCKWELL—America's Pioneer National Socialist.*"

In his remarks at a private gathering afterwards, Commander Koehl paid tribute to the very special and unique role of Lincoln Rockwell, whom he described as "the reviver, resurrector and recreator" of the Movement of Adolf Hitler, as well as "a pivotal figure of the modern racial cause." "Without his heroic act in raising the banner," he continued, "we would today be talking about National Socialism in the past tense, rather than as the bright, shining hope of Aryan mankind."

The Commander stressed the significance of Lincoln Rockwell's pioneering role in embracing the Swastika, as well as in his recognition of the genius of Adolf Hitler and the pan-Aryan character of his National Socialist idea as the basis for a new, revolutionary faith.

The day's events concluded with dinner for all participants and the showing of an NS video documentary.

A number of comrades stayed over for a saturation literature distribution at a local university the following day.

Life Purpose Stressed at Advent Celebration

At their celebration in honor of the Leader's birth, Midwest comrades were joined by Commander Koehl for festivities marking the start of the new Hitlerian year 104. Held on or around the 20th of April of each year, the event is the high point of the National Socialist calendar.

In his remarks for the occasion, the Commander noted that "most people today lead unsatisfactory lives, unfulfilled lives, unrewarding lives, meaningless lives, wasted lives, lives that do not count." The reason, he said, is because they have no real purpose or direction and no fixed set of values.

"Without a higher purpose, individual life has no value—it doesn't count," he continued.

Noting that there is a right purpose and a wrong purpose, the Commander declared that "one leads to life, and the other leads to death." Whereas National Socialism leads to life for our race, Judeo-Christianity and the leveling idea of Marxism lead to its death.

The key to a fulfilled life and true immortality lies in the Hitlerian doctrine of *racial idealism*, he said. "And just as Hitler lives and is immortal, so shall we also live and join in that immortality—if we commit ourselves to that higher purpose.

A full National Socialist banner ceremony followed the Commander's address.

Jews Seek to Suppress Book by British National Socialist Writer

Reacting to the appearance of a fictional work entitled *Merrie England 2000*, the Board of Deputies of British Jews is frantically scurrying to have it suppressed under laws in Britain outlawing freedom of racial expression.

Written by British National Socialist writer and critic Colin Jordan, the book's plot focuses on a hypothetical England at the beginning of the 21st century. Publication of the work in March followed a court order calling for return of the manuscript, which was seized during a 1991 police raid on Jordan's Yorkshire estate. The raid came after complaints by a Jewish member of Parliament alleging that Jordan had violated the "Public Order Act" by sending him a cartoon depicting a Jewish Uncle Sam saying "I want you to fight for Israel"—an allusion to the Gulf War.

Declaring that his group was "appalled" by the book, a spokesman for the Board of Deputies announced that "we will be taking whatever legal action is required to curtail the further distribution of such racially abusive material." Ironically, these are the same Jews who routinely protest as "censorship" any attempt to ban truly offensive anti-Aryan filth and pornography.

Dissident Publisher Seized in Germany

Austrian publisher Walter Ochensberger was seized by German authorities in Kiel while *en route* from Lithuania to Denmark on Feb. 19. On May 5 he was extradited to Austria, where he is currently being held under degrading conditions among common criminals.

Ochensberger, who published the magazine *Sieg* (Victory), had been living in exile in Spain after an Austrian court convicted him on 15 counts of dissident thought, including denial of the existence of "Nazi gas chambers" and "spreading National Socialist ideology." He was sentenced to three years' imprisonment, and now faces additional charges for seeking asylum in Spain.

Defending Ochensberger is Dr. Werner Schaller, who is also attorney for Gen. Otto Ernst Remer. [See *NS Bulletin* 331]

Those wishing to offer Comrade Ochensberger words of encouragement and support may do so by writing to him at: *Strafvollzugsanstalt / Kirchenplatz 1 / A-4975 Zuben / AUSTRIA.*

A couple notes of caution: (a) Use discretion in all letters, and avoid use of the Swastika and any overt NS expressions, as these will result in confiscation by prison officials; and (b) be aware that Austria—like Germany—is a democratic *police state*. Should you ever travel to that country, the name that you put on any prison correspondence will probably wind up in an official file somewhere.

Cosmic Coincidence?

The eighth letter of the alphabet is *H*. The digit 8 is the numerical symbol for *infinity*. The pairing of any number implies a 2, the digit of *rebirth* and *resurrection*. There are 88 constellations in the universe. The galaxy in which we live has the configuration of a dynamic, curvilinear *Swastika* . . . *Heil Hitler!*

Merrie England 2000

by Colin Jordan

Merrie England 2000 is a fictional account of the bizarre shape of things to come, taking trends of today to make an imaginary projection. As such, it is part nightmare and part pantomime.

Step a bit into the future and . . .

- See the ruling role of the Ministry of Harmony!
- Witness the horrors of its dreaded Harmony Force as it enforces "correct" thinking and behavior!
- Visit a typical school and observe what has become of mass education!
- Watch how television is used to control the public in the "New World Order" of ultrademocracy!
- Discover what happens to beautiful, young "Honey," a blue-eyed, flaxen-haired girl, as she is prepared for her role in the Global Village at the dawning of the new century!

Merrie England 2000 is not for the timid, the politically correct, the congenitally brain-dead, or the contented supporters of a cosmopolitan consumer society. But for those nonconformists who have not lost the ability to think and who are concerned about liberal permissiveness, intrusive alien influence, unisexuality, White self-hatred, multi-racial integration and the changing ethnography of the Western world, this provocative forecast will come as a breath of fresh air.

What NEW ORDER Commander Matt Koehl had to say about *Merrie England 2000*:

"Simply smashing! You have succeeded in bringing George Orwell up to date! Though set in a hypothetical fin-de-siècle England, this book could just as well be describing Big Brother prospects for the United States and Canada, not to mention other Western nations threatened by neo-Bolshevism and Political Correctness. As such, it gives sobering food for thought to every White person concerned about racial survival. Is it any wonder, then, that the Chosen Ones have reacted in typical fashion with apoplectic fits and calls for suppression and book-burning?"

Colin Jordan: concedes many will be offended by his book

LAWYERS acting for the country's most powerful Jewish organisation are to scrutinise a book produced this month by former neo-fascist leader Colin Jordan.

The Board of Deputies of British Jews believes it may break laws outlawing the incitement of racial hatred.

The manuscript of the first draft of the fictional work *Merrie England* - 2,000 was among material seized by police from Mr Jordan's Harrogate home two years ago. At that time they were

By MARTIN SHIPTON

following up a complaint made by Labour MP Gerald Kaufman about an anti-semitic cartoon sent to his House of Commons office.

Mr Jordan was later charged with offences under the Public Order Act because of the allegedly racist nature of some of the seized documents. But the prosecution was eventually dropped because the police had used a wrongly-dated search warrant to gain entry to Mr Jordan's home.

Merrie England - 2,000 seeks to depict a multi-racial Britain at the

turn of the century. Borrowing concepts like the Thought Police from Orwell's 1984, Mr Jordan expresses his contempt for a society where people of different races are expected to live in harmony.

Yesterday Mr Jordan conceded many people would be offended by passages in the book, which contains facetious references to the Jewish Holocaust and many disparaging descriptions of "alien" races. But he said he deserved the same degree of freedom of speech as Salman Rushdie.

Mr Jordan said 5,000 copies of the 40-page book had been printed under his own "Gothic Ripples"

imprint. He had sent out 300 copies since he took delivery of them last week, and was urging people to buy copies and send them to politicians, the media and "influential people of all kind".

He added: "I think the police will be reluctant to take action against me after getting their fingers burned last time".

Last night a spokesman for the Board of Deputies said: "Obviously we are appalled that this type of trash is still being published in the 1990s, and we will be taking whatever legal action is required to curtail the further distribution of such racially abusive material."

of a politically correct, latter-day Utopia are reduced to a zombie-like, Pavlovian existence in an artificial, neo-Bolshevik world of producer/consumer slaves—an anti-natural, soulless world where happy pills substitute for morality, and conformity replaces commitment.

Echoing the rabbi's sentiments was Israel's foreign minister, Shimon Peres. Speaking before the Conference of Presidents of Major American Jewish Organizations, he revealed the true program of world Jewry by calling for establishment of a "new global agenda" to answer problems transcending national borders. Among the things alluded to were "anti-Semitism" in Eastern Europe, "neo-Nazism" in Germany, "Holocaust-denial" and "hate crimes."

Despite their significance, Peres' remarks were not reported by America's mass media.

These pronouncements by noted Jewish leaders come as no surprise. With the collapse of the Soviet Union and the consolidation of world power in Washington and Jerusalem, the stage is now being set for expansion of "the international rule of law" under Zionist auspices.

With an international agenda involving super-economic arrangements, "peace-keeping" forces and centralized political structures, a world government is being established, one whose eventual center is seen as nothing other than the Jewish capital. What is called the "New World Order" is, in fact, a final bid by the Old Order for global hegemony.

The concept itself is as old as the French Revolution and the Jacobin secret societies of the 18th century. In modern time, it makes its appearance in the occult All-Seeing Eye and the words *Novus Ordo Seclorum* on the U.S. dollar bill (i.e., those debt-bearing Federal Reserve notes substituting for legitimate currency). Among adepts, it is represented as the rebuilding of Solomon's Temple in Jerusalem.

SHARPENING THEIR KNIVES

For the Jews, however, this "New World Order" is more than a mere esoteric exercise. It is, in fact, the actual cornerstone for their planned world rule—the culmination of an age-old Messianic ambition going back to the Talmud and Old Testament times, when they first announced that "out of Zion shall go forth the law" (*Isaiah 2:3*) and that the gentiles will bow down under the yoke of Jewry. [See *Isaiah 49:23*]

According to *Time* magazine, a so-called Third Temple movement has now been organized among Orthodox Jews in Israel. Adherents are already sharpening their knives in anticipation of the temple's completion, when they will begin performing animal and other ritual sacrifices.

The key to understanding this peculiar Jewish obsession lies in the concept of *Moshiach*, or Messiah. Jews believe that the Messiah—who will establish Jewish rule over the gentiles—is about to come, and that they must prepare for his coming.

One of the leading exponents of contemporary Messianic doctrine is Hasidic Rabbi Menachem Mendel Schneerson of Brooklyn, N.Y., spiritual leader of the Chabad Lubavitch movement.

In a full-page ad in *The New York Times* entitled "Toward a New World Order," followers of the Lubavitcher *rebbe*—as this super-rabbi is called—expressed their belief that the world has already entered the era of *Pax Judaica*.

In a burst of fervor, these acolytes have set up what they call "Moschiach-awareness" programs among Jews. Reporting on a closed gathering of learned elders from all over the world in New York recently, Rabbi Shea Harlig wrote:

"In light of [Schneerson's] recent urging to heighten Jewish awareness of Moshiach, the central role it plays in Jewish life, and to inform the public of the impending redemption as seen in recent world events, the underlying theme of the convention was how to prepare the world for Moshiach."

MONOPOLY ON WORLD'S RESOURCES

"We are living in a fateful time for both the Jewish people and the entire world," Harlig continued. "These events—forecast long ago in Biblical prophecies and in the Talmud—have aroused and reinforced the belief that we are at the end of our exile, with the Moshiach about to come."

The rabbi concluded his report by saying that "the Messianic era will bring the world to a state of peace and unity . . . *All the world's resources*—energy, science, media, music, art, etc.—will be utilized only for disseminating the truth, justice and goodness." [Ed. italics]

In an amazing joint resolution, the U.S. Senate and House of Representatives called for the designation of an "Education Day, U.S.A." to honor Schneerson and his Lubavitch movement on the occasion of the *rebbe's* 89th birthday. With the signature of former President Bush, the proclamation has taken effect as Public Law 102-14.

After the signing, scores of senators and congressmen feted the Lubavitcher *rebbe* at a special Capitol Hill ceremony and praised him for his "vision and leadership." Among the luminaries in attendance were Sens. Daniel Moynihan (D-N.Y.) and the disgraced Bob Packwood (R-Ore.), as well as Jesse Helms (R-N.C.), who wore a white yarmulke for the occasion.

For an institution which takes pride in the separation of church and state, it is quite extraordinary that it should make a law respecting an establishment of religion—in direct violation of the *First Amendment to the Constitution*. Here there would seem to be a special set of rules in matters of *synagogue* and state.

In their precedent-setting resolution, the solons stated that "Congress recognizes the ethical values and principles upon which our great Nation was founded . . . known as the Seven Noahide Laws."

WUNS Convention

Congratulations on Commander Koehl's success in reforming WUNS. Let us hope that all the idiotic splintering stops. As Adolf Hitler stated: "One movement for one goal!"
L.C., Sandusky OH

As an update on the original Cotswold Agreements, I couldn't improve on what has been written. For the coming new century, the Convention of 1992 clearly outlines our will and purpose. As the Old Order goes into deeper decline and chaos, Hitler, man and symbol, will become the recognised Hero and Martyr—a beacon.
B.K., England

The WUNS Convention is a masterstroke! Not only does it uphold the fundamental principles of our Movement as defined by Lincoln Rockwell, but it is not overloaded with a lot of extraneous detail which might preclude future development and flexibility.

By the same token, you have graciously left the door open for any who are truly sincere to affiliate with the Movement of Adolf Hitler. I have read this document over very carefully from the standpoint of such people, and can find absolutely nothing that any reasonable person could possibly object to. Hopefully, they will feel the same way and will join with us in building an even stronger Movement.
W.T., Bremerton WA

Good Reading

I recently ordered a copy of *Mein Kampf* from you. What an incredible book! Truly awesome. I know many Germans who told me that during the '30s no German household was without one. Hitler told them the truth.

This country also needs Adolf Hitler to save it. There can be no turning back. We must carry on his Movement.
J.S., Levittown PA

Just wanted to let you know how very much I enjoyed reading the book *The Lightning and the Sun*. I don't believe I've ever read anything quite like it. It's refreshing to read a more cosmic interpretation of world events, rather than just surface analysis. It was so—*amazing*—that I could literally only read about five pages at a time, without having to put it down and absorb it. The truths were so in line with my own ideas, that I felt a bit intoxicated and just couldn't handle it. Even though I may not agree with everything in the book, it certainly was stimulating and enlightening.

I especially liked the discussion of "detached violence," comparing it with the violence of our own Dark Age today. That concept really cleared up a lot for me. Also, the role of the Jews in India, and how they spread their poison even there. Also, the sabotage caused by traitors in National Socialist Germany. I hadn't really realized the extent of the problem.

It means much to me to be able to read such material. If your organization (or maybe I should say *our* organization, because I do feel a part of it) did nothing more than offer such books for sale—and it certainly does a lot more—it would be doing more to spread knowledge than three-quarters of these so-called "political" organizations. I've never seen material like yours anywhere else. I am just a "beginner" in my understanding and education, so it means a lot to have access to what must be the most banned of banned books.

Don't ever take me off your mailing list. Yours is truly a *world view* and way of life—not just "ballot box" nonsense. Whenever I want spiritual sustenance (not mere "political" stuff), I turn to you.
R.D., Sacramento CA

Yesterday I received my copy of *Ich kämpfe*. I read it all again! It brought back many beautiful memories. It is even more pertinent than then.

It should remind all National Socialists everywhere of the *Mission*.

Today, especially here in the United States, we see evil running amok, justice trampled, and diabolical attempts to force race-mixing. Yes, the *Mission must* go forward as never before. All effort must be made to fight to the end, for this is truly the time of the last battle between the forces of Light and the forces of Darkness. We must struggle with all of our will and might until either we, the forces of Light, triumph or the powers of Darkness win out. There can be no compromise!

Hopefully, you can read this letter all right. I am very old now, but in my heart there still beats the spirit of *Deutschland* and the Germanic race.
Altkämpfer, Strafford MO

Thank you for your letter and the notice of the book *Ich kämpfe*. I was particularly glad to see the latter, since it is a very good book. We should especially take notice of the list of National Socialist martyrs. By 1933, about 200 comrades had been murdered and another 40,000 wounded in the many street battles with the Reds. Till now this has been far too little observed by us.
W.K., Bielefeld, Germany

I've been reading *Icebreaker* by Suvorov, which I received through NS Publications. Without question, it answers fully why Hitler had to attack the Soviet empire in June 1941. Even though I had read Hitler's comments in his table talks, there still remained some questions, such as: Why couldn't he have waited longer? As it was, June 1941 was the only possible option at that late date.
G.H., Altoona PA

Plaudits for NS Publications

The Hitler photos arrived this past Saturday. Thanks! You guys are always so super-prompt in sending out your orders. It is much appreciated.
C.J., Los Angeles CA

I continue to be impressed by NS Publications. Orders for books and other products are filled incredibly fast. No other racialist outfit exhibits such a degree of efficient operation.
S.K., Denver CO

Just a note on this special day [April 20th] to say "thank you" for your prompt service on my last order. By odd coincidence, I had ordered Matt Koehl's pamphlet entitled "The Future Calls," which was described only as a 1972 radio broadcast. I received it on *April 16*, which upon reading the pamphlet I discovered was the date of this broadcast. So it was like a strange gift to read his words on the exact *same date* as originally delivered on the radio!
R.D., Sacramento CA

I just wanted to take time to let you know how much I've enjoyed the books that I have been able to obtain through NS Publications. They have been a rich source of renewed strength and inspiration to carry me forward to greater racial awareness and improved understanding of our struggle and the National Socialist movement as a whole.

Thanks for being there at this time of great need with words of hope and answers that can be found nowhere else.
L.S., Buffalo NY

Many thanks for sending the extra books with my order. There are many more titles on your list I would like to have. For the past 18 months or so, almost all of my book budget has been spent on titles relating to National Socialism.

About your postage-and-handling charge—you can't be serious! Since we do not use the postal system for our own packages, I wasn't sure if \$8 would be enough. Please let me know the amount of postage you would like us to send on future orders. The going rate for "controversial" book sellers (as I am sure you know) is 10%.
G.L., Mifflintown PA

[Ed: Although the NS Publications p/h charge of \$3 is perhaps a little less than that of most mail-order book dealers—and often doesn't cover the actual cost of postage—we have decided to keep it as a kind of incentive and built-in discount for larger orders.]

PLAN NOW TO AVOID THE HOLIDAY RUSH—Make a list of all those people you know who should get a good book this year! For a complete listing of hundreds of titles currently available on a wide range of subjects, write without delay to: **NS Publications / Box 27486 / Milwaukee WI 53227**

Cheers for the Bulletin

I just received the latest issue of the Bulletin. It is excellently written and, of course, hard-hitting and directly to the point. There are very few publications available that effectively identify the problems facing White America today and their causes. Many of those that do, reach the wrong conclusions or prescribe dubious remedies.

The most important lesson to be learned is that many more White Americans must rise up and embrace our Leader and allow Him to show them the way. I believe that it is inevitable that this will occur, and that our Movement will achieve total victory!
J.O., Oak Forest IL

As a recent subscriber, I found Issue #330 to be especially stirring. Being interested in and supportive of National Socialism, my reading material includes subscriptions from other organizations besides your own. Your editorial made a very good point against the social-club mentality and the wasted effort of small splinter groups. Also, *In Hoc Signo Vincet* makes a compelling argument for open operation as a National Socialist. These articles struck at the core of my conscience.
T.R., Winfield TX

Just a note to let you know how much I enjoyed receiving *NS Bulletin* [Issue #329]. As always, it is refreshing and uplifting to the spirits of the faithful. I especially enjoyed Commander Koehl's commentary on the life of Lincoln Rockwell. Keep the faith. Continue the good work. For in His name, all things are possible. *Heil Hitler!*
D.G., Conway SC

On Campus

I found your paper lying crumpled on the ground here on the Ohio State University campus. No doubt some half-human was offended by the truth and felt obliged to make sure that no one had an opportunity to agree.

I am a third-year physics major of primarily British ancestry. Like you, I am able to clearly see where all of the egalitarian (read *communist*), "politically correct" lies are leading this country. I see what is becoming of our race. Somehow we have lost our racial sense. It is actually held up as noble to spout drivel about how Blacks and Whites are really the same and to completely disavow open racial feeling.

We're being taught right from grade school how horrible it is to place ourselves at the controls of our own destiny. Even our own women have been turned against us. The horrible, oppressive White male is bad, but the loud-mouth, fool Negro is "cool." Few things gall me worse than a young, attractive White girl hauling around a Negro in the passenger seat of the car her unsuspecting parents provided her for school. The line must be drawn. We have no choice. I have made copies of your paper and have sent them to various other parts of Ohio, as well as Florida, Tennessee and California.
T.S., Columbus OH

Recently I was elected vice-president of our student government organization, and I was wondering if I could buy a couple thousand NEW ORDER business cards. I would love to give them out to all incoming freshmen, since I will be welcoming them to our campus. Along with giving them this card, I will also tell them about all the quotas and discrimination against White people. It is incredible. I have to take out student loans to go to school, while [favored minorities] can go free and even get money while they go to school. This is [expletive].

Since I do hold one of the highest student offices, I will represent my views to the best of my abilities. I feel that I now can speak for my fellow students, since they know me, elected me, and know my feelings about minorities, quotas and Affirmative Action. I have much support at school and would like to enlist more.
W.J.K., Pottsville PA

The One True Movement

The NEW ORDER is the only Movement of Adolf Hitler in North America that is true.
W.M., Arlington TX

You are the real thing, the true heirs of Hitler, and I'm glad I'm one of you.
T.F., Salt Lake City UT

In my opinion, your organization is the true keeper of the flame. I have enclosed a small donation for your work.
R.K., Holbrook NY

It would be great if all the other groups would come back into the fold and stop all this foolishness of trying to be something they really are not.
W.L., Tucson AZ

Ours is the one true Movement. Without accepting the witness of our Leader, there is no purpose to the struggle.

From a German Comrade

Thank you very much for your letter and *The Words of Adolf Hitler*, as well as the three other items. I read them all at once and must say that they are very good. Particularly *The Words of Adolf Hitler* makes an excellent impression, and I think it should serve as a small catechism of our creed.

The other items—including the one with [the *Führer's*] quotations on America—are also good and can be used for newcomers, as well as for "older" comrades, both as introduction and "confirmation." All comrades are in need of instruction time and again.

Of course, I was also very glad to learn of your celebrations on the 30th of January and the 75th anniversary of the birth of Lincoln Rockwell, and to get the report about the younger comrades. I think it is a sign of our destiny that the new comrades show so much faith and religious fervor.

We are destined to victory, even though we personally might not live to see the victory. We have to propagate the faith to the best of our abilities, and I must say again and again that especially American Whites must become champions of our great faith. With my very best greetings—
Germanicus—*Siegen/Westfalen*

Gottfried Küssel

Thank you for sending me the address of Gottfried Küssel in Austria. I truly appreciate your taking the time to respond to my question. Your letter was well-written, professional, and made a good impression (unlike some groups I've associated with in the past, who purport to represent the best of the Aryan race, yet are semi-literate, can't spell, etc.)

Enclosed for your information is a copy of the transcript from *60 Minutes*, which aired on April 26, 1992, featuring Mr. Küssel and others. Hope it's of some interest.

'Brave New World'

Continued from page 5

They noted that "the Lubavitch movement has fostered and promoted these ethical values and principles." And in a tribute to Schneerson—"this great spiritual leader, 'the rebbe'"—they called for appropriate action to "return the world to the moral and ethical values contained in the Seven Noahide Laws."

This curious religious pronouncement by Congress becomes even more interesting when Rabbi Harlig, in his report on the meeting of Jewish elders in New York, mentions the so-called Seven Noahide (Noachide) Laws as one of the major topics discussed at the conclave.

What are these laws? Simply stated, they are an arcane set of Talmudic injunctions the Jews propose to impose on the "the sons of Noah" (i.e., all non-Jews) "when the Messiah comes."

Encyclopedia Judaica defines these ordinances as "the seven laws considered by rabbinic tradition as the minimal moral duties enjoined by the Bible on all men except Jews." (Source: *The Talmud: Sanhedrin 56-60; Yah, Melakhim, 3:10, 10:12*)

The Noahide laws would specifically exempt the Chosen Ones, thus formalizing a double standard which already

Continued on page 8

'Brave New World'

exists in Western society for Jews on the one hand, and non-Jews on the other.

Among the offenses outlawed would be all non-Judaic religious practices as well as "blasphemy" against Jews and their god, YHWH (Yahweh=Jehovah). Under the new code, violators could be subject to execution by decapitation. Sufficient for conviction would be just *one* testifying witness.

One cannot help noticing the similarities with another attempt to create a "New World Order": the French Revolution of 1789, with the bloodthirst of its guillotines against an Aryan aristocracy. But just as that earlier attempt failed to realize its unholy goal, so also shall this newest effort.

There will, of course, one day be a New Order here on earth. But it will be something quite different. It will be a *true* New Order—the one announced by Adolf Hitler. Indeed, it is this order to which Aryan man is destined, not the corrupt, bogus construct of an Old Order.

And it is for this New Order—the *better world of future Aryan generations*—that we are working and striving. The foundations of this New Order are now being laid in the personal lives and actions of individual National Socialists who have already taken the decision to commit themselves to this greatest of causes. It is to this Cause that final victory belongs—not to some recycled Old Order.

'HOLOCAUST' OR HITLER?

Continued from page 1

It is incapable of solving any of the great problems of modern society—political, social, economic, ecological or racial. Morally and spiritually it is an utter failure.

The only moral principle it can offer is "The Holocaust" and an invitation to take a guilt trip and grovel eternally before those who have chosen themselves for world rule. In other words, it has nothing better to offer than a monstrous lie and an obscene swindle.

The Jews are now trying to foist this lie off as the central event of human history. With their control of the mass media, the churches and the educational curricula, they have sought to make it the focus of contemporary myth, ideology and all political correctness.

The purpose, of course, is to exert moral blackmail by instilling in the *goy** a sense of perpetual guilt and shame. Without such moral extortion, these parasites would never be able to procure their victim's *carte blanche* support for the State of Israel and the Jewish agenda. And without such support, they could never realize their age-old, megalomaniac dream of global domination.

As National Socialists, we reject such a perverse, Judeocentric outlook. We reject its moral swindle. We reject its pathological designs to dominate and enslave the non-Jewish world.

For us the central event of history is not the so-called "Holocaust", but the advent of Adolf Hitler.

* Common Jewish term of contempt for every non-Jew, equating the latter to a beast of the field (pl. *goyim*)

For it was he who had a better idea and who challenged us. His challenge calls for Aryans to become aware and to liberate themselves. It calls for them to stop wallowing in an alien sty of guilt and shame. It calls for them to become morally and spiritually renewed. It calls for them to pursue their high destiny.

And so the issue today is between an alien myth called "The Holocaust" and the *reality* of Adolf Hitler. This issue has been determined, not by us, but by the adversary—that is to say, by those who wield dominant power and influence in the modern world.

Make no mistake: *On this issue no one will be allowed to remain neutral.* No one will be let off the hook. Whether one likes it or not, everyone will be compelled to stand up and be counted. In Jewish eyes, either you recognize their "Holocaust," or you are an "anti-Semite" and a "Nazi." In other words, either you are against Hitler, or you are *for* him.

And indeed, you *should* be for him! For his name means an end to such vile, outrageous parasitism. His name means an end to alien lies and corruption. His name means liberation, hope and sanity. It means a bright new day, a better future for this planet.

For Hitler or against him? How will you be counted? Are you going to grovel and bow down before the yoke of Zion and continue to worship Jews? Or are you going to stand tall and pursue your true destiny as an Aryan?

The hour of decision is here—*now, today.* "HOLOCAUST" OR HITLER—which is it going to be? *That* is the question. — Matt Koehl
