# TOTTINT TOTTIN RIACK CENTER

The UAP has of late been accused of changing our tune concerning a black cultural center. Nothing could be further from the truth. We have always been in favor of an off-campus black center, paid for, used by, and totally run by blacks.

There are several excellent reasons for allowing the blacks to sarch for their culture off campus. First, this would give all blacks on campus a place of their own, off-campus, in which they could congregate. This would improve traffic and circulation in areas of Memorial Hall and Creswell Lobby where they frequently get underfoot and cause congestion. Secondly, a separate off campus center for blacks would encourage them to pursue their culture, art, music without disturbing other University. allers of my against finnes of the first the times Finally, it would relieve the shortage of University facilities because black organizations and programs (plack Awareness Week, Solidarity Day, etc.) could be held there instead of on campus. FOR MAJORITY STUDENT VICTORV

The new Student Government campaign is now upon us. Before long the entire campus will be covered with vile posters and glad-handing would-be politicos. This time, however, the majority student faces a clear-cut choice such as has seldom been seen. Among the major contenders a division of representation is obvious to all. COALTTON is running an admitted homosexual, past president (or chairthing?) of the Committee on Gay Ed. for President. A militant klack fills the slot of Executive Vice President.

while a Senatorial failure runs for Administrative Veep. Coalition has the distinction (brought on by the Gays?) of running an all-male cast. Their constituency is clearly represented in their ticket. They never have, and never will make any effort to represent the Majority Student. Enough said.

FOCTS 15 the party for ONWARD folks who escaped the collapse of their mighty institution. The name has been changed to protect the guilty. All of Executive candidates of Focus voted not to hold a referendum on DIXIE. They are extremely versatile in traveling under different disguises in order to be all things to all people. If anyone falls (over) THE SUN NEVER SETS ON INSTANT PARTY!

# SA REFORM A BOLISH SENATE

What has the Student Senate done for you lately?

It claims to be a representative body, but it never stops to think about what the students want, being much too busy with its own fun and. The first for the first former and

This is the same Student Senate that voted four times not to allow a referendum on Dryfr.

The UAP wants to change all this. One of our prime platform planks is to aboligh the situation comedy that calls itself the Student Senate. After all, what power does the Senate have? It can allocate money (subject, of course, to Administration veto as in 1972.) In this way, the Senate acts as a clearing house for political/organizational bribery. The blacks, for example, got \$22,000 in the last two years. Under the Coalition administration two years ago, their people junketed around the nation and the world.

Terry Wellunt, onetime Coalition cabinet appointee and a former mastermind behind Onward-Focus, has spoken out about this scandal.

Who cares what the students want? A senator has to look out for himself and his party, whatever name it might beluging at the moment.

Under the UAP reform, the Treasurer will be elected by the students, not by a cabal of senators, and he will be responsible to the wing the til Cal from II has the

Coalition stalwart Sid Anderson was very proud of the fact that the Senate was in charge of revising the Student Handbook. This in spite of the fact that recent history shows the Administration also has the power to veto all changes. Even so, Coalition and Onward/Focus have propagated the myth that this is a Senate "power." You may not have noticed, but last week the Administration took away that "power" without consulting the Senate, and gave it to the University Car Con The Con the alle of

Further, according to Wehunt, the DIXIE referendum, which passed by a 75% margin in the largest turnout ever for a referendum, was stuffed also. Interestingly enough, he says: "There was no real reason for the people who were for DIXIE to stuff." Ergo, the DIXIE issue, in a fair referendum, might have passed by as much as 80-The first the first with the first t

Thus, the Senate 1s only good for stuffing a resume.

for the Focus line this time, after the old shell game has been pulled for the fourth consecutive year, we might interest him in some Brocklyn Bridge stock... cheap.

What does this mean to the Majority Student? He has only one intelligent choice. Thought the TAP won no offices last year, we have kept the faith with those who voted for us, and have continued to esponse the Majority viewpoint and fight for the Majority interest. This year the elections will be different. A shift of only 106 votes out of 4600 cast last year would have put a TAP candidate in has here the and the has been after the We urge you to read our platform and compare it with those of the other two parties. The Majority Student will quickly see that only the UAP represents the Majority. We are proud of our position as the one and only organization standing up for the culture bearing Furopean elements who have been ignered and icreaters.

#### BIACK CENTER

Since the blacks have been loud in their demands for a house, but as yet have not shown sufficient incentive to raise the funds, a mandatory allocation of a portion of their fees would rent or build their center at no cost to the rest of us. Appropriate locations now available include Killians's Four Seasons and the El Dorado Tavern, both establishments being presently defunct.

UP DAT HOUSE, MANI REMERR If the Red and Black endorses the UAP, you'll know the ve sold you out.
