White Man unite, unite to save your nation

America, for which we fought and toiled
Our racial enemies swarm 'round us in elation
The snake of Zion has us in its coils.

The White Man has the right to his own Nation
On this his land, his Banner stands unfurled
He will not give it up to Jewish speculation
He will not see it into darkness hurled.

The Day's at hand, the Day of Liberation
For the White Man, the Leader of the World
To cut the golden chains of alien domination
The Swastika becomes our mighty sword.

Our Race commands we join this great formation
No man can face his enemies alone
When White tribes forge themselves into a single Nation
We'll have the might to protect our dear homes.

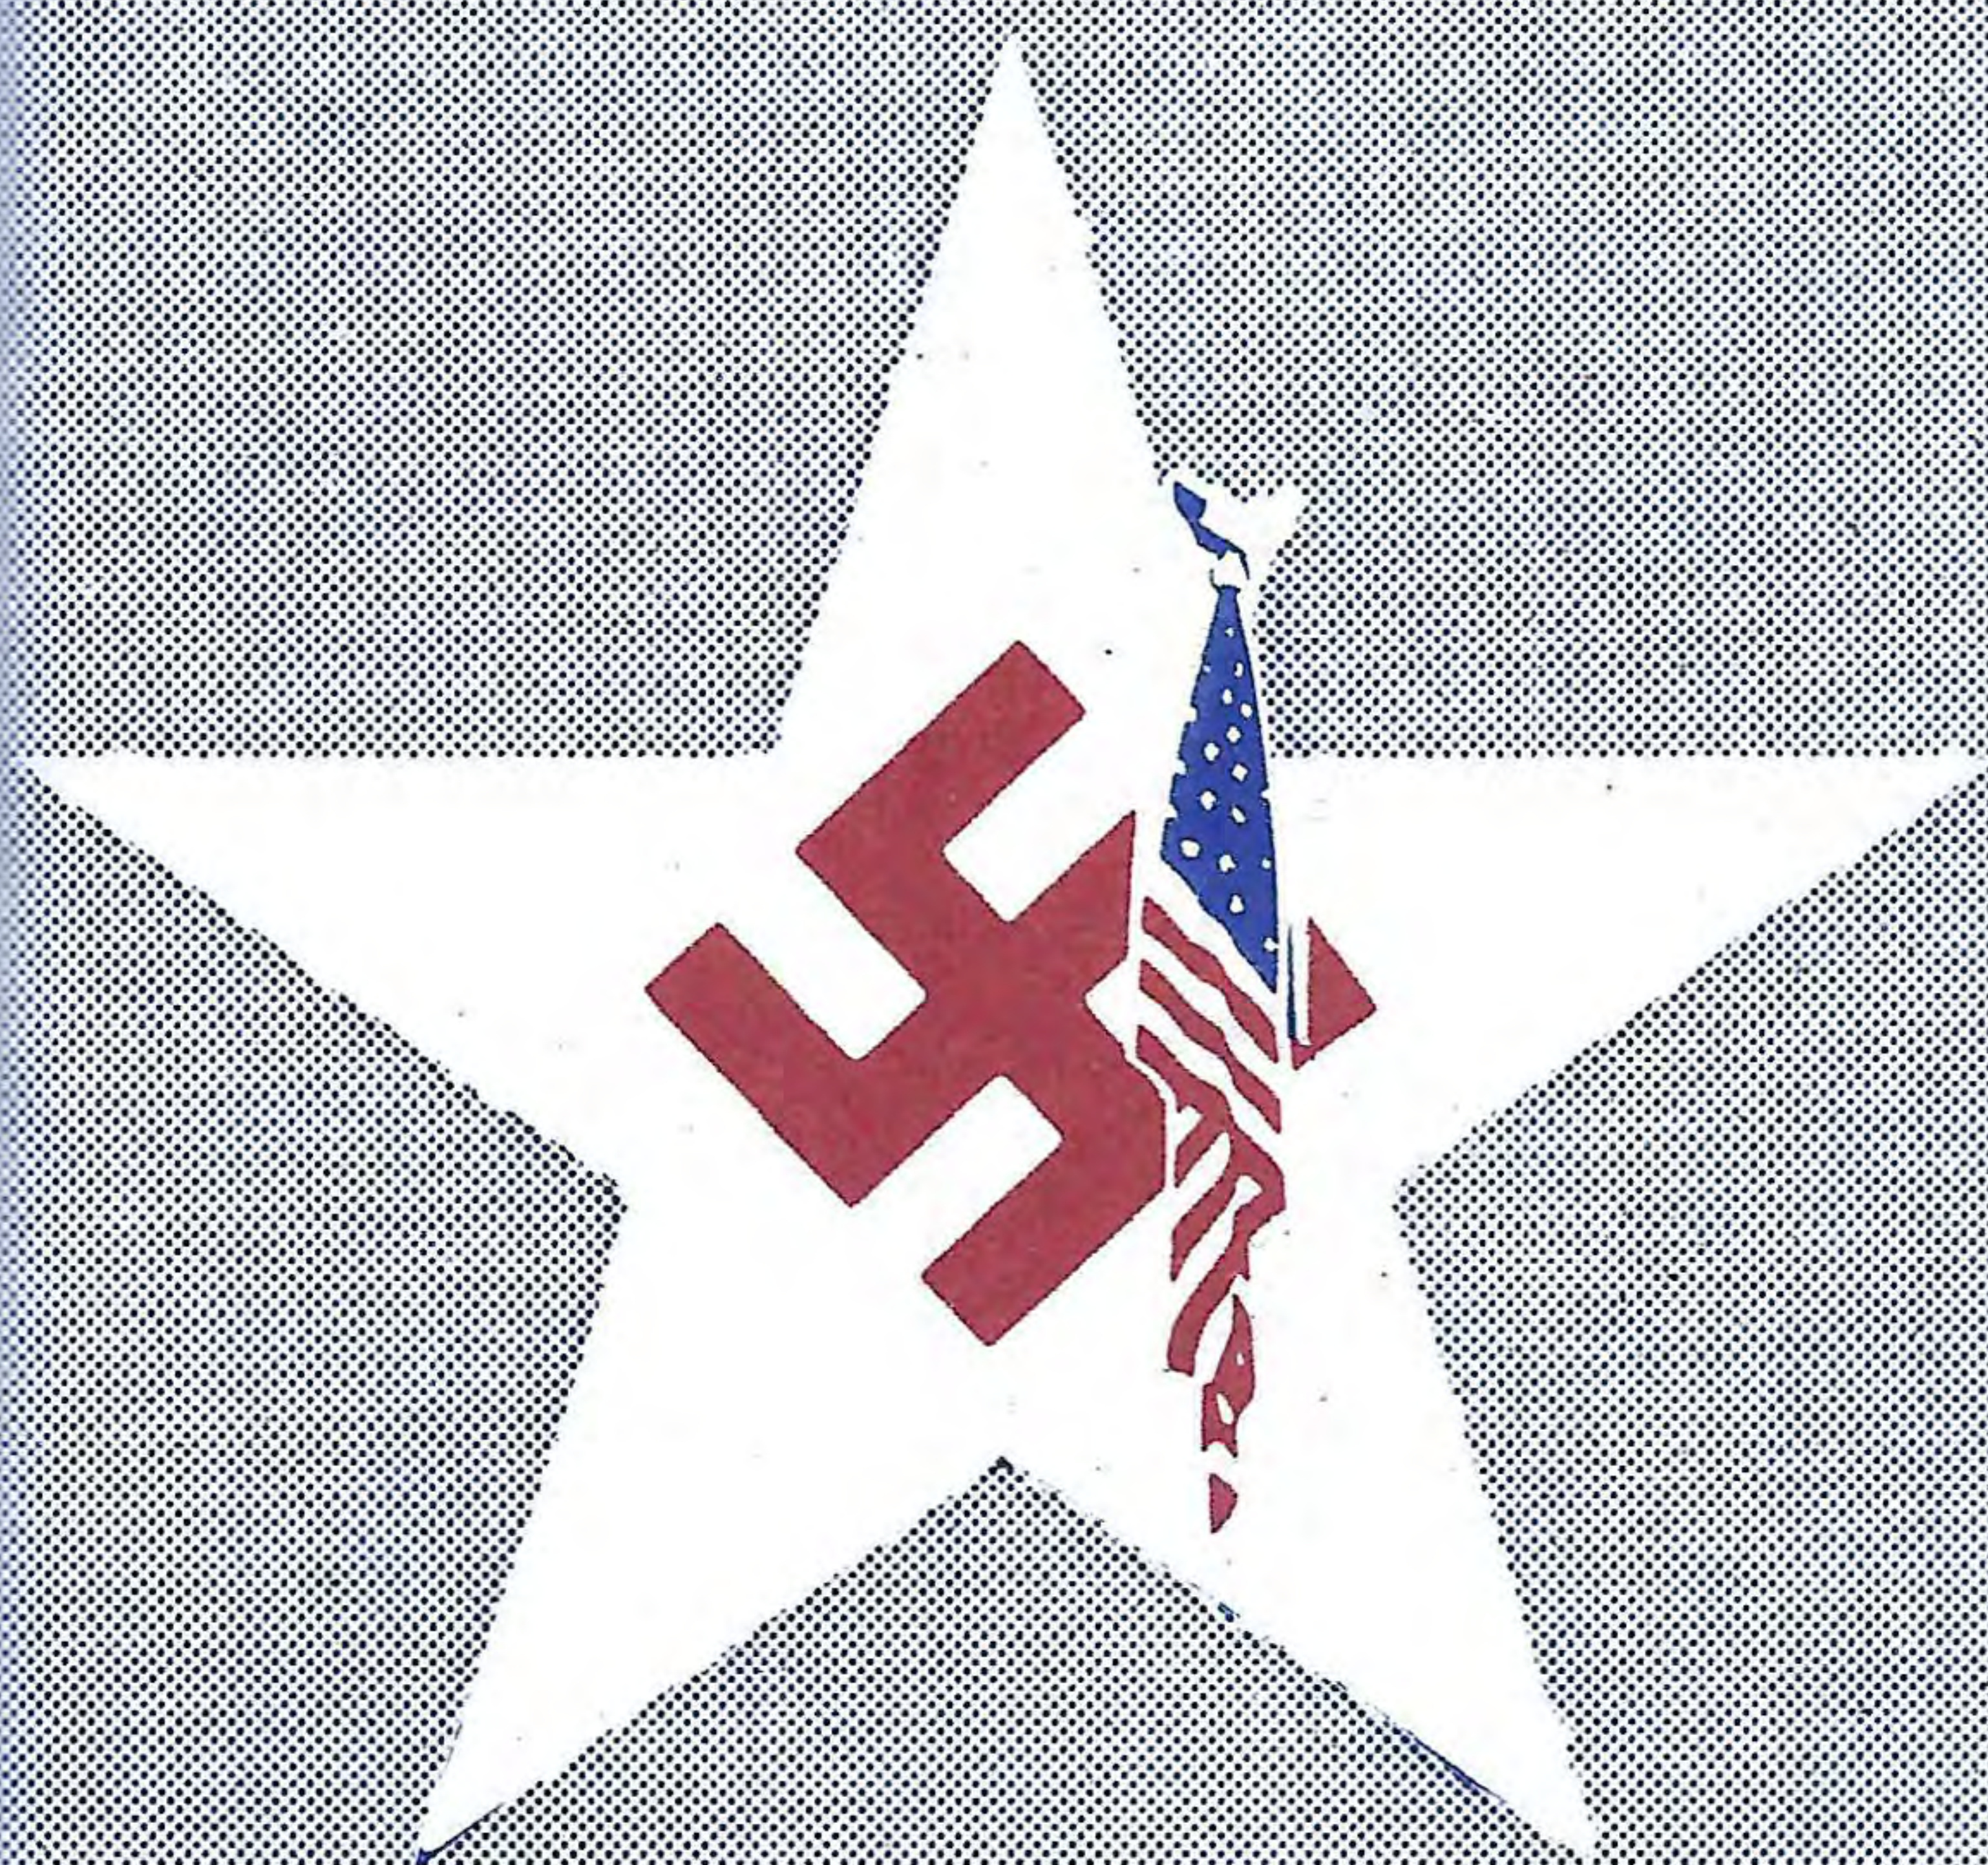

The White Man stands confused upon the hour
Until he sees the Banner we've unfurled
Now he knows Victory's the Future of White Power
We march with our White comrades 'round the world.

The White Man's Race is truly his great Nation
With White Power he comes into his own
No more victim of artificial separation
Whole continents he now can call his own.

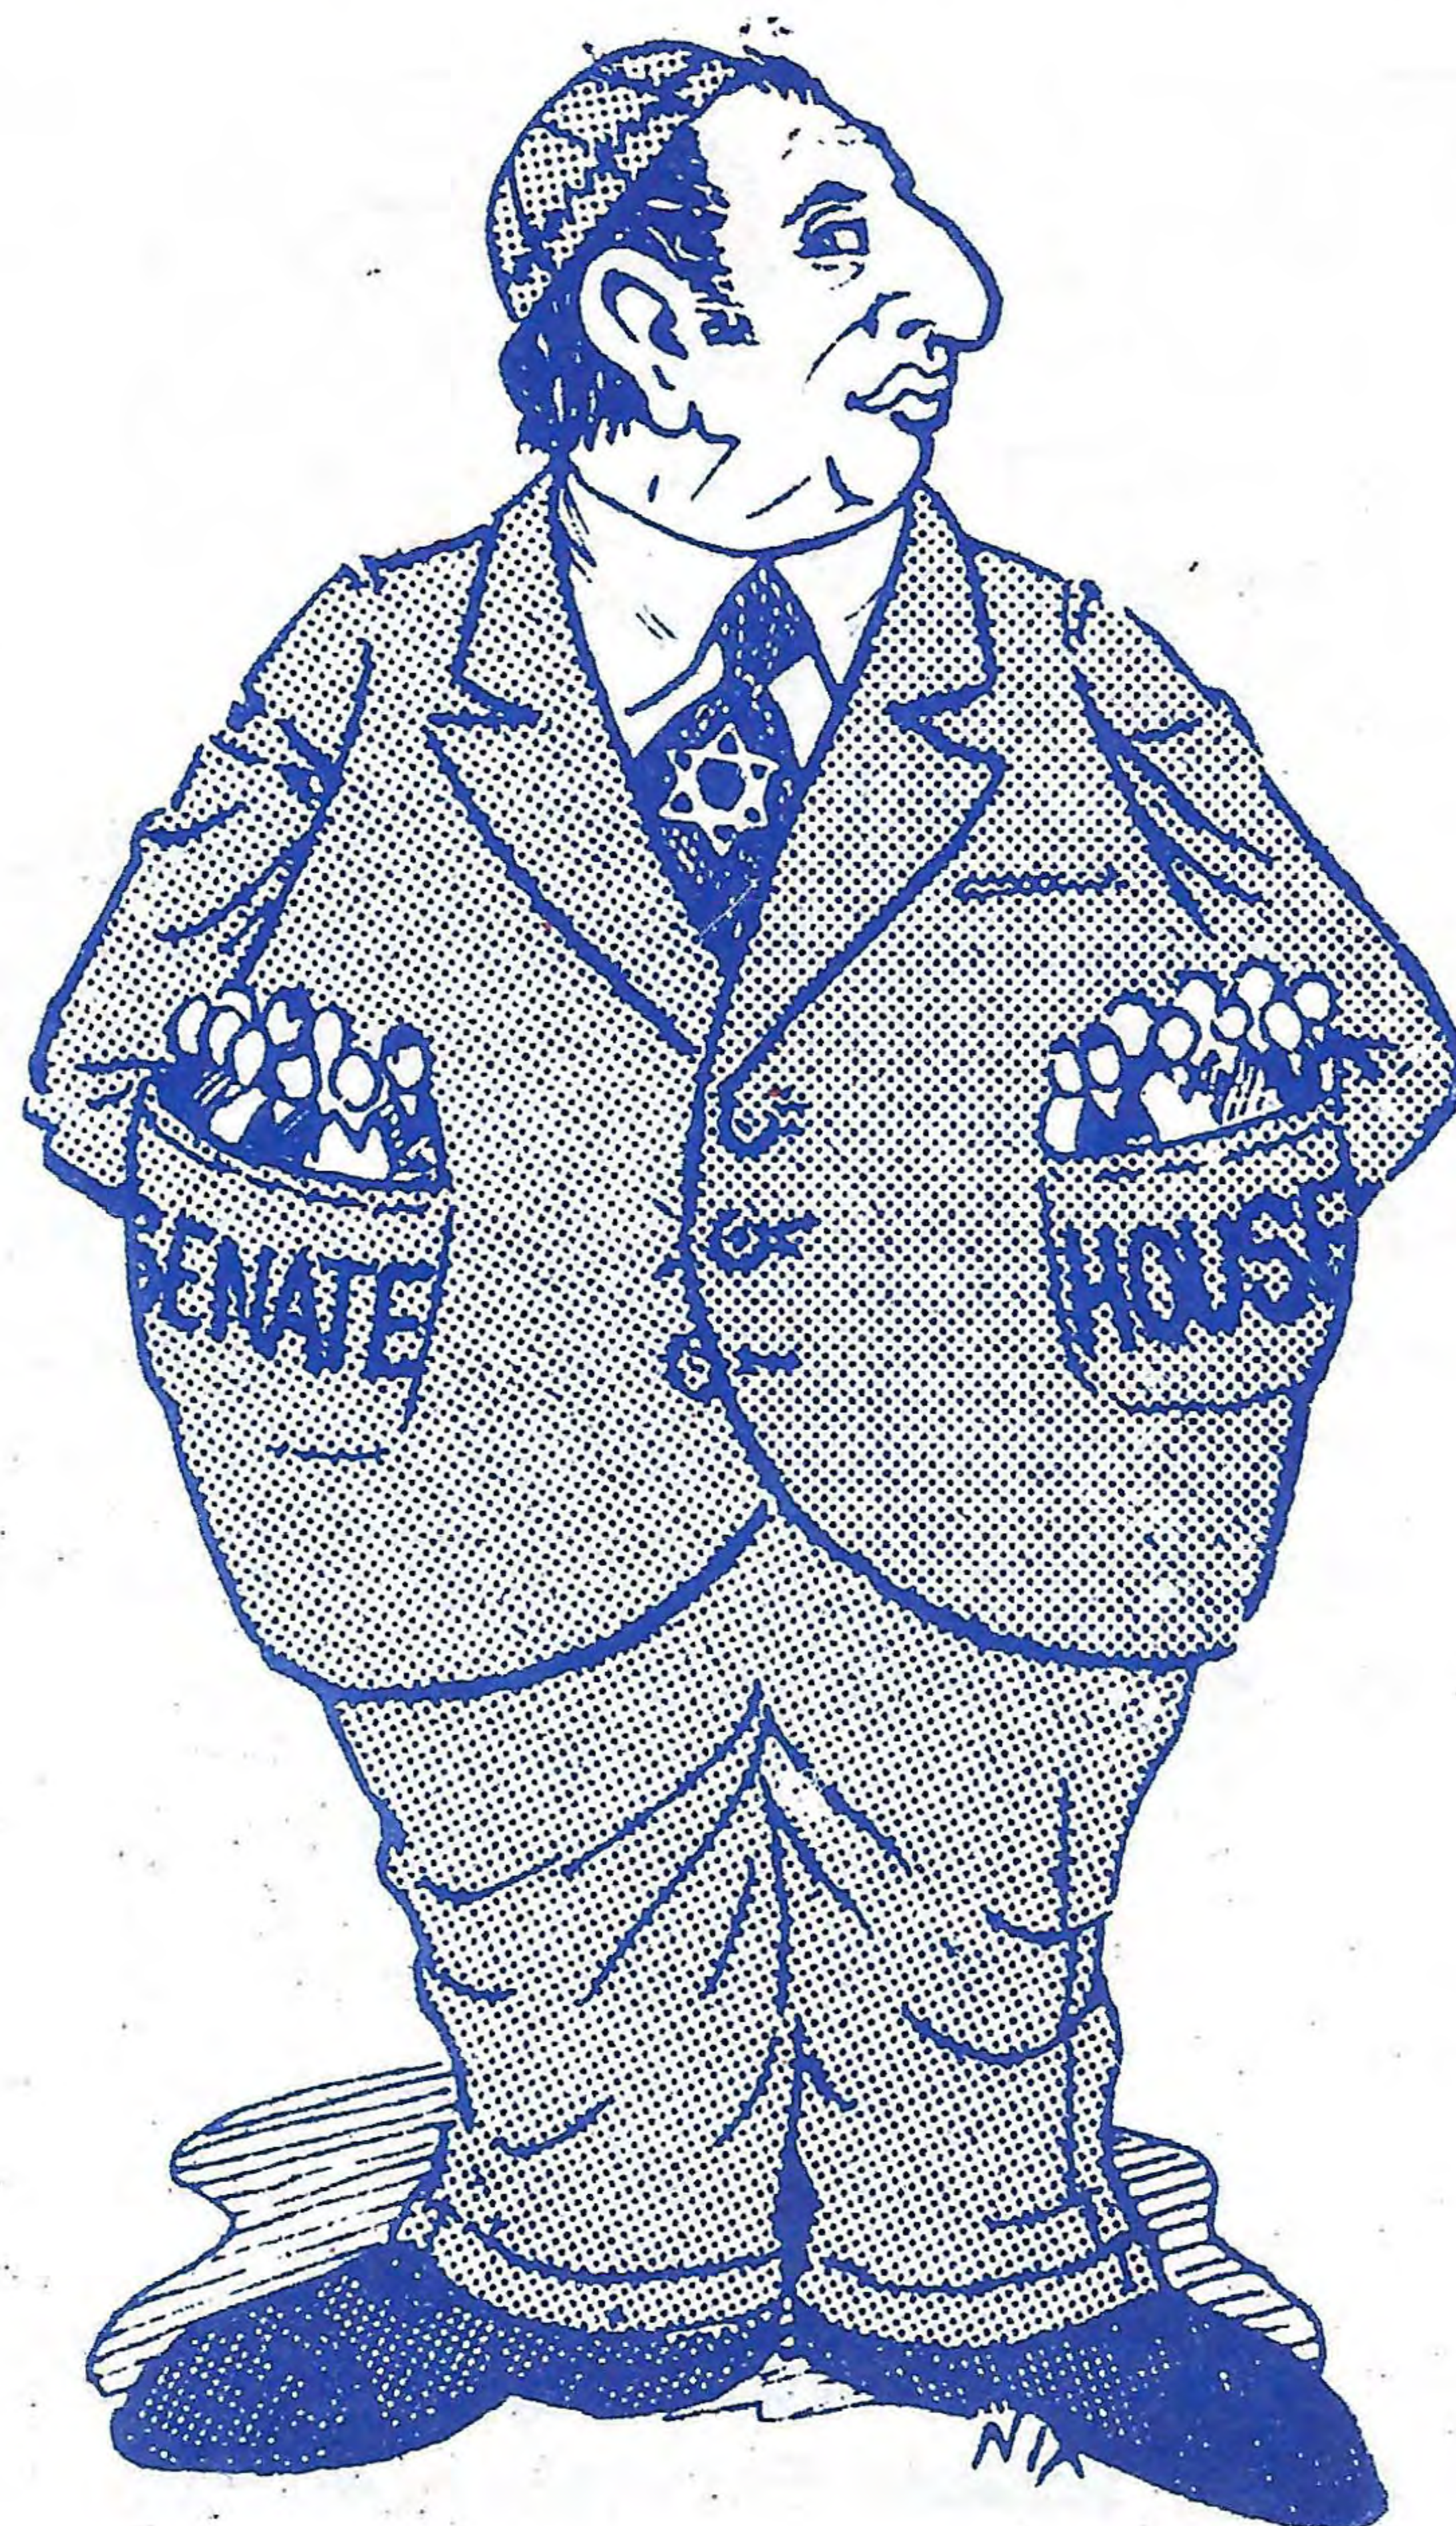

OUR RACE IS OUR NATION!

HOW TO SPOT AN AGENT

by Harold A. Covington

One of the greatest problems besetting National Socialist organizations is the activity of government agents operating within the group for purposes of information-gathering and disruption. The purpose of this article is to provide a general guide for NS organizers and leaders in the detection of such agents, citing specific case histories and drawing on the accumulated experience of many organizations over the years.

The greatest danger in this area, of course, lies in excessive suspicion, leading to paranoia and paralysis. It must be borne in mind that while genuine agents and agent provocateurs do cruise in National Socialist waters, they are by no means as prevalent as some believe. There is no surer passport to confusion and collapse than to start seeing spies and saboteurs under every bed. There comes a time when a leader simply has to trust his followers' loyalty and sincerity or else, cease to function politically.

A study of history shows us that enemy agents are usually not as important as incompetent, near-sighted friends in the destruction of a movement's plans. The American Continental Congress did more to defeat Washington's wretched army by holding up supplies than did Benedict Arnold and his coterie of Jew spies. The 1905 Revolution which nearly toppled the Tsarist government of Russia was led by a police spy, the priest, Father Gapon! Lenin's right-hand man was a Tsarist police spy. "Cicero", the greatest Axis spy of all was ignored by German intelligence, even though he conveyed the date and place of the Normandy Invasion. Admiral Canaris, alias Meyerbeer, a Jew-Masonic double agent who headed German counter-espionage made virtual gifts of German military plans to the Allies, but his information was studiously treated as false. Kim Philby, the Soviet agent who headed Britain's top intelligence organization, was understood to have associated with known enemy agents, but "that was part of the job. No one will ever know whom an agent serves until the final balance sheet is drawn up... if that will ever happen," said a British intelligence officer after Philby defected to his adopted country, the USSR. As an agent must have at least a minimal rapport with those he is spying on, he runs the risk of falling into sympathy with those whom he intends to destroy. Sometimes, he forgets just who it is that he is working for, like T.E. Lawrence. One tends to be somewhat cynical and fatalistic when one considers the fate of spies.

This does not mean, however, that infiltration is therefore inevitable. A few rules of thumb can aid National Socialist officers in detecting enemy attempts at disruption. Strict implementation of basic, common-sense security measures can render minimal the danger posed by temporarily successful infiltration.

We know the name of the racial enemy, from whence all evils flow: The Jew. But it is necessary to consider the battle order of his misguided or mercenary battalions. Who are the usual agencies seeking to harass and to interfere with White Awakening?

The local police are very much a mixed bag, varying in quality and political temperament from one area to another. The variance is often extreme, as in Philadelphia, where the Civil Disobedience Squad periodically attempts to murder White Power activists, whereas in Cleveland, it was necessary for Zionist bosses to order local police not to wear Swastika armbands on their uniforms some years ago.

Generally, infiltrators from this group are looking for specific evidence of specific law violations. Their motivation is not always political, although it may become so due to pressure from the race-traitors at the top. If reasonably good

relations are established by local White Power organizers with the local police, a 'live and let live' arrangement may result. Remember, the less work police have to do, the better they like it! This would indicate a choice of tactics and serve as a guideline for unit discipline.

The FBI is one of several politically-motivated law enforcement agencies which serve the Zionist occupation forces. At present, this agency is reeling from the succession of blows following the death of Hoover. Jewsmidia exposure of its 'covert' activities, such as COINTELPRO, has demoralized its agents and has reduced the effectiveness of the agency, although its vast record facilities may fall into more aggressively pro-Zionist hands under the Carter regime.

The ATFD (Alcohol, Tobacco and Firearms Division of the Treasury Department) has, until recently, played second fiddle to the FBI in the realm of illegal political harassment, concentrating on a few armed groups such as the Minute Men and the Klan. However, with the partial emasculation of the FBI, the ATFD has assumed an increasingly aggressive role in suppressing Zionist enemies, particularly in the Southern US. These political police agents specialize in faking and planting evidence, usually in the form of illegal drugs or firearms.

The ADL (Anti-Defamation League of Bnai Brith) is a private Jewish network of spies and terrorists, reporting directly to the shadowy rulers of Wall Street, the Kremlin and Tel Aviv. Generally, the ADL restricts itself to spying, as its leaders openly admit, "monitoring the activities of, and making lists of 'anti-semites', especially prominent activists". Previously, the ADL maintained goon squads to attack and beat those who dared to criticise Jews in any way, but since the time they suffered painful and embarrassing drubbings at the hands of George Lincoln Rockwell's ANP, the ADL has become more covert.

The ADL acts in an advisory capacity to most government enforcement bodies and merely has to nod or wink, rarely nudge, the government goons into action. They know where the money comes from! However, when a case of 'anti-semitism' is not being handled to their complete satisfaction by their shabez goy stooges, the ADL does plant their own agents, and pretty good ones, by all reports.

There are three principal types of agents used by the Zionist enemy: (1) The stool pigeon. (2) The agent provocateur and (3) The sleeper.

(1) The Stool Pigeon. The stoolie is purely an informer, one who gathers information for transmission to the agency or agencies employing him (or her, lest we forget!). Stool pigeons are only rarely plainclothes police officers or official members of government agencies. Usually, they are low types who are in their dirty business for an easy buck. Some are such losers, they are downright pathetic, like the former NS 'leader' in Toronto who is errand boy, janitor cum night watchman for a rich Jew who owns a chain of drugstores. His 'thirty pieces of silver' for betraying his comrades and all those who joined his organization was the 'princely' sum of ten dollars per week — and two bottles of rum — paid by the Canadian political police, the RCMP.

Almost as soon as any White Power group gets going in a given area, these termites will start creeping into the woodwork. At first, they are apt to be snoopers from the local police who want to have a good sniff of what's what. If no illegal activities or items are discovered, these creeps usually creep away, and your group gets a manila file which is stuffed into an untidy drawer and left to gather dust.

In view of the often nebulous nature of political 'crimes', like 'conspiracy', federal stoolies are more annoying, because they have a stake in any radical political group. They WANT to see it grow, so that they can appear more important to their paymasters. Therefore, such creeps will constantly seek to bore their way into an organization. Federal ears can be spotted by several telltale signs. At the outset, they will usually talk a good line, but after awhile, the observant will recognize that they are all talk and no action. They like nothing better than to hang around Headquarters or comrades' homes shooting

the breeze, but they give little in the way of productive work or financial support.

An informer is ubiquitous. He moves around, sticking his nose into every activity and discussion, reading everything he sees lying around and trying to get a hold of documents which are not, hopefully, left lying around. He's always full of questions, not necessarily pointed or annoying questions, but those which add bit by bit to the larger picture. He wants to know names, addresses, comrades' places of employment, comrades' financial, legal or domestic problems. He wants to know about a recently-acquired firearm or a new White Power publication subscriber in some suburb. He wants whatever item of information will be of interest to his employers and he looks forward to receiving a bonus for the really good ones!

Some skraelings actually scrape a living from such racial betrayal. As career stoolies, they have a line of glib patter and can rattle off an impressive list of names, events and organizations they claim to have been affiliated with. Such 'lines' can be useful in tripping up the careless informer, as they can be confirmed or denied by checking with reliable persons or other sources.

There are a number of ways of eliminating stool pigeons. One way is simple: Throw them out. But this must be done only after reasonable confirmation has been obtained that the individual is indeed an informer. Undue reliance on hunches has resulted in arbitrary expulsions and purges, which invariably demoralize the organization's membership.

Isolation is another method of rendering the stoolie ineffective. An amusing example of this occurred in a Los Angeles NS unit, led by the late Joe Tommasi, who was informed by one of his supporters in the LA police force that a certain person was an informer. Thus, every time this individual came around HQ, he was plunked into a chair and provided with ample supplies of newspapers to fold or envelopes to stuff and kept there. If no such work was available, he was put to work cleaning the latrines or mowing the lawn. Eventually, he stopped coming around.

One of the best ways of identifying a stoolie is to plant an item of false information relating to some illegal activity, complete with time and place and then see if the authorities react. If they do, then not only can the organization get some publicity and possibly have the Feds up for false arrest, but the stool pigeon's goose, to mix metaphors, is cooked.

(2) The Agent Provocateur. These are much easier to spot than the stool pigeon, but frequently hard to identify as such. This statement may sound paradoxical, but is often difficult to distinguish between provocateur activity and sincere, but excessive zeal on the part of a genuine supporter. The newly-converted often wish to 'storm the battlements' and achieve a 'quick victory' through brash action.

Thus, the agent provocateur is ACTIVE. He does not sit back and record information passively, trying to blend into the wallpaper. The active agent constantly tries to enlist the support of the membership and, when possible, the leadership in violent acts. Not satisfied with misdirecting the groups efforts, he attempts to disrupt the internal workings of the group by starting malicious rumors, spreading gossip, taking advantage of any opportunity to create confusion, alarm and despondency among the members. The agent provocateur will:

(a) Spread malicious rumors and gossip about leaders and comrades behind their backs;

(b) Propagate rumors of disunity, disorganization and corruption in the leadership;

(c) Spread distrust and discord by hinting that comrades are informers;

(d) Form splinter groups and letterhead organizations which divert activist energies and siphon funds away from the White Race's Survival Movement;

(e) Indulge in conduct deliberately calculated to bring the organization into disrepute, for example, public drunkenness, drug-taking, lewd behavior, etc.

(f) Encourage members to take part in illegal activities, bringing illegal weapons or substances onto the organization's premises or into comrades' homes;

(g) Indulge in petty vandalism such as spray-painting Swastikas on synagogues and Jewish cemeteries, breaking windows of Jew community centers, etc. Such activities not only create sympathy for the Jews, but they bring in the police and can create the pretext for raids on comrades' homes and other harassment;

(h) Attempt to lure other comrades into assisting him in such illegal acts as firebombing, destruction of property, assault and the stockpiling of illegal arms. The idea behind this is not only to send the most active comrades to jail, but to implicate the organization's leadership so that a conspiracy charge can be filed. This modus operandum is the essential characteristic of the agent provocateur — he provokes illegal and counter productive acts.

The White Power leaders and activists falling victim to this type of agent are growing in number: Reverend Miles of Michigan, Leroy Gibson of North Carolina and Don Andrews of Ontario, Canada are textbook examples of successful government treachery.

The defense against the agent provocateur lies in the establishment of two conditions which should exist in any political organization: discipline and comradeship. If these conditions are not present, then the group is dangerously vulnerable to provocateur activity and moreover, its primary political function is seriously impaired. It is the responsibility of the leadership to ensure that these conditions do exist.

Discipline must be based upon understanding, which in turn comes from a proper knowledge of White Power objectives within the context of the local situation. When there is understanding, each White Power activist can be a leader. This is the discipline which comes from within and operates even in the leader's absence. One finds that where there are no ideological education programs, there is no discipline and the standard of leadership is usually poor into the bargain. With understanding, the hierarchy of leadership becomes automatic. This was seen in the trenches in the First World War — a completely new situation in which new leaders stepped forward from the ranks. At least, this was the rule for the German forces.

Comradeship would seem THE precondition for any organization in which members are literally to be trusted with one another's lives, yet, such is not often the case. Again, the fault lies in the leadership. No leader should attempt to 'get mileage out of creeps'. To tolerate obnoxious or antagonistic individuals within the group is to invite division, suspicion and to open the door for agents of all types. Group members should be able to socialize together without getting on one another's nerves or making passes at one another's wives. If one cannot feel comfortable with a 'comrade', it is well to find out why.

(3) The Sleeper. This is the most dangerous of all agents, because he is the most subtle and remains virtually undetectable until he or she is 'activated'. This type of agent is an ADL favorite, for the Jews always try to have 'their man' in an influential spot in ALL groups, as history shows us during the 1917 upheaval in Russia. It should be cold comfort indeed to the goyim of the present establishment that the Jews are hedging their political bets in such a manner, but, they would not be Jews if they put all their political eggs in one basket! Yes, White race-traitors of Washington: not only your executors, but your executioners stand a good chance of being Jews. You may not know what loyalty is, but Jews are first loyal to themselves.

The sleeper joins an organization with apparently impeccable qualifications. He serves it well and faithfully, donating his time, money and labor. He is generally of above-average intelligence and drive. Thus he rises quickly in the

ranks of the organization. Then, at some crucial moment, he is 'activated' by his secret paymasters to disrupt and often to destroy the group he has helped to build.

The list of pro-White outfits destroyed in this manner is a long one indeed and stretches back at least two decades: Klan groups, Citizens' Councils, conservative and racial groups of every type, the work of years going down the drain in a matter of weeks or days. The National Socialist movement has been shaken as well by these deadly agents.

One outstanding example, but by no means the most devastating, in NS circles occurred in 1964: the so-called "Allen Mutiny". An individual later publicly identified as an ADL agent attempted to wrest control of the American Nazi Party from its leader, Commander Rockwell. The attempt failed, but the Party leadership structure was shattered and it took nearly two years to recover.

After the Commander's assassination on August 25, 1967, it was revealed in court testimony that the assassin, Patsalos, had not only been egged on by this ADL agent, who was at the time running his own splinter group, but there were strong indications that a 'sleeper' in the Party HQ, Arlington, had tipped off the assassin when his intended victim had left the building, en route to the shopping center where he was subsequently murdered.

Reports are being received, subject to confirmation that this sleeper agent not only remained with the NSWPP, but presently occupies an extremely elevated position in the Party hierarchy and as such, is responsible for the internal difficulties and purges which inevitably occur whenever an NSWPP local unit is experiencing growth and success.

There is really no effective counter to the sleeper except vigilance, and above all, the structuring of the organization so that no single individual, no matter what his position, can single-handedly wreck the whole effort. It is also hoped that a steady series of White Power successes and victories would panic the enemy into activating their agent sooner than they normally might, with correspondingly less damage done.

A few elementary security precautions can reduce the incidence of infiltration and/or its effectiveness.

- (1) Establish a proper, functioning Security Division and USE IT, not only in protecting property and personnel from physical damage, but in counteracting infiltrators.

- (2) Run background checks on applicants for membership and sensitive posts. Use credit bureaus, public archives. If necessary, employ a private detective agency. Better still: Get your own security branch chartered as a private detective agency. Use lie detector tests for key personnel and for individuals under suspicion.

- (3) Make rules against the promotion of illegality and ENFORCE them.

- (4) Make rules against rumor-mongering and malicious gossip and ENFORCE them.

- (5) Don't pay lip service to 'the need-to-know' principle, practice it. Keep comrades aware that 'loose lips sink ships'. Declare war on gossip and idle talk and cut the random flow of information to a minimum.

- (6) Protect documents, records, etc. from unauthorized scrutiny or seizure. If they cannot be hidden in a secure place, prepare them for instant destruction in case of enemy attack. Don't commit anything to paper which can be done verbally.

- (7) The use of codes and languages other than English can be good security, particularly when a time factor is involved and an operation can be concluded or at least initiated before suitable decoding or translation can be made by the enemy. Most informers known by the author would be tripped up just by using good English!

It is relevant to insert here that the vast majority of informers are not James

March 1977

Bond types. They are pretty much losers who cannot make it on their own and so, gravitate to the lowest levels for their livelihoods. Often, such types have criminal contacts and commit petty crimes which the police ignore by way of supplementary income. Creeps!

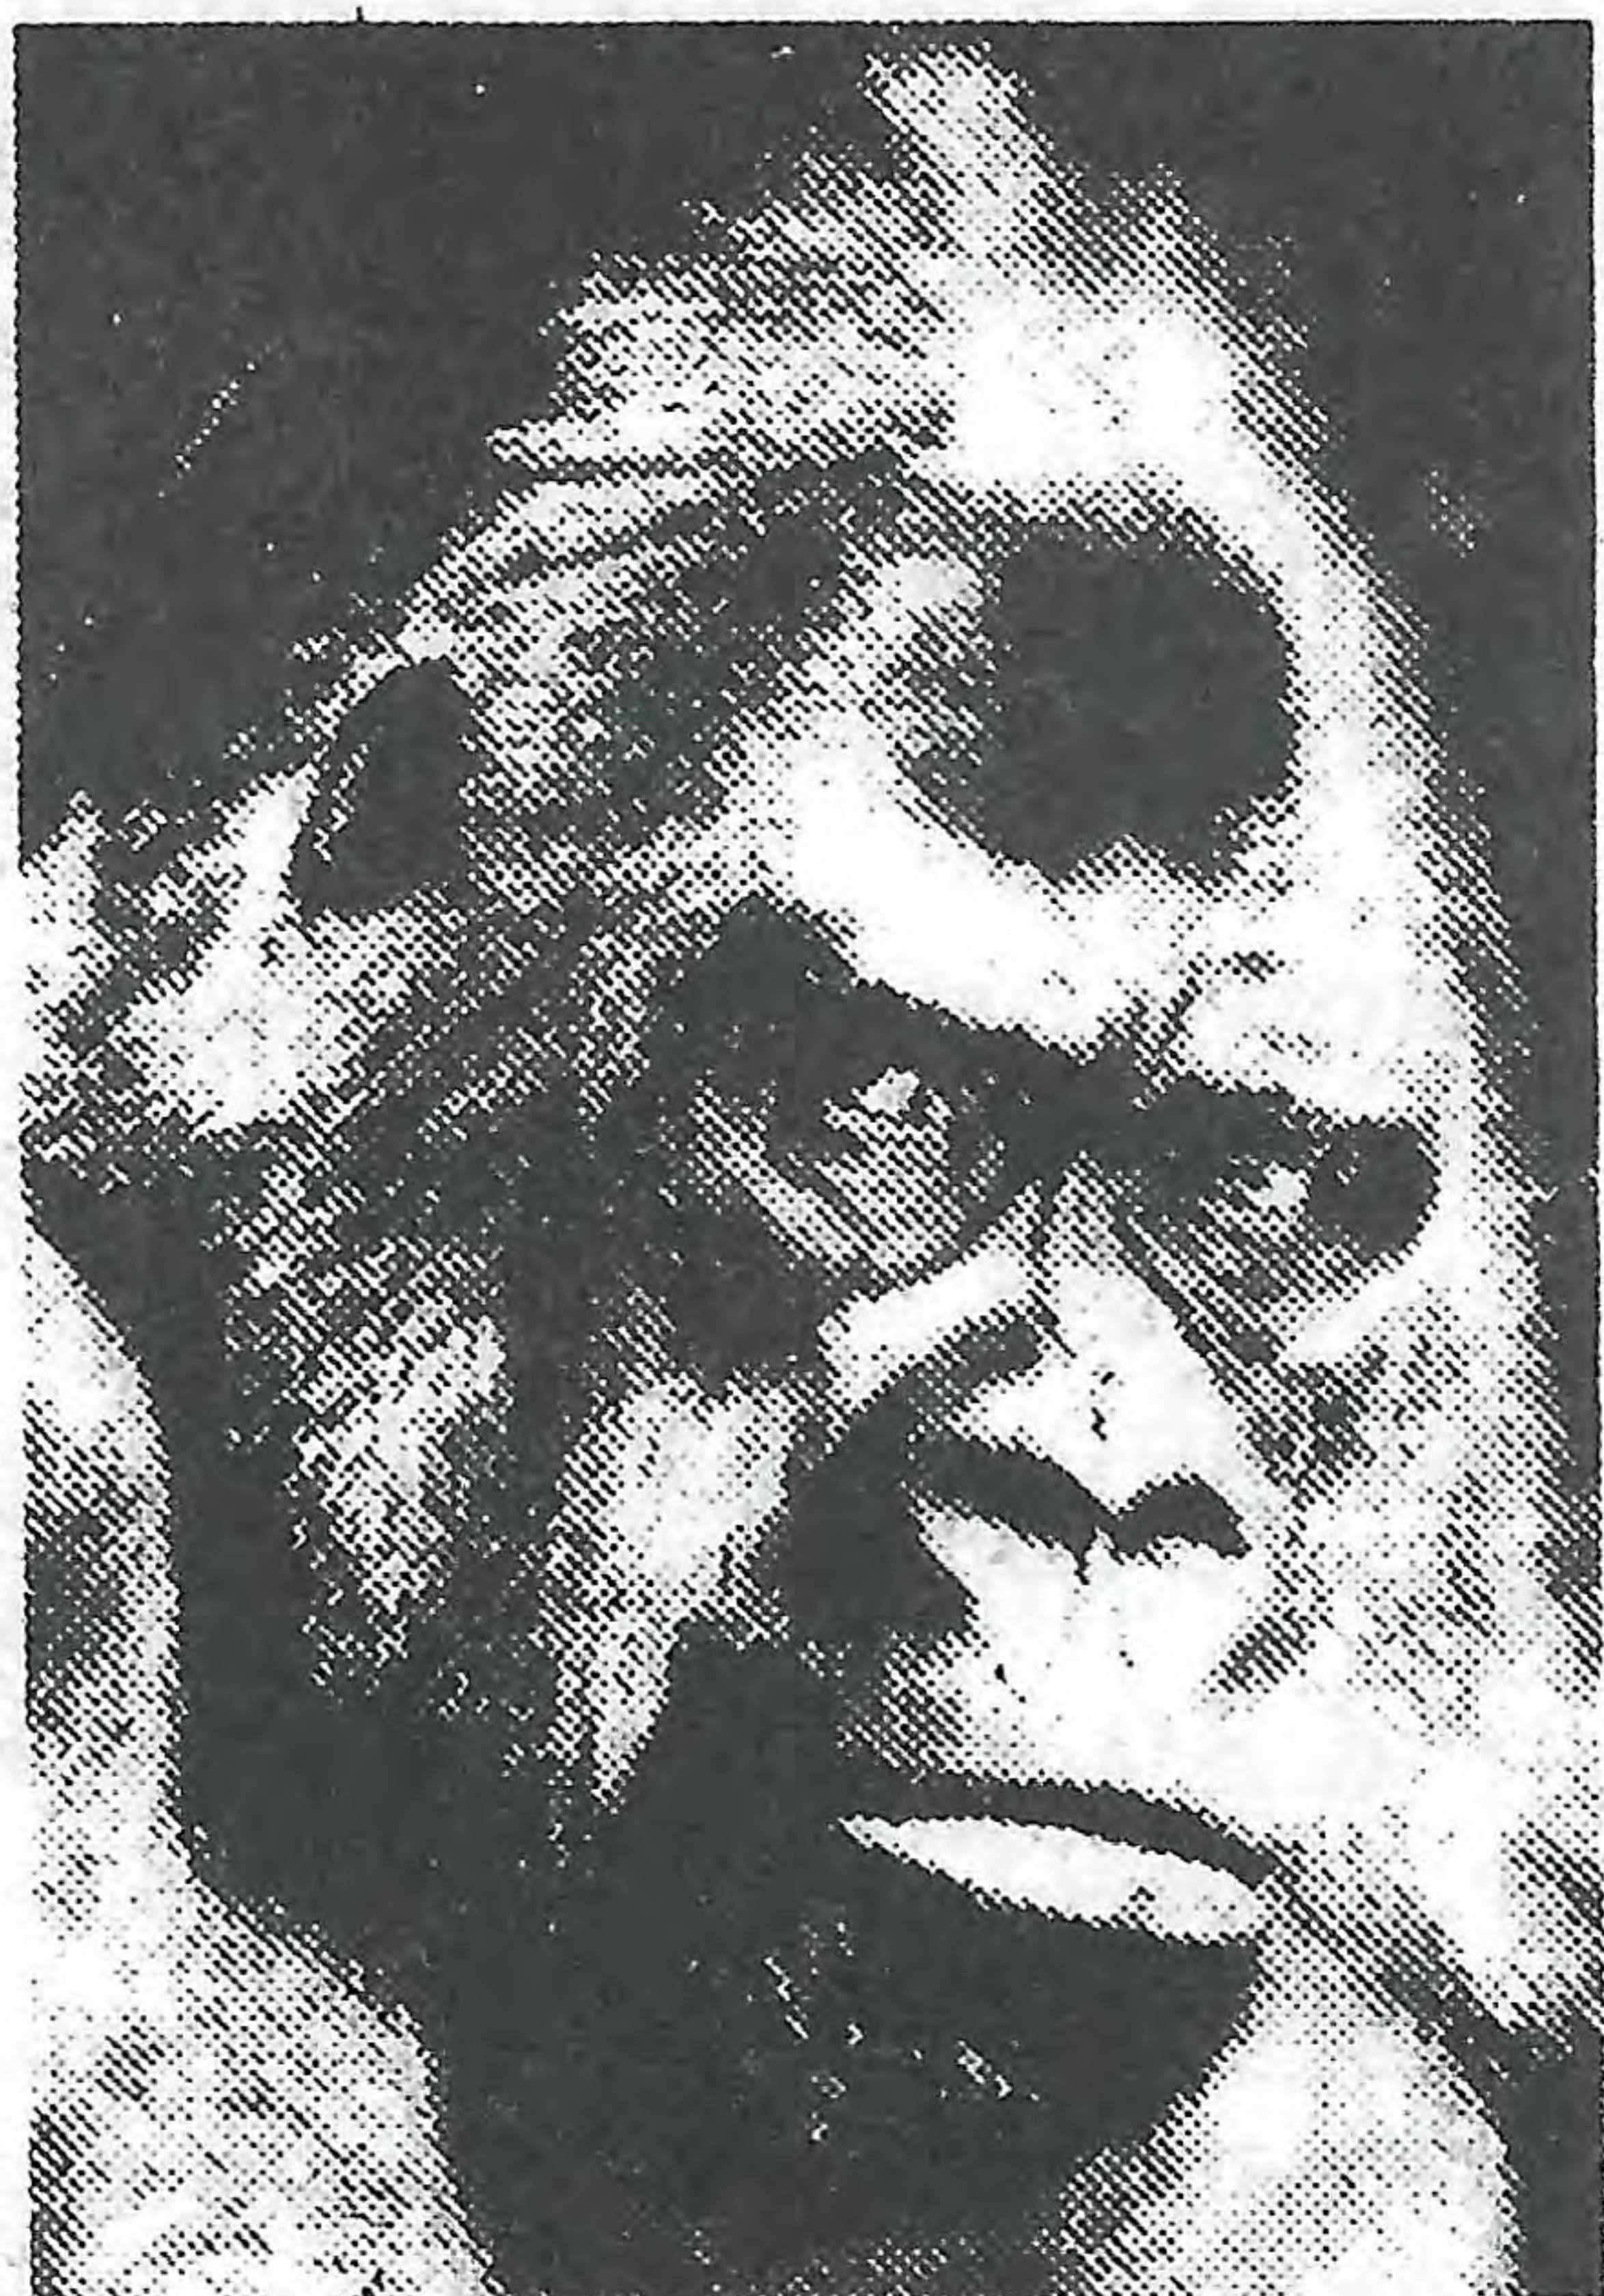

(8) Make sure that your people are straight with the law, to the extent that political activists can ever be straight with the law. Have them tidy up their premises so that unwelcome visitors do not stumble upon the odd Thompson .45 or leftover case of handgrenades lying around from their Minute Man days. If activities are envisaged which the Zionist enforcers might frown upon, organize it in such a way that those involved have alibis, etc., so that one agent's testimony can't put everybody behind bars.

(9) Air-condition your headquarters, wherever possible, with room air-conditioners, the older and noisier, the better. They interfere with both hidden mikes and directional 'shotgun' mikes aimed from outside. In winter or on chilly days, play radios or stereos when you're having an important conference you don't want bugged. It is also good practice to hold such discussions at random, in a park, a restaurant, a tavern or a moving car. It takes planning to ensure that 'random' choice does take effect, for we tend to become creatures of habit and adopt the same procedure for security, thus tipping off the authorities to what is up. In surroundings suspected of being bugged, note-writing is good security, providing the notes are completely destroyed, along with carbons, notepads and other writing materials which might retain a legible impression.

(10) If you know for a fact that there is an informer in your midst, you can feed him false and confusing information for a while, but don't delay his expulsion any longer than necessary, as there is always the chance that he might pick up some vital information if you allow him to hang around.

As previously mentioned, security can be carried only so far. It is impossible to guard against every contingency and there will be times in which a certain degree of security must be sacrificed for speed and efficiency. But the mere fact that you are on guard against infiltrators will give many potential informers pause, and the skills you acquire in ferreting out enemy agents will become immensely valuable when the tables are turned, and we have 'the long arm of the law' on our side!

PORTRAIT OF A PATRIOT

by James Parker

In October, 1974, the police of Charleston, West Virginia, were baffled by two murders, so they instituted what is commonly known as a 'round-up of suspects'. Among those arrested was Richard Bradley.

The police later admitted that the only reason that Bradley was arrested was that he was a White Racist who was known to carry a gun with which to defend himself, his 'inalienable right' in terms of the Second Amendment of The Bill of Rights. Bradley was later exonerated of any complicity in the murders.

But while he was in jail, Bradley met the plague that every White man who is arrested these days must face, the 'bull-pen nigger'. This particular Black had been moved in and out of every bull-pen in the Kanawha County Jail; once for almost beating a White epileptic to death, twice for raping young White boys and several times for robbing old and weak White prisoners. He was always trying to get his 'tough brothers' moved into the bull-pen with him so that they could terrorize all 'the honkies', as he referred to the White prisoners.

This Black was 22 years old and weighed 225 pounds. Richard Bradley was 38 and weighed about 165 pounds at his peak. Thus, the Black thought he had another weak 'honkie' to bully and rob.

Because his case is now in the appeals court, Bradley declines to make any statements to reporters, but two race-traitor White rats said that the Black tried to intimidate him. In the fight which followed, Bradley defended himself and quite suddenly and surprisingly discovered the Black to be no longer among the living. "The poor, colored boy," as the jewsmedia described him, ended his misbegotten life with his last mistake, a fatal one.

If the fight had gone the other way and Bradley, the White man, had been killed, the Black would have *possibly* received a one to five year prison sentence, although one learns from experience that even this lenient sentence might not have been forthcoming in view of all the legal defense funds, civil rights groups, demonstrators and general left-wing hell-raisers which the Black would have had at his disposal.

Richard Bradley is White, however. He is no Hurricane Carter, Angela Davis, Joan Little or Gary Tyler and there was no defense fund on his behalf. Moreover, Bradley is a White Racist, not a Communist, so there were no demonstrators on his behalf. For financial reasons, Bradley was forced to accept as his defender a court-appointed Jew shyster, who defended him not at all.

For some reason, probably just 'coincidence', the authorities made an all-out effort to lay their case against Bradley. Here was a jailhouse killing, precipitated by the false arrest of an innocent man, yet the 'enforcers' exerted themselves with indecent diligence to find this man guilty, and if that were impossible, to make him so.

Nigger cops were allowed to handle the case and two known petty thieves had charges dropped against them in exchange for their testimony against Bradley. These were the two disgraces to our race who were previously mentioned, both of whom the Black had robbed and raped while they were detained in the bull-pen.

As if the courtroom circus were not enough, this carnival of judicial corruption was paraded out into the streets by the jewsmedia. Trial by newspaper began even before the judge's gavel brought the court to order. The Jew-owned and controlled press and television networks crucified Bradley in callous disregard of his being considered innocent until proven guilty — he was White, and that was *prima facie* evidence of guilt, as far as the Jewish media-masters were concerned.

The prosecuting attorney even made the statement to *The Charleston Gazette* March 1977

that this was the only case he had ever handled which made him sorry that there is no death penalty in West Virginia. The Black sodomite was made into a martyr and the defense was not allowed to present any evidence about this fine "young colored boy's" record. There was no trial, even in the courtroom, but a monstrous travesty of justice under the guiding hand of the White Race's Zionist enemies. The racial renegade puppets fell all over themselves in their indecent haste to do their Jewish masters' bidding. The White Race is shamed and disgraced by the mere existence of such subhuman White trash as these prostitutes of the so-called democratic process. The corruption of Charleston is a black stain upon Our Race.

Richard Bradley is now in the West Virginia State Prison doing 'life without mercy', which means he can never be paroled. Yet, his spirit is not broken. He is proud of being a White man and is still willing to defend himself or other White men against the growing Black menace.

But Richard's situation brings several questions to mind: How long will the White Race continue to ignore its heroes? Why is it that White men do not rally to the defense of their own kind?

Lily-livered, bleeding-heart liberals are always eager to take up the cause of some Black animal who has killed and/or raped some elderly White woman or young White girl for a few dollars or just for 'something to do'. The White Race must support its true patriots before we are overwhelmed by the black plague which is sweeping America.

UNCHAIN THE DRAGON!

In the latter part of April, 1977, Pastor Robert E. Miles will again be considered for parole. Already, the Prison Parole Committee of the Marion Federal Penitentiary has shown its bigotry and prejudice by refusing to recommend him. Despite their admission that he has been a model prisoner, they state that the severity of his offense precludes his parole.

The following letter or your own variation should be mailed to the President of the United States, on Pastor Miles' behalf:

President Jimmy Carter
The White House
Washington, D.C. 20544

Dear Sir:

Pastor Robert E. Miles, Federal Prisoner 87917-132, is to be considered for parole in April of 1977. He is imprisoned in Marion. He is a prisoner of war in the struggle between White families who opposed school busing in Pontiac, Michigan and federal authority. He has now served almost four years of a nine year sentence.

Draft evaders were pardoned to heal the wounds of the Vietnam War. Wealthy red heiresses are free on bail despite terrorist activities. Jew lesbian bank robbers, implicated in the killing of a guard, were given but one year more than the Pastor. Watergate prisoners have been given parole and freedom. All of the other defendants in the Pontiac case have been home almost a year now.

We ask that you help heal the busing war's wounds also. We ask that you consider the feelings and the emotions which have arisen from these events also. Please exert your influence to obtain the April parole of this man who is serving a longer than usual time, for a first-time offender. White America needs consideration as well as non-White minorities.

ADOLF HITLER ON WOMEN'S LIB

"I give women the same rights as men; but I do not think that they are the same to the one as to the other. The woman is the life-partner of the man. She ought not to be burdened with tasks for which man alone is made. But in every case where women do not marry — and there are many in Germany owing to the shortage of men — they have the right to earn their living just in the same way as any man."

As usual, the Jews don't attack the truth, but the bearer of it!

A SOLDIER'S MESSAGE

The following article entitled "A SOLDIER'S MESSAGE" is a speech given by Rudolf Hess at Koenigsberg on July 8, 1934. We shall present this speech in three parts, the first of which appears in this issue of White Power Report and we leave it to the reader to judge whether these words could come from a man who "plotted and carried out aggressive war".

We introduce Comrade Hess' speech with a translator's note which is of historical and contemporary interest.

TRANSLATOR'S NOTE

The significance of the pronouncement made in the following pages arises from two sources: First, the position which Rudolf Hess holds and, second, the circumstances under which the speech was delivered. I shall try to explain these two points as briefly as possible.

Rudolf Hess is Hitler's *Stellvertreter*. We have no term in English which would exactly translate the word *Stellvertreter*, especially as applied to Hess' position. He is Hitler's proxy, with plenipotentiary authority. This means that when he speaks officially he is *ipso facto* speaking for Hitler. The arrangement recalls the Hindenburg-Ludendorff combination during the war, though the parallel is not accurate at all points.

It is interesting to note that Hess is not German born. He was born at Alexandria in Egypt, of German parents, in 1894; so that he is now just turned forty. He had his early education in Alexandria and came to Germany when he was fourteen. He was in the midst of his secondary studies in Germany when the war broke out. He joined the colors in 1914, as a volunteer, was wounded several times, on the Western Front and in the Carpathians. When the war came to an end he was an officer in the flying corps. He joined Hitler during the early stages of the National Socialist Movement, was imprisoned with him in the Fortress of Landsberg in 1924 and has been his right hand man ever since.

To understand the circumstances out of which the present speech arose we have to bear the following in mind:

National Socialism was originally merely a political organization. It had no physical force bodyguard. As it developed in Munich, the Communists began to break up its meetings. Hess organized a bodyguard among the Munich university students. This bodyguard gradually expanded to large dimensions. It was known as the *Sturm Abteilung*, which we call Storm Troops. As the movement spread throughout the country, this organization became national, its primary purpose always being to protect the Hitlerite meetings against attacks from the Socialists and Communists. It must be remembered that in those days in Germany, there was no such thing as police protection, such as we understand it. In Germany, the Reich and federal and municipal governments were mostly in the hands of the Socialists, who were naturally not very prompt to protect the right of free speech on the part of their opponents.

A number of doughty warriors who were a hangover from the war came to Hitler's side as organizers and leaders of the Storm Troops. Among these were such men as Captain Roehm and Heines. These had tasted blood and fire at a very early age in the world war. Some of them joined it when they were only sixteen years old. They could not demobilize themselves, either morally or physically, when the war was over. They had become chronic desperadoes. Still, they were honest fellows, most of them, according to their light, though the light was very red. Under them the Storm Troops grew to be a tremendous organization, wearing a distinct uniform which gave them a semi-military appearance, though they were practically unarmed. Some had revolvers and some carried daggers, though these were not a regular feature of the outfit.

Now came the rub. When the National Socialists took over legislative power, how were they to dispose of their physical force men? Roehm and his associates demanded that the Storm Troops should be incorporated in the regular army or at least given a permanent military footing, such as the Black Shirts in Italy acquired when they were turned into a regular National Militia, with military staffs, etc., practically on an equal footing with the regular army.

But Germany is not Italy. The German army is a national institution as no other army in the world is. It incorporates the spirit of Prussia and has a long tradition which is a very strict and exclusive one indeed. We may like it or dislike it, but there it is. Anyhow, it could not permit an outside force, with no strict traditions of training, duty, obedience, etc., to stand up by its side on an equal footing, much less to be incorporated in its ranks. Hindenburg, Hitler, Hess and the principal National Socialist leaders recognized this. Therefore, the National Socialist leaders decided to reduce the Storm Troops to an organization for the political training of the youth.

STORMTROOPERS ON THE MARCH. These are the fighters who protected Hitler's meetings. The leading figure here is Horst Wessel, later murdered by Reds. His marching song became the National Socialist anthem.

But Roehm had dreamt of a permanent military position and military honors for himself and his immediate friends. Roehm and his friends were professional physical force men. Some of them had fought with the White Armies against the Bolsheviks in Russia. Some of them were in the Kapp Putsch. They had organized the resistance in Silesia and the passive resistance in the Ruhr. Now all chances of such further occupation seemed to be gone.

These pathological gun-and-dagger men, whose young brains had been set aflame in the forge of the war, have been a post-war feature in almost every belligerent country. They were in D'Annunzio's van on the march to Fiume. Many of them were on the march to Rome and helped to keep Fascism in power there, until it became established on a surer basis. Then they were gradually

eliminated. England luckily got rid of them through the attraction of the trouble in Ireland, where they joined both the Black-and-Tans and the *Sinn Feiners*. Their exploits in the U.S.A. are too notorious to need mention.

In Germany, they now sought further adventure. Hitler gave orders that the Storm Troops should lay aside their uniform in June and become private citizens for a month. This was to show that they had no permanent military standing and no privileged position in the state. Roehm now plotted with a clique of leaders in intimate association with himself. At the psychological moment, they were to issue counter orders to the Storm Troops, *as if these orders had come from Hitler*.

Captain Roehm was Chief-of-Staff of the Storm Troops..In that capacity, he exercised direct authority over them. His fellow conspirators were mostly divisional chiefs of the Storm Troop organization. One or two of them, by the way, had lorded it over their districts as if they were oriental despots, just as many a local *Ras* did in Italy during the early years of Fascism. The orders which these men had conspired to issue would undoubtedly have been accepted in good faith by large numbers of storm troopers of the rank and file. They would have been taken at their face value as representing Hitler's commands. And thus, internal disruption would have been set afoot within the regime.

That was the kernel of the conspiracy. We need not speculate on what its results would have been. Hitler squelched it in a moment. And we need not moralize now on the right or wrong of his action; for the overwhelming mass of the German people feel that he saved their country from another bout of civil dissension, the consequences of which no man could have forecast.

Of all this there can be no doubt. I have sketched here only the broad outlines of the story, so that the reader of the following speech may better grasp the significance of what the speaker is talking about and why he felt called upon to speak thus. For outsiders, the value of this cry for peace arises largely from the fact that it is no premeditated speech, but something that came directly from the heart of a man who holds a position of responsibility next only to that of Hitler and who spoke thus in a moment of dramatic tension.

A SOLDIER'S MESSAGE

by Rudolf Hess

Fellow Members of the National Socialist Party:

The Leader has deputed me to bring you his greetings. You all know that only a few days ago he made a decision of the gravest import and carried it through with pitiless energy; because, in the extreme hour of peril, he had to rescue Germany from the hands of mutineers — from mutineers whose treachery had very nearly plunged Germany into a terrible disaster.

The death of the ringleader forestalled an internecine war between fellow citizens. That death was necessary for the sake of the lives of thousands and maybe tens of thousands of good Germans, among whom there might have been even women and children. But the greatness of the Leader transcended the magnitude of the peril.

The rank and file of the Storm Troops had nothing whatsoever to do with the planning of the revolt. It was rather a clique among the higher leaders and reactionary intellectuals who were the instigators and the wirepullers of the conspiracy. The relations between the political leaders and the Storm Troops remain the same as always. Loyal and untainted, the veteran Storm Trooper will continue to serve his Leader as he did before. And here I issue a warning, as sharp as that which I gave in my Cologne speech, when I warned those who were then playing with the idea of a second revolution. They have now been removed from our midst. But today I issue the same stern warning to all those who may think that they can defame the Storm Troops with impunity.

It was in sheer good faith that the Storm Troops of the rank and file were ready to obey commands and dispositions that had come from above. They never for a moment thought that anything was happening contrary to the will of the Leader. As an old Storm Troop leader, I must take my stand in defense of my comrades, who fought side by side with me through difficult times. The Leader stands loyally by the veterans of the Storm Troops, as they stand by him. He has punished the guilty and therewith the old relations with the Storm Troops have been restored.

The Storm Troops form a part of our common movement and they are entitled to the same esteem that we extend to every section of it. Let nobody attempt to assume an air of superiority towards them. Let no man dare, even in a frivolous moment, to suggest a parallel between the Storm Troops as a whole and the conspirators. The Leader has shown how relentless he can be. There is only one standard whereby we judge the worth of those who are serving Germany and the National Socialist Party. That standard is the degree of self-denial with which each single individual performs his duty, in a spirit of loyalty and discipline.

The special thanks of the movement are due to the S.S. (Staff Guards) in this recent juncture for the magnificent way in which they fulfilled their duty. It was in keeping with their motto: *For us Honor means Loyalty*. I must mention also the political organization, which was the first form in which our movement became known throughout the Reich. And I must mention the newer political formations which were developed at a later period and are now established all over the country. These incorporate the abstract principles of the movement. And during the recent difficult days, they took up the same firm attitude as the older militant bodies. I need not single out the other organizations of so many various kinds. They all stood and stand by the Leader with unswerving loyalty in the fulfilment of their duty. There is scarcely a boy in the ranks of the Hitler Youth who did not look with pride towards his idol when he saw the Leader acting as the champion of those heroic ideals which are in the minds of the youth. For, by the substitution of his own person, he rendered the traitor powerless. And it was he who decreed the traitor's well-deserved fate. Thus, at a great historical moment — in which, as often before, he threw his own life into the balance — Adolf Hitler once again proved the authenticity of his vocation to be the shaper of Germany's history and the sole Leader of the German people.

THE TRAGEDY OF RUDOLF HESS

Reprinted from The Asheville Citizen of North Carolina, March 2, 1977.

One of the many lingering tragedies of World War II is confined in West Berlin's Spandau Prison. Rudolf Hess, Adolf Hitler's deputy, remains there mainly because of the Soviet Union's intransigence. The Americans, French and British long ago publicly stated that he should be released.

Now in his 82nd year, the old Nazi clearly is not a threat to society. His revolutionary days are behind him. Knowing that it is unlikely that he will be set free, Hess must be in the depths of despair. His recently reported suicide attempt, if true, provides evidence of that.

Largely forgotten is that Hess, unlike many of his fellow Nazis, never was convicted of war crimes. Captured in England in 1941, Hess was not at Hitler's right hand during the great brunt of the conflict and madness. He was convicted mainly of plotting and carrying out aggressive war.

Even Winston Churchill, whose sheer hatred of both Nazism and Communism is legendary, never considered it fair that Hess should be jailed for life. It was Churchill's sentiments that led to a movement in Britain some years ago to set Hess free. President Carter's lectures on human rights, are betrayed by their own deeds but also in Spandau the Soviets demonstrate their interpretation of justice. Rudolf Hess is a symbol of that; a tragic symbol.

SET HIM FREE NOW!

PRISONER OF PEACE

UNCHAIN THE DRAGON!

POLITICAL PRISONERS IN ALL BUT NAME!

MARCH SEPARATELY BUT STRIKE TOGETHER!

by Pastor Robert E. Miles

The title of this article is not a call for disunity, but the reverse: Unity. It is a call for all the varied groups, organizations and bands to cease the feuds. It is a call for all who fight for the perpetuation and propagation of White Culture to recognize some basic facts.

There are no generals on the Right Wing. There are some colonels who can muster a modest regiment. Even these are mainly support troops. There are many captains who have companies of their own. There are mostly troop leaders with numbers less than one hundred in each troop. These are all working and fighting for Our Race. Many understand that this is their command level. There are some, however, who delude themselves into thinking that they are generals and their troop is an army. None of us have reached that degree of organization. Wallace, like him or not, did on the political scale, but when he turned against the main gluepot of the Right, the Racial orientation, the army he led came apart.

What exists now? Scattered bands, troops, companies and regiments in a variety of locations and under a variety of leaderships. They have different uniforms, different insignias and different theories as to what to do when they get power. Yet, none have power. None control even one little county anymore. None have the sole wisdom or exclusive vision from any gods, on earth or from outer space. They are all Our People, of Our People and fighting for Our People. They are all brothers and sisters, nephews and nieces, uncles and aunts, cousins and kin to one another.

No one asks that each abandon his own theories. Allies are not converts. There is a vast and deep difference between the two. Allies are separate and individualized. They march separately, but will strike when each one agrees, against their common foe. Von Moltke, the great German general, spelled that out as a military dictum.

There is an advantage to many separate organizations if the organizations understand their own specialized functions. Not every engineer will make a good cavalryman. Artillerymen are not the best signallers. Each troop, company, regiment and band should examine itself honestly. What function is it best fit for? What role does it truly enjoy playing in the war? How can it use that individual role to supplement and complement the roles of the others, who are under separate leaders and with different specialities? Once each accepts its own self-described speciality, it will find zestful companions to join in the satisfactory development of that speciality. Then can the army start to build itself, to acquire and to school the leaders who shall become its generals; only then and not before.

The mails are full of denouncing letters, one against the other. This one is a spy. That one is a thief. This one is odd and that one a traitor. The thread of enemy intrigue runs through many of these writings. Even if true, what help does it give to the cause of White Resistance? Who does it help? If such charges are true, let those at the top know, the leaders, not the troops. The troops have no need to know. Their morale is badly damaged by any such revelations. Only the personal desire for emotional satisfaction is served by such charges.

All should die as heroes to The Cause, in their time. All should be our fallen, never theirs — the other side. Cover up the weak with the strong, but never let the weak carry responsibilities again. Bury the betrayers with silence and ostracism. Keep the thief away from the funds, but put him into the front lines. In other words, stop hanging out the dirty wash, to the delight of the foe.

If groups disagree, separate in silence. Let each take his own and work apart.

AN OPEN LETTER

Dear Sir:

My daughter, Barbara, mentioned that you have shown a filmstrip with recorded sound accompaniment which makes certain allegations in regard to German discrimination against Jews in Germany.

As a person of German extraction, I deem it outright discrimination against me and my family to be singled out and victimized by blatant vicious untruths which are slanted so as to prejudice the uninformed and the uncritical.

I therefore hope you will be conscientious enough, as a bearer of truth and as a promoter of knowledge to read the material I have sent you and to share it with your students. You and most of your students may not be of German descent, though I dare say that many of you would be surprised to discover that such may indeed be the case, if you would take the time to trace your "roots". But let me make it plain to you that if White Americans allow their racial kinsmen to be smeared with lies and libel, they may have the unpleasant experience of discovering to their horror that the mud has been splattered upon their reputations as well.

The exaggerated, burlesque rendition of history depicted in the program, "ROOTS", is only a foretaste of truly bitter fare. Wait until American Whites are accused by the minority-controlled media of "murdering six million Blacks". Absurd? Not at all! That is what Germans are accused of in regard to the Jews, and there is not one iota of truth in the accusation.

I refer you to the following reference works. Those which are numbered with Roman numerals are currently available from LIBERTY BELL PUBLICATIONS of Reedy, West Virginia:

1. The International Red Cross Reports, 1933 through 1947
2. Keesing's Contemporary Archives: Official Census of the Congress of World Jewry for 1936
- III. THE HOAX OF THE 20th CENTURY by Professor A.R. Butz
- IV. DID SIX MILLION REALLY DIE? by Professor R. Harwood

V. AUSCHWITZ — TRUTH OR LIE by Thies Christophersen, Auschwitz agronomist

VI. THE DRAMA OF THE EUROPEAN JEWS by Professor Paul Rassinier

VII. THE SIX MILLION SWINDLE by Professor Austin J. App

If your class and your school are interested in hearing a cogent speaker who is able to present the factual side of current political and propaganda issues, I have such immediately available. He is Mr Eric Campbell who is presently working toward a Ph.D. in International Relations. Mr Campbell lives in Reedy and has a B.A. in Latin American Studies, a B.A. in International Relations and an M.A. in same. He says he would take great pleasure in addressing your entire student body on the subject of the Six Million Swindle, which is soon to be the basis for the abolition of free speech in these United States, just as it has been in Germany, France, England and most recently, Canada.

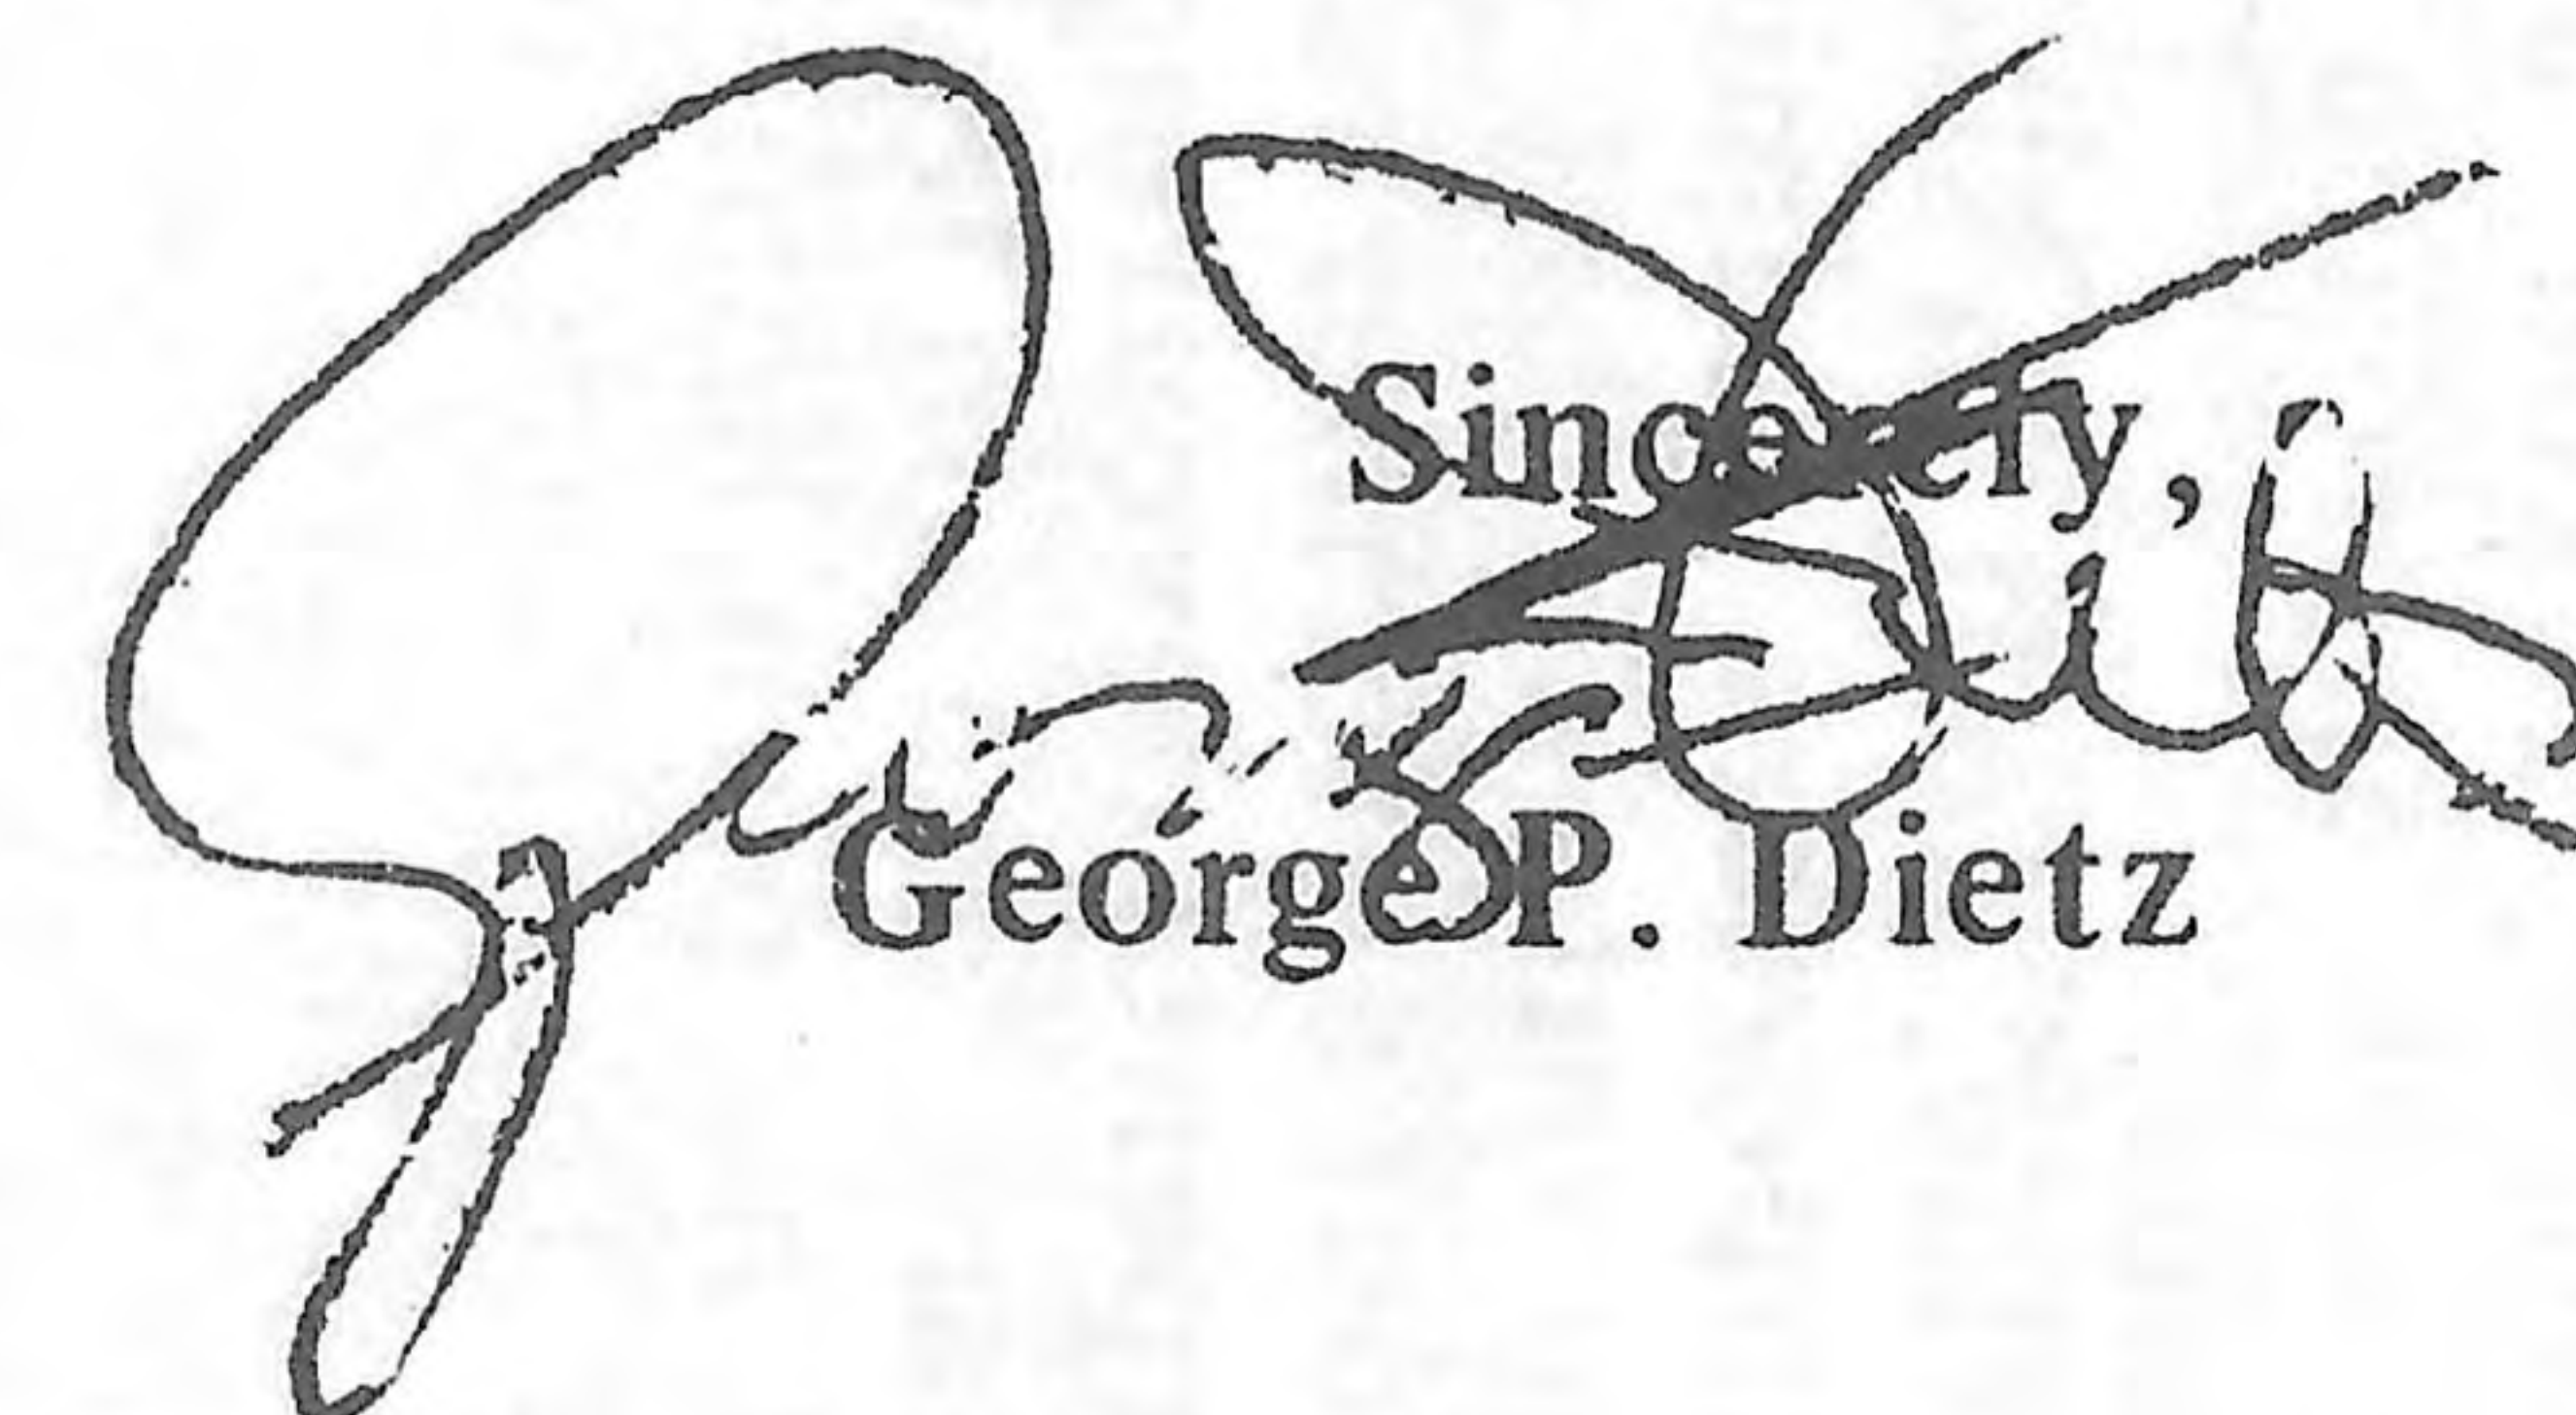

Incidentally, for your students who are interested in facts, not propaganda on the Negro slavery issue raised by "ROOTS", I recommend "TIME ON THE CROSS" by Messrs Fogel and Engerman, favorably reviewed in TIME MAGAZINE which noted that, according to the historical facts, not "UNCLE TOM'S CABIN", Black slaves were far better off in regard to health, education, housing, social security and general welfare than were White laborers and factory hands in the industrialized North during the same period of American history.

It is reprehensible when untruth is made a welcome guest in the academic field wherein truth alone should reign. Those who profess to teach the truth, but utilize lies and half-truths in order to put across their own vested interests are not teachers, but charlatans, and they deserve the heaviest penalties for committing an act of fraud, a felony. Defrauding the young of truth is a grave crime indeed.

I hope you will take this letter in the friendly spirit in which it is intended and will allow me to put my store of facts at your service, in the service of truth.

Because you disagree about funds, policies or whatever, does not always make your position simon-pure. Perspectives vary. The White Race is forever in various tribal camps until peril threatens. Then, each tribe chooses leaders and the leaders choose the war chieftain. But before then, they keep to their own paths: Cimbri, Teuton, Angle, Saxon, Jute, Dane, Nördmannii and all, each with his own way and his own approach and his own tempo of lifestyle. We are but a reflection of the same.

If you must divide, do it in silence. You have some 170,000,000 Whites from which to draw supporters. Admittedly, only 35,000,000 of these are "of" us. The rest are White outside, but voids inside. Yet, is that not enough to draw upon? Why strike out at former racial comrades and companions and eat away at each other, like serpents devouring their own tails?

Families live apart. The son leaves the father. The daughter leaves the mother, each one to build his own home; yet, they are all one family. That is how we must be. That, by the thunder of Thor, is exactly what we will be when the leopards come out of the caves.

As for the labels we hang on each other, understand this. The foe calls all of us by the same name. The American Independent Party and the American Party learned this the hard way. They split over racism. WE ARE ALL RACISTS. It is a good and a very honorable name. If your enemy tags you with a name and you slink around denying it, the uncommitted assume the name is fit and proper — and evil. We are racists, all of us, even though all of us do not relish the title. Regardless of our own self-definitions and what we call ourselves — KKK, Nazi, Minutemen, NSRP, gun-control opponent or anti-IRS — we are all tagged as KKK or Nazi. There is not one enemy who cares to hear us explain the differences to him. If you are proud of being White and are determined to free Our People from the Zionist usurpers, you are a RACIST. All racists are either Nazis or Ku Kluxers to the enemy. That includes the American Independent Party, the American Party, and sundry groups on the Right who view themselves as 'moderate'.

Thus, this appeal from your brothers inside the walls of the foe: Think of yourselves as the ancient Aryan tribes; the Celts or Ga-els, or Teutons, or Scythians or any sub-division of them. You are moving in a hostile country controlled by alien peoples, not your own. You must try to gain footholds and to seize areas in which Our People can establish communities and cultures common to the massive Nation to which the various tribes belong. We are trying to build Our Nation in the very midst of a nation of strangers.

There is no room for in-fighting at this time. Let each work in his own way, but let all work towards the same goal. Let each do what he can do best, after he understands what that speciality is. Let each seek to complement and supplement the efforts of every other band in our Racial Nation. Each step should be taken after resolving the basic question: *Does this act, word or concept unite and strengthen our Racial Nation or does it lead to disunity and weakness?*

Separate paths do not mean weakness *per se*. They do when they lead to collision and conflict among our own forces. The enemy occupies a fortress on top of the mountain. Many trails and paths lead up the slopes. Each assault group must work its way carefully up the treacherous footholds. Each draws fire from the foe. Each ascends separately, but maintains contact with the others and so, at the appropriate time — they strike together.

March separately, but strike together can be a strengthening concept if each fights only the foe of us all and not one another.

OUR RACE IS OUR NATION!

Letters to the Editor

Editor's Note: In view of the increasing amount of correspondence, we must rely upon a time-saving strategem which will do justice to our correspondents and save us time as well. In future, your letters will either be answered personally or in the Letters to the Editor section of White Power Report or Liberty Bell Magazine, wherever they serve to stimulate appropriate interest. We appreciate your understanding of this matter.

Hello, Racial Comrade Eric!

2.15.77

Your publications all arrived in good order. I really appreciate them. They will be well shared with others.

I have not seen White Power Report Number 1, concerning Mason. If available, will appreciate. As you pointed out, it is of no real importance.

The prison parole committee which advises the parole board meeting in April has advised "no parole". This is no surprise for me. The Klan never gets paroled. It does the whole time. In the eyes of the feds, there are no ex-KKK — once in, never out. White Racists, KKK or Nazis are all the same family to them. Maybe we should start acting like one.

Our Race is Our Nation!

Bob Miles

Editor: We're with you, Pastor and we'll see what we can do to help get you out. Your imprisonment, like that of Rudolf Hess, is a stain upon us all. As long as you reside behind bars, we cannot be proud of ourselves as White People.

Comrades of the WPM:

2.28.77

With enemies like Mason & Co., who needs a friend? Seriously, how much do you pay him for making you look so good? If I pledge to make a monkey of myself, will you slip me some shekels?

C.W.,NC

Editor: Seriously, he does it for nothing. Thank you for the offer, but one monkey is all we need for an advertising gimmick. Care for a banana?

Dear Comrade Campbell:

2.25.77

Thank you for your excellent response to my question on the use of the Holy Swastika as our symbol. Your answer is correct and well-taken, forever clearing up the doubts I had about the symbol.

It is a joy to my spirit to find the REAL White organization. Please send me some recruiting material.

Yours for White Power,
R.D., Idaho

Editor: Welcome to the fray!

Dear Comrade Dietz:

2.22.77

I enjoyed the February issue of WPR, especially the article on Proper NS Conduct by Comrade Stevens, which I agree with completely.

I noticed in the "Letters to the Editor" section that there was mention of a new phenomenon in 'pop music' called "fascist rock". I firmly believe that there are other ways for us to reach the White youth of today rather than having NS music played 'nigger rock-style'.

It is true (thanks to the kikes) that the majority of White youth today are more or less long-haired, nigger-loving, hippy liberals. However, it should be the duty of us National Socialists to win the White youth away from the degenerate hippy 'culture' and not condone, promote or indulge in it ourselves.

Another thing: Are there any non-kosher books available at present pertaining to the life and NS career of Reichsfuehrer SS, Heinrich Himmler?

Keep up the great work!

Yours for the Aryan Race,

R.L., IL

Editor: Not that I know of, but I'll check around. You keep up the good work too, Comrade L. We need straight-thinkers like you.

Editor, WPR:

2.3.77

I address this letter to all National Socialist leaders:

Gentlemen, I am not a politician. I have no desire for the troubles and burdens that being a politician and leader brings. I am simply one of the great White masses who stands helpless and confused by a world that is literally going to pieces before my eyes. As I see this progressive disintegration of our society, I have looked around for groups or organizations that can guide our people out of the Jew-Black swamp into which we have fallen. Finally, in desperation, in spite of thirty years of jewsmedia brainwashing, I have sought salvation and relief under the Banner of the Holy Swastika, badge of the Aryan Race.

But what do I find beneath this sacred flag? Leadership? Solutions? Progress? No, none of these have I found. I have found a disorganized mess of competing groups and men, none of whom seems able to put aside their personal ambitions for the good of Our Race. Adolf Hitler is gone and he was struck down by the same divisive spirit that today controls so-called National Socialism. It would seem that the enormity of the task facing White Nationalists would require that the burden be thrust upon one who sought to avoid it.

Are you all so completely sure of yourselves that you feel competent to lead A RACE? Can you bear the burdens and hopes of millions of White people around the world? Can you accept so easily the risks that will come to the one who dares to lead us? I do not envy The Man who eventually inherits this cosmic mission of our Aryan People.

Please, in the Holy Name of The Aryan Race, settle your differences. Find a means to lead us. At present, National Socialists cannot even lead a coalition of the Right because of our divisive posture. We should be the leaders of the Right in this country. Instead, we dawdle about while our Nation and People sink ever deeper into the slime. As we procrastinate, the new puppets of Zionism in Washington has legalized treachery and treason. Interest rates and prices climb and the Jew owns more and more of our country and our future. Blacks rape our women and invade our living-space. The time for unity is now!

In hope for a National Socialist Future,

D.R., OKL

Editor: Well said, Comrade! It is high time we did look at the cosmic dimensions of our racial conflict, as did our Leader, Adolf Hitler. There is far too much pettiness in the ranks of self-styled National Socialists, and a true National Socialist is never petty — he is great!

Withdrawing to a cosmic overview for a moment, we see that we have no need to be so frenetic. Certainly, there is no need to behave like a victim of some nervous disorder who lashes out in all directions. Once we have seen what is going on in the big picture, we can resume our course in the direction of White Victory, but we can do it more calmly, now that we see that we must produce a balanced and sustained effort. Leadership and racial destiny, a race's duty before God or Nature or the universe, are not to be won by any one-shot effort. They are the organic outcome of a slow maturation process, a gradual awakening. We have been asleep, many of us, on the battlefield, and now Our People is waking up to the clash of arms and the trumpets of the enemy in our midst. It is a rude awakening indeed! Until our warriors have rubbed the jew-dust out of their eyes, and shaken themselves, battle cannot be joined, however loudly the captains call. Because our brothers and sisters still sleep upon the battlefield of racial confrontation, many will be slain before they awaken. This is sad, but it appears unavoidable. Let us hope the blows of the enemy serve to jar them out of their slumber and not destroy them, for the most part.

It is indeed fortunate in one respect that the Jew enemy of Our Race rules over us. He is a great teacher and once we learn his lessons, we shall never come into his clutches again. Not only does he teach us (and we pay heavy tuition whether we learn anything or not), but he acts as a perfect screen through which only the best of our racial leaders shall rise. If the Jews were to disappear at this juncture, Our People and our would-be leaders would be hard put to avoid repeating the evils of the present Zionist regime — without the Zionists.

We can approach our struggle with serenity, for Race is a basic fact of Nature. If it were otherwise, the Christian churches and the Jews would have erased it from our minds

centuries ago. I have had the benefit of a truly liberal education, every proposition of which seeks to deny racial differences, but in my work and my travels, in my research, I come across this irreducible nub of truth: Race. Its very denial makes it loom all the larger in respect of human problems. You cannot escape it. This is why forced busing is not totally bad. It produces Racists. The Jews think they have us cowed by their Black battalions, but they are wrong. Our White youth tell me this is not so. They look for leadership, our leadership.

The times find the men, as the saying goes. Lenin phrased it thusly: "Without objective conditions, there can be no revolution." Che Guevara and Joseph Tommasi tried to produce the revolution without the objective conditions, although they were on opposite poles politically, they both proved that such a strategy does not work. I discussed this matter with Tommasi before he died, but did not succeed in diverting him from sudden destruction. After all, he was a man with a grievance and he was indeed a man of action.

Choosing a leader is the most democratic of all historical processes and the masses certainly get the leaders they deserve. A leader is, above all, relevant to the needs of his people. If not, he may have a strong personality, charisma and organizational ability without leading his nation. It is one thing to lead a sports team and quite another to lead a nation.

White America has weighed the Right Wing leaders and found them wanting. Is this rejection due to one or more of the following reasons? (1) Poor quality of leadership; (2) Irrelevant approaches; (3) The time not yet ripe for a truly racial leadership. The readers' ideas are always welcome on the subjects of organizing, building a movement and producing leadership. WPR is a National Socialist workshop wherein we put our heads together. Let's get to work, Comrades!

Dear Mr Campbell:

3.10.77

Thank you for your interesting reply to my letter which you have reproduced on page 26 of the February WPR. I've reread your reply many times, as it is most thought-provoking regarding the seriousness of choosing a life devoted to Our Race. It was good to hear of your own firm dedication to the cause.

I'm glad my letter was able to serve as an opportunity to address younger Americans who have asked themselves about what their private and racial responsibilities as White People mean.

Also, I'm glad you were able to use the interview with Mike Shaw in the same issue.

Sincerely,
W.M., IN

Dear Mr Dietz:

2.2.77

Enclosed you will find \$14 for my subscription to WPR. Thanks for the samples.

I hope you continue to attract the support necessary to allow the White Power Movement to expand as well as to increase circulation of your two excellent publications.

With the expected return to regular publication of the NSWPP's newspaper, "WHITE POWER" I would like to see news coverage of their activities in your magazine, along with those of other NS groups which have been included in Action Report.

Sincerely,
J.G., Canada

Editor: You can say that again, Comrade! We also would like to see some news emanating from Arlington.

Dear Racial Comrades:

3.2.77

I would first of all like to say that I am impressed with the WPM and its two supporting publications which expound the Movement's philosophy, White Power Report and Liberty Bell, the latter which has improved in the last few months from being merely good to really great.

The White Power Movement impresses me primarily because it has formulated a set plan to relieve the White Nation's problems and in this way it stands above many movements of the racist right. I use 'right' for lack of a better term, perhaps "Hard Center" is better! Not only do you present a set plan, you also expound upon it and your philosophy in your publications and this is commendable. The Movement for the Salvation of the Aryan Race

March 1977

25

must first of all have a well-formulated program to solve the problems facing Our Nation and it must be positive, not negative. It must place the welfare of the White Race and its Victory above the Movement itself and the leaders of the Movement. The truth is that great movements and their leaders are not personally power-hungry and do not imagine themselves in the Hollywood Nazi role of all-powerful potentate or dictator — they are not 'fuehreritos' or 'little Fuehrers' playing at being Adolf Hitler as portrayed by the jewsmedia.

The truly great Racial Movement must be willing to co-operate with racialists of other races, for the good of all races — geographical separation — even though we recognize these others as racial enemies. The Movement must recognize the Jew as THE ENEMY and must work for a truly final solution to the Jewish problem: Death to all Jews guilty of anti-White activity and the settlement of the remainder in a land of their own, a land forever to be unarmed; a giant, self-sustaining ghetto. The logical place for this might be in the area of the ancient Khazarian kingdom as well as a small piece of land in the present day area of 'Israel' for the few Sephardic Jews. Thus, both sets of 'Jews' would live in their respective national homelands and since they advocate abortion and birth-control so much, they would have to practice what they preach so that their numbers would not overflow their national boundaries.

The Movement must punish all those who have worked to the detriment of the White Race (regardless of their race or creed) and must work to replace Judeo-materialism with a new philosophy, a religion, which places proper emphasis on the truly important things: The Worship of God (via positive Christianity), the Honor and Duty of Race, the Love of Family and finally, the betterment of one's self which can only come through Work, Honor and Love. The Movement which expounds these ideals will be the one which saves America for the Aryan Race.

I enclose a subscription for WPR and would like to know if you accept articles and manuscripts for publication either in your magazines or in book form. I would appreciate your disclosure of editorial policy in this matter.

I believe that the WHITE POWER MOVEMENT has the potential to be a truly great movement if it continues on its present path.

Yours for White Victory,
M.B., VA

Editor: Articles and manuscripts are welcome and will be returned to the author if sufficient postage is supplied for return to the sender. Book-length manuscripts are treated on their individual merits and special arrangements are made in regard to such material which are tailored to our financial requirements as well as those of the author. They say that every person has at least one book within him and manuscripts are as individualized as the authors from whom they spring. An editorial job is many things, but most of all impressive when one views the many forms of human thought. Thank you, Comrade, for your thoughtful and thought-provoking letter.

Dear S.K.:

2.24.77

Though Comrade Harlan Stevens gave you a very accurate answer, I feel that I should respond to some of your statements. First of all, you appear to have assumed that my article was a deliberate attack against you, which raises a question in my mind: Why?

Despite your obvious lack of knowledge about National Socialism, I must recognize that all you say has its origin in a true and honest desire of improving prospects for the White Race. I am sure that you will fight for what you believe and I might add that the little spark of ideology which you carry around at present may, with proper care, become a real fire of National Socialist zeal, one day.

If, in your letter to WPR No. 4, you meant that you have an occasional indulgence of beer and coffee and I failed to understand the real meaning of your words because of my poor English, then please accept my sincere apologies. I am happy that the ladies whom you date consider you to be a gentleman. I certainly am not a monk and I do enjoy a few drinks and admit a preference to tea, rather than coffee.

You are also correct that pop music has a tremendous potential indeed: A week ago, I witnessed some 50,000 teenagers destroying a whole stadium during a rock festival. Nigger music drove them crazy. I suggest that there are lots of things which can be done, other than this, to attract and to stimulate people. Adolf Hitler did not get the nigger jazz artists of his

day to draw crowds to the Sportpalast, nor did he stage monkey-style love-making to pack them in. Funny about Hitler — he broke all the rules of Jew publicity by offering something wholesome and uplifting, something challenging. He invited them to festivals of joy and strength, not electronic orgies of perverse self-indulgence and dissipation. Those who left the NSDAP rallies said they felt energized, not enervated, even though they had cheered long and lustily and marched interminably.

I regret that my statements seem to irk you. You have drawn what is to you a contradiction in my beliefs: I am making pronouncements, you say, as “a keeper of world morals” and then mention bodies in the river. Well, I am no Christian, but even Christ did not kiss the Jews at the temple; he used that nice, ‘nazi’ whip, remember? And, alas, he did not like “gay Christians”, although he taught love for everybody. I am waiting for some “pop minister” to tell me that Christ was nothing but a reactionary with lots of “hang-ups”.

As I recall, I did not say that you were a profiteering Jew agent. I will state my exact meaning: You are a tool in the hands of the Jews. The Jews know very well, as I do, that if you want to succeed in a political struggle, you have to use all the tools at hand. The Jews will not molest you, if you follow the course you have mentioned. They might even help you.

Believe me, I would use ANY tool against the Jews, but we must not confuse tactics with strategy. We must not allow opportunism to destroy our moral foundations. I would not call any homosexual, degenerate or madman a “National Socialist”, just because he starts a riot against the Jews. National Socialism is a whole lot more than starting riots against Jews.

I remember the famous “Playboy Magazine” interview with Commander Rockwell. He gave a good description of what he would do with “gay comrades”.

Come on, Seth, let’s be honest: You need to do lots and lots of reading and researching. Get away from the garbage which now surrounds you. You do not need to take my word, just read over Comrade Stevens’ article.

Heil Hitler!

Dear Mr Dietz:

HELP!!! I need some anti-Wiesenthal leaflets!

I’ve just found out that the master Nazi-hunter will be speaking at the University of Miami this coming February 28!!! It’s all going to be a one-sided affair, since it is sponsored by the B’nai B’rith Jew Student Center. I just thought I could provide a little opposition.

I haven’t much money with me, as it’s all gone into the NSPA, NSWPP and the NSM. I can only spare the enclosed 65 cents for literature you can send, but I WILL SPREAD IT ALL AROUND THE CAMPUS, I can assure you of that!

The NS Movement must have publicity down here and we’ve got to put a little pressure on Wiesenthal!

By the way, I’ve really enjoyed all the previous literature you’ve been kind enough to send me in the past few months!

Best White Power Wishes!

Editor: I appreciate your request for propaganda materials and express my condolences that your financial situation is in such dire straits. Ours is not so hot either, and as we must devote every penny to maintaining the standard of our publications, I regret that we cannot be forthcoming with anymore freebies. We have introduced ourselves to the White activists and we are willing to support those who support us. Otherwise, we fall back on our large stock of sad experience which tells us that ‘what comes easily or cheaply is never appreciated’.

If you are a true White Power activist, you will have no difficulty in thinking up a way of getting the White Power Message across to the Wiesenthal crowd. If you are not versatile, determined and creative, you will not be able to achieve much at all, even with our leaflets.

What I cannot understand is your obvious lack of support from the organizations you claim to be supporting. You said in a previous letter that you are “into the Chillicothe thing of Jim Mason”. If that is so, why can’t Mason or Brannen come to the rescue? They have

plenty of money to go tripping around the countryside, visiting imprisoned White Racists. Funny thing is, after their visits, the White Power prisoner activists are suppressed by the authorities. Apparently, those two are afflicted with a 'reverse Midas-touch' so that everything they come into contact with turns not into gold, but into rubbish.

Well, all I can say is, keep up the good work, whatever it is you are doing. WHITE POWER!

Dear Comrade Dietz:

3.7.77

Received the books today and appreciated them very much. I had a slight problem getting them, but did receive them at long last and that is what is important.

Sorry for not having written lately, but I've got a mountain of correspondence. We have had to discontinue the Pioneer Prisoners' Newsletter at least temporarily [because of official suppression], but we hope to have it functioning again in a short time. I would appreciate it if you would mention in WPR that if some of our comrades wrote and didn't receive replies, it is possible that the authorities got their mail or it is possible that, at the time we received their letters we were unable to answer them. Usually, letters go unanswered not because we do not want to answer them, but because we can't.

I don't want anyone to think we have deserted the struggle by any means. It is just that we must do the best we can under the circumstances. I am sure everyone will understand.

Many thanks for the letter you wrote the judge [requesting that prisoners be allowed to receive our material, Ed.]. Keep in touch and keep up the good work!

WHITE POWER! Jim Parker

FLASH

JEW ASSASSINS STRIKE!

On January 29, 1977, two Jew or Jew-hired snipers ambushed and fired five bullets at Major E. William Gaedtke, leader of the America First Committee and the American Friends of Rhodesia (Box 4, Dunstable, Mass. 01827).

He was struck by one bullet, which lodged near the lungs and is expected to remain in hospital under seclusion and intensive care for at least two months.

This is the most serious murder attempt the Jews have made against him since December 18, 1975. On December 24, 1975, three Jew hirelings were caught by police after their attack on Gaedtke's nephew with baseball bats in Lowell, Massachusetts. To avoid further adverse publicity, the Jews postponed their assassination attempts against Gaedtke himself until the trial of the three hoodlums in Lowell was concluded with a favorable verdict of light sentences, thanks to Jew money.

Now that the trial is over, the Jewish assassination attempts have resumed. Major Gaedtke's following has grown greatly in the last year and is more influential than ever. Gaedtke has been speaking before many groups and his continued publicizing of the Nixon-Kissinger Vietnam scandal story of Admiral Ira McMillan (box 4598, Berkeley, CA 94704) seems to be frightening the Jew Mafia out of its wits.

The attack on Gaedtke's nephew had been intended to disrupt Admiral McMillan's presidential primary campaign. In 1974 the Jews murdered Gaedtke's brother and sister-in-law after Gaedtke had first printed the McMillan Vietnam scandal story.

The violence against Gaedtke needs to be publicized far and wide. Also, Gaedtke needs funds for medical expenses and the America First Committee needs funds to continue the fight.

A FUND APPEAL

by Harold Covington

This, as you will see from a cursory examination, is a fund appeal. If, like many readers of WHITE POWER REPORT, you subscribe to other right wing and/or racist publications, you have no doubt seen quite a few such epistles from time to time and after a while, they all start sounding alike: "Dear Patriot...", "Dear White Christian...", etc. "We are so concerned about the erosion of our great Constitution, the Panama Canal, the Insiders; this, that, the other thing..." and so forth and so on, all ending up with "your donations will be deeply appreciated", blah, blah, blah.

This appeal is going to be somewhat different. For one thing, it is written in the first person, as if I were talking directly to YOU, which I am. For another thing, I am not writing an appeal for myself or my organization, but for another outfit which, at this stage, needs the money even worse than we do down in North Carolina. For yet another thing, I'm not going to try to slip the shekels out of your wallet with honeyed words and fawning pleas. I'm going to lay matters on the line as bluntly as I possibly can.

Right now, White Power Publications is running in high gear. We are putting out two monthly periodicals, LIBERTY BELL and WHITE POWER REPORT. We are putting out the whole line of Christof Friedrich books, which are a fantastic contribution to the literature of National Socialism, especially the more recent ones like "THE HITLER WE LOVED & WHY". We have loaded up National Socialist groups around the country with, quite literally, tons and tons of leaflets, stationery, internal office forms and other printed matter.

The WHITE POWER MOVEMENT is expanding its organizational activism and recruiting program so as to attract those with leadership potential into its ranks. Its distribution points are multiplying along with a growing network of contacts within the System's prisons across the land. It maintains extensive contacts abroad with other White activists. Bit by bit, people are jumping onto the WPM bandwagon. Eventually, the small cells of activists will grow into full-fledged National Socialist units. The future of National Socialism has never looked so bright since the tragic assassination of George Lincoln Rockwell in 1967.

All of this has been made possible by one man, George P. Dietz. For the past three years he has put his all behind the White Man's Fight. He has devoted effort, time — seventy to eighty hours a week of it — and a personal fortune to this cause. In return, he has been hassled, mooched off of and taken for a ride by just about every creep and deadbeat in the right wing. I'm sure you all know the type I'm talking about — the "patriots-for-profit" who fasten themselves onto the right-wing, racial movement like leeches and suck its lifeblood dry.

These sharpies loaded themselves up with huge quantities of material which George printed for them at cost only, plus huge quantities of "freebies" which George just plain gave them as his personal contribution toward their efforts. The only thanks he ever got were effusive letters which gushed with fulsome flattery and a multitude of simpering excuses as to why there were no checks enclosed. Somehow, this always seems to be the case. Our worst enemies are not the Jews, the Reds, the niggers or the federal stooges who serve them, but our own so-called 'comrades'.

The last straw came last spring and summer, when George tried to collaborate with a miniscule "National Socialist" splinter group in Ohio, a bedroom Berchtesgaden outfit whose principal figure turned out to be a whisky-sodden nut case who wanted to use George's presses and reputation as a soapbox for his squalid personal vendettas, foul-mouthed ravings and hysterical calls to mindless violence and the forcible overthrow of the government.

But George's work has not been utterly in vain. He has picked up quite a few genuine NS contacts along the way, and having been born and raised in the Third Reich himself, he knows what is NS and what isn't, so he heaved Jim Mason out on his ear and started his own, genuine NS publication, WHITE POWER REPORT.

It's been going for six issues now, and everybody agrees it's the hottest thing in the Movement. We know, because we get dozens of letters every day telling us so, going into raptures over how great it is, how the letter-writers enjoy the articles and features, how they're with us all the way and want us to keep up the good work. The only trouble is, those letters don't contain anything BUT praise. It would be a better pat on the back than ten pages of congratulations if those writers would enclose a buck or two, or five or ten, or better yet, a nice, crisp twenty of the sort we never see around here.

I want to get a few things straight at this point. I'm running my own group down in North Carolina, but I spend a lot of time up here in Reedy helping George put out his stuff. Both the NATIONAL SOCIALIST PARTY OF NORTH CAROLINA and the WHITE POWER MOVEMENT seem to have the same problem: People think we're pen-pal clubs instead of political organizations. This is a major problem in the Movement and has been for years. If you don't fall into this category, you'll know it and you won't be offended by what I'm saying here. If you ARE offended by it, then it's probable that you are one of the guilty.

Now that we understand one another, I'd like to ask our readers to do us a few favors:

(1) Don't write long, chatty letters telling us how awful the Jews and the niggers are. WE KNOW HOW AWFUL THEY ARE, a lot better than you do. If you have something specific to contribute, an article or a pertinent news item, fine! Lay it on us. Otherwise, please don't waste our time.

(2) If you have friends whom you'd like to receive introductory material, great! That's what we like to hear. Send us their names, addresses and \$2.00 apiece and they'll get a large packet of stuff, but kindly remember to enclose the bread. We have a limited amount of free introductory packets which we send out to unsolicited inquiries which we get from stickers, leaflets, etc., every week, but we can't afford to send out free intros for the asking when you can pay for them.

(3) Make it a habit, when you correspond with the WPM for any reason, to fish around in your wallet before you seal the letter and toss in the odd one or two dollar bill you find there.

If this sounds like we're a bunch of money-grubbers, you're right. We're desperately grubbing money to keep this effort going up here and at the same time to build the WHITE POWER MOVEMENT into a viable instrument of change. I'm sure you will agree that it is high time for a change in White America's fortunes! We can bring about that change, if we can sustain our effort and we can do this only with money, your money. It's that simple.

Nobody is getting rich up here. George's associate editor, Eric Campbell, works without pay, as do I when I'm up here. George has a family to support and he is fighting off the bill-collectors with an axe. So will some of you White folks kindly shell out a few dollars. After all we're doing this for you, too.

Once again, I am not speaking to the people who have given their all in the past and are giving their all now. We are lucky to have a few of these true National Socialists. I am speaking to the people who are sitting on five and six figure bank accounts and every now and then are 'overwhelmed' by the urge to toss us the odd fiver. I am speaking to the people whose monthly beer budget tops their total donations to the WPM by a large amount. I am speaking to the people who express their National Socialist sympathies by blowing five or six grand on a 'pilgrimage' to Braunau and Munich and Obersalzberg, but once again, can find only the odd five or ten dollar bill to spare for us.

I am asking you to put your money where your mouth is. Our material is the best in the Movement, our leadership of the highest grade and the people we attract are the best, bar none, that the White Race has to offer. But we must have the resources to operate and if we don't start getting some support up here pretty soon, we're going to have to cut back operations.

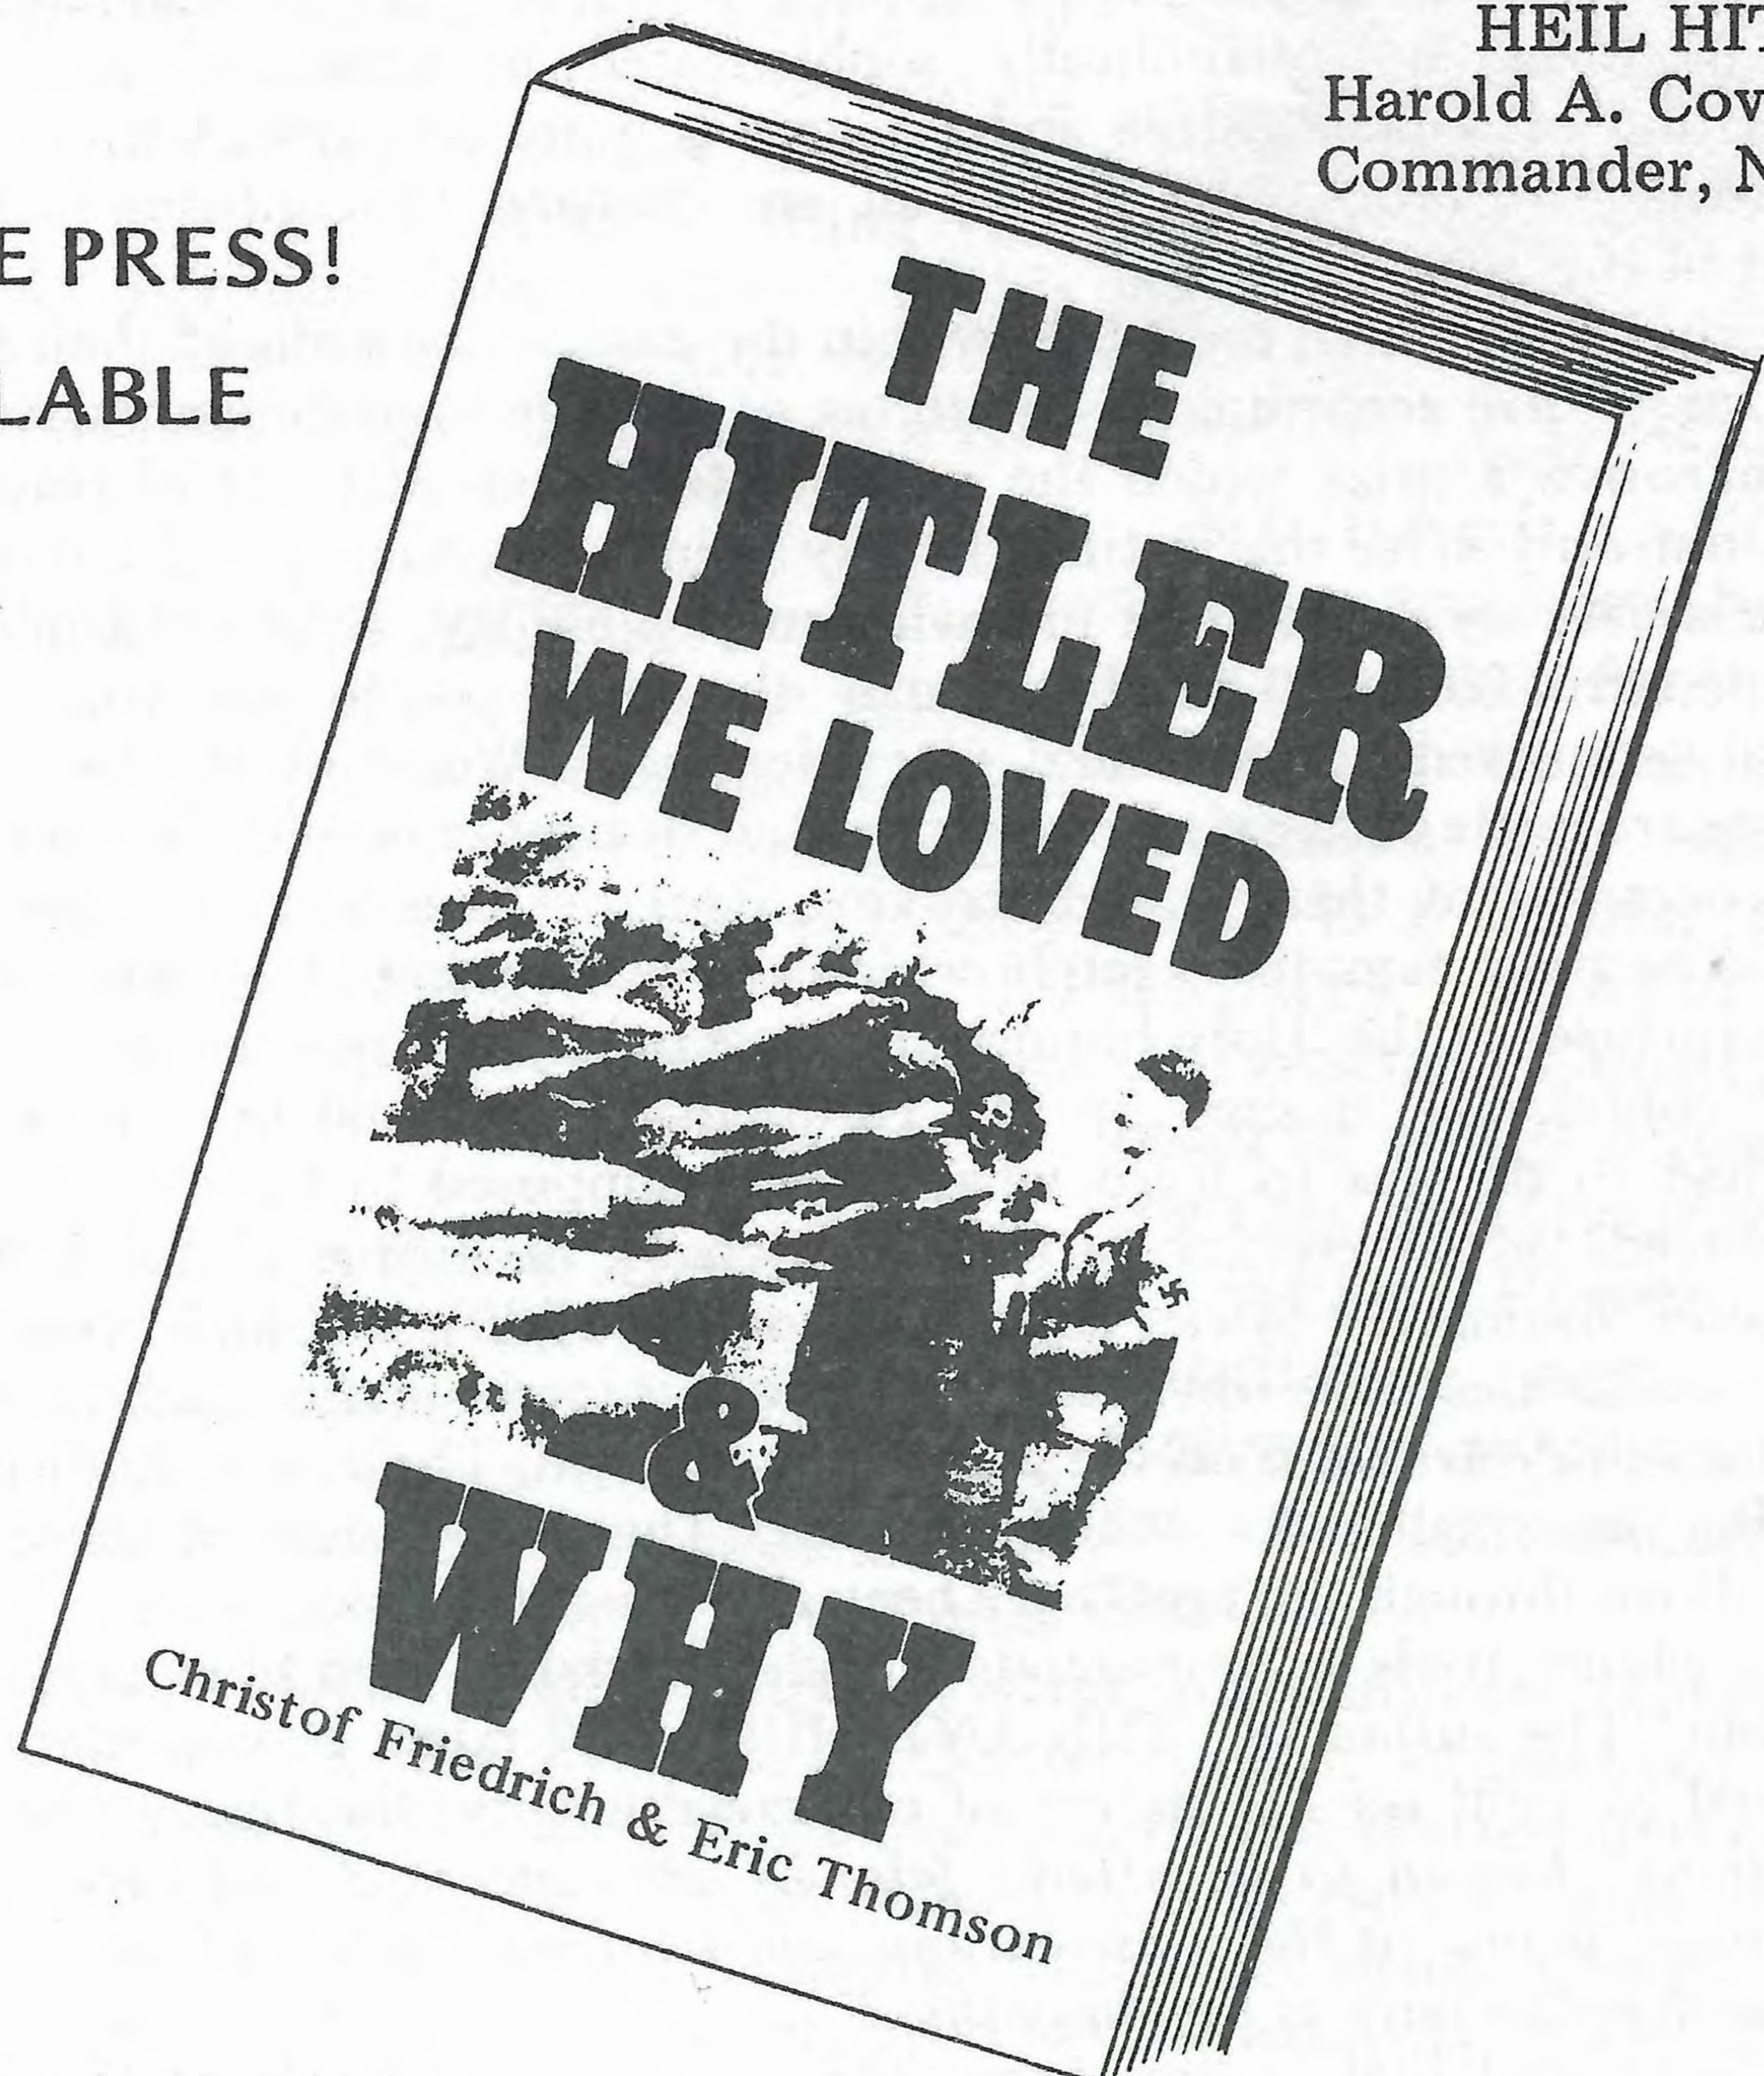

Donate what you can, but if you don't want to donate, then at least order material, books, pamphlets, leaflets and stickers and then get out on the streets and get it into the hands of your fellow Whites. I would also like to ask everybody who hasn't done so to order a copy of the great eye-opener: "CHINA, THE JEWS & WORLD WAR III". This is so hot, the right-wing book distributors fear to stock it! And I don't mean because it won't sell — it is dynamite and they don't want to be too close to it for fear it might go off.

National Socialism is not something one dabbles in or leans toward philosophically. It is a creed for daily living and I'm asking you to start living that creed, to send in as much money in orders and donations as you can possibly afford and when you receive the material you have ordered — get it out and do something with it, rather than let it sit around in your closets and attics. If this Movement withers and dies because those who are awake to the dangers did not feel sufficiently concerned to support it, then the White Man deserves the racial extinction which will be his fate. If that happens, it won't be our fault. **IT WILL BE YOURS!**

THE ANTI-HUMANS by D.Bacu, now available from Liberty Bell Publications for \$5.25 plus 50 cents postage.

This study of talmudic torture and brainwashing is well-named. We are treated (in the sense of treatment, not a treat) to witness an experiment, using hundreds and thousands of human beings as guinea pigs, all of whom are earmarked for destruction at the conclusion of the experiment. After all, they were only *goyim*!

But we non-Jews should nevertheless pay strict attention to these sadistic proceedings against the souls of these, our racial brothers, for in their fiendish attempt to destroy the human soul by reducing men far below the level of animals, the Jewish mind-manipulators reveal to us many facets of human nature which we do not know or would prefer to forget. These facets are reality. If we build our White Survival Movement on other than these, we build upon quicksand and we shall go down to racial defeat and extinction.

We see how the brittle, the 'fanatical', resist being 'turned around' 180 degrees by the mind-manipulators. They resist far longer than their weaker, more flexible comrades in chains, but eventually, after months of torment, they too yield. It is the strong believers who cling most tenaciously to the alien input or 'new outlook' after the initial pressure is removed.

The mind-changing techniques applied in these stark Romanian prisons is crude and brutal in form, but diabolically sophisticated in terms of psychology. This satanic combination of sophistication and savagery is quite effective. With the exception of those who escape the process by death, all are changed to conform to the Jew commissar's concept of the 'new man'.

The choice which all must face within the dank stone walls of their talmudic test tube is: To die or to live according to the terms of the alien mind-manipulators. In this situation, death becomes a prize which the manipulators keep just out of reach. Sometimes, death comes, but only after the victim, the *goy* guinea pig, has yielded himself to his tormentors.

Here we see an experiment in Pavlovian psychology, conducted upon real human beings — the control of the mind through the body — in an atmosphere of treachery, fiendishly-contrived torment and utter depravity. Worst of all, there are no heroes. The unwilling are made active participants in their dearest comrades' destruction.

The occasion of these soul-destroying atrocities is recent, but they have a long history indeed. The most famous example which comes to mind of systematized sadism would be the vile tortures of the 'Holy Inquisition' directed by the Jew 'convert' Torquemada.

The 'confessions' desired by the Torquemadas, old and new, were ready-made. All the victim had to do was to learn what he was supposed to have done and acknowledge the foulest deeds as an eternal part of his person, his being, his soul. We saw this type of 'confession' during the Soviet show-trials of the 1930's and at Nuremberg after World War II. The similarities were obvious: The same self-incrimination, self-abnegation, the obvious desire for self-destruction on the part of the accused. Those who studied the Eichmann Trial noted the same hallmarks — and why not? The perpetrators of these insane mockeries of justice, down through the ages, have been the same: the Jews!

Using phony trials as propaganda is understandable, even to cynics, but most 'trials' were not public! The author of "THE ANTI-HUMANS" raises an important point which sheds a great deal of light on the nature of our racial enemy, the Jew: *"The need to extort such 'confessions', known to be utterly false by all concerned and utterly useless in SECRET proceedings, is one of the most curious and significant traits of an alien mentality that the West can describe only as psychopathic."*

It is suggested that readers begin their study of this subject in its specific context of Romania by starting with "FOR MY LEGIONARIES" by the great Romanian patriot, Corneliu Codreanu; and for a more general overview of the techniques of brainwashing, the book "BRAINWASHING", the Soviet textbook on psychopolitics which includes a foreword by the Soviet Jew Chief of the Secret Police, L. Beria. Both these books are available from Liberty Bell Publications and appear on our booklist.

ACTION REPORT

WHITE POWER ACTIVISTS IN MAYORALTY RACES

White Power candidates are seeking the mayorship of two American cities. They are Mike Ange of the White Power Party in Galveston, Texas and Wayne Whiteside of the White Unity Party in Buffalo, New York. Comrade Whiteside is also an officer in New York's KKK.

Both candidates have run into System attempts to prevent them from getting on the ballot. In Galveston, city authorities are attempting to apply an archaic state law dating back to World War II which forbids National Socialists from running for office. In Buffalo, Comrade Whiteside was refused the official nomination of the Conservative Party, a right wing group which is a legally-recognized political party in New York.

On February 14, NSWWP national leader, Allen Vincent, Comrade Ange, Comrade Mike Breda from Houston and local area activists held a rally on the steps of the Galveston City Hall, protesting the decision of the Jew City Attorney, Robert L. Shattuck which prevented Ange's filing for mayoral candidacy pending "clarification" of his status. The Jew, rather than confront the NS visitors, was spirited out of the building via a rear entrance.

VINCENT AT WORK

The National Socialist White Workers' Party is still carrying the fight to the enemy in the San Francisco Bay Area and the Jews are getting the usual case of the 'heebie-jeebies'. It looks as if they are going to become more worried still in the months to come! Keep up the excellent work, Comrade Vincent.

UWPP FLUSHES W.C.

The unfortunately-named White Confederacy is losing member organizations for precisely the same reasons that confederacies down through history have collapsed of their own built-in defects. The reader may remember that the 13 Colonies adopted a confederation form of union directly after independence and soon fell to squabbling. Thus were the Articles of Confederation supplanted by the Constitution, to everyone's relief and to the progress of the White-ruled country. The second confederacy of the Civil War collapsed in large part because the parts failed to pull together at the crucial moments. Historian Bruce Catton reports that sufficient amounts of troops and supplies were jealously guarded in the various state capitals, amounts sufficient to have staved off the defeat at Appomattox, indeed, to have mounted a counter-attack.

It looks as if history repeats itself, this time in the case of the White Confederacy. Commander Casey Kalemba, leader of the United White People's Party reported a gang-up on the part of the other active participants in the W.C., repeatedly out-voting the UWPP two to one in order to railroad the policies,

MICHAEL ANGE, a marine engineer, has filed as a candidate for the office of mayor in the April 2 Galveston city elections. Ange is a former reserve deputy sheriff for Galveston County and reserve police officer with the City of Galveston. He is a White Power Party candidate and is the Galveston area unit leader for the American Nazi Party.

programs and decisions of their choice.

As usual, the inherent defects of democracy rear their ugly heads. In capsule form (a bitter pill to liberals) the outcome of democracy is disintegration and destruction, the outcome of confederation, confusion and chaos; the outcome of committees — nothing of value. Again, we see the futility of flaunting National Socialist leadership principles which have as their prerequisites (1) Responsibility and (2) Ability. A union of cripples makes no gladiator.

NO N.E.W.S. IS GOOD NEWS?

Racial Comrade, political organizer and religious-reformer, Pastor Buddy Tucker of the N.E.W.S. movement has been imprisoned by order of a federal judge in Knoxville, Tennessee, for refusing to pay tribute to the Zionist occupation regime presently headquartered in Washington, D.C. (American West Africa, to you 'soul-brothers' out there). Tucker was convicted in December, 1974, for refusal to file a tax return.

White Power Activists picket jewsmedia HQ in San Francisco. These White Warriors teach us that quality, not quantity, is what counts. We see, from left to right, Comrades Herler, Vincent, Herler and Mattsson showing us how it's done. Keep it up until the kikes give up!

NS UNITY UNDAMPENED IN S.A.

On February 9, Commander Nicanor Dorrego, leader of the NS Front of Argentina, crossed into Paraguay the only way he could in order to avoid a formidable entanglement of redtape as well as to maintain secrecy: He and three comrades swam the wide Paraguay River in order to attend a conference of National Socialists from Chile, Argentinian, Uruguay and Paraguay. This unity conference was a direct outcome of the agreement of Villa Ballester, signed in September 1976, which is a pledge of unity between Argentinian and Chilean National Socialists.

Guardense el polvo seco, Camaradas! (Keep your powder dry!)

MEET ME IN ST LOUIS, COMRADE

The 'Equal Rights Amendment' demonstration had gone as planned, despite the sudden snow flurry which filled the streets with slush that afternoon of February 26. The shrilly-screaming marchers, who numbered from 500 to 700, according to press reports, were filing into the Christ Church Cathedral in downtown St Louis after ranting and chanting into the TV reporters' cameras and microphones. All was going in strict accordance with the Gospel according to St Marx when it happened...

"The Nazis! The Nazis are coming, oy gewalt! My life! Help, Police!"

Yes, the Nazis were coming. There they were, advancing with determination into the face of the Judeo-Commie horde — three Nazis! The talmudic terror was something to behold. It looked as if The Day of Judgement had arrived on jack-booted feet. A sudden rush and scuffle occurred as the last of the ERA demonstrators struggled to get into the sacred precincts of the cathedral, their only sanctuary from the steadily advancing Nazi Einsatzkommando. Fortunately, they made it, and the holy portals were barred to the Aryan Enemy.

The Nazis bared their terrible weapons — posters declaring: ERA IS erRATic! WHITE POWER MOVEMENT! and ERA = (Star of David containing hammer

and sickle). As if that were not enough, the Nazi counter-demonstrators chanted "WHITE MAJORITY RULE FOR AMERICA, NOW!" and "WHITE POWER!" in stentorian voices obviously well-practiced on the parade grounds of Potsdam and severely damaging to tender kosher eardrums (U). Nu, it vass not a gut day for the jooz, Izzy.

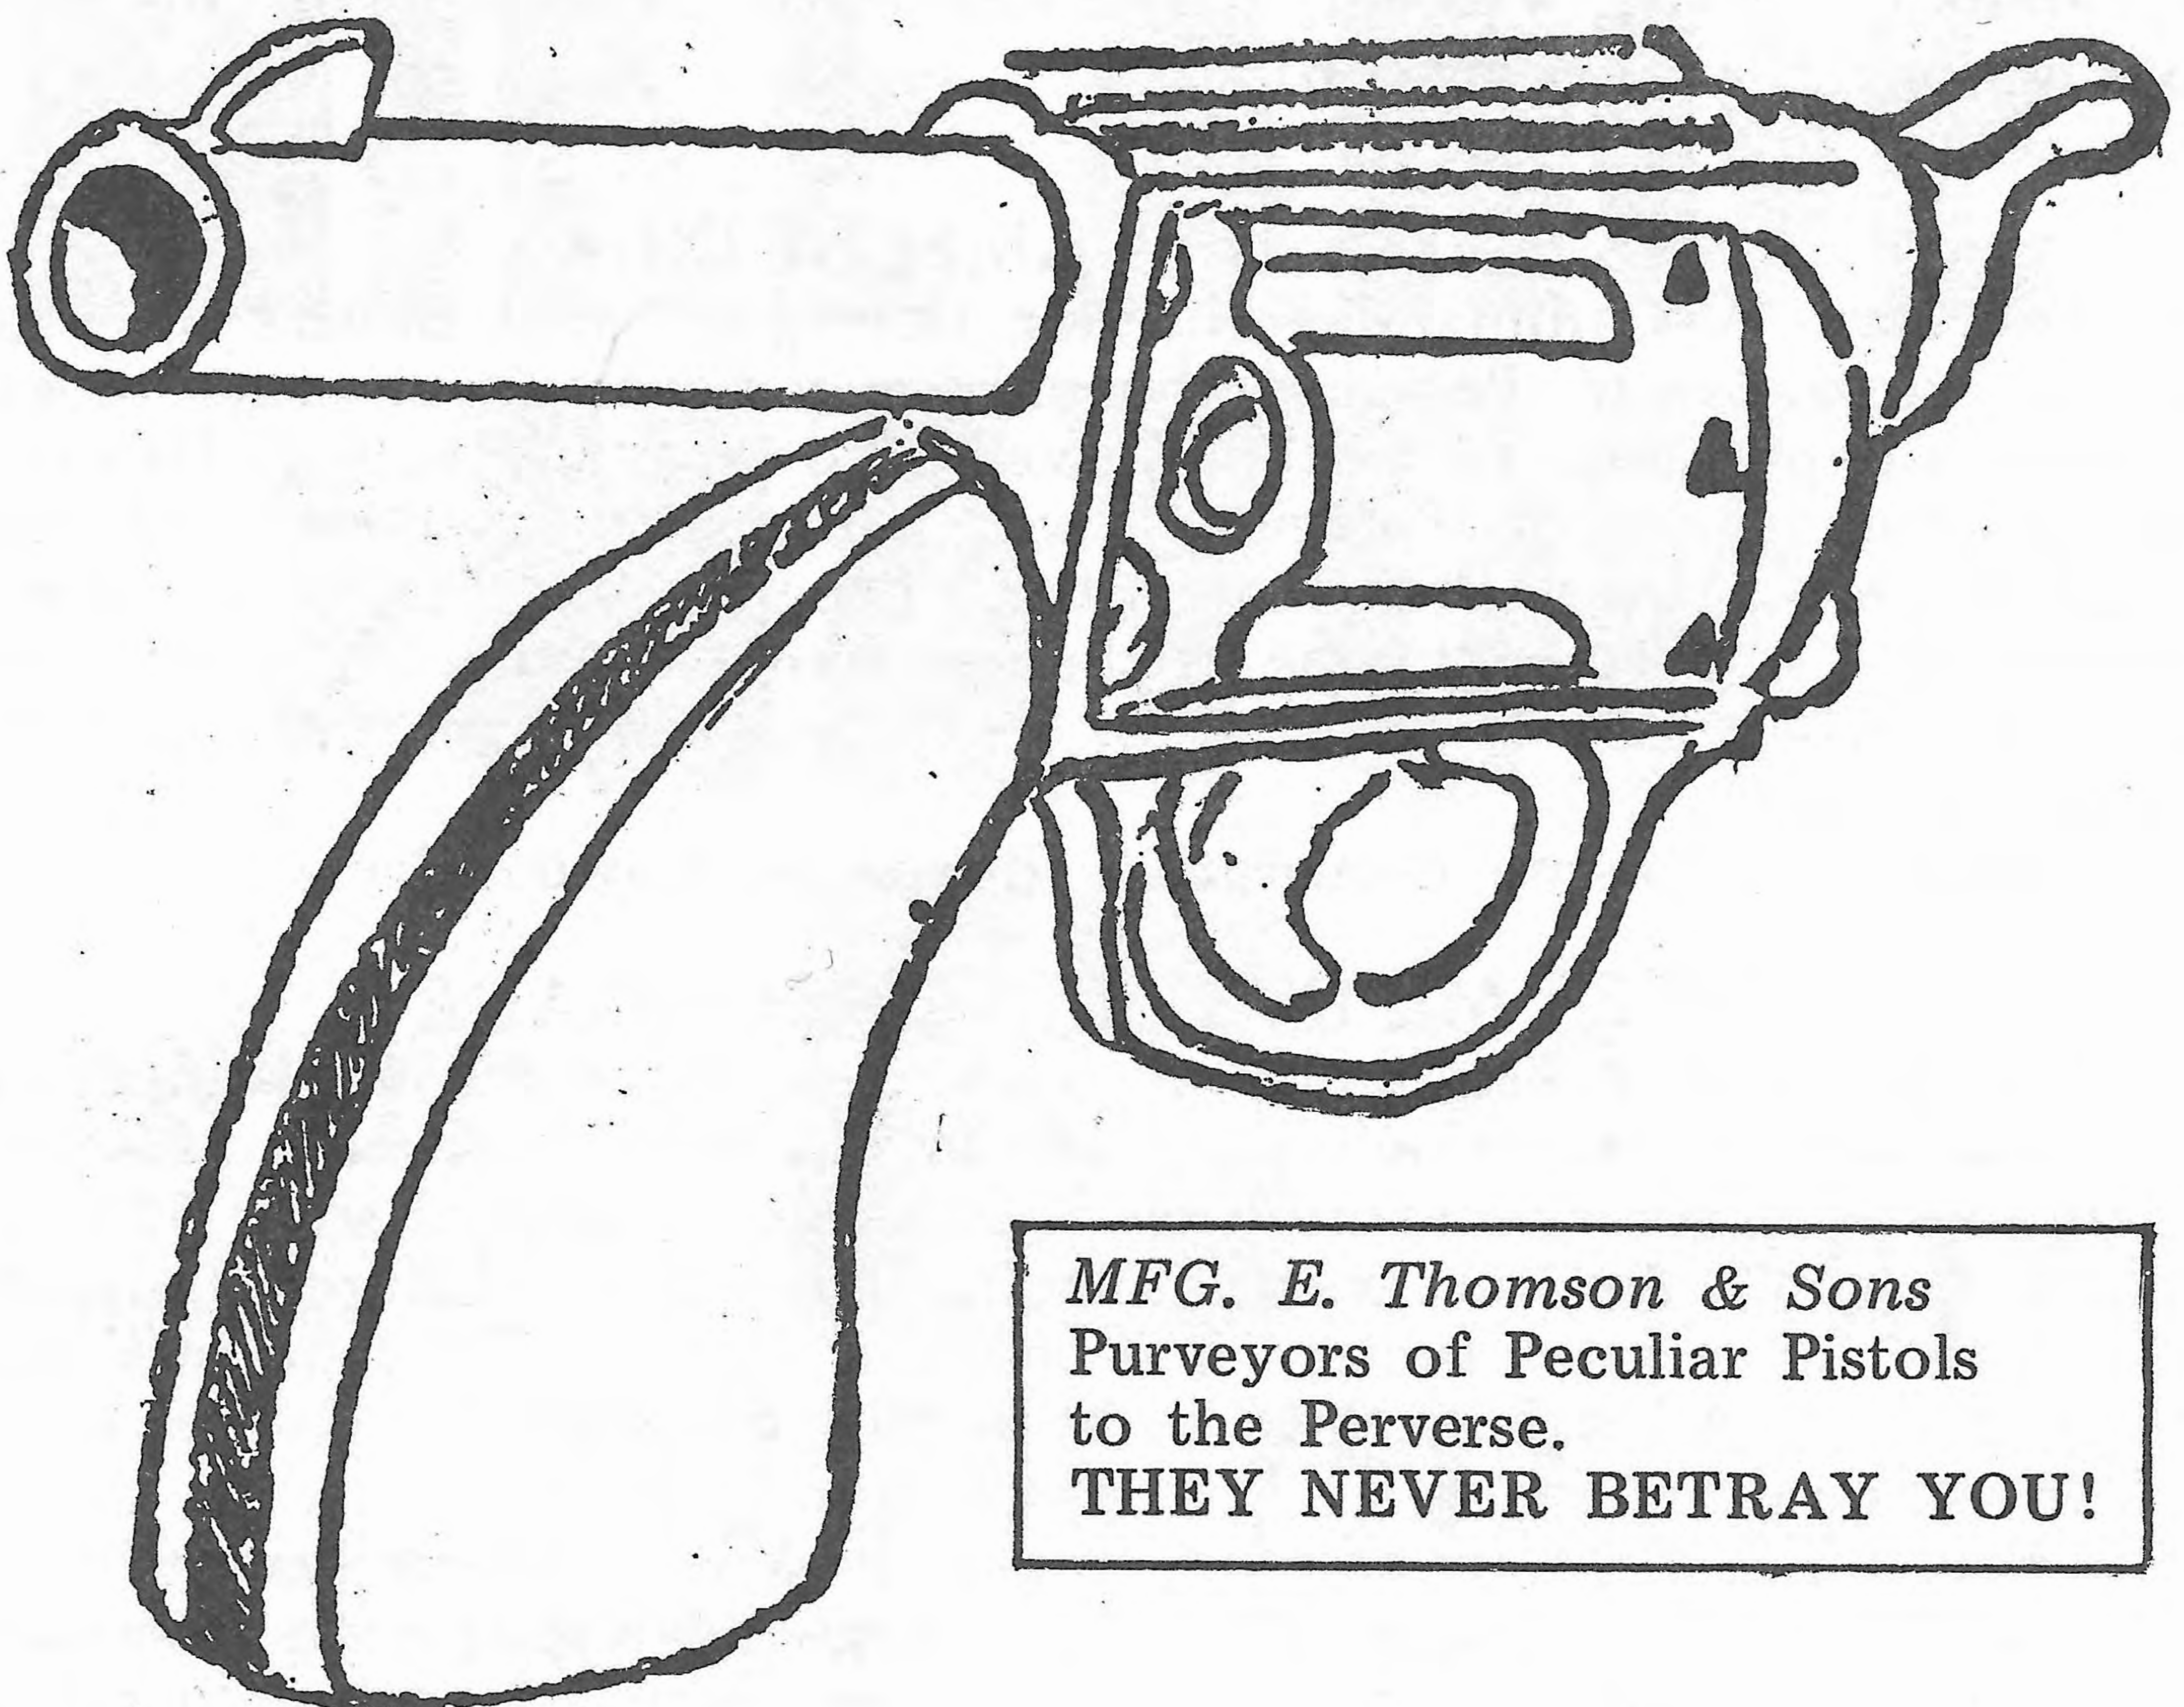

Congratulations, Mary Carr and George Schwegler! Your WPR Assistant Editor, Eric Campbell, wouldn't have missed being "the third man" for the world. I just want to know one thing: All those "comrades" I met in St Louis did not arrive. Did they get cold feet or had they pressing matters to attend to in their closets?

Comrade Mary Carr, a member of the Cathedral's Episcopal congregation, was refused admittance into the sacred sanctuary of her own church by the commie kikes, backed by nigger cops. She has written a letter requesting "equal time" to use the premises for an NS presentation, more of which we shall learn in due course.

One Mary Carr is worth two divisions of closet Nazis. An ancient Persian emperor, on seeing his navy defeated by the Greeks, exclaimed: "My men fight like women and my women fight like men!" So it goes in St Louis.

THE FINAL SOLUTION

TO THE MYTH OF THE FINAL SOLUTION

by Pierre Larouche

"The Final Solution" reputed to be a scheme for killing off European Jewry, was in fact a plan for deportation, not extermination. Madagascar was the site considered for the 'New Jerusalem' and negotiations were being conducted on the part of the Third Reich, world Jewry and the French Government, which had Madagascar as a colony. Naturally, these negotiations fell through after France's declaration of war against Germany, but the "Final Solution" lingers on in a particularly sinister guise which is extremely favorable to the Jewish swindlers who have bilked Germany of over \$20 billion dollars in 'indemnities' for an atrocity which never occurred. Never shameful of their racial traits of greed and opportunistic rapacity, the Jews now use the Holocaust Hoax to deprive us of freedom of speech. Any advocacy or statement which the Jews interpret as being 'genocidal', that is, anti-Jewish, is thus forbidden in Europe, England, Canada, South Africa and soon, the United States. The so-called Genocide Treaty which the Jews wish America to ratify is based upon a swindle. It is therefore a hoax based upon a hoax, like compound interest fees.

The Jews truly fulfill their biblical role as "children of Satan, the father of lies" and they are truly chosen, in the light of Christ's statements, for eternal damnation, but in the meantime, their lies, like ripples from a dead rat tossed into a pond, grow and grow. Already, their foul waves are lapping into the halls of academe and high school students now find themselves 'learning' about the alleged Holocaust of the Six Million in required courses, under the sponsorship of — guess who!

WHITE STUDENT ADVERSITY TURNED INTO ADVANTAGE BY YOUNG ACTIVISTS

The White student or victim of compulsory 'education', which is really alien indoctrination, has a hard time of things, whether or not he is racially-conscious and outspoken. It is getting harder all the time to be White, and the frontline troops are the White youth, specifically, White school children and high school students. They are physically assaulted by non-White gangs and mentally assaulted by Jew propaganda which poses as 'truth and knowledge', most of which must be unlearned rapidly if the student is to survive in later life.

The question is not whether we shall strike back at the enemy, but how! Here is one example of how a White high school student turned adversity into advantage and wrested the propaganda platform of the classroom away from the racial enemy in order to disseminate the White Power Message at no cost in grade points.

The Six Million are looming more and more in the classroom as the result of Jew fiat. The kikes are kwaking at the tenacity and durability of Nazism, especially its resurgence among the young because of racial tensions, the result of another Jew fiat: enforced race-mixing. If you discover a six million sneaker in one of your exams, you have an excellent opening to blast the myth. Here is a way to do it without blasting your grades as well:

HISTORY 412

February Exams 1977

The major Nazis accused of war crimes at Nuremberg in 1947 gave the following arguments as their defense:

(15 points)

- (a) Hitler in 1933 was legally made Chancellor of Germany.
- (b) The Nazi Party in 1934 was elected by a clear majority of the German people.
- (c) The Reichstag or Parliament surrendered all its legal functions to Hitler in 1935.
- (d) The Nuremberg decrees of 1936 that suspended the Civil Rights of Jews in Germany were legal Statutes of Germany.
- (e) Orders for the 'Final Solution' (killing) of the Jews were given by the legal government of Germany and had to be obeyed.
- (f) Thus, responsibility for the laws rested with the government; that is, Hitler alone was

responsible for the mass-murder of the Jews. Everyone else was merely following orders.

COMMENT UPON THE ABOVE, POINTING OUT THE FALLACIES IN THE REASONING.

Before jumping into the breach and wildly lashing out in all directions when such a question pops up on an exam, the student White Power Activist must be prepared. The motto of the Boy Scouts is certainly a good one for National Socialists as well, though few seem to follow it in practice. So now it's time to get some practice.

Such questions as the whopper reproduced above usually appear in 'modern history' courses. History teachers satisfy their Jewish paymasters by harping on this subject, possibly to reassure themselves that the Allies are still the "good guys", deep down, even if they appear rotten on the surface. After all, no one could be as bad as the Nazis. They killed six million Jews, didn't they? In other words, the teacher is often a victim of circumstances, of superficial knowledge of his subject or of outright mis-education.

Because National Socialism only has value from the existence of the White Race and because the White Race consists of people whom we are trying to defend, the means chosen by White Power Activists — politics — must involve itself primarily with people. "Isms", no matter how vile, do not threaten us, but living persons, the carriers and enforcers of these isms. Involving oneself in politics means involving oneself with people, all kinds of people, and people involvement is nothing more nor less than communication. The object of communication is to obtain desirable results, in this case, agreement on the part of the teacher — and good grades.

How you communicate is up to you, but I suggest you bear in mind a few no-noes: Never imply that the teacher is spreading a hoax and is consciously dishonest. Don't dump the whole story of the World Jew Conspiracy out at once, if at all. As opportunities arise, you can reveal the awful truth bit by bit. Remember, teachers are contemporaries, even if somewhat older. Their attention span is short and too much novelty blows out their weak brain circuits, just as it does the tube boobs who spend all their time watching TV. Also, the teacher may feel threatened by such knowledge which is utterly contrary to the official System Line, the Zionist System which provides his bread and butter or carcinogenic ersatz butter substitute. If you try to reveal the whole plot against the White Race, you may be dismissed as a paranoid mental case and find yourself recommended for sheeny shock 'treatments' at the local hebes' 'mental health center'. Keep your act straight and cool. The less an idea deviates from the norm, the easier it is to accept.

Prepare yourself for a six million question by obtaining a good source of information. The best one available to the average student is Harwood's "DID SIX MILLION REALLY DIE?" This one is good because it is cheap, well-written, factual and also because it is written by a non-German. We see that Jews are always considered objective when they write about the six million, but Germans — never!

It helps to memorize some key figures, such as the number of Jews in National Socialist Europe, the world Jew population — before and after World War II, the number of Jews claiming indemnity from the West German government and an up-date on the latest reparations payment figure.

With your facts and figures and Professor Harwood's source book handy, you will (1) Blast the Six Million Swindle (2) Save your grade and (3) Demonstrate that you are a serious and enquiring student, having been inspired in your academic endeavors by your teacher.

Here is a sample answer to the six million question previously mentioned in this article: *The crime which the top Nazis were accused of was nonexistent and therefore the entire question is void. There were approximately 3 million Jews in Nazi Europe. The number of Jews claiming compensation from the West German government is 3,450,000. This means that 450,000 Jews are claiming money to which they have no right as they could not possibly have been in Europe during the years of Nazi rule. It also means that no Jews were exterminated and that one must doubt the veracity of the many other Jewish atrocity stories as well.*

All of the alleged death camps were in Soviet-occupied territory in which no other Allied inspection teams were allowed for a number of years. This gave the communists ample time to change the appearance of the camps so as to substantiate their usual lies.

What the WHITE POWER MOVEMENT stands for:

Because we represent those members of the White Race who live on the American Continent, we enclose our ancient racial emblem, the Holy Swastika, in a five-pointed star which represents our country and because we are Americans, we proclaim our patriotism with the colors red, white and blue.

The Swastika proclaims to all that we are Bio-patriots, not Geo-patriots, because we fight for our people and not for a piece of real estate. We do not defend our land, but the right of our people to live on it. Without the White Race, we have no future and the land no value. The Swastika is not a German symbol. It has been the White Man's Symbol from the dawn of time, proudly displayed by the Vikings, the Aryan conquerors of India, Alexander the Great and American presidential candidates. The White Man's Sign belongs no more to the 'Nazis' of Hollywood than does the Cross of the Christian belong to the telephone companies.

The Swastika is our talisman against cowards, weaklings and do-nothings. It is also proof against our racial enemies, whatever their guise. Indeed, it is our secret weapon.

WE OF THE WHITE POWER MOVEMENT DO SOLEMNLY PLEDGE:

- (1) To provide the White Majority with a party which represents their interests and not the hidden hand of Zion of which the Democrats and Republicans are merely two fingers.**
- (2) To unmask the evil face of welfare state socialism and to cast this pestilence from our midst so that we may live in a healthy society.**
- (3) To unify the White tribes of America, Europe and the world.**
- (4) To halt our racial retreat from Victory.**

(5) To remove the alien exploiters and parasites from our midst.

(6) To break the irresponsible tyranny of organized crime, bloated bureaucracy, big business, big labor and secret societies.

(7) To regain national control of our money from the Zionist bankers of the Federal Reserve.

(8) To re-establish White Law and White Order in a White Society and thereby, to return Our Nation to the path of progress.

(9) To rid our society of crime and degeneracy.

(10) To create a White Society in which our racial virtues of honesty, integrity and responsibility shall be promoted instead of punished.

(11) To protect the family, which is the basis of our society and of Our Race.

(12) To ensure that honest labor and not sterile speculation is rewarded.

(13) To separate the Races into self-governing Nationstates

(14) To provide healthy and productive activities of which our youth can be proud.

(15) To remove alien control from White Culture, which is the source of our spiritual nourishment and from the professions on which we depend in our hour of need.
