DAVID DUKE FOR PRESIDENT 500 N. Arnoult, Suite V-88 Metairie, LA 70001

FIRST CLASS MAIL

THANK GOD, WE LIVE IN A FREE COUNTRY!

In Communist controlled countries, "the people have the right to vote." In fact, the law forces them to vote. If they don't vote they must pay a fine or face imprisonment!

There is one little catch: The people have no choice as to who they can vote for to represent them and their interests.

The Communist Party Bosses hand pick the commissar/politician they force the people to vote for!

Under Gorbachev things have "opened up." Sometimes under Glasnost the party bosses pick two candidates, so the people have a "choice" between "tweedle dee" and "tweedle dum." That's progress, folks. Pretty soon, the Russian people will enjoy the same freedoms we have in America: The Bosses may pick 7 dwarves!

In Florida, the party bosses called the "presidential selection committee" have given us the "choice" between a handful of party boss approved politicians. In America "everyone has the right to grow up and run for president, even a country boy born in a log cabin ... "Unh huh.

Everyone, that is, unless your name is David Duke or you are a fighter for the White Christian majority that founded and built this country! The party bosses of Florida have refused to allow you, or the people of Florida to have the opportunity to vote for David Duke.

Aren't you glad you live in a free country, instead of a land ruled by party bosses that just pay lip service to "freedom," popular government, free elections, etc.?

The Florida statutes that give the party bosses the power of tyrants to hand pick certain candidates while denying others their equal rights, and depriving a once free people of their most basic rights to freely choose and elect their own representatives is patently and brazenly unconstitutional.

So, we will be filing a class action law suit against that unconstitutional statute and those persons who are depriving you of your civil rights "under color of law." The law requires that you receive \$10,000 for each and every violation of your rights.

Right now we are on the ballot in New Hampshire, Missouri, Texas, Arkansas, Oklahoma, Louisiana, and will be on the ballot in many more states. We are battling to get our FEC matching funds, because we need every cent we can get to buy TV and radio time to tell the American people the truths they have been denied!

In addition to all this, we are forced to fight major court battles in Florida, and other states where party bosses and state officials have conspired under color of law to deny us our most fundamental and precious rights as a free people.

You have the opportunity to return America to what America should be, a free country, the home of the brave, and the land of the free - instead of a "people's paradise" of the politicians, by the party bosses, for the fat cat plutocrats!

1. Join us, the week end of January 29 - 31st.

Jim Smith Chairman, Presidential Candidate Selection Committee Secretary of State, State Capitol Tallahassee, FL 32399

Dale R. Patchett/GOP Hse Ldr Box 2380 Vero Beach, FL 32961

Tony Jennings/Senate GOP Ldr 103 Wilfred Drive Orlando, FL 32803 John Vogt/Senate President 102 Columbus Drive #205 Cape Canaveral, FL 32920

Charles Whitehead Box 1758/Dem. St. Chairman Tallahassee, FL 32302

Jeannie Austin
Box 1311/ GOP St. Ex. Comm.

- 3. If you determine the Demopublican/Republicrat monopoly is a Florida politburo conspiring to steal political power from the people, you might want to consider the following options:
- (a) Help the Independent Populist Party of Florida get signatures to get on the ballot this year;
- And, (b) use your influence to get them to nominate your favorite candidate to return Power to the People.
- 4. Most important! Contribute to help us buy radio & TV time NOW, while our federal matching funds are being delayed.

Together, we shall turn the tide!

Ralph P. Forbes, Campaign Manager
