~~FRANCIS PARKER YOCKEY, wa.~~ SUMMARY
Yockey

b7C,
b7D

[redacted] late in 1940 advised that a Mr. Yockey, c/o the Arcade Cafeteria, 32 South Clark Street, Chicago, Illinois, a law student at Chicago University, travelled under the name of Francis Parker and lectured under that name and posed as an international law authority at meetings where he lectured. [redacted] had had considerable contact with the activities of the German-American Bund. (65-6990-9)

In February, 1943, another government agency prepared a list of disloyal or subversive persons who were suspected Nazis in the Sixth Service Command. In this list was included Francis Yockey, Loyola University, Chicago, Illinois. (100-42328-362)(ARMY)

According to another government agency, a source advised on March 4, 1943, that he attended a Silver Shirts meeting in 1939 near Chicago and that one Francis Yockey was one of the speakers. (100-8243-12, pg. 6)(ARMY)

Army info is unclassified
Per Army let 4-9-50

b7C, b7D

On June 30, 1941, [redacted] advised that Francis Yockey was a friend of Herbert Haupt, convicted Nazi saboteur, prior to Haupt's departure from the United States to Germany. (98-10280-241)

Another government agency advised that Francis Yockey enlisted in the United States Army on May 30, 1942, and was dropped as a deserter in September, 1942. He surrendered in November, 1942, and was discharged on July 13, 1943, by reason of dementia praecox, paranoid type. In 1948 Yockey secured a position in Germany connected with the war crimes and later allegedly broke his contract with his employer. (ARMY) (64-32612-2)

A source of unknown reliability advised in December, 1943, that F. Parker Yockey described himself as a United States Review attorney and had created unfavorable impressions in Germany when interceding on behalf of German war criminals who had been sentenced to death. (64-32612-142)

SECURITY INFORMATION - SECRET

Another government agency advised in January, 1950, that according to a Dr. Witt, who was Director of the Hessische Landes Zentral Bank, city in Germany not given, advised that an American, one Francis Jockey, was spreading Nationalist-Bolshevik propaganda in the United States zone. Jockey was reportedly contacting ex-Mart and ex-Wehrmacht officers and had written an anti-capitalistic and anti-Semitic book, for which he sought a German translation. The other government agency further stated that Jockey was believed to be identical with the estranged husband of Alice Jockey, a former USAF employee in Wiesbaden in 1947. It is noted that the last name is correctly spelled Jockey, and that her husband was Francis Parker Jockey, a former employee of the Fur Grines Branch.

Dr. Witt told the other government agency that Jockey had many friends in the Wiesbaden area and that such friends at one time were interested in Jockey's Nationalist-Bolshevik, anti-Semitic, anti-capitalistic views, but became suspicious of him and felt outward about their former enthusiasm. Dr. Witt stated that this Jockey published a book in either England or Ireland under the pen-name of "Varange." Witt had looked over a copy of this book and concluded that it was an advocacy of the totalitarian state, of anti-Semitism, and was based on the writings of Spengler, and Nietzsche's concept of the superman. Witt characterized Jockey as a "crackpot" who advocates German nationalism.

This other government agency further advised that a Dr. A.V. Gaedertz, Jr., a German national at Wiesbaden, Germany, had advised that he had met Jockey who sought to enlist him into an underground "resistance" movement. Gaedertz concluded that Jockey was searching for young Germans, preferably ex-Wehrmacht officers who were not totally disillusioned and who would "stand up" against the occupation authorities. Gaedertz stated that he had translated into German a pamphlet written by Jockey, entitled, "Why the Americans Did Not Go To Berlin." This pamphlet, according to him, proposed to expose the Jewish-Communist-Capitalistic influences that were directing American military policy.

This source stated that one Gisella Kuhn, a German national of Wiesbaden, stated that she had met Jockey in the summer of 1948, and had seen him off and on through June, 1949. She described Jockey as an advocate of the re-establishment of the Mart Regime in Germany. (105-8229)(ARMY)

This is to advise that Mr. MILES E. BRIGGS, Special Agent, State Department, U. S. Customs Building, 601 South Canal Street, Chicago, Illinois, furnished SA PAUL E. FRANKFURT, on March 14, 1952, a copy of a confidential report which the State Department had recently received from their office in Canada, a photostatic copy of which is attached hereto. It should be noted that the printed "CONFIDENTIAL" on the first and second pages, and the printed reference to "Mrs. VINETTE COYNE" were written by BRIGGS.

State Dept info in exchange with per State let 5-27-50.

Mr. BRIGGS advised that his office was conducting an inquiry concerning FRANCIS PARKER YOCKEY, 722 Junior Terrace, Chicago, for the purpose of picking up his passport. BRIGGS stated that the person at this address, who indicated that he was a relative of YOCKEY's, was very unco-operative in his attitude and stated that YOCKEY was out of town and would not furnish his present address.

Mr. BRIGGS advised that this information had probably been furnished to the Bureau earlier and that he was merely furnishing it for our information.

 On April 30, 1952 [REDACTED] United States Department of State, Room 917, United States Court and Custom House, 1114 Market Street, St. Louis, Missouri, who desires that his identity be maintained in strictest confidence, exhibited to SA HARRY C.  "On November 7, 1951, [REDACTED]

[REDACTED] overheard a conversation between two men, later learned to be the two mentioned above. The gist of the conversation was that they were and had been spies for the Nazis and Fascists during World War II. Mr. BOSCHI stated he was an arivist and that during the war he had a rooming house in Santiago de Chile and certain connections on the waterfront. These connections directed American Naval Captains to his rooming house when they sought information as to where they could be entertained; that from information he obtained from women he introduced to them, he was able to learn the departure dates of their respective ships; that he would then wire this intelligence to German submarines and boasted he had supplied information resulting in the sinking of twelve American and British ships. They were familiar with all events of the war and were on intimate terms with high-ranking Nazis and Fascists, mentioning many names, events and places in connection with their espionage activities. They were in Montreal for the purpose of opening a Fourth Front magazine and mentioned a contact that they were here to make with a person later ascertained to be Adrien Arcand, a well-known

They mentioned that they were both wanted by the authorities, but did not worry as long as they were in Canada where they knew they would be safe due to the inefficiency and stupidity of the Canadian intelligence service, and that they were free to avoid American Customs and Immigration regulations due to the stupidity of members of these two services. They also mentioned that they had witnessed part of the Hitler extermination program and had the greatest admiration for Hitler. Mr. Boschi mentioned to Mr. Yockey that it was a pleasure to meet a high-ranking official of the party and they made frequent mention of an underground movement. They also spoke of one of their members connected with a New York City newspaper ~~"Little Italy"~~ which was encouraging their readers to write letters to the President and to members of Congress to further their cause.

(Adrien Arcand was arrested and imprisoned in Canada in 1940 for his activities in the furtherance of the Axis cause. He is now residing in Montreal and is still believed to be an ardent Fascist.) Mr. Yockey remarked that he had travelled considerably in Germany, Italy and Switzerland; that the last time he was in Germany he was wanted by the military police, but succeeded in evading them and returned to the United States where he expected to be held on arrival, but entered the country without any difficulty. *Army info is unclassifiable
per Army let 4-9-80.*

A review of the Army service record on file at the Adjutant General's Office, Demobilized Personnel Records Branch, Department of the Army, for FRANCIS P. YOCKEY, Army Serial No. 16084528, indicates that he enlisted in the U. S. Army on May 20, 1942 and entered on active duty on May 20, 1942 at Kalamazoo, Michigan. He was honorably discharged on July 14, 1943 as a Private from the Headquarters, Camp Gordon, Georgia, by reason of Certificate of Disability.

The records reflect that YOCKEY was absent without leave as a deserter from September 21, 1942 to November 22, 1942, at which time he was returned to military control at Camp Gordon, Georgia.

There is contained in the file the proceedings of a Board of Medical Officers which convened in order to determine whether YOCKEY should be discharged under a Certificate of Disability. The psychiatric examination indicated marked delusions of persecution in which he involved many people in his environment. There were ideas of grandeur present and he said that he was better than anyone else. He involved prominent people in his delusional system. He admitted auditory hallucinations and stated that he heard the voice of his father talking to him from time to time. It was recommended by the Board that YOCKEY be discharged by reason of Certificate of Disability due to Dementia Praecox, Paranoid type, cause undetermined.

(c) [redacted] a former associate of the subject had advised them on September 16, 1951 that he was acquainted with FRANCIS PARKER YOCKEY for a short time and considered YOCKEY to be somewhat of a "character". According to this associate, YOCKEY was extremely dissatisfied with his position with the American Red Cross and felt he was being picked on by his superiors. The associate stated that YOCKEY at times spoke very strongly against the United States State Department, speaking at length about the Communists in the State Department and during one conversation claimed he could pick out a Communist with ease from his speech, writings, or actions. YOCKEY referred to many prominent persons as "Commies" and was very partial to Germans, stating that he liked the German people very much. Informant further advised that another associate of YOCKEY, interviewed on September 20, 1951 advised that the subject was so disliked by his associates, that they requested they not be assigned with him. This associate stated that his first impression of YOCKEY was that YOCKEY was slightly "queer". However, the associate noticed that YOCKEY had a great deal of interest in the other sex being seen almost every night with a different woman and even attempted to take the women to his room in the hotel. This associate advised that YOCKEY was argumentative and caused friction, however, YOCKEY was an exceptionally intelligent person and has the ability to be affable and pleasant and when it is his desire, he makes a favorable impression. This associate is also of the opinion that YOCKEY had joined the American Red Cross for the sole purpose of traveling to Germany.

It is to be noted that the Silver Shirt Legion of America has been cited by the Attorney General pursuant to Executive Order 9835 as an organization which has adopted the policy of advocating or approving the commission of acts of force and violence to deny others their rights under the Constitution of the United States.

In an article appearing in the Chicago "Daily Times" on September 22, 1940 under the heading "I Did Hitler's Dirty Work in Chicago", one RAYMOND J. HEALY states that one of the speakers on Pro-Nazism was billed as FRANCIS PARKER of the University of Virginia, a noted international law attorney. According to HEALY, PARKER "actually is an anti-Semite named YOCKEY, who was a bus boy in the Arcade Cafe, 32 South Clark Street." HEALY continued that Mrs. LEAL de LAFAYETTE WASH-BURN of the National Liberty Party, suggested that some orator like YOCKEY should lead the National Liberty Party.

b1 [REDACTED] (c) a source of undetermined reliability had advised that he met FRANCIS YOCKEY, a student at Loyola University, Chicago, Illinois at Camp Custer, Michigan in 1942. This source stated that YOCKEY was constantly stirring up discord and was an admirer of WILLIAM DUDLEY PELLEY.

b1 [REDACTED] (c) a source had advised them that he had attended a meeting of the Silver Shirts at WILLIAM B. WERNECKE's farm near Chicago at which meeting FRANCIS YOCKEY was the speaker. This source advised that YOCKEY had told him that he was the author of several articles for "Social Justice".

a source in Germany had advised that an American, one FRANCIS JOCKEY was spreading Nationalist Bolshevist prop-
aganda in the United States zone and was reportedly contact-
ing ex-Nazi and ex-Wehrmacht officers and had written an anti-
capitalistic and anti-Semitic book for which he sought a German
translation. The government agency further stated that
JOCKEY was believed to be identical with the estranged
husband of ALICE JOCKEY, a former USAFE employee in Weisbaden
in 1947. The informant told the government agency that
JOCKEY had published books in either England or Ireland
under the pen name of VARANGE. The source had looked
over a copy of this book and concluded that it was an
advocacy of totalitarianism and of anti-Semitism and was based on
the writings of SPENGLER and the Nietzsche concept of the
superman. This source characterized JOCKEY as a "crackpot"
who advocates German nationalism.

This other government agency further advised that another
source had advised that JOCKEY had attempted to enlist him
into an underground "resistance movement". The source
concluded that JOCKEY was searching for young Germans,
preferably ex-Wehrmacht officers who were not totally
disillusioned and who would "stand up" against the occupation
authorities.

This source advised that JOCKEY had written a pamphlet entitled
"Why the Americans Did Not Go To Berlin", which proposed to
expose the Jewish-Communist-Capitalistic influences that
were directing American military policy. This informant
further stated that another source had described YOCKEY as
an advocate of the re-establishment of the Nazi regime in
Germany.

Rerep SA JOHN E. MOONE dated 7/3/52 at Chicago.

For the possible assistance of Chicago there is enclosed one copy of the report of SA JOSEPH E. JONES dated 6/29/48 at San Antonio concerning ALICE O'REAR YOCKEY, LGE, containing the background and results of investigation concerning the subject's estranged wife.

b7C
The espionage case on [REDACTED] was opened in the San Antonio office in October, 1942, on a rather vague suspicion that [REDACTED] might possibly be engaged in some espionage activities. This case was ultimately closed on October 12, 1943, upon [REDACTED] entry into the U. S. Army. There is a great deal of information concerning [REDACTED] contained in the file and it doesn't appear that any of the information would be particularly pertinent to Chicago's current investigation. This file reflects that YOCKEY and [REDACTED] about October, 1942, made a trip to Mexico City endeavoring to locate one "HANS, the German sailor boy" and to inquire about transportation to Spain from San Antonio or Mexico. The file indicates that YOCKEY, with alias TORQUEMADA, while in San Antonio, registered at the St. Anthony Hotel on October 3, 1942, using the alias GEORGE PATTERSON, 714 Henison or 714 Kenesaw, Chicago, Illinois. At the time of YOCKEY's marriage to ALICE on July 6, 1943, he gave his address as 810 North Street, Mt. Vernon, Illinois. His marriage certificate also bears the address 722 Junior Terrace, Chicago, Illinois.

b7C
YOCKEY is reported to have been in the U. S. Army and discharged prior to his marriage. The espionage file further reflects that information furnished by the St. Louis office indicates that YOCKEY was in deserter status at the time of his trip to Mexico with [REDACTED]

The Subject was an active member of the State Bar of Michigan in 1941, 1944 and 1945. He was inactive in 1943. [REDACTED] last heard from the Subject in 1945. No date was shown but there was an indication that he also worked for the Mount Vernon Lease and Royalty Company, Mount Vernon, Illinois.

The file indicated that in 1944 the Subject was using the name PARKER YOCKEY and as of March 22, 1945 he was an applicant for the job of attorney in the Office of Price Administration, Detroit, Michigan, under the name of PARKER F. YOCKEY. This was obtained from a letter directed to the State Bar of Michigan from Region #3, Union Commerce Building, Cleveland, Ohio, Office of Price Administration.

The following are the verbatim contents of a letter directed to the Michigan Bar Association from FRANCIS P. YOCKEY, 6341 Greenview Avenue, in care of COYNE, Chicago, Illinois. This letter was undated but was received at the State Bar of Michigan Office on November 26, 1941:

"Gentlemen:

"I have reason to suspect that a certain person in Chicago has recently sent you a letter concerning me and containing vicious libels on my character.

"My reasons for the suspicions are these:

"My sister, ALYCE LOUISE YOCKEY, who is an ex-ray technician, incurred the hatred of this man by be-friending a certain young lady whom he was persecuting. When he discovered this, he called my sister's employer and slandered my sister viciously, saying that he was a representative of the Federal Bureau of Investigation, and that my sister was an agent of the German Government and a peddler of narcotics. He also slandered, in the presence of many witnesses, the character of my other sister, and my brother-in-law, W. D. COYNE. He further called the employer of my brother-in-law who is a graduate of the United States Naval Academy and working as an engineer on defense contracts - and, again saying he was an agent of the Federal Bureau of Investigation, said that my brother-in-law was stealing plans and transferring them to me, and that I was selling them to the Japanese Government. He further slandered all of us by saying that we were dope addicts, peddlers of narcotics, kidnappers, and keepers of a house of ill fame.

(DE 100-20737)

"From the above you will no doubt understand why I suspect that this man may have written to you. The members of my family and I are going to pursue our legal remedies, and therefore, if you have received any libelous matter concerning me, I request that you send it to me for evidentiary purposes, or at least a copy of it. The man in question is WILLIAM WERNECKE. When we notified the Federal Bureau of Investigation of those instances, we learned that they have a thick file on this man's subversive activities, but that so far he has eluded the law.

"I passed the Bar examination given last June in Ann Arbor, but as I understand it, I am not a full member of the Michigan Bar Association until January, when the dues are payable. Nevertheless, I suspect that this man may have written to you in the hope of damaging my character.

"I hope, that in view of the seriousness of this matter, that I shall hear from you soon.

"Respectively yours,

"/s/ FRANCIS P. YOCKEY"

It should be noted that a letter was directed to YOCKEY from the State Bar of Michigan, advising him that they had heard nothing from this individual by the name of WILLIAM WERNECKE.

[redacted] advised that his dealings with the Subject were completely amicable and that YOCKEY is a gentleman in every respect. He advised that it is customary for the Pier to advance money to operators of exhibits and games, but that YOCKEY refused to accept any money because he realized the exhibit was not paying and he would not be able to repay [redacted]. At the time the exhibit closed he did borrow from [redacted] sufficient funds to get to New York, after [redacted] advised him to try to set up the exhibit in the art or book department of some department store as a free attraction with the department store paying a fixed amount for its use.

[REDACTED] of the Endicott Hotel, S. Tennessee Ave., Atlantic City, N.J., stated that the hotel records indicate that F. YOCKEY, Roxana, Ill. checked in on 5/9/52 and his room was declared vacant 5/25/52. They stated that the records indicate he was joined by his wife the nights of 5/12/52 and 5/24/52. They related that on 5/24/52 two men came to the hotel about midnight to see the YOCKEYS and the night man, ED GLANCY, showed them to the hotel lounge and advised the YOCKEYS of the presence of visitors. They stated that GLANCY informed them that the men stayed a short while and, immediately upon their leaving, the YOCKEYS paid their bill and checked out. GLANCY stated the two men returned in the early morning hours of 5/25/52 and were informed that the YOCKEYS had checked out.

b7C
b7D
[REDACTED] stated that they had been curious about the identity of YOCKEY's "wife" and questioned GLANCY as to the identity of the visitors but he stated he had only seen them briefly and, considering it completely routine, had not observed them closely enough to provide any descriptive data. They stated that they knew of no mail or telephone calls received by YOCKEY, nor did they know of any friends or associates he might have.

She advised that DOWNEY had an exhibit of pinhead paintings at Million Dollar Pier, but it apparently did not go over and was closed suddenly by the management, leaving him without means of support. She stated that the DOWNEYS had been unable to pay the full season's rent upon moving in, but she accepted the \$75 deposit they had paid as rent for the period of occupancy and they owed her nothing upon leaving.

b7C
b7D
[REDACTED] stated that they told her upon leaving that they would visit friends in Philadelphia and gave her a forwarding address of 3431 Greenview Ave., Philadelphia, Pa. She stated that they received only one letter while residing at the hotel which came just before they left. She stated they also received a long distance telephone call which she believed was from Illinois a day or so prior to receipt of the letter.

b7C
b7D
[REDACTED] stated she knows nothing of the political beliefs of the DOWNEYS since they were inclined to remain to themselves and not converse with her or the other guests. She stated she considers them a "wonderful couple".

[REDACTED] stated she did not know the DOWNEYS to have any friends or associates.

for a passport violation. According to [REDACTED] the two of them had been residing at the Lyric Hotel, Atlantic City, New Jersey, under the name of F. DOWNEY. She also stated that her niece had mentioned that the subject was residing at the Young Men's Christian Association, Sloane House, 34 Street, New York City, as of June 24, 1952.

b7C,
b7D

[REDACTED] continued and stated that she had never seen YOCKEY and that all information concerning him was obtained through her niece, and, according to her, YOCKEY was supposedly a lawyer and writer of a political book. She also stated that YOCKEY had a sister by the name of VANETTA COYNE, residing in Chicago, Illinois.

b7C,
b7D

[REDACTED] stated that, according to her niece, YOCKEY had sent his passport to a friend at Sandy Spring, Maryland, and the subject was presently in New York in an effort to set up a concession at Coney Island displaying pictures engraved on the heads of pins. The complainant stated that her purpose in notifying the Bureau was that she did not mind if her niece continued to live with the subject but, if he was wanted by the Bureau, she would most certainly disapprove of this relationship.

b7C,
b7D

On July 7, 1952, [REDACTED] personally appeared at the New York Office and gave the following information concerning the relationship of her niece with YOCKEY:

b7C,
b7D

She stated that her niece, [REDACTED] first met b7C YOCKEY in St. Louis, Missouri, where [REDACTED] husband was [REDACTED]. She met YOCKEY through [REDACTED]. According to [REDACTED] VANETTA COYNE's husband is now on active duty with the Navy and she is residing outside of St. Louis in Roxanna, Illinois. According to [REDACTED] YOCKEY had been engaged to VANETTA's

sister but broke it off. It is to be pointed out that [redacted] stated that VANETTA COYNE resided in Chicago, Illinois, and Roxanna, Illinois. She could not be certain as to COYNES' present residence.

b7C
b7D
It is noted that [redacted] statements concerning the relationship of VANETTA COYNE to subject YOCKEY are contradictory.

b7C
b7D
However, as a result of this introduction [redacted] saw a great deal of YOCKEY in St. Louis. According to [redacted] who had an opportunity to go through his wife's letters, [redacted] "had an affair" with YOCKEY while in St. Louis. [redacted] was transferred [redacted] and some time during the early part of 1952 YOCKEY appeared at their home and resided with them for approximately three months. [redacted] could not explain [redacted] permitting such a condition to exist, but nevertheless it did. As a result of this, [redacted] ran away to Atlantic City with YOCKEY in the spring of this year. From her conversations with her niece, whom [redacted] was quick to point out was a confirmed liar, she had been able to gather the following information:

b7C
b7D
[redacted] left her husband because of his promiscuity with other women and because of his homo-sexual tendencies. [redacted] stated that she could not believe such accusations and believed that [redacted] was so influenced by YOCKEY that she would go to any length to obtain a divorce and continue living with the subject. b7C

b7C
b7D
During their stay in Atlantic City, YOCKEY exhibited engraved pins on the boardwalk in that city. [redacted] stated that YOCKEY was in possession of common pins with "beautiful engravings on them" which he exhibited at various fairs around the country. Her niece is so taken in by this project that she is convinced that they will be able to earn a livelihood from the income derived from this show.

b7C
b7D
According to [redacted] parents, [redacted] live [redacted] and from her correspondence with them, she believes that they no longer intend having anything to do with their daughter. [redacted] stated that [redacted] had had the finest bringing up and had been educated. b7C

NY 105-3562

b7C,
b7D

At this point, [REDACTED] inquired as to whether or not YOCKEY was, in fact, wanted by the Bureau. It was definitely pointed out to her at this time that YOCKEY was not a fugitive nor was he wanted in any manner by the Federal Bureau of Investigation. She then inquired if it were at all possible to determine whether or not YOCKEY was wanted by any government agency for drug addiction. It was explained to her at this time that the Bureau could not determine whether or not YOCKEY was addicted to drugs and any information which she might receive on that line would have to come from another source.

b7C,
b7D

[REDACTED] believed that YOCKEY, as of that date, was residing in New York City at the Sloane House, 34 Street, New York City. Her reason for this was that her niece had recently returned from Atlantic City and received numerous phone calls throughout the day and it was quite apparent to [REDACTED] that after each of these calls her niece visited in New York undoubtedly for the purpose of contacting YOCKEY. She also advised that on one occasion the niece mentioned that YOCKEY had received a mysterious phone call while at the Sloane House and he had informed [REDACTED] that it was the FBI and, as a result, he would have to leave town. According to the niece, YOCKEY returned to his home in Illinois. Immediately after this happening, [REDACTED] wrote a long letter to her parents [REDACTED] explaining her whole association with the subject and her reasons for breaking with her husband. As a result of this letter she advised [REDACTED] that she was returning to her home by bus and she did, in fact, leave [REDACTED] home. But, according to [REDACTED] she would not rely too heavily upon her niece's veracity and she was most doubtful of her niece's return to [REDACTED]. However, she has not heard from her since that time. b7C

b7C,
b7D

[REDACTED] stated that she has been in close touch with [REDACTED] and he has advised her that his wife is taking divorce action against him and that it is his belief that the accusations made by her will be quite scandalous with a view toward ruining his reputation in the Baltimore area. [REDACTED] told [REDACTED] that when YOCKEY and his wife left his home they left behind numerous periodicals

NY 105-3562

and documents of a nature which he would not disclose to her. While he felt that it would be of some use to the government, he would not at this time be willing to relinquish it, in view of his pending divorce action.

b7C
b7D According to [REDACTED] she contemplated taking a trip to Baltimore in an effort to convince [REDACTED] that he should turn these documents over to the government and she advised that she would contact the New York Office when she received definite information one way or another of his decision.

b7C
b7D [REDACTED] further recalled that on one occasion her niece had mentioned to her that YOCKEY was waiting recall to service with the Red Cross as a field director for an overseas assignment, and that her niece contemplated leaving for Europe with him. However, [REDACTED] reiterated that she found it hard to believe anything that her niece told her.

b7C
b7D [REDACTED] could offer no further information relative to YOCKEY, his whereabouts, or the whereabouts of her niece.

Subsequent inquiries made at the Sloane House revealed that YOCKEY, under the name FRANCIS PARKER had checked out of the Sloane House on June 28, 1952.

b7C For the information of the Chicago Office by letter dated June 23, 1952 Seattle furnished the following information relative to [REDACTED] parents:

On June 15, 1952 [REDACTED]

b7C
b7D [REDACTED] telephonically contacted the Seattle Office and stated that he believed his daughter, [REDACTED] had run away with a subversive agent and that he wanted an agent from that office to contact him to examine the correspondence which he had received, which seemed to indicate the subversive nature of her companion. b7C

NY 105-3562

[redacted] stated that his daughter, who was married to [redacted] had run away with the subject and that he believed the subject might possibly be wanted by the FBI in relation to our security program. He stated that since his daughter had run away, which occurred some time in the month of April, she had gotten in contact with [redacted]

b7C/
b7D

[redacted] At this time she informed [redacted] that the man she had run away with had given her a new concept of his political views, on living, etc., and that although the exact nature of his political views must be kept completely confidential, she was only able to say that they were entirely new to most people's way of thinking. When questioned as to just what these political views were, she had indicated that they were definitely not Communistic, but instead just the "opposite". No further information along this line was obtained by [redacted]. She did indicate, however, that the subject was attempting to get a passport to travel in Europe and was having some difficulties, due to these political beliefs. She also spoke of some papers which her husband had found and which were being used by her husband to hold over her, the entire insinuation being that these papers were subversive in nature and implicated both [redacted] and the subject.

[redacted] indicated that the subject had first been introduced to his daughter approximately three and one half years ago while [redacted]

b7C/

Since that time, he had visited them for approximately three or four months while they were living in Maryland.

Rebulet 9/10/52.

There are enclosed for the Bureau and auxiliary offices corrected pages of the report of SA Lawrence Bracken, 8/18/52 at NY, per instructions in reference bulet.

For the information of the Bureau and auxiliary offices the following is to be noted.

At 1:15 P.M. June 30, 1952 SA Lawrence H. Bracken was telephonically contacted by K. BALIKOFF, Special Agent, Security Division, State Department, telephone Pennsylvania 6-7700, extension 669. BALIKOFF explained that he was assigned instant case for the State Department and that he understood YOCKEY was wanted by the FBI for apprehension for violation of the Mann Act.

It was specifically pointed out to Mr. BALIKOFF that the Bureau in no way was interested in making an arrest in this matter and that to their knowledge no violation of the Mann Act had been committed. BALIKOFF explained that he had been informed by his superiors that a complaint had been received by this office by an individual claiming that her daughter had been living with this man in various parts of the United States. It was explained again to BALIKOFF that this complaint was given by a woman whose niece was living with YOCKEY and that she was in no way opposed to this relationship with the exception that if he was wanted by the FBI she did not want this friendship to continue.

BALIKOFF stated that he had determined that YOCKEY under the name of FRANCIS PARKER, had been staying at the Sloane House, YMCA, New York City and that on June 26, 1952 he went to this individual's room and established that PARKER was, in fact, subject YOCKEY in this case. BALIKOFF stated he was going to await YOCKEY's return, but upon instructions from his superior he left a note for YOCKEY telling him to call the State Department, New York City. This YOCKEY did on June 28, and advised that he was positive it was a case of mistaken identity and that he, in fact, never held a United States passport. BALIKOFF requested that he appear at the State Department office on that date, and YOCKEY stated that he would if he could be accompanied by his lawyer. To this BALIKOFF agreed, but he stated that YOCKEY never appeared and several hours thereafter he checked at the Sloane House and found out that YOCKEY had checked out without leaving a forwarding address.

At approximately 3:00 PM, on June 30, 1952 BALIKOFF again contacted the New York Office and stated that he would like to have the name of the hotel in Atlantic City where YOCKEY had resided with [REDACTED] It is to be noted ^{b7c} that BALIKOFF did not know the name of this girl, nor was it furnished to him. However, the name of the hotel, Lyric Hotel, Atlantic City, New Jersey was given to him.

At this time it was again explained to BALIKOFF that the Bureau was not interested in making an arrest in this matter, and BALIKOFF noted that he was now perfectly aware of that and the only interest the State Department had was in locating YOCKEY and taking up his passport.

Reurlet 9-30-52, enclosing corrected pages for report of SA Lawrence Brackan, 8-18-52, at New York. Corrected page three does not clarify the contradictions on page two as explained in Bulet dated 9-10-52.

b7D

On page two, paragraph one, it states that [redacted] advised Yockey had a sister by the name of Vanetta Coyne residing in Chicago, Illinois. In paragraph four, it states that [redacted] advised "that her niece, [redacted] first met Yockey in St. Louis, Missouri, where [redacted] She met Yockey through [redacted] According to [redacted] Vanetta Coyne's husband is now on active duty with the Navy and she is residing outside of St. Louis in Roxanna, Illinois. It is obvious that subject Yockey could not have been engaged to Vanetta's sister if Vanetta is his, Yockey's sister. It would appear that [redacted] should know whether Vanetta Coyne is Yockey's sister or the sister of [redacted]

Your attention is directed to SAC Letters 102 and 110, Series 1951, re security classification of reports. The classification of refrep has been changed from "Secret" to "Confidential" in view of its contents, which do not seem to justify a secret classification. For your future information, the fact that a referenced report is classified "Secret" because it contained data from another Government agency so classified, does not necessarily call for the continuation of a secret classification. The contents and source of a particular report should govern the classification given it.

Northwestern University was misspelled North Western University in the last paragraph of page 5 and on page 8 the referenced report of SA Harold Rubenstein, dated August 6, 1952, should be shown at Detroit and not at Toledo.

You and the offices receiving a copy of this communication should make appropriate corrections on your copies of the report.

Reference is made to Baltimore letter dated 11-4-52 covering interview with [redacted]

b7C
b7D

From a review of [redacted] statements it does not appear that she is being truthful. She now alleges that it is her husband, [redacted] who has received pro-Nazi literature which the Baltimore Office photographed. It is noted that some of this literature is very similar to that described in the report of SA John P. Granfield dated 10-14-52 at Springfield, Illinois, in this case as having been sent to subject Yockey at Roxanna, Illinois, by a Mr. Anthony Cannon, Manchester, England.

b1

[redacted]

b7C
b7D

In the last paragraph, page 3, it is indicated that [redacted] stated that she had not seen Yockey since May, 1952, whereas the investigation reflects that she was with Yockey in Atlantic City and New York subsequent to May, 1952.

b7C
b7D

[redacted] also indicated Boschi's pinhead paintings were exhibited only at Macy's Department Store, New York City, whereas investigation reflected they were on display in Atlantic City for about one month in May and June, 1952.

It is noted that [redacted] aunt, has pointed out that [redacted] is a confirmed liar. It is also noted that [redacted] relations with subject Yockey are an issue in [redacted] divorce action.

b7D

In view of the above information reflecting on [redacted] credibility, it is not believed necessary to investigate her allegation that [redacted]

[redacted] were in a ring together which was selling antibiotics to the Communists.

The report of SA John P. Granfield dated 10-14-52 at Springfield, on page 4, item 4, refers to a sheet of paper on which was written "Schreibt Um Copien an den Publisher, Le Blanc, Box 155, 208 East 86th Street, New York. Reference is also made to Bulet November 18, 1952, furnishing you with prints of material obtained from [redacted]

b7C
b7D

It will be noted on the paper entitled "An Die New-Deal Lokalen In Bonn," it states "Schreibt um Copieen an den Publisher: Le Blanc, Box 155, 208 East 86th Street, New York, New York," which probably refers to the same or similar papers as mentioned in the report of SA John P. Granfield mentioned above.

There is transmitted herewith a Photostat of the report of SA James W. Ryan dated 1-29-52 at New York in the case entitled "Le Blanc Publications, Internal Security - GE," which probably pertains to the Le Blanc mentioned above.

NOTE: [redacted] who is being sued for divorce by her husband [redacted] ran away with subject Yockey several months ago. Yockey had been a guest in [redacted] home. Investigation reflects that [redacted] is very unreliable and is in disfavor with her parents and relatives. She has been passing many rumors about her husband which her own aunt discounts. Yockey has been in touch with Fascist leaders in several countries.

b7D [redacted] advised this agency that she possessed seven pins all told but that she would only display three for this particular program. [redacted] stated that [redacted] was put in contact with them through [redacted] R. H. Macy and Company, New York City.

b7C,
b7D It was [redacted] recollection that [redacted] was paid for this work by check mailed to her in care of General Delivery, 90 Church Street, New York City. R. H. Macy and Company, New York City, was contacted by the writer on October 16, 1952, at which time he offered the following information:

b7C
b7D

He stated that [REDACTED] approached him in August of 1952 for the purpose of determining whether or not Macy's would be interested in making a display of the afore-mentioned pins. She told [REDACTED] that she had been born in Seattle and had recently come from Canada. She told [REDACTED] that she had displayed these pins all over Europe, South America, and parts of the United States and quoted various publications such as "Life" in the domestic field and dozens of others throughout Europe and South America as having carried articles relative to this display.

[REDACTED] advised her that while Macy's at that time could not use such a display, that [REDACTED] might and he, in fact, did put her in contact with them. [REDACTED] stated that he had no information concerning [REDACTED] New York address, but he did recall that she stated that she was contemplating going to Chicago where she would in all probability contact one RICARDO, owner of Ricardo's Restaurant located near the Tribune Tower in Chicago. [REDACTED] explained that Ricardo's is a restaurant catering to the artist set and he felt quite positive that [REDACTED] with a display such as she possessed would in all probability contact Ricardo's at some time or another.

[REDACTED]
[REDACTED] were interviewed in the New York Office by the writer, at which time they gave the following information:

was asked to clarify this apparent discrepancy in describing the relationship of VANETTA COYNE to subject YOCKEY. She referred to a mass of disorganized notes which she carried and then explained that VANETTA COYNE is YOCKEY'S sister and that another sister of YOCKEY had at one time been engaged to [REDACTED] prior to his marriage to [REDACTED]

b7C,
b7D

b7C

[REDACTED] were specifically questioned as to whether or not they had heard from [REDACTED] or the subject and they stated that they had no knowledge of their present whereabouts. At this point [REDACTED] did recall that on one occasion [REDACTED] had told her that YOCKEY had contemplated returning to Detroit where he would resume the practice of law. However, she added that her niece had told so many false stories that she would not place too much reliability on the fact that they did go to Detroit.

Deutsch Amerikaner!

PART II

Wann Endlich Ballst Du Die Faust ?

Weltgeschichte ist die Geschichte der grossen Kulturen und so erkennen wir, s. rückblickend, stets eine Gruppe grosser Völker von ein und demselben Kulturstil, die Geschichte machten und deren Dasein Weltgeschichte war. Diese grossen Völker nennen wir Nationen. Da das Erwachen einer Nation zum Bewusstsein ihrer selbst in Stufen erfolgt, ist es unmöglich, dass das ganze Volk gleichmässig eine Nation ist. Deshalb wurde jede Nation vor der Geschichte stets nur durch eine Minderheit repräsentiert.

Diese Nationen derselben Kulturgruppe waren untereinander höchst verschieden. SOBALD ABER EIN KULTURFREMDES VOLK IN DEN GESICHTSKREIS DIESER GRUPPE TRAT ODER SIE GAB BEDROHTE, ERWACHTE ALLENTHALBEN EIN UEBERMAECHTIGES GEFUEHL DER SEELISCHEN VERWANDTSCHAFT.

So war es stets in der Geschichte. Wie anders nicht es aber heute aus innerhalb der Kulturgruppe unserer "grossen" weissen Völker. We ist heute bei uns die Minderheit, die Elite, die die grosse geschichtliche Frage begreift, ob jetzt der Sturz aller weissen Völker durch die "Barbaren" gelingt oder nicht?

Jetzt, wo wir unseren mächtigsten Verbündeten seit 1776—DISTANZ—verloren haben und nun alles darauf ankommt, die spirituellen und materiellen Kräfte, die noch in unserer weissen Welt vorhanden sind, zu mobilisieren,—wo bleiben da unsere Führer, die unseren Morgenhaars-boys in den Arm fallen; derselben internationalen Clique, die uns zweimal in einen selbstmörderischen Bruderkrieg hineinbugsierte und der wir erlaubten, unsere Brüder durch das Aufsteigen von nationalem Hass und Rachsucht von uns wegzutreiben?

Wo ist unsere Elite, wo unsere Charles Martels, die unseren weissen Brudervölkern, und vor allem dem Deutschen Volk in unserem Grenzland, unzweideutig zu verstehen geben, dass sie "zu uns" gehören, die ihnen sagen (und danach handeln!), dass nur, wenn wir alle im gefühlten Einklang eines Schicksals, im gleichen Schritt und Gang im historischen Sein, als Brüder marschieren, wir diesen Endkampf um alles oder nichts überleben können?

Wenn unsere Führer, unsere Elite, jetzt versagen und nicht mehr fähig sind, in unserer gesamten weissen Welt ein übermächtiges Gefühl der seelischen Verwandtschaft unter uns allen zu erzeugen, ist es um uns alle geschehen.

Denn sind wir keine Nation mehr, sondern nur noch ein Menschenhaufen, der Spielball jener dunklen Weltbürger und Erbwelt-Apostel die Realitäten besser verstanden haben als wir. Dann sind wir nur noch Objekte derer, die stets und immer "Wahrheit und Gerechtigkeit" ihrer Macht und ihrer "Rasse" geopfert und ihre Gastvölker zum Tode verurteilt haben; jene Völker, die jetzt aufgehört haben, auf der Weltbühne eine Rolle zu spielen, weil ihnen "Wahrheit" wichtiger war als Taten, und "Gerechtigkeit" wertvoller als Macht! Gehören wir jetzt auch zu diesen Jammerlappen? Bringen wir nicht mehr die Kraft an, diese tothringenden Schmarotzer von uns abzusetzen, diese Macht, die

auf dem Berge unseres politischen Elends und Unglücks mit Hilfe aller farbigen Rassen der Welt sich fest eingeschanert hat? Können wir nicht länger mehr Widerstand leisten, obwohl die letzten 20 Jahre uns wiederum bestätigt haben, dass Laßt das Schicksal nie von menschlichen Wesen Kenntnis nimmt! Wenn wir heute auf das wichtigste Land in unserer weissen Welt, auf unser Grenzland Deutschland blicken und beobachten, wie unsere Morgenhaars-boys nach wie vor dabei sind, die Ueberbleibsel des weissen Dammes weggraben; wenn wir hören, wie diese international Clique die Protokolle unsere deutschen Brüder bei zynischem Lachen mit

"UND WENN MAN NUN EUEREN UNTERGANG WILL" beantwortet, dann ist es unmöglich, dass wir jetzt in der Irre gehen und uns ein falsches Bild machen von dem Endezeiten der Obersten (den "States innerhalb unserer States")!

WOMIN FUHRT DAS ALLES?

Wohin das alles führen muss, ist klar. Die fortgesetzte rechtliche und wirtschaftliche Diskriminierung Deutschlands muss dort, wo das grösste Gefahrenherd der weissen Welt liegt, einen Zustand völliger Bindungslosigkeit schaffen. Somit dieses entscheidende Vakuum mit dem Geist echter Abwehrbereitschaft zu erfüllen, führt die fortschreitende Politisch-rechtlicher Wüthet und wirtschaftlicher Unterdrückung zwingend zum Chaos.

Es bedarf keiner besonderen Sehergabe, das Ergebnis einer solchen Politik vorauszusagen.

Wenn nicht endlich der Grundriss der Unteilbarkeit des Rechts auch auf das deutsche Volk Anwendung findet, d. h. wenn nicht endlich der Zustand aufhört, dass für das deutsche Volk ein Recht existiert wird, was in der ganzen Welt als Unrecht gilt, und wenn nicht endlich das deutsche Volk die ständige weisse Senkung, wenn manchen schon primitiven Lebensstandards ertragen bliebe, dass gibt es für das deutsche Volk keinen Ausweg mehr. Dann würde die letzte Verteidigungsbereitschaft einer stumpfen Letzargie und Resignation, die unter dem Trümmern des einstehenden Schutzwalls weichen auch die noch vorhandenen scheinbar sicheren Bastionen der letzten weissen Welt begraben.

"Und wenn man das will"
Man will es! Und wer es will, ist auch kein Geheimnis. Nur die geschlossene Abwehr des weissen Mannes kann dieser Gefahr Herr werden.

Und jetzt, Amerikaner deutschen Blutes und deutschen Geistes, halt die Faust und ruf: Euere Mitbürger zu:

**BIS HIERHER UND NICHT WEITER, SONST IST ES UN
UNS ALLE GESCHEHEN!**

Konrad empfängt den "Pour Le Mérite" (neue verbesserte Auflage)

DAS LIED VON BRAVEN KONRAD

Dem Rat der Morgens-Gesellen,
Der auf Markthaus Landseengen
Die Dreißig-Ziher froh vereint,
Sah sich McCoy zum Heimflug ein.

Schon winkt im Geislers hell Entzücken
Der Blasenvogel seines Blicken.
Und als er in die Halle tritt
Sahst Konrad da, der schmerzlos nicht.

"Steh da, steh da, der Conrad,
Mein postifex Germanicus!
Seid mir gegrüßt, mein lieber Bruder,
Zum guten Zeichen nehme ich euch,
Mein Lou, da ist dem eueren gleich
Erwidert MICHEL uns das Euder,
Als Erster kriegt da eine auf's Dach;
Verfolgt mich aber dann das Leder,
Vergibens wahr ich ab die Schmach,
Denn was ich hier verlassen sterben,
Auf fremdem Boden, unbewein,
Durch deines Bruders Hand verderben,
Denn hier", was mir als Rettung scheint."

Und Hand in Hand, gleich einer Sippe,
Mit langsam abgemessnem Schritte
Umwendend sie der Halle Rund,
Da plötzlich öffnet Mac den Mund:

..... "Konrad", sprach John J. McCoy
"Warte stieg ich weg, nun sei
An hilflich erdrücklich und fromm,
Bis ich wieder rüber komm!"

Vor dem Aufsteig, Konrad, bete
Um des Michaels schwarze Seele.
Zieh sie dann bei beiden Ohren
In der Masse, so von oben
Mög das Paradies in ihn dringen,
Das ihn brechen lässt mit Dingen,
Die - seit siebenhundert Jahren -
Liesenen ihn zur Hölle fahren

Rede dir dann zum Blim-benhaltee
Kure-Scheiter ohne Bettler,
Sag ihm, selbst dem Zukunfter
S. Macht bekehre zwisches Futter!

"Denn beginn mit den Traktaten.
Nie erwidern dabei die Taten
Grosser deutscher Schlachtenlenker,
Nie die Bismarcks, stets die Henker
Aller derer, die je gross!
Und dann, Konrad, lege los:

Preise mit viel schönen Reden
Unser Paradies, das Jedem
in den U.S. offen steht.

Wo kein Spitzbub, Dieb und Gauner,
Allenfalls nur ein ganz fauler
Idiot, hinter Gitter geht.

Wo der "hookie" ein Symbol
Und der "gangster" ein Idol,
Wo der Diplomat sich schmiekt
Und des Richters Frau trägt Mink,
Wo der "crook" hassiert die Steuer
Und die Staatschuld ungeheuer,
Wo der Amtmann streikt und kündigt
Und, wenn unbestechlich, sündigt.

Wo der Staat ist eine Kuh,
Die, wenn 'smart' bist, melkst auch du!

Wo man sagt in frecher Stumpfheit:
"Chaos", 'graft' muss eben sein
In Gotts eigenem Land der Freiheit,
Willst du etwa preussisch sein"?!)

Wo kein Einstein kennt den Planck,
Und kein Gershwin den Beethoven,
Fort lockst du kein' Hund vom Ofen
Mit 'nem Goethe oder Kant!

Wo kein Deutscher isst sich satt,
Bis er was zum Schicken hat,
Dann sauft er und frisst sich dick
Und hält's Maul bei Politik!

Wo man baut jetzt eine Tafel:
Zum Gedächtnis von Millionen
(Seher stude, 's muss sich schon lohnen!);
Doch, man haut dir auf den Apfel,
Kummt du mit dem Respekt
Dass - na ja - pechschwarzem Alteren,
Schwarzenen, Deutet er
SECHS NULL steh die Tafel!

Wo man den Spion, der klist,
Nur als 'roten Hering' zeichnet,
Auf den Warner aber einhaut
Bis kein Hund ihn mehr ans... chwinzelt.

"Wo nach dem Moral-Concept
(Wenn du 'rot' bist und drinkst Wodka)
Du magst stehlen jed' Respekt,
So du bringst es nach der Moswa!

Wo man nie verliert 'nen Krieg,
(Hat man je einen geführt?)
Doch die Polizei-Aktionen
Scheinen sich nicht recht zu lohnen!

Wo nur der ist Kommunist,
Der das Emblème trägt im Knopfloch;
Bist du aber bloss Marxist,
Als Gesandter trägt den Kopf hoch!

Wo bei Kempfers in der Nacht
Man in ex-post-facto "macht",
Und bei Baruchs sich die Welt
Nach Bedarf Justiz bestellt!

Wo vor'm Schiessen der Soldat
Frägt den Frankfurter um Rat,
Ob legal ist die Aktion,
Tut er's nicht, so hängt er schon!

Wo für laus'ge Concessiones
Liefert man Revolutionen
In ein noch so fernes Land,
Gibt es Oel dort unterm Sand!

Wo das gleiche Recht hat jeder
Bis auf eine Extrawurst,
Die das Reservat ist jener,
Die du nie antasten musst!

Wo nur der besteigt das Thronchen,
Der da schwimmt in Pink-Finke,
Den's Geissen pagt gelinde
Und der preift auf Traditionen!

Wo man aufsucht uns den Krampf
"Geht der L. N ohne Kampf",
Was erbt ihr von den Vätern,
M'g'ich belächeln, dass sterben!

DEUTSCH-AMERIKANER!

Das Entscheidungsjahr 1951 ist angebrochen; der Kampf um den Planeten hat begonnen.

Innerhalb der letzten 35 Jahre ist von unsern "Staatsmännern" eine entscheidende Reihe von Taten begonnen worden, fuer die wir heute und morgen verhängnisvolle Folgen zu tragen haben. Nichts, was einmal geschehen ist, lässt sich zurücknehmen.

Aber, haben etwa unsere "Führer" die ganze Größe der furchtbaren Gefahr erfasst, die jetzt über unserer "weissen" Völkermasse liegt und sie zu erdrücken droht? Oder werden sie getrieben, ohne dass sie überhaupt wissen was geschehen ist?

Welche von diesen Therapeuten, deren Wahlspruch: "Trete mich, aber lass mich leben" zu sein scheint, fühlt die furchtbare Erniedrigung oder hört das Gelächter, wenn jetzt da, wo wir gestern befahlen, wir kniefällige Bittgen und schmeicheln müssen, um überhaupt verhandeln zu dürfen?

Begreifend diese kläglichen Pfluscher, in welchem Maasse es unseren marxistischen Weltbürgern gelungen ist, alle politische Macht innerhalb unserer "weissen" Welt zu zernagen und zu zerfressen? Sehen sie etwa den Schutthaufen unserer ehemaligen Regierungskunst und staatsmänniger Weisheit, auf dem sich jetzt eine Horde von geschäftstüchtigen Maklern und Mittelmännern um die Beute belgen?

Sehen diese Utopisten den politischen und wirtschaftlichen Chaos, den sie überall mit ihren famosen 10, 12 und 14-Punkt-Theorien anrichteten? Verstehen sie nicht, dass sie alle "weissen" Nationen damit zum OBJEKT einer fremden Politik gemacht haben - vielleicht für immer? Begreift auch ein einziger von ihnen, dass nicht Deutschland, sondern der "weisse" Mann die beiden Kriege verloren hat?

Rührt einer von diesen Dillittanten den Finger jetzt, da unsere Morgenthau-boys sich anschicken, aus dem politischen Vakuum zwischen Elbe und Rhein ein ABSOLUTES zu machen oder wenn dieselbe Clique im stillen Kämmerlein den Exil-Polen die Permanenz der Oder-Neisse-Linie zusichert? Wer von diesen master-minds kümmert sich um die Erhaltung von Millionen deutscher Heimatsvertriebenen; um Millionen der wertvollsten Menschen, die die "weisse" Welt in dieser Stunde der Entscheidung inustern kann? Geht etwa unseren "Sanierungs-spezialisten" im State Department das Hottenottien-Problem vor? Oder, kann es sein, dass man in Washington darauf wartet, bis die vom Schicksal erbarmungslos Mitgenommenen sich aus Verzweiflung dazu hergeben, statt ewigem Kohldampf, jetzt als Rekruten für die Allferten Wache zu "schieben"?

Wenn wir aber jetzt immer noch nicht unser Verhältnis zu Deutschland als das wichtigste Problem für uns alle sehen, dann geht das Schicksal - und was für ein Schicksal - erbarmungslos über uns alle hinweg!

Und so, Deutschamerikaner, lasst Euch nichts vormachen!

Dieselbe internationale Macht, dieselben Meister im Kampf mit abstrakten Mitteln, die zweimal unser Volk in einen selbstmörderischen Bruderkrieg hineinbugslerteten; dieselben Weltbürger, die den deutschen Geist mehr fürchten als tausend "russische" Divisionen, sind jetzt dabei, unserer "weissen" Welt vollends den Garaus zu machen.

Aber wie fein wird alles gesponnen! In Nürnberg stempelten wir das ganze deutsche Volk zum Paria unter den Nationen dadurch, dass wir den seither allgemein anerkannten Grundsatz "Landesrecht geht vor Völkerrecht" einfach für überwunden erklärten! Natürlich wussten die auserwählten ex-post-facto Drahtzieher genau, dass sie damit auch uns selbst letzten Endes zum Objekt einer supernationalen (U.N.) Autorität machen würden. Aber wussten dies vielleicht unsere eigenen Coryphaeen der Jurisprudenz? Diese tiefen Denker, die nichts davon wissen wollten, dass jeder moderne Krieg seinen eigenen Gesetzen folgt und sich keine "rechtlichen" Beschränkungen auferlegen lässt? Die selben, die es nicht gelten lassen wollten, dass ein erbarmungsloser Feind die Anwendung von erbarmungsloser Abwehr seinem Gegner aufzwingt! Und so verurteilten sie tausende von deutschen Offizieren und Mannschaften zum Tode am Galgen oder zu Zuchthausstrafen. Greifen aber unsere eigenen Soldaten heute in Korea nicht zu denselben erbarmungslosen Abwehrmitteln, weil der Chinese sie dazu zwingt? Verdienen sie deshalb den Tod am Galgen? ... Als wir in Nürnberg erklärten, dass supernationale Bindungen den Vorrang vor allen anderen Bindungen des einzelnen Menschen gegenüber seinem Staat besäßen, mussten da unsere Salomone nicht etwa voraussehen, dass sie damit einem jeden unserer Soldaten eine Schlinge um den Hals legen würden, falls es wieder zum Kriege kommen sollte? Hat nicht etwa Malik uns am 7. September 1950 der Führung eines grausamen Luftkrieges gegen die Zivilbevölkerung beschuldigt? Hörten wir nicht am Radio die Anklagen der chinesischen Regierung, dass wir Zivilisten hinter der Front abmurksen und ganze Dörfer niederbrennen? Was geschieht aber mit unseren vom Feinde gefangenen Soldaten, wenn etwa ein chinesisches oder russisches Militärgericht sich bei der Aburteilung auf das von uns selbst proklamierte neue "Weltrecht" stützen sollte?

Jetzt sehen wir auf einmal zu unserem Entsetzen, dass ueber Nacht unsere eigenen Mannschaften zu OBJEKTEN dieser neuen von uns selbst aufgestellten Rechtseinrichtung geworden sind.

Und hier nun fragen unsere Brüder in der Heimat: Wenn das rechtliche Wirklichkeit wäre, was wir in Nürnberg angeblich schon seit langem als gültiges Völkerrecht proklamierten, hätte dann der Krieg in Korea dieselben praktischen Folgen haben dürfen, wie die es da draussen täglich den Berichten von der Front entnehmen? Sie fragen uns, ob etwa die deutschen Offiziere und Soldaten nicht in denselben straffen Befehlsapparat

Als Dein BRUDER trat ich an
mit dem Siegesmarsch.....

AN DIE NEW-DEAL-LAKAIEN IN BONN

Wenn aus dem Bundestag dieselbe
Tirade ewig sich ergiesst,
Bei tausendstimmigem Gebelle
Ihr döstig nach dem Stimmvieh eßesst;
Flieht jede Einsicht aus den Hirnen
Bei Euch weltfremden, müden Herrn:
Dass all der Krach bei Euch da drinnen,
Bringt seelige Ruh dem 'David Stern'!

..... Im andern Fall, BRUDER, o o o o!

AN DAS DEUTSCHE VOLK

.... Und komm ich hinüber in diesem Jahr
Mit Kisten und Kasten und Kaviar,
Dann vergesst das Gestern und preiset den Tag,
Da bei Trommelgewirbel und bei Paukenschlag
Ich schmunzelnd behänge den strahlenden Michel
Mit Pfeil und Bogen, mit Sense und Sichel.
Dann "Ihr ICH Euch herrlichen Zeiten entgegen".
(Am "Segen von oben" solls sicher nicht fehlen!)

Drum sträubt Euch nicht länger, gebt willig mit her
Was Euch blieb noch an Vätern und Söhnen da drüben,
Dann führt Ihr mit Kind und mit Kegel und "Heer"
Hinauf nach Walhalla zum ewigen Frieden!
Nur einmal noch opfert! Ich beschwöre Euch,
Euch weltfremde Narren in Morgenthau Reich.

She

MICHELS ANTWORT AN DEN BRUDER IN AMERIKA

Und jetzt kommet Du rüber nach kurzen sechs Jahren
Mit Tross und Trompete und tausend Trabanten;
"Vergesst das Gestern" lässt Du uns sagen,
"Mit Hurrah begrüsst meinen Gesandter-Gesandten,
"Der prompt Euch 'empfiehlt', Ihr möget fix ziehen
"Auf die Wacht am Rhein . . . bis das Boot er bestiegen"!!!

Bruder, Deine Stund ist gekommen,
Jetzt ist die Reih' auch an Dir,
Denn die rote Flut ist am kommen,
Einst galt sie mir, jetzt gilt sie auch Dir!

Auch Du, Bruder, fuehlt jetzt die Dornen
Des Schicksals, wie sie tasten nach Dir,
(Oh wie zwangvoll doch weben die Nornen!)
Deshalb, Bruder, tritt mit ein ins Gevier!

... Doch hörst Du nicht drunten am Rheine das Flüstern,
Das Seufzen und Klagen, das Stöhnen und Lispeln
Von den Scharen der Geister Deiner Opfer und Ahnen,
Fuehlt Du nichts, wenn Millionen Zerfetzte Dich mahnen?

Doch Bruder, zeug Ehre dem Bruder
Und die Achtung, die längst dem gebührt,
der Jahrhundert lang blutend das Ufer
An der Weichsel auch für Dich mit hielt!

Wenn nicht, lassen die, die vor Hunger kaum kriechen
Und die, die der Bolschewik zu sich nahm,
Und die Krüppel und Waisen, die Verfehmten und Siechen,
All die, nun, die langsam verrecken vor Gram,
Du sagen.

Und so, Bruder, erfass mit Erschauern,
Um was es in Wirklichkeit geht,
Hand in Hand werden wirs überdauern,
Doch zögerst heut Du, ist's morgen zu spät!

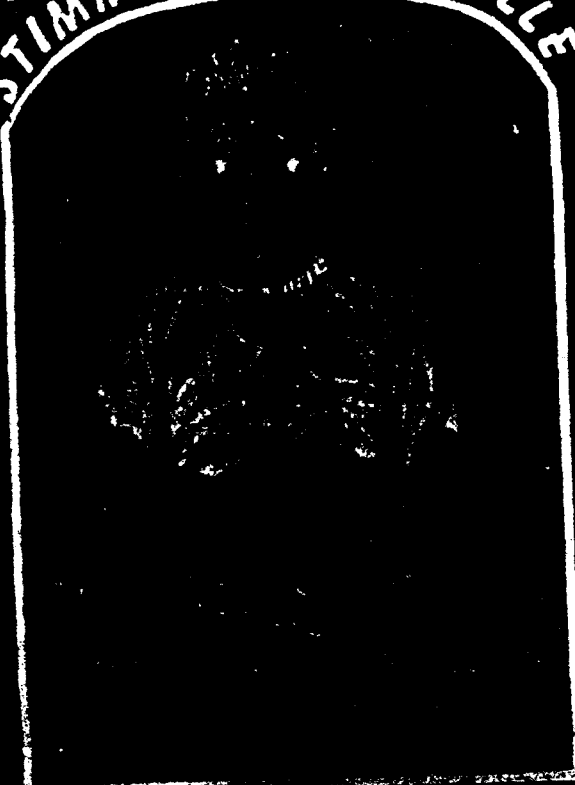

DENN DANN WIRD NICHT LAENGER DAS GESCHICK DICH
BEWAHREN
VON DEM ROTEN GESPENST, DAS NUN UNGEHEMMT
VON UBERALL HER DIR AN DIE KEHLE WIRD FAHREN.
WEIL KEIN "WELTEREMDER" MICHEL DAGEGEN SICH
STEMMT!

STIMME AUS DER HÖLLE

Jetzt habt ihr's erreicht,
 doch schon morgen vielleicht,
 schnort auch ihr hier,
 nun reiß ich die Hand,
 Wenn nicht gleich der Kosack
 auch den Schädel einhackt,
 dann denkt an mich,
 wenn er euch hangt!

Zu Spät?

Clay nahm sie uns; jetzt bringt uns Clay
 'ne Kluft, zwar funkelnagelneu,
 doch nur ein Fetzen für die Träger.
 Jecht lauzt die Idee der Väter!

Habt ihr noch immer nicht begriffen,
 wie schwer ihr euch an uns vergriffen,
 wie schwer die Schuld, die ihr jetzt tragt,
 weil ihr die Freiheit uns versagt?

Wenn erst John Bull samt der Marine
 schlägt der Kosack sich in die Pfanne,
 (in die uns bessern beim Marschieren)
 kommt UNS dann nicht mit Lamentieren!

Das Lied

Vom Doktor

Im Präsident, Jongleur, Artist,
 im Clown, im viel Kunst und List,
 im Buchstaben Drama und Tonstern

 worauf er mit Gedächtnis-Schnelle,

 Und man bedenke, im eignen Hirn,
 sich verhält auf des Kopf's am Zwirn,
 Doch wenn er sich abwendet

Wo verachachtet man wie Rinder
Väter, Brüder, Vetter samt
Selbst der Zukunft unserer Kinder,
Bleibt der Bonze nur im Amt!

Wo kein Teufel gibt was drum,
Wirft man Deutschland vor die Wölfe,
Schlägt es morgen dann auch Zwölfe,
HEUTE tanzen wir noch rum!

"Wo du nie wirst Präsident
Bist mit Weisheit nur beschenkt;
Doch gehörst du zum 'New Deal',
Bast 'ne Chance mit 'sex appeal'!

Wo im Kampf mit den Barbaren
Wir am eignen Leib erfahren,
Dass die Nürnberg-Theorien
Bringen UNS heute zum Kriechen!

.... Kommt er dann mit dummen Fragen
Wie zum Beispiel, wo die blieben,
Die sich selbst disziplinierten;
Denen 's höchste waren Taten,
Die einst aufgebaut die Staaten;

Wenn er fragt, wo denn die Steuben,
Lincolns, Jacksons, Franklins bleiben,
Sag ihm, dass die alten Knaben
Ganz elende Knirpse waren
Im Vergleich zu den, die heute,
An der Spitze unsrer Staaten,
Sich um jeden Brocken schlagen,
Der da abfällt von 'ner Meute
Internationaler "Leite"!

.... Für dies Paradies auf Erden
Soll jetzt Michel freudig sterben. -

In den siebenhundert Jahren,
Als er schlug sich bis zum Bersten
Für die Brüder dort im Westen,
Lausiger nie die Zeiten waren!

Denn bedenk: In der Geschichte
Schützte stets uns die Distanz,
Doch heute droht uns zu vernichten
Die asiatische Phalanx
An der Elbe und am Rhein,
Dort wird die Entscheidung sein!

Als wir jedem Kull zeigten
Wie man nutzt unsre Waffen,
Ihm selbst Strategie beibrachten
Und wir uns vor ihm verneigten,
Weil er half beim Bruder-Morden;
Als die konterbunten Horden
Siegestrunken heim marschierten
Und sich selbst als Meister fühlten --
Wunderts dich heut, Konrad, dass
Ich sitz auf 'nem Pulverfass?

So tief sind wir nun gefallen,
Dass die rot-schwarz-gelbe Brut,
Schäumend vor Vergeltungswut,
Zeigt jetzt frech uns ihre Krallen!

AN DIE NEW-DEAL LAKAIEN IN BORN

Wenn am dem Bundesstag ein stotter
Geflohn ob Schuld und Sochtes flucht,
Bei schwachem Gesechth' ihr wagt
Euch am des New-Deal's Gesechth' aufzuheut;
Flucht Einmicht am den weichen Birnen
Bei Euch wülfrenden, unweiden Narren
Dass Euer Kass auf "Jou-Deal" Hinstern
Ist Soothlight iwar "David Stern"!

Wo wir gestern stolz befahlen,
Wunseln wir heut auf dem Bauch,
Fliehn und schmeicheln dem Barbaren!
Nimm! Jetzt 's Schickal seinen Lauf!

Jetzt, wo sich der Russ vor Lachen
Hält den Bauch, weil er hörte Krachen
In der westlichen Allianz,
Packt Entsetzen uns vor Augen!

Von New York bis nach Atlanta
(Die im Westen zählen nicht)
Frägt man sich und flucht: "Caramba,
Lässt uns Michel jetzt im Stich?
Sollte schändlich er versagen,
Dann 'good bye' ihr U.S. Staaten!

Deshalb spanne ein den 'bum'
Fest in dies curriculum:

Morgens, mittags und am Abend
Soll er sich am Essen laben,
Koch nicht reichlich, koch nicht fett,
Halt ihm frei den Wanst von Speck.
Stets bedenk: Kanonenfutter
Zücht man nicht mit Fleisch und Butter!

Unterbrich sonst nur am Tage
Für den Kirchgang die Traktate
Und fürs Exerzieren, sodass
Er 'in Form' bleibt. Wohl erfass:

Jetzt bei diesen schweren Zwisten
Wirds erst breznlich (ich red' sachlich!)
Ob selbst blieb 'ne Chance zum stiften
Wär ohn' Michels Hilfe fraglich!

Drum kommt alles darauf an,
Dass du drilist den Vagabondo.
Muckst er sich nicht aufs Kommando:
"Dachian, geh' du voran",
'Pronto' kündig' ich dir's Konto!

Doch noch eines muss ich sagen,
Das mir oft bedrückt den Magen:

Nie erzähl ihm vom Debacle
Unserer Bomber in Korea,
Sonst vertreibt du mir den Dackel
Und schon morgen wär das End da!

Schlummer noch, Schlaf er nach Osten,
Weil dein "Galauch" ist zum Kolben,
Bruder, dann hilf allen absteht,
Fahr wie ein gelbter Blitz
Nach der Wurst und Kaffeelücke,
Schick ins Maul ihm 'ne Revolver,
Sing mit ihm dazu "Oh, Susanna"
Bei mit sternen Netz des Schenke,
Sonst ist ALLES FÜR DIE SATY!

"Dies am, Konrad, ist die Crux
Meine Lehre, schick wie's Puck
Nimmere in Michels Hirt,
So er immer hat die Bürde,
unsurwelfe, aufsmackern
Oder gegen dich zu wetteln!

Und so ist es jetzt in die
Durchschauern die Kettur,
Hältst du dich an unre Formeln,
Öffnet sich des Rates Tür.

In ein Paradies auf Erden
Ziehst du ein mit hellem Klang
Wird aus Michel das ein was
Was ergrötten die in dem!

Nimm ihm weg all das so heute
War für ihn in der Geschichte,
Spann in Fron das Ungewehr,
Bei als Paria er gerichtet!

Doch uns schmachhaft Ben zu maches
Pack sein' Stachel mit dem "Alten"
Drück ihm in die Hand den Degen,
Am Gewehr darfs auch nicht fehlen,
Steht er so dann in der Kluft,
Kommt von selbst sein Barrer!
Spielt du ihm dann noch ein Marschlied
Sollst mal sehen wie der abzieht!

Werd ich euch so wiederfinden,
Will ich mit des Lorbeers Kranz
Dir die Schilfe stolz umwinden,
Ewig strahl' dir Ruhmesglanz!"

Also sprach John J. McCloy, ---
Doch zwischen Trug und Wahrheit schwebt
Noch zweifelnd Konrad, nun er bebet,
Betrachtet er die Ruhmestaten
Des Bruders nur als eitle Sagen?
Wird huldigen er der furchtbaren Macht,
Die drüben in Manhattan wacht?
Die, all ihr Tun auf Reche gründend,
Des deutschen Schicksals Knäuel flucht,
Dem blinden Michel sich als Hüter,
Der glaubt, er sähe hochmal's Licht?

.... Und Hand in Hand, gleich einer Sippe,
Umwandeln sie der Halle Rund,
Doch jetzt mit gar unachtem Schritte
Verschwinden sie im Hintergrund.

.....OOOOOOOO.....

DIE TAFELN DER SECHS MILLIONEN

Den funfshunderttausend Hyänen
Kam nicht schnell genug Deutschlands Ruin,
Sie schoben bis leer alle Läden,
Drauf schob man sie ab aus Berlin.

Bald zogen wohl dreihunderttausend
Am Hudson ins "Vierde Reich" ein,
Wo prompt sie ganz New York aufbaufien,
Wie konnte es anders auch sein!

Jetzt blieben noch zweihunderttausend,
Von denen die Haelf sich verung,
(Von den uebrigen einhunderttausend,
Sind beleihe nicht alle heut tot!)

Doch dann kam der Adolf, jehetensend,
Und wurgte sie herdenweis ab,
Sodass von dem Rest der paar tausend,
SECHS MILLIONEN nun stovt das Grab!!

Jetzt, Bruder, bleibst weg mir die Sprache,
Wenn ich seh', wie die Tafeln ertelie,
Dann ist nicht mein Rechen maschappe,
Dann lets uns was Alle geschickel!

the "German" Foreign Office does not dare to pursue a German policy, and on the other hand there are no politicians at the helm who would even know how to pursue such a policy!

FROM THE PROCLAMATION OF LONDON

The message of Hollywood is the total significance of the isolated individual, stateless and rootless, outside of society and family, whose life is simply the pursuit of money and erotic pleasure. It is not the normal and healthy love of man and wife bound together by many children that Hollywood preaches, but a diseased erotic-for-its-own-sake, the sexual love of two grains of human sand, superficial and impermanent. Before this highest of all Hollywood's values, everything else must stand aside: marriage, honour, duty, patriotism, sternness, dedication of self to a higher aim. This ghastly distortion of the sexual life has created the eroticomania which obscenes its millions of victims in America, and which has now been brought to the mother soil of Europe by the American invasion.

This condition of degeneration, so widespread in America, with its colonial lack of resistance to culture-disease, and so threatening to Europe under the present American domination, has not arisen by accident. A century ago, the liberal-communist socialist Karl Marx and his cohorts formulated as their programme the destruction of the family, of marriage, and of the Fatherland. They declared a horizontal war against the Western civilization, affirming their aim of disintegrating all social, cultural, and political forms. America is their programme in process of actualization, and its example shows Europe what the liberal-communist-democratic regime of culture-distortion is preparing for it during the coming generations.

ANNIVERSARY OF THE HEROES

It is just seven years since the passing of the Duce and the Führer... seven years in which the vindication of their policies has been complete.

The physical death of Mussolini and Hitler has not diminished their dynamic presence. Greater even in death than their pygmy-like would-be murderers are in life, their spiritual leadership lives on in the new Fascist movements of the present, reaching now far beyond the old national boundaries of the German Reich and the Italian Empire to embrace all Europe and the outposts of Europeans overseas.

Today, many who were opposed to Hitler and Mussolini in their lifetime, owing to the distortion of the truth and the mass-production of lies, now see through the mountain of perfidy and recognise the greatness of their mission.

In every Western land at this moment new Fascist movements are operating, and in Germany, Italy and Austria these are of great strength, and are already on the eve of victory. To the future which will be as great as the momentarily interrupted past we give eternal salutes - HEIL HITLER! VIVA IL DUCE!

WHAT THE FRONT IS FIGHTING FOR I

POINT 5: CLEANSING OF THE SOUL OF EUROPE FROM THE ETHICAL BYPLIS OF HOLLYWOOD AND THE MARXIST BOLSHEVISM OF MOSCOW.

Who has not... looked upon what passes for the youth of Britain, France, and the other administrative areas of Washington Occupied Europe, and not despair of the future? Did we not know in our hearts that this is NOT the youth of Europe we should, indeed, feel incurably saddened. Nevertheless, this pathological and retarded stratum is too serious to be ignored. Haggard with sex, shaking and twitching to the mechanistic, pro-Israeli cacophony of bebop, reefer-doped and alcohol-stewed, this motley group of long-haired males and short-haired females requires - AND WILL RECEIVE - a major operation. In this group God has been replaced by Lust, the Priest by the Psycho-analyst, the Hero and Heroine by the promiscuous Loungo-lizard and the glittering Harlot. For all of these things Jewish Hollywood is responsible. This doctrine of decadence and degeneration has been preached without pause since Hollywood began. Its objective has been the seduction of the youth from the stern, selfless, patriotic tasks which constitute the duty of each generation.

More readily understood, and therefore not as dangerous, is the virus of Jewish Bolshevism. Here the destruction of religion, patriotism, tradition, has been open and blatant and has aroused a strong reaction. Very few people in any European land fail to recognise the essential negation of Bolshevism, and short of European occupation by the Red Army it has no possibility of establishing itself openly on any governmental level. What is not so well understood is the FACT that Bolshevism is the technical spearhead of the Jew-organised Coloured Revolution - the revolution of asiaties and negroes to destroy the West. Against the demoralization of Jewish Hollywood and the barbarism of Jewish Bolshevism we oppose the unconquerable spirit of Christian Europe.

AMERICA'S TWO POLITICAL FACTIONS

by ULICK VARANGE

(Continued from Issue No. 22)

It was the military faction which insisted on the economic help to the Serbian butcher Tito, whose revolt against Moscow occurred through no connivance of the Washington regime, and who was at first denounced in the American press. It was the military faction which insisted on the imposition of a war-alliance on Greece and Turkey. It was the military faction which interposed in Korea -- it will be remembered that Acheson refused all comment during the early days of the war in Korea, for his Communist faction was still fighting hard against American intervention. It is the military faction which is still fighting for the imposition of an alliance on Spain, and the Communist faction continues to sabotage all efforts to make this alliance real.

With the knowledge of the existence, the identity, and the interests of these two factions, the otherwise insoluble middle of American policy becomes clear. Thus, in the Russian blockade of Berlin, summer 1948, the military faction wanted to send armed convoys through. This of course, would have brought about a political defeat for Russia, since the Russians were in no position to challenge such a military demonstration. Therefore the Communist faction in Washington threw all its weight against such a move. The final result was the "air-lift", a compromise between the two factions, which saved Russia's face and destroyed American military prestige in Europe. Europeans no longer believe, even the democrats and America-lovers, that America has either the will or the guts to oppose Russia. It is the military faction, again, which is reoccupying prostrate Europe and going through the forms of rebuilding European military forces, including a German Army. And it is the Communist faction which opposes, now openly, in debate and propaganda, now secretly, in sabotage and undermining, all these measures. Here is manifest the terrible weakness of this politically-unconscious military faction: at the very head of its wish-thinking so-called European Army, it allows the chummy Eisenhower to make sure that under his regime at least, there will be no real European Army. For belongs by his... and...

25/12/01 'HUG'

history to the Jewish-Communist faction, and he could no more be relied on to fight Russia than could Nehru or Togliatti.

The Communist faction ties the hands of the American forces in the Chinese War, refuses to use superior atomic weapons against the Communist enemy, and talks even now, in the American press, of the wisdom and expediency of extending diplomatic recognition to China in the middle of a war. Similarly, during the "air-lift", friendly diplomatic conversations continually went on between Communists from Moscow and State Department Communists from Washington, to keep everything within bounds and make sure that all incidents would be minimized in order to assure Russia's diplomatic victory.

The only question of interest to us is what is the significance of these two factions to Europe? The objective of the Communist-Jewish faction is the destruction of the Western Civilization, including America. The military faction has no political objective whatsoever, its purely military objective is preparation of a successful war against Russia, securing in the process all possible strong points and bases, and utilizing to bring about its victory the man-power of Europe. In its official doctrinal publications, this faction has referred to the former nations of Europe as "pawns" in the war-front against Russia. The military faction at the moment is stronger than it has been at any time since the war, as shown by its forcing through the Spanish rapprochement and by its progressive reoccupation of Europe. Its conception of Europe is a heavily industrialized area of a numerous population, politically and spiritually will-less, whose only rational formation is that of a group of mutually hostile protectorates, united only in common allegiance to America. Europe's main function in this estimate is that of furnishing military support -- principally in man-power -- to the plans of the American Generalate in its self-imposed task of conquering the world. Pari passu with the American reoccupation of Europe proceeds an intensification of the persecution of European nationalist elements: in France and Belgium the secret police are ordered by the American colonial administration to discover "plots" and

make arrests; in Rome 35 are arrested by the Churchill regime; in Germany a new wave of repression is begun by the local Churchill Adenauer. All this is testimony to the spiritual leadership of the Liberation Front, the first European nationalist organization, whose policy is gradually being adopted all over Europe by the elements of tomorrow, and is therefore being attacked all the more bitterly by the elements of yesterday.

Both factions mean the subjection of Europe, both mean the thwarting of its organic destiny, both are animated by jealousy of Europe and the wish to prevent the coming Imperium of Europe. Future developments in the intensifying struggle between these two factions are unpredictable. In no case can Europeans play the role of spectators in a foreign struggle rather than actors in the poetry of their own destiny. Let no misguided European beguile himself into an utterly misplaced sympathy with the American generalate or American nationalist group, for this it most certainly is not. It is no more nationalist than is the Ford assembly line at Dearborn. Nationalist means: placing the interests of one's nation before the interests of a class, and before the interests of other nations: it is a political word, and in the political realm, it cannot be repeated too often, the American generalate is unconscious. It would as soon fight Europe as China -- in fact a comparison of American tactics in 1941-45 and in 1950-51 indicate it would rather fight Europe; it would as soon bombard London as Berlin, Buenos Aires as Moscow. These generals are not men of the stamp of Moltke, Schlieffen, and Clausewitz, but rather of the stamp of Henry Ford. Their contribution to warfare is the assembly line; their military faith is not in morale, love of Fatherland, and iron discipline, but the belief that with enough industrial production Destiny itself can be set aside and History be made to come out the end of a tube.

The true American nationalist is not constituted as a party, nor a faction, and not even yet as a movement. It is still a mere feeling distributed among a certain spiritual level of the American population. This American nationalism is a spirit that recognizes America's colonial

BMH. 10/4/52

status vis-a-vis Europe, that has no wish to destroy the mother-soil and father-culture of Europe, that could be counted upon always to assist Europe against Asia and the world coloured Revolution. This America still existed politically in 1900 and in that year sent an expeditionary force to China, there to act in concert with European forces, in the smothering of the Boxer Rebellion, the whole under the command of a German field Marshal. But at this critical moment of our Destiny, this America has no political existence. Europe cannot look to it for help, leaderless, unorganized, unconscious as it is.

Friendless and alone, Europe is thrown upon its own resources for its own salvation. But these resources are mightier than all the accumulations of matter, and biological units to operate the matter, of which the enemy disposes. In addition to its unassailable superiority in will, instincts, and intelligence, Europe possesses within it that which the enemy cannot even understand: the invincible Destiny of the Western Civilization. The arrogant products of America's human assembly line who call themselves at present the Allied High Command have no past, they contain no unifying inner Imperative, no Idea, they represent no Nation and no State, they have no future.

At this moment both of America's factions are the enemy of Europe.

Europe will not fight under the banner of its enemy.

EUROPE V. ISRAEL

HEBERT KUGLER
Rio de Janeiro, Brazil.

In a time like the present, in which cant and hypocrisy allied with decadence and impotence are stupefying a world which God planned better, it is worth while to seek out an honest viewpoint.

In the "NOTIZ", a widely read evening paper of Rio de Janeiro, there appeared in the final edition of

of January 10th, 1952, an AFP despatch from Jerusalem, which ought to be brought to the attention of every European.

The despatch, freely but faithfully translated, reads as follows:

WE WILL KILL ANY ENVOY AND DESTROY ANY GERMAN GOODS

Jerusalem, January 10th, (AFP) The spokesman of a group of former members of Irgun Zvi Leumi and the Stern Gang (hitherto non-political movements) declared today to a journalist of "FRANCE-PRESSE" that "any diplomatic representative or plenipotentiary for trade negotiations of Eastern or Western Germany, who sets foot on the soil of Israel will be treated as a war criminal, condemned and stuck like a pig."

The spokesman added: "We have no connection with any political party, but we shall never endure any connection between Israel and Germany, and if need be we shall resort to terror."

Every German product that may come into Israel will be seized and destroyed, even if it is already in the course of trade. We most earnestly warn all Israelitic firms not to enter into any commercial relations with West or East Germany."

It is lamentable that the so-called leaders of occupied Germany cannot muster up even a fraction of the attitude which characterizes the leading men of the operative State of Israel. The whole situation becomes most interesting when one remembers that present-day Germany counts great numbers of Jews in its highest places. Is the unvarnished Israeli threat also against these, or are only non-Jews included?

This Jewish attitude neither surprises nor frightens us. We are grateful for its frankness... but how can Messrs. Heuss and Adenauer now be sneered? Perhaps they will notice the practical implications which lie hidden in this Jewish emotional outburst.

The "German" (?) Foreign Office can proscribe a holiday in Israel for its used-up diplomats, or for those gentlemen approaching the age of retirement. This will result in a great saving for the Reich, and will in no way injure the interests of Germany, for on the one hand

Attached are eight copies of report of SA TONY SMILGIN at Chicago dated January 27, 1953.

It is to be noted that investigation in instant case has been conducted since December, 1951. In an effort to bring this investigation to a logical conclusion, the following information is being furnished regarding subject YOCKEY:

- The present address of FRANCIS YOCKEY is unknown. YOCKEY arrived at Atlantic City, New Jersey about the middle of May, 1952 and until June 18, 1952 had an exhibit of landscape paintings on pinheads at the Million Dollar Pier, Boardwalk, Atlantic City, New Jersey. He also resided at the Endicott Hotel and in an apartment on Arkansas Avenue, Atlantic City, New Jersey during the summer of 1952. YOCKEY also resided at Sloane House, 34th Street, New York City during July, 1952. On October 24, 1952 YOCKEY was seen at the Pennsylvania Railroad Station in Baltimore, Maryland. The subject at the present time is apparently unemployed and destitute.

YOCKEY and [redacted] were reportedly heading for Detroit, Michigan in the fall of 1952.

The present employment of YOCKEY is unknown. His occupation is that of a lawyer.

YOCKEY is a member of the white race and was born at Chicago, Illinois on September 18, 1917.

In 1942 it was reported that ~~HERBERT HANS HAUPT~~, convicted German saboteur, was very friendly with YOCKEY and his sister, ~~ALICE YOCKEY~~.

YOCKEY served as a United States Review Attorney in Germany and created an unfavorable impression by interceding in behalf of a German war criminal who had been sentenced to death.

[REDACTED]

YOCKEY had written a pamphlet entitled "Why the Americans Did Not Go To Berlin" which proposed to expose the Jewish-Communist influences that were directing American military policy.

YOCKEY was said to be fairly well known in extreme rightist circles by his penname ULICK VARANGE under which he published the paper "The Proclamation of London of the Liberation Front," and a book called "Imperium." Along with ~~A. CANNON~~, described as a member of the lunatic fringe of British right-wing politics, YOCKEY is the co-founder of the publication "Liberation Front" published in Manchester, England.

M

b7D

Reference is made to Item 4, a speech manuscript entitled "America's Two Ways of Waging War," which is enclosed herewith. This manuscript which criticizes the manner in which the present Korean conflict is being waged in comparison with the manner in which World War II was carried on apparently is not the work of subject YOCKEY but could be a speech of Senator JOSEPH R. MC CARTHY of Wisconsin.

That the manuscript "America's Two Ways of Waging War" is the work of Senator MC CARTHY can be assumed from the following part of the manuscript beginning with page thirteen:

"Tonight I have been only your voice, saying what you feel and think. If these were only my personal thoughts, they would not be interesting, but these thoughts correspond to the feelings of the great mass of our people stretching from ocean to ocean, from the deserts of the Southwest to Maine's rocky coast. If that which has been said here were only my personal ideas, you would not have come, nor would I be here. When I went into public life, I did not enter it for my own advantage, and in public life I have always had the choice of saying the popular thing and getting praise from America's powerful enemies, or of saying the truthful thing and being smeared and calumniated by those enemies, enemies of America, of you, and therefore, of me.

"They have invented a word, McCarthyism. A clever trick, they thought. The idea was to make everybody think that I am something unique, some sort of wild individualist, somebody all alone. Their trick has not worked. I give it the lie right now. There is no such thing as McCarthyism -- what they mean is Americanism."

In an attempt to obtain further information concerning subject YOCKEY, whose location at the present time is unknown, the Bureau if it deems it advisable, may desire to contact Senator MC CARTHY to determine whether the manuscript is in fact MC CARTHY's speech; whether the manuscript is an original copy; whether the Senator is acquainted with subject YOCKEY, and if so in what manner subject YOCKEY obtained instant manuscript.

AMERICA'S TWO WAYS OF WAGING WAR

My fellow Americans:

Our meeting here tonight is symbolic -- symbolic of a deep and wide unrest now going through the American people. This growing unrest arises from an awareness throughout all of our people that somehow, somewhere, SOMETHING IS WRONG. It does not fall to everyone to devote his life to the service of his people, but it the duty of him who has made this decision to represent -- truly to represent, in the most spiritual sense of that word -- his nation. It is for him to actualize the innermost feelings of the national soul; it is for him to make clear and articulate that which everyone dimly feels. It is his duty, because he is himself only the voice of his nation and his people.

Therefore, I am not going to burden you with purely personal ideas -- I am only going to answer the question in your minds and hearts: WHAT IS WRONG IN OUR LAND? Nor will I use ~~such terms as~~ the alien terminology of the Marxists whether from Moscow or Washington. Our enemies like to use involved and complicated explanations why their policy abroad is necessary, why America must continually retreat before advancing Communism, why American blood must be spilt in a war in which American on the battlefield victory is forbidden by the American government. But I will use only your language, which is my language; when I mean war, I shall say war, when I mean peace, I shall call it that, and when I mean treason, I shall say treason.

Have you ever noticed that the Truman-Acheson regime says war when it means peace, and says peace when it means war? ~~For instance~~ In Korea, ~~tonight~~ tonight, American's blood is being spilt in defeat and Americans ~~xxxx~~ are dying in cold, in isolation, in despair. ~~What does the Washington regime say to this?~~ What does the Washington regime say to this? It says: "By our clever diplomacy we are preventing the Third World War". Fellow Americans, they lie! Korea IS the Third World War, and our rulers are leading America to a defeat in that war!

EMM 12/17/52
WJ 12/17/52

It is a shocking thing to say, and to contemplate, is it not? To think that men, entrusted before God and the world with the conduct of America's destiny would coldly and deliberately prefer the interests of America's enemy to the interests of this American nation. Because of the enormity of this crime, most of ^{us} hesitate even to think of such an explanation of events, and we only realize it with the greatest reluctance, when every other explanation is excluded.

As an American who has watched the steady descent of his country from its high point of 1945, when the ^{human} affairs of 9/10ths of this earth were under the control of America, as an American who has felt himself humiliated as he has watched his country's humiliation at the hands of the Communist Barbarians of Moscow, as an ~~American~~ ^{to read} veteran of America's armed forces who is forced every day in the press ~~to~~ a new list of hopeless American casualties, I have no joy in recounting to you the vicious story of treason in our country. It gives me no pleasure to tell you things which ought never have happened within our land. But, regardless of everything else, my first duty is to tell you the truth -- and in particular that very truth which the Washington regime is so intent upon concealing.

I would like to think, as would you also, that the explanation of America's continuous and endless succession of defeats and humiliations, America's progressive loss of power in the world, ~~and~~ is simple incompetence/ on the part of the Executive branch of the government. Perhaps these people simply do not know how to seek and acquire allies, perhaps they do not understand how to strike salutary fear into the hearts of the Kremlin barbarians as they proceed on their self-appointed task of the conquest of the world. Perhaps the Truman-Acheson regime would like to win in the present war with China, but they do not know to manage a war.

This explanation could possibly be accepted if we did not still have before us, present in the memory of every person in this meeting, the entire Second World War. In that War, the entire Communist faction in the Washington regime was wholeheartedly in favor of victory.

In this war, as we all know, the Communist faction ~~is~~ desires an American defeat. Let us compare the two wars, and we shall see develop before us America's Two Ways

of Waging War.

First of all, what was the objective of ~~that~~ the Second World War? It was given to the world as UNCONDITIONAL SURRENDER? They wanted total victory, and they said so. But what is the objective in the Chinese War now going on? In Acheson's words, it is "a just truce". Not even peace! Much less victory. ~~xxxxxxxxxxxx~~ No question of unconditional surrender. Marshall as ~~Minister~~ Secretary of Defense visited the battlefield and there announced to the press that the American mission in Korea is "to prevent the enemy from coming below the 38th parallel". Did he make a similar announcement when America was fighting Germany and Italy? No, when he wanted victory, he said so, and he subscribed to the "Unconditional Surrender formula".

Next, during the present Chinese war, the whole regime in Washington says we must prevent the conflict from spreading, we must localize the conflict. What did they want in the Second World War? They wanted a continual extension of the front, continual involvement of other powers. They exerted every conceivable pressure to bring other powers in on their side. When they had two fronts, they wanted a third, when they had that, they wanted a fourth. They wanted to win that war.

Next, did they refuse any offers of troops in the Second World War? On the country they used every pressure on neutrals to extract troops from them to ^{use} against Germany and Italy. But in the present war against Red China, they have refused Chiang-Kai-Shek's standing offer of 500,000 combat-ready troops. Not only do they refuse his offer, but they have ordered the American ~~fleet~~ Navy to blockade Chiang-Kai-Shek so that he can not strike the Chinese Communists. Yes, tonight, as ~~xxxxxx~~ we meet here, the American Navy is protecting Red China.

On the same point, South Korea under Syngman Rhee, our ally in the war against Red China, does not even have conscription of its man-power to defend the soil of Korea, nor has the Truman-Acheson regime put any pressure on South Korea to raise more troops by conscription. Not like the Second World War, is it? Then, they sought to get troops even from neutrals. Now, they refuse troops, even from allies. The difference is, that they wanted to win that war. You see, Russia and the Communist faction also wanted victory in that war.

Next,

When the Second World War was finally brought about by the ultimatum to Japan which precipitated the Pearl Harbor attack, every cabinet minister was loud and positive about his support for the war. But when the war in Korea started, ^{Secy. of State} Acheson could not even be prevailed upon by the press to make a statement for several days. American troops were ordered to resist the Red onslaught ^{only} through ~~military~~ channels of military command, and Acheson was not in on it. Then, as now, he was thinking only of ways to stop the war, to stop the resistance against Communism. ~~How can you win the Second World War~~ The reaction of George Marshall, the Defense Secretary, to the war in Korea was similarly lukewarm. No fire breathed from him, no talk of UNCONDITIONAL SURRENDER, no talk of victory. He knew how to work for victory in the Second World War, but in the ~~war~~ war which began in Korea in June 1950, George Marshall and his entire faction did not talk about victory.

Perhaps the reason that Marshall and Acheson are lukewarm about fighting Red China is that they ^{themselves} called this political monster into being. In June, 1946, the Marshall-Acheson group even sought ~~in~~ Congressional sanction to send an American military mission to train and equip the Chinese Red Army, whose only enemy then was the Chinese government of Chiang -Kai-Shek, the ally of the United States. Think of it, American officials daring to advocate the arming, training, and equipping of Communist armies against America's allies, and thus against America. If Marshall had been ~~so~~ stupid as to do such a thing unawares of the treasonable nature of his activity, he never would have had sufficient intelligence to graduate from military school. If Acheson had been that stupid, he could have never entered the Bar Association.

Let us compare further the conduct of the Second World War, in which Russia and the communist faction in Washington wanted victory, with the Third World War, in which Russia and the Communist faction in Washington want defeat of American arms.

In the present war against China, tourist traffic is still permitted to the Far East, including Japan, the staging area of our Far Eastern forces. Was tourist traffic permitted on the oceans during the Second World War? Of course not, for every cubic foot of space was required for war transportation. You see, they wanted to win that war.

In every war mistakes occur, and they occurred in the Second World War. More than once, American land forces and American air forces fired upon one another. More than once, American field headquarters were bombed by American planes. But these incidents were not magnified out of all proportion and spread across the land in great headlines. But, remember the scandal that was created out of the incident in Korea in the winter of 1950 when certain American units did not receive their proper winter clothing? It is the operation of the communist faction in press and government which resolves this riddle. In the Second World War, they wanted no military scandals to undermine public confidence in the command, ~~to~~ damage public morale. In the current war, the exact opposite is true. They want scandals which will break down public confidence and morale, which will lay the groundwork for defeat.

Next, remember how the press, in the Second World War, continually told us of the imminent defeat of Germany, Italy, and Japan? We were told every day -- it won't be long now, our victory is assured, we only need keep up the fight a little longer. Now what is the line, now that we are fighting communism and Red armies? Now we learn that the war would be endless if it were extended, that we can never gain victory over the enemy, that Russia is getting stronger day by day, that Russian plane production exceeds ours, that their planes and tanks are better, their man-power is greater, that the best we can hope for is to pay them tribute to let us ~~live~~ ^{live} in peace.

Do you see how the pattern emerges, in unmistakable clarity, in utter simplicity? No wonder the inner enemy wants us to be confused by a thousand viewpoints, distracted by scandals, and twisted into knots by his perverted explanations of his treasonable diplomacy. All you need to do is sort out the facts, and the big issue is there: in its stark greatness, it dominates the entire American political landscape. Involved in this issue is the entire future of our land, our nation, our people. Either we meet this challenge, or our nation and everything that has ever been known in world history by the name America will go down into permanent darkness.

Fellow Americans, look once more at the Second World War, the war against Germany. In selecting the leadership for that war, political and military, did

our rulers select men with ~~immense~~ pro-German backgrounds, with a long record of affiliation with Germany, men who had dealt publicly and privately with Germany's leadership? On the contrary, any such persons were purged at once from positions of leadership, and only pronounced anti-Germans were entrusted with conduct of the war against Germany. Regard now the present war against Red China, especially the moment of its beginnings: in their theory, who are the participants in the war? The United Nations on the one side, the Republic of North Korea on the other. But who is entrusted with the conduct of the war, in theory? The Security Council of the United Nations -- and in June 1950, at the beginning of the Korean War, this organ was presided over by a Russian delegate, the personal representative of Stalin. Here then we had American armies fighting under the command of an alien organization called the United Nations, ~~and~~ and under the theoretical command of its Security Council presided over by the enemy. When we fought Germany, were we ever a member of an alliance which embraced Germany, and presided over by a German representative?

over) Look again at the United Nations: the secretary-general of this -- should I say -- organization, is a man named, most appropriately, Lie, spelled L-I-E. This man was nominated for his position by Russia and he has continued during his tenure of office to merit the confidence of the Russians. His mission there is to see that Russian interests are not damaged, and he visits the Kremlin from time to time to report and consult.

Yet this is the organization under whose artificial flag American blood is being daily spilt, ~~and~~ spilt heroically as far as the individuals are concerned, spilt in defeat as far as American national interests are concerned. When the American Navy bombards the enemy coast of Korea, the United Nations flag is run up, and American land forces fly this alien flag over their headquarters. Compare it with the Second World War. Were American soldiers told they were fighting for ~~the~~ some abstraction, some League of Nations or other? No, because every leader knows that his nation will only give its best and sacrifice the most in the name of its own nation, a living, breathing reality, and in the sign of the symbols of that nation, clothed with its history, drenched by its blood, bound up with its honor. In the Second World War,

Look for a moment at these men who are leading or have led, the American war effort against Red China. There is Truman, whose pet name for Stalin is good old Joe, the man who played the piano for Stalin at Potsdam, even as he was giving him half a world. Look at Acheson, the leader of the pro-Russian clique during the entire Second World War, the member of a law firm which has represented communist interests for 20 long years, the co-architect, with Marshall of the Red Chinese State with which we are now at war, the bitter opponent of General MacArthur, whose first offense was that he refused to kow-tow to Russia in the Far East. Look at Marshall, the man, who as Chief of Staff of a great world-power ~~states~~ ^{remember} in a time of crisis, did not ~~know~~ where he was on the morning of the Pearl Harbor attack, the man who continually during the Second World War sacrificed the needs of MacArthur's command in the Pacific to Russian needs in Europe, the man who undertook the mission to destroy the ~~government~~ ^{state} of Chiang-Kai-Chek, the firm ally of America, the man who gave decisive aid to the Chinese Reds in the Civil War and thus at one stroke lost one-quarter of the world to America, the man who has had private conversations with Stalin, and has not thought it necessary to tell the American people what was discussed in those secret conversations. In the Second World War, they did not choose men of backgrounds friendly to Germany and Germany's leadership to carry on the war, but for the Third World War against ~~Communism~~ Russian-directed Communism, the crusaders to lead it are men who have been distinguished by pro-Russian activity.

A hollow and stinking crusade! A crusade in a vacuum! A crusade which does not want to win!

they wanted victory, so they used the American flag, which has always been attended with victory. In the present war against communism, they ~~want~~ want a defeat of American arms, so they use ~~the~~ an abstract flag representing nothing more than an office building in New York, the 2d league of nations, doomed, as we all know, ~~to go~~ to go the way of the first league of nations.

During the Second World War, against Germany, ~~it~~ no part of the press, and no one in the government, spoke of a truce, or of a peace. It was treated as quite self-evident that whoever sought ~~ag~~ peace was approaching treason. Now, however, when we are fighting against world-communism, our rulers talk of a "just truce", whatever that is.

When the Red enemy finally consented to ~~enter~~ enter into truce talks -- for his own purposes -- he stipulated that the American delegates approach the conference through a gauntlet of Red bayonets, and carrying the white flag. This vile and dishonorable sight was then photographed and spread over ~~the~~ all Asia as the sign of America's surrender to Asiatic Reds. The illiterates of Mongolia, Burma, and India, to whom a newspaper means nothing, nevertheless understand the language of pictures, and know the meaning of the white flag. Why was this abject and vile performance kept from the American people? Compare it with the Second World War: did anyone ever suggest going to the Germans with white flags? If he had, the Democratic administration would have prosecuted him for ~~treason~~ treason.

Another point: do you remember those first months of the war in Korea, when the only enemy in the field was the North Korean Red Army? During that period, the entire American press, and ~~the~~ members of the administration prompted them, continually spoke of the possible intervention of China in the war. It was treated ~~it~~ as natural and normal that China would intervene against us, and no measures were contemplated, ~~discussed~~ suggested or discussed, to prevent that intervention. Was there anything like this in the Second World War? Was it not treated as self-evident that if anyone entered the war it would be on our side? After all, Red China was created by the Truman-Acheson administration, and Marshall was the mid-wife who ~~gave~~ delivered this monster into life. ~~But~~ No, the threatened intervention of China -- not threatened by China, but by the Washington regime

and by the communist faction in the American press -- was used as a further reason for inculcating defeatism, and for mollifying America's conduct of the war.

Where in all this clear pattern of events do we now find any ambiguity? How could mere stupidity, however gross, account for this systematic and continuing anti-American conduct? ~~American troops are~~ Look at the picture: American troops are ^{for} in the field, they are fighting for their lives against huge odds, dependent ~~upon~~ their bare survival upon their technical superiority in weapons and transport, dependent for their victory upon that same superiority. These American troops are armed -- thank God for the technical superiority of the Western Civilization! -- with atomic weapons against which the Red Chinese enemy cannot retaliate. This superior weapon, which brought about surrender of the Japanese Empire within a week from the date of its employment, is held back by our rulers. Did they hold back any weapon in the Second World War?

What reason do they give for this refusal to exploit every possible means to give victory to American arms, power to America, and life to American soldiers who tomorrow may be dead in this treasonable war in which victory is FORBIDDEN? They say: "We don't want to anger the enemy, or the neutrals, like the pro-Communist Nehru. We don't, above all, want to spread the war, because Russia might intervene, and then, naturally, we would lose." Did they refrain from the mass-bombing of German and Japanese cities because it might make anybody angry? They would have pushed anyone aside who didn't like it. They were determined on victory and unconditional surrender, and they were prepared ^{use} to any amount and any form of armed force against anybody whatsoever to achieve their purpose. From the beginning Nehru has been the spokesman for Red Chinese interests, so in that quarter we have no sympathy and no neutrality to lose. As to the argument about Russia: it is a crass and vile lie that Russia could defeat the United States in a military contest, and those in high places who say it know that it is a lie. If they believed it, they would be cowards, but they are worse than cowards, they are liars, using their lies to support their treason.

I am not yet finished with this matter of the atomic bomb. Fellow Americans, God made this world as it is, and in its ever-recurring forms we can dimly perceive his divine plan. World-history, in which America is now caught up, involved for its

very life in the tempest of events, is the history of NATIONS. The units of history are NATIONS. ~~XXXXXXXXXXXX~~ Those individuals who lead those nations owe their primary duty to that nation whose destiny God has placed temporarily in their hands. It is not allowed to a ruler to sacrifice his people on the battlefield to abstract aims like United Nations of some kind or other, like humanitarian principles of one kind or another - it is the duty of every government of every form to serve the national interest, and no government has the right to expend one single soldier for any other purpose.

It is thus the DUTY of the American military high command -- and Truman, with Acheson hovering over him, is the supreme commander-in-chief -- to bring victory to American arms in order to save American lives. In that duty, every reasonable means of achieving victory must be pursued., including the use of atomic weapons to the utmost.

Six years ago, to justify the atomic bombardment of Japan, did not Truman officially ~~justify~~ state that it was done to terminate the war quickly and thus save American lives? His reason was sound then -- why is it not sound today?

It is not sound today, to the minds of the Truman-Acheson regime, because the aim of the present war against Red China is not victory, it is not unconditional surrender, it is not to save Americans lives. Six years ago this regime knew how to fight -- can we believe that today it no longer knows how to fight? Would Truman, Acheson and the entire communist faction dare to ~~XXXXX~~ appear on this platform and answer the questions of this audience here tonight?

Fellow Americans, I say to you now, and beyond this audience I say it to the entire American people and nation, and I say it with every ounce of seriousness and purpose I possess: ~~The members of the American~~ The war in which America is now engaged is being waged not for American victory, but for Communist victory, and these ^{in America} who are ultimately responsible for the conduct of this war are guilty of black, damnable treason.

Think of the Second World War ~~in~~ on the question of prisoners-of-war: if any American legal officer had announced that Germany had killed 5,000 American prisoners-of-war, would he not have had a favorable and continuous press, would not the high command have given him every assistance in his task of investigation and proof? ~~Since nothing of this nature happened~~

We know they would. Yet how was it when Col. James Hadley, the Judge Advocate of the Army in Korea announced that he had proof of Communist slaughter of 2,000 American war-prisoners? He was immediately summoned to Tokyo for discipline. The Command in Tokyo stated that he should have made his announcement under their conditions, that he was injuring their plans by exposing Communist atrocities at that particular time. It was given a poor press, and Truman's reaction to it was "If it is true, it is the worst thing that has happened in the century". Note that "If it is true --". It prepares the public to disbelieve it, to greet this American officer's statement with suspicion, to wait and see. Editorials in the American press, slipped in by members of the communist faction, counseled the public not to get excited, to wait and see -- in other words: wait and FORGET. And up to now, what has been done about this massacre of American soldiers, surrendered and disarmed? Absolutely nothing. The Communist enemy has in no way been deterred from future massacres.

And yet, my friends, I know what Washington, Hamilton, or Andrew Jackson would have done.

During the Second World War, the Washington regime was not faced with a ~~very~~ great problem of ^{an} inner enemy. ^{Nevertheless} it interned and uprooted all the Japanese on the West Coast and ^{numerous} German born men and women ^{all over the land.} ~~XXXXXXXXXX~~ The vast majority of all internees were American citizens, but nobody worried much about their "civil liberties".

During the present war with Red China, however, everything is different. The inner enemy is numerous, highly organized, thoroughly indoctrinated, with a literature ~~of~~ of class war, proletarian dictatorship and world conquest going back a century. At the very narrowest, the inner enemy includes the Communist Party and affiliated organizations more realistically it includes also the Communist sympathizers and backers of Communist-front organizations, many of whom are in high positions in the Executive, Legislative, and Judicial branches of the Federal and State governments. Although we are in a state of actual war with Communism, with Red China backed by Red Russia, no measures have been taken against the dangerous and powerful inner enemy, who is actually in a position, as every day's news tells us, to destroy the American war effort and kill American soldiers on the battlefield from behind.

One feeble measure was attempted: an "anti-Communist" bill was passed by Congress, over the powerful opposition of the Executive branch of the government, requiring all Communists to register. Truman vetoed this anti-Communist bill, and it was passed over his veto. When it went into effect however, all Communists publicly and openly defied its provisions, and refused to register. Nothing was done to them, because the whole bill was drafted in such a way that it could not be enforced because of vagueness of its provisions, and because there ~~was~~ was no penal sanction to the measure. Was this an accident?

Why was it ~~impossible~~ impossible to draft a real anti-Communist law?

Did ~~they~~ they proceed this way during the Second World War against Germans and Japanese?

Think again of the Second World War: Were American troops ~~ever~~, in the presence of the enemy, and without a truce being in effect, ever ordered to cease their fire? And yet this happened not three months since, in Korea. Company units, in the face of the enemy received an order, of which press correspondents there on the spot were informed, to refrain from firing on the enemy, except in self-defense. The order, once given, attributed to the "highest sources of command", was suddenly revoked and its very issuance was denied, as a result of the strong reaction of the American nation to this unbelievable scandal.

Is there anyone so blind that this glaring Red light does not illuminate the American political scene for him?

Look at the list of the Communist spies: Eisler, Hiss, Coplon, Guibychev, the Rosenbergs. Not one of them has received a punishment commensurate with his crime and sufficient to deter others from engaging in espionage. Eisler was allowed to escape, Hiss was tried on a charge minor in comparison to his real offense of espionage and given a short term from which he will soon be free, Coplon was released on a foolish technicality, Guibychev was set free to go to Russia, the Rosenbergs were condemned to death on a charge of treason, but it was clear at the time and it is clear now that these spies are being protected: they will never receive the death penalty, and their case will be reversed on appeal. Note what I say, and then observe your newspapers.

Was there ever an instance, in the Second World War, in which an American general, who had held the highest military commands within the power of his nation to confer on him, covered with the glories of his numerous victories, was removed from his command BECAUSE HE WANTED TO WIN THE WAR? Of course there was not -- the Washington regime wanted to win that war, so it encouraged and honored victorious generals. But in the Third World War, in which we ~~now~~ are now engaged, which we are daily losing, and in which every day we are faced with a new scandal, a new lie, a new treason -- everything is different. General MacArthur was disgracefully removed from command, and his offense was that he wanted to win the war.

In very truth, America has two ways of waging war. One for victory, and one for defeat.

Fellow Americans, we have stood in the presence of some awful truths tonight, we have contemplated some terrible things, we have witnessed the foulest of all crimes, the crime of treason. We have looked into the form of events and the events have yielded up their mystery to us. Now that we know precisely what is wrong in our great land, what is our response?

It is one of the things for which we must be grateful that the Communist faction does not yet have sufficient power to prevent free elections, nor to stifle the public voice, nor prevent public organization in self-defense against the Communist advance within America. Twenty years ago, if anyone had foretold that in the time to come an American military commander would be dismissed for trying to bring victory to American arms, he would have been called a lunatic. Yet we have seen just that. If this pattern of events continues, twenty years from today the Communists will be embarking on their final mopping-up operations in their total destruction of everything that the idea America has stood for in the history of nations. Perhaps they ~~may~~ would have the assistance of barbarian troops from Russia, perhaps that would not be necessary. If Americans are nothing but peace-seeking slaves who will pay tribute for peace, who will pay ransom to an enemy who kidnaps American airmen, the destruction of America from within will be easy.

But that is not to be, and one proof of it is this very gathering here tonight.

Tonight I have been only your voice, saying what you feel and think. If these were only my personal thoughts, they would not be interesting, but these thoughts correspond to the feelings of the great mass of our people stretching from ocean to ocean, from the ~~thunder~~ deserts of the Southwest to Maine's rocky coast. If that which has been said here were only my personal ideas, you would not have come, ~~in~~ nor would I be here.

When I went into public life, I did not enter it for my own advantage, and in public life I have always had the choice of saying the popular thing and getting praise from America's powerful enemies, or of saying the truthful thing and being smeared and calumniated by those enemies, enemies of America, of you, and therefore, of me.

~~They have invented a word, McCarthyism. A clever trick, they thought. The idea was to make everybody think that I am something unique, some sort of wild individualist, somebody all alone. Their trick has not worked. I give it the lie right now.~~

~~There is no such thing as McCarthyism -- what they mean is AMERICANISM.~~

When I give voice to an idea which is not in accord with the entire spirit of America and its history, an idea which is not in furtherance of America's destiny, of America's power, prestige and honor in the world -- then, but not until then, will there be such a thing as McCarthyism. Up until that time -- no matter what America's internal enemies chatter about, your enemies and mine -- I shall speak only in the American spirit.

Part of the campaign of treason is defeatism: Russia is too strong for us, let us be careful, don't use our superior weapons, someone might not like it if we win, let's ransom our soldiers and be quiet about it, a new communistic day has dawned in Asia, communism means hope for the Asiatic masses. You have heard it all and it has nauseated you.

I am not such a fool, nor such a contemptible coward to bring you any brand of defeatism. If I thought America were doomed to defeat and communist extinction, I ^{still} would continue to fight ~~to~~ to my last breath. But I don't believe in any such thing: I believe in the spiritual resources of this nation, I believe that far from being exhausted, they have scarcely been tapped. America has only written its first pages in history, and not its last. I believe in the future of the Western Civilization, of

which America is an integral, organic part. I know, deep down inside me, that the future belongs to us who ~~inherit~~ are part of this Civilization and who share its great world mission.

I summon you, not to a Korea-type war in which to seek, and find, defeat, but to a war for victory. This, our immediate war is not far beyond our shores, it is here, in our own land, against the inner enemy. How can we conscientiously ask an American soldier to fight a foreign enemy under the command of the Truman-Acheson regime which has been guilty of such monstrous conduct, ~~whose members have~~ whose members have been pro-Russian all of their lives, a regime which cannot possibly be trusted to lead a war against Communism, honeycombed with Communist sympathizers and agents as it is?

~~By the same token, we must also be aware of the fact that the American people have been misled by the propaganda of the Truman-Acheson regime, and that we must now turn our backs on this regime and its agents, and stand for the restoration of the American Republic.~~

It is not a part of the divine plan that a great superpersonal force working for order and creativeness in the world, like the Western Civilization, is to be overcome by an onslaught of barbarians against an America weakened by corruption and betrayed by a horde of achesons.

The inner enemy, like the Red Chinese Armies in Korea, has not earned any of his victories. They have been presented to him by the marshalls and achesons. But America is coming back. We shall pull ourselves and our nation out of this swamp of treason, ~~and~~ corruption and disgust.

We shall liberate our land from ~~its~~ the domination of traitors and then, by the help of the Almighty God, we shall restore the word America to its old meaning in the world before all nations.

By the deluge of our votes, by the irresistible storm of our organized protest, we shall sweep America clear of its inner enemies and onward to its God-given Destiny.

[REDACTED] described YOCKEY as being very independent, artistic, an English scholar, a lover of poetry and an excellent pianist. However, he feels that YOCKEY was unstable. While at Notre Dame, YOCKEY is believed to have resided off campus, and [REDACTED] did not come in frequent contact with him.

b7C, b7D

[REDACTED] stated that if he should conjecture as to where the Subject might be residing if he has left the United States, he feels that the Subject would be living in France as the Subject was greatly interested in that country.

The following investigation was conducted by SA

JAMES F. CAMPBELL:

At Augusta, Michigan:

[REDACTED] advised that she was employed [REDACTED] by the American Red Cross from 1950 to November, 1952. She said that one Subject was Assistant Field Director for the Red Cross from December, 1950 to June, 1951 at Fort Custer. [REDACTED] stated that the Subject was transferred in June, 1951 with the First Armored Division in his Red Cross capacity to Fort Hood, Texas.

b7C, b7D

[REDACTED] also stated that during the few months that she was acquainted with the Subject he impressed her as being very cultured, specifically enamored with classical music. She said that the Subject had many feminine tendencies and that others who had worked with him were "suspicious regarding his activities", although she stated "no one ever had any definite proof of these suspicions".

b7C, b7D

[REDACTED] went on to say that YOCKEY had told her that he had visited Europe during the summer of 1950 and that the only reason he joined the Red Cross was to get transportation back to Europe, where he stated "he knew many ways to make money other than what he could make in this country". YOCKEY told [REDACTED] that he had been to school at the University of Michigan during the late thirties, that he was also an attorney and hoped some time in the future to return to practicing law. She said that the Subject continually extolled the advantages of living in Europe to such a degree, she said, that his talk along that line was unbearable; and he was finally quieted by the Director, Mr. PETERSON, who presently is assigned by the Red Cross to Germany.

BA 105-643

Letter dated "July 30 I think", postmarked Roxanna, Illinois,
July 31, 1950:

Subject YOCKEY describes a "tremendous ^{mt.} speech" he had recently made in California. He referred to one SMITH and states that ~~SMITH~~ does not want to have anything to do with ~~him~~ since the talk he gave. YOCKEY stated that he, SMITH, puts out an excellent information service magazine, etc. "but personally I do not think he will get anywhere as his line is all wrong. "

"Don't worry about Korea. As I have told you numerous times there will be no great war for ten years. After the end of the second worldy war I told all my--shall I say--friends that ~~it~~ would be at least 15 years. Five years have gone by ergo ten. Remember it."

"Since I have written to you last I must tell you one thing more. You are to destroy this letter and all others I may ever write to you. If not, I shall write no more. I write to no one who keeps my letters. Entendu?"

Letter dated "Aug. 9 or so", postmarked Roxanna, Illinois,
August 12, 1950:

"America always did fill me with a terrible feeling that I didn't know where I was, a feeling of being on the edge of the world, of being isolated-----.

"I saw old ~~ELCKER~~ ^{ELCK} yesterday. Took him a possible law suit against the film gang who have stolen the sacred name of Imperium for a stinking cinema effort. I can't be bothered with it and he likes that sort of thing."

Letter dated Dec. 26, postmarked Battle Creek, Michigan,
December 26, 1950:

"The Red Cross is an anti-Fate organization and hence finds small favor in my eyes."

BA 105-643

Letter dated January 5, postmarked January 8, 1951, Battle Creek, Michigan:

"I am at Ft. Custer, Michigan with the American Red Cross-----If, in a few months I am not on my way I would feel that my transportation idea failed, and I shall leave this thing and proceed alone."

Letter dated March 6 and postmarked Battle Creek, Michigan, March 17, 1951. The following quote reflects subject YOCKLEY's use of the name FRANK.

"With Frank one can be frank. I have the Americans in my environment call me FRANK. It blurs their impression of me and that is precisely as it should be."

Letter dated April 23, postmarked April 24, 1951, Battle Creek, Michigan.

The above letter refers to General MacARTHUR as "an ancient ass" and that he could have made himself king of this island. According to the writer of the letter, five years ago MacARTHUR was anti-German and pro-Russian, now he is anti-Russian. "No matter how much one sympathizes with American nationalism-- which is not directed against Europe (see Imperium) he cannot wish MacARTHUR well, for he is a thoroughly unworthy representative of it. During the greatest drama, up to now, that has been enacted on the world stage, this idiot cast his sympathy to the stupid Russian clod and the slinking, sneering usurer--Jew. This I do not forget."

Letter dated "June 2 or so", postmarked June 4, 1951, Battle Creek, Michigan:

"I am familiar with the foul book a German Talks Back. I saw it in 1945 or so. I found no back-talk in it, but only the usual filthy Jewish propaganda. If it were a real book, it would be confiscated and proscribed, as Imperium has the honor to be---in three countries. People have been held in jail for possessing Imperium. Imperium is more deserving of the

BA 105-643

title (sub title let us say), A German Talks Back, than is that dirty little piece of Jewish--liberal--Masonic propaganda by the weak and despicable traitor H. USER.

"Forgive me for my enthusiasm about Imperium. It is growing on me. When I finished it, I was slightly disappointed but now when I pick it up I ask myself how could it have been written through such an unsure instrument as me, for in very truth its truths are super personal and the real author is the spirit of the age, the Zeitgeist."

Letter dated August 1, postmarked U. S. Army, August 1, 1951.

"I am in a God forsaken village named Baumholder, or rather in a camp above it. It is not too far from the French border in the Hunsruck Mountains."

Letter dated August 18, Stuttgart, postmarked U. S. Army August 20, 1951.

"I do not yet know whether my new position will mature. Two different sets of secret police have to clear me for it and a certain section of one of the two I know has me listed as an undesirable. It is frightful that I have to expose myself in this stupid fashion. No one can simultaneously try to do big things and be obligated to devote all his time and energy to the little little thing of earning his living."

Letter headed "Garmisch, September 4", postmarked U. S. Army Postal Service, September 4, 1951.

"I am enroute to Rome today. I had a disaster and lost my job. I resigned in the expectation--more, assurance-- of having another at once, twice as good financially. But the secret police told the prospective employer (Judge Advocate, 7th Army) that they wanted to investigate me for six months and he became frightened."

Ba 105-643

In the above letter YOCKEY indicated that his next address would be in care of American Express Co., Rome.

Letter dated October 3, postmarked Napoli Ferr 1951.

"I am staying in one spot for about three weeks and thus if you answer today air mail I shall receive your letter. I am in Naples organizing the foreign part of a Fascist convention to be held 25-28 October. As you know, I do not believe in conventions, I believe in the lonely agonies of superior men, but I have ulterior motives, not the least of which is the fact that my expenses of living are being paid during this month, and thus for a short while I am relieved from the terrible pressure of economics.

"I have seen a good review of Imperium for South America. The reviewer calls it the bible of the next great European revolution."

In the above letter YOCKEY gave the address, c/o the American Consulate, Naples, Italy.

Letter dated October 12, postmarked unreadable, Italian stamps on envelope.

"Everyone now is beginning to say the things I said six years ago. The Korean war has proved and vindicated the proclamation. It has shown all Europeans that the Washington regime is incapable of fighting against Russian Bolshevism, being itself the very same thing, only in a different form. It has undermined the military prestige of America, and all over Europe, the people who matter are saying, with the Germans 'Ohne mich'.

"Little FRANZ was however the first to say it, to write it, and now again he is five years ahead of the other members of his race."

BA 105-643

Letter dated December 3, postmarked Montreal, Canada, December 4, 1951:

"I am back on the wrong continent again.

"The strangest thing has brought me back here. I am managing an enterprise for an artist. This chap is an Italian from South America. He came to Europe last year with his paintings to exhibit them, and he visited GANNON, having heard of Imperium, etc. When he learned I was in Naples he came down there to see me, qua author of Imperium, which he regards as a bible.

"He is also a very sick man: cardiac, pleurisy, bronchitis, high blood pressure.

"Write me care of COYNE at Roxanna.

"I am in Canada because BOSCHI is waiting still for a visa to go to USA. Perhaps he won't get it."

Letter dated January 1, postmarked January 2, Montreal, Canada:

"I am in great difficulties with this artist mad man this pin painter. He is in a terrible state of moral deterioration, not to say physical and mental as well."

Letter dated January 22, postmarked January 22, 1952, Washington, D. C.:

"I come hither to find myself some base economic employment, after my BOSCHI enterprise showed itself no longer feasible. I was counting heavily upon old JAEGER---about whom I told you, as you will remember and I learned with one telephone call that he is in Florida until the end of the month.

"I shall be here all week, at least up to Saturday, staying at the YMCA Hotel, 18th and G Streets, a block away from the infamous State Department."

BA 105-643

Letter dated "February 5 or so---, Tuesday anyway", postmarked Washington, D. C., February 5, 1952.

"I called on PATTERSON who arranged an appointment for me with Senator McCARTHY for Saturday P.M. He wanted me to write a speech for him, based on a whole batch, a huge corpus of material, to have it ready by Monday.

"There are still several things to settle with him but it looks as though I have a job. Really quite unbelievable that it should be this particular job. Everything else orally.

"I am usually in my room, Tel: National 8250, ext. 860."

Letter headed Thursday, no envelope:

"I am enclosing a letter to ~~VINETTE~~ ^{M.M.} the which please mail for me. It is written as though it comes from ~~WARREN~~, in case the enemy starts reading her mail in the Roxanna Post Office. This is entirely within the realm of possibility, as is telephone tapping. VINETTE, of course, will understand the letter perfectly. In it I suggest indirectly that she get herself a new mailing address, a post office box in a different place or an arrangement with the neighbors. I mention nothing in the letter concerning Atl. City, or pins. I also tell her, speaking as WARREN that I have just had a card from her brother, FRANCIS from Mexico City, saying he is enroute to Buenos Aires on business. In case the enemy comes to you as he probably will---after checking her telephone calls---this should be your line with him: I visited you for a while, and then left, and then next you heard was the card from Mexico City. If asked about the card, naturally you destroyed it, since you do not collect post cards.

"Tell WARREN you had a call from VINETTE so that he will be alerted for a visit from the enemy and will

B4 105-643

tell them the same story. Treat them distantly and firmly; make them produce their credentials, ask them exactly what they want and do not be helpful at all. Show great surprise that they are seeking poor FRANZ, a model member of the community, etc."

Letter dated May 16, postmarked Atlantic City, May 16, 1952:

"You ought to write to VINETTE and tell her---make it clear that you are speaking for me, but do not mention my name--to get herself another mailing address. Do not mention A. City but tell her that things look good over here---. She has my address here and I have had a letter from her."

"I want you to call me, you should go to a pay station. I really think these precautions are justified because before this I have had this sort of wrong interest taken in me, and I know their standard procedures."

In the above letter, YOCKEY mentions ~~PERRY S. PATTERSON~~, Sandy Spring, Maryland, as a contact of his.

Letter dated May 20, postmarked Atlantic City, May 20, 1952.

"The main reason of course for the Buenos Aires--Mexico City story was the fbi but it does not harm if Dog thinks the story is straight. This is about the third or fourth time the fbi has sought poor FRANZ, each time without success, so each time they will look more intensely and each time I must be more cautious. Remember, do nothing which will leave a record on paper that will connect you to me. Very soon, or perhaps already, they will connect your house to VINETTE because of the long distance phone calls and perhaps also because of mail."

Interview of Miss ALICE YOCKEY

Miss YOCKEY, aunt of subject YOCKEY, advised the last time she heard from her nephew was about 2 years ago when she had a letter from him. At that time, Miss YOCKEY stated, she believed YOCKEY was in New York City.

According to Miss YOCKEY, her nephew is a "brilliant lawyer" who had trouble in Germany after World War II when he disagreed with the manner in which Germans were prosecuted in the war crimes trials. Miss YOCKEY stated subject YOCKEY was employed by the War Department as an attorney in the German war crimes trials. She advised YOCKEY's trouble during the war crimes trials came when YOCKEY told his superiors that German war criminals were not being prosecuted under International law, German law, or United States law, and the government had no right to prosecute the Germans, subject YOCKEY contended.

Miss YOCKEY stated that subject YOCKEY's opinion concerning the legal aspect of the war crimes trials was the reason he was dismissed as an attorney with the War Department in Germany.

Subject YOCKEY's aunt stated she had no idea as to where YOCKEY is at the present time. She advised that subject YOCKEY is the "black sheep" of the family because, although he has a fine education and has a brilliant mind, he has never made use of these assets.

Miss YOCKEY stated her nephew is very pro-German and she was of the opinion that this pro-German attitude was brought about by the influence YOCKEY's grandfather, who was a German, had on YOCKEY.

Along with this pro-German attitude, YOCKEY is also anti-semitic, Miss YOCKEY stated. She advised that although YOCKEY had "Jewish friends" he was opposed to "Jewish people" as a whole.

Miss YOCKEY stated that she had been visited recently by a representative of the United States State Department who was attempting to ascertain the whereabouts of YOCKEY. She said the State Department representative did not tell her why he was looking for YOCKEY and only asked questions concerning YOCKEY's present whereabouts.

~~CONFIDENTIAL~~Interview of FRED YOCKEY

FRED YOCKEY, 722 Junior Terrace, advised the writer and SA HORACE H. WILLIS that his nephew, FRANCIS PARKER YOCKEY, was an eccentric, yet brilliant person.

FRED YOCKEY stated FRANCIS PARKER YOCKEY was his nephew. He advised that subject YOCKEY had never actually resided at 722 Junior Terrace, but did visit there occasionally many years ago. He stated the last time he had heard of his nephew was when ALICE YOCKEY received a letter from him several years ago.

FRED YOCKEY said he was not very fond of his nephew because of his frequent wandering and because of the fact that YOCKEY had never settled down and made use of his education.

YOCKEY's uncle stated subject YOCKEY had written many books but FRED YOCKEY was uncertain as to just what was contained in these books.

FRED YOCKEY stated he knew YOCKEY was pro-German and anti-semitic, but advised he could furnish no other information concerning him.

The subject's uncle doubted that subject YOCKEY would contact either him or Miss ALICE YOCKEY. FRED YOCKEY stated YOCKEY would more likely contact his two sisters, Mrs. ALICE YOCKEY ^{ALICE} SPURLOCK or Mrs. VINETTE COYNE. He advised both Mrs. COYNE and Mrs. SPURLOCK are presently residing in Monterey, California. FRED YOCKEY further advised that Mrs. COYNE's husband, WILLIAM COYNE, is a Lieutenant Commander in the United States Navy, believed to be on active duty at the present time.

SYNOPSIS OF FACTS:

Lt. Commander WILLIAM COYNE states subject's sisters have not heard from subject for approximately eight months. Believes last letter received from subject, came from Belgium and thinks subject stated in letter that he intended to go to Arabia. Mrs. VINETTE COYNE, sister of subject, advises she does not recall where letter came from, but believes it was postmarked in foreign country. Does not recall subject stating in letter that he was going to Arabia. Mrs. COYNE advised her sister ALICE YOCKEY SPURLOCK, out of city, but that she would not hear from subject, as they do not get along. SPURLOCK and COYNE reside together in Pacific Grove, California.

DETAILS:

AT MONTNEY, CALIFORNIA:

Lieutenant Commander, WILLIAM COYNE, Acting Executive Officer, United States Naval Post Graduate School, and formerly the Security Officer at the School, advised that VINETTE COYNE is his wife, and that subject, YOCKEY, is his brother-in-law. He advised that his sister-in-law, ALICE YOCKEY SPURLOCK, resides with him in their home at 1136 Surf Avenue, Pacific Grove, California. COYNE stated that neither he, SPURLOCK, or his wife, have heard from the subject in approximately eight months. He stated that to the best of his recollection, they received one short letter in the latter part of 1952, and he believed this letter was postmarked in Belgium. be definite about this. He related that the subject resided with him on several occasions when he was in the United States, and that subject was one of those individuals who, though exceptionally intelligent, preferred traveling around the world, and would never settle down to steady employment. He stated that he has assisted the subject on numerous occasions, financially and generally. When the subject comes to the United States and is without funds, he will stay at his home. He further advised that his wife is about the only one who hears from the subject, and that Mrs. SPURLOCK and subject do not get along well together.

COYNE stated that he actually knows very little about the subject, as he does not generally confide in any of his family. However, he does know that subject is violently anti-Communist, and in all probability, has a tendency to lean toward Nazism. However, he feels certain that subject is not violating any laws. COYNE advised that he would willingly advise the writer, in the event any member of his family should receive information concerning the subject.

AT PACIFIC GROVE, CALIFORNIA:

Mrs. VERNICE COYNE, 1136 Surf Avenue, advised that to the best of her recollection, they received a letter from the subject in the latter part of 1952; however, she could not recall where this letter came from, and there was no return address thereon. She stated that she believes the letter had a foreign postmark, but she personally did not recall it as being Belgium. She also advised that she does not recall the subject making any statement concerning his expected travels from wherever he was at the time of writing. She pointed out that his letters are exceedingly brief and contain no news at all about his activities. Further, she generally hears from him only when he is in need of money. She also advised that she knows nothing about his activities, other than the fact that he enjoys traveling and will not settle down to steady employment, in view of the fact that he gets bored so easily. She stated that in her opinion, her brother is extremely immature, in spite of his high degree of intelligence, and that he is very gullible, particularly where women are concerned, and is easily influenced in his thinking. She stated that she has in the past, been

very concerned about him, as he is "the baby" of the family. However, due to his complete refusal to settle down and make something of himself, she has decided that it is not worthwhile to worry about him.

Mrs. COYNE advised that her sister, ALICE SPURLOCK, is presently in Los Angeles visiting friends, and is not expected back for another two weeks. She stated, however, that her sister has resided with her for some time, and she knows for certain that she has not received any communications from the subject, pointing out that her sister and brother do not get along; therefore, he stopped corresponding with her several years ago. She advised that the reason they do not get along is that there is a clash of personalities, and the fact that the subject will not do anything to make something of himself. His sister will not condone these actions, and therefore has nothing to do with him.

Mrs. COYNE advised that she would advise the writer immediately, if she receives any information concerning the subject.

~~CONFIDENTIAL~~SUMMARY OF SUBJECT'S WRITINGS

b7C,
b7D

The following material had been left in [REDACTED] home by YOCKEY at the time YOCKEY and [REDACTED] left in the spring of 1952. [REDACTED] was formerly married to [REDACTED]. This material was obtained from [REDACTED] on December 17, 1952 by SA DONALD M. HOLLAND.

It is noted that ULICK VARANGE is YOCKEY's pen name.

1. "L'ESPERANCE"

a. Volume I consists of 405 pages by ULICK VARANGE and was first published in 1948 by Westropa Press, London, N.W.I. This book is dedicated to "The Hero of the Second World War."

The author believes that the culture of our civilization has gradually improved through troubled times over the many centuries. Some of our present-day cultures started in Egypt, China, Mexico, and Peru, etc., around 1000 A.D. The great crisis of the West set in with the French Revolution and its consequent phenomena. NAPOLEON was the symbol of the transition of civilization into culture. Destiny is the hallmark of everything living and the destiny idea is the central motive of organic thinking. Fate is not synonymous with destiny but the opposite. Most highly developed systematizers apply destiny thinking in their daily lives in relationships with other human beings. History is the relationship between the past and the present. The present is constantly changing and so is history.

From page 27, "The determining thing in our outlook on history is the spirit of our age. Ours is an external, factual, sceptical, historical age. It is not moved by great religious or critical feelings."

"Ours is the first age in Western history in which absolute submission to facts has triumphed over all other spiritual attitudes."

Author goes on to describe the meaning of facts and the demise of the linear view of history.

From page 43, "Civilization outside of the West was imperfect, striving to be western, stammering and fumbling."

It is to be noted on page 45, "The philosophy and science of each culture never became independent of the religious style of the culture; even materialism is only a profane caricature of the basic religious feeling of the culture."

~~CONFIDENTIAL~~

Author further gives his ideas as to the structure of history in the idealizing of the NAPOLEANIC Empire.

On page 64, "This age and its spirit would not shrink from entering upon its task of building the Empire of the West even if it were told that the outer forces are too strong, that they will never succeed. It prefers to die on its feet rather than live on its knees.

From page 69, "In the Western civilization, the expansive tendency reached the point where by 1900, 18/20ths of the surface of the earth was controlled politically by Western Capitalists."

Found on page 70, "The peak of this long crises exists now in the period 1950 - 2000 and possibly in these very years will be decided forever the question whether the West is to fulfil its last life phase."

On page 71, "The first step in action is thus the liquidation of the spiritual division of Europe. There is only one basis on which this can be done. There is only one future - the organic future."

Written on page 71, "In his victory parade in Moscow in 1945 the barbarian exhibited his Western captive slaves to the jeering crowds of his cities and made them drag their national flags behind them in the dust."

The author then comments on the three great thought systems, Darwinism, Marxism, and Freudism, the products of materialistic thought.

On page 108, "No leading men of the coming decades will be Darwinians, Marxians, or Freudians."

It is reflected on page 110, "Science was the supreme religion of the 19th century and all other religions like Darwinism and Marxism referred to its great parent - dogmas as the basis for their own truths. 'Unscientific' became the term of damnation."

Found on page 119, "A projectile which can destroy a city of 200,000 persons in a second, that however is a reality and affects the sphere of political possibilities. It is the spirit of politics which determines the form of war that influences the conduct of politics."

On page 121, "The attitude of the 20th century towards science and techniques is clear. Superiority in weapons is essential in order to compensate for the immense numerical superiority of the enemies of the West."

Contained on page 132, "It is better to eat the rations that Moscow and Washington allow than it is to have a proud and free Europe with a 'bad' government."

Author then comments on the nature of politics and how politics is activity in relation to power. He believes politics divides the world into friend and enemy.

Written on page 150, "During the Second World War, for instance, freedom and democracy were used as terms to describe all members of the coalition against Europe, with an entire disregard of Semantics."

On page 155, "Man does not kill like a tiger for food to eat - he kills because of spiritual necessity."

Found on page 161, "They (meaning politicians) wish to abolish war by politics or even by war. If war were gone and politics remained they would then abolish politics by war or perhaps by politics."

The author describes England as a classic example as being on the victorious side in a military sense in World War I but sustaining total defeat in a political sense.

Contained on page 178, "In any age the amount of power in a state system is constant and if one organic unit is diminished in power another unit or other units are increased in power by the same amount."

Found on page 186, "Men who are fighting against the future perhaps have good reason to practice deception constantly, to throw clouds of theories over their actions, to say peace when they mean war and war when they mean peace, and to keep elaborate classifications of 'secret', 'confidential' and the like."

VARANGE then comments on the weakness of the League of Nations and how politics and war go hand in hand.

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

Found on page 214, "Only political independence can be given up, not political existence. Politics still is present with its existential embrace of the lives of the whole population. We stand before the organic law of protection and obedience."

Found on page 237, "From its anthropology of the basic goodness of human nature in general, rationalism produced 18th century encyclopaedism, freemasonry, democracy, and anarchism as well as liberalism, each with its offshoots and variations."

On page 251, "Historically speaking, democracy is a feeling and has nothing whatever to do with 'equality', 'representative government' or anything of the sort."

Written on page 256, "Communism fitted itself out with a rationalistic philosophy; a materialistic, metaphysic and atomistic logic, social ethic, and economic politics."

On page 257, "But Communism was political, unlike liberalism and named an enemy who must be annihilated - the bourgeoisie."

"Its high point was a Bolshevik Revolution in Russia, 1918, when the theory of Communism was actually adopted by a non-theoretical Asiatic regime as a weapon of foreign policy."

Contained on page 258, "Communism like all Utopias is impossible of realization because they are rational and life is irrational."

On page 259, "The coming wars will thus revive the older practices of enslaving and killing war prisoners and remove the protections hitherto extended to the civilian population."

Author then comments on the different types of culture in the world up to the present time and how it affects all of us. He then lays forth his ideas on the types of people and how their influence has changed politics. He states that various races of people are stronger in some types of culture than other races and that all races have different affects on their country and culture.

Contained on page 385, "The Communists said that nations were only a capitalist trick to separate the 'workers of the world.' Only classes

were real - all else is illusion - and there are only two of them, bourgeois and proletaire."

written on page 397, "The absolute state idea represented the future."

The author believes the best for the western world is the state idea form of government in which all business and utility is owned and controlled by the government.

b. Volume 2, consisting of 280 pages.

Found on page 11, "All that is necessary for the 20th century action - outlook is to understand three phenomena within this larger field of culture pathology, namely culture-parasitism, culture-retardation, and culture-distortion."

Reflected on page 14, "The 40 million immigrants to America from other continents from 1790 up to now did not serve to increase the population of America at all, but only to change the quality of it."

The author states that the Jews are separated from the West by culture.

On page 24, "800 years of robbery, hatred, massacre, and persecution on both sides had roused within the Jew traditions of hatred of the West even stronger than the old western hatred for the Jew."

On page 25, "The new movements - capitalism, industrial revolution, democracy, materialism - all were tremendously exciting to the Jew."

The author then states that the many immigrants who came to America from Europe brought their own culture from their individual countries with them.

Author comments that after wars the result is culture-retardation. In commenting on the persecution of the jews in the world, on page 59, "The Jew was within the West but the West was not within him. Persecution strengthens if it stops short of extermination."

The author believes that the Jews are obtaining materialistic products using this to their advantage to fight back at the people of the west.

The writer comments on the American ideology during its early period and believes that American ideology today is dead. He believes ideology of a people is merely intellectual clothing.

In commenting on the Civil War in this country, writer, on page 105, states, "England was prevented only by the attitude of Russia from declaring war on the Yankee Government."

Writer gives a resume of the early history of the United States and the practice of our early American Government.

On page 110, "The Constitution was a lawyer's document with legal phraseology in complete absence of political wisdom."

Contained on page 116, "America acquired its far-flung empire with less bloodshed than any previous conqueror nation in the history of the planet. Every other power that has ever held sway over subject peoples has purchased its position with long and heavy warring. An empire cannot remain at peace."

Author then comments on the American imperialism during the 19th century and how this country and its possessions became so large and how it covered such a great area.

Found on page 136, After World War I "the strongest power, if it had only known it, was America, but, as we have seen, it relinquished most of its new power."

Found on page 142, "Between 1900 and 1915, 15 million aliens immigrated into America."

"Included in these masses were Jews, whose numbers are estimated in Millions."

"From 1890 on began the Jewish invasion of America."

Author then gives his impression of the world outlook of this country during the present time.

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

On page 153, "The straining after excitement, pleasure, and constant motion has created a vast night life, a crime underworld which staggers the imaginations of Europeans and a hurrying from one thing to another which excludes the possibility of contemplation or individual culture."

Contained on page 155, "For happiness one will compromise anything, give anything, sell anything. Happiness becomes synonymous with the pursuit of economic and sexual motives."

On page 157, "Thus the highest social value is getting along with people."

Writer gives his views on the Negro problem in the United States, then goes on to explain how America is being retarded today because of the big finance capitalists in this country.

On page 174, "Cooperation between the churches is constantly being organized and always for some utilitarian aim, having nothing to do with religion. What this means is the subversion of religion to the programme of culture-distortion."

The purpose of propaganda is to put over the policy to its mentally enslaved masses so says the author.

In commenting on World War II, author states on page 188, "The Washington regime knew this attack was coming and even the day of it, since it had been reading Japanese diplomatic messages; nevertheless it took no military precautions and thus cynically threw away the lives of thousands of American soldiers and sailors."

Found on page 198, "America has not had a sufficient historical experience, it has not the consciousness of politics, to administer or create an empire."

Contained on page 200, "The possibility thus is real and organic that America and Europe will once again be politically united."

Found on page 205, "As Europe now knows, the Second world war was a phenomena of culture-illness. It was created in America, skillfully prepared during the years 1933-1939, and it was cleverly cast into the superficial form of a contest between two European powers of yesterday,

although the real world issue was the uniting of the West against the threat to its life from the gathering outer forces - Russia, China, India, Islam, Africa."

Written on page 206, "The result of this war was also a defeat for America. First, because the issue was false, and second, because the exploitation of its military successes was false."

It is noted on page 239, "The ideal of Communism, as a theoretical programme for the reorganization of society, does not exist in the world of facts, either in Russia or America."

"At the moment, 1948, Russia's sole remaining enemy in the field is America."

Contained on page 241, "Russian diplomacy increases Russian prestige, while American diplomacy rouses hopes of material gain in its subject populations and panders to the lowest instincts of greed and laziness."

Written on page 242, "Russia is the bearer of no Utopian hopes for the West and anyone who believes it is a cultural idiot. Russia is internally split; the ruling regime does not represent the true, Asiatic, religious, primitive, soul, but is a technological caricature of Petrinism and the possibility is inherent in this relationship that one day this regime will go the way of ROMANOF."

VARANGE then criticizes this country in its war crimes and treason trials as lacking in culture on the part of the United States. He believes that we are spreading terror because of this action not only in our country but in Europe. The author continues throughout the two volumes of comparing this country and Europe and the mistakes that have been made by America.

On the paper covering on the outside of both of these volumes, the following notations regarding these volumes are noted:

"These troubled years are in actuality the beginnings of a New Age--the Age of Absolute Politics.

"IMPERIUM states a single great thesis: the entire significance of this Age--its great duality, its provenance, its historical necessity, its destined direction, its inevitable inward conclusion.

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

"IMPERIUM demands for this Age the modern, historical outlook, and traces the genealogy of that organic thinking which alone can grasp so creative a conception.

"IMPERIUM rejects the Nineteenth Century: the barren survivals of its thought - Darwin, Marx, Freud and the Scientific-Technical world Outlook; its exhausted political nostrums - the pluralistic state, Liberalism, "Democracy," Communism and "League of Nations" ideas, all of which fail to satisfy the organically vital realities of Politics.

"IMPERIUM creates the discipline of Cultural Vitalism, the biography of the elements of Cultural history. The unity and articulation of a Culture rule the components of its organism: Tradition, Genius, Race, People, Nation and State.

"IMPERIUM demonstrates, from the development of each of these components, the organic necessity of the coming State form-the Authoritarian state. It heralds the Resurgence of Authority, the powerful movement now dominating the inner life of the Western Culture.

"IMPERIUM is more than a formal study, more than an abstract philosophy of history. It is a presentation of the fundamentals which at present determine our souls even though we deny or oppose them, an imperative to a world-outlook worthy of our tradition and the destiny of the Western Culture, and a summons to political action in keeping with the Spirit of the Age."

2. Two Editions of the Pamphlet "Frontfighter"
Which Contains Articles By ULICK VARANGE

- a. "Frontfighter" No. 20, January, 1952 issue. This publication is published by the BCM Westropa Press, London, W.C. This article consists of six pages in this issue and is entitled, "Europe's Honour and Kurt Meyer."

Contained on page three.

"If the word honour seems strange to Western ears today, that is in itself no sign that our Western honour is dead, that it was hanged along with the victims of American 'war crime' atrocities. No - neither Jew nor American can deprive Europe of its honour - only Europe can do that."

The author states that General KURT MEYER of Germany who is still in jail, should be released from jail and that he, (MEYER), has served Europe well. The author believes that by occupation forces, America is ruining Europe.

Contained on page seven.

"Let no European think he can bridge this bottomless pit and cooperate with American Bolshevism to 'save' Europe, for such an idea has no meaning."

VARANGE believes that the Americans are profiteering on the Germans today and taking advantage of the Germans because the Americans were victors in World War II.

- b. "Frontfighter" No. 21, February, 1952 issue. Continuing from the last issue of "Europe's Honour and Kurt Meyer," by ULICK VARANGE. This conclusion consists of six pages.

The author claims that the only way for honour of the Germans is to refuse to cooperate with the Americans.

Found on page three.

"The Jew with his perverted sense of honour allows himself to cringe and bow today in the hope of revenge tomorrow."

Written on page three.

"The Japanese honour code lists as dead the soldier captured by the enemy. The family is notified and the funeral duly celebrated."

On page four.

"China and India are landscape words - they describe no State, no Nation, no People. They embody no Mission, no Idea. They have no prestige, no meaning, and no honour is attached to them."

Found on page five.

"Hindus, Chinamen, Sikhs, Moslems, Negroes, these can be mobilized by any dynamic power whatever to fight against the enemy of its choosing."

The author believes that if Europe cooperates with the United States, that the population would be utterly dispersed over the world and Europe would end up as slaves, but if KURT MEYER refuses to cooperate with BISHOP, Europe will keep its honour and therewith the promise of reconquering once again on a permanent basis.

3. "The American Destiny" By ULICK VARANGE

Dedicated to the "White American dead of the Second World War who died in vain in a cause not their own."
This manuscript consists of nineteen pages.

The author states the early Americans, after a terrific struggle, made this nation great by continuing with their European culture. However, America today has been taken over by the Jews.

~~CONFIDENTIAL~~

Found on page seven.

"It was a political master-stroke on the part of the Jew to bring out the movement known as Zionism."

The author states that the Jews did not help this country with any of our early wars during our struggle for freedom because there were no Jews in this country, but today they have taken over America. He believes that the Jews today receive special privileges in the Army, in colleges, and control the police and big business. The Jews, after the 1932 election, moved into the Democratic Party and into Washington and have been there ever since.

It is noted on page ten.

"In 1933 there descended on Washington a swarm of Jews headed by BARUCH, ROSSINMAN, FRANKFURTER, and MORGENTHAU."

VARANGE states that the Jews today run the government, the newspapers, and influence our entire lives.

Found on page eleven.

"The truth is that the Jew is spiritually worn out. He can no longer charge. He can no longer develop. He can produce nothing in the sphere of thought or research. He lives solely with the idea of revenge on the nations of the white European-American race."

"The Jew went about his aim of destroying the hated Western nations, not by massing fleets and armies of Jews, but by working within each nation."

Noted on page thirteen.

"In 1933 when the Jew captured America, he immediately extended diplomatic recognition to Soviet Russia, and an Ambassador, LITVINOV-FINKELSTEIN, was sent to Washington to congratulate his successful kin."

"1933 was the year of fate for the Jew. In that year, while he gained America, he lost Europe."

"While white prestige in the world melts away, while the living standard of the white peoples moves steadily downward, the Jew is planning great new power combinations."

"He (meaning the Jews) wants a war at his time and on his terms, on an issue he chooses, in theatres he will decide - a war that he plans for America to lose."

The author believes that America will lose World War III and that some day the Jewish flag will fly over the United States.

4. "America's Two Political Factions"

The last page of which contains the name of VARANGE.
This manuscript consists of six pages.

~~CONFIDENTIAL~~

CG 100-25647

~~CONFIDENTIAL~~

The author states that Europe and South Americans are baffled by the United States' rapid changes in foreign policy.

Contained on page one.

"The American inner-political scene is dominated by two factions, neither of which at this moment exercises a dictatorship. The first, presently the more important of the two, is the Jewish or Communist faction, (the two words are interchangeable in America.) It is well organized, coherent, conscious of its power, conscious in its policy. It knows its objective, and even when temporarily set back, it continually returns to it. The second is the Army or military faction."

VARANCE believes that the Jewish politics is everywhere and that it spells the destruction of Western civilization. He believes the Jews were instrumental in giving Communist spy HISS a light sentence as were given the Communist leaders who were sentenced in this country.

Found on page two.

"An 'anti-Communist' law required all Communists to register, but no penal provision was attached to it. It was defied by all Communists with impunity. All this testifies to the efficiency of the Communist organization in America."

Contained on page two.

"The cabinet minister FORRESTAL, who resisted the official policy vis-a-vis Israel, was killed, and his murder portrayed as a suicide. It is now known everywhere that shortly before his death, FORRESTAL was warned by BARUCH to abandon his resistance to the Israel policy."

On page three.

"In order to enroll the masses of intellectuals - those who believe that because they can talk therefore they also can think - the Jew uses the ideology of Marxism."

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

The author believes that the Army is lacking in political plans. The top military leaders do what they are told, but they do not know or realize what the objective is of what they are doing.

On page four,

"There are traitors within it like EISENHOWER and the infamous MARSHALL. It was MARSHALL, who, in 1941, when he was chief of staff, brought about the Pearl Harbor disaster. Though knowing when and where the attack was coming, he absented himself from his post and deliberately refrained from alerting the garrison in Hawaii. For this direct treason, he received a promotion."

"American foreign policy has become weaker and weaker because of the actions of our military in Europe and in Korea."

The author believes that America cannot help Europe. Europe must help itself and develop its own resources.

Noted on page six.

"Europe will not fight under the banner of its enemy."

5. "Handbook of Imperialism"

Which consists of three pages, the front page and two pages of "Morphology of Imperialism". The name of the author was not shown.

The author of this article gives examples of types of imperialism and then gives examples of decadence and compares imperialism and decadence. The author concludes by questions. Why does a culture last only a thousand years or a man live to approximately seventy years of age? Why can't they last longer?

6. "Europe's Honour and Kurt Meyer"

It is to be noted that this is the same article as published in the two editions of "Frontfighter" which was previously summarized under number two above.

7. "Spengler and the Western Imperium"

A commentary on Prussianism and Socialism consisting of sixty-two pages, name of author not shown.

The German reader has much better reading than the American. In order for a people to improve themselves, they must improve their culture. SPENGLER saw correctly the German Revolution of 1918 and the future of Germany. The author believes that the West is slowly declining in its civilization.

After the First World War, Japan, Russia, and the United States were the victors. England, France, and Germany lost the war. A power cannot be made great unless it can stand alone. America is very weak politically and tends to lose everything politically that they gain militarily.

The coming of World War I and II was realized by all political thinkers. Russia emerged from World War II as the greatest power in the world. America in defeat of Japan was an aid to Russia.

The United States is preparing for World War III and is trying to get a European Army to fight for them. Any nation which welcomes foreign troops is dead. Europe has been great in the past and the author believes it will again be some day. Europe has many inner enemies, the worst enemy being capitalism.

The outer enemies of Europe are America and the coloured revolution against the world supremacy of Europe. The other enemy is Russia.

Europe paid for America's victory with seven million battle deaths. America needs Europe to start World War III. In America and Russia people are used to thinking of large distances as being near due to the size of the countries, but in Europe, due to the small size of their country, people think in terms of small distances. Both Europe and the United States are trying to gain an advantage. The only thing to save Europe from both Russia and the United States is for the United States to get out of Europe.

B. "Proclamation of London of the European Liberation Front"

This booklet contains the name of no author and consists of thirty-two pages.

The first political expression of Europe was in the Crusade. Since this time there has been political struggle between the states in Europe. The age of materialism in Europe was born in the 18th century. The Jews received their greatest reward and success in America because there was no tradition in America like there is in Europe. There is a social degeneration in Europe which to a large part has been caused by Hollywood movies. Culture disease is great in America but that America can be helped by the liberation front.

The Jews were responsible for hostile developments in Europe and the cause of poisonous propaganda to spread throughout the world. There is terror everywhere in Europe now that the power of every European State has been destroyed. The liberation front in Europe has a great job. Its job is to expell all aliens from the soil of Europe and the construction of the Imperium of Europe. Treason in Europe today means only one thing and that is serving any other force than Europe. It is every European's job to liberate Europe.

Letter to Director, FBI
NY 105-3562

[redacted] advised that FREDERICK C. F. WEISS has composed many writings for neo-Nazi groups in the NY area, mainly for an organization known as the "National Renaissance Party." [redacted] believes that since December, 1952 FRANCIS PARKER YOCKEY has been the man who is composing the writings put out by FREDERICK C. F. WEISS, which are utilized by the neo-Nazi groups in NYC. This is only a surmise on [redacted] part, and he has no specific info to back this belief. He believes that this is so, since he is acquainted with YOCKEY'S style of writing from the book "Imperium", and from other work that YOCKEY did for [redacted]

b7D

[redacted] had been registered with the Dept. of Justice as a registered foreign agent for the "Socialist Reich" Party in Germany. [redacted] had listed YOCKEY in this report under the name FRANK HEALY as one of the persons who was assisting [redacted]

b7D

[redacted] advised that the Socialist Reich Party (SRP) is the party in Germany which advocates the return to national socialist theories in Germany.

[redacted] advised YOCKEY that he had listed him in this report to the Dept. of Justice under the name FRANK HEALY. YOCKEY indicated that he wished that [redacted] had not done this, and gave some indication to [redacted] that the FBI was looking for him, YOCKEY. Thereafter, [redacted] never saw YOCKEY again.

b7D

However, [redacted] heard from [redacted] that YOCKEY has gone to Europe, and [redacted] indicated to [redacted] that YOCKEY was travelling under a false passport, but did not furnish to [redacted] the name under which YOCKEY was travelling. [redacted] advised that [redacted] indicated that this false passport had been secured for YOCKEY through an acquaintance [redacted]

b7D

b7C
b7D

Letter to Director, FBI
NY 105-3562

b7D [redacted] on several occasions,
indicated to [redacted] that [redacted]
[redacted] is associated in some way
with "gangsters." b7C, b7D

b7D [redacted] advised that he has had no personal con-
tact with YOCKEY since sometime in October, 1952, but that
[redacted] advised him about two or three months ago that YOCKEY
was travelling in Europe under this alleged false passport.
[redacted] knows nothing further as to YOCKEY'S present where-
abouts, but promised to advise this office if he does receive
any info as to the present location of YOCKEY.

b7D [redacted] related that the writings of FREDERICK
C. F. WEISS in the past have always been strongly anti-
Communist and anti-semitic.

b7D [redacted] advised that in December, 1952 these
writings of WEISS seemed to indicate a "soft pedalling"
of the anti-Communist attitude of WEISS. [redacted] has
advanced his suspicion that possibly WEISS is accepting
Communist financial support, and this is why the writings
of FREDERICK C. F. WEISS are no longer strongly anti-
Communist, but seem to favor the Soviet viewpoint to some
extent. [redacted] advised that from the tone of the
composition of these recent writings of FREDERICK C. F. WEISS
he believes that some are being composed by YOCKEY. He has
no information to substantiate this, except that he believes
the style of writing is similar to that used by YOCKEY in the
past.

b7D [redacted] stated that WEISS' association with
YOCKEY is one of the reasons for [redacted] suspicion that
WEISS may be accepting Communist financial support. In
support of this, [redacted] stated that he had written to
[redacted]
asking for any info [redacted] might possess re YOCKEY.

b7D [redacted] described [redacted] as
presently a political fugitive from [redacted]

Letter to Director, FBI
NY 105-3562

b7D [redacted] stating [redacted] supports the national socialist theories in Germany, and seeks to revive some of the principles of national socialism in Germany.

b7D [redacted] said that he had received a reply from [redacted] dated 1/28/53, and [redacted] supplied a copy of this letter from [redacted]

b7D Photostat copies have been made of [redacted] letter to [redacted] and the original letter from [redacted] to [redacted] has been returned to [redacted]

b7D Two photostat copies of the aforementioned letter of [redacted] to [redacted] are being forwarded as enclosures to this letter to the Bureau, and one photostat copy is being forwarded as an enclosure with a copy of this letter to Chicago.

b7D It is noted that the enclosed letter reflects that about the end of 1949 an acquaintance of [redacted] met with YOCKEY in London, England, and during this meeting YOCKEY began to praise the Soviet policy in Germany, and asked this acquaintance of [redacted] to help him organize secret partisans in west Germany, who would be prepared to collaborate with the Soviet military authorities in action against the western occupying powers. Further, it is noted that the enclosed letter reflects that an acquaintance of [redacted] met, in 1950, with one GUY CHESHAM, who is alleged, in enclosed letter, to be an associate of YOCKEY, and that CHESHAM at that time indicated that possibly in the future they might be able to secure financial support from the Soviet Embassy in London.

b7D It is noted that in enclosed letter [redacted] states that, according to latest reports, YOCKEY is now in Frankfort working for the U.S. Red Cross.

b7D [redacted] id that he had shown the enclosed letter to [redacted] and believes [redacted] transmitted the contents thereof to YOCKEY in some manner. [redacted] believes this because [redacted] subsequently received

Letter to Director, FBI
NY 105-3562

b7D from [REDACTED] a copy of a letter written by
YOCKEY, under the name "VARANGE" to [REDACTED] dated 1/24/53.

b7D Two photostats of YOCKEY'S reply to [REDACTED] are
being forwarded as enclosures with this letter to the Bureau,
and one copy of said letter is being enclosed with copy
of this letter to Chicago.

b7D It is noted that YOCKEY'S reply to [REDACTED] dated
1/24/53, indicates that it was written in "Beirut."

b7D [REDACTED] requested that in addition to his name
being kept confidential, he would request that, if at all
possible, the identity of [REDACTED] as the writer
or recipient of enclosed letters, also be maintained on a
confidential basis, if the contents of same are furnished
to outside agencies. [REDACTED] said that he made this re-
quest since he felt that the disclosure of the contents
of enclosed letters to an outside agency might result in
disclosing that [REDACTED] furnished said information to
this Bureau.

The above info is being transmitted in letter
form since it is not known to this office as to whether
the Chicago Office, as office of origin, may have already
received the above info, and may have already reported same.
Accordingly, the above is being transmitted for the information
of the Chicago Office as office of origin in captioned case.

The title of this case is being marked "Changed" to delete the name EGIDIO BOSCHI as a subject in view of the fact that EGIDIO BOSCHI never entered the United States and returned to Europe in May, 1952, and to include Frank Healy as an added alias for subject.

T-1, a government agency, furnished information which was received on August 11, 1953 that subject had been reported to T-1 as an American subject who is now in Cairo, Egypt, residing at the Luna Park Hotel. Subject spends his time writing anti-Jewish articles in Cairo and is known to be associated with the liberation front in England. T-1 advised the above information was furnished to them by an individual whose reliability could probably be questioned. *State Dept. info undesirable per State let 5-27-53*

The Washington Field Office, on October 5, 1953 placed a stop with the Collector of Customs regarding the subject in the event YOCKEY attempts to reenter the United States.

T-2, of unknown reliability, but in a position to furnish information regarding persons active in Neo-Nazi activity in the New York area, advised on September 14, 23 and 30, 1953 that a committee was formed in the Spring of 1952 to free Major General REMER, who has been convicted as a war criminal and was imprisoned by the allied authorities, having been sentenced as a war criminal.

In about October, 1952 [REDACTED]

b7D [REDACTED] introduced to T-2 an individual who was identified from a photograph as FRANCIS PARKER YOCKEY. YOCKEY told T-2 that his name was FRANK HEALY and also told informant that he had written the book entitled

"Imperium" under the pen name ULICK VARANGE. Further, YOCKEY told informant that he, YOCKEY, was a lawyer and that he was living in New York City with his wife, VICTORIA. Informant had no address for YOCKEY in New York City, stating that he contacted YOCKEY solely through [redacted] YOCKEY, on several occasions, during October, 1952, assisted [redacted]

b7D

T-2 advised that FREDERICK C. F. WEISS has composed many writings for Neo-Nazi groups in the New York area, mainly for an organization known as the "National Renaissance Party". T-2 believed that since December, 1952 FRANCIS PARKER YOCKEY has been the man who is composing the writings put out by FREDERICK C. F. WEISS which are utilized by the Neo-Nazi groups in New York City. This is only a surmise on T-2's part and he has no specific information to back this belief. He believes that this is so since he is acquainted with YOCKEY's style of writing from the book "Imperium" and from other works that YOCKEY did for [redacted]

b7D

T-2 advised that YOCKEY, under the name FRANK HEALY, assisted [redacted]

Informant advised that the Socialist Reich Party (SRP) is the party in Germany which advocates the return to National Socialist theories in Germany.

YOCKEY was registered as a foreign agent for the "Socialist Reich" Party in Germany with the U. S. Department of Justice under the name of FRANK HEALY. YOCKEY indicated that he wished he had not been registered with the Department of Justice and believed that the FBI was looking for him. Informant heard from [redacted] that YOCKEY had gone to Europe and [redacted]

No record at Bureau with name Yockey

indicated to informant that YOCKEY was travelling under a false passport but did not furnish to the informant the name under which YOCKEY was travelling. Informant advised that [redacted] indicated that this false passport had been secured for YOCKEY through an acquaintance [redacted]

Informant stated [redacted] on several occasions, indicated that [redacted] is associated in some way with "gangsters".

b7D

b7C, b7D

b7D Informant advised he has had no personal contact with YOCKEY since sometime in October, 1952 and that [redacted] had advised in summer, 1953 that YOCKEY was travelling in Europe under this alleged false passport. Informant knew nothing further as to YOCKEY's present whereabouts. Informant related that the writings of FREDERICK C. F. WEISS in the past have always been strongly anti-Communist and anti-Semetic. T-2 believed that in December, 1952 these writings of WEISS seemed to indicate "soft-redalling" of the anti-Communist attitude of WEISS. T-2 has advanced his suspicion that possibly WEISS is accepting Communist financial support and this is why the writings of FREDERICK C. F. WEISS are no longer strongly anti-Communist but seem to favor the Soviet view point to some extent. Informant advised that from the tone of the composition of these recent writings of FREDERICK C. F. WEISS he believes that some are composed by YOCKEY. He has no information to substantiate this except that he believes the style of writing is similar to that used by YOCKEY in the past.

Informant stated that WEISS' association with YOCKEY is one of the reasons for the informant's suspicion that WEISS may be accepting Communist financial support.

T-2 stated that in the latter part of January, 1953, T-3, an individual known to T-2 who is of unknown reliability, expressed his opinions and furnished information concerning subject and subject's activities which were as follows:

During 1948 there appeared in England a book entitled "Imperium" published by Westropa Press, London, England. This was the work of the U. S. Lawyer FREDERICK YOCKEY using the pseudonym ULICK VARANGE. This book later provided the ideological basis of a new political movement of which the European liberation front was the open and propagandist section.

F. YOCKEY was born in Limington, Illinois, USA, and is approximately 40 years of age. He was educated at the local high school and later visited a Chicago law school where he is believed to have graduated. No facts are known about his antecedents and his early life does not appear to have been subject for any publicity. At some time during the war he became a member of the U. S.

Army and served in the Psychological Warfare Branch and War Crimes Commission. He was also a member of the prosecution at the Nuremberg Trial. According to YOCKEY, upon his arrival in Europe, he became converted to the cause of "Authoritarian European Nationalism". The latter part of his career in the U. S. Army was spent in Germany. In 1946-47 YOCKEY made his way to London after leaving the U. S. Army and immediately commenced his political activity. The first object of his attention was OSWALD MOSLEY, who in 1947 launched the so-called Union Movement. YOCKEY was able to establish a satisfactory contact with MOSLEY and became a paid member of the organizing staff of the Union Movement. His work for same was in European Contact Section and his closest colleague in this section was the leading functionary, GUY CHESHAM. YOCKEY pursued the aim of making extensive contacts through Union Movement and drawing around himself a circle of people. This was to provide the basis for a new political movement with an Eastern orientation -- advocating Neutralism and extremist anti-American activity. Principal persons in this circle were GUY CHESHAM, PETER J. HUXLEY BLYTHE, BARONESS A. VON PFLUGL, OLIVER GROSE, F. GANNON, R. G. LOWE. The activity of this ring in Union Movement became linked to the activity of ALFRED FRANCKE KRIESCHE, then leading German advisor to the Union Movement. Through KRIESCHE, YOCKEY established relations with an organization referred to as the Bruderschaft in Germany.

In 1947 YOCKEY was engaged in preparing his political and ideological book "Imperium". In writing this book he received certain assistance from GUY CHESHAM and after it was written the Baroness VON PFLUGL financed the printing and publication of the work, which appeared in two volumes (early in 1948). In this connection it should be noted that the Baroness VON PFLUGL is the grand-daughter of an individual named ALEXANDER, now deceased. The publishers, Westropa Press, was a dummy concern, having its address as a Box number of the British Monomark Company. The printers, C. A. Brock Company, Ltd., are a commercial firm undertaking work for Marxist associations. The ideological standpoint is largely based on an extension of the political writings of OSWALD SPENGLER. Certain influences of the Jewish "Cultural-Historian" EGON FRIEDEL are also present. The book is dedicated

to the "Hero of the Second World War". The following ideas are stressed: The historical necessity for the development of Imperium -- the Authoritarian European Realm providing the basis for the Caesarian Imperialism of the Late Culture of the Faustian civilization in Europe. The name ULICK VARANGE signifies Ireland-Russia. All differences between the viewpoint of SPENGLER and that of National Socialism are still further developed. A subjective concept of race is furthered on Spenglerian lines. Environmentalist viewpoints are also stressed. Privately YOCKEY likes to be considered as a disciple not only of SPENGLER but also of MOLLER VAN DEN BRUCK. He completely rejects the ideas of ALFRED ROSENBERG. The style of Imperium is a crude imitation of the Literary style of OSWALD SPENGLER, similar to a Hollywood Film production. Clever application of Spenglerism to the needs of present-day political maneuvering - adapted to the political aim of YOCKEY in his bid to set up a movement of European Authoritarian nationalists.

The development of the open activity of the circle of F. YOCKEY resulted in the founding of the European Liberation Front (ELF). No exact date can be given as the arrangements remained restricted to persons close to YOCKEY. A brochure was published by Westropa Press entitled "The Proclamation of London". This contained a statement of the fundamental points of the policy of the ELF and the actual authors were YOCKEY, BLYTHE, CHESHAM and GANNON. A digest of "Imperium" appeared stressing ostensibly the opposition of ELF to all democratic forces. The brochure was written in such a way as to suggest that a conference of European figures had been held in London and that this was Proclamation. It is believed that the conference was in fact merely a meeting of a few nonentities in London under the skillful guidance of the U. S. Lawyer YOCKEY. Since this time J. P. HUXLEY-BLYTHE has maintained a constant interest in the organization of international conferences of this character. The London Conference was said to have occurred in 1943. The crudity of the ELF in making use of the methods of American sensationalism, while advocating European and anti-United States policies, was a principal reason for the failure to make a notable impression in England.

At the end of 1949 arrangements were made for the publication of a cyclostyled four-page bulletin entitled "Frontfighter" the organ of the European Liberation Front. YOCKEY selected P. J. HUXLEY-BLYTHE to be editor of the "Frontfighter". The editorial office was 33 Wensley Avenue, Fleetwood, England. In production of this bulletin HUXLEY-BLYTHE worked in the closest collaboration with YOCKEY and GANNON.

During the period of the preparation for launching the ELF, a private meeting took place in the house of Baroness VON PFLUGL, Park Gate West, London. YOCKEY immediately launched on an attack on the Union Movement which he described as an instrument of U. S. policy. Speaking in German fluently he began to praise the German policy in Germany, in particular referring to the so-called Army of SEYDLITZ and PAULUS. YOCKEY asked for cooperation in order to help him organize secret partisans in Western Germany who would be prepared to collaborate with the Soviet Military authorities in action against the Western Occupying Powers. YOCKEY, small, dark, of unknown mixed races, pale and intense, walked up and down in the large apartment of the Baroness, speaking of the soul of Germany and its orientation eastwards. YOCKEY claimed that if his proposal were accepted we would be initiated into a vast and world-wide secret organization, working to establish an Authoritarian State, "the real national socialism". YOCKEY claimed that this organization was already millions strong and that he was a representative of the leader, whose name he kept secret. YOCKEY stressed that to start with he did not contemplate the use of anti-Jewish propaganda. First of all he wanted to found a sensational newspaper, specializing in anti-American agitation. YOCKEY did not expect to be meeting with persons who could evaluate the political implication of SPENGLER and MOELLER.

CHESHAM revealed the fact that he was promoting a definite line of policy in seeking collaborators. The main trend of this policy was based on "Imperium" and the concept of YOCKEY, BLYTHE and Baroness VON PFLUGL. CHESHAM outlined a policy of infiltration into all nationalist groups with a view to seizing control within or organizing sabotage. The political direction of this activity was to be violently anti-American, avoiding all

anti-Bolshevist conceptions. No anti-Jewish propaganda was to be permitted. It was furthermore suggested that forces could be raised in England for direct action against American military bases in England. The Communist Party in England, as CHESHAM stated, has come to a stand still so that it is making no progress. Therefore, if we organized successfully an anti-American front with popular support it would become possible to obtain financial support from the Soviet Embassy in London. This statement was further amplified by reference to an organization of a similar nature being set up in Germany.

Germany
The organization in Germany was to be the concern of YOCKEY, at that time reported to be in Germany, and it was also mentioned that the agreement had been reached between F. YOCKEY and ALFRED FRANCKE-KRIESCHE for collaboration and also for publishing a German translation of the "Imperium" KAUFFMANN in Hamburg, Germany, and BECK-BROICHSITTER had been approached but these persons were not actively concerned in the plan as they had not agreed with all of the proposals made to them by YOCKEY. CHESHAM stated that ADOLPH HITLER and ALFRED ROSENBERG had "distorted the real National socialism". Real National Socialists believed in SPENGLER and VAN DEN BRUCK.

Later in the same week GANNON arrived from Fleetwood to report on his work with HUXLEY-BLYTHE. CHESHAM attempted to create the impression that all these persons were acting quite independently and that his "personal project" was something quite new. CHESHAM stated that YOCKEY had large connections in Italy and worked in conjunction with an Italian Politician, STASSI, Editor of the monthly journal "Imperium". Special stress was laid on the building contact with all ex-soldier organizations as the most important channel for future political activity.

According to the latest reports, YOCKEY is now in Frankfurt working for the U. S. Red Cross.

T-2 advised that subject had learned of T-3's statements concerning him and reacted with allegations and threats which are substantially as follows:

YOCKEY stated that an article on the Prague trial of SLANSKY, et al, was by YOCKEY and it foretold the Russian break with JEWRY which is becoming deeper and more complete every day. This development, arising as it did from the absolute identity of American and Jewish policy, is favorable to our fight for the liberation of Europe from its outer enemies, America-Jewry and Russia. The contents of the article did not reach T-3's limited comprehension because, he, like a true Freudian, wished not to understand, but only to besmirch anything superior to him.

T-3 told a mass of lies beginning with an incorrect name for YOCKEY which did not exist and a formal educational background which is incorrect and even went so far as to invent a career for YOCKEY in the U. S. Army which he did not have. T-3 stated that YOCKEY was "converted" to what is called "Authoritarian European Nationalism" in Europe. The fact is that YOCKEY's doctrine, whose principles are entirely superpersonal, is called "Imperialism" and that YOCKEY arrived at its fundamentals in the year 1936, before he had ever visited Europe.

T-3 misinterpreted in a stupid fashion YOCKEY's relations with MOSLEY. YOCKEY was interested in MOSLEY's possibilities because of his pre-war orientation as Hitler's voice in England. When YOCKEY discovered that MOSLEY was pro-Churchill and pro-American and anti-Russian, an outrage, even to the extent of mobilizing Europe to fight for American-Jewish victory over Russia, YOCKEY left him. MOSLEY is an effective American agent just as ADENAUER is, just as T-3 is. It is entirely unimportant whether or not T-3 or MOSLEY are paid as well as ADENAUER.

YOCKEY has never read, or quoted, MOELLER VAN DEN BRUCK. T-3 lies about the publication of "Imperium". T-3 lies about the London Proclamation. Only an idiot like the informant could believe that such a work could be the work of four authors.

These harmless, unmotivated lies, concern YOCKEY little. More serious is the lie which would link YOCKEY with CHESHAM, who was expelled from the Liberation Front in 1949 for intrigue with

CG 100-25647

vicious elements. Serious also is the lie that YOCKEY has met BECK-BROICHSITTER and KAUFFMANN, and the attempt to link YOCKEY with Mrs. VON PFLUGL of London, who is a psychopath, and who has never had any connections, nominal or otherwise, with the Liberation Front. Most serious of all is the suggestion, which T-3 conveyed only by innuendo and istoo cowardly to state it outright, that YOCKEY is a Russian agent and that the Front pursues a pro-Russian policy. To the extent that T-3 has spread this lie he will be required to retract it.

The last point remains to be made on the negative side. T-3 injected a personal note when he tried to insult YOCKEY's race. He claimed that YOCKEY is "small, dark, of unknown mixed races, pale". His height is that of ADOLPH HITLER; his complexion is white; his race is exclusively European. For this stupid attempt at personal slander T-3 must give YOCKEY satisfaction if YOCKEY is ever in T-3's vicinity. If T-3 refuses, out of cowardice, he shall be flogged before witnesses.

T-3 and his kind - YOCKEY referred to the European Michel stratum, and in particular to its leaders, the Churchills - are Europe's most dangerous enemies. T-3 is a whited sepulchre, uncreative, uncomprehending and full of malice and crooked jealousy of those with life in them, those who would lead the West forward on its great mission. T-3 and his kind alone make possible the looting and despoiling of Europe by the American-Jewry forces. T-3 and his kind alone made possible the victory of the Jewish-American-Russian coalition over Europe. With T-3's talk of petty-nationalism, he is helping to perpetrate the conditions in Europe which make possible the continued Jewish-American domination.

YOCKEY now states, not confidentially, that T-3 is an agent of American-Jewry charged, on a lower plane, with the same mission as Gasperi, Gaulle, Adenauer, Zeeland, Mayer, Churchill et al; namely, the maintenance of the Jewish-American hegemony over Europe. T-3's method is the same as theirs, the attempt to identify American-Jewish interests with Europe's interests. Informant's propaganda is the same; T-3 labels all European Imperialists as Russian agents.

CG 100-25647

YOCKEY's policy and the policy of European Liberation Front aims at unconditional liberation of Europe's soul and Europe's soil from American-Jewry and from Russia. American-Jewry controls 90 per cent of Europe's soil; Russia controls 10 per cent of Europe's soil. Elementary political tactics reveal from whom Europe can gain power over its own Destiny once more.

YOCKEY's attack on T-3 is not because informant is dark and pale nor because of his "vertical" race. These things do not interest YOCKEY and he knows nothing of informant's "vertical" race. YOCKEY merely knows that T-3 practices a practically loathsome and disgusting trade, and that T-3 continues in his tradition. YOCKEY attacks him because of his political orientation. T-3 is an agent of America-Jewry; he is a miserable spy, a professional liar, a traitor to Europe, a cultured, retarded idiot, an agent of culture-distortion, a wretched Michel, a foul conniver, a crooked, effeminate gossip.

YOCKEY is going to warn all members of his race who should be warned of T-3's hateful mission and his vile character.

Particular reference is made to the information in my letter of reference regarding the inquiry received by G-2, USAREUR, from the MA in Cairo, and to G-2, USAREUR's cable reply to the MA. In view of the MA's official inquiry, G-2 forwarded to him the information furnished G-2 by this office in making the original request regarding the subject. This is the information which appeared in the Bureau's letter to Chicago of October 7, 1953 wherein it was indicated that the subject was last known to have been in Cairo. The Cairo MA replied to G-2 by letter dated December 19, 1953, to the effect that the MA's office in Cairo, as well as other interested elements of the U. S. Embassy there, had been unable to obtain any other information on the subject and no verification that he might be in Egypt. The MA commented that G-2 in Washington had been informed of this fact, with the suggestion that G-2, Washington, inform the Department of Justice.

Army info unclassifiable per Army let 4-9-80. fr
By letter dated January 21, 1954, the Office of Special Investigations, U. S. Air Forces in Europe, advised that the files of its North Germany District had failed to reveal any information on the subject. OSI commented further that [redacted] had no information in its files, and further that all British agencies had previously been contacted by [redacted] and that all information pertaining to the subject had been furnished to the appropriate federal agency. It is not known what source is referred to in this case [redacted]

OSI info is unclassifiable per Air Force let. 4-14-80. fr
OSI informed that its investigation was continuing and that further reports would be furnished. This is assumed to mean that additional OSI districts and offices have been queried but have not yet replied. Any further information will be furnished when received.

At 7:20 P.M., April 4, 1954, a telephone call was received from [REDACTED]

b7C
b7D

[REDACTED] said he had noticed an item in the Drew Pearson column which appeared in the "Washington Post" and "Times Herald" on March 31, 1954, which item concerned one Ulick Varange, also known as Francis Yockey and Frank Healy. He said the article indicated the FBI is interested in this individual because he is known as the writer of a book "urging anti-American but not anti-Soviet activity."

b7C
b7D

[REDACTED] said he knew this person as Francis Yockey in Chicago for a period of about eighteen months around 1937-1938. He said Yockey was then attending law school. He added that Yockey attended law school at Northwestern, De Paul, Notre Dame and University of New Mexico. [REDACTED] had been in Yockey's home in Chicago during the period mentioned.

b7C
b7D

[REDACTED] recalled Yockey as about 21-22 years old in 1937-1938, and a small, thin man with a red face.

b7C
b7D

[REDACTED] said he did not care to discuss Yockey at length on the telephone, but merely wanted to let the Bureau know that he is in a position to give an insight into his mental background, hopes, aspirations, etc. if the Bureau desires to arrange to have someone call on him personally. He said he could also give information regarding some of Yockey's associates.

b7C
b7D

No derogatory identifiable information concerning [REDACTED] appears in the Bureau files.

Yockey is the subject of pending investigation, Chicago origin, supervised by Mr. R. D. Cotter. He is under investigation as a result of his pro-Nazi and Fascist sympathies and activities. He has been in touch with Fascist leaders in several countries. He is a native born citizen. He was discharged from the Army on disability due to dementia praecox, paranoid type. He has marked delusions of persecution. He has been traveling abroad for several years.

On April 4, 1954, a telephone call was received
at the Bureau from [REDACTED]

[REDACTED]

b7C, b7D

[REDACTED] referred to the Drew Pearson column of
March 31, 1954, in "The Washington Post and Times Herald"
concerning an alleged renewal of Communist collaboration
with unrepentant Nazis in a world-wide underground network.

A review of this column reflects that the network
has allegedly used Senator Joseph McCarthy as a propaganda
mouthpiece. As an example of this propaganda Pearson stated
that McCarthy charged the United States Army with torturing
German war criminals sentenced for the murder of American
prisoners. Pearson added that this happened to be the
Communist line in Germany and the charge was traced to
Dr. Rudolph Aschenauer, an ex-Nazi working with the Communists,
who helped write McCarthy's speeches and mailed them to him
from Frankfurt, Germany. Pearson went on to state that
Aschenauer had three known agents in this country - Frederick
Weiss, H. Keith Thompson and Ulich Varange - who also repre-
sented the Socialist Reich Party of Germany.

Pearson said that the FBI is most interested in
Varange, a mystery man who also goes by the name of Francis
Yockey and Frank Healy, and who is the author of a book on
Fascist strategy, urging anti-American, but not anti-Soviet,
activity.

It is noted your office has previously conducted
investigation in this case. For your information, investi-
gation is still pending because of Yockey's pro-Nazi and
pro-Fascist sympathies and activities.

that WEISS was accompanied by JAMES MADOLE and NANA TRUHILL, members of the National Renaissance Party in New York City. He said that the above three went to the Post Office at Lexington Avenue and 44th Street where they mailed approximately fifty of these pamphlets to individuals whose identity is not known.

b1 [REDACTED] WEISS, MADOLE and TRUHILL then proceeded to Grand Central Station where the remainder of these pamphlets were placed in a public locker.

b1 [REDACTED] he had read the recent pamphlet mailed by FREDERICK WEISS and that it appeared that it could possibly be the writing of FRANK HEALY. This informant said that HEALY had written a great deal of WEISS' material in the past and also this particular article was very well done and was definitely not the writing of WEISS, and it was similar to HEALY's style, but not completely identifiable as his.

PASSPORT AND VISA MATTERS**

Beginning in April, 1952, the Bureau has conducted an extensive investigation in this matter based principally upon the subject's pro-Nazi and pro-Fascist activities but also looking towards a possible violation of the foreign agents registration and passport and visa statutes. A total of twenty-nine investigative reports have been submitted to date and at the present time only the Chicago and New York Offices have outstanding leads.

It is noted that among the remaining leads is a lead to interview the subject in the event he should return to the United States. In view of the complex character of this investigation and inasmuch as an interview of Yockey may eventually be handled by any of the Bureau's offices covering ports of entry into this country, you are instructed to prepare a summary report incorporating therein under appropriate headings information relating to Yockey's background and activities as well as a brief summary of investigation conducted with a view to locating the subject.

The Washington Merry-Go-Round

Commies Use McCarthy Blasts

By Drew Pearson

United States agents have dug up irrefutable evidence that the 1950, Nazi-Communist pact has been renewed in effect and is...

network.

The evidence also is conclusive that the network has used none other than Sen. Joe McCarthy as a propaganda...

Pearson

For example, McCarthy charged the United States Army with torturing German war criminals who had been sentenced by the United States Army to the Communist Party in Germany, and McCarthy's sensational charges were circulated by the Reds to stir up anti-American feeling among...

charges to Dr. Rudolph Schenker, an ex-Nazi working with the Communists, who... McCarthy's... Germany... Friedrich Weitz, H. Keith Thompson, and Ullis Jorgens—who also represented the Socialist Reich Party. This was such a flagrant pro-Nazi party that it was finally outlawed by the West German government. Yet, in spite of its Nazi trimmings, the S.R.P. had known to be... money and support... Communist... visited Soviet headquarters in Karlsruhe, East Germany.

Admires McCarthy

Of the neo-Nazi agents in this country, the best known is Walter, who masterminds the National Renaissance Party, a group of fanatical anti-Semites... McCarthy's... foreign policy, particularly against the European... Community, and his fanatical band is known to be infiltrated with Reds.

The FBI is most interested in Varange, a mystery man who also goes by the name of Francis Yockey and Frank Healy. He is known to be the author of a book on Fascist strategy, urging anti-American... as a left-winger, switched over to the Nazis, and now claims to have broken with them.

Purpose behind the new Nazi-Communist partnership is...

and right. Though the neo-Nazis and Communists openly denounce each other, they secretly work together to tear down the democratic fabric. This is done by the old, familiar method of spreading hate, fear, suspicion, and dissension.

A devastating, documented story on the world-wide link between communism and nazism appears in Reporter magazine, which goes on the stands today. For example, the Reporter describes the Communist backing of the neo-Nazi leader, Dr. Naumann, who was dominated by Hitler as his Jewish Goebbels' heir as propaganda minister.

Revives Nazism

Naumann rallied the Nazi splinter parties behind him in an attempt to resurrect the Nazi movement. He praised McCarthy and denounced President Eisenhower. Finally, he was arrested by the British on charges of plotting to overthrow the West German government... Reporter magazine charges that the "explicit aim of the Naumann group was to establish a totalitarian West German government oriented toward the Soviet Union."

Naumann used a Dusseldorf export-import firm, the H. S. Lucht company, as a front for a world-wide political network which kept in touch with Nazi exiles in Spain and Argentina... Otto Skossov—the rescuer of Mussolini, and Dr. Hjalmar Hitler's former financial wizard, are connected with...

Gumshoes Succeed

Two members of the Nazi Communist underground in Spain also took to McCarthy, two junior G-men, Roy Cobb and David Schine, during their comic-opera, spy-hunting jaunts throughout Europe last year.

One was Wolfgang Lohde, who filled the two youthful gumshoes with stories of Communist infiltration of Radio Free Europe. It later turned out that he had signed an anti-American manifesto circulated by a German Communist front organization.

The other informant was Herman Aumer, who was authorized by Cobb and Schine to spy on the United States-licensed German press for Mc-

because of... by... front.

These two informants... sabotage United States... behind the Iron Curtain by convincing McCarthy's gumshoes that Communists had infiltrated the Voice of America and Radio Free Europe. Copyright 1954 by Drew Pearson's column... including... Washington... Times-Herald... WTOP... WTOP-TV...

[REDACTED] stated that YOCKEY had his own ideas on some of these matters, and that YOCKEY was "power hungry" and gave the impression that he would not stop until he became the most powerful individual in the world. [REDACTED] believes that YOCKEY will not succeed in this because he creates too many enemies. The "Reporter" Magazine dated April 13, 1951, contained an article entitled, "Germany: Where Fascism and Communism Meet", by EDMUND TAYLOR. This article was chiefly concerned with national socialist leaders in Germany, and briefly referred to national socialist leaders in the United States. One of these leaders in the United States was FREDERICK WEISS, and the following paragraph is set out verbatim concerning the subject's connection with WEISS:

"A still stranger associate of (FREDERICK) WEISS is a small, dark intense looking man who usually calls himself ULICK VARANGE, (which is supposed to signify Ireland - Russia), but who claims to have been born FRANCIS PARKER YOCKEY in Chicago in 1917. VARANGE, who has used the name FRANK HEALY, is fairly prominent in the political demimonde of international Fascism, particularly in England. A book of his, published in London with the title 'Imperium', outlined what he considers should be the master themes of Fascist strategy, anti-Americanism, neutralism of Germany, and the avoidance of any anti-Soviet activity".

Activities in Europe

Serial 79

b1 [REDACTED] (C)

YOCKEY, under the name FRANK HEALY, assisted in the work for the Socialist Reich Party of Germany. The Socialist Reich Party (SRP) is a party in Germany which advocates the return to the national socialist theories in Germany.

YOCKEY, ^{was} ~~arrived in Europe~~, upon his arrival in Europe, became converted to the cause of "Authoritarian European Nationalism". In 1946 and 1947, he made his way to London, England, and commenced his political activities there. The first object of YOCKEY's attention was OSWALD MOSLEY, who, in 1947, launched the so-called "Union Movement".

YOCKEY was able to establish a satisfactory contact with MOSLEY and became a paid member of the organizing staff of the "Union Movement". His closest colleague in this movement was a leading functionary, GUY CHESHAM. Other persons who were in this movement were PETER J. HUXLEY-BLYTHE, Baroness A. VON PFLUGL; OLIVER GROSE, F. GANNON, and R. G. LOWE. The activities of this group in the "Union Movement" became linked to the activity of ALFRED FRANCKE-KRIESCHE, the leading German advisor to the "Union Movement". Through KRIESCHE, YOCKEY established relations with an organization referred to as the Bruderschaft in Germany.

In writing "Imperium", YOCKEY received certain assistance from GUY CHESHAM and the Baroness VON PFLUGL, who financed the printing and publication of "Imperium", which appeared in two volumes early in 1948.

The development of YOCKEY's activity resulted in the founding of the European Liberation Front (ELF). During the period of the preparation for launching ELF, a private meeting took place in the home of Baroness VON PFLUGL, in London, England. At this meeting, YOCKEY launched an attack on the "Union Movement", which he described as an instrument of United States policy. YOCKEY asked for cooperation in order to help him organize

secret partisans in Western Germany, who would be prepared to collaborate with the Soviet military authorities in action against the Western occupying powers.

YOCKEY claimed that if his proposal were accepted, this group would be initiated into a vast and worldwide organization working to establish an authoritarian state, "the real National Socialism". YOCKEY claimed that this organization was already millions strong, and that he was a representative of the leader, whose name he kept secret. YOCKEY stressed that to start with, he did not contemplate the use of anti-Jewish propaganda. He first wanted to found a sensational newspaper, specializing in anti-American agitation.

The subject was in Italy for several months late in 1951, and took part in the preparation for the Italian Women's Movement. This organization formed the women's auxiliary of the neo-Fascist movement. The subject had written invitations to some forty foreign guests, inviting them to this movement, and he heard from ten of them. The subject made a speech at the Italian Women's Movement Congress.

During the Italian Women's Movement Congress, the subject tried to convince a German guest of his idea to recreate Germany as a military power, which should seek to subjugate the world and establish a Germanic empire.

The subject's repeated criticism of the Italians for their "lack of order" seemed to have gained him few friends in Rome, Italy.

stated that BOSCHI had called his, YOCKEY's, book "Imperium", his Bible.

People have been held in jail for possessing 'Imperium'. 'Imperium' is more deserving of the title, ((subtitle let us say), 'A German Talks Back', than is that dirty little piece of Jewish-Liberal-Masonic propaganda by the weak and despicable traitor Hauser....."

A letter dated "February 5 or so. . .Tuesday anyway", p.m., Washington, D. C., February 25, 1952, stated ".....I called on Patterson"(believed to be PERRY S. PATTERSON, Sandy Spring, Maryland) "who arranged an appointment for me with Senator McCarthy for Saturday p.m. He wanted me to write a speech for him based on a whole batch, a huge corpus of material, to have it ready by Monday.

"There are still several things to settle with him but it looks as though I have a job, really quite unbelievable that it should be this particular job....."

Legion Gives Its Backing to Cohn Dinner

BALTIMORE, Sept. 27 (AP).—The Maryland Department of the American Legion, which withdrew as a sponsor of a testimonial dinner for Roy M. Cohn, announced today it will again join other organizations sponsoring the October 5 event.

State Legion Commander Benjamin Buckner said the Legion acted properly in first endorsing the dinner and then withdrawing its name when it appeared the affair had political overtones.

Daniel H. Burkhardt, state adjutant, explained that when the executive committee determined the dinner would be a personal testimony to Cohn, former counsel for the Senate Investigations Subcommittee, and Rabbi Benjamine Schultz of New York, it okayed Legion sponsorship.

Irving H. Mezger, chairman of the dinner committee, announced during the weekend that the main ballroom of the Emerson Hotel had been reserved to take care of 800 expected guests. Originally, the dinner had been expected to draw about half that number.

Sen. Joseph R. McCarthy (R-Wisc.), has been invited to be on hand to help honor Cohn, his former aide, but has not indicated definitely whether he will be able to attend.

Reference is made to the summary report of SA LLOYD O. BOGSTAD dated 7/8/54 at Chicago, copies of which were furnished to WFO. It is noted that on page 15 of this report there is set forth a summary of a letter dated February 5 and postmarked 2/25/52 at Washington, D. C., wherein the subject stated that he called on PATTERSON (believed to PERRY S. PATTERSON, Sandy Springs, Maryland), who arranged an appointment for subject with Senator JOSEPH R. MC CARTHY for Saturday, p.m. Subject further indicated in this letter that he wanted me to write a speech for him based on a whole batch, a huge corpus of material, to have it ready by Monday. This letter continues, "There are still several things to settle with him, but it looks as though I have a job, really quite unbelievable that it should be this particular job."

The Bureau by airtel to Baltimore and Chicago dated 9/24/54 authorized an interview with the subject if and when he is located. Extensive investigation has been conducted during the past two years looking toward locating this individual and interviewing him concerning alleged misuse of his passport and possible violations of the Foreign Registration Act.

The Bureau by letter dated 10/20/54 authorized the Baltimore Office to contact [redacted] and obtain any pertinent data he may be able to furnish with respect to the subject.

Investigation on 11/9/54 disclosed that [redacted] when contacted at her residence, suggested that agents could better reach her husband at his office [redacted]

[REDACTED] was inter-
viewed on 12/6/54 by SA J. WILLIAM MUNCY, at which time he
furnished the following information:

[REDACTED] became acquainted with YOCKEY
at Georgetown University in Washington, D. C., about 1937,
when [REDACTED] and YOCKEY were attending school there.
YOCKEY was in the School of Foreign Service. Both of them
resided at one of the men's dormitories on the Georgetown
campus. They did not attend classes together.

YOCKEY attended Michigan State University prior
to his attendance at Georgetown. [REDACTED] heard from
some source which he could not recall that YOCKEY was
strongly pro-Communist for his first year or two at Michi-
gan State and had gotten into trouble by playing the
"Internationale" on the piano at a party at the home of one
of the Deans of Michigan State. While still at Michigan
State, YOCKEY turned to Nazism and became a believer in
the supremacy of the German race and their political fu-
ture. When YOCKEY left Georgetown University, he said he
was going to Arizona, where he intended to enter the Uni-
versity of Arizona. Some time between 1938 and 1940,
YOCKEY turned up at Northwestern University and entered the
Law School there, where [REDACTED] was also attending.
YOCKEY attended law school at Northwestern for about one
year.

YOCKEY advised [REDACTED] that after the war he had worked as a civilian in Germany for the United States Military Government. YOCKEY also revealed to [REDACTED] that he had been in Canada or had returned to the United States from Germany through Canada and was having troubles concerning his passport. The State Department was attempting to pick up YOCKEY's passport and YOCKEY did not want to return his passport to the State Department because he would then be unable to leave the United States.

b7C,
b7D

When YOCKEY left Baltimore, he left his forwarding address as c/o FRANK HEALY in New York, but [REDACTED] could not locate the exact address of HEALY. [REDACTED] said he did not keep HEALY's address because he did not want to be in contact with YOCKEY especially after YOCKEY told him that he was having trouble regarding his passport, and also because [REDACTED] had read in DREW PEARSON's Column that YOCKEY was a neo-Nazi.

b7C,
b7D [redacted] stated he did not believe that YOCKEY could become much of a threat to the internal security of the United States as far as organizing or recruiting for a movement against our Government is concerned, because he does not have the type of personality which would attract people to him. Besides, he believes YOCKEY is the "philosophical" or "theorist" type of person and not a direct action type. [redacted] advised he does not believe YOCKEY could be trusted even if he appeared to cooperate with our Government, because YOCKEY has studied the works of those philosophers who believe in "the ends justify the means" to the extent he might pretend to be cooperative when actually he would be working against us.

b7C,

Re Heidelberg radiogram 1/10/55.

Attached for the Bureau's information are three copies each of the following 66th CIC Group reports regarding the reported identification of the subject in Stuttgart, Germany, under the name of EDWARD MAX PRICE:

- (1) Report of SA RICHARD F. QUINN, JR. dated December 17, 1954 (12 pages)(D-267264; I-35538)
- (2) Report of SA DON J. MURPHY dated December 17, 1954 (1 page)(D-267264; I-35538)

The attached reports were furnished to this office by G-2, Headquarters, USAREUR, on January 10, 1955.

It will be noted that the subject was identified at the American Express office in Stuttgart, Germany on December 3, 1954 by [redacted] of the American Red Cross, who knew the subject formerly in St. Louis, Missouri, when he was employed by the American Red Cross in that area. [redacted] identification of him was substantiated by her observation of an American Red Cross identification card which had been issued to the subject at the time of his employment with that organization and which had been retained in files which were available to [redacted]

The Bureau will note also that this identification was further substantiated by the fact that the funds transfer transaction on which the subject was engaged at the American Express involved a transfer from the account of one F. D. COYNE.

An examination of the records of the Red Cross in Stuttgart showed that they contained, in connection with personnel data on the subject under the name of FRANCIS PARKER YOCKEY, the forwarding address "c/o F. D. COYNE, Roxana, Illinois." The instrument on which the transfer of funds from COYNE was based was found to have been forwarded to the American Express in Germany by the Bank of America in San Francisco, California.

The information on the identification of the subject received from CIC has been furnished, with the approval of G-2, Headquarters, USAREUR, to the American Vice Consul, U. S. Mission, Bad Godesberg, Germany.

Photographic copies of the American Red Cross identification card of the subject bearing the signature "FRANCIS P. YOCKEY" and of the receipt given to the American Express on December 3, 1954 and bearing the signature "EDWARD MAX PRICE" are attached as enclosures to the above CIC reports.

For the information of European offices receiving copies of this letter, at the time of the recognition of the subject at the American Express, he was using the name EDWARD MAX PRICE, supported for identification by a United States passport in that name bearing number 378334 issued at Washington, D. C. May 19, 1954. While at the American Express on December 3, 1954, the subject inquired about train connections to Salzburg, Austria.

A check of the U.S. Consulate, Stuttgart, as well as the German residents' registry records and foreigners' registration list in that city failed to reveal any record under the name of FRANCIS PARKER YOCKEY or EDWARD MAX PRICE.

In the absence of instructions from the Bureau, no further action is being taken to inquire into the activities of the subject in Germany. However, any additional information regarding him received from the Consular Section or from CIC will be promptly transmitted.

RE: FRANCIS PARKER YOCKEY, was.

b1.

Files of the United States State Department disclosed that YOCKEY was issued passport number 30259 on January 3, 1946. Subject received several renewals on this passport. On October 17, 1951, the subject applied for a passport at Naples, Italy, and passport number 1893 was issued this date.

In mid 1954, subject was reported to have returned to the United States, but his exact whereabouts were not determined. The purpose of attempting to locate the subject was to interview him regarding his activities. On January 18, 1955, Washington Field Office obtained the following information from the State Department:

EDWARD MAX PRICE filed an application for passport dated May 5, 1954. This application was received at the United States Department of State, Washington, D.C. on May 17, 1954. On May 19, 1954, United States Passport number 378334 was issued to EDWARD MAX PRICE at Washington, D.C.

The laboratory is requested to determine if the photographs of the signatures of FRANCIS YOCKEY and EDWARD MAX PRICE, both of which were obtained by Washington Field Office, were made by the same person. The laboratory is requested to maintain the photograph of the signature of ALICE SPURLOCK until the signature of Mrs. ALICE SPURLOCK, subject's sister, is obtained and forwarded to the laboratory by the San Francisco Office. The laboratory will then attempt to determine if both signatures were made by the same person.

For the information of the San Francisco Office, liaison representative in Heidelberg, Germany, furnished to the Bureau by letter dated January 14, 1955, CIC report dated December 17, 1954, which disclosed in part the following information:

EDWARD MAX PRICE was identified early in December, 1954, as the subject by an American Red Cross worker while PRICE was transacting business at the American Express Company, at Stuttgart, Germany. PRICE was at the American Express Office

on December 2, 1954, for the purpose of receiving "Bank Transfer of Funds" for the amount of \$499.00. This transfer of funds was sent from the bank of America, San Francisco, California. The sender was shown as W. D. COYNE; date was not shown. San Francisco is requested to obtain further information regarding this transfer of funds at the Bank of America in San Francisco. San Francisco received a copy of referenced report as an aid to their investigation.

San Francisco is also requested to obtain handwriting samples of Mrs. ALICE SPURLOCK and forward these samples to the FBI Laboratory for comparison purposes. These handwriting specimens will then be compared by the Laboratory with the photograph of the handwriting of ALICE SPURLOCK, which is being furnished to the Laboratory as an enclosure to this letter.

The Laboratory is requested to return all the items examined, together with the results thereof, to the Chicago Office.

SF T-1, of known reliability, advised on February 9, 1955, that E. MAX PRICE made application for rental of a post office box in the Pacific Grove Post Office on May 4, 1954. At the time of application he stated that his old address was Forest Hills Hotel, Pacific Grove and his new address was reflected as P. O. Box 101, Pacific Grove, which is the box being rented to PRICE. He further advised that he was a traveling salesman for the Viking Machines, San Francisco, 3720 Juniper Terrace. He furnished as references, Mrs. JANET BUCHANAN ARNOLD, Carmel, California and Mrs. ALICE SPURLOCK, 1136 Surf Street, Pacific Grove, California. According to T-1, E. MAX PRICE received a letter from Lieutenant GEORGE R. LEVY, 769 Med. Det. APO 407, New York.

On January 25, 1955, [REDACTED] Musicians Local, 135 W. Franklin Street, Monterey, California, was contacted relative to his knowledge of E. MAX PRICE in view of the fact that PRICE in passport application reflected that he was a Musician (teacher). [REDACTED] advised PRICE was unknown to him.

On February 10, 1955, the following sources were contacted in an effort to secure information relative to EDWARD MAX PRICE or to ascertain if there was another ALICE SPURLOCK in Monterey County; with negative results:

On January 28, 1955, [REDACTED]

[REDACTED] advised that he had no knowledge of
EDWARD MAX PRICE. [REDACTED] made inquiry of [REDACTED]
Pacific Grove Schools and the Superintendent's
office at Monterey, relative to the existence of PRICE, with
negative results.

Mrs. VINETTE COYNE and Lieutenant Commander WILLIAM D.
COYNE, 1136 Surf Avenue, Pacific Grove, sister and brother-in-law
of subject, were interviewed at their residence, on 2/4/55 which
time both denied that they knew an EDWARD MAX PRICE. They also
denied any knowledge of an individual giving ALICE SPURLOCK as a
reference both in PRICE's application for passport and his
application for rental of a post office box.

Commander and Mrs. COYNE both stated that they have
not heard from the subject, YOCKEY, since the last time they were
interviewed by SA KELLEHER in June, 1953. Both advised that they
were confident that Mrs. COYNE'S sister, Mrs. ALICE SPURLOCK,
did not know of the whereabouts of YOCKEY and they could not recall
Mrs. SPURLOCK ever mentioning an individual by the name of EDWARD
MAX PRICE. The fact of ALICE SPURLOCK'S name appearing as reference
in both instances was called to their attention and Commander COYNE
advised that apparently this was pure coincidence. Mrs. COYNE
stated that another ALICE SPURLOCK, whose middle name she believed
to be CAROLINE, formerly resided in Pacific Grove, that she
recalled mail being sent to the COYNE residence in this individual's
name which was not intended for her sister ALICE SPURLOCK. She also
advised that the reason she recalled the name CAROLINE as being the
middle name of the other SPURLOCK was due to a telephone call, which
she believes came from New York. The caller did not identify himself,

SF 105-1769

JAK:kam

but asked for ALICE CAROLINE SPURLOCK. She also advised that though it was an odd set of circumstances it would be very easy for anyone to pick someone's name out of a telephone book and use that name as a reference. Mrs. COYNE was reminded of the fact that her sister is not listed in the telephone book, but she is listed in the 1953 Pacific Grove City Directory. Both Commander and Mrs. COYNE were asked if they knew of Mrs. SPURLOCK acting as a witness on a passport application at any time during the past year, to which both denied any knowledge.

Mrs. COYNE advised that her sister, Mrs. SPURLOCK was, at the time of this interview, in Los Angeles, where she was staying with friends and was to undergo an operation on her knee. She requested that Mrs. SPURLOCK not be interviewed at the friends home in Los Angeles. She advised she would call her and request that she come to Monterey immediately after the operation.

On March 4, 1955, Mrs. COYNE was again contacted relative to the expected return of Mrs. SPURLOCK. She stated that she would call her again in Los Angeles. At this time SA KELLEHER secured from her the address of the friends with whom Mrs. SPURLOCK was staying which is 1094 East Mariposa, Altadena, California, care of H. R. KELLY. Mrs. COYNE again requested that Mrs. SPURLOCK not be contacted there, that she would make sure that Mrs. SPURLOCK came to Monterey.

On March 10, 1955, Mrs. ALICE SPURLOCK was interviewed at the COYNE residence which changed in the meantime to Stevenson and Herders Roads, Country Club area, Del Monte Forest. Mrs. SPURLOCK at the outset advised that she had no information to offer concerning her brother; that she naturally had certain loyalties to her family. However, she denied that she knew of a EDWARD MAX PRICE; that she had witnessed a passport application, nor did she have any knowledge relative to a Post Office Box 101, which was rented by PRICE. Mrs. SPURLOCK denied any knowledge of her brother being in Pacific Grove in May, 1954. Further, when shown the photograph of EDWARD MAX PRICE, she stated that she did not recognize it as a photo of subject YOCKEY. She stated she had no knowledge at the present time of the whereabouts of her brother.

He was asked if he could explain the relationship between EDWARD MAX PRICE and ALICE SPURLOCK, stating he knew of none. He was shown the photograph of EDWARD MAX PRICE and asked if he could

recognize him. He stated he could not. He was asked if it looked like the subject, his brother-in-law. He stated that it could possibly, but he would not state so definitely. He was advised that the photograph was taken in Pacific Grove, California, under the name of EDWARD MAX PRICE and he stated that that might be true, but he did not know him.

It was then pointed out to COYNE that it was a known fact that he purchased a \$500.00 foreign remittance, signed by him, and made payable to EDWARD MAX PRICE in Heidleburg, Germany. COYNE then admitted that this was true and under further questioning admitted that he had also purchased one in the amount of \$700.00, made payable to PRICE. He was asked why he did not make this information available on the occasion of SA KELLEHER'S inquiry on February 4, 1955. He stated that it was true that the name EDWARD MAX PRICE "rang a bell", but he did not feel that it was his obligation to advise SA KELLEHER of this. He related that his sister-in-law, ALICE SPURLOCK asked him to forward the money to EDWARD MAX PRICE in Germany. He stated that on one occasion she gave him the cash, and on the other he loaned her the money. He could not recall which transaction was the cash one. He was asked further if he made any inquiry of Mrs. SPURLOCK as to why she was sending this money to a man by the name of PRICE and he advised that he did not, but that he "suspected that PRICE might be an intermediary." When asked if he meant an intermediary for his brother-in-law, he replied in the affirmative.

When COYNE was questioned relative to his uncooperative attitude in this matter, he stated that he did not feel he was uncooperative; that he did not feel that it was particularly important that subject be located, and that he felt it was up to ALICE SPURLOCK to furnish information relative to PRICE and not his obligation. It was pointed out to him and admitted by him that he had been contacted on several occasions by the FBI in an effort to locate Subject, which should indicate to him that the Federal Government was most anxious to locate subject YOCKEY.

COYNE was advised that SA KELLEHER had questioned ALICE SPURLOCK on March 10, 1955, relative to PRICE and the subject, and that ALICE SPURLOCK gave him no information whatever regarding either of these individuals. He replied, "I know it, she told me that."

SF 105-1769
JAK:kam

COYNE was completely evasive in his answers with the exception of the admittance that he had purchased the foreign remittance made payable to PRICE. He denied ever having met EDWARD MAX PRICE or of knowing of the whereabouts of the subject, or having had any contact with the subject. He went into great lengths talking about the subject and pointing out that he knows the subject has done nothing wrong, that he is misunderstood because he is so brilliant and most people are jealous of him. When asked if he knew if ALICE SPURLOCK was a witness in PRICE'S application for passport, he stated that he did not think that she was. He advised that it was his opinion that it was some woman other than ALICE SPURLOCK who had appeared on behalf of PRICE. When asked who he might think this woman was, he replied that it was possibly [REDACTED] with whom subject was known to have resided. He was then asked why he was connecting [REDACTED] with PRICE, when up to this time, he refused to admit that PRICE and subject were one and the same.

On March 21, 1955, Mrs. VINETTE COYNE was contacted relative to the whereabouts of her sister ALICE SPURLOCK. She advised that her sister was back in Los Angeles, however, if SA KELLEHER desired to talk to her again, she would rather she be contacted at the COYNE residence. She stated that SPURLOCK was due to come to Monterey sometime during the week of March 27, and she would advise Agent KELLEHER when she did arrive.

AT SAN FRANCISCO, CALIFORNIA

The following investigation was conducted by Special Agent JAMES P. NYE: On February 8, 9, 10, 11, 1955:

Due to the fact that EDWARD MAX PRICE reflected on his application for Post Office Box that he was employed by the Viking Machines, of 3720 Juniper Terrace, San Francisco, the maps of the streets of the city of San Francisco were checked and they failed to reflect the existence of a Juniper Terrace.

✓ The City of San Francisco telephone directories fail to list the Viking Machines.

The following listed organizations were contacted in an effort to determine if the Viking Machines was known or subject known to these organizations with negative results:

The following is being furnished for your information:

In 1954 subject was reported to have returned to the United States but his exact whereabouts was not determined. Efforts to locate YOCKEY over the past two years in the United States and abroad have been unsuccessful. It was reported that one EDWARD MAX PRICE filed an application for passport dated May 5, 1954. One ALICE SPURLOCK, 121 Walnut Street, Pacific Grove, California, was listed as a witness on this passport. On May 19, 1954 United States Passport #378334 was issued to EDWARD MAX PRICE at Washington, D. C. Information was received from abroad that EDWARD MAX PRICE was identified early in December 1954 as FRANCIS PARKER YOCKEY. PRICE received a "Bank Transfer of Funds" for the amount of \$499 in December 1954 at the American Express Company Office at Stuttgart, Germany. This transfer of funds was sent from the Bank of America, San Francisco, California. The sender was shown as W. D. COYNE; date was not indicated.

E. MAX PRICE reportedly made application for the rental of a post office box in the Pacific Grove, California post office on May 4, 1954. Mrs. ALICE SPURLOCK, 1136 Surf Street, Pacific Grove, California, was furnished as a reference by PRICE.

Lieutenant Commander WILLIAM D. COYNE, 1136 Surf Street, Pacific Grove, California, was interviewed on February 4, 1955 by an Agent of the Federal Bureau of Investigation and furnished the following information:

COYNE denied knowing an individual by the name of EDWARD MAX PRICE and denied any knowledge of an individual who had given the name ALICE SPURLOCK as a reference for either a passport or for the rental of a post office box. COYNE had not heard from subject YOCKEY since he (COYNE) had been interviewed by an Agent of the Federal Bureau of Investigation in June of 1953. COYNE was confident that his wife's sister, Mrs. ALICE SPURLOCK, did not know the whereabouts of YOCKEY and he could not recall Mrs. SPURLOCK ever mentioning an individual by the name of EDWARD MAX PRICE. That ALICE SPURLOCK's name appeared as a reference on a passport and also on the rental of a post office box was pure coincidence, according to COYNE. COYNE had no knowledge regarding Mrs. SPURLOCK acting as a witness on a passport application at any time during the past year.

On March 25, 1955 Lieutenant Commander COYNE was reinterviewed by an Agent of the Federal Bureau of Investigation in Monterey, California and furnished the following additional information:

COYNE again denied knowing EDWARD MAX PRICE or anyone by that name. COYNE knew of no relationship between EDWARD MAX PRICE and ALICE SPURLOCK. A photograph of EDWARD MAX PRICE was shown to COYNE which he claimed he did not recognize. After questioning, COYNE indicated that this photograph could possibly be a photograph of the subject, but he would not definitely so state. When it was pointed out to COYNE that the Federal Bureau of Investigation was aware that he purchased a \$500 foreign remittance signed by him and made payable to EDWARD MAX PRICE in Heidelberg, Germany, COYNE admitted this was true and that he had also purchased a foreign remittance in the amount of \$700 which was payable to PRICE. COYNE did not make this information available when he was previously contacted on February 4, 1955 although the name EDWARD MAX PRICE "rang a bell" because he did not feel that it was his obligation to advise the Federal Bureau of

April 27, 1955

Investigation.

According to COYNE, ALICE SPURLOCK had asked him to forward the money to EDWARD MAX PRICE in Germany. On one occasion SPURLOCK gave COYNE the cash and on the other occasion he loaned her the money for the foreign remittance. COYNE made no inquiry of Mrs. SPURLOCK as to why she was sending this money to PRICE but he "suspected that PRICE might be an intermediary". COYNE indicated he meant an intermediary for his brother-in-law, the subject.

COYNE did not feel that it was particularly important that the subject be located and he felt that it was up to ALICE SPURLOCK to furnish the information to the FBI relative to PRICE and not his obligation.

It was pointed out to COYNE that he had been previously contacted by the Federal Bureau of Investigation in an effort to locate the subject which should indicate to him that the Federal Government was interested in locating the subject.

COYNE was advised that the Federal Bureau of Investigation had questioned ALICE SPURLOCK on March 10, 1955 relative to PRICE and the subject and that she had given no information regarding either of these individuals. COYNE replied that he was aware of this fact.

COYNE appeared to be evasive in his answers except that he admitted purchasing the foreign remittances made payable to PRICE. COYNE denied having met EDWARD MAX PRICE or knowing of his whereabouts. COYNE went into great lengths talking about the subject and pointing out that he knows the subject has done nothing wrong, that the subject is misunderstood because he is brilliant, and most people are jealous of him.

COYNE did not think that SPURLOCK was a witness for PRICE's application for passport but believed that it was some other woman. COYNE indicated it was possibly [REDACTED] (with whom subject is known to have resided) who may have been the witness for this passport. COYNE was asked why he connected [REDACTED] with PRICE when up to this time he had refused to admit that PRICE and the subject were one and the same.

COYNE did not furnish any additional information concerning this matter.

RE: LIEUTENANT COMMANDER WILLIAM D. COYNE

In connection with an official investigation conducted by the Federal Bureau of Investigation interviews were conducted with Lieutenant Commander WILLIAM D. COYNE, acting executive officer, formerly Security Officer, United States Naval Post-Graduate School, Monterey, California. Interviews with Lieutenant Commander COYNE took place June 26, 1953, February 4 and March 25, 1955. The interviews were relative to an investigation of a relative by marriage of Lieutenant Commander COYNE and efforts were being made to determine the whereabouts and activities of the relative.

When interviewed on June 26, 1953, Lieutenant Commander COYNE advised that when last heard of his relative was in Belgium and that since 1952 he had heard nothing concerning his relative. Lieutenant Commander COYNE professed a willingness to cooperate and advised that in the event anything of value concerning the whereabouts of his relative came to his attention, he would immediately notify the FBI.

On February 4, 1955, Lieutenant Commander COYNE was re-interviewed at which time he advised that he had heard nothing concerning the whereabouts of his relative. An attempt was made through Lieutenant Commander COYNE to identify others connected with the investigation; however, Lieutenant Commander COYNE professed complete ignorance and stated that he was unable to supply any information of value to this investigation.

On March 25, 1955, Lieutenant Commander COYNE was again interviewed. At the outset of the interview he advised that no information of value had come to his attention. It was pointed out to Lieutenant Commander COYNE that he had negotiated certain financial transactions and that it was known that he did have information of value to the investigation. Lieutenant Commander COYNE was questioned relative to his uncooperative attitude and he stated that he did not feel that he was uncooperative; that he did not feel that it was particularly important that the subject of the investigation be located and that he felt it was up to other members of his family to reveal the necessary information and not his obligation. Lieutenant Commander COYNE was completely evasive in his answers concerning the investigation with the exception of the fact that he admitted having negotiated certain financial transactions.

under the categories of espionage, counterespionage, subversion, and sabotage would be the responsibility of the Office of Naval Intelligence.

However, we have no objection to your proposed interview of Coyne and such an interview will not jeopardize any investigation presently being conducted by this Bureau. In the event you should interview Coyne concerning his association with Yockey, it will be appreciated if you would furnish us with any pertinent information developed concerning the latter's activities.

Our investigation concerning Yockey is continuing and if any additional information is received regarding Coyne, it will be promptly furnished to you.

NOTE: Yockey, a Nazi sympathizer and pro-Fascist, has been under investigation by FBI since 1951. State Dep't desires to pick up subject's passport; however, his exact whereabouts during past several years has not been known, although he is known to have travelled extensively throughout Europe, Africa, and U.S. During December, 1954, subject was identified in Germany posing as one Edward Max Price and using a passport issued in Price's name. Investigation disclosed that subject, as Price, received a transfer of funds in the amount of \$499 at Stuttgart, Germany. The sender was shown as W.D. Coyne who made the transfer from the Bank of America, San Francisco, California. Coyne was subsequently identified as Lt. Commander William D. Coyne, subject's brother-in-law. Upon interview, Coyne denied knowing anyone named Edward Max Price and said he had no information concerning the subject's recent activities or whereabouts. - 2 - During a second interview, Coyne was confronted with the fact that he had sent the above-described funds to Price in ~~CONFIDENTIAL~~ Germany and he thereupon admitted this fact, claiming that he did so at the request of his sister. Throughout both interviews with Coyne he appeared extremely evasive and uncooperative and seemed to be in sympathy with Yockey, whom he described as a brilliant individual who was misunderstood.

- K3 Envelope addressed "Mr. and Mrs. W. D. Coyne, Box 544, Pacific Grove, Calif.," in the purported known handwriting of ALICE Y. SPURLOCK.

Results of Examination:

It was not determined whether the "ALICE SPURLOCK" signature on specimen Qc4 in this case was prepared by ALICE Y. SPURLOCK, whose known handwriting is described above as K2 and K3, because of variations in handwriting characteristics that could not be explained on the basis of the limited amount of known handwriting available for comparison. For

your investigative assistance, it is pointed out that a few minor differences in handwriting characteristics were noted between the signature on Qc4 and the signature on K2; however, these differences could be the result of disguise rather than the writings of two individuals.

Additional undictated known signatures of ALICE SPURLOCK would be of value for future comparisons.

Specimens K2 and K3 are returned herewith. Photographs have been retained.

Supervisor Tom McAndrews called from New York on the morning of September 6, 1955. He referred to publicity which has occurred recently regarding Hopkins who has been released by the Russians and who claims to be an American citizen. McAndrews stated that the Agent in the New York Office handling the Yockey case is of the opinion that the photograph of Hopkins resembles that of Yockey and suggested that they may be identical.

We are reviewing the file on Yockey. I have asked the Identification Division to send Yockey's identification jacket for review. He has FBI No. 4,499,405. I have called Washington Field Office and have asked that they review their file and submit to the Bureau any available photographs, since McAndrews indicated that Washington Field had furnished photographs.

ReBulet dated August 4, 1955.

Mrs. ALICE Y. SPURLOCK no longer resides at Pacific Grove, California, and her sister Mrs. VINETTE COYNE has also departed from Pacific Grove and it is believed that she, with her husband, Commander WILLIAM COYNE, is presently residing in Boston, Massachusetts.

Efforts to locate additional handwriting specimens of Mrs. SPURLOCK in the Pacific Grove area have been negative.

It is believed that Mrs. SPURLOCK is presently residing in Los Angeles, California, where she is a laboratory technician. In March, 1955, Mrs. COYNE advised an agent of this office that her sister, Mrs. SPURLOCK, was residing at 1094 East Mariposa Street, Altadena, California, care of H. R. KELLY.

For the information of the Los Angeles office, the subject of this case is the brother of Mrs. ALICE SPURLOCK and VINETTE COYNE. In May, 1954, subject, as EDWARD MAX PRICE made an application for a passport and his identifying witness signed as ALICE SPURLOCK. Mrs. SPURLOCK denied that her brother was in Monterey County during that period of time and she also denied that she signed an application for passport for an EDWARD MAX PRICE.

Efforts are presently being made through handwriting comparison to determine whether Mrs. SPURLOCK can be identified as the individual who signed as a witness for subject's application for passport. Handwriting specimens were secured from Mrs. SPURLOCK; however, the laboratory has been unable to come to a definite conclusion.

Reference letter requested that additional undictated known signatures of ALICE SPURLOCK be secured for further comparison.

In view of the fact that investigation in Monterey County has failed to produce these known signatures, the Los Angeles office is being requested to attempt to locate such signatures, either through bank records, hospital records or any other sources that might be available in Los Angeles. It is not known whether Mrs. SPURLOCK is working at this time for a doctor or for a hospital, but it is rather certain that she is presently employed and her employment may suggest possible sources for handwriting specimens.

Mrs. SPURLOCK has been uncooperative in instant investigation to the degree that she will not advise the Bureau of the present whereabouts of her brother.

It would probably be helpful to the laboratory if signatures of Mrs. SPURLOCK could be obtained that were written sometime around May, 1954. It is believed that she spent considerable time in Los Angeles around that period of time.

The FBI Laboratory number in instant case is D-208293 HO.

In a memorandum from Mr. Branigan to you dated September 6, 1955, it was pointed out that the then current press stories reflected that two U. Referenced memorandum further pointed out that Hopkins might possibly be identical with captioned individual. It was recommended that Liaison contact the State Department and G-2, Department of the Army, for the purpose of obtaining the fingerprint classification of Frederick C. Hopkins.

On September 7, 1955, John Becht of the State Department, and Lieutenant Colonel Joseph Felter, G-2, were requested to attempt to ascertain the fingerprint classification of Hopkins by Bureau Liaison. State and G-2 were also requested to furnish the fingerprint card on Hopkins as soon as possible.

State Dept info unclassified per State let 5-27-80
Subsequently, both the State Department and G-2 advised Bureau Liaison that interrogation of Hopkins by the Counter Intelligence Corps, Department of the Army, was not the U. S. national, but Klaus Frederic Glaubitz reportedly born December 31, 1927, in Koenigsberg, East Prussia. On September 9, 1955, Colonel Felter advised that further questioning of Glaubitz indicated that after World War II he had obtained employment with the British forces as a Polish, English, and German interpreter. Glaubitz told CIC that on July 13, 1947, he was in Luebeck on official business for the British, at that time accepted a drink from a French Army officer and then claimed that he had awakened in a jail in the custody of the Soviets. During this incarceration, according to Glaubitz's story, the Russians accused him of being Hopkins and as a result of this interrogation he took the identity and name of Hopkins and then claimed he was a U. S. citizen.

CIC obtained some information concerning Glaubitz from the British which indicated that he had previously been employed by the British Military Government in August, 1945, as an interpreter. He was reportedly discharged

from this job after bragging in a local bar that he was in the pay of the British Security Service. In September, 1945, Glaubitz reportedly went to the Soviet Zone of Germany and in March, 1946, returned to his parents' home. Later he attempted to join the French Foreign Legion but was refused. In August, 1946, Glaubitz went to East Germany and returned to West Germany in September, 1946. It is further reported that about that time he went to the French Zone of Germany and attempted to obtain employment with the French Surete. Glaubitz claimed to CIC that he was employed by the French to go on a mission to East Germany, received compensation to go on the mission, but never actually went as he had agreed to do. He then went to the British with "two other intelligence swindlers" and attempted to sell false information to the British.

Colonel Felter stated that G-2 Headquarters had no further information at that time but would keep the Bureau advised and would also advise Liaison upon the receipt of the fingerprint classification and the fingerprint impressions themselves.

A United Press release bearing dateline Berlin 9-5-55 in "The Washington Post and Times Herald" newspaper 9-6-55 reflects two U. S. soldiers as well as a mystery man listed as Frederick C. Hopkins, a civilian from New York City, all former prisoners in the USSR, were released by the Russians 9-5-55 to U. S. interrogators at Berlin, Germany. After brief interrogation the two soldiers, Murray Fields and Wilfred Cumish, as well as Hopkins, were taken to the American Hospital for physical checkup. The interrogators determined Hopkins is not an American but may be a German. A UP story bearing the dateline Berlin 9-6-55 in "The Washington Daily News" 9-6-55 reflects Hopkins stated his real name is Klobitz and that he only posed as an American because the Reds insisted he was an American. Bufiles reflect no additional identifiable data concerning Klobitz and Frederick C. Hopkins.

New York office advised on 9-6-55 the agent handling the Yockey case feels the photograph of Hopkins resembles Yockey and suggested they may be identical. On the basis of the newspaper photograph of Hopkins and photographs of Yockey appearing in Bufiles, it is not possible to determine if they are identical.

Yockey is an American, born 9-18-17 at Chicago, Illinois, FBI number 4499405, fingerprint classification:

15 - $\frac{0}{L}$ - $\frac{9}{17}$ - $\frac{R}{U}$ - $\frac{000}{000}$ - $\frac{13}{13}$

B

Yockey is alleged to have been engaged in recent years in Fascist activities on an international scale and has declared that his main goal is to unite all Fascists in the world.

Memorandum for Mr. Belmont

He was discharged from the U. S. Army 7-14-43 because of dementia praecox, paranoid type. He graduated Cum Laude from Notre Dame University Law School in 1941. He has travelled extensively since World War II in Western Europe and Africa. The State Department desires to pick up his passport but his exact whereabouts during the past few years has been unknown. Most recent information indicates subject was in Stuttgart, Germany, on 12-3-54 travelling on U. S. passport number 378334 in the name of Edward Max Price. He was reported to be travelling in Western Germany early this year and to be flirting with Communism there.

RECOMMENDATION:

That Liaison immediately contact the State Department and G-2, Department of the Army, for the purpose of obtaining the fingerprint classification of Frederick C. Hopkins, alias Klobitz, to be followed by a set of his fingerprints so that it may be determined if he is identical with Francis Parker Yockey (pertinent reports concerning Yockey have been previously furnished to State and G-2). State and G-2 should also be requested to keep us advised of information developed concerning Hopkins.

Attached hereto are two copies of the fingerprint card of Klaus Fredrich Glaubitz, alias Fredrick C. Hopkins. These prints were obtained from G-2, Department of the Army, on September 27, 1955, by Bureau liaison. Mrs. SPURLOCK denied that her brother was in Monterey County during that period of time, and she also denied that she signed an application for passport for an EDWARD MAX PRICE. Handwriting specimens were previously secured from Mrs. SPURLOCK; however, the FBI Laboratory has been unable to come to a definite conclusion as to whether these previously submitted specimens were identical with that signature appearing as an identifying witness on this passport.

Due partially to the limited nature of the questioned signature and partially due to the presence of certain handwriting variations which cannot be accounted for, a definite conclusion could not be reached whether the "Alice Spurlock" signature on Qc4, previously submitted, was or was not written by ALYCE LOUISE SPURLOCK, K4. It is doubtful that any additional known signatures of ALYCE LOUISE SPURLOCK would be of value in resolving the question of whether she did or did not prepare the questioned signature on specimen Qc4.

Reference is made to the reports previously furnished to you concerning the captioned individual, including the Summary Report of Special Agent Lloyd G. Hogstad dated July 8, 1954, at Chicago, Illinois.

It is noted that Yockey has been under investigation by this Bureau since 1951, based upon his known pro-Nazi and pro-Fascist sympathies and activities. The Department of State has previously advised that it plans to take up the subject's passport at the first opportunity; however, Yockey's exact whereabouts during the past several years has not been known.

During December, 1954, Yockey was identified in Germany posing as one Edward Max Price and using a passport issued in Price's name. Subsequent investigation disclosed that the subject, as Price, received a transfer of funds in the amount of \$499 during December, 1954, at Stuttgart, Germany. The sender was shown as W. B. Coyne, who was later identified as Lieutenant Commander William B. Coyne, subject's brother-in-law, who presently resides at Pacific Grove, California. Coyne was interviewed by our San Francisco office on February 4, 1955, at which time he denied knowing anyone named Edward Max Price and stated he had no information concerning the subject's recent activities or whereabouts. On March 22, 1955, Coyne was reinterviewed and confronted with the fact that he had sent the above-described transfer of funds to Price. He thereupon admitted this fact, claiming that he had acted at the request of his sister-in-law, Alice Spurlock. Throughout both interviews, Coyne appeared evasive and uncooperative and appeared to be in sympathy with the subject, whom he described as a brilliant individual who was misunderstood.

[Handwritten initials and marks]

A memorandum setting out the facts concerning our interviews with Coyne was furnished to the Office of Naval Intelligence on May 10, 1955. The Office of Naval Intelligence has subsequently inquired as to whether or not the Bureau could expand its investigation

DETAILS:

It was previously reported that one EDWARD MAX PRICE filed an application for passport dated May 5, 1954, and one ALICE SPURLOCK, 121 Walnut Street, Pacific Grove, California, was listed as a witness on this passport. On May 19, 1954, U.S. Passport Number 378334 was issued to EDWARD MAX PRICE at Washington, D.C. EDWARD MAX PRICE was identified early in December, 1954, as FRANCIS PARKER YOCKEY.

Mr. Coyne
On February 4, 1955, Lt. Commander WILLIAM D. COYNE, advised SA JOHN A. KELLEHER that he did not know an individual by the name of EDWARD MAX PRICE and denied any knowledge of an individual who had given the name ALICE SPURLOCK as a reference for a passport. COYNE had not heard from the subject, YOCKEY, since he (COYNE) had been interviewed by SA KELLEHER in June, 1953. COYNE was confident that his wife's sister, Mrs. ALICE SPURLOCK, would not know the whereabouts of YOCKEY.

On March 25, 1955, Lt. Commander COYNE was reinterviewed by SA KELLEHER and COYNE again denied knowing EDWARD MAX PRICE or anyone by that name. COYNE knew of no relationship between EDWARD MAX PRICE and ALICE SPURLOCK.

A photograph of EDWARD MAX PRICE was shown to COYNE and after questioning COYNE indicated that this photograph could possibly be a photograph of the subject but he would not definitely so state.

COYNE admitted purchasing a \$500 foreign remittance signed by him and made payable to EDWARD MAX PRICE in Heidelberg, Germany. COYNE admitted that he also purchased a foreign remittance in the amount of \$700 which was also sent to PRICE in Germany. COYNE did not make this information available when he was previously contacted

on February 4, 1955, although the name EDWARD MAX PRICE "rang a bell" because he did not feel that it was his obligation to advise the FBI.

According to COYNE, ALICE SPURLOCK had asked him to forward the money to EDWARD MAX PRICE in Germany. On one occasion, SPURLOCK gave COYNE the cash and on the other occasion, he loaned her the money for these foreign remittances.

On March 10, 1955, and March 30, 1955, Mrs. ALICE SPURLOCK, subject's sister, was interviewed at Lt. Commander COYNE's residence by SA KELLEHER and on both occasions, she denied any knowledge of EDWARD MAX PRICE. She denied any knowledge of the subject having been in Pacific Grove in 1954 and denied that she was a witness on an application for passport.

the Notre Dame Law School and was a member of the Bar Association in Illinois, Indiana and Michigan. Prior to entering the U.S. Army, YOCKEY was employed by a casualty company in Chicago and was an attorney in Mount Vernon, Illinois. YOCKEY was drafted into the Army in 1941 or 1942 and received a medical discharge as he was psychologically unsuited for Army life. While in the Army, YOCKEY had been confined to a psychiatric ward at Camp Gordon, Georgia, for six to eight weeks.

After YOCKEY's discharge from the U.S. Army, he married and settled in Detroit, Michigan, where he was employed as an Assistant Prosecuting Attorney. After World War II, he went to Europe as a member of the War Crimes Trials. YOCKEY resigned or was fired from this position which resulted in the breakup of his home. YOCKEY had two children when his wife divorced him.

YOCKEY has resided off and on from 1940 to 1950 with Lt. Commander COYNE in the United States. YOCKEY has lived in England, Ireland and Germany; however, he prefers to live in Germany. In late 1954, subject was in Heidelberg, Germany and in early 1955, he was in Munich, Germany.

Subject's Personality

FRANCIS PARKER YOCKEY has a brilliant mind and an IQ of around 170. By temperament, YOCKEY is nervous, high-strung, erratic, unpredictable and dictatorial. He has an air of superiority and is quite irritating. His judgment is more often bad than good. YOCKEY is extremely outspoken and is very well read. His mind is a veritable storehouse of information, and he retains most of what he reads.

- 4 -

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

CG 100-25647

Subject has an amazing "capacity" for alienating people, particularly men, while women seem to like him; however, YOCKEY definitely did not get along with his own mother. YOCKEY's sister, ALICE SPURLOCK, seems to be able to handle the subject fairly well and is probably the only one who can.

After World War II, YOCKEY went to Germany as a member of the War Crimes Commission. While there, YOCKEY made many enemies and was outspoken in his denunciation of the War Crimes Trials and expressed his sympathy for the defendants.

Present Whereabouts Unknown

Lt. Commander COYNE last saw YOCKEY in 1951. According to COYNE, after his third FBI interview, his sister-in-law, ALICE SPURLOCK admitted to him that she had met FRANCIS YOCKEY on the Monterey Peninsula in 1954 on several occasions.

On September 28, 1955, [REDACTED]

[REDACTED] advised [REDACTED] learned that [REDACTED] allegedly let [REDACTED] know that YOCKEY had turned up in Chicago recently. According to [REDACTED] YOCKEY communicated with his uncle in Chicago either by telephone or in person.

On April 14, 1955, and September 8, 1955, [REDACTED] furnished the following information concerning the Nationalist Conservative Party:

~~CONFIDENTIAL~~

b7D

b7D

CG 100-25647

~~CONFIDENTIAL~~

The Nationalist Conservative Party was first started in late 1954 or early 1955, by WILLIAM B. WERNECKE, 6250 North Wayne Avenue, Chicago, Illinois. Early in 1955 want ads appeared in the personal column in a number of metropolitan, neighborhood and foreign newspapers, advocating support for the Nationalist Conservative Party. These ads solicited "Taft Republicans and McCarthy Republicans" to come and join the Nationalist Conservative Party.

This organization purports to be a new extreme "right wing" political party. The few pieces of literature which WERNECKE has circulated promote an extremely reactionary point of view and state that neither the Republican nor the Democratic Parties merit the support of "real Americans".

b7D On November 10, 1955, [REDACTED] advised that WERNECKE continues to send out literature to different parts of the country hoping to build up a mass following for his newly formed group. Thus far, WERNECKE has held no public meetings and has concentrated his energies in establishing liaison with similar-minded individuals and groups in this country. Inasmuch as WERNECKE is financially independent, he has not found it necessary to ask for financial support from prospective members.

On September 29, 1955, Mr. ~~FRED YOCKEY~~, 722 Junior Terrace, Chicago, Illinois, advised SAs PAUL W. GRIEBER and LLOYD O. BOGSTAD that he is subject's only uncle in the Chicago area and had no idea as to the present whereabouts of the subject. FRED YOCKEY had not seen the subject for the past two or three years and had not heard from him since about 1 1/2 years ago upon the death of a relative in the YOCKEY family. FRED YOCKEY advised that he would contact the Chicago Office of the FBI if he received any information as to the present whereabouts of the subject.

Activities

According to COYNE, YOCKEY has not made any statements that could be construed as being disloyal to the United States; nor has subject engaged in any activities that would be considered inimical to the best interests of the United States and was only interested in Europe as he regarded that continent as the seat of Western culture. YOCKEY is interested in the future of Europe. Subject believes in an authoritarian form of government for a united Europe. YOCKEY did not favor the Soviet Russian or the Communist type of government in Europe.

YOCKEY was associated with the America First Organization which according to COYNE was a nation-wide organization in 1941, whose announced objective was to prevent the entrance of the United States into World War II.

b1

(c)
[REDACTED] furnished the following information in March, 1944:

The America First Party is an organization headed by the Reverend GERALD L.K. SMITH, Detroit, Michigan. SMITH has favored the petitioning of Congress for benefits for discharged servicemen calling for Congress to appropriate \$1,000 for each veteran who has served more than one year in the Armed Forces. SMITH's monthly newsletters have expressed his intention of sending 100,000 petitions to every state in the Union, thus demonstrating that "America

First means America First". The "Cross and the Flag" is a monthly publication of the America First Party.

According to COYNE, YOCKEY was also associated with the Christian Democrats for a period of about a month or two (year not indicated). COYNE was not sure of the last name of this organization but believed it was headed by a person named SMITH.

YOCKEY was believed to have written articles for the Christian Democrats. Subject's objective in contacting the Christian Democrats was to market his book (name not indicated) in the United States.

The files of the Chicago Office disclosed no identifiable information concerning the Christian Democrats.

b7C
b7D
On November 8, 1955, [REDACTED] Germania Club, 170 North Clinton Street, Chicago, Illinois, advised SA PAUL H. GRIBER that he is acquainted with individuals of German ancestry in the Chicago area but had no knowledge of the subject.

b1
[REDACTED] had never heard of anyone by the name of the subject.

(a)
b1
[REDACTED] had no knowledge of FRANCIS PARKER YOCKEY.

Passport Matter

Lt. Commander COYNE and his wife had no knowledge of subject's passport violation or that subject was using the name of PRICE on his passport. After questioning COYNE believed very definitely that subject was using the name EDWARD MAX PRICE.

~~CONFIDENTIAL~~

CG 100-25647

~~CONFIDENTIAL~~

Subject in applying for a passport must have had knowledge of someone by the name of EDWARD MAX PRICE in order to use this name in applying for a passport.

According to COYNE, ALICE SPURLOCK did not sign any passport application and had no knowledge of subject's passport. ALICE SPURLOCK previously furnished a sample of her handwriting to SA KELLEHER.

Examination by FBI Laboratory

It is to be noted that the signature of one Mrs. ALICE SPURLOCK appeared as a witness to EDWARD MAX PRICE's passport application. In October, 1955, a handwriting examination comparing this signature with the known undictated signature of ALICE SPURLOCK, subject's sister, was conducted by the FBI Laboratory. As a result of this examination, no definite conclusion was reached by the Laboratory.

Receipt of Remittances

In October or November, 1954, ALICE SPURLOCK asked COYNE to cable \$500 to PRICE, American Express Company, Heidelberg, Germany, which COYNE did. In January, 1955, COYNE cabled \$700 to PRICE in Germany.

Writings

In 1948, YOCKEY wrote a book entitled, "Imperium", which outlines his political philosophy. This book which was

highly critical, dealt with YOCKEY's interpretation of history; what has happened in the past; and what he thought was going to happen in the future. This book was published in London, England, and sold between 1,000 and 1,500 copies primarily in England.

YOCKEY has written two page essays on love, marriage, art, music, literature, history, etc.

Other Information

In 1941, YOCKEY was involved in a "mess" with a girl (name not indicated) from Chicago.

In 1952, YOCKEY was living with [REDACTED] and his wife in Baltimore, Maryland. YOCKEY repaid [REDACTED] hospitality by having an "affair" with [REDACTED]. This subsequently resulted in a divorce action by [REDACTED].

Also on March 18, 1955, the Department of State specifically instructed the American Consulate General at Stuttgart, Germany, to endeavor to ascertain whether PRICE was then in Stuttgart, and, if so, the passport should be taken up together with any other passports which might be in PRICE's possession, and any appropriate steps possible should be taken to effect his return to the United States. X

By despatch 186 dated March 30, 1955 the American Consulate General at Stuttgart informed the Department of State that it had learned confidentially that PRICE was not believed to be in Stuttgart at that time since he was reported to have purchased a train ticket and left Stuttgart. The Consulate stated that it was endeavoring to have this point verified. The Consulate pointed out that, since PRICE was last seen in Stuttgart on December 3, 1954, it might take some time to locate him. X

By despatch March 30, 1955, in the passport file of FRANCIS PARKER YOCKEY, the American Consulate General at Naples, Italy, informed the Department that it had issued a passport to this individual on October 17, 1951, at which time he had stated his intention to return to the United States within one year. The Consulate added that he had not applied at that Consulate for renewal of that passport and hence it believed that YOCKEY may have returned to the United States as planned. X

On April 26, 1955, the American Consulate at Basel, Switzerland, informed the Department that it possessed no previous record of PRICE or YOCKEY, and an informal inquiry made of the local police likewise failed to reveal any record of him. By despatch 2390 dated May 6, 1955, the American Embassy at Paris, France, advised the Department that, according to a report from the Investigation Section of the Embassy dated April 25, 1955, EDWARD MAX PRICE, bearer of passport 307384 or 378334 issued on May 19, 1954, came to Paris from London and stayed at 108 rue de Budapest from December 9-10, 1954, and at 3 rue de Budapest from December 10-11, 1954, but no further information as to his whereabouts was available. X

By despatch 3 dated July 12, 1955, the Consulate General at Stuttgart informed the Department that it had been told by appropriate authorities on April 28, 1955, that EDWARD MAX PRICE could not be located and that he had been traced to the area between Mannheim and Frankfurt where it was expected that he would be found but he had disappeared, and these authorities felt that he must have been alerted. On October 17, 1951, the subject applied for a passport at Naples, Italy, and Passport #1893 was issued that date.

In mid-1954 subject was reported to have returned to the United States, but his exact whereabouts were not determined. The purpose of attempting to locate the subject was to interview him regarding his activities.

Los Angeles files reflect that in October, 1955, subject's sister, ALYCE SPURLOCK, was residing at 1218 West 5th Street, Los Angeles, and employed as an X-ray technician in the office of Dr. MORRIS L. GORIN, 1052 West 5th Street, Los Angeles.

On 10/1/58 the Passport Office file of FRANCIS PARKER YOCKEY was reviewed at the Department of State by SA G. MAYLON MILLER. This file included the passport of EDWARD MAX PRICE, subject's alias, issued during May, 1954. This file was last reviewed by SA KENNETH J. HASER on 9/26/57. As of 10/1/58 nothing additional concerning YOCKEY or PRICE was listed herein.

By airtel dated September 24, 1954, the Bureau issued the following instructions:

If subject located, interview should be conducted by two experienced agents who are thoroughly familiar with prior investigation in this case. Interview should be aimed at developing pertinent information concerning subject's activities and contacts in Fascist movement both in the United States and abroad as well as details concerning YOCKEY's travel during recent years to include an exact description of travel documents held by subject. In 1953 an informant of the New York Office advised that subject was in possession of a false passport which he allegedly obtained from [REDACTED]. In addition, the State Department received information during July of 1953 indicating that subject who was then reported to be in Cairo, Egypt, was in possession of two American passports, one of which he was allegedly attempting to sell. Efforts should also be made to determine YOCKEY's future plans and whereabouts.

You should bear in mind the fact that subject may be mentally unbalanced and that he was honorably discharged from the U.S. Army in 1943 by reason of dementia praecox, paranoid type with delusions of persecution. This interview should be conducted in accordance with existing Bureau instructions governing interviews with security subjects.

5. A search of YOCKEY's belongings by Customs should be conducted as information learned from such a search would assist in an interview of the subject.

6. YOCKEY's description is as follows:

Race	White
Sex	Male
Born	9/18/17 in Chicago (not verified)
Height	5'8"
Weight	133 to 175 lbs.
Build	Slender to Medium

DETAILS:

NY T-1 indicated on August 26, 1958, that no information could be obtained from the records of Western Union, Middletown, New York, regarding money orders unless the proper date on which the money orders were sent were known.

Inquiry at the Immigration and Naturalization Service (INS), NYC, in September 17, 1958, by SA WALTER G. ZINK determined that it was not possible to check on the subject's arrival date in the United States during 1958, without a specific date of arrival.

On October 30, 1958,

[redacted] furnished to SA [redacted] [redacted] a record of all toll calls made from [redacted] which telephone is listed to [redacted]. A review of the toll calls from July 22, 1958 to October 20, 1958, indicated that none were made to the subject or to a Los Angeles telephone number [redacted].

During the course of another investigation, [redacted] advised SAs JAMES E. GORDON and MICHAEL R. CHERRINO on December 30, 1958, that he had no personal contact with FRANCIS PARKER YOCKEY for sometime. He recalled that he had received letters from YOCKEY "about eighteen months ago". YOCKEY sent letters from Los Angeles, California, requesting money for a manuscript.

[redacted] wrote back saying that the amount was out of the question. An exchange of several letters resulted. [redacted] last letter was returned with a note on the back to the effect that YOCKEY was no longer at the address.

[redacted] addressed his letters to YOCKEY, to [redacted]. These letters did not [redacted].

[redacted] was a little suspicious of this arrangement, because he felt that it took too long for his letters to be answered. He suspected that these letters were sent from Los Angeles to New York, where YOCKEY probably was staying. YOCKEY's letters to him, in [redacted] from New York, where they were mailed. [redacted] had no way to support this suspicion and agreed that it was supposition only on his part. The only basis for this supposition was the length of time it took for the letters to be mailed.

When confronted with the fact that ALICE SPURLOCK and YOCKEY were brother and sister, [redacted] declared that he was not aware of any relationship between the unknown man and SPURLOCK. He is of the opinion that it appears he may have been set up for the contact with [redacted] by collusion between ALICE SPURLOCK and YOCKEY. He rebutted this in part by indicating that he was aware of a brother of SPURLOCK but that the sister had indicated that ill-feeling existed between the two. [redacted] stated that recently he had been in an argument and had made some anti-Semitic remarks and when initially contacted, [redacted] indicated that he believed the contact was in connection with remarks he made during the argument. He agreed that the circumstances relative to this matter were such that the facts certainly dictated the possibility that he was not completely cooperative. He insisted that the relationship between him and YOCKEY were as he had indicated and if YOCKEY ever contacted him in the future, he would notify the FBI.

Careful consideration has been given to the source concealed, and a T symbol was utilized in the report in that instance where the identity of the source must be concealed.

LA T-1 is Mr. DORAN K. SCOTT, Superintendent of Main Post Office, Post Office Department, Inglewood, California, who orally advised SA L. HOYT MC GUIRE.

This man, according to [redacted] when he learned of [redacted] contemplated [redacted] desired to travel east with him. [redacted] stated that since he did not know the man, he refused to allow the man to accompany him on his trip. He asserted that he had seen the man several times prior to this at the cafe, the name and exact location of which he was unable to recall, and that he had engaged in conversation with the man. [redacted] declared that to the best of his recollection [redacted] sent him three letters and a telegram money order for \$20. The letters and money from the telegram [redacted] asserted were turned over to the unknown man. He contended that the unknown man would contact him telephonically approximately every 10 days or two weeks to inquire of mail, and [redacted] said that if there was mail for the unknown man, they had arranged a mutually agreed to meeting place or the unknown man would stop at the residence to pick up the mail. He stated that the last he heard from the man was when he gave him the \$20 from the telegram. He declared that he opened the mail but that it was in German and he was unable to read it; therefore, he had no idea what the subject matter of the letters were and merely assumed that it was relative to the books and money he had made inquiry of when on his trip to the east.

APPENDIX

"AMERICAN NATIONALIST"

A confidential informant advised on October 22, 1958, that the "American Nationalist" (AN), Post Office Box 301, Inglewood, California, is the name under which FRANK L. BRITTON, 11146 Hawthorne Boulevard, Hawthorne, California, publishes on an irregular basis anti-Semitic and anti-Negro leaflets, replete with lurid photographs which he mails locally and allegedly to addressees in the southern states. The AN is not a membership organization, conducts no meetings, and is solely operated by BRITTON for the purpose of selling his literature and seeking donations. BRITTON is not the sort to get along with others and he has never sought the association of others in his AN.

On March 13, 1959, San Francisco T-2 advised that his recollection is that Post Office Box 2, Lagunitas, California, has been rented for approximately fifteen years by FRED C. WEISS. SF T-2 stated that he last saw WEISS approximately two years ago when he came to Lagunitas for the purpose of looking over some property which he owns in that area. SF T-2 described the property owned by WEISS as approximately the equivalent of two lots on which there is one run-down shack. He advised that there is no one residing on that property. SF T-2 further advised that WEISS had a considerable amount of mail which comes addressed to him and to "Aware Authority" and also "Patients Assistance" and that he has been requested by WEISS to forward this mail to him in care of Post Office Box 1663, San Francisco, California. SF T-2 informed that from time to time, WEISS sends him \$1.00 or \$2.00 which is to be used for stamps for the forwarding of his mail. SF T-2 informed that it is his understanding that WEISS issues a publication entitled, "Aware News". According to SF T-2 the majority of the mail which passes through the Post Office for WEISS is termed "junk mail" which they refer to as second, third and fourth class mail. SF T-2 supplied the following physical description of WEISS:

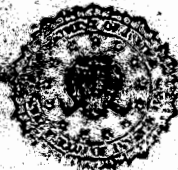

Name:	FRED C. WEISS
Height:	5' 8" to 5' 9"
Weight:	150 to 160 lbs.
Hair:	Gray
Age:	65 to 70

SF T-2 made available a postal card type advertisement published by FRED C. WEISS, "Aware Authority", Post Office Box 1663, San Francisco. This advertisement deals with "the railroading of sane persons" and points out that many times individuals who are allegedly sane are railroaded into insane asylums and thereafter have no possibility of returning to a normal way of life. SF T-2 also made

SF 105-1769

available a small return address sticker which bears the return address "Patients Assistance (non-profit organization), Write: WEISS, Box 1663, San Francisco, California." The return address sticker and aforementioned postcard are being retained in the San Francisco file.

There is no record in the San Francisco Office indices on "Aware Authority" or "Aware News".

OFFICE MEMORANDUM

UNITED STATES GOVERNMENT

DATE: 6/23/59

FROM: SAC SAN FRANCISCO (105-1769)

SUBJECT: FRANCIS PARKER YOCKEY, aka.,
REGISTRATION ACT; ISA of 1950;
PASSPORT AND VISA MATTERS
OO: CHICAGO

Re Chicago letter to Director 5/15/59, wherein all interested offices were requested to review their files for possible leads in this case.

San Francisco files fail to reflect that all relatives of the Subject have been recently interviewed regarding the Subject's whereabouts, and it is suggested that they be located and interviewed. San Francisco is not in possession of the results of all investigation in this case, and in the event any of the following relatives have been recently interviewed, this suggestion may be disregarded.

RE: ALICE SPURLOCK

[REDACTED]

As noted in the San Francisco report of SA JOHN A. KELLEHER dated 5/4/59, SPURLOCK on 3/30/55 refused to answer any questions regarding EDWARD MAX PRICE. Investigation indicated that PRICE is an alias of YOCKEY, and that SPURLOCK witnessed a passport application for her brother under the name PRICE at Salinas, California, in May 1954.

The 5/11/59 Los Angeles report of SA EWING G. LAYHEW, Page A, paragraph 3, reflects that [REDACTED] advised on 2/27/59 that SPURLOCK had indicated that ill feeling existed between SPURLOCK and her brother.

FROM SAC, SF (105-1769)

~~CONFIDENTIAL~~

Inasmuch as SPURLOCK's sentiments toward YOCKEY may have changed in recent years, it is believed desirable that she be reinterviewed. Chicago's observations in this regard are solicited.

RE: WILLIAM O. COYNE

^{W.F.C.} WILLIAM O. COYNE, ^{nee Yockey} a U.S. Navy Lt. Commander in 1955, is the husband of VINETTE COYNE, a sister of YOCKEY. ^{CALIF} The blank memo set forth as an enclosure to Chicago letter to the Director dated 4/27/55 reflects that WILLIAM COYNE lied to SAs in 1955 regarding his knowledge of "EDWARD MAX PRICE."

As noted in San Francisco letter to the Bureau dated 9/15/55, COYNE and his wife had reportedly moved to Boston, Massachusetts.

In the event MR. and MRS. COYNE have not recently been interviewed regarding YOCKEY, it is believed desirable that in view of COYNE's former financial transactions with "PRICE," consideration be given to locating the COYNEs through the Navy Department, Washington, D.C., and setting forth a lead for them to be reinterviewed.

The desirability of this action is being left to the discretion of Chicago.

RE: [REDACTED] b7C, b7D

In the event [REDACTED] has not been recently interviewed regarding YOCKEY's whereabouts, it is recommended that consideration be given to setting forth a lead for her reinterview. If she has never been located and interviewed, the possibility exists that one of the following persons could now furnish information regarding her whereabouts:

[REDACTED] (as noted on Page 6 of the 11/26/54 Chicago report of SA LLOYD O. BOGSTAD); [REDACTED] (as noted on Page 1 of the 12/31/54 New York report of SA EDWARD A. BRANDT and on Page 5 of the 7/8/54 Chicago report of SA BOGSTAD).

The desirability of setting out a lead for a current interview of [REDACTED] is being left to the discretion of Chicago.

Information copies of this letter are being furnished WFO, New York, Boston and Seattle for assistance in the event leads are subsequently set forth for these offices.

Investigation at San Francisco is continuing.

OO: CHICAGO

Enclosed are five copies of a letterhead memorandum dated and captioned as above and ten photographs of YOCKEY.

Chicago has been attempting to ascertain the present whereabouts of YOCKEY. Because of his known anti-semitic views, YOCKEY is a logical suspect in investigation to determine the identity of the persons responsible for synagogue bombings in the south and other sections of the United States. He is a logical suspect as the possible author of anti-semitic material written by an unknown person using the pen name "The Patriot" (Bufile 105-74075). In 1953, YOCKEY was reported to be in possession of a false United States passport. He is reported to have attempted to sell an American passport in Cairo, Egypt, in 1953. It is also desired that YOCKEY be interviewed regarding his knowledge of a Fascist movement in the United States and Europe.

In the past, YOCKEY has indicated a desire to reside in Germany. He was reported to be living in Heidelberg, Germany, in 1954, and in Munich, Germany, in 1955. Since that time efforts to ascertain his whereabouts have been unsuccessful.

[REDACTED] stated that both she and [REDACTED] were very concerned about the close relationship of COYNE and [REDACTED] husband, EDWARD. [REDACTED] also recalled that when EDWARD first met [REDACTED] and introduced [REDACTED] to Mrs. COYNE, he did not indicate to [REDACTED] that Mrs. COYNE was his sister. [REDACTED] kept on claiming that they must be related because they so closely resembled each other and each time EDWARD denied it.

Finally, one day after EDWARD had been drinking, [REDACTED] asked him the same question and he then admitted that Mrs. COYNE was his sister. [REDACTED] related this to [REDACTED] and stated that EDWARD had told her that she must never reveal the relationship of EDWARD to Mrs. COYNE to anyone.

[REDACTED] stated that at the time EDWARD separated from [REDACTED] he had obtained \$3000 that [REDACTED] received as profit from the sale of her residence [REDACTED]. For this reason, and since he took all her readily available assets, [REDACTED] could not follow him to Europe as she intended to do. [REDACTED] stated that she believes that [REDACTED] has been corresponding with EDWARD while he has been in Europe and very well might know the present whereabouts of EDWARD.

[REDACTED] stated that [REDACTED] went to Florida in around 1955 or 1956 to live with her parents in either Fort Lauderdale or Tampa, Florida. [REDACTED] stated that she does not know the name of the parents of [REDACTED]. She blamed this on the fact that he was "terribly spoiled at home." At the time she met him, he had no money and was a physical as well as mental wreck. At this point, she stated that she knew of no family of this man. She described him as very nervous and not knowing any people.

She also recalled that he knew he was wanted for questioning by the Government. This individual left her on October 1, 1955, and she gave him the money to enable him to depart. [REDACTED] stated that, in her opinion, this man realized that he was doing his sisters no good, that he was the "bad apple in the barrel," that he had evidently matured and realizing this, he left with the intention of never bothering them again. She felt that while in Monterey he realized that he could do nothing but harm to his relatives.

b7C
b7D
[REDACTED] continued that she knows that he never got in touch with Mrs. VANETTE COYNE. He said he could no longer ask for any money or help from his sisters. According to [REDACTED] he further realized that he was through in this country. She recalled that he knew he was wanted for interview, and that he behaved as a person who was wanted for interview might behave. She described him, further, as a child genius who was spoiled by his family. Years ago his father lost all his money during the market crash and following this the father turned to drinking.

At this point, [REDACTED] stated that the man she was talking about, she knew as RICHARD ALLEN. At the time his father lost his money, RICHARD was about fourteen years of age and this made a definite impression upon him. He was a child genius and would have developed, according to [REDACTED] into a concert pianist, but about the same time his father lost his money RICHARD had an accident which injured his hand, cutting the tendons and definitely spoiling his chances of ever becoming a concert pianist.

In regard to the note that she received from him after his departure, the only thing contained in the note was that if she needed anything, she was to look up ALICE SPURLOCK. To the best of [REDACTED] recollection, this note was mailed somewhere on the way east. She did not know what his destination was, but felt that he was heading east and intended to depart from the United States.

b7D
Subsequently, [REDACTED] contacted both ALICE SPURLOCK and the COYNES, the latter in connection with [REDACTED]

[REDACTED] stated that she did not know where RICHARD ALLEN lived, but believed that he had a room in Salinas, California. She recalled that RICHARD ALLEN applied for a passport and used, possibly, her name and his sisters' as witnesses.

b7C
b7D

She stated that she first met RICHARD ALLEN at a party and indicated that during her time in the Monterey area, she attended many parties and met many people. [REDACTED] continued that she personally thinks ALLEN is no longer in the United States. She pointed out that there will always be a woman to take care of him. She recalled that before she met him, some woman, whose name she did not remember, had given him a "bad time."

She denied that they were married and stated that ALLEN was not married to anyone in their group. She stated that he did not carry on any conversations indicating political activity on his part. She did recall that he believes in the "supremacy of the Western man," and is anti-Semitic. She stated in her opinion he is the type of individual who might commit suicide. To her knowledge, he did not belong to any organizations or groups in the Monterey Peninsula area. She added that the groups there did not have organizations, but most of the individuals are "bums," and live like they do in Tahiti.

She recalled that ALLEN did not do much drinking. She again stated that in her opinion neither ALICE SPURLOCK nor the COYNES know anything about ALLEN's whereabouts.

At the time she first met him, he was having a nervous break-down and, according to her, he thereafter gained twenty-five pounds. She also stated that he reminded her of the poet BYRON. She stated that while he was thirty-four years of age, he had the brain of an older man. He did not want to go out with other people so they did not associate with others. She recalled that he had the faculty of making people real mad but did not recall any specific reason.

SF 105-1769

She stated that he is highly emotional and nervous, possibly mentally ill, and would certainly be no asset to any organization.

b7C
b7D
Upon looking at the photographs of YOCKEY, [REDACTED] did not specifically identify them as ARNOLD, [REDACTED] but indicated that they appeared to resemble RICHARD ALLEN, described above.

SF T-1 advised on June 12, 1959, that Mrs. ALICE SPURLOCK, Gilroy, California, is in touch with an individual by the name of COYNES, 9202 Cedar Lane, Bethesda 4, Maryland.

On August 6, 1959, SF T-1 indicated that Mrs. SPURLOCK was in touch with [REDACTED]

Rerep SA THOMAS J. DOWLING, NY, 7/30/59.

The following investigation was conducted by
SA ROBERT W. WISEMAN at Palm Beach, Fla., on 9/10/59:

MIAMI, FLA.
W. S. MAC PHERSON, Superintendent, U. S. Post
Office, Station A (protect) advised that Post Office Box
2301 has been held for a number of years under the name
of MARAH, Incorporated, which for some time has been the
business identity of DON BELL.

For information, DON BELL publishes a news pamphlet
captioned, "Don Bell Reports," the successor to the similar
pamphlet originally put out by UPTON CLOSE, captioned, "Closer-
Up". DON BELL, GEORGE DEATHERIDGE and UPTON CLOSE were
formerly associated together and the publications put out
by them have been very strongly anti-Semitic. All were
associated together a few years ago in an attempted formation
of the "American First Committee of the Palm Beaches."
UPTON CLOSE has departed this area and now believed residing
in Mexico. GEORGE DEATHERIDGE now resides within the
Jacksonville Division. BELL now sole operator of the publishing
business.

It is not believed BELL is identical with subject;
however, Chicago is requested to furnish photograph for
exhibit to W. S. MAC PHERSON, who has frequent contacts
with BELL.

Stops against the subject have been placed and currently are in effect with the Immigration and Naturalization Service and Passport Division of the State Department and have been non-productive.

Inasmuch as no positive information concerning the subject's whereabouts has been obtained since approximately 1955, plus the fact that current leads appear to have been exhausted, it would appear that the only logical investigation at this point would be recontact with all persons previously interviewed who had knowledge of or could reasonably be expected to have some future contact with or knowledge of the subject. However, such recontact of those most likely to be productive of pertinent information has been accomplished on several occasions in the past negatively. After a thorough review of this case, it is questionable in the opinion of this office whether or not same would in any way be productive and further, whether or not expenditure of such additional investigative effort would be warranted.

Prior to requesting any additional investigation, the Bureau is requested to advise whether or not it is desired that this investigation be continued.

FRANCIS PARKER YOCKEY was apprehended on a violation of the Selective Service Act on June 6, 1960. He came to the attention of this office as a result of a call from American Airlines when his bag was left at the airline without identification. American Airlines opened the bag to determine if there would be any data contained therein which would identify the owner of the baggage. They noted that the baggage contained passports and other documents, and they called this office. Examination of the documents by Agents of this Office reflected that there were four passports contained therein, which bore the photograph of Subject YOCKEY. One was an American passport; one was a Canadian passport; one was a British passport, and one was a German passport. Details of this information have been furnished to the Bureau under the caption, "UNSUB; aka. Richard Hatch; ITSP; SSA, 1948; REGISTRATION ACT; ISA, 1950; PASSPORT AND VISA MATTERS; RACIAL MATTER."

Upon interview HATCH declined to identify himself or to give any explanation as to the possession of these passports. In view of the similarity of the name on the German passport of FRANZ YORK, it was thought that he might be identical with Subject YOCKEY. Agents, who interviewed HATCH, have positively identified him as being identical with the photograph of Subject YOCKEY.

At the time of his apprehension, HATCH had in his possession \$2,276.90. The following is a list of Federal Reserve Notes contained in his possession:

SAC Auerbach, San Francisco, advised at 1:10 PM, June 9, 1960, that in connection with the arraignment of subject on passport violation charges, there had been a great deal of press interest and the press had indicated that inasmuch as they had not been able to secure what they considered sufficient details, they would contact Washington on this matter. Auerbach said that they might be in touch with the State Department and that they also would probably be in touch with the Bureau and he therefore wanted to alert the Bureau to possible press inquiries.

Auerbach said that in accordance with Mr. Rosen's request he submitted a detailed summary by airtel which left San Francisco late on the afternoon of June 8th.

ACTION:

Mr. Kemper was advised of the publicity this matter was receiving in San Francisco and of the fact that the press might be contacting the Bureau for information.

With reference to your memorandum of June 10, 1960, requesting copies of reports concerning Francis Parker Yockey who is charged in the Northern District of California with assaulting a Federal officer and with passport violations, it is noted that these offenses occurred on June 6, 1960. The investigative reports incorporating information developed are being prepared by our San Francisco Office, and copies will be forwarded to you immediately upon their receipt in Washington, D. C. Your attention is specifically directed to the fact that the passport violation was handled by the Department of State, and additional information in this regard may be available to you through that Department.

Your memorandum also requests whether information in the files of this Bureau indicates that Yockey is a serious offender or an individual whose activities have been characterized by irrational behavior. While extensive background information concerning Yockey is set forth in investigative reports which have been submitted to the Department in connection with our investigation of possible violations of the Registration Act and the Internal Security Act of 1950, it is noted that the Assaulting a Federal Officer offense is predicated upon an aggravated injury to one of our Agents which has required extensive medical and hospital care and, accordingly, such an offense is regarded as most serious.

You have advised that the Assistant U. S. Attorney handling this matter desires to be informed whether facts respecting the alleged silver shirt activities of this subject may be disclosed. In this connection it appears that reference is made to facts developed in the Registration and Internal Security Act of 1950 investigation. We will defer to the Department's opinion as to the advisability of disclosing such information. Since our investigative reports in that investigation have been made available to the Internal Security Division of the Department, a copy of this memorandum likewise being furnished to that Division.

Re San Francisco teletype to the Director and Chicago dated 6/9/60.

In referenced teletype Chicago was requested to forward to San Francisco any pertinent information regarding YOCKEY, not presently in the possession of San Francisco.

It is noted that Page C. of the New York report of SA THOMAS J. DOWLING, dated 7/30/59, regarding YOCKEY, reflects that by Airtel dated September 24, 1954, the Bureau issued the following instructions:

"If subject located, interview should be conducted by two experienced agents who are thoroughly familiar with prior investigation in this case. Interview should be aimed at developing pertinent information concerning subject's activities and contacts in Fascist movement both in the United States and abroad, as well as details concerning YOCKEY's travel during recent years to include an exact description of travel documents held by subject. In 1953 an informant of the New York Office advised that subject was in possession of a false passport which he allegedly obtained from [redacted]

In addition, the State Department received information during July of 1953 indicating that subject, who was then reported to be in Cairo, Egypt, was in possession of two American passports, one of which he was allegedly attempting to sell.

honorably discharged from the United States
Army in 1943 by reason of dementia praecox,
paranoid type with delusions of persecution.
This interview should be conducted in accordance
with existing Bureau instructions governing
interviews with security subjects."

Although YOCKEY has not been cooperative to date, and it
is unlikely that he will be receptive to an interview, it is be-
lieved desirable that efforts be made to interview him in the near
future regarding his activity and contacts pertaining to Fascist
and racial matters.

The Bureau and Chicago are requested to advise San Francisco
of any additional specific matters, concerning which YOCKEY should be
questioned, in addition to those items mentioned in the above-
mentioned New York report.

Possession of false passports.

Subject was arrested by the San Francisco Office on Selective Service charge on 6-7-60 and is presently being held under \$50,000 bond for alleged violation of Title 18, Section 543, U.S. Code (making false statements in obtaining passport under fraudulent name). This complaint was filed by the State Department. USA is considering whether to present facts to Grand Jury re assaulting Federal officer.

Yockey has not been cooperative to date and it is unlikely he will be receptive to an interview concerning his past alleged fascist activities and for determination as to whether his past activities would come within the purview of the Registration Act. In any event it is not believed that an interview of Yockey should be attempted until the completion of the proceedings in the passport matter violation and the possible assaulting Federal officer violation has been completed.

On 6/7/60,

[REDACTED] Baronne Hotel at 421 Baronne Street, advised that she recalled Mr. and Mrs. HATCH very well; that she had gotten to know them during their stay at the hotel. She stated her records reflected that Mr. and Mrs. RICHARD HATCH had registered at the hotel as RICHARD HATCH and wife, 765 Sutter, San Francisco, California, on 1/22/60. She stated that during their stay there, Mrs. HATCH, whom she knew as PAT, apparently worked somewhere in the City of New Orleans, but that she had never been able to determine where. She stated Mrs. HATCH left early in the morning practically every day and returned to the hotel at various times from about 11:00 A.M. and never any later than 5:00 P.M. She stated that she has asked Mr. HATCH where Mrs. HATCH was working, and he had informed her that she was working as a baby sitter and nurse for a friend's children while the friend was in the hospital. [REDACTED] stated that all during the time that they stayed at the hotel, Mr. HATCH spent practically every day in the room typing and that she had asked him what he was typing and he had advised her that he was typing his thesis to get his Master's Degree, but had not indicated from what school or what type of Master's Degree. She stated that she was just a little curious and had asked the maid to check the HATCHS trash to see if he had possibly ruined some pages and threw them away, and that the maid informed her that there were never any typed pages thrown in the trash.

b7C
b7D

[REDACTED] informed that this couple appeared very odd in that at the time of their arrival he had indicated to her that he was a free-lance photographer, but she had never seen him with any photographic equipment and that she

b7C
b7D

b7C
b7D

had also questioned the maid and the maid had indicated that she had never observed any photographic equipment in the room and further that she, the maid, was never allowed in the room unless Mr. HATCH was present. She stated that Mr. HATCH spoke some French, and that his wife spoke French very fluently and that Mrs. HATCH talked with a European, probably French, accent. [REDACTED] stated that Mr. HATCH advised that his wife was an American citizen but that she had been raised in Belgium. She stated that Mr. HATCH had indicated a desire to learn more about Louisiana or New Orleans folk lore and customs, indicating that possibly his thesis was on this; however, when she, [REDACTED] had invited Mr. and Mrs. HATCH to accompany her to a Mardi Gras Carnival Ball, the offer had been refused and that the HATCHs had apparently left New Orleans just prior to Carnival day, which seemed unusual in that if he, Mr. HATCH, was interested in Louisiana or New Orleans folk lore and customs, it would appear that the Mardi Gras and Carnival day would have been a highlight in his thesis.

b7C
b7D

[REDACTED] described the HATCHs as very thrifty, frugal people who spent very little money. She stated that they had an apartment type room in which they could do their own cooking, however, she never observed them take in but a very small bag of groceries at any one time and that when they left, they had left absolutely nothing in the room. She stated that during the period they were there, which was approximately a month, she does not recall them receiving any mail whatsoever, but that he went out practically every day with a large brown envelope, which appeared to be prepared for mailing and returned without it indicating to her that he was going to the Post Office. She informed that on two or three occasions, Mr. HATCH had questioned her as to whether she owned any property outside the City of New Orleans, and that she, [REDACTED] had indicated to him that she owned a farm outside New Orleans and on each occasion, Mr. HATCH had informed her that she should return to the

farm or plantation as he called it as later she would be glad that she did. [REDACTED] advised that during their stay there, they had made no outgoing calls and to her knowledge had not received any calls at the hotel. She stated that they had appeared at the hotel on approximately 1/18/60 inquiring about rooms, but had not taken them but had returned on 1/22/60 and taken the room and had stayed until 2/25/60. She stated that she did not know what mode of transportation they used when they arrived but she did observe that they had with them ten pieces of luggage, which appeared to be very expensive, and practically new, and she recalls Mr. HATCH counting them at the time they registered into the hotel. She stated that this also seemed strange to her inasmuch as both of them appeared to have very few clothes that he generally wore a suit when he came out and as far as she can recall, only wore two different suits, and had one top coat which he wore; and that Mrs. HATCH was constantly seen in a white leather coat, white shoes, and white beret. She stated that they both wore very light colored, light weight clothing which appeared to be summer clothing which also seemed odd due to the fact of the chilliness of the weather during that period. She advised that they checked out of the hotel on 2/25/60 sometime during the early afternoon and took a cab to the airport, and that just prior to leaving Mrs. HATCH had asked Mr. HATCH if he had everything at which time he exhibited an airline ticket envelope which indicated to her that they were flying somewhere. She stated that at this time she asked them if they wanted to leave a forwarding address and Mr. HATCH informed that they had taken care of this and did not wish to leave a forwarding address. She stated, however, that shortly thereafter the clerk on the desk had received a long distance call from Washington, D.C. from a man who said he was Mr. HATCH and was expecting some important mail possibly to arrive at the hotel, and that it should be forwarded care of General Delivery, Washington, D.C.

b7C
b7D

[REDACTED] described Mrs. HATCH as PAT HATCH, female, age early 30's, approximately 5'6", 120 pounds, chestnut brown hair, very fair complexion, wore very little

or no make-up, appeared a little on the gawky side, and described her as the Greta Garbo type. She described Mr. HATCH as a white male in his early 30's, about 5'11", weight approximately 170 to 180 pounds, dark brown hair, fair complexion, very neat dresser, and always wore a gray Homburg hat when going outside.

b7C
b7D On this same date, [REDACTED] advised that he believed that the HATCHs had first registered at the DeSoto Hotel which was directly across the street at 420 Baronne.

b7C
b7D On 6/8/60, [REDACTED] DeSoto Hotel, advised that Mr. and Mrs. RICHARD HATCH had arrived at the DeSoto and registered on 1/17/60 and had checked out on 1/18/60, leaving no forwarding address. He stated that during their stay there they had made one telephone call to JACKSON 5-5441. He stated that he could furnish no additional information concerning the HATCHs.

b7D On 6/8/60, [REDACTED] (Protect Identity), advised that the number JACKSON 5-5441 was listed to a Mrs. ROSA BELLE PIERCE, 2332 Seminole Lane, New Orleans, Louisiana.

On 6/8/60 Mr. J. J. ZARZA, Post Office Inspector, New Orleans, Louisiana, advised that a check of records of the main branch of the Post Office reflected no record of a Post Office box rented by RICHARD HATCH, however, they had received change of address cards for HATCH for the following addresses:

The first was 1716 St. Charles Street, this was changed on 2/9/60 to 421 Baronne Street, and on 3/29/60 received a change of address from 421 Baronne Street, New Orleans, Louisiana, to 316 North Charles Street care of THOMAS COOK and Sons, Baltimore, Maryland.

b7C
b7D On 6/8/60, [REDACTED] at the Corrine Dun bar Restaurant at 1716 St.

NO 87-7659 :

Charles Street, and that the name of RICHARD HATCH was not familiar to him. He stated that this address had been a restaurant for approximately the last 25 years and that it was owned and managed by Mr. JAMES J. PLAUCHE, JR., who resides at 533 Toulouse Street, but that Mr. PLAUCHE was presently in California, exact whereabouts unknown, on vacation. He stated that he had been at Dun bar's Restaurant for approximately the last five years and that he had never heard of a RICHARD HATCH, and no mail had been received at that address for RICHARD HATCH. [REDACTED] described PLAUCHE as a white male, approximately 30 to 35, about 5'11", 170 to 180 pounds, dark brown hair, fair complexion. [REDACTED] stated that he did not believe that there was anyone at 533 Toulouse at this time and that he did not know the exact whereabouts of Mr. PLAUCHE in California.

 ASSAULTING A FEDERAL OFFICER:
 PASSPORT AND VIZA MATTERS:
 REGISTRATION ACT

At 4:30 PM, 6-9-60, Mr. Thomas Hall, Internal Security Division of the Department, telephonically advised that Yockey, who had been arrested on a Selective Service charge, was now being prosecuted in San Francisco for a passport violation. He said that consideration was also being given to charging Yockey with assaulting a Federal officer.

Hall advised that this matter was presently being handled by the Criminal Division of the Department but that the USAs office had been in touch with the Internal Security Division with regard to certain pleadings in connection with the passport violation, and in order for the Internal Security Division to know more about this matter, he would like to be advised concerning the initial arrest of subject and the finding of the material which led to the passport charge. He said that before answering questions with regard to the admissibility of the evidence involved and before furnishing any opinion to the Criminal Division or to the USAs office, he would like to have full details.

I told Mr. Hall that we would be in touch with him.

ACTION:

Mr. Rosen has previously requested of the San Francisco Office a detailed summary concerning this matter which was submitted by the San Francisco Office by airtel on the afternoon of 6-8-60. As soon as this material is received by the Investigative Division, it is recommended that they advise Mr. Hall of the details for his assistance.

SUBJECT: FRANCIS PARKER YOCKEY, WAS.
 PASSPORT AND VISA MATTERS
 REGISTRATION ACT
 INTERNAL SECURITY ACT OF 1950

W.C. Sullivan
W.C.
S-11/11/60

This is to advise that Yockey was wanted for questioning to determine whether or not he had been engaged in activities for Germans in violation of the Registration Act. As a result of alert action on the part of representatives of American Airlines, information was developed which resulted in identifying the owner of baggage of a passenger on American Airlines as belonging to Yockey.

The facts leading to the identification of Yockey as the owner of the baggage are summarized briefly as follows. A Fort Worth representative of American Airlines noted that the baggage was rather heavy and in examining its contents noted that it contained numerous passports all bearing the same photograph and each with a different name. Based upon the suspicious nature of the baggage itself and upon completion of the examination of its contents, the representative got in touch with our office at Dallas.

Based upon information furnished by the Dallas Office to the San Francisco Office, it appeared that this paraphernalia could be used for various illegal purposes. The San Francisco Office was alerted and through arrangements made by the San Francisco Office with American Airlines, the baggage was properly covered awaiting the arrival of its claimant. Through our sources in San Francisco we were present at the time the claimant presented himself and asked for his baggage. This was done in a pre-arranged area suitable for interview, on June 6, 1960.

The claimant gave the name of Hatch. He declined to discuss the contents of the baggage with the Agents and refusing to talk, proceeded to leave the room in which the contact was made. One of the Agents in the room attempted to temporarily restrain him by placing his hand on the subject, and the subject continued to walk through the door with the Agent

pursuing, and in the action the door was slammed on the Agent's hand. The subject, however, was immediately detained and in view of the circumstances of the luggage and the possible passport violation, plus the fact that he did not have a Selective Service card, nor did he in any way attempt to adequately explain the circumstances under which he possessed this material, the facts were immediately discussed with the U. S. Attorney. The Assistant U. S. Attorney indicated that the circumstances were such that he thought the individual should be detained on the basis of not having a Selective Service card and a further check should be made to establish his true identity, which was accomplished on June 7 as follows.

Subject's fingerprints were taken and the Identification Division identified him as the individual who was the subject of numerous file references disclosing that he was wanted in connection with questioning in reference to the above Registration Act activities, on June 7, 1960.

Prosecution in this case is being pursued on the basis of a passport and visa violation. This has been authorized and filed today based upon the recommendation of the State Department and pursuant to the approval of the U. S. Attorney at San Francisco. The subject will be held on the basis of the passport violation for further Federal action.

SAC Auerbach called the Bureau on 6-7-60 upon the subject being identified and pointed out that, in view of the technical nature of the Selective Service charge on which Yockey was being held, and the equally technical nature of a charge of Assaulting a Federal Officer, raised a question as to whether it would not appear to be desirable for the State Department to proceed with the presentation of the passport violation. He was advised that this matter should be resolved immediately. Auerbach was advised that, in connection with the Registration Act case, the purpose was to determine whether or not he had been engaged in activities for Germans, in violation of the Registration Act, and since this was negative, of course the subject could not be held on this basis.

Auerbach was instructed to communicate with State officials in San Francisco and advise that the Bureau's basis for prosecutive action

Memorandum to Mr. [redacted]

against the subject was weak, and that the subject would be turned over to the State Department for prosecutive action for the passport violation. The matter was also discussed by Liaison Agent Bartlett with Robert Johnson, Chief of the Passport Division's Legal Office of the State Department, who advised that he was familiar with the case. Johnson was advised that the Bureau would release Yockey to the State Department for the presentation of the passport violation against him, and that our San Francisco Office was so advising State Department officials in San Francisco.

ACTION TAKEN:

Today, June 8, 1960, the State Department has been in touch with the U. S. Attorney's Office, and the subject is being charged with a violation of Section 1543, Title 18 (passport violation). Bond is being asked in the amount of \$50,000.

Inasmuch as the subject in this case was initially detained by the FBI based upon authorization of the U. S. Attorney, who expressed the opinion that the subject should be held on a possible Selective Service violation pending a determination as to what further Federal action is to be taken, further details are being requested of SAC Auerbach concerning the action which was taken in this case. SAC Auerbach has, therefore, been instructed to obtain detailed statements from every Agent who participated in the initial detention and interview of subject in order that the Bureau may very carefully review the action which has been taken in this case to determine whether it was proper. This information will also serve to give us a clear record as to the events which transpired and the action which was taken by our San Francisco Office in the event any questions are raised at a later date in this case, and the information will be readily available.

JACK HAROLD FAMBROUGH, a prisoner in the San Francisco County Jail, advised on 6/13/60, that YOCKEY, together with his cell-mate, PHILIP PETER GALATI, and FAMBROUGH are planning an escape to take place on 6/14/60. YOCKEY was scheduled to post \$1,000.00 bail for GALATI to effect GALATI's release on 6/13/60. GALATI would thereafter obtain guns and an automobile to be used in the escape. YOCKEY, in furtherance of the plan, would on June 13, 1960, effect a continuance of his hearing before the U.S. Commissioner, in order that he would be required to appear at the U.S. Commissioner's Office on June 14, 1960. FAMBROUGH is scheduled to be sentenced on June 14, 1960, and it was believed that YOCKEY and FAMBROUGH would both be taken together from the County Jail by personnel of the U.S. Marshal's Office on June 14, 1960. While walking from the jail to the Marshal's van, GALATI would disarm the guards and taking their guns and handcuff keys, flee with YOCKEY and FAMBROUGH.

The U.S. Marshal's Office, the United States Attorney, and the San Francisco County Jail have been advised of the alleged escape attempt. GALATI was not released on bail on 6/13/60, and the scheduled escape attempt will therefore not materialize.

The Bureau will be promptly advised of all pertinent developments in this case.

Following investigation conducted by SA KENNETH J HASER, 6/7/60, pursuant to telephonic authority from Bureau, 6/7/60.

Mr. JOSEPH O'BRIEN, Consul, Embassy of Canada, WDC, made available passport file of CHARLES MONTAQUE BLACK showing issuance of Canadian Passport 5-083890, at WDC, 5/31/60, valid five years. Subject, as BLACK, executed passport application 5/26/60, at Baltimore, Md., after obtaining same via mail after telephone call. Application executed before LEE HATHOWAY, Minister of Gospel, 517 Cathedral (?) Avenue, Baltimore, who claimed he had known BLACK 9½ years. He submitted Province of Ontario Birth Certificate 13-05-060525, showing birth at Sheraton Belvedere Hotel, Baltimore. BLACK stated had no previous passport and had only Canadian nationality. Parents not listed. Permanent residence given as 220 Grandée Allee East, Quebec. Person to notify in emergency - Mrs. CATHERINE BLACK, Casa Latino America, Paseo de la Reforma, Mexico, D.F. Described: 5'8", 150 lbs., black-grey hair, brown eyes, wearing glasses, single, art appraiser. Canadian Embassy has no record of RICHARD HATCH.

Mr. FERDINAND LEIS, Consular Secretary, German Embassy, WDC, advised no centralized records of German passports issued in U.S., each of 13 other consulates in U.S. maintaining its own records. If passport issued in Germany, must know place issued since each "county" keeps own records. No identification possible re FNU YORCH passport. YORCH passport should be carefully examined for identifying data in event SF desires inquiry of German authorities in U.S.

Mr. C. PETER SCOTT, Consul General of Great Britain, British Embassy, WDC, advised he had reviewed MICHAEL JOSEPH TAYLOR's passport file and could state TAYLOR presented evidence of birth as SF and evidence of claim to British nationality by reason of birth here of British subject father who had not acquired U.S. nationality at time of MICHAEL's birth. MICHAEL therefore, entitled to British passport, but same not valid for use in entering or leaving U.S. in view of dual nationality. SCOTT stated documents of parentage had been submitted by Embassy to London and Foreign Office approved issuance of passport.

WFO 87-6357

SCOTT explained it is against official policy of British Government to permit examination of consular files abroad by other governments; hence could not make file available in absence of formal request for unusual reasons which would have to be processed through Foreign Office. SCOTT requested return of TAYLOR's passport to nearest British Consul if investigation established man posing as TAYLOR impostor. WFO advised him such request would be passed along to FBI Headquarters. Suggest Bureau may desire to have USA, SF, notified.

Mr. ROBERT D. JOHNSON, General Counsel, Passport Office, Dept. of State, made available on 6/7/60, passport file of EDWARD MAX PRICE, which is alias for FRANCIS PARKER YOCKEY. SA HASER established photograph of subject therein identical with photograph of CHARLES MONTAQUE BLACK in Canadian passport file. WFO files establish FRANCIS PARKER YOCKEY as subject of Bufile 105-8229, Chicago file 100-25647, SF file 105-1769, WFO file 100-26536. Subject's passport file has been reviewed - see WFO airtel to Bureau 1/18/55, and report of SA HASER, 6/27/56, WFO.

JOHNSON advised SA HASER evening of 6/7/60, Dept. of State requesting its Office of Security at SF to contact USA, SF, re prosecution of subject for violation of Section 1542, T. 18, USA, re alteration of passport. JOHNSON also advised that Miss FRANCES G. KNIGHT, Director of Passport Office, is personally interested in and following this case.

Bureau is advised that it appears that subject altered passport 378334 issued to EDWARD MAX PRICE on 5/19/54, to passport 878384, issued to EDWARD MAX BRICEMAN.

WFO taking no further action, UACB.

For the information of the Laboratory, YOCKEY was apprehended on a violation of the Selective Service Act on 6/6/60. His luggage contained a U.S. passport, a Canadian passport, a British passport, and a German Identity Card, all bearing YOCKEY's photograph, but obtained under various aliases. The Selective Service charge has been dismissed and the State Department filed process against YOCKEY for passport violation on 6/7/60. \$50,000 bond was recommended by the AUSA and hearings regarding the high bond have been heard by the U.S. Commissioner on 6/8,9 & 10/60. These hearings are continuing and YOCKEY is incarcerated in the San Francisco City Jail.

One of these pins in a cloth-lined container was found in YOCKEY's suitcase at the time of his arrest, and the pin and container are being forwarded to the Laboratory under separate cover. It is requested the Laboratory examine the pin and container for microdots, secret writing and any unusual data of possible value in instant matter. The pin and container should be expeditiously returned to San Francisco inasmuch as it will be returned to YOCKEY in the event the examination disclosed nothing of interest in this case.

Result of examination:

The container, Q1, is a case for a Gruen watch as indicated by the name "GRUEN" appearing on the cloth lining inside of the cover. The name "GRUEN" has been partially obliterated.

A rectangular opening has been cut out of the padding in the lower part of Q1. Nothing was found in this opening. It is possible that the portion of the padding was cut out to make a depression in the lining of the container to accommodate the glass tube containing the pin. A portion of the padding material has the name "KOTBA" embossed thereon. This material has been used to replace or supplement the original padding in the lower part of Q1.

A visual examination of Q1 and its contents revealed no microdots.

Using methods that did not stain, the Q1 container was examined for the presence of invisible secret writing with negative results.

No secret writing materials or poisons were found in **Specimen Q1.**

Title is changed to reflect the true name of the subject and has been carried in previous correspondence with the Bureau as "UNSUB; aka Richard Hatch, ITSP"

In view of the unusual and involved situation in instant case and the fact that an Agent was injured in connection with it, the progress is detailed herein and will be followed up with a full report within five days.

As reflected by Dallas teletype 6/5/60 to Bureau and a number of offices, this matter originated when American Airlines, Fort Worth, checked into a bag which was unclaimed in the name of RICHARD HATCH. Because it was so heavy and the prevalence of airline cognizance of recent bomb scares and because it was unclaimed, it was opened and a variety of material including American and foreign passports in a variety of names was discovered as detailed in referenced teletype. The matter was forwarded on up to San Francisco and eventually contact was made with HATCH via arrangements with American Airlines for delivery of HATCH's suitcase to him at his temporary place of residence in Oakland, California.

The Agents knew they had something but didn't quite know what with the variety of documents and felt preliminarily that they had a passport violation on the face of it from the documents. The fact that there were passports in different names all with the same picture plus a variety of miscellaneous documents gave immediate rise to a suspicion of substantial criminal violation on the face of it. The subject was recalcitrant but on being questioned as to his identity stated that he was born in 1923, which would bring him within the purview of the Selective Service Act. He also stated

that he had never registered under the Act, and refused further data. As he was by the door of his room, he started out. SA ROBERT LEONARD outstretched his hand and arm toward the man. The subject grabbed the doorknob and slammed it, catching LEONARD's hand in the door jamb. This subsequently necessitated twenty-eight stitches being taken in the back of SA LEONARD's hand.

Subject was immediately stopped and a call was made to AUSA WILLIAM CLANCY and the situation described to him. He authorized arrest of the man on the spot for violation of the Selective Service Act and said that this would be sufficient to hold the man until more detail could be procured and the matter straightened out. Subject was lodged in the Oakland City Jail and his fingerprints taken. The whole time consumed was approximately three hours from the time of original contact with subject until he was transported down to the jail. This was 6/6/60.

After handling SA LEONARD at the hospital, this matter was discussed with San Francisco State Department Special Agent in Charge JAMES P. CAVANAUGH who said he would be interested in the situation and would like to hear more about it in the morning, i.e. 6/7/60. During the course of the evening of 6/6/60, Agents checked out what other data they could on individuals named in the material which subject had and found that such individuals were apparently the subject under different aliases.

As would be normal, it was expected there would be an arraignment of subject on the morning of 6/7/60 which was found not to be possible because it was election day. However, additional conversation was had with CAVANAUGH of the State Department who in turn telephoned the Passport and Visa Division of his organization at Washington. During this same period, i.e. the evening of 6/6/60, arrangements were made with the Bureau so that we jet flew the fingerprints of subject into the Identification Division which was able to advise us as to the subject's true identity as FRANCIS PARKER YOCKEY. A review of our file reflected that YOCKEY was wanted for questioning solely as a Security matter.

In the early afternoon of 6/7/60 the State Department here advised us that they had received a teletype from the State Department, Washington, stating in essence that they did not want the passport case because of FBI currently working the situation from a Security angle. A copy of the State Department's teletype is attached. In view of this, I telephonically contacted the Bureau because subject was in jail being held for the FBI in order to ascertain the situation and received instructions from Assistant Director Belmont to tell the State Department here to go ahead on the passport matter and that we would appreciate an opportunity subsequently to interview subject on the potentiality of a Registration Act violation. This was promptly done.

The State Department filed process under Section 1543 of Title 18 for false statements by subject in obtaining a passport under a fraudulent name and a bond has been recommended to be set at \$50,000 upon authorization of AUSA WILLIAM CLANCY. While this process was filed the morning of 6/8/60, it had been authorized by CLANCY on the evening of 6/7/60 and, accordingly, a hold was placed at that time on the subject with the Oakland Police for the benefit of the State Department. This hold was placed by the State Department itself. Further, at that time, upon the motion of Mr. CLANCY, the FBI process was dismissed.

Subject is being arraigned before U. S. Commissioner JOSEPH KARESH at 2:00 P.M. today and the story is being released to the press by the new USA LAURENCE DAYTON who has taken a personal interest in this matter and who will give the FBI credit for having broken the case and turned the subject over to the State Department. Full details and developments will be subsequently furnished to the Bureau as a report. A copy of the report will be furnished to the State Department for their use in the prosecution of the matter and an additional extra copy will be furnished the Bureau for dissemination to the State Department there.

The Bureau's attention is called to the fact that, despite the severity of the injury and immediate presence of a lot of blood, SA [redacted] and two other Agents finished the job and put the subject under [redacted]

DETAILS: AT SAN FRANCISCO, CALIFORNIA

This investigation was predicated upon receipt of information from the Dallas Office of the FBI to the effect that American Airlines at Fort Worth, Texas, had on June 5, 1960, opened a gray Samsonite suitcase in an effort to determine its owner and found identification in various names, including three passports: one British, one Canadian and one American. The Dallas Office advised that a tracer had been received from American Airlines in San Francisco regarding this lost bag and that this bag was being shipped under American Airlines check number 34-16-72, arriving Oakland Airport, Oakland, California, 9:00 PM, June 5, 1960.

[REDACTED] American Airlines, San Francisco International Airport, telephonically advised that HATCH arrived in San Francisco from Chicago, Illinois, aboard American Airlines Flight 47 on the night of June 3, 1960. He stated that HATCH immediately filled out a form for his baggage which had not arrived on the same plane. [REDACTED] stated that HATCH had originally been routed to Oakland, California, from Washington, D. C., via Dallas; however, his flight had been delayed and he was rerouted through Chicago and arrived at San Francisco rather than Oakland. [REDACTED] stated that evidently HATCH's baggage had not been transferred at Washington, D. C., when he was rerouted.

[REDACTED] stated that HATCH wanted his baggage sent to Oakland, California, but refused to give American Airlines any address or telephone number where he could be reached, stating that he would pick the bag up himself.

On June 6, 1960, Mr. H. C. WHITE, Vice-Consul, British Consulate, 2516 Pacific Avenue, San Francisco, advised that he issued British Passport Number 185546 to MICHAEL JOSEPH TAYLOR on August 10, 1959, at San Francisco, California.

Mr. WHITE stated that TAYLOR made application for a British Passport at the British Consulate in San Francisco on August 7, 1959. WHITE stated he listed his date of birth as March 28, 1915, at San Francisco, California.

Mr. WHITE further advised that although TAYLOR claimed to be a citizen of the United States, he also claimed a dual citizenship based on the fact that his father, MICHAEL TAYLOR, had been born in County Clare, Ireland. WHITE stated that at the time TAYLOR's father was born, that section of Ireland was under British rule.

Mr. WHITE further advised that TAYLOR told him his father immigrated to the United States and that he was born in the United States four years after his father's arrival.

Mr. WHITE added that due to a loophole in the British Citizenship Law at that time he would be entitled to be recognized as a British subject and thus would hold a valued dual citizenship in the eyes of the British law. WHITE added that the British law has since been amended. He stated that on the basis of the information and the documents furnished by TAYLOR, he had no choice but to issue him a passport.

Mr. WHITE further advised that due to TAYLOR's knowledge of intricate British Citizenship laws, he was suspicious of him and, as a consequence, had later mailed TAYLOR's file to the British Embassy in Washington, D. C. and suggested that they contact the British Foreign Office to be on the lookout for TAYLOR should he arrive in England.

Mr. WHITE added that shortly after TAYLOR's passport was issued, he submitted a request for a British passport for an individual named OFELIA RODRIQUES. WHITE

stated that TAYLOR claimed that he had recently married RODRIQUES at Carson City, Nevada, and furnished the British Consul with a marriage certificate. WHITE advised that he attempted to verify this marriage at Carson City, Nevada, and was unable to do so and that as a consequence, no British passport was issued for her. He stated that during the time that TAYLOR had requested a passport for RODRIQUES, he had written WHITE on various occasions regarding the matter and also had stopped at the British Consulate at New Orleans, Louisiana, regarding this matter.

Mr. WHITE advised that he had a copy of TAYLOR's application for passport which also reflected that he was born March 28, 1915, at San Francisco, California. He listed his home address as: Care of SHANNON, 925 Geary Street, San Francisco. His occupation was given as a music teacher. He listed ALEXANDER SCHARF of the Temple Beth Abraham, Oakland, California, as a guarantor. WHITE advised his description was given as:

Height	5'9"
Eyes	Brown
Hair	Black to grey

Mr. WHITE made available for viewing a photograph of TAYLOR which was affixed to the application.

On June 6, 1960, Mr. H. C. WHITE, Vice-Consul, British Consulate, 2516 Pacific Avenue, San Francisco, made available for viewing a photograph of MICHAEL JOSEPH TAYLOR, British Passport Number 185546.

It was noted by SA JAMES P. SULLIVAN, JR., that the photograph of TAYLOR and a later photograph of FRANCIS PARKER YOCKEY, FBI Number 4499405, were identical.

On June 6, 1960, Miss COLLEEN MULQUEENEY, Secretary, Irish Consulate, 681 Market Street, San Francisco, advised that she would have to review her records to determine if a passport had been issued at the Irish Consulate to a MICHAEL JOSEPH TAYLOR. She stated that she would search her records and advise the FBI as soon as possible.

On June 7, 1960, Mr. KEVEN RUSH, Vice-Consul, Irish Consulate, 681 Market Street, San Francisco, advised he had searched his records of passports issued at the San Francisco Consulate for the past year and was unable to locate a record of a passport having been issued to a MICHAEL JOSEPH TAYLOR. Mr. RUSH stated that it is possible the Irish Consulate may have had correspondence with TAYLOR, but that no passport had been issued. He added it would in all probability be difficult for him to locate a record of correspondence with TAYLOR.

ALEX - SCHARF

ALEXANDER BENJAMIN SCHARF, 465 Bellevue Avenue, Oakland, California, advised that he was an Educational Director of the Temple Beth Abraham in Oakland, California. He stated that WILLIAM HATCH had been known to him for approximately one year. He had met him in Nevada approximately one year before this interview and had seen him subsequent to then on several occasions in San Francisco and Oakland. HATCH had called SCHARF by telephone from the Oakland Airport sometime during the morning of June 4, 1960. He had stated that he was intending to visit in Oakland for a short period and asked if he could come to the apartment rented by SCHARF. SCHARF did not know what time HATCH had left the apartment on the morning of June 6, 1960, but he remembered that HATCH had made two telephone calls to the Oakland Airport relative to his missing suitcase before he left the apartment. SCHARF knew very little relative to the background of HATCH having known him simply as a writer. He could furnish no information relative to the associates or occupation of HATCH other than this.

During the interview with SCHARF a telephone call was received by SCHARF at the apartment. After answering, SCHARF stated that it was HATCH who had called asking if his suitcase had arrived. SCHARF had told him that it did arrive. At approximately 11:00 a.m. HATCH arrived at the apartment and the interview with SCHARF was temporarily discontinued.

After approximately two hours the interview with SCHARF was continued.

SCHARF advised that he was born in the city of Walfratshausen, Bavaria, Germany, December 12, 1923. When he was nine years old he traveled with his mother and father to Argentina where his father died. At that time when he was about nine years old he went to

Paraguay to the town of Assuncion with his mother, who died in Paraguay. He went to school in Assuncion, Paraguay until he was about 15 years old living with a family named either FERNANDEZ or HERNANDEZ. When he was about 15 years old, he left Paraguay and traveled to Rosario, Argentina. He went by himself and when he arrived in Rosario he went to work in a restaurant in the kitchen. He left Argentina in 1953 and arrived in January, 1954 at the Port of New York to visit friends. He named as a friend in New York, NORMAN RASINOW, who resided somewhere in the Bronx in New York. At New York, SCHARF attended the Columbia University and the Jewish Theological Seminary in New York until June, 1957 when he graduated from the seminary. During this time he lived on Tiffany Street and at 130 Morningside Drive in New York City until his graduation. In June, 1957, he went to France on a scholarship which was supposed to be taken advantage of in the country of Israel. However, when he arrived in Paris he decided not to go onto Israel and stayed in hotels in Paris until December, 1957 at which time he returned by boat to New York City. In December, 1957, he went to Miami Beach, Florida where he lived on Collins Avenue and worked as a waiter at the Waldman Hotel until about April, 1958.

In April, 1958, SCHARF traveled to Alaska where he worked in Anchorage as a waiter and he also worked in a radar station in the Aleutian Islands. He left there in October, 1958 to return to San Francisco. While at the radar station in the Aleutian Islands he also worked as a waiter.

While in San Francisco, SCHARF lived at 240 Sacramento Street and worked as an instructor for the Bureau of Jewish Education, 639 14th Avenue, San Francisco. In August, 1959, he moved to Oakland to 3514 Grand Avenue and later at 812 Vermont Avenue,

in Oakland. In March, 1960, he moved to 465 Bellevue Avenue, his present location.

Since August, 1959, SCHARF had been employed as the Educational Director of the Temple Beth Abraham, 327 MacArthur Boulevard under Rabbi HAROLD SCHULWEIS.

SCHARF stated that he regularly reported as an alien in the United States, his last reporting being in January, 1960. He produced Alien Registration Card #A-10067819. This showed him to be born December 12, 1923 and stated that he was admitted April 5, 1955 in District "03" Port "00". He was classified as Z-2.

SCHARF stated again that he met HATCH first in Reno, in a club approximately one year before this interview. At that time this was in the City of Reno, Nevada and neither he nor HATCH was with anyone else at the time. SCHARF had been gambling and had lost all of his money. HATCH noticed his predicament and struck up a conversation with him. HATCH then loaned him \$20 with which to pay his way back to Oakland. He could not remember the exact name of the club in which they met. Subsequent to that time, SCHARF saw HATCH some six or seven times in the City of San Francisco. On each of these occasions HATCH would call him by telephone or write and make an appointment to meet him. He could name no mutual connections or friends.

Approximately six months before this interview, HATCH had called SCHARF at his place of employment in Oakland. SCHARF had later picked him up that same date and HATCH had visited with him for a short period at that time. Since that time he had not met with HATCH.

Again SCHARF stated that he only knew HATCH as a sort of a free-lance writer. He described

SF 87-13771

HATCH's writings as "very good" and stated he considered HATCH to be a "true and faithful friend". He knew nothing of HATCH's employment other than his writing and did not know in what manner HATCH earned his money.

SCHARF stated that HATCH had stayed with him Saturday and Sunday nights in his apartment.

At approximately 11:00 AM, SAs LEONARD and MILLER were in the apartment of ALEXANDER SCHARF, Apartment 23, 465 Bellevue Avenue, Oakland, California. A person entered the apartment who identified himself as RICHARD CHARLES HATCH. He advised HATCH that he did not have to give any statements, that any statements he did give could be used against him in a court of law and that he was entitled to an attorney if he wished one. He stated that he had no objections to answering any questions. He was asked if a gray Samsonite suitcase in the room belonged to him and he stated that it did.

Employment	Self employed past 15 years as photographer, mostly in Cuerna Vaca, Mexico
Residence	Past two months 421 Baronne Street, New Orleans 12, La. Also had recent address of 1224 St. Paul Street, Baltimore, Md. (Stated that he had lived at this place for the past two months, moving out two days before this interview.)

HATCH was asked if he had registered under the Selective Service Act, 1948, and he stated that he did not know that this was necessary. He stated that he had registered under the 1940 Act in South Bend, Indiana, about October, 1941.

SCHARF (ALEXANDER SCHARF), the occupant of the apartment in which the interview was conducted, was present during this interview.

HATCH was asked if he could describe the contents of the suitcase that he had stated was his. He said he could and listed the following:

- (1) An Olivetti typewriter
- (2) Four or five sport shirts and dress shirts
- (3) A pillow
- (4) A cloth bag about 6" long
- (5) A painted pin, a work of art

HATCH stated that there were no passports in the suitcase and no copies of any passports. He stated that there were no Traveler's Cheques in the suitcase either in the name of HATCH or any other name so far as he knew. He stated that he had had some American Express Traveler's Cheques from eight months prior to this time but they had

been stolen from him and he had received the rebate in cash for the same from the American Express Company. He had purchased these American Express Traveler's Cheques in Cuba and had received payment for them about two months prior to this interview.

HATCH was asked if there were possibly articles in the suitcase that he was not aware of. He stated that possibly there were such articles because shortly before leaving Washington, D. C., for Oakland, California, he had been met by a friend, whose name he did not know. This friend had given him a small bag approximately 6" long which was the bag he had previously described as being in the suitcase. He stated that he did not know the contents of this bag.

HATCH stated that he would gladly open the suitcase, and at this point did open it with a key which he produced from his pocket. At this time HATCH was asked if he had any objections to the Agents looking through his suitcase. HATCH stated that the Agents could look through the suitcase. When one of the partitions of the suitcase was opened in his presence by SA LEONARD, it was noted that there were items lying on the top of clothes which appeared to be documents of some type. HATCH expressed surprise that such articles could be in his suitcase.

HATCH was then asked if he had any means of identification on his person. He asked if he was under arrest and he was told that he was not. He stated that he would gladly identify himself and show the objects in his possession with the exception of some photographs which he considered personal matters and would rather not display. He produced the following items:

(1) A bank statement from the National Bank of Commerce, New Orleans, Louisiana, in the name of RICHARD HATCH. This showed a deposit January 26, 1960, in the amount of \$1,003.37. HATCH was asked where he got the money that he was carrying and he stated that he had withdrawn it from his account in the Bank in New Orleans. He was asked why he was carrying so much money on his person and he answered that he intended to lend it to ALEXANDER SCHARF, with whom he was visiting, as a personal loan.

Shortly after this, ALEXANDER SCHARF, who was present during this interview, was heard to request HATCH to give him \$200.00 inasmuch as he was badly in need of \$200.00. HATCH at this time stated "That would no longer serve any purpose. I no longer have any interest in your problems."

This interview was conducted in the presence of the following:

SAS ROBERT H. LEONARD and
ALFRED C. MILLER

ALEXANDER SCHARF

The subject, upon interview at SCHARF's apartment, 465 Bellevue Avenue, advised that he had no information to furnish concerning any of the identification and the passports which had been found in his suitcase. At this point the subject requested a private interview between himself and SA TEETER. At this point we then went into another room of the apartment.

During this private interview, the subject still refused to furnish any explanation for his possession of the large quantity of identification and the three passports, maintaining, however, that he had a logical explanation for having them in his possession but that he was afraid to give the explanation on the basis that he would be misunderstood.

At approximately 2:15 PM, SA ALFRED C. MILLER left the residence of ALEXANDER SCHARF and telephonically contacted SA EDWARD M. CUNNINGHAM to advise that the subject stated his name was RICHARD HATCH, that he was born June 26, 1923, at Santa Ana, California, and that he had never registered under the Selective Service Act of 1948. SA MILLER advised that a preliminary search of subject's effects and identification had failed to reflect a Selective Service card in the name of HATCH. While SA MILLER was still on the telephone, SA CUNNINGHAM contacted Assistant United States Attorney WILLIAM P. CLANCEY, JR., and presented the above facts. CLANCEY stated that in view of the quantity and type of identification found in the possession of HATCH, he would authorize the filing of a complaint charging subject with failure to register under the Selective Service Act of 1948, and failure to possess a registration card.

SA MICHAEL A. TOSAW on June 7, 1960, exhibited a photograph to [REDACTED] 925 Geary Street, of the subject and an unknown woman, obtained from his suitcase. [REDACTED] identified the man as the person living at this address under the name FRANCIS SHANNON and the woman as the person residing with SHANNON as his wife and using the name PATRICIA LAGERSTROM.

Date 6/9/60

On returning to SCHARF's apartment, 465 Bellevue Avenue, Apartment 23, after telephonically contacting SA EDWARD M. CUNNINGHAM, I advised SA ROBERT M. LEONARD that the fact the subject stated he had never registered and did not have in his possession a registration card had been presented to an Assistant United States Attorney, San Francisco, California. I also advised SA LEONARD that the Assistant United States Attorney had authorized the filing of a complaint against subject charging him with failure to register and failure to possess a registration card. This was approximately 2:40 PM on June 6, 1960.

At about 2:45 PM, June 6, 1960, at 465 Bellevue Avenue, Oakland, California, in Apartment 23, the interview of RICHARD HATCH had been completed by SAs ROBERT M. LEONARD, ALFRED C. MILLER and KEITH G. TEETER. Also present during this interview and during the events now related was ALEXANDER SCHARF, the occupant of this particular apartment.

HATCH was standing near the end of the sofa and near the door leading from the living room to the kitchen. SA LEONARD was standing approximately four to five feet away from HATCH in the center of the living room in a line with the kitchen door and the hall door.

SA LEONARD noticed HATCH was moving toward the door leading to the kitchen and asked him if he did not wish to sit down, but he said no that he would rather stand. He suddenly made a quick move toward the back door of the kitchen. At this point the kitchen is approximately eight feet wide from the door leading into the living room to the door leading on to the back porch of the apartment building. A table was between the two doors butted up against the wall of the kitchen to the left as one faced the rear door of the kitchen. As HATCH started across the kitchen and reached for the rear door, SA LEONARD seized his left coat sleeve and wrist with the Special Agent's right hand. HATCH then opened the back door of the kitchen with his free hand. The door opens into the kitchen. SA LEONARD told HATCH that he was under arrest. HATCH managed to get outside the door leading onto the back porch of the apartment building. SA LEONARD was still holding his left sleeve with his right hand. HATCH reached with his free hand and pulled the door closed, catching SA LEONARD's right hand between the striker plate and the door jam. This caused a laceration of the back of SA LEONARD's hand. He was still maintaining a hold on the sleeve and wrist of HATCH. HATCH took his free hand and forced SA LEONARD's fingers from his sleeve and ran down the back stairs of the apartment house. SA LEONARD ran after him. HATCH ran around the front of the apartment building and started toward the street. As he reached this

point, near the front door of the apartment house, SA MILLER came out of the front door and intercepted him. At this time he was told by SA MILLER that he was under arrest. HATCH noticed at this time that SA LEONARD's hand was bleeding from the laceration caused by the striker plate on the door. He stated "Oh, I'm sorry, I didn't mean to do that."

At this point SAs MILLER and TEETER placed HATCH in a Bureau automobile.

Date 6/9/60

Special Agent KEITH G. TEETER furnished the following information:

"At about 2:49 PM on June 6, 1960 SA KEITH G. TEETER was seated in the living room of Apt 23, 465 Bellevue Ave, Oakland, Calif., following the interview of the Subject. Others present were ALEX SCHARF, tenant in the apartment, Subject, SA ROBERT LEONARD and SA A. C. MILLER. SA MILLER had begun an inventory of Subject's possessions. Subject was standing near the door to the kitchen. Suddenly SA TEETER's attention was drawn to a crashing sound in the kitchen. When this occurred SA TEETER was bent over observing items of Subject's being removed from a suitcase by SA MILLER. Upon looking up, SA TEETER saw that Subject was not at the door to the kitchen and SA TEETER caught a glimpse of SA LEONARD going out the back door of the kitchen. SA TEETER immediately followed, assuming that Subject was trying to run away. SA TEETER followed SA LEONARD down the back stairs from the apartment and around to the front of the building. As SA TEETER came around the corner he saw Subject running up the sidewalk toward Grand Avenue. Just as Subject passed the front entrance to the building SA MILLER came from the entrance and called for Subject to stop as he gave chase. Subject stopped and SA MILLER took hold of him and brought him back toward the entrance where SA LEONARD and SA TEETER joined them. SA TEETER then noticed that the back of SA LEONARD's right hand was badly lacerated. Subject said he was sorry this happened.

"When Subject was caught in this chase he said he ran because 'you would have had me in 10 minutes'. He later said he ran because he wanted to make a telephone call.

After subject's arrest, he was transported to the Oakland City Jail, Oakland, California, and booked for violation of the Selective Service Act, 1948.

Fingerprints of HATCH were obtained from the Oakland Police Department Identification Bureau and were forwarded by jet plane to the Identification Division of the FBI for search through the Identification files in an attempt to determine HATCH's real identity.

On June 7, 1960, SA ALFRED C. MILLER filed a complaint authorized by Assistant United States Attorney WILLIAM P. CLANCEY, JR., before United States Commissioner CAMERON WOLFE, Oakland, California, charging subject with violation of Section 462A, Title 50, United States Code, in that subject had never registered under the Selective Service Act, 1948, and was not in possession of a registration card. Assistant United States Attorney CLANCEY had recommended bail in the amount of \$10,000.00.

Captain JOSEPH VERRETTA, Oakland Police Department, when advised of the numerous identification cards in subject's possession placed a hold on the subject for the Oakland Police Department for investigation of forgery. This hold was released the following day when no record of any checks was located in the Oakland Police Department files written by any of the individuals named in the identification.

The Bureau advised on June 7, 1960, that the fingerprints submitted under the name RICHARD HATCH were identical with those of FRANCIS PARKER YOCKEY, FBI No. 4499405, who was born September 18, 1917, at Chicago, Illinois. They advised that his identification record reflected subject had been arrested Washington, D. C., for larceny, was found not guilty and discharged. The Bureau advised that YOCKEY was not wanted at present, according to Identification Division files.

On 7/6/60, INS, San Francisco, made available a copy of an affidavit furnished INS by [redacted] an inmate of the San Francisco County Jail, San Bruno, California.

INS furnished the following information regarding the interview of [redacted]

b7C,
b7D
per INS

"The affidavit sets out the initial meeting between prisoner [redacted] and Yockey in Miami Beach, Florida. However, affiant failed to state that Yockey, at that time introduced himself as Mr. Blair, first name unknown. It was also established that the address in Havana, Cuba, mentioned in the affidavit, was dictated by Yockey to [redacted]. The informant then recorded the address on the marginal edge of a newspaper page.

[redacted] further reported he was known as Dale Marcus, employed by the Arrow Television Company, on Arthur Godfrey Road, Miami Beach, while residing in that area. He could not or would not furnish his exact address. To the best of his recollection, affiant believed Yockey and his associates resided in the Nelson Hotel, Miami Beach, Florida, at the time.

"Informant also advised that Yockey inferred he would be unable to deliver the message himself. When asked to explain why, Yockey said, 'You will read it in the newspapers.' Yockey then requested [redacted] to advise his sister, Mrs. William P. Coyne, what had happened to him.

"No discussion was had between the two prisoners concerning poison or suicide. It was [redacted] opinion that Yockey concealed and carried the poison into the County Jail with him rather than receive it after confinement.

The pertinent text of the affidavit, executed by [redacted] at the County Jail on 7/1/60 in the presence of WILLIAM F. BOGGESS, INS Investigator, is as follows:

b7C,

per INS

"I [redacted] was born at [redacted] on [redacted]. I make the following statement as to my conversation with one (Francis Yockey) on June 15, 1960 between 12 and 1 pm at the County Jail in San Francisco. Mr. Yockey was an acquaintance of mine from some months back while I was in Miami Beach, Florida. This acquaintance took place in the last of February or early March of 1960.

"On June 15, 1960 I was sentenced to 90 days in the San Francisco County Jail. At that time I was ordered transferred to County Jail #2 at San Bruno. While in the process of being transferred - I was moved from the East side of the jail to the West side to await the bus that transports the prisoners to San Bruno. While waiting for this transfer I was approached by one of the inmates and he asked me if I remembered him. Right at that moment I did not. Then - he went on to explain to me that we had met at a cocktail lounge in Miami Beach, Florida the early part of this year. After he reminded me of this I did recall this meeting and also recalled meeting this man at that time. This inmate turned out to be Mr. Francis Yockey.

"We talked for a few minutes and he asked me to come to the rear of the jail and talk to him. We went back near a raditor, sat down and the following conversation took place.

B. APPROX 1919-20

"He told me that he needed help badly and asked me if I would help him. I said I would and so he gave me the following information, that he wanted me to deliver to Emanuel in the editors office of the Boheiman Magazine in Havana, Cuba. He (Mr. Yockey) gave me this address A-63-27 Calle - Entre 2 y 4th Calle, Vedado, Havana, Cuba. I was to give this address to Emanuel and tell him to pass it on to someone by the name of Alferd. He would no what to do.

"Mr. Yockey appeared to me to be very desperate about this message and told me that if I would do this the people there would take care of me financially and also see that I met the right people.

B. APPROX 1929-30

"At the time I met Mr. Yockey in Florida there was also two other people with him. One was a fellow by the name of Emanuel and the other was a girl named Shenä Dietz. I was to call this girl at the Elmundo News Paper concerning financial help.

"My first meeting with these people took place under these circumstances. I went into what I remember to be the cocktail lounge in the Florintine, Hotel, to get a drink. These three people were sitting at the bar at this time. In some way we got into a conversation about Havana. After we talked about this for some time we introduced ourselves, bought each other drinks and become quite friendly. I told them I intended to go down to Havana for a week end and so Mr. Yockey gave me his card and told me to call him when I got there. I spent app. two hours (as near as I can remember) with these people at that time. Two nights later I went back into this place and these same people were there only they were sitting at a piano bar and Mr. Yockey was playing the piano. At this time I stayed in their company for an hour or so. I left then and never seen them again until I met Mr. Yockey in the county jail here in San Francisco.

"If I am asked by any government agency to go to Cuba or to testify or to be of any aid in this matter I am very willing to do so.

"This statement is true and correct to the best of my knowledge"

As the Bureau is aware, the above-captioned subject committed suicide and obviously, as far as he is concerned, present process on behalf of the State Department as to Passport and Visa Matters and a potential count in connection with the Assaulting of a Federal Officer is terminated. However, the situation does not rest at that largely due to the fact that the press is completely intent on keeping this matter blown up into as big and as long a press inquiry as possible. For example, YOCKEY died in the early morning of last Friday and yet today's papers, a copy of which is attached for ready perusal by the Bureau, still reflects front page stories on ALEX B. SCHARF in whose home YOCKEY was arrested by us. Further, there are several individuals in the U. S. Attorney's Office as AUSA who appear to be just as intent as the press in carrying on the situation and have issued a material witness warrant for SCHARF even after the main substantial violation individual YOCKEY committed suicide, and this has constituted an added impetus for the press, which has gotten wind of it, to continue pressing in the matter.

During the past weekend, information was received from two separate sources by this office that SCHARF has a girl friend named [redacted] and that SCHARF was supposed to be visiting her over the weekend. This data was furnished to the USA's Office and the State Department representative for whatever use they wanted to make of it. I was then requested by the USA's Office to set the Bureau in motion to investigate and cause SCHARF's arrest on the warrant, which I refused to do and suggested that this was a State Department matter and it should be handled

by the USA's Office with them, not us. The USA's Office advised, merely as a matter of information, that they intended to have INS at Reno check into the matter since SCHARF is an alien.

As reflected by our airtel of 6/9/60 sent prior to YOCKEY's suicide and Bureau answer of 6/16/60, we would have eventually conducted an interview of YOCKEY. Reference is made to our radiogram of 6/16/60 to that effect. Now, due to the situation, this office proposes, UACB, merely to have the Bureau check through the various properties of YOCKEY at the Laboratory level and develop anything concerning YOCKEY solely from that. Accordingly, we have not set out any leads whatsoever beyond to furnish the material to the Laboratory. As the Bureau is aware, it is photostats that have been furnished to the Laboratory, while the originals have been turned over to the State Department in connection with the original fact that it was their process being filed. SAC JAMES CAVANAUGH, State Department, advises me that he has directed this material to the State Department at Washington with the request that it be coordinated with the Bureau there.

Mr. CAVANAUGH advises me that, as far as the YOCKEY case is concerned, he intends to do just as we are, i.e. merely to pursue the matter as the result of what comes out of the coordination and discovery from the materials at Washington.

As far as SCHARF is concerned, there is no allegation whatsoever of any substance on the surface which would appear to be worthy of getting us into the situation to locate him or to initiate investigative efforts into any inquiry along that line. We are getting heavily pressured by the USA to the contrary, however, and, in fact, today refused the request of AUSA WILLIAM CLANCY for our total files concerning YOCKEY and SCHARF. I am advised by Mr. CLANCY that AUSA JAMES SCHNAKE is still pushing very hard in this matter and intends to locate and arrest SCHARF and bring him before a Grand Jury on a general fishing expedition to not only elicit data concerning his relations with YOCKEY but as to his own personal activities. Thus despite the death of the substantive violator, the USA's Office intends to keep on with the situation. Along this line, I have been advised that the USA's Office has received from Washington the State Department's file which apparently contains direct

correspondence between the Bureau and the State Department concerning some Security phases of the YOCKEY situation. This data has been allowed to leak to the press by the USA's Office to the effect that the "Top Secret" file has been received from the State Department; that it could not be revealed at this time; and, further, that if it were revealed it contained "dynamite." I have called Mr. SCHNAKE about the situation and told him that reports of the Bureau were furnished to the State Department solely on a loan basis under proper security and that if any data from the Bureau to the State Department were revealed to the press it would be at his peril. Mr. SCHNAKE said he didn't intend to reveal it.

In summary, UACB, this office does not intend to get further into the SCHARF or YOCKEY affair.

As of further additional data to the Bureau, AUSA SCHNAKE advises me that, in essence, what they have on SCHARF is the fact that he acted as a sponsor and guarantor of YOCKEY in connection with the British passport application (the passport was issued) and the Irish passport application (passport not issued) a year ago and stated out and out in effect that SCHARF knew YOCKEY as MICHAEL WILDING TAYLOR, whereas he told the FBI Agents at the time of YOCKEY's arrest that he knew YOCKEY as HATCH. Further, there are two big discrepancies in SCHARF's situation in that he told the Jewish authorities here who hired him in his resume of employment, etc. a different date of birth and a different place of birth than appears on his own immigration papers. It is Mr. SCHNAKE's idea that actually SCHARF is a Neo-Nazi posing as a Jew and, in his opinion, has been "flim flammng" the Jewish group which has sponsored him.

In essence, Mr. SCHNAKE states that he intends to keep after this matter with SCHARF and cause his arrest by process mainly on a violation within INS jurisdiction with only a subsidiary interest by the State Department.

As additional information is received, the Bureau will be promptly advised.

Fascist and a Victim

Puzzling Trail of Yockey's 'Friend'

By Denne Pettitler

Federal authorities yesterday sought to solve the riddle of what linked Nazi concentration camp victim Alex B. Scharf to neo-Fascist Francis P. Yockey.

But even Scharf's closest friends, including the pretty, dark-haired girl he once asked to marry him, were unable to explain the strange relationship.

Yockey, Fascist philosopher and writer and associate of former Hitler followers, committed suicide in the County Jail here early Friday while being held on a passport fraud charge.

Scharf, 31-year-old former principal of Temple Beth Abraham school in Oakland and victim of Nazi brutality at Auschwitz concentration camp in World War II, has disappeared.

AT APARTMENT

It was in Scharf's apartment that FBI agents found Yockey two weeks ago. Scharf since dropped from sight and is now being sought by Federal authorities for questioning.

"I know he didn't have any

money," said Mrs. Ezra Cohen-Sitt, of 115 Beulah street, San Francisco.

Mrs. Sitt met her husband, Ezra, while dating Scharf last year. Sitt was Scharf's roommate and a teacher at Temple Beth Abraham school. Scharf had once asked Mrs. Sitt to marry him. He served as an usher at her wedding in January, and remained a friend.

"Alex was not the kind of person you could get close to," she said. "He was very sad and very serious, and even though he was likable he was always distant."

She said Scharf was intelligent and sensitive, with a deep feeling for Orthodox Jewry, and a man who kept himself remote as a result of long years of fear under brutal Nazi treatment in Europe.

"His meeting with Yockey must have come from something out of Europe years ago," she said. "He was a boy of 18 and he wandered for many years after the war."

Scharf led a modest bachelor schoolteacher's life in Oakland, she said.

He frequently dated one

girl who was employed at a Reno gambling casino, she said.

Scharf never mentioned Yockey to any of his acquaintances here, Mrs. Stitt said.

Assistant United States Attorney W. P. Clancey said Scharf's battered 1956 yellow and black Mercury sedan has not been found, but that the California's Highway Patrol has been alerted.

Yockey 'Key Man' Hunted

Authorities pressed their search yesterday for Alex B. Scharf, 32, the mysterious friend of Fascist-worshipping Francis Parker Yockey, who committed suicide in his jail cell here last week.

Assistant U. S. Attorney William P. Clancey Jr. described Scharf as "the key man in the case at this point," and said he expected his arrest soon.

"We doubt if he had enough money to leave the country, and we have reason to believe he is somewhere in the western United States," said Clancey.

Gone in Haste

Scharf, a former \$130 a week teacher of Hebrew at the Temple Beth Abraham School in Oakland, disappeared mysteriously and hurriedly after Yockey's arrest.

Clancey said he left in such haste that most of his belongings were left behind in his apartment.

It was at his apartment that Yockey was staying when he was tracked down by the FBI two weeks ago. At the time, agents found three passports in his possession, all bearing different names, and enough birth

certificates to obtain seven more passports.

The 43 year old Yockey was awaiting a hearing to determine bail on a passport fraud charge when he ended his life in his County Jail cell by swallowing cyanide.

"There are a lot of questions we want to ask Scharf," said Clancey. "and we're hopeful that he can give us some of the answers. There is no one else in the investigation so far that looks as promising."

Clancey said he expected results today from a handwriting analysis that would show who made out an application found in Scharf's apartment for an Irish passport in the name of "Michael Taylor."

DEEPENING PUZZLE

"If it is Scharf's handwriting, then he may be deeply involved," said Clancey. "In-

olved in what? Well, we still don't know.

"We know Scharf has already lied to us once. He told us that Yockey was a stranger when he invited him to stay at his apartment. But we know now Scharf had known Yockey for more than a year before that."

The FBI "drew a blank" in questioning Scharf after Yockey's arrest, Clancey said.

Mystery man Yockey continue d to be more of a puzzle in death that he ever was in his cloak-and-dagger life.

SECURITY CASE

Clancey and local State Department Representative James Cavanaugh said they were still interested in the case for "security reasons." Nor had the riddle of Yockey's many passports and the details of his globe-trotting been solved.

Sheriff Matthew Carberry

and Homicide Inspector Ralph McDonald continued their investigation into the suicide. The question of how Yockey obtained the cyanide with which he killed himself still had not been answered.

Carberry said it would have been "impossible" for an ordinary visitor to smuggle it into the jail since a thick wire mesh separates prisoners from visitors. Only Yockey's attorneys and FBI agents had access to the prisoner without the intervening barrier.

Authorities believe that either another prisoner, jail trusty or employe smuggled in the poison; that Yockey obtained it when he left jail on one of his three appearances before the U.S. Commissioner on the matter of bail, or that he carried it with him before his arrest and it was overlooked in searching him.

Fear Blamed For Suicide of Mystery Man

Francis Parker Yockey may have been driven to suicide by a tormenting fear of being certified as insane by psychiatrists.

This was revealed today by federal authorities probing the mysterious life and death of the alleged associate of nazi and anti-Semitic organizations.

A psychiatric examination ordered by Federal Dist. Judge William Sweigert may have been the factor that pushed him over the brink, they said.

FEARED EXAM

Judge Sweigert ordered the examination last Friday. Yockey, 47, took poison on Saturday in his San Francisco County jail cell.

Emmet Hagerty, Yockey's second attorney, said at the court hearing before Sweigert that Yockey feared the results of a psychiatric examination would be that he would be certified as insane and committed to an institution.

The theory that he particularly feared examination by Jewish psychiatrists was developed later by the government.

HUNT POISON CLUE

Government officials, while probing the reasons for Yockey's suicide, also want to know where he got the poison to take his life. They speculate now that either another prisoner or an employee smuggled it to him. Also, they want to know

why Yockey was carrying false passports when arrested and where he got his money. He was being held on the passport charge under \$50,000 bail when he committed suicide.

Still being sought as a material witness is Alexander Scharf, 31, former educational director of Temple Beth Abraham in Oakland. It was in Scharf's apartment at 465 Bellevue Ave. that Yockey was arrested June 6.

KEY MAN IN CASE

Asst. U.S. Atty. William P. Clancy Jr. said Scharf is the "key man in the case at this point."

Scharf, who spent some of the war years in a nazi concentration camp, disappeared right after Yockey's arrest. A warrant for his arrest as a material witness was issued last week.

Clancy said he found in Scharf's abandoned apartment an application for an Irish passport in the name of "Michael Taylor." Handwriting experts are checking the handwriting on the application.

MAY BE INVOLVED

Clancy said if the handwriting proves to be Scharf's, "then he may be deeply involved."

Scharf had known Yockey for about a year, according to Clancy, but told Federal authorities he had just met him June 5.

The investigation into Yockey's activities and the Yockey-Scharf tie-in is continuing, Clancy said.

PASSPORT AND VISA MATTERS

With the death of Yockey, the passport violation and the Assaulting of Federal Officer violation, which have been followed by the Investigative Division, are being closed.

San Francisco airtel of 6-20-60 reflects that correspondence between the Bureau and the State Department, concerning security phases of the Yockey situation, has been allowed to leak to the press by the U. S. Attorney's Office. SAC Auerbach has called to the attention of the U. S. Attorney's Office the fact that Bureau information was furnished to the State Department solely on a loan basis and should not be revealed.

SAC, San Francisco, has indicated that he did not intend to go further into the Yockey affair.

No further investigation is contemplated by the Investigative Division and any further checks of a security nature into the background and activities of Yockey should be handled by the Domestic Intelligence Division.

SUBJECT: FRANCIS PARKER YOCKEY
PASSPORT AND VISA MATTERS;
REGISTRATION ACT; INTERNAL SECURITY
ACT OF 1950

This is to advise of the circumstances surrounding the death of Yockey.

Yockey was confined in the San Francisco County Jail under the jurisdiction of the San Francisco County Sheriff when he was found dead at 7:25 AM, June 17, 1960. He left the following note: "I shall write no messages which I know will never be delivered, only this which will be. You will never discover who helped me for he is to be found in your own multitudinous ranks at least outwardly."

Preliminary examination reflected Yockey's lip in dehydrated condition and white substance of unknown composition appeared in area of outer mouth and lips. Subsequently, an examining toxicologist found a very minute amount of cyanide in Yockey's stomach and this was determined to be the cause of death.

SEARCH OF YOCKEY IN CONNECTION WITH ARREST:

Subject was given a preliminary personal search at time of arrest in front of the house where he was arrested. He was handcuffed, placed in a Bureau car and driven to the Oakland City Jail by Agents. After he had been booked and had turned over his valuables for which he was given a receipt, he was completely stripped. A personal search was made of outside body openings and Agents searched his clothing in all detail including seams, pockets, belt, loops, cuffs, lapels, linings and boots. The clothing search was handled by Agents in presence of subject and jailer. While the subject was still stripped, he was then under control of the Police Department and the Agents left.

The subject had no access to any other person, clothing or object from time of arrest until control transferred to Police Department and thereafter he was not contacted by Agents.

DOCUMENTS IN YOCKEY'S EFFECTS:

Enclosed herewith to the Laboratory is one photostat copy each of 145 items of personal identification, political material, and obscene matter found in YOCKEY's suitcase, briefcase and personal effects at the time of his arrest in Oakland, California, on 6/6/60. The original documents have been turned over to the Security Division of the State Department, San Francisco, for possible use in their inquiry regarding possible passport violations. No copies of the obscene material have been retained by San Francisco. The State Department has been requested to refer to the U.S. Attorney the existence of pornographic data contained in YOCKEY's effects.

The Laboratory is requested to compare the typing of the three obscene documents with the typewriter specimens taken from YOCKEY's typewriter and which were forwarded to the Laboratory as enclosures to San Francisco letter to the Director dated 6/13/60. The Laboratory is also requested to compare these pornographic documents with available obscene data in the Bureau's files. In view of the personality of YOCKEY, the possibility exists that he may have engaged in the writing of pornographic material, either commercially or as a matter of personal desire.

The Laboratory is requested to compare the political material contained in YOCKEY's effects with the security file of similar political writings in an effort to determine if YOCKEY is the author of this material or identify the author.

^{BUREAU}
The Laboratory is also requested to evaluate the documents contained in YOCKEY's possession in so far as the security aspects of this matter are concerned.

It is noted that photographs of YOCKEY's passport under the name EDWARD MAX PRICE (BRICEMAN), enclosed herewith, do not contain pages 6 and 7 inasmuch as these pages in the passport were blank and were not photographed.

DATA FURNISHED BY FELLOW PRISONERS OF YOCKEY:

As noted in San Francisco Airtels to the Director 6/13/60 and 6/15/60, PHILLIP PETER GALATI and JACK HAROLD FAMBROUGH, prisoners at San Francisco County Jail, furnished information regarding the escape plot involving them and YOCKEY. In addition, the two men observed that based upon numerous conversations with YOCKEY in the jail, they developed an intense dislike for YOCKEY in view of the latter's anti-U.S. attitude. They described YOCKEY as "anti-everything; anti-U.S., anti-Negro and anti-Jewish."

FAMBROUGH, a Negro, gave YOCKEY the impression that FAMBROUGH was a Cuban and YOCKEY told the two men that after their escape from jail, if they so desired, YOCKEY would either include them in his passport operation or furnish them with money and travel documents to effect their flight from the U.S. at either San Antonio or Florida to Cuba. YOCKEY told FAMBROUGH that he left Cuba three - four months ago and was well connected with the Castro Regime. FAMBROUGH described YOCKEY as a brilliant person with no practical intelligence. YOCKEY told GALATI that he had recently gone to Cuba and had attempted to see CASTRO but had only gotten as far as one of CASTRO's secretaries.

Re: [REDACTED]

[REDACTED] was interviewed regarding YOCKEY on 2/4/55 and 8/14/59. In 1955 she did not identify a photograph of EDWARD MAX PRICE as YOCKEY but in 1959 admitted that the photograph of YOCKEY resembled a RICHARD ALLEN whom she had known in the Monterey, Calif. area in 1954.

b7C
b7D [REDACTED] was reinterviewed 6/13/60 and admitted that she was married to RICHARD ALLEN during the period from 6/24/54 until he left without notice on 10/1/54 taking \$1500-\$2,000 which she had in her residence. She admitted she later learned from YOCKEY's sisters that RICHARD ALLEN was YOCKEY. She denied knowledge of any passports in YOCKEY's possession and described YOCKEY as a megalomaniac, possessing a hatred of Jews and Negroes; YOCKEY then termed himself a Fascist. She observed that she was physically afraid of YOCKEY and that YOCKEY was very demanding in his requests, such as swimming daily in the ocean.

Re: MENTAL CONDITION OF YOCKEY

Atlanta teletype to San Francisco dated 6/15/60 reflects that YOCKEY was admitted to the Allen Hospital, Milledgeville, Ga., a private sanatorium, from the U.S. Army Hospital, Ft. Gordon, on 1/15/43 with a diagnosis of dementia praecox. He was released on 1/24/43 with a diagnosis of "paranoid state -- psychopathic personality."

b7D Re: [REDACTED]

[REDACTED] visited YOCKEY at the San Francisco County Jail on 6/10/60. [REDACTED] has not been contacted regarding the nature of his interview with YOCKEY.

b7C
b7D Prior to his interview with YOCKEY, [REDACTED] telephonically contacted the San Francisco Office on 6/10/60 and asked about the seriousness of the charges against YOCKEY, the length of YOCKEY's stay in the County Jail and how he could effect an interview with YOCKEY. He said that he held a press card, that he wished to interview YOCKEY as a newspaperman representing [REDACTED] [REDACTED] was referred to the Security Division of the State Department.

Referenced San Francisco airtel enclosed for Bureau on Photostat each of 146 items of personal identification, political material, and obscene matter found in Yockey's suitcase, brief case, and personal effects at the time of his arrest in Oakland, California, on 6/6/60. ASAC Peet, San Francisco, advised me that last night a woman called the night duty supervisor and said her name was [redacted] San Francisco Agent [redacted] verified that there is such an individual in the San Francisco directory. [redacted] stated that she was not sure of the spelling of the name of [redacted]. She was curious about this individual and she, therefore, furnished the information outlined in the teletype. San Francisco has no record of her on file. We have no information as to her reliability, therefore.

I told Peet that under the circumstances I did not see why we were treating this as confidential, that her identity would be of considerable assistance to the agencies that have to look into this matter. I asked him whether the Agent on duty had committed himself to treating the information confidentially, and he said that no such promise was given. Under the circumstances I suggested that if they had no objection and as it would be of considerable assistance to the agencies responsible for the investigation they ought to disclose the informant's identity so that they could interview her at the outset. Previous experience has indicated that in many of these instances where the individual has given fragmentary information and has indicated a curiosity that they do not possess any substantial information and either get their information through Ouija boards or other sources which obviously are not reliable.

As noted in the details of instant report, [REDACTED]

[REDACTED] furnished information to Special Agents in 1955 regarding YOCKEY, as reflected in the October 3, 1955, Chicago report of SA LLOYD O. BOGSTAD.

RE: JACK PETER FOREST

By Airtel dated June 7, 1960, captioned "UNSUB, aka. Richard Hatch; ITSP," Seattle furnished the following information regarding JACK PETER FOREST, apparently an alias of YOCKEY:

On June 6, 1960, no record could be located for a library card of JACK PETER FOREST at Bellingham, Washington, Public Library. Card #59635 was issued to a JOHN FOREST in September 1958. FOREST gave an address of 2522 Cedarwood, Bellingham, and gave as a reference one E. J. BUCHANAN, same address. FOREST listed his occupation as writer. Attached to the application card was a "fine" for thirty cents postage due on an inter-library loan (a book) from Boise, Idaho, Public Library in approximately December 1958. This book was never picked up by FOREST.

On June 7, 1960, city directories and credit records reflected JOHN FOREST moved into 2522 Cedarwood in September 1958,

coming from 6360 Bryn Mawr, Hollywood, California. His occupation was shown as self-employed writer of radio script. Post Office records reflect FOREST moved to Reno, Nevada, in November 1958, c/o General Delivery, and BUCHANAN moved to Box 2035, Juneau, Alaska, in September 1958.

By Airtel dated June 16, 1960, in the HATCH caption, Salt Lake City advised as follows regarding FOREST:

TED SPRINGER, Superintendent of Mails, and LEE DARRAH, Clerk, General Delivery Window, U. S. Post Office, Reno, Nevada, were contacted on June 13, 1960, by SA PAUL A. BARESEL. They checked change-of-address records for 1958, 1959, and 1960. They could not locate any change of address for JACK PETER FOREST. They did locate one for JOHN and JOAN FOREST, which was dated September 22, 1958. This changed their address from General Delivery, Reno, Nevada, to 2522 Cedarwood, Bellingham, Washington.

It is noted that Seattle reported that their address was changed to General Delivery, Reno, in November 1958. In this regard, SPRINGER stated that the Reno Post Office has no change of address for JOHN and JOAN FOREST subsequent to September 22, 1958.

LEE DARRAH stated he is positive that JOHN and JOAN FOREST have not received any mail through the Reno General Delivery Office during the past year or so.

Reno City and Telephone Directories contain no information identifiable with JACK PETER FOREST, JOHN FOREST, JOAN FOREST, or with these persons using the spelling FORREST.

[redacted] Drivers License Section, Department of Motor Vehicles, State of Nevada, Carson City, Nevada, on June 13, 1960, advised SA BARESEL that no driver's license has been issued to JACK, JOHN, or JOAN FOREST during the past several years. He noted that on January 15, 1960, a license was issued to [redacted]

b7C,
b7D
[REDACTED] recalled FOREST originally came from California, and stated his occupation was that of a writer and he wrote articles for newspapers. She could furnish no additional information regarding JOHN FOREST; she stated that her husband is no better acquainted with him, and she did not know to where the FORESTs moved in November 1958.

b7C,

FRANCIS PARKER YOCKEY, who at the time claimed his name was RICHARD HATCH, was interviewed at Apartment 23, 465 Bellevue Avenue, Oakland, California, the residence of ALEX SCHARF, an acquaintance of YOCKEY.

YOCKEY refused to reveal his true name or identity. He did claim to be a writer and photographer; to be a native-born American, and to have served in the United States Army during World War II. In response to direct questions he stated he was not connected with any agency of the United States Government or with any foreign government. He related that the documents in his possession, reflecting the names of several individuals, had not been used by him in any criminal activities, but were used for personal reasons, which he refused to explain. YOCKEY said that he was not engaged in espionage activities on behalf of any government.

YOCKEY was asked if he had ever been confined in a mental institution and if he had ever had psychiatric care. After thinking about the question for a few moments, he said he did not wish to comment on the question.

RE: CONTENTS OF YOCKEY'S BRIEFCASE

At the time of YOCKEY's arrest at the apartment of ALEXANDER B. SCHARF in Oakland, California, on 6/6/60, SCHARF made available to SAs a leather, zipper briefcase belonging to YOCKEY, which was located in SCHARF's bedroom. Three photostat copies of the data contained in the briefcase have been made; one was forwarded to the Bureau as an enclosure to San Francisco Airtel dated 6/20/60, one was furnished to the United States State Department on 6/21/60, and one is being maintained in the file.

Set forth hereafter is an itemized list of the material contained in the briefcase:

1. A 160-page booklet in the German language, captioned "Hand Oracle (Manual) and the Art of World Prudence." The book was printed in Germany in 1953 by Reclam, Stuttgart. The text of the book contains SHOPENHAUER's translation of the 17th Century Spanish philosopher, Balthasar Grecian, who lived from January 8, 1601 to December 6, 1658, and the book consists of 300 "sayings" (aforementioned translated by SA DAVID C. SPENCER).

2. A carbon paper folder containing unused carbon paper and sheets of unused white typing paper. The carbon paper and folder was "Panama - Beaver," a product of Manifold Supplies Company, Brooklyn, New York. The typing paper bore the watermark "Select Print, 'the quality line.'"

3. Two sheets of used stationery of "Laurel Records, 6406 Sunset Blvd., Hollywood 28, California."

5. Two sheets of unused white stationery (with a pink border at the top edge) of "the Oakes Company," P.O. Box 137, El Monte, California.

6. An original and one carbon copy of a two-page typewritten philosophical essay regarding the "Principle of Polarity," which is described in the text of the essay as a system which "will solveany problem this side of the Absolute." The identity of the author was not shown.

7. A 13-page typewritten document, bound with staples, captioned "Benito Mussolini, the Doctrine of Fascism," which document is apparently old and weathered and the identity of the author is not shown. A portion of the last page of the document had been cut away and the remaining typed portion of the page stated: "copied out (cut out section was at this point) in the Fascist year XXVIII."

8. Pages 10, 11 and 12 of a rough draft typed manuscript, bound with staples, of a political-philosophical nature. The author was unidentified. This material was typed on the back of sheets of stationery of the aforementioned Oakes Company.

9. A 62-page paper-bound booklet captioned "Ardous Figure Training at Bondhaven," published by the Nutrix Company, 33 Montgomery Street, Jersey City, New Jersey. This booklet appeared to be practically new, the author was unidentified, and the cover bore a stamped figure "\$8.," indicating the possible cost of the booklet. The date of the publication was not listed. The text of the booklet contained numerous sketches of partially clad females and the booklet was of a masochist or sadistic nature.

10. A three-page typewritten obscene document written on one sheet of paper captioned "John's Wife." The author was unidentified.

11. A 18-page typewritten obscene document written on white paper, bound with staples, captioned "Strange Iris." Author unidentified. One photograph of a nude female, apparently cut from a magazine, was attached to one page of the document.

CONTACTS OF YOCKEY DURING INCARCERATION

b1 [REDACTED] YOCKEY had either been in contact with, or had attempted to contact by telephone, the following persons during his incarceration at the Oakland City Jail, Oakland, California, from June 6, 1960, until June 8, 1960:

b1 [REDACTED] YOCKEY placed telephone calls at six p.m., June 6, 1960; 9:30 p.m., June 6, 1960, and ten p.m., June 6, 1960, to Victory 2-5106, Gilroy, California. This source advised that the aforementioned telephone was listed in the name of ALICE SPURLOCK, and that YOCKEY indicated that his sister, LOUISE HATCH, was staying with SPURLOCK. He was unsuccessful in his efforts to contact anyone at this telephone.

On June 6, 1960, at 7:20 p.m., YOCKEY expressed a desire to place a telephone call to PERRY PATTERSON, an attorney in Washington, D.C., who YOCKEY indicated had been a former classmate. He changed his mind regarding this call and did not place a call to PATTERSON.

On June 7, 1960, at 8:30 a.m., YOCKEY placed a call to Mrs. WILLIAM D. COYNE, wife of Commander WILLIAM D. COYNE, at Washington, D.C., telephone OL 2-7391. The telephone call was of seven minutes' duration.

Lieutenant Commander WILLIAM D. COYNE, husband of VINETTE COYNE, advised SA JOHN A. KELLEHER on February 4, 1955, that VINETTE COYNE and ALICE SPURLOCK are sisters of YOCKEY.

On June 13, 1960, [REDACTED] was interviewed by SAS FRED R. ELLEDGE and J. WAYNE PARRISH at [REDACTED] in response to a telephone call from [REDACTED] on June 9, 1960, advising that she wanted to give such information as would be helpful concerning FRANCIS PARKER YOCKEY.

[REDACTED] stated that she knew YOCKEY as RICHARD ALLEN and identified photographs of YOCKEY taken in October, 1951, as well as one taken at Oakland, California, on June 6, 1960. She stated she met YOCKEY under the name of RICHARD ALLEN in Carmel, California, in May, 1954, being introduced to him by a person whose name she does not recall, as a concert pianist who was then having a nervous breakdown. She stated at that time YOCKEY was considerably underweight and very nervous. She exhibited a marriage certificate indicating that they were married June 24, 1954, at the First Church of God, Watsonville, California, under the names of RICHARD F. ALLEN and [REDACTED] by Reverend [REDACTED]. She stated that they had obtained the license approximately one week before at the county court in Santa Cruz, California. They then lived in her home, the address of which she said was "top of the world", Carmel, California.

b7D

During the time YOCKEY resided with her to her recollection he received no mail whatsoever, however, she stated that he may have maintained a Post Office box of which she was not aware. During his stay with her, YOCKEY spent most of his time playing the piano and in part teaching piano to her and her daughter. During the time he was with her, YOCKEY never mentioned or discussed passports or the obtaining of passports.

She stated that YOCKEY could be a very pleasant and entertaining person but that she felt him to be very irrational and definitely feels him to be mentally unbalanced. She stated that as his health improved and as he gained weight he became continually more restless and that he was very demanding in her obeying his requests, such as taking a swim

in the ocean every day no matter what the weather was. She stated that she was physically afraid of YOCKEY at this time and never argued against these suggestions. She also stated that during the time YOCKEY stayed with her there were certain areas concerning himself of which there was no discussion. She was unable to amplify this statement.

b7C
b7D
YOCKEY would discuss some of his childhood with [redacted] with particular emphasis on the fact that up until the time his father lost all of his money in the stock market he had apparently enjoyed a very comfortable existence, and that he had entertained ideas of becoming a concert pianist. This latter idea was destroyed when at approximately the same time of his father's financial failure he had an accident which disabled one hand.

b7C
b7D
[redacted] stated that prior to YOCKEY's departure he did on one occasion strike her, blackening her eye.

Just prior to his departure on October 1, 1954, YOCKEY discussed with her the desirability of her liquidating her assets and possibly accompanying him on a trip to Mexico. She stated that no definite plans concerning this trip were made, but that she did partially liquidate her assets and as of October 1, 1954, she had in her residence approximately \$1,500 to \$2,000 which was taken by YOCKEY on his departure. She stated that YOCKEY left on this date with no notice to her, that she was extremely upset but was unable to get any word of his departure other than a card which she received shortly after his departure which gave her no specific information other than the fact that he was leaving and was sorry.

She stated that she was not aware of the true identity of YOCKEY until soon after he left when two persons she later found to be his sisters, Mrs. VINETTE COYNE and ALICE SPURLOCK came to see her and told her of the Subject's true identity.

[redacted] was asked specifically if she had ever witnessed or signed an application for a passport executed by YOCKEY. She specifically stated that she had never done so, however, she had heard that at one time YOCKEY in making an application for a passport had furnished her name and the name of ALICE SPURLOCK as references. She stated that the only document she had signed for YOCKEY was an application for a library card.

b7C
b7D
She stated that during the period October, 1954 to June, 1955, she became acquainted with YOCKEY's two sisters, but that there was never any pertinent information concerning the activities of FRANCIS YOCKEY. At this time, [redacted] stated that in spite of YOCKEY's shortcomings that she enjoyed him as an intellectual, although she could not subscribe to his violent hatred of Jews and Negroes, and his terming himself a "facist". She described YOCKEY as a meglomaniac. She stated that during the stay with him she knew of no groups or organizations which YOCKEY belonged to. She also stated that she knew nothing concerning YOCKEY's activities prior to their meeting and marriage and since his departure on October 1, 1954 had heard nothing from YOCKEY or his sisters concerning his activities and the first word concerning him reached her by newspapers after his recent arrest in Oakland, California.

b7C
b7D
[redacted] stated that she has never told anyone with the exception of YOCKEY's sisters that she was actually married to him as RICHARD ALLEN.

b7C
b7D
[redacted] stated that in June, 1955, she left the United States and went to Europe where she stayed for approximately a year in England, returning to the United States in June, 1956, when she went to Florida where she engaged in work as a social worker. In August, 1958, she returned to California where she has since been. Since her return to California she resumed her acquaintanceship with ALICE SPURLOCK in Gilroy, California, and has since seen her quite frequently up until the last two months when they had a personal misunderstanding and are no longer friends.

During her recent acquaintanceship with ALICE SPURLOCK they frequently discussed YOCKEY but this largely concerned his childhood and did not concern any political or possible illegal activities.

[REDACTED] a prisoner at the Santa Rita Prison Farm, Santa Rita, California, advised SA KEITH G. TEETER on June 13, 1960, that he had formerly been confined at the Oakland City Jail, Oakland, California, and was a fellow prisoner of YOCKEY. [REDACTED] advised that during YOCKEY's confinement, YOCKEY had prepared a will in two copies and had given the two copies to [REDACTED] for safekeeping. [REDACTED] stated that he had forgotten the copies of the will and had left them under a mattress in Cell #1 of the Oakland City Jail.

[REDACTED] Patrolman, Oakland City Jail, advised SA WAYNE K. WELCH on June 13, 1960, that a search of the cell failed to reflect the existence of any copies of a will or similar documents. [REDACTED] advised that subsequent to [REDACTED] transfer from the Oakland City Jail to the Santa Rita Prison Farm, all miscellaneous items in the cell had been removed and burned, and the copies of the will presumably had been destroyed.

advised that he is a prisoner at Santa Rita Rehabilitation Center awaiting trial for rape. He advised as follows:

On June 6, 1960, occupied Cell Number 1 at Oakland City Jail, Oakland, California. On the evening of that date he was placed in Cell Number 2 with the Subject. In conversations with the Subject stated that his real name was FRANCIS P. YOCKEY, although he had used the name of RICHARD HATCH on occasion during the past four years. He said that he had once been employed as an attorney and was presently employed as a photographer. He told that he had a brother-in-law, WILLIAM D. COYNE, Lieutenant Commander, United States Navy, residing in Bethesda, Maryland, and a sister living in a California town, the name of which would not recall. Subject said that when he was picked up by the FBI he was living at the home of a friend, ALEX SCHARF. He said that SCHARF was not connected with any of his activities but was merely an acquaintance.

Subject told that he had been fleeing from country to country for the past ten years to escape from the FBI which wanted him for his association with Communists. He said that he had acquired a number of documents which he used for false identification in order to conceal his true identity.

The Subject advised that he had been interested in forming a political party in the government which would represent all the people and which would eliminate from politics the influence of individuals like BOSS TWEEK. He said that in furthering this objective he had innocently associated with Communists and it was for this reason the FBI was after him.

The Subject said that in connection with the above activity he had spent some time in Canada investigating an

important person whom he did not identify. He did not name his accomplices or describe the purpose of this activity. He did say that this person's room had been wired so that the identity of his associates might be determined. The Subject also said he had spent some time in Argentina, but he did not explain the purpose of his presence there.

On the evening of June 6, 1960, while [redacted] and the Subject occupied Cell Number 2 at the Oakland City Jail the Subject made two longhand copies of a one-page will. He told that he had \$2,276.00 and would use part of this money to go bail if [redacted] would see to it that one copy of the will was sent to his brother-in-law and that the other copy was placed in the hands of an attorney when [redacted] was released. The Subject did not specify that any particular attorney was to get the will and indicated that any attorney would do.

The Subject told [redacted] that he had prepared the will because he intended to commit suicide. He said he planned to do this by removing the teeth from a comb and sharpening the remaining part of the comb to form a weapon. The Subject at first said he would commit suicide as soon as his brother-in-law was contacted but later said he would wait until he was sure the copies of the will were on their way.

[redacted] said he agreed to this arrangement but was unable to comply with the Subject's request because the Subject found that he could not obtain any of his money at the jail while he was still under investigation.

[redacted] advised that he witnessed the copies of the will prepared by the Subject and that the other witness was [redacted] who occupied Cell Number 3 at the jail and who was there for investigation of burglary. [redacted] said that [redacted] made bail on June 8, 1960.

said that after the will was prepared on June 6, 1960, he kept both copies. He said that on the evening of June 7, 1960, he was taken from the Subject's cell and placed in Cell Number 1 where he placed the copies of the will under a mattress. He said that when he was transferred to Santa Rita on June 10, 1960, he forgot the will and left both copies under the mattress.

said Subject told him the \$2,276.00 in his possession when he was arrested was for a loan to an individual he did not identify. He told that he was able to come by sums of money of this size through "contacts" whom he did not identify.

advised that the Subject did not describe his activities in greater detail than set out above. He did say that if ever wanted to change his identity he should start by securing a new Social Security Card in an assumed name and then get a driver's license.

recalled that in his will the Subject left a "Bosni" pin bearing a miniature painting, a typewriter, a suitcase and valuables in possession of the Oakland Police Department to his brother-in-law. He left \$2,276.00 and a gold ring to his sister. said he understood that the above pin was an ordinary straight pin on the head of which an oil painting had been executed by a Japanese artist named BOSNI.

[redacted] advised he is employed.

[redacted] stated he is presently free on bail, awaiting trial for burglary. He was arrested on June 6, 1960, and from that date until June 10, 1960, he was lodged in cell #3, Oakland City Jail. [redacted] advised as follows concerning YOCKEY:

b7C
b7D

So far as [redacted] could recall, he first met YOCKEY at the Oakland Jail during an exercise period on the afternoon of June 7, 1960. On this occasion YOCKEY asked him to witness two separate copies of a will he had made. [redacted] read the will and witnessed it. He recalled that in this will YOCKEY left a pin bearing a miniature painting and his suitcase and its contents to his brother-in-law and left his money to a sister. YOCKEY did not at this time state why he had prepared the will. After [redacted] signed the will, YOCKEY placed it in his pocket and [redacted] did not know what happened to it afterwards.

b7C
b7D

On the same or the next day, about 8:00 or 9:00 P.M., YOCKEY awoke [redacted] who was asleep in his cell, to question him about his knowledge of anatomy he had gained as an art student. YOCKEY had removed the teeth from a comb, had sharpened the remaining plastic and wanted to know where he could inflict a wound which would cause his death. [redacted] pointed out some spots on YOCKEY's body where he was sure a wound would not be serious. In later conversations YOCKEY spoke of using his tie to hang himself and of poisoning himself by eating a tube of toothpaste. He also said he had complained of being ill in the hope that he would be taken to a hospital where he could get a surgical instrument with which to kill himself. YOCKEY did not indicate just when or under what circumstances he would commit this act.

b7C
b7D

YOCKEY advised [redacted] he had not done anything for which he should be in jail and said his only crime was to have ideas which are not generally accepted. He expressed a great fear that he would be imprisoned for a minor violation of law, such as using a false passport, or would be placed in a mental

institution. He believed the FBI and other authorities were out to get him because of his past associations, which he felt were not illegal, and that he would be held and imprisoned on any minor charge which would accomplish this purpose. He expressed the opinion that the only fair thing to do under the circumstances was to take his own life. It was im-
pression that YOCKEY felt that imprisonment for a minor offense or commitment to a mental institution would be disgraceful and undignified in view of YOCKEY's opinion of his own importance. YOCKEY, in fact, mentioned that such insignificant treatment would detract from his stature in the eyes of associates whom he did not identify.

In conversation with YOCKEY expressed great admiration for the economic growth and expansion of Germany under HITLER and described HITLER as one of history's great heroes. He expressed regret over the recent capture of RICHMANN by Jewish authorities. He said this action was contrary to international law and was possible only because of the money and power behind the Jews. YOCKEY expressed much animosity toward the Jewish people. He believed the United States had humiliated itself by its participation in the Nuremberg war crimes trials. He believed that the crime involved was war itself and was not based on what the defendants had done. He expressed the view that this country is run by the "great American Jewish political machine" and said that if 85% of all business and money in the United States is controlled by Jews, he could only assume that the Government is also controlled by them. Although he expressed antagonism toward the Jews, YOCKEY did not propose any concrete action against them. He was definite in stating that he was not in favor of killing the Jews as had been done in Germany.

In explaining why Government authorities were after him, YOCKEY said that about ten years ago he became associated with an unidentified man in Canada who had ideas similar to his and who was working for the same things. He said he did not particularly like this person, but their common interests formed the basis for their association. He said that this man was later arrested but he did not furnish any of the details. He said that the FBI had been after him ever since because of this association. He said he had not done anything wrong, but that the authorities were "out to get him" and would use any charge they could make stick.

NY-57-13771
KOT:jab

YOCKEY stated that for the past ten years he had traveled extensively in Europe in an effort to avoid arrest and during this time, he had been interested in forming a new political party, based on principles contrary to those of our government. He did not explain the nature, organization or specific objectives of this movement.

YOCKEY revealed that in his travels he had concealed his true identity by using false documents but he did not describe such documents or reveal their source.

YOCKEY expressed admiration for the late Senator McCARTHY and expressed the wish that McCARTHY was still conducting investigations.

As an illustration of his importance to American authorities, YOCKEY said that four or five years ago DREW PEARSON had described him in a column as the greatest threat to the internal security of the United States.

YOCKEY advised we believed his arrest would not get any publicity because a lot of publicity would make him a martyr and the authorities would want to prevent this and play down his importance.

YOCKEY stated that he was at the home of ALEX SCHARF in Oakland when he was arrested. He said he did not like SCHARF as a person, but that they had business together and he was in SCHARF's home for purely business reasons. He did not explain the nature of this business.

advised that YOCKEY did not indicate that he had ever been interested in or connected with any Communist movement. YOCKEY did state that he felt that Communism is not the final answer where government organization is concerned.

RE: MENTAL CONDITION OF YOCKEY

b7C
b7D [redacted] Allen Hospital, Inc., a private sanitarium, Milledgeville, Georgia, advised SA DECLAN J. HUGHES that the Subject was admitted on January 15, 1943, from the United States Army Hospital, Fort Gordon, with a diagnosis of "dementia praecox," which diagnosis was given by Captain SCHNAP, United States Army Medical Corps.

A summary of the United States Army medical record indicates YOCKEY stated that, "he should have been an officer instead of being made to scrub floors." United States Army Medical Corps records indicate Subject experienced delusions of persecution, feelings of superiority, threatened to commit suicide, and had auditory hallucinations while in the United States Army.

b7C
b7D Subject remained in Allen Hospital until January 25, 1943, at which time he was released with a diagnosis of "paranoid state - psychopathic personality." [redacted] said that this means Subject did not have as severe a mental disease as dementia praecox, in which a patient generally becomes worse. He stated that there is a temporary mental illness which arises because a person with an inadequate personality is placed in a difficult situation. In Subject's case, [redacted] suggested he was probably unable to cope with the fact he was not an officer and had to take orders from people he considered to be of inferior intelligence. The above data was furnished by [redacted] on June 15, 1960.

RE: ESCAPE PLOT INVOLVING YOCKEY

On June 13, 1960, the mother of JACK FAMBROUGH, a prisoner at the San Francisco County Jail, telephonically advised that her son wished to confidentially furnish information to the FBI.

JACK HAROLD FAMBROUGH was interviewed at the San Francisco County Jail Number 1 on June 13, 1960, by SAs WILLARD M. RUCH and WAYNE K. WELCH. FAMBROUGH, a Negro, age 21, residence - 616 39th Street, Apartment #83, Oakland, California, was arrested on June 6, 1960, in connection with the armed robbery of the Post Exchange of the Oakland Army Base. He was scheduled to be sentenced on June 14, 1960, in U. S. District Court, San Francisco.

FAMBROUGH was recontacted at the jail during the evening of June 13, 1960, by SAs J. WAYNE PARRISH and WAYNE K. WELCH. He then furnished the following signed statement, setting forth the circumstances surrounding the planned escape:

"I, Jack H. Fambrough, voluntarily make the following statement to J. Wayne Parrish and Wayne K. Welch who have identified themselves to me as Special Agents of the Federal Bureau of Investigation. No threats or promises were made to induce me to make this statement. I have been advised that I need not make any statement and that any statement I do make can be used against me in a court of law. I have been advised that I am entitled to an attorney.

"I am confined in a cell on the second tier of the San Francisco County Jail and Francis Yockey is confined on the first tier with a cell-mate named Peter 'Arthur' Galladei. I am not sure of the exact spelling of his name. I have been acquainted with Galladei since his incarceration, and that Galladei introduced Yockey to me. We thereafter became friendly and I learned that Yockey was desperate to get out of jail.

"Galladei advised Yockey regarding the possibility of breaking out of jail and mentioned the matter to me. We then entered into a scheme to escape from custody. Yockey advised that he had \$2,300.00 which he gave his attorney, and that he would post \$1,000.00 bail for Galladei on either June 13, 1960 or June 14, 1960. It was arranged that Galladei would then go to San Bruno, California, where he had access to two .38 caliber snub-nose revolvers, a shotgun, and an automobile.

"Galladei described the automobile as a 1957 pink and black Lincoln Premier, bearing Nevada license plates, numbers unknown. I believe that the car was not registered in Galladei's name, but was merely a car Galladei could obtain.

SF 105-1769

"On Tuesday morning, June 14, 1960, I am scheduled to be taken from the County Jail to the U. S. District Court by the U. S. Marshal for sentencing. Yockey, according to the escape plan, will arrange during the U.S. Commissioner's hearing on June 13, 1960, to have the hearing continued until June 14, 1960, in order that Yockey and I will be taken from the County Jail together by the U.S. Marshal on June 14, 1960. Galladei at the time of our departure from the jail, and while we are walking to the van of the U.S. Marshal, will be waiting in the alley at the jail and will disarm the two U.S. Marshals, taking their guns and keys. He will then unlock me and Yockey, and we will flee in the Lincoln. I have told Yockey and Galladei that we will abandon the Lincoln in a garage and that I will arrange to steal or otherwise obtain another automobile with which we will drive to a hideout known to me. We will then hide for 30-60 days. I actually know of no such hideout and have merely led them along.

"At the hideout Yockey will then assume command of the situation and will either include me and Galladei in on his passport racket, if we so desire; or if we wish, Yockey will furnish us with money and the necessary travel documents with which we may leave the U.S. at either San Antonio or Florida and flee to Cuba. Yockey said he had left Cuba three or four months ago and was well connected with the Castro regime.

"Yockey has mentioned connections in Florida and Argentina, but indicated he did not wish to divulge these connections until we were out of jail. I believe Yockey has a personal 'bug' regarding Nazism. I do not know whether he is alone in the passport operation or is involved with others.

"Yockey has not indicated any pro-communist sympathies, but indicated he is 'anti-everything,' anti-U.S., anti-Negro, anti-Jewish. Yockey has an impression that I am a Cuban.

42 ~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

SF 105-1769
WKW:mhb

"Galladei did not know Yockey before Yockey's incarceration and is not particularly sympathetic with Yockey, other than as a method of escaping from jail. After hearing Galladei's ideas about escaping from jail, and hearing Yockey's desire to get out of jail, I actually planned the escape myself and Yockey and Galladei agreed with my plan. I planned the escape on Saturday, June 11, 1960, and made it known to the other two men at that time. I conceived the plan, in order that I could report the matter to the government and thereby cause trouble for Yockey, inasmuch as I did not like Yockey and did not agree with Yockey's anti-U.S. philosophy. I felt that the government was obviously interested in determining the nature and extent of Yockey's activities and I felt the only way, in which the government could determine these activities, would be if Yockey was free and able to continue his activities and contacts under government surveillance.

"Galladei in recent weeks has conceived several ideas about escape attempts, but none have been good. I do not really believe that Galladei was serious about these escape ideas. Since Yockey has been a cellmate of Galladei, Yockey has 'poisoned' Galladei's mind, due to Galladei's gullibility. Yockey has been preaching Fascist propaganda to Galladei and Galladei seems somewhat receptive.

"Yockey has never stated the reason for his presence on the West Coast. He mentioned that he had two daughters, and he observed that one of them is politically active along the lines of Yockey's activities. The only other relative Yockey has mentioned is his sister, who visited him Saturday, June 11, 1960.

"In furtherance of the escape attempt, Yockey advised his attorney during the night of June 12, 1960, to bail Galladei out of jail today, June 13, 1960. The time that he was due

to be bailed out is not known to me. Galladei is scheduled to be sentenced on June 17, 1960, next Thursday, in U.S. District Court, San Francisco.

"Yockey has indicated that he would not be capable of violent physical action in connection with the escape, and that the violence would be left to Galladei and me. In this connection, I 'snowed' Yockey by indicating I had a long criminal record, which is false. Yockey indicated that if anything went wrong with our plan prior to the escape attempt, he would attempt to gain access to the third tier of the jail and commit suicide by jumping. I feel that Yockey's strong desire to escape or commit suicide may be based upon his wish not to involve other members of the passport operation. Yockey said that if he had a pistol, subsequent to his escape, he would commit suicide before being reapprehended. Yockey has expressed a strong dislike for government agents. I told Galladei to give one gun to me during the escape and that Galladei should keep the second gun. Yockey said that he wanted to have a gun along after our escape in order that he could commit suicide, if necessary.

"Under the escape arrangement I am scheduled to be in charge of the operation until we reach the hideout, at which time Yockey will assume command and thereafter provide the money for our travel East.

"Yockey has never indicated that he sold passports and did not infer that he was in the sale of passports.

"\$1,000.00 was to be given by Yockey for Galladei's bond and \$200.00 was to be given Galladei for expenses.

"Yockey does not have a criminal mind and small details escape him. He is a brilliant person, but has no practical intelligence and I do not believe Yockey would get four feet out of the city in an escape attempt by himself.

"I have read the above statement consisting of (4) four page_ in addition to this (5) fifth page, and I have signed each page. The statement is true to the best of my knowledge.

"/s/ Jack H. Fambrough 6/13/60

"Witnesses:

/s/ J. Wayne Parrish, Special Agent, FBI.
/s/ Wayne K. Welch, Special Agent, FBI."

In addition to the data contained in the signed statement, FAMBROUGH furnished the following information to SAs WILLARD M. RUCH and WAYNE K. WELCH on June 13, 1960:

FAMBROUGH said that he concluded from YOCKEY's conversation that YOCKEY's anti-Semitic philosophies are only a front.

YOCKEY indicated that he had been in San Antonio, Texas, immediately before his arrival in San Francisco.

In connection with the passport activity of YOCKEY, FAMBROUGH observed that YOCKEY frequently referred to "our" operation or, as an example, "we" will do something, which indicated to FAMBROUGH that YOCKEY's use of the plural tense indicated to FAMBROUGH that YOCKEY was possibly associated with other persons in the passport matter. FAMBROUGH said he had expressed a desire to become associated with YOCKEY, rather than to flee alone.

He said that YOCKEY had talked of connections with the Castro Government, and had named names which had been seen by FAMBROUGH in newspapers as being members of the

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

Castro Government. FAMBROUGH could not recall these names.

FAMBROUGH said that YOCKEY appeared to be the type of person who would attempt to minimize his ability and importance. As an example, if he felt that he could obtain \$50,000.00, he would state that he could probably obtain \$5,000.00.

PHILLIP GALATI, according to FAMBROUGH, is a 21-year-old man of Italian descent, who apparently wants to be another AL CAPONE. He is a Federal prisoner on a forgery charge.

YOCKEY, according to FAMBROUGH, is more interested in avoiding psychiatric treatment than he is in avoiding a criminal charge of passport fraud, judging from his conversation. YOCKEY has expressed a fear of being placed under a Jewish psychiatrist. He told FAMBROUGH that he was discharged from the United States Army in 1943 as a result of his efforts in "snowing" an Army psychiatrist into believing he was a psychopath. YOCKEY indicated he maintained contact with this Army psychiatrist, whose name he did not mention, and FAMBROUGH expressed the belief that the psychiatrist may be politically sympathetic to YOCKEY.

YOCKEY indicated that the government's case, as it presently stands, is "nothing" compared to what the case would be in the event additional information was "dug up."

YOCKEY indicated that the list of names in the government's possession, which had belonged to YOCKEY, identifies YOCKEY's West Coast contacts, and that YOCKEY, therefore, cannot go to them for assistance but must obtain help from contacts in the East.

FAMBROUGH indicated that he had no funds, in his conversation with YOCKEY, and that PHILLIP GALATI was also penniless. YOCKEY had not indicated that he possessed any money, other than the \$2,300.00. YOCKEY inferred that he had contacts among Spanish persons in the San Francisco area, but he did not wish to contact them at this time.

FAMBROUGH stated that he did not know whether YOCKEY was married, and that YOCKEY did not mention a wife or a local

~~CONFIDENTIAL~~

girl friend. YOCKEY did state that two women, whom he did not identify, are completely in love with YOCKEY, but that they could not visit YOCKEY. YOCKEY said he did not trust GALATI, and indicated they would drop GALATI after their escape. FAMBROUGH said he did not trust YOCKEY, and he was sensible enough to believe YOCKEY did not trust him.

FAMBROUGH observed that YOCKEY believed that his cell was "bugged," and that YOCKEY whispered throughout the night.

During YOCKEY's first day in jail, he spoke to practically everyone in the yard, but since that time had primarily talked with only GALATI and FAMBROUGH. FAMBROUGH observed that the men are allowed in the exercise yard from 9:00 a.m. to 11:00 a.m., and from 1:00 p.m. to 3:30 p.m. daily. FAMBROUGH said he first met YOCKEY in the jail.

GALATI, according to FAMBROUGH, lived in San Bruno, California, when incarcerated, and FAMBROUGH expressed the belief that GALATI would return to his apartment when released on bail. The apartment has apparently been maintained by an unidentified girl friend.

GALATI had mentioned a girl named "CAROL" as his girl friend, but he did not know whether this girl was the one at GALATI's apartment. He expressed the belief that GALATI came to the West with CAROL, and that GALATI indicated that CAROL "threw him over" when he was recently arrested.

YOCKEY had tried to make FAMBROUGH believe that YOCKEY's source of money originated from the passport operation, but FAMBROUGH said he did not actually believe that this was true. He said he vaguely recalled a reference by YOCKEY to the Suez, but he could recall nothing specific at the time regarding the matter.

YOCKEY had made no specific reference to names or addresses and, although FAMBROUGH had tried to "pin him down," YOCKEY would not divulge any details. FAMBROUGH indicated to YOCKEY that he needed assurance that YOCKEY would carry out his part of their agreement.

On June 13, 1960, PHILLIP GALATI telephonically contacted the San Francisco Office and requested that he be contacted for interview by SA JOHN F. HAMAKER, JR.

On June 13, 1960, GALATI was interviewed at the San Francisco County Jail Number 1 by SAs J. WAYNE PARRISH and JOHN F. HAMAKER, JR.

GALATI volunteered at the beginning of the interview that his intention was to furnish information concerning an alleged escape attempt in which he was supposed to participate with his cellmate, FRANCIS YOCKEY.

GALATI was immediately advised that he did not have to make any statement; that any statement he did make could be used against him in a court of law, and that he had a right to consult an attorney.

GALATI advised, in answer, that he was having no part of such a conspiracy; that he merely strung along with YOCKEY because of a desire to furnish information regarding YOCKEY, which might be of interest to the Federal Bureau of Investigation, and because of his personal dislike for YOCKEY, inasmuch as YOCKEY was obviously anti-American, anti-Semitic, and constantly attempted to propagandize GALATI with Fascist ideas.

GALATI furnished the following details of the alleged escape attempt:

YOCKEY had allegedly given his attorney, IOBI (ph) money which IOBI was supposed to utilize for GALATI's bail. If GALATI was to be released on bail, YOCKEY would then give him the telephone number of one ROBERT MC GUIRE (ph), St. Louis, Missouri, and a message to furnish MC GUIRE. GALATI, after release on bail, which was supposed to have been June 13, 1960, was to get two pistols and appear in the alleyway behind the County Jail on June 14, 1960, when YOCKEY was being transported to a U.S. Commissioner's hearing. GALATI was to disarm the Marshals, have them unlock YOCKEY's handcuffs, and give one pistol to YOCKEY. GALATI noted that he was supposed to have in his possession a shotgun, which he had in San Bruno, California, at the time of his arrest by local police.

~~CONFIDENTIAL~~

SF 105-1769
WKW:mhb

~~CONFIDENTIAL~~

If things did not go well he was supposed to "hold court" on the U.S. Marshals right there with the shotgun, and turn it on YOCKEY.

GALATI was to provide the car, supposedly a black and pink 1957 Lincoln, to which he did not, in fact, have access.

If the escape was successful, YOCKEY was to take GALATI along with him to participate in whatever sort of racket YOCKEY had.

GALATI advised that YOCKEY spoke of going to Cuba and claimed to have been there in the recent past, stating that he had attempted to see FIDEL CASTRO but had only gotten as far as one of CASTRO's secretaries.

GALATI advised that YOCKEY was placed in his cell on Saturday, June 11, 1960, and that after YOCKEY was in the jail a short time he made contact with other prisoners in order to find out about GALATI's background, offense, and previous criminal record; and, after apparently being satisfied that GALATI was a "bad enough" criminal, began to confide in him.

With regard to YOCKEY's desire to have the shotgun turned on him, if the escape did not go well, GALATI stated that he did not know whether or not YOCKEY was serious about this desire.

GALATI stated that he believed YOCKEY to be "nuts", but he reserved final judgment because YOCKEY did appear to be smart and clever. GALATI advised that YOCKEY continually talked about Fascism, Mussolini, and Hitler, and noted that one of the humorous incidents, which occurred, was that YOCKEY wanted GALATI to sing the song, "Sink the Bismark," with him; however, he made him omit the last portion of the song because "that's where it gets sunk," and wanted to hear the part which particularly related to the Bismark's sinking the "Hood."

It is noted that throughout the interview GALATI made no reference to any other prisoner being involved in this alleged escape and, when asked if he would furnish the information in a signed statement, he said that he would not do

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

SF 105-1769

WKW:mhb

so, pointing out that he was furnishing the information, regarding YOCKEY, solely because he differentiated between YOCKEY and any prisoner in jail for an ordinary criminal offense. GALATI commented that he furnished the information out of a sense of loyalty to the United States, and again pointed out that he would not "squeal" on another prisoner in jail who was in for an ordinary criminal offense.

No indication was given to GALATI to the effect that the Special Agents were aware of the involvement of JACK H. FAMBROUGH in the alleged escape plot.

GALATI advised that in the event he were bailed out by YOCKEY's attorney, he would immediately contact the San Francisco Headquarters Office of the Federal Bureau of Investigation, and would follow any instructions he was given.

GALATI was asked if he would testify to the information which he furnished, and he stated that he did not care to do this at the time, but commented that he would think about it, feeling he probably would if it were absolutely necessary.

On June 13, 1960, JAMES F. EAGAN, Deputy U. S. Marshal, San Francisco, and Captain FRANK HEUGLE, San Francisco County Jail #1, were advised of the alleged escape plot and suicidal tendencies of YOCKEY by SA WILLARD M. RUCH. Similar information was furnished on the same date by SA RUCH to DANIEL QUINLAN, Captain of Inspectors, San Francisco Police Department, and Lieutenant DONALD SCOTT, General Works Detail, San Francisco Police Department. Assistant United States Attorney WILLIAM P. CLANCY, JR., San Francisco, was advised of the escape plot and suicidal tendencies of YOCKEY by SA WAYNE K. WELCH on June 13, 1960.

DEATH OF YOCKEY

At 8:12 a.m., June 17, 1960, Deputy U.S. Marshal JAMES F. EAGAN advised the San Francisco Office of the FBI that YOCKEY was found dead in his cell at the San Francisco County Jail #1 on the morning of June 17, 1960. A coffee wagon at the jail had been taken to various cells during the morning hours and, at 7:25 a.m., YOCKEY's cellmate, ADAM NIEMAN, attempted to arouse YOCKEY but was unsuccessful.

The jailer, who conducted a preliminary examination, concluded that YOCKEY was dead. The following handwritten note, prepared in pencil on a 4 x 5 inch scrap of jail notebook paper, was subsequently found in a folded blanket under YOCKEY's head:

"I shall write no messages which I know will never be delivered - only this, which will be:

"You will never discover who helped me, for he is to be found in your own multitudinous ranks, at least outwardly."

A preliminary examination by the San Francisco County Coroner's Office reflected that YOCKEY's lips were in a dehydrated condition, and the possibility of a poisonous substance was indicated by the presence of a white substance of an unknown composition that appeared in the area of the outer mouth and lips.

The Coroner's Office advised at 2:50 p.m., June 17, 1960, that the examining toxicologist found a very minute amount of cyanide in YOCKEY's stomach, which was determined to be the cause of death.

RESULTS OF FBI LABORATORY EXAMINATION

A straight pin contained in a glass vial located in a cloth-lined container was found in YOCKEY's suitcase at the time of his arrest, and the pin was sent to the FBI Laboratory for examination on June 13, 1960.

By letter dated June 17, 1960, the Laboratory advised that a visual examination of the container and its contents revealed no microdots.

The cloth-lined container was examined by non-staining methods for the presence of invisible secret writing, with negative results. No secret writing materials or poisons were found in the container.

The FBI Laboratory was also furnished with several sheets of samples of typing, taken on June 7, 1960, from a typewriter in YOCKEY's possession at the time of his arrest on June 6, 1960. This typewriter was an Olivetti Lettera 22, Serial Number 606268.

[REDACTED] Baronne Hotel at 421 Baronne Street, advised that she recalled Mr. and Mrs. HATCH very well; that she had gotten to know them during their stay at the hotel. She stated her records reflected that Mr. and Mrs. RICHARD HATCH had registered at the hotel as RICHARD HATCH and wife, 765 Sutter, San Francisco, California, on January 22, 1960. She related that during their stay there, Mrs. HATCH, whom she knew as PAT, apparently worked somewhere in the City of New Orleans, but she had never been able to determine where. She said Mrs. HATCH left early in the morning practically every day, and returned to the hotel at various times from about 11:00 a.m., never any later than 5:00 p.m. She commented that she had asked Mr. HATCH where Mrs. HATCH was working, and he had informed her that she was working as a babysitter and nurse for a friend's children while the friend was in the hospital.

b7C,
b7D

[REDACTED] stated that all during the time they stayed at the hotel, Mr. HATCH spent practically every day in the room typing. She had asked him what he was typing, and he had advised her that he was typing his thesis in order to obtain his Master's Degree; however, he had not indicated from what school or what type of Master's Degree. She commented that she was just a little curious and had asked the maid to check the HATCHS' trash to see if he had possibly ruined some pages and threw them away; however, the maid had informed her that there were never any typed pages thrown in the trash.

b7C,
b7D

[REDACTED] informed that this couple appeared very odd, in that at the time of their arrival he had indicated to her that he was a free lance photographer, but she had never seen him with any photographic equipment; further, that she had also questioned the maid, and the maid had indicated that she had never observed any photographic equipment in the room. She further commented that the maid was never allowed in the room unless Mr. HATCH was present.

b7C,
b7D

Continuing [REDACTED] stated that Mr. HATCH spoke some French, and that his wife spoke French very fluently. She said Mrs. HATCH talked with a European, probably French, accent. [REDACTED] stated that Mr.

HATCH advised that his wife was an American citizen, but that she had been raised in Belgium. She said that Mr. HATCH had indicated a desire to learn more about Louisiana or New Orleans folk lore and customs, indicating that possibly his thesis concerned this; however, when [redacted] had invited Mr. and Mrs. HATCH to accompany her to a Mardi Gras Carnival Ball, the offer had been refused and the HATCHS had apparently left New Orleans just prior to Carnival Day. This seemed unusual to [redacted] in that if he, Mr. HATCH, were interested in Louisiana or New Orleans folk lore and customs, it would appear that the Mardi Gras and Carnival Day would have been a highlight in his thesis.

b7C
b7D

[redacted] described the HATCHS as very thrifty, frugal people who spent very little money. She stated that they had an apartment-type room in which they could do their own cooking; however, she had never observed them take in any groceries (except a very small bag of groceries) at any one time, and when they departed they had left absolutely nothing in the room.

b7C
b7D

Continuing [redacted] stated that during the period of their stay in New Orleans, which was approximately one month, she did not recall them receiving any mail whatsoever; however, Mr. HATCH went out practically every day with a large brown envelope, which appeared to be prepared for mailing, and returned without it, indicating to her that he was going to the Post Office.

b7C
b7D

She informed that on two or three occasions, Mr. HATCH had questioned her as to whether she owned any property outside the City of New Orleans, and she had indicated to him that she owned a farm outside New Orleans. On each occasion Mr. HATCH had informed her that she should return to the farm or plantation, as he called it, commenting to her that she would be glad, later on, that she took this step.

[redacted] advised that during their stay there they had made no outgoing calls and, to her knowledge, had not received any calls at the hotel. She related that they had appeared at the hotel on approximately January 18, 1960, inquiring about rooms, but had not taken any; however, they returned on January 22, 1960, obtained a room, and stayed until February 25, 1960. She related that she did not know

what mode of transportation they used when they arrived, but she did observe that they had with them ten pieces of luggage which appeared to be very expensive and practically new; further, she recalled Mr. HATCH counting them at the time they registered at the hotel. She commented that this also seemed strange to her, inasmuch as both of them appeared to have very few clothes; that he generally wore a suit when he went out and, as far as she could recall, only wore two different suits, had one topcoat which he wore; and that Mrs. HATCH was constantly seen in a white leather coat, white shoes, and white beret. She said that they both wore very light-colored, light-weight clothing, which appeared to be summer clothing; this also seemed odd to her, due to the fact the weather was chilly during that period.

b7C
b7D [redacted] advised that they checked out of the hotel on February 25, 1960, sometime during the early afternoon and took a cab to the airport. Just prior to leaving, Mrs. HATCH had asked Mr. HATCH if he had everything, at which time he exhibited an airline-ticket envelope, which indicated to her that they were flying somewhere. She said that at this time she asked them if they wanted to leave a forwarding address, and Mr. HATCH informed that they had taken care of this and did not wish to leave a forwarding address there. She related, however, that shortly thereafter the clerk on the desk had received a long-distance call from Washington, D.C., from a man who said he was Mr. HATCH and was expecting some important mail, possibly to arrive at the hotel, and requested it to be forwarded in care of General Delivery, Washington, D.C.

b7C
b7D

[redacted] described Mrs. HATCH as follows:

Name:	PAT HATCH
Sex:	Female
Age:	Early 30's
Height:	Approximately 5'6"
Weight:	120 pounds
Hair:	Chestnut-brown
Complexion:	Very fair; wore very little or no makeup.

On this same date, [REDACTED] advised that he believed the HATCHs had first registered at the De Soto Hotel, which is directly across the street at 420 Baronne Street.

b7D

On June 8, 1960, [REDACTED] De Soto Hotel, advised that Mr. and Mrs. RICHARD HATCH had arrived at the De Soto Hotel and registered on January 17, 1960, checking out on January 18, 1960, leaving no forwarding address. He stated that during their stay there they had made one telephone call to JACKSON 5-5441. He said that he could furnish no additional information concerning the HATCHs.

b1

[REDACTED] telephone number JACKSON 5-5441 was listed to a Mrs. ROSA BELLE PIERCE, 2332 Seminole Lane, New Orleans, Louisiana.

On June 8, 1960, Mr. J. J. ZARZA, Post Office Inspector, New Orleans, Louisiana, advised that a check of records of the main branch of the Post Office reflected no record of a Post Office Box rented by RICHARD HATCH; however, they had received change of address cards for HATCH for the following addresses:

The first was 1716 St. Charles Street; this was changed on February 9, 1960, to 421 Baronne Street.

On March 29, 1960, they received a change of address from 421 Baronne Street, New Orleans, Louisiana, to 316 North Charles Street, in care of THOMAS COOK & SONS, Baltimore, Maryland.

restaurant for approximately the last 25 years, and that it was owned and managed by Mr. JAMES J. He related that he has been employed at Dunbar's Restaurant for approximately the last five years, and that he had never heard of a RICHARD HATCH; further, that no mail had been received at that address for a RICHARD HATCH.

[redacted] described PLAUCHE as follows:

b7C,

Race:	White.
Sex:	Male.
Age:	Approximately 30 to 35.
Height:	5'11.
Weight:	170 to 180 lbs.

Complexion:	Fair.

b7C,
b7D

[redacted] said he did not believe that there was anyone at 533 Toulouse at the time, again commenting that he did not know the exact whereabouts of Mr. PLAUCHE in California.

On June 9, 1960, a photograph of the Subject appeared on the front page of the "New Orleans States" and "New Orleans Item" newspapers.

b7C,
b7D

On June 9, 1960, [redacted] Baronne Hotel, 421 Baronne Street, was contacted and exhibited a photograph of the Subject, at which time she definitely identified the photograph as the individual who had stayed at the Baronne Hotel in January and February 1960, under the name of RICHARD HATCH.

b7C,
b7D

On June 9, 1960, [redacted] employees of the Corrine Dunbar Restaurant, 1716 St. Charles Street, were shown a photograph of the Subject. All stated that, to their knowledge, they had never seen this individual before and knew nothing whatsoever concerning the Subject.

telephoned the restaurant asking about RICHARD HATCH and if they knew his present location. [REDACTED] stated that she had advised the caller she knew nothing whatsoever concerning HATCH, and that the caller had not identified himself in any manner whatsoever. [REDACTED] was questioned as to the whereabouts of the owner of the restaurant, JAMES J. PLAUCHE, Jr., and she stated that she did not know the exact location of Mr. PLAUCHE, except that he was somewhere in California. She commented that if the employees at the restaurant needed to get in touch with him, they were to call Mrs. MARY HUNT at JA 5-1602; Mrs. HUNT was the Public Relations employee of Mr. PLAUCHE, Jr. [REDACTED] stated that she only knew Mrs. HUNT's phone number and not her address.

On this same date Mrs. MARY HUNT was telephonically contacted, at which time she stated that she handled the Public Relations for Mr. PLAUCHE, JR. She stated that Mr. PLAUCHE, Jr. had left his itinerary for his vacation, which reflected that he would be in San Francisco until approximately June 15, 1960. She said that he had not left the name of the hotel, where he would be staying, but had mentioned that he may stop at the Jack Tar Hotel on Van Ness Avenue, San Francisco. She related that PLAUCHE, JR. had informed her that, if it was absolutely necessary for her to get in touch with him, she should contact either the San Francisco Police or the Highway Patrol and furnish them with a description of his automobile, which was a 1958 Lincoln Continental, white in color, bearing Louisiana License Number 777-542.

Mrs. HUNT advised that she had seen the afternoon paper, which carried a photograph of the Subject, and that the Subject was unknown to her and bore no resemblance to Mr. JAMES J. PLAUCHE, JR.

b7C
b7D
[REDACTED] Jack Tar Hotel, Van Ness and Geary, San Francisco, California, advised SA FRED R. ELLEDGE on June 15, 1960, that JAMES J. PLAUCHE, JR. was not a present or former guest at the hotel. He was paged at that time, but was not located.

Records of the Burglary Detail, San Francisco Police Department, as reviewed on June 6, 1960, by SA MICHAEL A. TOSAW, disclosed no record identifiable with PATRICIA LAGERSTROM, HARRY FRANCIS SHANNON, or BARRY BRANNON.

A notice in the file reflected that in December 1959 it was determined that SHANNON no longer resided at 925 Geary Street, San Francisco.

Also contained in the file was a letter addressed to the Credit Bureau of San Francisco from HARRY F. SHANNON, 925 Geary Street, San Francisco. This letter, which was dated December 28, 1959, thanked the Credit Bureau for its inquiry and went on to state that the information requested by the Credit Bureau would not be furnished as it was believed to be unnecessary, because the writer of the letter, HARRY F. SHANNON, was leaving San Francisco, in the "next few days" for an extended tour of South America. The writer stated that it was possible that he might return to San Francisco, but that he did not have any special plans. The letter was signed by SHANNON. DATA FURNISHED BY [REDACTED]

On June 10, 1960, [REDACTED]

[REDACTED] made available to SA WAYNE K. WELCH a copy of a letter dated June 9, 1960, regarding YOCKEY, which [REDACTED] received from [REDACTED]

The pertinent portion of the letter is set forth hereafter:

"Yockey first came to our attention in June of 1950, when he was one of the speakers at two meetings of Gerald Smith's Christian Nationalist Party, held in St. Louis. Subsequently, Drew Pearson and The Reporter magazine in March and April of 1954 publicly identified Yockey (under his alias of Ulick Varange) as an associate of Frederick Charles Weiss of New York and H. Keith Thompson, both active at that time in the neo-Nazi movement here. The point of both the Pearson column, which appeared in the Washington Post of March 31, 1954, and The Reporter article (issue of April 13, 1954) was that neo-Nazi elements both here and in Germany were corroborating with pro-Communist_.

~~SECRET~~

~~SECRET~~

SF 105-1769
WKW:mhb

"The Reporter article by Edmond Taylor was entitled 'Germany: Where Fascism and Communism meet' and had this to say about Yockey-Varange:

'A still stranger associate of Weiss's is a small, dark, intense-looking man who usually calls himself Ulick Varange (which is supposed to signify "Ireland-Russia") but who claims to have been born Francis Parker Yockey in Chicago in 1917. Varange, who has also used the name Frank Healy, is fairly prominent in the political demimonde of international fascism, particularly in England. A book of his published in London with the title Imperium outlined what he considers should be the master themes of fascist strategy: anti-Americanism, neutralism for Germany, and the avoidance of any anti-Soviet activity.'

"Authentic background information on Yockey has been difficult to come by and is somewhat confusing. It is believed that he received a law degree from Notre Dame University and had been in the Service during the early part of World War II.

"After he came to our attention in connection with the Gerald Smith and Weiss activities, there were reports that Yockey had left the country and was in Germany. This information was reliable and it was subsequently learned that Yockey-Varange was in Germany during 1954 and 1955. He was apparently travelling back and forth, however, because he was also reported to be in the United States and on the West Coast during the same general period.

"At this time we learned that the F.B.I. was hot in pursuit of Yockey-Varange, although we heard that it was in connection with possible passport violations. However, it would be a good guess that the real reason they were after him was because of his possible activities in

connection with neo-Nazi and Communist intrigue. It may well be that they had him under suspicion as some kind of espionage agent. I would caution you, [REDACTED] that this is sheer speculation.

b7D

"In 1958 we heard that he was somewhere on the West Coast again and there had been very unsubstantial rumors that he might even have been to Russia sometime earlier -- possibly during 1957.

"There were also reports that he might have been working for or with Willis Carto and the 'RIGHT' group in your area. From one of the sources, we have relied upon for information on Yockey, we learned that for the last several years he has a deep and abiding hatred for all things American and the United States -- this, despite the fact that he is believed to be native born. "

[REDACTED]
[REDACTED] had been interested in WILLIS CARTO for the past three years, but that nothing had come to their attention, indicating any association between CARTO and YOCKEY, although [REDACTED] suspected [REDACTED] possible association between the men.

[REDACTED] also furnished on June 10, 1960, the following information regarding ALEXANDER B. SCHARF, which had been developed by [REDACTED]

Age:	33-34
Marital Status:	Single
Relative:	His only known relative is a sister, name unknown, who resides in England.

SCHARF originally entered the United States from Brazil or Argentina, and came to San Francisco from New York in 1958. He was employed briefly in San Francisco

in late 1958 and early 1959 by Rabbi BERNARD DUCOFF, Director of the Jewish Educational Society, San Francisco, where SCHARF was reportedly a very competent employee. SCHARF was then employed by Rabbi (HAROLD) ABRAHAM SCHULWEIS, Head of the Orthodox Synagogue in Oakland, California. SCHARF worked as a teacher at the Religious School of the Temple Beth Abraham, Oakland, and was a roommate of EZRA COHEN, a teacher at the Hebrew Day School, Oakland. COHEN married, and SCHARF thereafter lived by himself.

b7D [REDACTED] related that SCHARF is a gambler who frequently visited the Reno, Nevada, area and was usually in poor financial circumstances. He attempted on occasion to borrow money for the proposed travel of his sister to the United States.

b7D Due to a personality clash with the Rabbi, SCHARF was scheduled to be dismissed from his employment on June 10, 1960, because of a conflict which had arisen during the past weeks between SCHARF and the Rabbi. [REDACTED] noted that SCHARF's scheduled dismissal was not brought about by his connection with YOCKEY. [REDACTED] had no information indicating any association between SCHARF and YOCKEY prior to the date of YOCKEY's arrest in SCHARF's apartment.

RE: ALEXANDER B. SCHARF

It is noted that YOCKEY was arrested in the apartment of SCHARF in Oakland, California, on June 6, 1960.

b7D On June 10, 1960, [REDACTED] furnished the following information to SA J. WAYNE PARRISH:

He advised that he had obtained the following background data regarding SCHARF:

On June 11, 1960, SA HARRY F. ROTE, JR. was advised by Chief Petty Officer WILLIAM M. The man advised that he had recognized newspaper photographs of YOCKEY as a person he had seen at the Sailors Union Hall, San Francisco, attempting to buy Merchant Marine documents and "Z" cards. He related that Yockey was offering \$500.00 for these documents. The unidentified man said that he had attempted to contact the Passport Office of the U. S. Mrs. COYNE observed that she had a friend in the San Francisco area, whom she did not identify, and that she would probably send her friend to assist YOCKEY. She indicated to YOCKEY that the police officials would probably divide between them the \$2,276.00 that YOCKEY had in his possession at the time of his arrest. [redacted] he could furnish no information as to YOCKEY's itinerary after he left Informant's residence, other than YOCKEY left St. Louis.

b1
YOCKEY, [redacted] (c) had only a few personal belongings on his arrival in St. Louis, but did not appear to want for funds. Informant stated that later in 1949, and during 1950, he received unrecalled political publications from various countries in South America and Italy, which, because of the contents, he believed were mailed to him by YOCKEY. [redacted] (c) he has had no further contact with YOCKEY.

b1
[redacted] (c) described YOCKEY as extremely intelligent but completely unscrupulous; a person who is well educated and who has traveled extensively throughout the world. He related that he could furnish no information regarding YOCKEY's birth date and/or citizenship, and volunteered that, based on his conversations and association with YOCKEY in 1949, he believed YOCKEY to have been at that time a Communist. [redacted] (c) he had no information regarding YOCKEY's reported fraudulent passport activities.

CHRISTIAN NATIONALIST CRUSADE

b1 [REDACTED] (c)
[REDACTED] the Christian Nationalist Crusade (CNC) was organized in St. Louis, Missouri, in 1947 and moved its headquarters to Glendale, California, in 1953, where it continues to be located; that from the parent CNC subsidiary organizations, including the Christian Nationalist Party (of America), have developed; that these organizations all reflect in their literature the imprint of their chief organizer and director, GERALD L. K. SMITH, whose basic argument has been that this nation, traditionally Christian and racially segregated, is threatened by anti-Christian and racially "mongrelizing" forces such as Communism and Internationalism, all dominantly motivated by international Jewry which controls this country financially and politically; and that these organizations are not membership organizations but represent followers who contribute to them or subscribe to their literature. SF T-11 added that, although GERALD L.K. SMITH and his close associates are not known to have appealed to illegal action, the tenor of their statements and program is intensely anti-Semitic as indirectly indicated by the slogan of the Christian Nationalist Party, announced in 1950, which was, "One Faith - One Race - One Nation."

Re Albuquerque airtel to the Bureau 6/10/60.

St. Louis indices contain the following information regarding the subject:

Memorandum from the St. Louis Police Department furnished details regarding a meeting of the Christian Nationalist Party June 13, 1950. The speakers were DON LOHBECK, Candidate for Congressman of the 11th Missouri District, who was Chairman of the meeting; JOHN W. HAMILTON, Candidate for Senator from Missouri; and ULIK VARANGE, residing at Roxana, Illinois, who has recently returned from Europe, who described the underground working of the party in France, Germany, England and also in Belgium.

No.

All remarks at meeting were directed against the Communists, Jews, Negroes, and Republican and Democrat Parties. HAMILTON stated that after three years of effort the party will be listed on the ballot at the next election, and he as candidate would make many speeches starting after the primary to inform the public of the true conditions existing, and unite against Jews, Negroes, Communists, etc. VARANGE stated that he attended the trials at Nurrenburg and other places and spoke of the unfairness of the trials and the importance of the testimony of the Jews. He also stated that we will have a Nurrenburg trial in this country some day.

Among other statements made was one that the real Communist Party in this Country is the Democratic Party and that TRUMAN should be in the Penitentiary for Treason. Also, Mr. NILES, the President's confidential advisor, had to change his name because he was arrested for committing an indecent act on a six year old boy.

[redacted] flier announcing a program at the St. Louis House, 2345 Lafayette Ave., St. Louis, Mo., on 6/29/50. The flier indicates ULICK VARANGE, "Representative of the European Liberation Front", will speak on the topic, "Is Europe Dead?" The program is under the sponsorship of the Christian Nationalist Party and DON LOHBECK is listed as Chairman with JOHN W. HAMILTON, Vice-Chairman. The flier also indicates that there will be a discussion concerning the "Secret Jewish Government in Washington."

b7C
b7D

[redacted] attended a meeting sponsored by the Christian Nationalist Party on 6/29/50. The speakers included ULICK VARANGE, who stated that he just returned from Europe in order to meet the leaders of the "party" and to contact its members and then he planned to return to Europe. He ridiculed the Nurrenburg trials saying they were controlled by the Jews, and that thousands of "white Christian Germans" were actually convicted before being tried. He contended that the Jews control the world today.

Other speakers included JOHN W. HAMILTON, Christian Nationalist candidate for the Senate, who said that Korea was actually lost at Yalta. He contended that we should be more concerned about the millions of white people who were being enslaved in Germany than the Koreans. He accused BERNARD BARUCH of having a blueprint of World War III ready to be put into use. Concluding his speech, he said that this country would not be safe until all Jews are fired from Government positions.

A third speaker was DON LOHBECK, Editor of the Cross and the Flag, official publication of the Christian Nationalists, who said that Senator JOSEPH MC CARTHY is one of the "good Americans" left in the Government. He said that the State Department is saturated with known Communists and that the cause of Communism is being advanced not primarily by the Communist Party but by their tools, the Democratic and Republican Parties.

With further reference to this matter, SAC R. D. Auerbach, San Francisco, has just advised that Yockey was found dead in his cell at 7:25 a. m. today, San Francisco time. As the coffee wagon came around the cell block, his cellmate in the lower bunk pushed Yockey who was reclining in the upper bunk and asked him if he wanted coffee. When he was unable to rouse Yockey, he called the guards. It was then determined that Yockey was dead.

The coroner, San Francisco County, is going to perform an autopsy this morning. Auerbach said they had no knowledge of any illness on the part of Yockey. He had made no complaint of such and they knew of no medication he may have been taking. The Assistant U. S. Attorney, Donald Constine, is advising the Department.

wasn't he arrested by the FBI?

Yockey has been in custody charged by the State Department with violating the Passport laws and was to be afforded psychiatric examination between now and July 11, 1960, at which time a report was to be submitted to the Court. He is in the custody of the United States Marshal, Frank O. Bell, and was lodged in San Francisco County Jail No. 1 pursuant to process initiated by the State Department. This jail is operated by Sheriff Matthew Carberry.

This is to advise the Director that a complete memorandum showing our participation in this matter has been prepared and is attached hereto.

With further reference to the death of Yockey, SAC Auerbach, San Francisco, has advised that it now appears the death was a suicide. A note was found with the body which read as follows:

"I shall write no message which I know will never be delivered - only this which will be. You will never discover who helped me for he is to be found in your multitudinous ranks, at least outwardly."

Dr. Henry Turkel, the coroner, suspects poisoning as lips are dehydrated and there is a white substance in the mouth. Further analysis is being made.

In the attached memorandum setting forth the complete details of our action, censure is being recommended for improper action on the part of the three Agents involved.

While recently confined to the Oakland, California, City Jail, subject told another inmate that he had recently been in Cuba and was connected with the CASTRO regime and also mentioned connections in Florida and Argentina.

It is noted that prior to his recent arrest YOCKEY was last known to be in Munich, Germany, in 1955 and little information concerning his whereabouts or activities has been received since that time. At the time of his arrest he possessed a legitimation card in the name of FRANZ LUDWIG YORCK dated 1953 at Munich which reflected that he was at that time a staff member of publications entitled "Quick" and "Weltbild", published by Th. Martens and Company, Grb H, Munich.

The subject also possessed United States Passport Number 878384 in the name of EDWARD MAX BRICEMAN on which appear numerous exit and entry stamps indicating a great amount of travel during the years 1954 - 1956 in various countries including Germany, England, Belgium, France and Austria. No travel is indicated since 1956. Inquiry of the Passport Division, Department of State at Chicago reveals that various European countries, notably West Germany, in approximately 1956 discontinued the practice of requiring stamp when entering or exiting and as a result a passport is no longer a record of such travel.

In view of the subject's past fascist connections, travel and remarks, it is believed by this office that a possibility exists that he may have been involved in some manner over a period of years in an apparatus of either a fascist or Communist nature. An examination of his effects reveals that the above legitimation card and passport are the only items which appear pertinent that relate to the subject's activities

Of the possessions of YOCKEY which appear to concern the past three years, there follows a listing of those which it is believed could produce further information together with suggested inquiry in parenthesis.

Four Social Security cards in names used by the subject, one Social Security card in the name of PATRICIA LAGERSTROM and one Social Security card in the name of OFELIA RODRIGUES. (Inquiry of Social Security records for any information of value, such as residence, employer, etc.)

J. J. [REDACTED] furnished some information concerning YOCKEY in December, 1954, but had received no information concerning him since approximately two and a half years earlier. (Reinterview [REDACTED] for any information concerning subject's subsequent activities.)

Included in the subject's effects were various birth certificates and a list of names with birth and death data upon which appeared notations that subject had had recent correspondence in regard to certain of those names. (Inquiry of vital statistics bureaus to determine locations and names and addresses of individuals making any requests.)

Two lists of names and addresses. (Inquiry of those individuals to determine connection with subject.)

Several photographs picturing a male adult, two female adults and three children. (Inquiry of persons contacted to establish identity and connection with subject for possible interview. It is noted that while confined in the Oakland City Jail the subject stated to another inmate that he has two daughters.)

YOCKEY's effects also indicated that he has resided at the following addresses at which inquiry has not been made. It is suggested that investigation might be conducted for the purpose of establishing the subject's residence in those areas and to locate persons in possession of pertinent information. It is noted that the dates of these reported residences roughly cover a period of the past three years.

Re Chicago let to Director 8/9/60, copies San Francisco.

Subject is dead. First sentence, last paragraph of page 2 of relet contains the following: "In view of the subject's past fascist connections, travel and remarks, it is believed by this office that a possibility exists that he may have been involved in some manner over a period of years in an apparatus of either a fascist or Communist nature." Since it is believed that he may have been involved in some sort of an apparatus of some kind, maybe fascist or communist, Chicago sets out leads.

The FBI's coverage throughout the country in both the Communist and Fascist fields is such that a fishing expedition such as this is not justified, especially when it is on a dead man.

UACB this case is being RUC'd to Chicago with this communication.

Rewrlt 8/9/60 and San Francisco letter 8/11/60.

Your letter sets forth suggested further inquiry which could be conducted in this case. However, as pointed out in referenced San Francisco letter, the fact that possibility exists subject may have been involved in some manner over a period of years in an apparatus of either fascist or communist nature is not justification for a fishing expedition, especially in view of fact that subject is deceased. It is noted that the State Department is conducting an inquiry into subject's involvement in the fraudulent obtaining and use of passports and visas and so further investigation by Bureau at this time does not appear warranted. You should close case in your office. This case, of course, can be reopened if information is received from the State Department as a result of its inquiry which would warrant further investigation by Bureau.

The Press Officer
FEDERAL BUREAU OF INVESTIGATION
Washington, D.C.,
United States of America.

Dear Sir:

RE:- The late FRANCIS PARKER YOCKEY,
alias Ulick Varange, Blair, etc.
Arrested June 6, 1960, in Oakland,
California by FBI agent ROBERT
LEONARD for passport irregularities
and committed suicide June 17, 1960,
while awaiting trial.

According to various press reports published in San Francisco newspapers around the date of Yockey's arrest "Both the State Department and the Department of Justice are interested in this man" and the San Francisco "Examiner" quoted a Government spokesman as saying "This is definitely a security matter".

As a journalist specializing in political affairs I wonder if the FEDERAL BUREAU OF INVESTIGATION could or would give me further information about Yockey?

This is the information I have on Yockey todate:-

After being "fired" from his position in the U.S. War Crimes Commission he made his way to London and in 1947 contacted the British Fascist leader SIR OSWALD MOSLEY.

As an active member of Mosley's UNION MOVEMENT he contacted leading facists and neo-nazis throughout Western Europe.

The same year, 1947, Yockey went to Ireland (Eire) and wrote his political and ideological book "IMPERIUM". He offered his manuscript to Mosley and said he, Mosley, could put his own name on it. Mosley refused. It then appeared in print early in 1948 after its publication was financed by a BARONESS ALICE VON PFLUGEL.

"IMPERIUM" and a shorter version entitled "THE PROCLAMATION OF LONDON" formed the basis for an organization led by Yockey and called the "EUROPEAN LIBERATION FRONT" (ELF) which was founded late '49, early '50 after Yockey and a leading Mosley supporter ANTHONY GANNON had broken away from Mosley's UNION MOVEMENT.

EXP. PROC.
OCT 2 1961

During the preparations to launch the "EUROPEAN LIBERATION FRONT" Yockey met certain leading British neo-nazis at Baroness von Pflugel's home in Park Gate West, London.

At this meeting Yockey praised Soviet policy in Germany and in particular the so-called army of Seydlitz and von Paulus.

He then asked those present to help him organize secret partisan bands of neo-nazis in Western Germany; bands which would collaborate with the Soviet Military Authorities against the Western occupation powers.

The Baroness then interrupted and told everyone present that the new national-socialist Europe would be created by help from the East, i.e. from the Soviet Union; that the USSR would drive the Western Allies out of Europe and found the new Nazi Imperium. "Our liberation will come from the East" she said as she finished her passionate plea for help.

Yockey continued, if those present would agree to help him they would be initiated into a vast world-wide secret organization working to establish an Authoritarian State ("the real National-Socialism.")

He claimed this underground organization was already millions strong and that he was the representative of the leader whose name he could not divulge.

Outlining the future programme Yockey said "to start with" he did not contemplate the use of anti-Jewish propaganda. First he wanted to found a sensational newspaper specialising in anti-American propaganda.

Working with Yockey at this time was a former Mosley man, GUY CHESHAM.

Chesham invited certain British neo-nazis to meet him at his home, 77, Elgin Mansions, London, W.6., in July, 1950.

At this gathering Chesham, saying that he was working independently of Yockey - which was incorrect - outlined a policy of infiltration into all right-wing political groups. Once a degree of power in these organizations had been seized the political line was to be violently anti-American while avoiding any attack upon Communism or the Soviet block. No anti-Jewish propaganda was to be permitted at first. He furthermore suggested that forces be raised in Britain for direct action against U.S. military bases here. The British Communist Party, Chesham said, had come to a standstill in this direction and therefore if a successful anti-American front with a degree of popular support could be forged it would be possible to obtain financial support from the Soviet Embassy in London.

Later Chesham said a similar organization was being created in Germany and in Italy.

(Guy Chesham was instrumental in founding the British weekly newsletter "CANDOUR" edited by A.K. CHESTERTON and its subsidiary organization THE LEAGUE OF EMPIRE LOYALISTS both of which are virulently anti-American.

When a British journalist wrote an anti-Communist article and submitted it to Chesterton he was invited to the latter's home for a weekend to discuss current politics.

During the course of the weekend Chesterton told the journalist he should refrain from attacking the Soviet Union and Communism because they were not the real danger and that he should concentrate upon attacking the real enemy, the United States.)

In July, 1950, Yockey attended a Gerald L.K. SMITH convention in Los Angeles and made a virulently anti-American and anti-Jewish speech.

Two years later, after Stalin launched his anti-Zionist trial in Prague, Yockey wrote an article which was duly published by the neo-Nazi RENAISSANCE PARTY led by a man called MADOLE and financed by one F.C.F. WEISS.

WEISS also issued the Yockey article entitled "WHAT IS BEHIND THE HANGING OF THE ELEVEN JEWS IN PRAGUE?" as a Press Release from his LEBLANC PUBLISHERS, Box 155, 207 E. 86th Street, N.Y.C..

The article in question is anti-American and anti-Jewish and advocates the theory that all neo-Nazis and anti-Semites must support Communism which is now National-Socialist against Jewish-dominated America.

F.C.F. WEISS and his self-confessed Nazi colleague H. KEITH THOMPSON have accepted and advocate Yockey's political analysis as does one JOHN H. MONK, editor of a mimeographed magazine GRASS ROOTS.

In the 1950's when Yockey was not travelling in Europe, in the Near East and when he was not in Cuba spreading anti-American propaganda he stayed with messers WEISS and THOMPSON and recently these two men have published Yockey's last article "THE WORLD IN FLAMES" which is, once again, anti-American and pro-Soviet.

I have now every reason to believe that certain people in the United States are preparing to try and publicize Yockey as a martyr to further his political creed. To thwart this and for other reasons I intend writing an article on Francis Parker Yockey.

It is rumoured in Europe, and in the United States, that Yockey

visited the Soviet Union in the mid-1950's and I wonder if you would care to comment on this?

I would also be extremely grateful if you would comment on the points I have taken from my file on Yockey and whether behind Yockey's arrest both the FBI and State knew Yockey was working for the Soviet Union?

Trusting that you can help me re this matter and if I can be of any further assistance my files, etc. are at your disposal.

Yours faithfully,

Tebe Hupley - BQ/te

Mr. Peter J. Huxley-Blythe

NOTE:

The salutation and closing of "Dear Sir" and "Very truly yours" are used in this instance since Bufiles indicate that Huxley-Blythe in 1960 was an associate editor of the publication "Northland" published in Scotland by the North League. This organization promoted pro-Nordic friendship and was described by its representative in the U. S. as an international group dedicated to the preservation of the white race and as secretly allied with the U. S. white supremacy group, the National States Rights Party.

In his letter Huxley-Blythe pointed out he came to the Bureau for information about Yockey since news reports published in San Francisco on about 6/6/60 indicated that the State Department and the Department of Justice were interested in Yockey who was a security case. Huxley-Blythe indicated he was interested in Yockey's background and furnished information he already knew about Yockey. He requested that the FBI and State advise whether they knew Yockey was working for the Soviet Union and also requested our comments as to the information he already had.

Yockey subsequent to our arrest of him on 6/6/60 committed suicide 6/17/60 while in Oakland County, California, Jail where he was being held under \$50,000 bond for alleged violation of Title 18, Section 543, U. S. Code, pertaining to false statements in obtaining a passport under a fraudulent name. The complaint was signed by representatives of the State Department. We had instituted an investigation in 1952 of Yockey on allegations he was engaged in fascist activities on an international scale. He had reportedly stated his goal was to unite all fascists in the world. Our investigation did indicate that he was the author of several publications described as fascist; that he attended fascist organization meetings in the U. S. We closed our investigation after subject died.

The 1-19-63 issue of "The Nation" contains an advertisement for a book entitled "Imperium" which is described as a philosophy of history and politics. The book is advertised for sale for \$5 by the Noontide Press of Sausalito, California. It is described as the second edition of the "rare and unusual book" written by Francis Parker Yockey in 1948. In advertising the book, it is stated, "As a result of this book, the author was hunted for years by the FBI. He was finally captured and thrown into the San Francisco jail, where, on June 17, 1960, he committed suicide."

Yockey, who has utilized a number of aliases, was the subject of "Registration Act; Internal Security Act of 1950; Passport and Visa Matters investigations conducted by this Bureau. Briefly, the investigation was instituted in 1952 on allegations that Yockey was engaged in Fascist activities on an international scale. He had reportedly stated his goal was to unite all Fascists in the world. Our investigation to determine his whereabouts and activities disclosed that he was the author of several publications described as Fascist and that he attended Fascist organization meetings in the United States. He had reportedly been in contact with right-wing Fascists in Germany, England, Italy and Canada and had had considerable contact with representatives of neo-Nazi groups in the United States. He was also said to have been an associate of former Hitler followers. He was arrested by our San Francisco Office on a Selective Service charge on 6-7-60 and was being held on \$50,000 bond at the Oakland County, California, jail for alleged violation of Title 18, Section 543, U.S. Code, pertaining to false statements in obtaining a passport under a fraudulent name. The complaint had been filed by representatives of the State Department. While in jail he committed suicide on 6-17-60.

In connection with his Fascist activities he was the author of "Imperium" and several pamphlets of a Fascist nature. "Imperium" was written under his pen name of Ulick Varange, as well as his other writings. His writings reportedly reflected that he was very much for the German State, and that it will again be a great power. He is also reportedly very anti-Jewish and criticized America's internal and foreign policies. While he is not for communism, he reportedly believes that America and Russia by World War III, will destroy each other.

The only reference we have in Bufiles to the Noontide Press is a small booklet entitled the "First National Directory of 'Rightist' Groups, Publications and Some Individuals in the United States and Some Foreign Countries" which was published

OBSERVATIONS:

In view of the type of reference contained in the advertisement to the FBI and the fact that W. A. ATTACKS AGAINST THE FBI

On March 6, 1963, an anonymous communication was received at the New York Office enclosing the attached advertisement dated August, 1960, for the book "Imperium" written by FRANCIS PARKER YOCKEY. The anonymous letter written from Fairlawn, New Jersey indicated that other copies of this advertisement were being received in East Patterson, New Jersey.

This advertisement is critical of the FBI in that it indicates that in the world-wide persecution of YOCKEY the FBI questioned hundreds of people at a cost of unknown thousands of dollars and in an explanation the FBI would sometimes answer with a stupid excuse that YOCKEY was suspected of heading an "international conspiracy" against the Government.

The advertisement concludes with an instruction to order the book from CHARLES SMITH, Post Office Box 1111, New York 8, New York. One copy of this advertisement is being furnished the Newark Office.

There is no record in the New York Office concerning the book "Imperium". The Bureau is well aware of FRANCIS PARKER YOCKEY, Bufile 105-8229, who is now deceased.

Postal Inspector JOHN CASELLA advised that Post Office Box 1111 was opened 3/26/41 and is still held by "Truth Seeker National Liberal League, PETER ECKLER Company, 38 Park Row, New York". The Post Office advised that they have no address for CHARLES SMITH but he does receive mail at this Post Office Box. The New York telephone book reflects that "Truth Seeker", a publication, has a phone at 38 Park Row. There is no record in the New York indices of PETER ECKLER Company. Truth Seeker National Liberal League is apparently identical to the Truth Seeker Inc., and the Truth Seeker Company which published the Truth Seeker Magazine. The files of this office reflect that this is an atheist publication and that in April of 1959, CHARLES SMITH was listed on the editorial mast as President and Editor. It likewise appears that CHARLES SMITH in 1961, was 73 years old and was arrested on a charge of disorderly conduct in Newburgh, New York on August 4, 1961. A newspaper account indicates that SMITH had been flooding Newburgh with hate literature and had been shouting obscenities.

b1 [REDACTED] the Truth Seeker Magazine was an anti-Semitic and anti-Negro publication and that CHARLES SMITH, the editor was a notorious anti-semite.

THE NATIONAL JOURNAL OF FORWARD-LOOKING AMERICANISM

ADL CLOSES ITS FILE ON YOCKEY

Creative Genius Driven to Suicide

Frustrated and driven to despair, bounded and persecuted like a wild beast, deserted and ignored by the easy-living cowards for whom he had fought so hard—a great creative genius committed suicide in the San Francisco County Jail on Thursday night, June 16.

The man was Francis Parker Yockey. Born in a mid-Western Catholic family in Chicago in 1917, Yockey displayed astounding gifts early in life and his wondering parents determined to give him the best education they could. He attended American colleges, graduating *cum laude* from Harvard in 1941.

He was a talented pianist. He was a gifted writer. But most of all, Yockey was a philosopher.

Although strongly anti-war, Yockey joined the army. He never went overseas and was given an honorable (medical) discharge in 1943. In 1944 he went to work as assistant county attorney in Detroit. He soon applied for a position with the "war crimes" tribunal and easily landed a job. But it was too much for his sense of justice. He became nauseated with the crooked and illegal procedures being followed and, in an angry exchange with Justice Jackson, quit.

This was the turning point in his life, for Jackson immediately reported Yockey's attitude to his superiors. Back in New York's bustling offices of the Anti-Defamation League, a new file was opened. The name on it was, "Yockey, Francis Parker."

WRITES HIS MASTERPIECE

Now Yockey travelled in Europe. At first he tried to work with various European nationalist groups which advocated European unification. But he was resented for his superior intellect. At last he decided to

put his thoughts down on paper, convinced that only his dynamic philosophy of Cultural Vitalism could save the White race. So he went to Brittas Bay, Ireland in 1948. Isolated, he wrote *Imperium*, using the pen name of Ulick Varange.

This task took him six months. *Incredibly, in spite of the vast learning the book displays, he did not need to use any references while writing it!*

Imperium is a book which will live a thousand years. It is a deeply spiritual study of the organic culture, viewed from the standpoint of the necessity of Western survival.

YOCKEY MUST BE DESTROYED

From the moment of publication of this book, his doom was sealed. For it must have become apparent to international Jewry at that time that Yockey had to be destroyed and his book suppressed at all costs. The file in the ADL labelled "Yockey" was now stamped "Priority!"

After a disappointing trip to the U.S., Yockey returned to Europe in 1951. This was when he wrote to an American: "I can't take it any longer. People are so dumb and our own patriots are so divided and can't grasp the danger we are in."

By now, the federal government had been impressed into the service of the ADL and it began systematic, world-wide persecution of Yockey. This finally became unbearable; Yockey dropped completely out of sight. Back in the U.S., the FBI questioned hundreds of people at a cost of an unknown thousands of dollars. A few people asked the FBI why they were so interested in this anti-Communist, whose only crime had been to write a book. The FBI would sometimes answer that Yockey was suspected of heading an "international conspiracy" against the government. This stupid excuse was the best the ADL could devise to justify their inhuman treatment of Yockey. In the meantime, Yockey apparently resorted to fake names and passports—anything to escape the mad dogs on his trail.

MEMORIAL TO
FRANCIS PARKER YOCKEY

June 17, 1965

Five years ago Francis Parker Yockey was murdered by the Marxist enemies of our country and the distorters of our Western Civilization. This brilliant philosopher gave the answer to the cause of his murder "My Enemies have Evaluated Me Better Than My Friends."

Having served in the armed services of our country during the Second World War (to make the world safe for international communism, distortion, and destruction of the culture of the West), Mr. Yockey was with the "War Crimes Tribunal." He agreed with the late Senator Taft that the lynching bee at Nuernberg was serving the interests and "was meant to serve the interest of international communism." A few sane men like Yockey, Senator Taft and the one honest judge who was taken in custody and sent home, prevented a false finding by our Marxist lynchers that the West (the Germans) were guilty of the Katyn Massacre of over 100,000 leaders of Poland.

Yockey knew that murder and assassination such as were used at Nuernberg, and on our late President, require a high level policy decision of the distorters (not Mr. Warren's "right wingers") and that the distorters criteria for such murder is (1) it must be highly effective, and (2) must serve as some sort of an example.

In his book Imperium which the distorters have been able to burn and ban from our shelves, he proceeded to expand on Spengler's method of showing the behavior of a cultural organism, a spiritual force. He showed up the hypocrisy of the culture distorters who have such enormous race pride and nationalism, but have been able to make race pride and nationalism a cardinal sin and taboo for the peoples of the West. He exposed the criminal propaganda of those who would unite Europe in one money economy but destroy it as a "people, race, nation, state, society" with a will to live, as such, and to resist the distorters whether from Asia, or existing in our own territory as parasites. He exposed the inorganic thinking of the distorters who would destroy our High Culture by dealing with it as an inorganic problem. Spengler, the pessimist, believed that our world cities of London, New York and Berlin would disappear under jungle vegetation as did the Sumerian and other High Culture cities. Yockey exposed the capitalistic mentality (engaged in competition to get rich) who would picture the spirit of the West as an animal world. The time is passed when men will die to help the distorters "improve the world." Sane men will only die in order to "be themselves" and

not to follow the dictates of the Marxist hired men, who cannot understand the Spirit of the West and who win by inciting class hate as though it were the inevitable instinct of man. Their cult of co-existence and brotherhood of man has convinced the hired men of the West that hate has been eliminated from all human activities and that we must surrender our Western civilization to the distorter, the Marxist and the barbarian of the East. On the other hand, the distorter lives on hate and uses Communism as an Eastern barbarian weapon of foreign policy. Marxism has been able to prove that hate is effective as a political weapon to create losing wars, between the states of the West.

Imperium exposes the Marxist Old Testament ideas that work is a curse laid upon men as a sin, all of which is contrary to the belief of the High Culture of the West and its belief that "to work is to pray." Our distorters can only win by convincing the world that work is to be despised and that the masses, if they can control them, should steal the products of those who work. Communists, their hired men and distorters, cannot understand anyone who sees otherwise. They cannot understand work, labor, achievement, accomplishment, greatness and a HIGH CULTURE DESTINY for the human race, never having experienced any of these fine emotions. This explains their criminal freudian attempts to animalize, sexualize, mechanize and destroy the great men and the spirit of Western High Culture. Imperium exposes the internationalist of the 30s and 40s who in the name of a crusade for humanity and democracy as an ally of Russia shared and still share the occupation of Europe.

Contrary to Spengler, Yockey was an optimist. He believed that the High Culture of the West will unite. That occupied Europe, the situs of the High Culture of the West, will drive out the occupation forces, the Asiatic horde and the hired men from Colonial America.

CONGRESSIONAL RECORD — HOUSE

MARCH ON MONTGOMERY—THE UNTOLD STORY

The SPEAKER pro tempore. Under previous order of the House, the gentleman from Alabama (Mr. Dickinson) is recognized for 1 hour.

Mr. DICKINSON. Mr. Speaker, last week Alabama witnessed the climax of weeks of civil rights activities in this State. It was a week which brought literally thousands of men and women of many races, colors, and creeds to participate in what has been widely considered as a kind of holy crusade for human rights. During this period there were scores of confrontations between demonstrators and law enforcement agencies—resulting in many arrests. There was discord, there was violence, there was death, all of which we deplore. From all of this a completely distorted picture of the State of Alabama has been painted. It is a picture of a place peopled by vicious, racist bigots whose only joy is found in the suppression of the Negro race; in the denial of the Negro's right to vote and to participate as a first-class citizen of his State and his Nation; a place where the Negro's search for simple human dignity must go forever unrewarded; a place where the Negro must live out his days in constant terror of police brutality and bombs that explode in the night.

Mr. Speaker, this is an image of Alabama widely accepted as accurate by many people in this Nation and the rest of the world today. It is, however, an image which has been deliberately, knowingly, and purposefully contrived. I have pointed this out before on this floor. It is, in short, but a part of an effort to divide and to conquer this Nation—and if this effort goes unchallenged, it may well accomplish its purpose.

There is a story here, however, that has been untold and, for the most part, is unknown. While I have but one small voice and what I say here may go unheeded, I would be remiss in my duties if I did not speak the facts for all of America to know—and the facts which I am about to relate are true and I can substantiate every fact. Mr. Speaker, if you think these facts are vile and obscene and are unpleasant to hear, I agree. But think what it is like to have witnessed them and had them occur in your community.

First and foremost there was not one big group of moralists and Negro sympathizers that invaded Selma and marched on Montgomery. There were four distinct and usually identifiable groups intermingled and participating in a common effort but each for its own motives.

This has been characterized by some and depicted as a type of holy crusade. Let me read you a circular actually handed out to the marchers by some of those participating in the march:

WELCOME FREEDOM MARCHERS TO HOLLYWOOD BURLINGAME

(Produced by Paul Moscovitz and Peggy Anne)

Girls—Girls—Girls—Girls—Girls—Girls

Entertainment and refreshments furnished free to all freedom marchers by the Hollywood 10 Committee in cooperation with the Coed Committee To End Bigotry and Censorship.

(Note to ministers: We appreciate the cooperation given this spectacular, modern adventure in person-to-person entertainment by some of you who have cast off the chains of the past. Several of you, including perhaps the leader himself, are trying to make you look too pious and too old-fashioned. Please prevail upon the holdbacks to let the show go on in all of its unrestricted glory, fun, frolic, and warmth.)

TEXT 9 SHORTLY

Text 9 will be pitched each evening ahead of the march, and the gala burlesque review will begin when the crowd arrives. Let every good man arrive.

(Note to southern girls: Come join in the fun if you can cast off the old-fashioned ideas, whether of racial bigotry or medieval moronic morality. Hollywood's greatest tradition beckons you. Come, meet Paul and the boys.)

Is this circular out of character with the rest of the march? Look at the participants.

One group was the Alabama Negro who participated to help secure rights and privileges which he felt had been withdrawn from him illegally. And there are many instances where this has been so—especially historically. This is not universally so in Alabama, however—only in isolated areas and none of these areas recently.

A second group are the do-gooders—those from outside our State who have no personal interest or involvement but who, out of compassion for those whom they are convinced need help and, although misinformed and misguided as to both the full facts and how those whom they seek to help can best be helped, come and participate in the marches, demonstrations and even serious civil disturbances. This group, for the most part are serious, sincere, educated people such as the clergy, nuns, teachers and other professional people. While their purpose may be noble, to a large extent they defeat their own aims because they worsen the condition they seek to improve. Let me hasten to add, however, that not all men who profess to be men of God and who don the clerical garb participate for altruistic reasons. Many are the type Jesus had in mind when he said:

And when thou prayest, thou shalt not be as the hypocrites are: For they love to pray standing in the synagogues and in the corners of the streets, that they may be seen of men. Verily I say unto you, they have their reward. But thou, when thou prayest, enter into thy closet, and when thou hast shut thy door, pray to the Father which is in secret; and thy Father which seeth in secret shall reward thee openly.

We of our State do not condemn the first group. Perhaps we would react similarly in like circumstances. We can recognize the good intentions of the sec-

ond group even though we know their method is wrong.

These two groups, however, make up only a small part of the total effort. Both of these groups are in fact being victimized and used as unknowing tools of the other two groups involved. In the final analysis the Alabama Negro will not achieve what he seeks by the means he now employs, nor will the do-gooders have helped him permanently.

The third group, also a tool being used by the fourth group, are human flotsam; adventurers, beatniks, prostitutes, and similar rabble. They flock to the standard of civil rights because this clothes them with a morality and a purpose which they otherwise lack. The fact is that they are recruited to be full-time demonstrators. They are promised \$10 per day, free room and board and all of the sex they want from opposite members of either race. Free love among this group is not only condoned; it is encouraged. It is a fact and their way of life. Only by the ultimate sex act with one of another color can they demonstrate they have no prejudice.

Do I exaggerate? The pamphlet I have read at the beginning of my talk was distributed among the marchers from Selma to Montgomery. Drunkenness and sex orgies were the order of the day in Selma, on the road to Montgomery, and in Montgomery. There were many—not just a few—instances of sexual intercourse in public between Negro and white. News reporters saw this—law enforcement officials saw this, and Mr. Speaker, photographs were taken of this. I am told. I have not seen the actual photographs, but they are being processed and compiled.

Negro and white freedom marchers invaded a Negro church in Montgomery and engaged in an all-night session of debauchery within the church itself. The leadership of the church had to get help to have these freedom marchers put out of their church and even had to have the telephone disconnected because of the long-distance calls. Urinating in the street was not uncommon during demonstrations and more than one of these freedom marchers was arrested for indecent exposure in a public place.

Has anyone stopped to ask what sort of people can leave home, family and job—if they have one—and live indefinitely in a foreign place demonstrating? This is no religious group of sympathizers trying to help the Negro out of a sense of right and morality—this is a bunch of godless riffraff out for kicks and self-gratification that have left every camptie between Selma and Montgomery littered with whisky bottles, beer cans, and used contraceptives. I am prepared to prove these facts.

If you wonder why the Reverend Norman C. Turesell, of Wabasha, Iowa, Rabbi Richard Rubenstein, chaplain of the University of Pittsburgh, and many other ministers and religious leaders left the so-called freedom march in disgust, this is the reason.

CONGRESSIONAL RECORD—HOUSE

March 30, 1965

Who then, is the one or group that puts these groups together—that gives it cohesiveness, strength, money, and direction? Who or what can weld this diverse group together into a formidable force that can—and has—overcome? The answer is this: the Communist Party.

There are those that make a living out of seeing a Communist behind every bush or tree—or some Communist conspiracy or plot in every action of the State Department or foreign diplomacy. Let me assure you that such is not the case with me. I have not wanted to believe it—but I have been convinced. There are some in the Congress that do not want to believe it—and will not listen to the facts.

A few weeks ago a group of 14 Members from this House made themselves a committee to go to Selma to look into the situation there. In the course of the testimony that was given there, Judge Bernard Reynolds, probate judge of Dallas County, started mentioning the fact that there were Communist influences at work in the streets of Selma. He was interrupted by one of the visiting gentlemen with the remark:

We don't care anything about that. Let's leave the Communists out of this.

I was later impressed with the evident truth of this statement when a vote of the Congress was taken to give or deny an appropriation to the House Un-American Activities Committee. Thirteen of these same fourteen Members voted against the House Un-American Activities Committee—the very committee of this body whose job it is to find out about communism in the U.S.A.

I am sure there are others here and elsewhere that "don't want to hear about Communists." But the facts are here for anyone that has eyes to see. The Communist Party and the Communist apparatus is the undergirding structure for all of the racial troubles in Alabama for the past 3 months.

Look at the speakers on the platform in front of the capitol in Montgomery or participating prominently in the march and demonstrations.

First, Carl Braden: A well-known Communist who has been active in civil rights activities for several years. Carl Braden has been active in so-called civil rights efforts for several years in the South. He was once convicted for conspiring with Negroes in Kentucky to bomb other Negroes' houses.

Second, Abner Berry: One of the directors of the Communist Party in the United States was in and out of the Selma-Montgomery area—and was photographed. I am told. I have not seen the photograph.

Third, James Peck: Field secretary for CORE. He has a Federal criminal record. Mr. Peck and a group of demonstrators once tried to prevent the launching of our first nuclear submarine. Later, he was forcibly removed from a nuclear test area in the Pacific where he had sailed with another group of demonstrators in an attempt to halt our Government's nuclear test program. Does anyone honestly believe that M.

Peck is interested in Alabama Negroes' civil rights?

Fourth, Bayard Rustin: Rustin heads an organization known as the War Resisters League—which is the U.S. branch of an international organization known as War Resisters International. The purpose of this organization, in other words Mr. Bayard Rustin's chief business, is to persuade and to aid young men to avoid compulsory military service to their country. As recently as 3 years ago, Bayard Rustin's War Resisters League shared offices in New York City with the Student Nonviolent Coordinating Council—otherwise known as SNCC. SNCC was cosponsor, along with Martin Luther King's Southern Christian Leadership Conference of the Montgomery march. Bayard Rustin, by his own admission in the Saturday Evening Post, was a Communist Party organizer for 12 years.

Fifth, And what about the king himself—King Martin Luther. The only man in America that can announce when he will see the President—and it becomes a fact. Martin Luther King himself has amassed the staggering total of more than 60 Communist-front affiliations since 1955. In spite of which Dr. King has been quoted as saying last summer in Greenwood, Miss., that "there are no more Communists in the Mississippi summer project than there are Eskimos in Florida." With King at the time he made this statement was Bayard Rustin, who served as King's executive secretary for 3 years. King has also said that there are no Communists in the Southern Christian Leadership Conference. Hunter Pitts O'Dell, who took the fifth amendment before the House Un-American Activities Committee, and who was identified by witnesses as a Communist Party member, worked for more than a year with King's SCLC movement. King repeatedly denied that O'Dell was connected with his organization until the facts were proven otherwise, then he admitted that O'Dell had been employed by the SCLC. When King promoted the demonstrations in Birmingham in the summer of 1963, police identified and photographed a number of known Communist and suspected Communist sympathizers in King's supporting groups. His chief of staff at that time was Wyatt T. Walker. Mr. Walker is today editorial advisor to the Progressive Labor Movement, which has been described by Mr. J. Edgar Hoover as a Marxist-Leninist group following the more violent Chinese Communist line. The fact is that Martin Luther King has been virtually surrounded by Communists or Communist-fronters since 1955. No man in America has received more praise or more space coverage in such Communist newspapers as The Worker and People's World as Martin Luther King.

The logical question follows, why would the Communists want to do this? What will they gain? The answer is that years ago a systematic plan was started by the Communists to divide the Deep South from the rest of the Nation by the very tactics they are now using. Divide and conquer. They are being eminently successful. The most disturb-

ing thing about it is that the U.S. Government knows all these facts. That the FBI has a file on King Martin Luther and all the others I have mentioned. Yet the Government helped promote the occurrences in Alabama and even had an Under Secretary of State participate on the program with known Communists. Leroy Collins, Director, Community Relations Service, U.S. Department of Commerce, participated in the march. Government officials participate in such activities, and the Justice Department assists in their promotion, all with knowledge and consent of the President.

Mr. Speaker, I implore this body to cast aside all prejudice by color—pro or con. Forget race and look at all the facts objectively. Recently the American public has been made colorblind to the point that black makes red white. America must substitute reason and fact for emotion. We must wake up before it is too late. It may be too late now.

AFFIDAVIT

I, Karl Frustron, a former counterespionage for the Federal Bureau of Investigation from 1947 to 1960, do hereby swear under oath and under penalty of perjury, that from the year 1954 through 1959, I attended five county committee meetings of the Communist Party of Santa Clara County, Calif. (A county committee meeting of the Communist Party consists of one delegate representing each Communist cell in a county.) The meetings were held during the aforementioned period in the following locations: The residence of Robert Lindsay, Communist, in San Jose, Calif., 1954; the residence of Mary Field, Communist section organizer, Palo Alto, Calif., 1958; the residence of Isobel and Edwin Cerney, both Communists, Menlo Park, Calif., 1956; the residence of Gertrude Adler, Communist, Palo Alto, Calif., 1957; the residence of Karl Frustron, counterespionage for the FBI, Los Altos, Calif., 1958; the residence of Myra White, Communist, Mountain View, Calif., 1959.

I hereby further solemnly state that at each and every meeting as set forth above, one Ed Beck, Communist, who is presently secretary of the National Association for the Advancement of Colored People of San Mateo County, Calif., and a member of the Congress on Racial Equality (CORE), presented the directive from the district office of the Communist Party in San Francisco to the effect that: "All Communists working within the framework of the NAACP are instructed to work for a change of the passive attitude of the NAACP toward a more militant, demonstrative, class struggle policy to be expressed by sit-ins, demonstrations, marches, and protests for the purpose of transforming the NAACP into an organization for the achievement of Communist objectives."

I further swear and attest that at each and every one of the aforementioned meetings, one Rev. Martin Luther King was always set forth as the individual to whom Communists should look and rally around in the Communist struggle on the many racial issues.

I hereby also state that Martin Luther King has either been a member of, or willingly has accepted support from, over 60 Communist fronts, individuals, and/or organizations, which give aid to or espouse Communist causes.

KARL FRUSTRON.
Subscribed and sworn to before me this 28th day of September 1963.

GEORGE E. SEARLES,
Notary Public.

Thriving Neo-Nazi Group Seeks Overthrow of U.S.

BY DREW PEARSON

This column has now penetrated the Mafia-like secrecy of a sinister, neo-Nazi movement that seeks to overthrow the U.S. government. Already it directs an \$850,000-a-year lobbying campaign on Capitol Hill, publishes one of America's famous old magazines, operates a publishing house, controls a dozen front organizations and last year handed out \$90,000 to candidates for Congress.

Members of this organization are not goose-stepping storm troopers like the late George Lincoln Rockwell's motley misfits, but doctors, lawyers, writers and businessmen from America's upper middle class. They belong to secret cells where they are known only by code names.

They call their subterranean society the Francis Parker Yockey Movement, named for a neo-Nazi philosopher who committed suicide in a San Francisco jail cell in 1960. But they take their credo, as Yockey did, from Adolf Hitler whose birthday they plan to celebrate with secret rites on Sunday.

They sing the old Nazi songs, hoard Nazi war relics and display the swastika at their meetings. Their slogan: "Was mich nicht umbringt, macht mich starker." Translated, this means, "What does not destroy me makes me stronger."

★

They seek the overthrow of democracy in the United States, the unification of Western Europe under a neo-Nazi dictatorship and an Armageddon with Russia. Just as Hitler boldly set forth his aims in "Mein Kampf," Yockey outlined his strategy for resurrecting Nazism in a pseudo-philosophical book called "Imperium." This has become the Mein Kampf of the new movement.

Yockey concluded: "The soil of Europe, rendered sacred by the streams of blood which have made it spiritually fertile for a millennium, will once again stream with blood until the barbarians (Russians) and distorters (Jews) have been driven out."

The Francis Parker Yockey Movement was formed after his suicide by the last man to see him alive, Willis A. Carto, founder of the Liberty Lobby, who has written that the United States made a mistake in going to war against Hitler.

Carto published Imperium and, in a foreword, he proclaimed his own strategy with startling candor.

"Those who are to save the West," he wrote, "must realize at the outset that only part of it can be saved; that much must be sacrificed and that the resulting structure will be different from the past . . ."

"And although our job is to rebuild, we must not lose sight of the reality, for we cannot rebuild until we have captured. Political power is the essential criterion, not wishes or windbags, and to the goal of political power all else must be temporarily sacrificed."

Carto's secret quest for political power has had astonishing success. While he recruited true believers into the Francis Parker Yockey Movement, he exercised political

power through a network of front organizations.

The most powerful front is the Liberty Lobby which, say insiders, raised \$850,000 last year. Through the Liberty Lobby, Carto furnished research and wrote speeches for a dozen members of Congress. He had almost the entire South Carolina delegation eating out of his hand, including Sen. Strom Thurmond, Rep. Mendel Rivers, Rep. Albert Watson and Rep. W. J. Bryan Dorn.

Several Louisiana Congressmen were also patsies for the neo-Nazis, including Rep. Otto Passman, who signed a letter soliciting subscriptions to the Liberty Lobby's newsletter; Rep. Joe Waggonner Jr., who accepted a "Statesman of the Republic" award from Liberty Lobby; and Rep. John Rarick, who spoke at several Liberty Lobby rallies.

Others who accepted awards and gave speeches for Liberty Lobby were Reps. E. Y. Berry of South Dakota, John Dowdy of Texas, James Utt of California and John Bell Williams, who quit Congress to become governor of Mississippi last year.

There is no evidence that any of these congressmen knew of Carto's neo-Nazi background, although we reported as early as Oct. 26, 1966, that Carto was an admirer of Adolf Hitler. Our charge was based upon his private correspondence, in which he called Hitler's defeat a tragedy for Western civilization.

Carto also set up the United Congressional Appeal, which raised \$90,000 for congressional candidates

Er... just a minute, man!

during the 1968 campaign. As treasurer, he personally signed the checks.

He has also purchased control of the American Mercury, a magazine whose name was once a household word in America. His Noontide Press in Sausalito publishes pseudo-intellectual, neo-Nazi books. The latest, "The Myth of the Six Million," seeks to prove that Hitler's massacre of six million Jews was all a Jewish myth.

True to his word, Willis Carto has captured enormous political power. If the Communists had ever been as successful on Capitol Hill the scandal would have rocked the nation.

His enclosure is a newspaper clipping of Drew Pearson's column, who is well known to the Bureau, and concerns Francis Parker Yockey. He was the subject of a Registration Act - Internal Security Act of 1950; Passport and Visa Matter investigation which was instituted in 1952 on allegations that he was engaged in Fascist activities on an international scale. He reportedly stated his goal was to unite all Fascists in the world. Our investigation to determine his whereabouts and activities disclosed that he was the author of several publications described as Fascist and that he had attended Fascist organization meetings in the United States.

3 Passports Jail Mystery Visitor Here

Secrecy in Arrest, High Bail on U.S. Fraud Charge

Asullen, silent mystery man, with passports showing he had flitted throughout the western world under assumed names, caused the wires to hum between here and Washington last night.

The man was identified as Francis Parker Yockey, 47, whose arrest on Federal charges of passport fraud came about by a fluke.

This is definitely a security matter. Both the State Department and the Department of Justice are interested in this man," a Government spokesman said.

FBI Silent

And the FBI would only say, "We have orders not to say anything at all about the case."

But it was learned that Yockey—the name he is currently using—is a matter of "great interest" to the Federal Government's investigative branches.

Indicative of this is the fact that he was held on the passport fraud charge on \$50,000 bail, where the usual bail is around \$5,000.

A spokesman for the U.S. Attorney's office said it would "vigorously oppose" any move for a reduction in bail when Yockey appears before the U.S. Commissioner here this morning.

Escape Try

Yockey, who claimed to be a cum laude graduate in law from Notre Dame, was arrested in an Oakland home on Monday after he tried to escape from an FBI agent.

Close-mouthed Federal officials would say only that he had flown here—from either Fort Worth or Washington—and had misplaced a suitcase.

When airline representatives found and opened the suitcase, they discovered three passports, which showed use in Germany, England and Belgium—and all under different names.

But the passport photos in all three books were those of the man calling himself Yockey.

HAND SMASHED

The FBI traced him to an Oakland residence, and went to arrest him there. Agent Robert Leonard came to the door, identified himself, and then Yockey smashed the door on the agent's hand.

Leonard needed 28 stitches in the hand, but chased Yockey to the street outside the home, where he and other agents collared the mystery man.

At his booking at the County Jail here, Yockey tried to hide his face, holding a hat in front of it for some 30 minutes.

At the time of his arrest, Yockey had \$2,300 cash on his person, and also carried press credentials from a Ger-

man magazine. The credentials carried his picture, but listed still another name.

ANOTHER NAME

Besides the discovery of the passports—made under different names—the FBI learned that when Yockey called the airline and reported his bag missing, he gave still another name.

"This is not a small fish," a Government source said last night. "This is a man that we are very, very interested in."

Sources in Detroit said a man of the same name was appointed assistant prosecuting attorney of Wayne County in 1944 after having practiced law in Mt. Vernon, Ill.

Mystery Surrounds Man Seized With Fake Passports

Mystery continues to surround the arrest here of a man with three fictitious passports and \$2,300—viewed as a security matter by both the U.S. State and Justice Departments.

He was identified as Francis Parker Yockey, 47, a 1941 cum laude graduate of Notre Dame Law School.

His arrest came about by chance, but since he was taken to custody by the FBI orders have come from Washington that the less said about the dark-haired man the better.

FEDERAL CHARGE
Yockey is being held in San Francisco on a federal charge of passport fraud. Bail was set at \$50,000—10 times the normal amount.

He appeared today before U.S. Commissioner Joseph H. Hirsch in San Francisco at a hearing on a motion to have his bail reduced.

Highlight of the brief session was when Yockey's attorney, Carl Hoppe, asked permission to have Yockey examined by a psychiatrist. With the statement, "I do not believe he (Yockey) has all his senses"

Yockey tried to fire Hoppe from the spot, but after a conference, they agreed to stay together at least through tomorrow when Karesh continued the hearing.

HEARING DELAYED
Criminal Atty. J. W. (Jake) Hirsch was at the hearing. Hoppe's request to join the case, he said. He said at present he was not a part of it.

Yockey, meanwhile, would only say "I know my rights." A spokesman for the U.S. attorney's office said he would vigorously oppose any reduction in Yockey's bail, in the name of the government's "great interest" in the matter. It was this spokesman who said "this is definitely a security matter."

Yockey was arrested Monday at the Oakland home of a

friend whom the FBI would not identify. Agents would say only that he had flown here Sunday, either from Fort Worth or Washington, and when he arrived here he discovered he had misplaced a suitcase.

Yockey telephoned the airline. Employees in Fort Worth, meanwhile, found the bag and opened it to identify it. Inside were three passports.

One had been issued to Edward Max Price in Salinas in 1954 and altered to read Edward Max Briceman, the FBI said. Another bore the name of Richard Hatch. The FBI

declined to say whose name the third passport bore. A sure, however, had Yockey's picture on them.

The FBI traced Yockey to the friend's home here, and when agent Robert Leonard came to arrest Yockey, the suspect slammed the door on his hand. Leonard, who later needed 28 stitches in his hand, chased Yockey outside where he and another agent took the man into custody.

BOOKED IN OAKLAND

Yockey was first booked in Oakland on a technical charge of failing to register for the draft, then was whisked over to San Francisco.

He held his hat over his face when newsmen tried to photograph him.

The FBI said the passports in Yockey's suitcase showed use in Germany, England and Belgium. The man also carried press credentials from a German magazine. The identification card carried his picture but another name.

When Yockey reported his suitcase missing to the airline, he gave still another name.

Yockey claims [redacted] is a writer, but refused to give a home address.

The FBI said a man with the same name was appointed assistant prosecuting attorney in Wayne County, Michigan, in 1944 after having practiced law in Mt. Vernon, Ill.

Mystery Man Seized With 3 Passports

A 47-year-old man of many names was held here yesterday in a passport-fraud case that apparently baffled even the FBI and the State Department.

Pure chance brought his arrest. His suitcase had gone astray and airline employees seeking to identify it found it contained three different passports—all with the same photograph.

He was booked as Francis Parker Yockey, a cum laude law graduate of Notre Dame, and held here while Federal officials sought to have an exceptionally high bail of \$50,000 set. "There are lots of unanswered questions, and we want to be sure he'll be around to answer them," one official said.

ESCAPE TRY

He had already made one violent attempt to escape when first being questioned at the home of an unidentified friend in Oakland, FBI agents reported.

The case of the straying suitcase began on Sunday when Yockey arrived in Oakland to visit his friend—unnamed because FBI agents believe he was not involved in any fraud.

Yockey discovered one bag was missing from his luggage, and telephoned the airline. Airline employees in Fort Worth, Texas, meanwhile, had found the missing bag and opened it to identify it.

PASSPORTS

Inside were three passports. One, issued to Edward Max Price in Salinas in 1954, had been altered later to read "Edward Max Brice-man," FBI agents and State Department officials said. They refused to reveal the names on the other two passports; but all three bore Yockey's own photograph, they said.

The airline notified the FBI, which sent agents to return the bag to Yockey on Monday at the Oakland address of his friend. Yockey tried to flee, FBI Agent Edward Cunningham said at yesterday's bail hearing before U. S. Commissioner Joseph Karesh.

FBI agent Robert Leonard tried to restrain Yockey, Cunningham said, but Yockey eluded him—and slammed door violently on Leonard's restraining hand, gash-

ing it so badly many stitches were required to close the cut. Yockey fled from the house, but agents recaptured him in the street outside.

Held on a temporary charge of failing to have registered for the draft, Yockey was transferred to custody in San Francisco yesterday on a passport fraud charge filed by State Department agents.

FBI agents said Yockey "claims to be a writer, but won't give any address." When agents first sought to question him Monday, they said, he gave his name as Richard Hatch.

Yockey interrupted yester-

day's bail hearing twice—once to shout that FBI testimony was a lie, and again to insist that "I know my rights" because he was a graduate of Notre Dame Law School in 1941. The FBI later confirmed this.

Commissioner Karesh said he would continue the bail hearing at 10 a. m. today. At one point in yesterday's proceedings he made it clear he was as puzzled as anyone else by the unusual case.

"I don't know what you may have in your minds," he cautioned the Government agents, "but to justify this kind of bail, you're going to have to make a case—on the record."

FRANCIS P. YOCKEY
Just one of his names

Assistant U. S. Attorney William P. Clancy Jr. had explained that the high bail was necessary "because of the unusual circumstances of this case." (His office later told reporters that the staff had been instructed "by Washington" not to discuss the case further.)

State Department officials here said that the passport bearing the name "Brice-man" showed its holder had traveled extensively in England, Germany and Belgium.

At the time of his arrest, Yockey had \$2300 in cash in his pockets and was also carrying press credentials from a German magazine, they said—credentials including his own picture but another alias.

Richard Auerbach, special agent in charge of the FBI here, said last night:

"You think it's a mysterious case? Well, we just wish we knew more about it, too."

Ex-Prosecutor Aide Arrested

A former Wayne County assistant prosecutor is held by the FBI under \$50,000 bond in San Francisco. Three passports, at least one falsified, were found in his luggage, the FBI said.

The man is Francis Parker Yockey, 47, an assistant prosecutor here from September until December, 1944.

The FBI explained the high bail:

"There are lots of questions that haven't been answered and we want him around."

A SPOKESMAN for the FBI in Washington said the bureau had a "whole bundle of material" on Yockey.

Yockey, who gave Manistee as his hometown passed the state bar examination Oct. 4, 1941.

He told the FBI he was a cum laude graduate of Notre Dame University law school in June, 1941.

Yockey was arrested after his suitcase was found in Fort Worth at an airline office. It was opened for identification and the three passports were found inside, the FBI said.

Yockey was seized at a friend's house in Oakland, Cal. He was arraigned on charges of making false statements on a passport and alterations of a passport.

ONE OF THE passports was issued to Edward Max Price and later altered to read Edward Max Bricemen, the FBI said. Agents refused to reveal the names on the other two passports.

State department officials said the passport bearing the name "Bricemen" showed its holder had traveled extensively in England, Germany and Belgium.

Yockey reportedly had

\$2,500 on his person and credentials from a German magazine. State department officials said the credentials had Yockey's picture but another alias.

THE FBI said Yockey claimed to be a writer and refused to give his address.

Yockey was a political appointee as assistant prosecutor under William E. Dowling. He was assigned to the criminal division, at a \$3,000 salary and raised after a month to \$4,500, according to county civil service records.

He resigned, apparently because Dowling had been defeated for re-election and it was apparent that Dowling's successor, Gerald K. O'Brien, had planned to replace him.

Yockey gave 705 Trumbull as his address when appointed.

Francis Parker Yockey, 47, is shown after his arrest in San Francisco on charges of passport fraud. The arrest came about by a fluke through a misplaced suitcase. It was discovered that Yockey, a silent, sullen, mystery-man, had three passports showing use in Germany, England and Belgium, all in different names. He is being held on \$50,000 bail on a charge in which the usual bail is \$5000. A Federal official said, "This is not a small fish... this is a man we are very, very interested in."

Sister Visits Mystery Man

SAN FRANCISCO, June 11 (AP). Francis Parker Yockey, 47, a mystery man held in San Francisco on a passport fraud charge, was visited by his sister in city prison today. She left his cell 20 minutes later in tears, crying "I don't know" to reporters' questions.

The sister, Mrs. William Coyne, wife of Navy Commander Coyne of 9202 Cedar lane, Bethesda, Md., flew into San Francisco and visited the prison accompanied by her brother's chief attorney, Carl Hoppe, who is in civil practice in San Francisco.

Mr. Hoppe interjected "no comment" to all questions addressed to Mrs. Coyne. But she did answer, "I don't know," to such questions as to how long she intended to stay here and whether she would attend legal proceedings involving her brother, a one-time legal expert at the war crimes trials at Nuremberg, Germany.

Mr. Yockey is described in B'nai Brith Anti-Defamation League files as an associate of anti-Semites and author of a "master thesis on Fascist strategy," called "Imperium" and published in London.

Mr. Yockey, going under another name, was arrested by the FBI at the home of a synagogue religious educator, Alex Scharf, in Oakland Monday after a suitcase he had claimed at an airline was opened. The FBI said three passports made out in different names bearing Mr. Yockey's picture were in the suitcase.

Mr. Yockey, who is charged with both passport fraud and resisting an officer, is sched-

uled to appear before United States Commissioner Joseph Karesh Monday for argument on a defense motion to reduce bail, now set at \$50,000. Mr. Hoppe has said he may decide

- to have a psychiatrist examine his client.
- Mr. Yockey threatened to dismiss Hoppe as his attorney.
- when the motion was first made.

Both Sides Favor Yockey Mind Test

Consideration of Francis Yockey's plea for a bail in his unusual \$50,000 bail, which has kept him in jail on passport fraud charges, was delayed another 24 hours yesterday to let him switch counsel.

And tomorrow, the U. S. Attorney's office announced, will ask a Federal District Court judge to have the allegedly Fascist-minded attorney's head examined.

Assistant U. S. Attorney William P. Clancy Jr. said Yockey's courtroom conduct plus his 1943 Army discharge as a case of "dementia praecox, paranoid type" make a mental test wise.

ATTORNEY AGREES

In this, he has the enthusiastic backing of Yockey's own attorney of the moment, Carl Hoppe, and U. S. Commissioner Joseph Karesh, who said he was going to suggest the prosecution didn't. Yockey, arrested in Oakland June 6 by the FBI after his baggage turned up three passports under assumed names and indications of lots more, has a record of Nazi and Fascist sympathies. According to the B'nai B'rith Anti-Defamation League.

In yesterday's session before Commissioner Karesh, he complained about laundry facilities in the county jail. City facilities in the U. S.

Marshal's cage at the Post Office building, alleged inability to get in contact with his attorneys, and some trouble about seeing his two sisters who have rushed to his aid.

MAD AT TV

He also banned television cameramen from the hearing—until a former ground crewman for the German Luftwaffe assured him in German:

"It's all right. You are among friends."

Yockey promptly bestowed exclusive further picture rights upon the cameraman, Bernie Rausch, who fled Germany under a Nazi death sentence and now is an American citizen. He is employed by station KPIX.

For the rest of the press corps, the 47 year old mystery man had one comment, after being asked if he has ever been to Russia:

"You dirty swine, get out of here."

Hoppe at the outset asked permission to withdraw as Yockey's counsel, pointing out: "I'm a patent lawyer without any experience in this matter at all." Later, attorney Emmet Hagerty showed up and said he may take over the case.

Yockey, complaining that he hasn't had a chance to wash the white shirt he has

Each was armed with a well thumbed copy of the U. S. Constitution. And after the new delays were agreed upon, Mrs. Coyne leaped to her feet and waved one.

"According to the Constitution," she said, "no one shall be held upon excessive bail. And there is nothing in the Constitution about a mental examination."

DEAD ISSUE

The commissioner explained that since the first request for a mental examination came several days ago from Yockey's own attorney, and the continuances also had been upon defense request, the question of reducing bail was a dead issue—for now.

Yockey was arrested at the Oakland home of Alexander Scharff, who until recently was principal of the religious school at Temple Beth Abraham.

Scharff has vanished. An investigative source said his disappearance has not been explained, and theorized that Yockey had wormed his way

into the missing educator's home through letters from a mutual acquaintance in western Europe.

New Charges Fly In Passport Probe

The Government and the man of many passports, Frank Parker Yockey, argued themselves to a legal standstill again yesterday.

A Federal prosecutor said the flamboyant traveler should stay under \$50,000 bail and get mental tests because, among other items, he planned a County Jail break yesterday morning and has threatened suicide twice.

Between them, Yockey and his new attorney called those claims a tissue of tripe and argued with spirit for a moderate bail that can get him out of prison until his trial on charges of passport fraud.

As the 47 year old attorney, tagged by the Anti-Defamation League as a leading Fascist of the day, solemnly advised U. S. Commissioner Joseph Karesh:

"Somebody is not telling the truth."

The net result was one more day of postponement. This morning, Karesh again will tackle Yockey's application for a bail cut. An hour later, Federal District Judge William T. Sweigert promises to rule on the Government's bid to have the prisoner's identity checked.

Also today, the Federal grand jury will start considering the case of Yockey, consistent traveler to far-off places whose mislaid baggage was found accidentally to contain three passports with his picture but with three other names.

AFTER TRANSFER

The day after his arrest, Yockey voiced suicide intentions in Oakland City Prison, according to the prosecutor, and a possible death weapon was found—a comb with its teeth removed.

Another death wish was uttered, said Clancy, after his transfer to the County Jail here. But the summit of his planning, alleged the Federal attorney, was an escape attempt that flopped because the co-conspirators he recruited told it all immediately to the FBI.

Clancy said Yockey proposed to free one fellow Federal prisoner from County Jail on \$1,000 bail, with the assignment of getting a gun and hiding by the County Jail entrance in Dunbar Alley.

He was to waylay the U. S. Marshal's assistants when they came in their van for the daily pickup of Federal prisoners headed for court appearances. Yockey and his second pal were to make a run for it.

The mystery man's pen

pals were identified to The Examiner as Jack Fambrough, 27, and Phillip Galati. Fambrough, confessed participant in a holdup of the Oakland Army Terminal PX, was due for sentence yesterday but the case was postponed to today.

NEW ATTORNEY

For his new attorney yesterday morning, Yockey had Emmet Hagerty, a veteran criminal attorney. He took over from Carl Hoppe, who had pleaded all the time that he was a patent attorney and inexperienced in matters of this sort.

SISTER SUMMONED

Among those for whom subpoenas were issued, the Examiner learned, were Alexander Scharff, the Jewish religious teacher in whose Oakland home Yockey was arrested June 6, and one of Yockey's sisters, Mrs. Alice Spunk, a Gilroy hospital X-ray technician.

Scharff is missing. Yockey claimed in court yesterday that the FBI has seized him. If so, the FBI hasn't told the subpoena servers, who were unable to find Scharff anywhere.

Mystery Man Suicide

FRANCIS P. YOCKEY, shown at left, committed suicide with poison in his cell in county jail here early today as he awaited federal hearing and trial for possession of several passports bearing different names. He left behind a note, found alongside his body, which is reproduced above. The mystery man hinted in

the last sentence that there was an unidentified person allied in some strange intrigue. Yockey had been refused release on heavy bail because U. S. attorneys had warned federal court that Yockey previously had threatened suicide. He had been searched for poison before death but no trace was found.

Passport Mystery Man Kills Himself

Francis P. Yockey, 43, the passport mystery man, committed suicide in jail here last night.

His death—by poison—was as puzzling as his life.

A taunting suicide note scribbled in pencil said only this:

"I shall write no message, which I know will never be delivered—only this, which will be:

"You will never discover who helped me, for he is to be found in your own multitudinous ranks, at least outwardly."

He thus hinted again in death, as he had in life, at some strange intrigue.

FBI AND STATE Dept. agents immediately entered the investigation because Yockey was being held on a passport-fraud charge, a federal offense.

His death at first had the appearance of being natural; Yockey was stretched out on his cot as if asleep.

No bottles or other possible containers of poison were found.

Yockey wore underwear and shoes.

And then the note was found beneath a blanket folded carefully under the dead man's head.

the type given prisoners to write letters.

Deputy Coroner James Prideaux then found the inside of Yockey's lips had been seared or dehydrated, indicating he had taken poison. Exactly what kind will be found by autopsy.

As a precaution against suicide, Yockey had been searched only two days before, and his death only deepens the mystery surrounding his life.

HE HAD been moved to a new cell after the police learned of earlier suicide threats and an escape plot.

Because of this, everything he could use for suicide had been taken from him and he had been placed where jailers could keep eye on him.

Yockey, a former assistant district attorney in Detroit, had been arrested in Oakland June 6 on passport charges.

SEVERAL PASSPORTS under different names had been found in his luggage. He also had several birth certificates.

He was picked up at the home of Alex B. Scharf, 465 Bellevue ave., Oakland, another mystery man in the case.

Yockey's relationship with Scharf has never been explained.

Scharf was a teacher in an East Bay Jewish school, while Yockey had a reputation as a man of Nazi sympathies.

SCHARF HAS been missing since Yockey's arrest.

A subpoena was issued for him by the federal grand jury, which is attempting to make some sense out of the case, but bailiffs could not find him.

Scharf, reportedly a Czechoslovakian citizen, came here after World War II and entered Hebrew education.

His job was as an instructor at Temple Beth Abraham's school in Oakland. His work was unsatisfactory and the school had determined to release him even before his involvement with Yockey.

BOTH THE FBI and the S. attorney's office still refuse, even after Yockey's death today, to give more than bare facts on his life. On grounds that others may be involved in whatever engaged Yockey.

The FBI, however, supplied this biography:

Yockey was born Sept. 18, 1917, in Chicago.

Universities he attended were Michigan, Arkansas, Georgetown, Depauw, Northwestern and Notre Dame.

He got his law degree from Notre Dame—cum laude, with honors—and started practice in Detroit.

YOCKEY WAS in the Army in 1942-43, in the Detroit prosecuting attorney's office after that, and then a few months in a government job in 1945.

He was with the Army judge advocate's office in Germany in 1946, and in London, 1947-49.

In the early '50s, Yockey

was with the American Red Cross in Germany.

He later served with the Red Cross at Fort Custer, Mich., and Fort Hood, Tex. YOCKEY SAID he had worked for the War Dept. during the Nuernberg war crimes trials.

The Jewish Anti-Defamation League charged Yockey came here to contact ultra-right-wing and anti-Semitic elements.

It was broadly hinted here he might be involved in some sort of international Fascist organization.

The mystery man's death was discovered this morning by his cellmate, Adam Nisman, 55, awaiting trial for theft.

Neo-Nazi's Jail Death Poses New Mystery

A self-styled neo-Nazi died in an apparent suicide in his San Francisco jail cell yesterday under circumstances which posed new mystery for FBI agents who had arrested him June 6 for passport fraud. Francis P. Yockey, 47, had repeatedly predicted he would kill himself. Jail officials said they didn't know how he secreted the potassium cyanide which Acting Coroner Paul Green said caused death.

He was found dead on his cot, his arms folded across his chest. Jail physicians said his lips were seared by the cyanide, a traditional method of suicide by the old Nazi hierarchy. But they said extensive pathological tests would be needed to determine how much was used and in what form. In San Francisco shortly after her brother's arrest, Mrs. Coyne told reporters she had heard only infrequently from Yockey over the past 10 years and that much of his time had been spent in Europe on missions he never described to her.

His arrest in Oakland was touched off by the discovery in a piece of his luggage. Three passports bore his picture but each was issued in a different name. There were seven birth certificates, \$2800 in cash and \$850 in travelers checks. An FBI agent was badly gashed in a scuffle attending Yockey's capture. Another mysterious development involved the disappearance yesterday of Yockey's roommate, Alex B. Scharf, described as a material witness in the case. Scharf had been teaching Hebrew culture for the past year in an Oakland congregation, Temple Beth Abraham.

**MAN HELD IN FRAUD
 IS SUICIDE ON COAST**

SAN FRANCISCO, June 17 (UPI)—Francis P. Yockey, a former Midwest lawyer, killed himself today in his jail cell, where he was being held on charges of passport fraud.

A note left by the 47-year-old former Assistant District Attorney in Detroit said:

"I shall write no messages, which I know will never be delivered—only this, which will be: You will never discover who helped me, for he is to be found in your own multitudinous ranks, at least outwardly."

Yockey was arrested by the Federal Bureau of Investigation on June 6 and held in lieu of \$50,000 bail after three passports bearing his picture and these names were found in a suitcase belonging to him. William Clancy Jr., Assistant United States Attorney, said:

"This appears to be a systematic and well-planned operation in passports, the purpose of which we do not know."

F. B. I. agents said Yockey had used the passports on trips to Germany, England and Belgium. Deputy Coroner Paul Greene said a tiny dose of cyanide killed Yockey.

A cellmate, Adam Nieman, said Yockey had told him he would kill himself and that he apparently feared he might reveal information about associates.

IND PASSPORT MYSTERY MAN DEAD IN CELL

Probe Possible Link to International Plot

San Francisco, June 17 (Special)—The life of Francis P. Yockey, 47, passport fraud suspect, ended Friday as he had lived it—shrouded in mystery—as committed suicide in a jail cell without known reason while authorities probed his possible connection with international intrigue.

Yockey

Yockey, who had been held in city prison since his arrest by federal agents in Oakland on June 6, was found dead in his cell. Coroner Paul Green said he killed himself with cyanide.

But his death didn't stop an extensive investigation into his background. It was learned that a federal grand jury here has no intention of ending the inquiry begun with his arrest, and that it will continue on the theory others may be involved in a passport ring with sinister implications.

Study His Travels

Agents of the Federal Bureau of Investigation, state department, United States attorney's office, and police lived anew into Yockey's record of wanderings in European countries and reports

of neo-Nazi writings and associations with fascist groups.

Yockey's sister, Mrs. William D. Coyne, wife of a navy commander stationed at Bethesda, Md., said her brother was "not an anti-communist," and that he "was an anti-Zionist."

FBI agents found in Yockey's luggage three passports and seven birth certificates, all bearing different names but with his photograph on all of the passports.

High Bail Stirs Interest

Yockey was visiting at the home of Alexander Sharff in Oakland when federal agents seized him. It was reported that Sharff has since disappeared and is being sought. The high bail of \$50,000 set in federal court to guarantee Yockey's appearance on a charge of passport fraud aroused interest in his background.

He said he was a cum laude graduate of the University of Notre Dame law school in 1941. He also had been a student at Georgetown university.

He served as an assistant county prosecutor in Detroit and was an assistant prosecutor in the Nuremberg war crimes trial. He was said to have written six books, mostly concerning trends in governments. He was in Chicago in 1947 and was then reported to be living at Godfrey, Ill.

Sister Kept in Dark

His whereabouts in the following years was obscure. His sister, who came here and visited him in jail after his arrest, said she hadn't heard from him for 10 years but "guessed he was in Europe." She didn't know where he got money for his travels. She said he spoke French, German, and Italian fluently.

"He was an anti-Zionist but not an anti-Semitic," she said. "He was aware of everything that went on in the world."

He was not an anti-communist. He felt that Russia has a role to play in world

history. He felt that every country has a destiny. One of his books was entitled "American Destiny."

Final Note Puzzling

Federal agents gave no indication they have been able thus far to solve the mystery of Yockey's life. Even a note Yockey left was strange. Written on a torn piece of foolscap, it read:

"I shall write no messages which I know will never be delivered—only this which will be: You will never discover who helped me, for he is to be found in your own multitudinous ranks, at least outwardly."

Man of Many Names:

Nazi Prophet?

By DAVE BRANTEN

San Francisco, June 18—An enigma alive, Francis P. Yockey, dead, is even more a mystery man.

A sister calls him "a true philosopher."

A friend says "the world has lost a man whose ideas will be remembered until Western civilization is exterminated."

A critic says he was "closely connected with the insurgent Nazi movement in West Germany."

And Federal officials say they aren't quite sure what Yockey was, but they know he had three passports, German press credentials and seven birth certificates when he was seized

June 6 by the FBI. By way of explanation, the sister, Mrs. William P. Coyne, says:

"Maybe he thought three passports were better than one."

Yockey, held in the high bail of \$50,000 for passport fraud, was found dead early yesterday in his City Jail cell. At first death was thought to be from natural causes, but examination showed he had taken a potassium cyanide capsule—the method used by Hermann Goering.

Nearby was a note, compounding the mystery that surrounded him for many of his 47 years. It read:

The Passport Mystery

New Link to Yockey Sought in Israel

Federal authorities reached half way across the world today in an attempt to get some of the answers to the strange life and death of Francis P. Yockey, the passport mystery man.

They'll seek information in Israel regarding the whereabouts of Alex B. Scharf, missing key witness in the Yockey case.

YOCKEY was arrested at the Oakland home of Scharf, a teacher in a Jewish religious school, who was gone when FBI agents went back to ask questions.

Asst. U. S. Atty. William F. Clancey said the search for Scharf turned up the name of William Slomovich, 35, onetime San Jose court reporter and reputed "close associate" of the missing man.

Clancey said agents seeking to question Slomovich found he had sailed from New York last week on a ship bound for Haifa, Israel.

CLANCEY SAID he has asked State Department representatives to be on hand when the ship docks to seek an "interview" with Slomovich.

He said they hope he may have some idea of Scharf's whereabouts.

Clancey said there was no reason to believe that Scharf himself had fled to Israel

and that he personally doubted the missing man would want to get that far away from the United States.

"You know he's an alien (Scharf was born in Czechoslovakia)," Clancey said, "and he would find it difficult if not impossible to get back in the country if he left under these circumstances—and he likes it here."

YOCKEY A neo-Fascist, had hinted before his death that he might be engaged in some sort of international intrigue.

His arrest was brought by the fact he carried several passports under different names.

Last Friday he was found dead of poison in the county jail, where he was being held pending a mental examination.

Yockey's Pal Says He'll Talk---Later

Alex B. Scharf said in Havana, Cuba, yesterday that he could and would—at the right time—explain the mystery of his late pal, Francis P. Yockey, the neo-Nazi who swallowed cyanide here two months ago.

But Scharf wasn't saying when the right time will be. Nor did he say when he planned to return from Cuba.

Federal officials want to talk to Scharf about Yockey's passport frauds and anything else they can learn about the mysterious neo-Nazi.

They would like to learn, too, if Scharf knows how Yockey got the cyanide with which he committed suicide in the San Francisco County Jail.

The FBI arrested Yockey in Scharf's apartment in Oakland. The next day Scharf disappeared.

The big puzzler was what could have been the bond between Yockey, author of books extolling Naziism, and Scharf, teacher at a Jewish school and said to be a survivor of the Auschwitz concentration camp in World War II?

CAUGHT AND CAGED

His movements in Europe from 1951 to 1960 are unknown. Most of his friends believed he must have been killed. But on June 9, 1960 the San Francisco Bay Area papers screamed the headline news that a "mysterious stranger" had been picked up in Oakland on June 6 with three passports! The FBI, State and Justice Departments were intensely interested, it was reported. He was held for \$50,000 bail. His name? *Francis Parker Yockey!*

From the start, the affair was headline news in San Francisco. *But it was all efficiently suppressed in other sections of the country.*

Next began a fantastic series of illegalities and violations of due process of law unparalleled in the U.S. since the Atlanta synagogue bombing, when five youths were almost "legally" lynched for bombing a synagogue actually bombed by an agent of the ADL. (All this was reported in RIGHT 38, 39, 40, 41, 42.) Here are a few of the illegalities and civil rights violations that Yockey suffered: (1) The FBI arrested him without a warrant, violating the 4th Amendment. (2) His bail was set at \$50,000 by Judge Joseph Karesh, an ordained rabbi. (At one time Karesh said he wished it was \$150,000.) The 8th Amendment bars excessive bail. Normal bail for passport fraud—the only charge against him—is \$5,000. (3) He suffered cruel and unusual punishment in the County Jail. (4) The papers accused him of doing things he never did and saying things he never said, whipping up public hatred and ridicule of him. (5) He was denied interviews with friends and even his sisters had to receive special and begrudging permission to see him.

PUNISHMENT

His first attorney, a well-meaning but ignorant patent lawyer—a friend of the family—pulled the biggest boner. Having had two relatives "cured" in insane asylums, and unable to comprehend a man with an intellect infinitely superior to his own, he suggested to rabbi Karesh that Yockey needed a mental examination. This was the chance that rabbi Karesh was looking for. "The merits of the case have nothing to do with it," he agreed, "This man needs a mental examination."

In an effort to justify these and other brazen illegalities, and trying to whip up public ignorance of the Yockey affair, Stanley Jacobs, official of the San Francisco Anti-Defamation League, publicly branded Yockey a "top fascist" who was "pro-Russian and anti-American." He was widely quoted.

Then another bombshell. It was revealed that the friend at whose home Yockey was captured was Alex Scharf, former Auschwitz prisoner who had escaped the "gas chambers." Mystified reporters wondered how "anti-Semite" Yockey could have a confirmed Semite for a friend. The ADL had no answer.

2 As Yockey lay on his cot in jail, he must have considered his predicament as objectively as he could. The pattern had now become clear; his fate was planned. *No jury trial was to be allowed.* He had counted on a jury trial. Instead, he was to be declared insane and indefinitely held. He could expect unending grilling—mental torture and perhaps physical torture, too, and finally . . . a frontal lobotomy; his mind sterilized. Worst of all, he thought, there is the public scorn. For a man like Yockey, ridicule was unbearable.

What hope had he? No newspapers outside of San Francisco were carrying the story. He was denied elementary civil rights that every Communist received. No one seemed to care; he was cut off from the outside, lonely, forgotten.

ESCAPE

He still had a trump card. Should he use it? He could escape his persecutors this way, and cheat them of their feast. In any event, he had made his contribution to the world with his book. His suicide would attract some attention; perhaps some people would wonder why a man would die for his beliefs and investigate by reading his book!

He made his decision, and his jaw set. He turned toward his cellmate and cryptically said, "I'll sleep through 'til morning."

The lights went out at nine, that Thursday evening. In the dark he felt for the hidden capsule. Yes, it was still there. Potassium cyanide is very quick.

ANTHEM

The following morning his sister was told. With a heart full of agony she murmured, "He felt that he was not going to receive a fair trial . . . and he was right. Now—all of that talent and brilliance—gone!"

Although the tragic death of Francis Parker Yockey has enabled the ADL to finally close its bulky file on him, it is Pyrrhic victory. For his death has made Yockey a martyr to the ideas for which he sacrificed his entire life, and these ideas would not die if there were a thousand ADLs. They will live on, rooted and nourished now in an ever-increasing number of minds until the outcome of the final battle of the Western world either assures them of everlasting triumph or obliteration.

The world already owes a great debt to Francis Parker Yockey. Let his noble life be an example to inspire our own nobility and his tragic death be a rebuke to our own cowardice and guilt. And let his watching spirit witness our perpetual and increased hostility towards the "inner enemy" which, by killing Yockey, gives birth to a brighter fire of self-sacrifice for ourselves.

Oh God, may his great, troubled soul, purged now of the self-assumed burden of responsibility he bore, at last find the peace and rest he never thought of seeking in life.

FIND PASSPORT MYSTERY MAN DEAD IN CELL

Probe Possible Link to International Plot

San Francisco, June 17 (Special)—The life of Francis P. Yockey, 47, passport fraud suspect, ended Friday as he had lived it—shrouded in mystery—as committed suicide in a jail cell without known reason while authorities

Yockey

probed his possible connection with international intrigue.

Yockey, who had been held in city prison since his arrest by federal agents in Oakland on June 6, was found dead in his cell. Coroner Paul Green said he killed himself with cyanide.

But his death didn't stop an extensive investigation into his background. It was learned that a federal grand jury here has no intention of ending the inquiry begun with his arrest, and that it will continue on the theory others may be involved in a passport ring with sinister implications.

Study His Travels

Agents of the Federal Bureau of Investigation, state department, United States attorney's office, and police dived anew into Yockey's record of wanderings in European countries and reports of neo-Nazi writings and associations with fascist groups.

Yockey's sister, Mrs. William D. Coyne, wife of a navy commander stationed at Bethesda, Md., said her brother was "not an anti-communist," and that he "was an anti-Zionist."

FBI agents found in Yockey's luggage three passports and seven birth certificates, all bearing different names but with his photograph on all of the passports.

High Bail Stirs Interest

Yockey was visiting at the home of Alexander Sharff in Oakland when federal agents seized him. It was reported that Sharff has since disappeared and is being sought. The high bail of \$50,000 set in federal court to guarantee Yockey's appearance on a charge of passport fraud aroused interest in his background.

He said he was a cum laude graduate of the University of Notre Dame law school in 1941. He also had been a student at Georgetown university.

He served as an assistant county prosecutor in Detroit and was an assistant prosecutor in the Nuremberg war crimes trial. He was said to have written six books, mostly concerning trends in governments. He was in Chicago in 1947 and was then reported to be living at Godfrey, Ill.

Sister Kept in Dark

His whereabouts in the following years was obscure. His sister, who came here and visited him in jail after his arrest, said she hadn't heard from him for 10 years but "guessed he was in Europe." She didn't know where he got money for his travels. She said he spoke French, German, and Italian fluently.

"He was an anti-Zionist but not an anti-Semitic," she said. "He was aware of everything that went on in the world."

"He was not an anti-communist. He felt that Russia has a role to play in world

history. He felt that every country has a destiny. One of his books was entitled 'American Destiny.'"

Final Note Puzzling

Federal agents gave no indication they have been able thus far to solve the mystery of Yockey's life. Even a note Yockey left was strange. Written on a torn piece of foolscap, it read:

"I shall write no messages which I know will never be delivered—only this which will be: You will never discover who helped me, for he is to be found in your own multitudinous ranks, at least outwardly."

A Multi-Passported Suspect Dies in Jail

San Francisco, June 17 (special).—A mysterious traveler, arrested 10 days ago with seven birth certificates and three passports containing his photograph, each in a different name, was found dead today in his cell.

The man with all the documents, Francis P. Yockey, 47, one-time assistant county prosecutor in Detroit, had been held in the city jail here under \$50,000 bail for trial on passport fraud charges.

Deputy Coroner James Prideaux said Yockey appeared to have poisoned himself.

Tried to Escape

Yockey, a native of Manistee, Mich., and a graduate of Georgetown and Notre Dame Law School, was picked up in Oakland June 6 by the FBI. He tried to escape from Agent Robert Leonard by slamming a door on the G-man's hand.

The FBI said Yockey had used the passports on trips to England, Belgium and Germany. There was no indication of the purpose of these trips.

Yockey's body was found this morning by his cellmate, Adam Nieman, 55, who is awaiting trial for theft.

Note in Blanket

In the folds of the blanket covering Yockey was an unsigned note. It said: "I shall write no letters, which I know will never be delivered—only this which will be: You will never discover who helped me, for he is to be found in your own multitudinous ranks, at least outwardly."

Yockey, discharged from the Army in 1943 on psychiatric grounds, had been ordered by Federal Judge William Sweigert

Rebulet to New York dated February 18 1958 with 2

to the identity of "The Patriot", other than [redacted]
[redacted] of San Francisco, California.

b7D

For the information of the Bureau and interested
offices, it is to be noted that a logical suspect in this case
is FRANCIS PARKER YOCKEY, for the following reasons:

Handwritten:
100-44748

1. In the leaflet entitled, "Dear Fellow American",
paragraph 1, the writer of this leaflet claims
to have had four years in college.

College graduates in the "hate field" are very
few. YOCKEY is a graduate of Notre Dame Law
School.

2. The leaflet entitled, "Newsletter", paragraph 5,
line 4, states in part, "I knew personally
Germany several Jews...."

YOCKEY has spent considerable time in Germany in recent years.

3. This material, which is very well written, is very similar to YOCKEY's intellectual type writings.

YOCKEY's whereabouts are unknown; however, it is noted that YOCKEY has been reported to have returned to the United States from Europe in late 1957, but efforts to locate YOCKEY to date have been unsuccessful.

Los Angeles and San Francisco have outstanding leads in an effort to identify persons in that area as possibly being identical to YOCKEY. Los Angeles and San Francisco also have outstanding investigation in captioned matter.

If deemed necessary, Chicago will furnish Memphis with background information regarding YOCKEY.

It is suggested that every effort be made to locate YOCKEY so that he may be interviewed regarding captioned matter, as well as other matters. Instructions regarding a contemplated interview with YOCKEY are being furnished to the Los Angeles and San Francisco Offices under separate caption entitled, "FRANCIS PARKER YOCKEY".

AT AUGUSTA, GEORGIA

Will contact logical informants and sources in an effort to identify the person who may have corresponded [REDACTED] by letter dated December 31, 1957, as set out on Pages 16, 17 and 18 of instant report, it being noted that a copy of the "Augusta Courier" was enclosed in said letter. b7c

THE BOSTON DIVISION

COVER PAGE

Me#105-390

that by letter dated February 9, 1959, in instant case, Houston advised Boston that a letter postmarked Portland January 6, 1959, was sent to [REDACTED], Houston. For additional information of Boston, by air-tel dated March 9, 1959, to Bureau, Houston advised that the FBI Laboratory has concluded that the known handprinting of [REDACTED] was prepared by the same person.

b7c

AT BOSTON, MASSACHUSETTS

* Will contact indicated confidential sources in an effort to identify instant group, it being noted that [REDACTED] claimed to have gone to a convention of instant group in Boston around 1957.

b7c

THE CHICAGO DIVISION

AT CHICAGO, ILLINOIS

1. Will continue its investigation to determine if there is any connection between [REDACTED] and instant organization.

b7c

2. Will conduct similar investigation concerning [REDACTED] and [REDACTED] and FRANCIS PARKER YOCKEY, all logical suspects in instant case, all in accordance with comments of the Chicago Division in its air-tel dated March 5, 1959, directed to Bureau, Los Angeles, New York, San Francisco and Memphis.

b7c

3. Will also cover and report leads originally set out for Chicago in report of SA [REDACTED] dated 1-19-59 at Memphis.

b7c

THE DALLAS DIVISION

AT DALLAS, TEXAS

Will exhibit a photo [REDACTED] enclosed herewith, [REDACTED] for the purpose of determining if he could in any way be identical [REDACTED] described in detail in Dallas letter to Bureau, copy to Memphis, dated February 27, 1959, and described beginning on Page 14 of instant report.

b7c
b2
b7D

THE HOUSTON DIVISION

AT HOUSTON, TEXAS

Will cover and report all leads set out for Houston as described in report of SA [REDACTED] dated February 27, 1959 at Houston.

b7c
b7D

3. Will direct [REDACTED] to write to [REDACTED] Houston, in response to the request of "The Patriot," received [REDACTED] on February 16, 1959, wherein the sender of the material stated [REDACTED] "We would like to hear from you to learn whether or not you are still with us."

b2
b7D
b7c

THE LOUISVILLE DIVISION

THE NEWARK DIVISION

AT UNION, N. J.

1. Will continue its efforts to show any connection of the Christian Education Association, Box 807, Union, N. J., and its publication, "Common Sense" with instant organization. It will be recalled that instant organization included a subscription to "Common Sense" to all new members. While it is realized that the names of individual subscribers will not be too significant, the names of those subscribers, receiving multiple copies or bundles, might be logical suspects as leaders of instant organization. Moreover, it appears [REDACTED] is giving unsolicited subscriptions to "Common Sense" to some of his contacts. b7c

2. Newark will, through cooperation of U. S. Postal officials, obtain a list of subscribers of Common Sense, particularly being alert to those receiving multiple copies. [REDACTED] Memphis, advised that any publisher of a paper such as "Common Sense," in order to get third class mailing privileges, will have to file with the Postmaster from which such papers are mailed a list of subscribers, otherwise the papers will have to be delivered in bulk by the publisher to the Post Office for mailing. In either event it appears that the Newark Division may be able to get a subscription list of this paper. b7c

Literature of group calls for racial purity; as against any racial inter-marriage and claims physiological inferiority of Jews and Negroes; calls for a new form of government, an autocratic and aristocratic kingdom, severely regimented and ruled by racially pure Gentiles; claims world wide Jewish conspiracy aimed at ruling world and crushing Gentile opposition exists. One instance noted in June, 1958 where literature, same as used by instant group, mailed anonymously from Louisville, Ky. to individual in Nicholasville, Ky. Prior to February, 1958, [redacted] in Dallas, Texas area was attempting to organize an underground anti-Semitic and anti-Negro organization, which bore many similarities to instant group. DETAILS: INFORMATION RE RECENT MAILINGS OF "THE PATRIOT"
LITERATURE FROM MEMPHIS, TENNESSEE TO LITTLE ROCK, ARK.

On December 31, 1958, Memphis Confidential Informant [redacted] furnished the following described material which [redacted] received in response to [redacted] sending a letter dated December 4, 1958, addressed [redacted] Houston 29, Texas. This material received [redacted] consisted of an envelope addressed [redacted] at Little Rock and postmarked December 29, 1958, 1:00 PM, Memphis. Contained in this envelope was a typewritten, single spaced letter dated December 27, 1958, addressed "Dear Friend," which was unsigned but which was closed with the typewritten words "Cordially JOE C." The "Dear Friend" letter stated that the writer and his group, not further identified, could state with the utmost certainty that all opponents of the "The Conspiracy" are going to be bankrupted, jailed and otherwise eliminated; that all open organizations are infiltrated by the agents of The Conspiracy, and that the work [redacted] was then doing in Little Rock is necessary insofar as open organizations are concerned, but now [redacted] has helped to "get the ball rolling there", [redacted] is needed for the next step. The writer further told [redacted] he could get in on the ground floor of what well may prove to be the most exciting, the most fascinating, the most beneficial, and most rewarding enterprise in all of history. The letter continued:

b2

b7D

"We have our eyes far into the future. We are preparing for the brief moment when our people have finally seen the Monster, as he is locking the prison door upon our horrified people, to destroy us at his pleasure. There will be that brief moment of decision. We must be ready and out of sight of the Monster. At that moment we will rally our enraged, but leaderless, bewildered people and destroy the Monster in a brief, but final outburst.

"The Battle of Little Rock is merely a tiny fore-taste to the hell which is to follow in ever-increasing doses. Let us prepare now for the battle to save our people and lead them to a new and much better world of the future. You can take an important part in this crusade.

"A man cannot engage in our work without the active approval of his wife. We are sure that if you supply her with the proper truth-revealing publications, she will support your new enterprises. She should not be informed about the names of the men you deal with, but she should know and understand the situation we are in, and be proud that you are contributing so selflessly to righting the great evil.

Me#105-390

"You must proceed along our lines with the utmost, revealing nothing to those who are not in sympathy with us. If you preserve your security, you will be safe from the harrassment of the powers-that-be.

"Good luck and Happy New Year!

Cordially,
Joe C."

[redacted] previously reported that [redacted] Houston, Texas, is a "mail drop" used by instant organization in initiating communications.

b2
b7D

On January 7, 1959, [redacted] furnished additional material recently received by him anonymously through the mail consisting of an envelope addressed to [redacted] Little Rock, post-marked January 6, 1959 at Memphis, Tennessee. This was a manila envelope approximately seven and one-half inches by ten and one-half inches and contained three pages of literature entitled "Our Program." The program is not being quoted hereinafter as it is identical with a printed sheet previously received [redacted] and reported in detail previously in instant investigation.

b2
b7D

On January 16, 1959 [redacted] advised that he had just received a newspaper entitled "Common Sense," dated November 15, 1958, printed in Union, N. J., and that this was Issue #312. He exhibited a picture of MENACHEM BEIGIN, which appeared therein, as a person who looked similar to the individual who had originally represented himself as [redacted] of Memphis, Tennessee, and who had contacted [redacted] in Little Rock, Arkansas in the Fall of 1958 in an effort to organize instant organization.

b2
b7D
b7C

On January 21, 1959, [redacted] advised that he had just received a letter addressed to him, postmarked Memphis January 20, 1959 at 4:00 PM. This envelope contained a letter entitled "The Wheel Keeps Turning," written under the pen name of "The Patriot." There were three copies of this item in the envelope. The text of this letter reads as follows:

"Conceived amid tyranny, our nation was born in revolution, and grew to manhood as a federal republic of states united. Our now senile, doddering republic of states is steadily withering toward centralized ostensible mobocracy--all in the sweet, beguiling name of Democracy. But, as occurs inevitably, our irresponsible, blind, rapacious mob has been slyly herded into the milking-shed, the shearing-shed, and the slaughter-house by

Me#105-390

"cunning Conspirators, who secretly understand 'democracy' to mean rule by THE PEOPLE --'The People' of the Old Testament, The Chosen People. But the rank and file of The Chosen People are themselves mere servants of their ruling clique. Our present form of masked tyranny can be defined only as a CONSPIRATOCRACY!

"Our ever-turning wheel of fate has made almost a complete revolution since 1775, when these inspiring words were uttered to a sorely beset people:

"'There is a just God who presides over the destinies of nations; and who will raise up friends to fight our battles for us. The battle, sir, is not to the strong alone; it is to the vigilant, the active, the brave. Besides, sir, we have no election. If we were base enough to desire it, it is now too late to retire from the contest. There is no retreat, but in submission and slavery! Our chains are forged! Their clanking may be heard on the (schoolgrounds of Little Rock!) The war is inevitable--and let it come! I REPEAT IT, SIR, LET IT COME!

"'It is in vain, sir, to extenuate the matter. Gentlemen may cry, Peace, Peace--but there is no peace. The war is actually begun! The next gale that sweeps from the (south) will bring to our ears the clash of resounding arms! Our brethren are already in the field! Why stand we here idle? What is it that gentlemen wish? What would they have? Is life so dear, or peace so sweet, as to be purchased at the price of chains and slavery? Forbid it, Almighty God! I know not what course others may take; but as for me, give me liberty, or give me death!'

"Ah, Patrick, your words were the rallying cry of yesteryear. Let us today meditate their heroic message as the irresistible, ponderously-turning wheel of fate again grinds its painful Tyranny-sector upon the backs of our dreaming people! Unbearable pain will finally arouse our slumberers from their dream-world. Then they must seek the remedy from our fatal infestation. Bitter though the remedy be, we must take it our be utterly consumed by The Parasites!

"We must begin to prepare the medicine!"

On February 16, 1959, a group of photographs of various individuals was exhibited [redacted] by SAs [redacted] and [redacted] of the Little Rock FBI Division. From this group [redacted] positively identified a photograph [redacted] as being identical with the individual who represented himself to

b7C

Also on February 16, 1959 [REDACTED] made available to interviewing Agents the following described literature which he had just received anonymously:

1. An envelope postmarked February 15, 1959 at [REDACTED] Memphis, addressed to [REDACTED] which contained a cartoon captioned "All Nine of 'Em," picturing the rear ends of nine horses, all clothed in black robes, standing in front of a building which appeared to be identical with the U. S. National Capitol; also contained was a mimeographed sheet of paper captioned "What Are We For?" by the The Patriot, and eight pages of material captioned "The Kingdom," also written by The Patriot.

b2
b7D

Appearing on the bottom of the material captioned "What Are We For," was a typewritten note which reads "We would like to hear from you to learn whether or not you are still with us."

The letter captioned "What Are We For" reads as follows:

"Enlightened patriots know well what we are against, but to be against evil is not enough. What are we FOR? In order to succeed we must have a profound plan for giving our people a real life worth fighting for. We cannot defeat the phony Pharisaic promise of a Paradise-for-the-wishing by promising merely to do away with their deceitful 'Santa Claus.'

"Neither can we beat their 'Democracy,' 'Brotherhood,' 'Civil Rights,' and 'Something-for-Nothing' deceptions by promising to return to the very system which has delivered our people into the hands of our mortal enemies. The hands of the clock of Time can never be turned back. We cannot beat something with nothing! George Washington will not arise from his grave to lead us in a revolution.

"We submit a general outline of the program which will in truth bring to our people the Paradise-on-earth they long for. This program is in startling contrast to The Conspirator's perfidious propaganda, the phony bait in their deadly trap. This idea is the result of nearly thirty years of pondering how to save Mankind from inevitably sliding back down the ladder of evolution. Perhaps too many of our people really do not care. If they do not,

Me#105-390

"we will at least know that we tried to make the world a better place in which to live.

"But sometimes in history a startling new idea can electrify a slumbering people, as Mohammed's did the Arabs. A determined, capable minority always carries the apathetic majority along in its sweep. It is to this noble minority, 'the remnant', to which we appeal. United in one effective, disciplined organization, our strength is much greater than we now realize.

"This treatise is very advanced philosophy. 'Neither cast ye your pearls before swine, lest they trample them under their feet, and turn again and rend you.' Show this treatise to none but the elect. All truly novel movements are at first rejected by all but exceptionally far-seeing intellects, who must labor perseveringly to advance what they are convinced is the plan for the future. Sometimes they succeed, as did the followers of Christ, the followers of Mohammed, the Pharisee agents of Satan, and the Founding Fathers of America. If we persevere and labor diligently and well, we can succeed; and we shall make the United States the enduring Egypt of modern history.

"I remain forever your servant.

"The Patriot

"We would like to hear from you to learn whether or not you are still with us."

The printed document captioned "The Kingdom" quotes voluminously from various portions of the Christian Holy Bible and is most critical throughout of the Jewish people, referred to as the Pharisees. The latter portions of this document read as follows:

"The Creation of Man

"Eons ago Almighty God created Life, and decreed that the Struggle for Survival must go on without surcease, without mercy for the unfit, insuring a constant selection of better perfected individuals, races, and species--The Survival of the Fittest. The culmination of more than two billion years of, unending struggle for survival has been Man. And now vain Man denies that he is an animal, and therefore no longer subject to the very Laws of Life which created him. The conceited fool has been deluded by Jewish Scriptures into believing that he was 'created in the image of God!' (Genesis 1:27). Mortals like Moses have claimed to speak for God, indeed an insulting blasphemy

Me#105-390

"of The Almighty! As if God required an Israelite to speak for Him! The Almighty will never humble Himself to beseeching mortal men either to worship or obey Him. Puny Man must either abide by God's irresistible Natural Laws, or be destroyed!

"Are not our posterity our real life-after-death, our true life everlasting? Jesus labored to lead us away from destruction unto life. Peoples after peoples have followed the broad highway which leads to destruction. Mass devotion to self-gratification ALWAYS leads to national and racial suicide. 'For the wages of sin is death.' Romans 6:23. MORALITY is the strait and narrow path which leads unto life. 'Enter ye in at the strait (narrow) gate: for wide is the gate, and broad is the way, that leadeth to destruction, and many there be which go in thereat: because strait is the gate, and narrow is the way, which leadeth unto life, and few there be that find it.' Matthew 7:13-14. Can WE not FIND and follow that narrow path which leads unto life?

"Everywhere in Nature we look we witness The Almighty's decree that all living species must either improve or be destroyed by those which do improve. Certain species have become temporarily so immune to destruction that they ceased to improve. But where now are such erst-while Kings of Beasts as Tyrannosaurus rex, the mightiest creature ever to walk the earth? Man is surely following in this 'invincible' dinosaur's footsteps to oblivion.

"Our survival as a people absolutely DEMANDS that we halt the implacable process of human degeneration resulting from our suicidal policy of protecting and encouraging the multiplication of THE UNFITTEST humans. Man has temporarily thwarted the will of The Almighty by interrupting the natural destruction of the degenerate, a process which Jesus strongly advocated. But when Man slaughters Man, who but the very flower of our manhood is slaughtered? Any person with eyes which can see must perceive WHO always produces the excessive number of children--THE UNFITTEST FAMILIES! while Jesus Himself left NO posterity!

"The Pharisees deceitfully pretend to deny the obvious genetic, racial control of human characters, loudly proclaiming that acquired human characters are transmitted to posterity. This is their 'scientific' premise upon which they base their Big Lie that primitive savages need only to live equally among White Men for a few generations in order to acquire all the White Man's obvious superiority. However, they arrogantly refuse to discuss the fact that centuries of living among White Men has failed utterly either to elevate or to whiten the Negro except through the Negro's acquisition of White genes. They

Me#105-390

"bigotedly refuse to explain why over 2,500 years of circumcision has failed to render themselves genetically circumcized! The Jews themselves are the foremost living proof that the longest continuous subjection of any people to an acquired alteration of the body has failed altogether to become hereditary. After two and a half milleniums, the Jews are born today just as uncircumcized as was Father Abraham.

"Many Are Called, But Few Are Chosen

"Thus, as Jesus proclaimed, the first requirement of The Kingdom is a selection of the best and a weeding out of the worst. No wonder the Synagogue of Satan is so loudly insisting that we not discriminate! No wonder they are subsidizing the production of illegitimate Negro sub-humans. No wonder they are packing into our country 'the wretched refuse' from ~~teaming~~ foreign shores! For the Pharisees are dedicated to inflicting upon the goyim the Despotism of Hell! Perhaps after Satan has sufficiently scourged our unworthy people, the sorrowful remnant may repent their multiple sins and be eager to sacrifice the Red Hell and its keepers, for the Kingdom of Heaven.

"The Almighty extended the Promise to all people-- nay, to all living creatures! The Negro, like all the lower animals, failed to comprehend. The Pharisees are attempting to erect The Kingdom exclusively for their own closed clique, on top of a Hell for all other peoples. They have discovered to their dismay in the Soviet Union that their exclusive Paradise cannot be erected upon the Red Hell for the goyim! Many races and nations have bravely set out on the road to The Kingdom, only to go down under their own racial and moral degeneration, with which Civilization has thus far cursed all who have drunk of her delicious delights.

"The Kingdom must be CREATED by SUPERIOR MEN. It can never be brought into existence by our so-called 'common man.' Man has persistently sought the Kingdom of Heaven by blindly following the broad Highway to Hell, 'that leadeth to destruction,' paved every foot of the way with good intentions. Heaven can never be reached solely through good intentions or concentrated wishing. There has never been something for nothing-- the full price will ALWAYS be collected eventually. The Kingdom must be CREATED through knowledge, intelligence, work, devotion, and sacrifice. The highway markers are TRUTH and MORALITY, which can be joined under one name, RIGHTEOUSNESS.

"Our people must first realize that no state but the horrible Dictatorship of Satan Incarnate is possible for a

"degenerate, defective people. The Kingdom cannot be built of rotten materials. Persons capable of contributing to the building of The Kingdom are indeed rare today, and are becoming rarer with each passing generation. The Pharisees are determined to 'liquidate' all superior goyim! All human progress is utterly dependent upon human QUALITY. The weak are completely dependent upon the superior for their survival.

"The Purification of Our People

"THEREFORE it is mandatory that a comprehensive system of eugenics be put into effect to halt the reproduction of the physically defective, the mentally retarded, those tending toward insanity, the criminals, and the irresponsibles. Human defectives must no longer be permitted to perpetuate their ever-increasing burden of hereditary misery and degradation upon our people.

"At the same time a select leadership group must be established through the methodical selection of the finest teenagers of which our country can boast. These talented individuals must be sent to special schools where their selection will be even more thorough. Those finally selected must be given official recognition as a class apart, the Aristocrats. This select group must marry only within itself.

"The search for superior individuals must continue perpetually. Any individuals later proving themselves unqualified must be expelled from the Aristocracy. Admission to membership will not be hereditary, but must be proven by each individual, regardless of his parents' membership. Aristocratic couples will be exhorted and subsidized to produce maximum families.

"The Aristocracy will be wholly dedicated to the welfare of our people. They must be indoctrinated that their purpose is TO SERVE, NOT TO BE SERVED. Demonstrated irresponsibility must be cause for immediate expulsion. The leaders of the government, the most important occupation in civilization, will be drawn exclusively from this superior, specially-trained group. Matchless morality will be their guiding spirit, their esprit de corps.

"The Ruler

"At appropriate times competitions will be held to select the young man best qualified to rule The Kingdom with wisdom, vision, justice, strength, devotion, and benevolence. He will be trained to succeed the man then ruling. No government is any better

"than the men in charge. How much better than Democracy, rule by the blind, irresponsible mob (or The Pharisaic Conspiracy!), is true Aristocracy, rule by the truly best men!

"Presiding over The Kingdom must be a man who is a scholar, a deep thinker, an idealist, a practical man, skilled in the duties of rulership. He must be a man of superb courage, strength, and energy, while at the same time wholly dedicated to serving our people. His reward will be in his labor of love, not in gratifying his personal appetites and lusts. He must set for the while Kingdom a model of irreproachable morality. 'And whosoever will be chief among you, let him be your servant: even as the Son of man came not to be ministered unto, but to minister, and to give his life a ransom for many.' Matthew 20:27-28.

"Many will reply that such a man does not exist. This is not true, but all will agree that his type is extremely rare. History gives us occasional examples of such rulers. The Roman emperor Nerva instituted such a system of succession, resulting in the five successive Good Emperors, under whom Rome reached her zenith, even after her people had already sunk far down into the slime of degradation. Rome also had her Cincinnatus and Regulus, our country had Washington, Greece had Solon, Prussia had Frederick the Great, and France had Napoleon. ALL of these geniuses, dedicated to the service of their people, were obliged to waste their talents for good defending their countries from rapacious enemies. Napoleon, the last great ruler, was destroyed by the synagogue of Satan, under the rule of Mayer Amschel and Nathan Mayer Rothschild. We must never forget that it is the filthy residue of the smear campaign against Napoleon, headed by Lewis Goldsmith, which still gives the world the false impression that Napoleon was a paranoid world conqueror. But France still glories in claiming the matchless Corsican as her greatest son!

"We must never lose sight of Protocol XVI:4 of The Protocols of the Learned Elders of Zion: 'We shall erase from the memory of men all facts of previous centuries which are undesirable to us, and leave only those which depict all the errors of the government of the of the goyim.' Already in our lifetime literature describing the well-being of peoples under superior rulers has disappeared. Now the Pharisaic Masters of the studied lie perpetually depict goy kings as monsters, idiots, and shameless scoundrels. We are being forced to forget that the golden eras of every country were attained under the rule of enlightened monarchs.

"Man must improve his environment by HIS OWN sweat and ingenuity. Our emancipated, educated democrats, who were so

Me#105-390

"convinced that they have merely succeeded in landing us all in Hell! They have been slyly enticed into the Pharisees' One-World Prison with honied bait of Paradise-for-the-wishing. They were too blindly selfish, too piggish to understand Jesus' exhortations to sacrifice for The Kingdom and to destroy the Synagogue of Satan. They were much too 'enlightened,' too 'modern' to recognize that Satan actually DOES exist in the flesh. People everywhere are being forced to admit the timeless wisdom of Jesus' warning: 'But from him that hath not shall be taken away even that which he hath!' Matthew 25:29. 'That except your righteousness shall exceed "the righteousness" of the scribes and Pharisees, ye shall in no case enter into the kingdom of heaven.' Matthew 5:20.

"Jesus was NO democrat. He never veiled His words on THIS subject. 'If the blind lead the blind, both shall fall into the ditch.' Matthew 15:14. 'Render therefore unto Caesar the things which are Caesar's; and unto God the things that are God's.' Matthew 22:21. Though the Pharisees had already begun to play tricks with the word, He never even mentioned 'democracy.' He spurned all hint of a 'Democracy of Heaven' -- HE ALWAYS SPOKE OF THE KINGDOM OF HEAVEN! because The Millennium can be reached under no other form of government. It is for THIS reason that the agents of Satan are so diabolically determined that we are taught to hate irrationally all national rulers. It helps us understand Pharisaic double-talk to know that 'the people' means the Jews and 'the nations' means everyone else, the goyim, the universal enemy. 'Lo, the people shall dwell alone, and shall not be reckoned among the nations.' Numbers 23.9. Remember this when you hear the Pharisees gloat over 'democracy,' rule by 'the people!'

"A Glimpse of The Kingdom

"Let us envision The Kingdom. The people of The Kingdom will largely be cleansed of hereditary physical, mental, and emotional defects. They will be governed by a ruling group to which all families are privileged to contribute if they can produce individuals of superior human quality.

"Every person will be expected and encouraged to rise to the limit of his ability. The creations of agriculture, industry, science, and art will lift our standard of living to heights now undreamed. With increasingly superior people striving to contribute their best in all fields, progress will become breathtaking. The threat of war will become remote, for our nation will so tower above the rest of the declining world, that all thought of attacking us will become sheer madness. Our country will be freed entirely from the monstrous confusions, tensions, corruptions, and fears with

"which The Pharisaic Conspiracy has loaded us in order to crush us.

"Cleansed of defective and inferior genes, our people will live totally unaware of the miseries of hereditary ailments and afflictions. Crime will become almost unheard of, for the criminal type will have ceased to perpetuate itself. Poverty will be eliminated for the first time in human history, as poverty is a symptom of human deficiency. No person will be oppressed either by government or by economic pirates--a Bureau of Complaints will stand ready to listen to all who feel that they are being oppressed. Upon receiving evidence of wrongdoing on the part of any government official, the government will take steps to catch and bring to trial the guilty parties. No one can be punished except that he first be convicted by a jury of his fellows.

"Life in The Kingdom will consist of wholesome, creative, productive endeavor. Pleasure will consist of the satisfaction of work well done, love of our fellows, friendly intercourse, refined art of all kinds, healthful sports, travel, and all forms of wholesome games. Degrading, selfish, irresponsible satisfying of the baser lusts will be discouraged, and the morally-depraved type addicted to sin will gradually disappear through non-reproduction.

"Laws in conflict with elevated human nature will not be promulgated--our people will be guided to a better way of life by education and racial purification. People can never be legislated and driven into The Kingdom (Jewish-style). 'But woe unto you, scribes and Pharisees, hypocrites! for ye shut up the kingdom of heaven against men; for ye neither go in YOURSELVES, neither suffer ye them that are entering to go in.' Matthew 23:13. Our people must be guided and selected, as prescribed by Jesus. 'But he that is greatest among you shall be your servant.' Matthew 23:11.

"The Kingdom will be built gradually. We must learn the virtue of working patiently for the future. There will be NO promise of something-for-nothing. However, The Kingdom IS OURS, NOT for the wishing, NOT for the asking, NOT for the praying--BUT FOR THE BUILDING!

"There is no other way to salvation. The details of this great plan are being designed with loving care. They are practical, pleasant, rewarding. No one will suffer, all will gain--with the exception of the agents of Satan. The plans utilize the recent new knowledge of modern science, as well as the ancient knowledge of Mankind's long experience. It is the blueprint for the future, if we are to have ANY future but as slaves of The

Me#105-320

"Conspiracy Triumphant. Any living species so depraved as to be unconcerned for the welfare of their posterity has precious little time left to enjoy life.

"The kingdom of heaven is like unto a merchant, seeking goodly pearls; who, when he had found one pearl of great price, went and sold all that he had, and bought it." Matthew 13:45-46.

"We beseech you, fellow Christian, in the name of Jesus Christ, for the salvation of all that you hold dear, join us in building for the future happiness of our people. The Kingdom lies waiting for whoever is worthy. Let US prove OURSELVES the first people to be worthy!

INSTANT ORGANIZATION, LOUISVILLE, KENTUCKY AREA, 1958

By communication dated January 23, 1959, the Louisville Division advised that it had only one reference to "The Patriot," namely, that on June 12, 1958, [REDACTED]

[REDACTED] Kentucky, furnished several items of literature, apparently originating with "The Patriot", to an Agent of the Louisville Division. The literature consisted of a mimeographed undated letter signed "The Patriot," stating that the writer of the letter had made a study and had accumulated a store of knowledge, and then asked that the reader or readers not reject, in blind ignorance, what he had written. The writer then recited a number of alleged conditions which he apparently assumed to exist, including "Communist Agents" operating "Under a mysterious Guardian Angel," the Supreme Court murdering the Constitution, racial mixing of blacks and whites at the point of bayonets, and the theatrical productions of Hollywood and New York, "The Jewish Centers of our country," demoralizing our people. It will be noted that a review of this material shows it to be identical with material previously sent [REDACTED] during the Fall of 1958.

Also received [REDACTED] in the Summer of 1958 was a leaflet entitled "Anti-Semitism" by "The Patriot" and a purported reprint from the New York Times of Saturday, September 14, 1957, concerning Chief Justice EARL WARREN studying Talmudic law.

The envelope in [REDACTED] received the above material bore no return address but was mailed in Louisville on June 10, 1958. The address was typewritten.

A review of the above material shows that the letter

addressed to "Dear Fellow Americans" appeared to have been mimeographed, whereas the pamphlet entitled "Anti-Semitism," consisting of four pages, appeared to be neatly printed, possibly from a photo copying or multilith process of some sort. Similarly, the reprint from the New York Times of September 14, 1957 appeared to have been a reprint through some photo copying process.

INFORMATION SHOWING THAT [REDACTED] DALLAS, TEXAS, OR THE DALLAS AREA, MAY HAVE ORGANIZED FOR INSTANT ORGANIZATION IN 1958

b2
b7D
b7C

By communication dated February 27, 1958, the Dallas FBI Division advised that representatives of the Dallas Office, during February of 1958, received information from Confidential Informant [REDACTED] at the time was involved in various Ku Klux Klan type activities in the Dallas area, who stated that [REDACTED] with several other Klan members in the Dallas area, had been approached shortly prior thereto by an individual [REDACTED]. At first the Klansmen were led to believe [REDACTED] was organizing a new type of Klan organization; however, it later became apparent that [REDACTED] was attempting to organize an organization which was primarily anti-Semitic in nature but which was also anti-Negro in nature. [REDACTED] attended a few meetings [REDACTED] in the Dallas area, said meetings being held in the city parks or in parking lots of various drive-in restaurants. On two occasions [REDACTED] gave [REDACTED] assignment of determining whether or not six different families in Dallas, all ostensibly of Jewish origin, had children, and if these families did have children, [REDACTED] to determine their names and ages. At this time [REDACTED] indicated that the information would be forwarded to an unnamed party in Houston, Texas. [REDACTED] observed shortly prior to February, 1958 an unmailed letter [REDACTED] addressed to General Delivery, Houston, Texas.

b2
b7D
b7C

The Dallas Office advised that investigation at that time in the Houston area to attempt to run down the General Delivery letter was negative.

[REDACTED] since lost contact [REDACTED] and has no idea as to his current whereabouts and has no idea as to his previous background. [REDACTED] currently endeavoring to re-establish contact [REDACTED]. Based on information furnished [REDACTED] the organization allegedly being organized [REDACTED] and the organization using the name "The Patriot" bear the following similarities:

b2
b7D
b7C

1. Fictitious names are used

2. Extreme security precautions are practiced
3. Discipline of members has been utilized and urged
4. Mail drops involving Houston allegedly used by both groups
5. Both organizations are particularly anti-Semitic in nature, with incidental anti-Negro overtones
6. The few meetings attended [REDACTED] were attended by groups of less than eight members, and possibly could be parallel to the basic unit squad of eight members previously referred to as organizational units in literature sent by [REDACTED] Little Rock
7. No specific name of the organization was ever given [REDACTED]
8. [REDACTED] however, recall that the word "Patriot" was frequently used in conversation [REDACTED] In this regard, the word "The Patriot" is frequently used in connection with the organization with which [REDACTED] been in contact

INFORMATION SHOWING POSSIBLE CONTACTS [REDACTED]
[REDACTED] IN 1957, WITH PERSON OR PERSONS FROM
THE ST. LOUIS, MISSOURI AREA, CONCERNING USE
OR POSSESSION OF FIREARMS

As a matter of background at this point, on May 6, 1957, [redacted] Memphis, advised SA [redacted] that [redacted] using the name [redacted] on May 6, 1957, told that he could be contacted by writing to him [redacted] U. S. Post Office, Memphis.

b7c
b7D

Also in this connection on or about June 1, 1957, Memphis Confidential Informant [redacted] advised SA [redacted] that [redacted] was rented on April 11, 1957 [redacted] New Orleans, Louisiana.

b2
b7D
b7c

On January 20, 1958, [redacted] New Orleans, telephonically advised SA [redacted] of New Orleans that letters addressed to [redacted] Memphis, have been coming [redacted] with the notation, "Forward" since approximately the first of January, 1958. [redacted] added that some of this mail was opened by him and appeared to possibly be subversive in nature.

b7c
b7D

On January 30, 1958, [redacted] was contacted by SA [redacted] at which time [redacted] furnished an envelope addressed to [redacted] Memphis 2, Tennessee. The postmark was December 31, 1957 but the point of origin was not legible. This envelope contained a stamped notation "Box closed, rent unpaid" and was marked by someone in the Post Office, to be forwarded [redacted] advised that this envelope had contained a copy of "The Augusta Courier" dated December 30, 1957, Augusta, Georgia, as well as a legal size sheet containing a letter dated December 31, 1957, which is quoted below:

b7c
b7D

"Dear Friend:

"I was delighted to get your kind letter and inclosure that came a day or so ago.

"I ought to have answered sooner but have been having the flu since the Saturday night before Christmas. I don't know whether it is the Asiatic type or not, but it certainly has been showing me a good time.

"It had never occurred to me, and I do not think it follows, that Jesus would have had to be a Greek for Greeks to have written about him. They could have written about him if he had been an Ethiopian.

"Nor do the Dead Sea Scrolls shed much light on the case. I am not very familiar with them but can see that they might support a theory that the New Testament was written by the Essenes. But would not they, being Jews, have had a better knowledge of the customs of their own people and a more accurate knowledge of the geography of their country? And Strength might be added to the theory that the Essenes later became known to the world as Christians. They seem to have disappeared as such from history about the time Christians got to going good. Additional support is given by the fact that both the Essenes and the Early Christians are described as Communists. Not the bad, present day type, perhaps, but the more innocent type that holds property (some say maliciously (?) wives) in common.

"But there is a much plausible theory that the Christians developed out of Mithraists, like this:

"It (Mithraism) was suppressed by the Christians in A.D. 376 and 377; but its collapse seems to have been due rather to the fact that by that time many of its doctrines and ceremonies had been adopted by the Church, so that it was practically absorbed by its rival, Jesus Christ supplanting Mithra in men's worship without the need of any mental somersaults.

----- Arthur Weigall (Paganism in our
Christianity)

"Mr. Weigall was a very capable archaeologist, and as far as I recall may have helped with King Tut's tomb.

"But all of this seems to me to be 'much cry and little wool' I consider it of NO INFORMATION WHATEVER.

"Anyway, Jesus did not found Christianity or any other religion. Or so the Encyclopaedia Biblica says.

"Nor do we know a single thing that Jesus (if there was any Jesus) said or a single thing that he ever did.

"We know a lot things that a lot of liars and forgers SAID that he said and did, like this:

"Every student of Ecclesiastical History knows that the early Christians were the greatest liars

Me#105-390

"and forgers the world has ever known.

---A. W. Momerie (Rector, St. Peter's,
London)

"All of which is neither here nor there. If there is anything in Christianity, true or false, that will help our cause we shall be happy to use it. We have other things to do more important than quarreling over religion.

"It is frequently proposed to register and/or to tax firearms. Such a discussion is at present being carried on in the St. Louis Globe-Democrat. Such a measure has no merit. Its effect would be to disarm the law-abiding and leave them unarmed and helpless at the mercy of the criminals, WHO WILL ALWAYS BE ABLE TO OBTAIN AND CARRY FIREARMS.

"Besides, in the hands of an enemy trying to take over our Government those tax (or registration) lists would be of great value in the prompt and effective disarming of our citizenship.

"And a heavily armed and thoroughly alerted citizenship is just now an absolute necessity.

"If a single H-bomb were to come floating across the Arctic to smash (say) Chicago our loyal citizenship would immediately be called on to go into action against our fifth-column for possession of our administrative facilities (city halls, court houses, power plants, water works, etc., etc., in every city and town in the country."

[REDACTED] advised that the above correspondence had been opened by mistake and stated it did not belong to anyone at [REDACTED] which was the residence of [REDACTED]

By communication dated February 18, 1959, the Newark FBI Division advised that the publication known as "The Patriot," subtitled "A New Jersey Newsletter for Loyal Americans," edited by WILLIAM H. SMULLEN, issue of August, 1956, had come to the attention of the Newark Office. A review of the material in this publication showed it to be purely political in nature and the editor, SMULLEN, had stated in New Jersey patriots realized around the time of the Army-McCarthy Hearings, that both major political

Me#105-390

had been captured and that the ground work was laid for the formation of a new political party or group to be called the New Jersey Conservatives, this group being an outgrowth of the drive to defeat U. S. Senator CLIFFORD CASE, a Republican of Socialist persuasion, according to SMULLEN, who had been a Congressman, and who had resigned to head Forward Fund for the Republic.

The Newark Evening News, in its issue of February 2, 1954, contained an article stating that WILLIAM SMULLEN of East Orange, N. J., and then President of the New Jersey Anti-Communist League, described this organization as being "founded to coordinate the activities of people who feel strongly against Communism." The paper stated that all inquiries concerning the Anti-Communist League were referred to SMULLEN, described by the paper as a freelance public relations man.

[REDACTED]

On February 11, 1959, [REDACTED]

[REDACTED] was interviewed by SAS [REDACTED]
[REDACTED] at which time [REDACTED] advised that [REDACTED]

[REDACTED] further stated that he had never heard of the unknown individual Patriot, nor has he heard of any publications or periodicals signed by the pen name of "The Patriot," as being disseminated by individuals connected with instant organization.

In this same communication, the Newark Division advised that it had reviewed copies of The Patriot, the newsletter edited by SMULLEN and that they appeared to mainly deal with the subject of Communism rather than with the subject of Anti-Semitism or integration matters.

RESULTS OF EXAMINATIONS OF DOCUMENTS BY
FBI LABORATORY

By communication dated January 19, 1959, the FBI Laboratory reported that it had examined:

1. An envelope with typewritten address [REDACTED] Memphis, Tennessee, PM of December 29, 1958, and;

b2
b7D

2. An accompanying typewritten letter beginning, "Dear Friend" and ending "Cordially, JOE C." It concluded that the typing on these two items was found to conform in style and design with a sample prepared on a Royal typewriter equipped with a pica style type having a spacing of ten letters per inch. The report added that 1 and 2 above were searched through appropriate sections of the Anonymous Letter File but no identification was effected. 1 and 2 were referred to as Q1 and Q2.

Similarly, by communication dated January 13, 1959, the FBI Laboratory reported that no latent fingerprints of value were developed on the above described envelope and letter.

By communication dated February 27, 1959, the FBI Laboratory advised that the handprinting on a check, No. 6551, dated December 13, 1958, bearing the purported handprinting of [REDACTED] of Houston, and Buffalo, Texas, was written by the same person who prepared the handprinting on the original application for [REDACTED] Houston, Texas, in the name of [REDACTED]. The check was referred to as Q3. The Post Office Box application was referred to as Q4.

b7c

Also, by communication dated February 3, 1959, the FBI Laboratory advised that it had examined a two-page typewritten letter dated September 2, 1958, beginning "Dear [REDACTED] Most likely you..." and signed on the second page [REDACTED] originally sent [REDACTED] to SA [REDACTED] of the Memphis FBI Division at [REDACTED] Mississippi. The Laboratory concluded that this letter was compared with the typewriter standard file in the Laboratory and was found to conform most closely in style and design with a sample prepared on a Royal typewriter equipped with a pica style type having a space of ten letters per inch. The above two page letter [REDACTED] was referred to as Q6.

b7c

By communication dated February 12, 1959, the FBI Laboratory advised that it had examined a mimeographed sheet of typewritten paper and a photostat entitled "The Wheels Keep Turning," by The Patriot, beginning, "Conceived amid tyranny, our ...," ending,

Me#105-390

"prepare the medicine." This was referred to as Q7. The Laboratory concluded that the typewriter used to prepare Q1 and Q2 was also used to cut the stencil from which Q7 is a copy.

By communication dated February 27, 1959, the FBI Laboratory advised that it had examined:

Qc8, A photo copy of an envelope addressed [REDACTED] Memphis, PM of February 15, 1959; and had examined Qc9, namely, two photo copies of a paper called "What Are We For?" signed "The Patriot;" and Qc10, namely, two photo copies of a paper called "The Kingdom" signed by The Patriot.

b2
b7D

The Laboratory concluded that the typewriting appearing on the original documents from which instant specimens were made, namely Qc8, Qc9 and Qc10, were prepared with the same machine used in preparing the documents described above as Q1, Q2 and Q7.

In its report dated February 3, 1959, the FBI Laboratory stated that no conclusion was reached as to whether the typewriting appearing on specimens Q1 and Q2 in this case was prepared on the typewriter used to prepare the typewriting appearing on Specimen Q6, because there are not enough significant characteristics present to warrant an opinion. It added that some differences were noted.

On 3/20/59 [REDACTED] was interviewed by the writer and SA [REDACTED] at [REDACTED] San Francisco, relative to any information he might have concerning the possible identity of the subject of 100-44746, who is known to the Bureau only as "The Patriot." [REDACTED] advised that inasmuch as most of the persons who engage in rightist activities do not attempt to conceal their identity, he himself had wondered who "The Patriot" might be. He stated that he had received some literature of an anti-Semitic nature with the pen name of "The Patriot" from various places in the country. He stated that he had not saved any of this literature. [REDACTED] advised that he also had no knowledge of the present whereabouts of FRANCIS PARKER YOCKEY and had assumed that he was dead.

[REDACTED] stated that his segment of those engaged in rightist activities does not indulge in hate activity, nor does it believe in engaging in any activity of an illegal nature. [REDACTED]

Any Agent contacting [REDACTED] in the future should be aware of [REDACTED] extreme interest in the jurisdiction of the FBI insofar as its investigation of hate groups is concerned.

The source advised that he was not familiar with the identities of any of the above persons.

Previous investigation of Yockey has revealed that

[REDACTED] San Francisco indices contain no record identifiable with [REDACTED] no derogatory data regarding [REDACTED] and the name of [REDACTED] was not searched, due to the lack of identifying data.

b7c

Yockey, who at the time claimed that his name was Richard Hatch, was interviewed by Special Agent [REDACTED] on June 6, 1960, at Apartment 23, 465 Bellevue Avenue, Oakland, California, the residence of Alex Scharf who is an acquaintance of Yockey.

b7c

Yockey refused to reveal his true name or identity. He did claim to be a writer and photographer; to be a native-born American, and to have served in the United States Army during World War II. In response to direct questions he stated he was not connected with any agency of the United States Government or with any foreign government. He stated that the documents in his possession, reflecting the names of several individuals, had not been used by him in any criminal activities, but were used for personal reasons, which he refused to explain. Yockey said that he was not engaged in espionage activities on behalf of any government.

Yockey was asked if he had ever been confined in a mental institution and if he had ever had psychiatric care. After thinking about the question for a few moments, he said that he did not wish to comment on the question.

The above data are for your confidential information and are not to be disseminated outside your agency.

he did not like YOCKEY and did not agree with YOCKEY's anti-U.S. philosophy. He said that he felt that the Government was obviously interested in determining the nature and extent of YOCKEY's activities

[REDACTED]

[REDACTED] said that YOCKEY appears to be the type person who would attempt to minimize his ability and importance. As an example, if he felt that he could obtain \$50,000., he would state that he could probably obtain \$5,000.

YOCKEY, [REDACTED] is more interested in avoiding psychiatric treatment than he is in avoiding criminal charge of passport fraud, judging from his conversation. YOCKEY has expressed a fear of being placed under a Jewish psychiatrist. [REDACTED] he was discharged from U.S. Army in 1943 as a result of his efforts in "snowing" an Army psychiatrist into believing he was a psychopath. YOCKEY indicated he maintained contact with this Army psychiatrist, whose name he did not mention,

YOCKEY indicated that the Government's case as it presently stands is "nothing" compared to what the case would be in the event additional information was "dug up."

YOCKEY indicated that the list of names in the Government's possession which have belonged to YOCKEY identifies YOCKEY's West Coast contacts and that YOCKEY therefore cannot go to them for assistance but must obtain help from contacts in the East.

YOCKEY has never indicated that he sold passports and did not infer that he was in the sale of passports.

[REDACTED] did not know whether YOCKEY was married and that YOCKEY did not mention a wife or a local girlfriend. YOCKEY did state that two women, who he did not identify, are completely in love with YOCKEY but that they could not visit YOCKEY.

In addition to the data contained in the signed statement, [redacted] furnished the following information to Special Agents [redacted] on June 13, 1960:

b7C
b7D

[redacted] he concluded from YOCKEY's conversation that YOCKEY's anti-Semitic philosophies is only a front.

b7C
b7D

YOCKEY indicated that he had been in San Antonio, Texas, immediately before his arrival in San Francisco,

was 3/ the

[redacted]

b7C
b7D

He said that YOCKEY had talked of connections with the Castro Government and had named names which had been [redacted] in newspapers as being members of the Castro Government. [redacted] could not recall these names.

b7C
b7D

[redacted] said that YOCKEY appears to be the type person who would attempt to minimize his ability and importance. As an example, if he felt that he could obtain \$50,000.00, he would state that he could probably obtain \$5,000.00.

[redacted]

b7C
b7D

YOCKEY, [redacted] is more interested in avoiding psychiatric treatment than he is in avoiding criminal charge of passport fraud, judging from his conversation. YOCKEY has expressed a fear of being placed under a Jewish psychiatrist. [redacted] he was discharged from the U. S. Army in 1943 as a result of his efforts in "snowing" an Army psychiatrist into believing he was a psychopath. YOCKEY indicated he maintained contact with this Army psychiatrist, whose name he did not mention, [redacted]

b7C
b7D

[REDACTED]

YOCKY indicated that the Government's case as it presently stands is "nothing" compared to what the case would be in the event additional information was "dug up."

b7C
b7D

YOCKY indicated that the list of names in the Government's possession which have belonged to YOCKY identifies YOCKY's West Coast contacts and that YOCKY, therefore, cannot go to them for assistance, but must obtain help from contacts in the East.

b7C
b7D

[REDACTED]

YOCKY has not indicated that he possesses any money other than the \$2,300.00. YOCKY inferred he had contacts among Spanish persons in the San Francisco area, but he did not wish to contact them at this time.

[REDACTED] he did not know whether YOCKY was married and that YOCKY did not mention a wife or a local girl friend. YOCKY did state that two women, who he did not identify, are completely in love with YOCKY, but that they could not visit YOCKY.

b7C
b7D

[REDACTED]

[REDACTED]

During YOCKY's first day in jail, he spoke to practically everyone in the yard, but since that time has primarily talked with [REDACTED]. [REDACTED] observed that the men are allowed in the exercise yard from 9:00 a.m. - 11:00 a.m. and from 1:00 p.m. - 3:30 p.m. daily. [REDACTED] said he first met YOCKY in the jail.

Man Arrested ~~FACE~~ Is Loaded With Passports

San Francisco (AP). — A federal prosecutor said today the arrest of a man booked as Francis Parker Yockey has uncovered "what appears to be systematic and well-planned operation in passports, the purpose of which we do not know."

Asst. U. S. Atty. William P. Clancy Jr. added, in reviewing the case with reporters, that Yockey used at least 15 aliases. Federal agents are checking to see if a passport had been issued under all those names.

Clancy said that when FBI agents arrested Yockey Wednesday night they found three passports and seven birth certificates, all bearing different names. The passports bore the same photograph but were issued under other names.

At his arraignment before the U.S. commissioner, Yockey protested sharply when his attorney asked that a psychiatric examination be ordered.

He said he was an assistant district attorney in Detroit in 1944, and a law graduate of Notre Dame authorities said a man of the same name held that office and got that degree.

Clancy told reporters FBI agents said they found a list of 20 names in Yockey's possession. Some had been crossed off, including the name of William Black for whom he had a Canadian passport dated May 31, this year. FBI agents said Black, now dead, was an American World War II and Korean War veteran.

Dear Mr. Clancy:-

In today's Los Angeles Examiner, I have just read the article on the arrest of one Francis Yorkley. The picture of the man in the paper closely resembles one John Forrest (perhaps not his name) who lived as my neighbor for several months in this little Court [Redacted]

b7c

[Redacted] Calif. - he left here two years ago & lived for a short time at another address before leaving [Redacted] destination unknown.

His wife's name was Jane. He was supposed to have written a book called "Imperialism".

Mr. Forrest was a very strange, unfriendly man, always seemed to be hiding from something. The suspicious of many people here were aroused. Could this be the same man? If I weren't so sure this is the same man, I wouldn't have written you.

Sincerely,

[Redacted Signature]

[REDACTED], San Francisco, California, on 6-17-60, telephonically contacted the Modesto RA and advised that [REDACTED] heard that Yockey had been found dead.

b7c

[REDACTED] Yockey told him he had attempted to contact Castro in Cuba, but had only been able to see his secretary. Yockey also said that eh and the man with whom he had been staying had made some money, which he thought meant a swindle. Yockey also seemed worried about the authorities finding out where he got the passports and getting other people in trouble. Yockey did not indicate where he got the passports or name the people involved.

b7c

During the time Yockey was in jail he offered anyone \$1000.00 to bring him in some poison and thought he might get it into the jail in a cigar or a cigarett.

b7c

[REDACTED] advised that he thought Yockey was a big liar, but s nce he died, he thought that he might have had someone bring him some poison, possibly one of the inmates who had been in jail with him and later discharged.

b7c

[REDACTED] advised that he would be in and out of San Francisco in the event the authorities desired to ask him additional questions

 at his apartment on June 6, 1960, shortly after the delivery of Yeakley's suitcase to Scharf's apartment. Yeakley was then known to the Special Agents only as Richard Hatch. b7c

Scharf advised that he was an Educational Director of the Temple Beth Abraham in Oakland, California. He stated that Hatch had been known to him for approximately one year. He had met him in Nevada approximately one year prior to this interview, and had seen him subsequent to then on several occasions in San Francisco and Oakland. Hatch had called Scharf by telephone from the Oakland Airport sometime during the morning of June 4, 1960. He had stated that he was intending to visit in Oakland for a short period, and asked if he could come to the apartment rented by Scharf. Scharf did not know what time Hatch had left the apartment on the morning of June 6, 1960, but he remembered that Hatch had made two telephone calls to the Oakland Airport, relative to his missing suitcase, before he left the apartment. Scharf knew very little relative to the background of Hatch, having known him simply as a writer. He could furnish no information relative to the associates or occupation of Hatch, other than this.

During the interview with Scharf a telephone call was received by Scharf at the apartment. After answering, Scharf stated that it was Hatch, who had called asking if his suitcase had arrived. Scharf had told him that it did arrive. At approximately 11:00 a.m., Hatch arrived at the apartment and the interview with Scharf was temporarily discontinued.

After approximately two hours the interview with Scharf was continued.

Scharf stated again that he met Hatch first in Reno, Nevada, in a club approximately one year prior to this interview. At that time this was in the City of Reno, Nevada, and neither he nor Hatch was with anyone else. Scharf had been gambling and had lost all of his money. Hatch noticed his predicament and struck up a conversation with him. Hatch then loaned him \$20.00 with which to pay his way back to Oakland, California. He could not remember the exact name of the club in which they met. Subsequent to that time, Scharf saw Hatch six or seven times in the City of San Francisco. On each of these occasions Hatch would call him by telephone or write and make an appointment to meet him. He could name no mutual connections or friends.

Approximately six months prior to this interview, Hatch called Scharf at his place of employment in Oakland. Scharf had later picked him up that same date, and Hatch had visited with him for a short period at that time. Since that time he had not met with Hatch.

Again Scharf stated that he only knew Hatch as a sort of free lance writer. He described Hatch's writings as "very good," and commented that he considered Hatch to be a "true and faithful friend." He knew nothing of Hatch's employment, other than his writing, and he did not know in what manner Hatch earned his money.

Scharf stated that Hatch had stayed with him Saturday and Sunday nights in his apartment.

The following description of Scharf was obtained:

Born:

b7c

Yockey, upon interview at Scharf's apartment on June 6, 1960, by Special Agents [redacted], advised that he was carrying a large sum of money which he had withdrawn from his account in a New Orleans bank. He explained that he was carrying the money, inasmuch as he intended to loan it to Alexander Scharf as a personal loan. Shortly after this Scharf, who was present during this interview of Yockey, was heard to request Yockey (then known as Hatch) to give Scharf \$200.00, inasmuch as Scharf was badly in need of \$200.00. Yockey at this time stated, "That would no longer serve any purpose. I no longer have any interest in your problems."

County Jail, San Bruno, California ([REDACTED]
[REDACTED] San Bruno, California). The letter was
addressed to the Federal Bureau of Investigation,
and the text of the letter is set forth hereafter:

b7c

"In Feb. and part of March of this year,
I lived in Miami Beach, Florida. During that
time I was drinking quite considerably and met
a fellow in one of the finer hotel cocktail
lounges, known to me only as Blair. After this
first meeting I had drinks with him on two
occasions and we became somewhat as friends.

"To-day when I was being readied for
transfer from County Jail #1 to San Bruno, I
was moved to the opposite side of the jail
to await transportation. At this time Francis
Yockey came up to me and asked if I remembered
him. After he reminded me I did recall him to
be the person I met in Miami Beach.

"We had a talk and when I told him I
had about thirty days left to serve he said
there was something he sure would like to have
me do for him.

"If you feel this is of any importance
or that I can be of any help, have someone
come and see me and I will explain the
situation."

6. [REDACTED] San Francisco,
California, telephonically advised Special Agent
[REDACTED] in Modesto, California, on June
17, 1960, [REDACTED]
[REDACTED] that he had heard that
Yockey had been found dead.

b7c

He advised that he had been in jail in San Francisco
for three days [REDACTED] and had spent
two days with Yockey. During this time Yockey told
him he had attempted to contact Castro in Cuba, but
had only been able to see his secretary. Yockey also

b7c

Letter to WEA, page 8

said that he and the man, with whom he had been staying, had made some money, which he thought meant a swindle. Yockey also seemed worried about the authorities finding out where he got the passports and getting other people in trouble. Yockey did not indicate where he obtained the passports, or the names of the people involved.

During the time Yockey was in jail, he offered anyone \$1,000.00 to bring him some poison, and thought he might get it into the jail in a cigar or cigarette.

[REDACTED] advised that he thought Yockey was a big liar, but since Yockey is dead he thought he (Yockey) might have had someone bring him some poison, possibly one of the inmates who had been in jail with him and later discharged.

[REDACTED] related that he would be in and out of San Francisco in the event the authorities desired to ask him additional questions.

The information regarding Yockey's efforts to obtain poison was furnished to [REDACTED] the San Francisco County Jail #1, and to [REDACTED] the Homicide Detail, San Francisco Police Department, by Special Agent [REDACTED] on June 22, 1960, for the assistance of those offices in connection with their inquiry regarding the source of the poison used by Yockey.

On June 19, 1960, [REDACTED] San Francisco, [REDACTED] telephonically advised Special Agent [REDACTED]

[REDACTED] He stated that he was in jail with Yockey and, at one time, had a four-hour conversation with Yockey. [REDACTED] would not discuss the matter over the telephone, other than to indicate that "Yockey and Scharf are con men and had a con scheme going to fleece big Jewish Businessmen."

RE: CONTENTS OF YOCKEY'S BRIEFCASE

At the time of YOCKEY's arrest at the apartment of ALEXANDER B. SCHARF in Oakland, California, on 6/6/60, SCHARF made available to SAs a leather, zipper briefcase belonging to YOCKEY, which was located in SCHARF's bedroom. Three photostat copies of the data contained in the briefcase have been made; one was forwarded to the Bureau as an enclosure to San Francisco Airtel dated 6/20/60, one was furnished to the United States State Department on 6/21/60, and one is being maintained in the file.

Set forth hereafter is an itemized list of the material contained in the briefcase:

1. A 160-page booklet in the German language, captioned "Hand Oracle (Manual) and the Art of World Prudence." The book was printed in Germany in 1953 by Reclam, Stuttgart. The text of the book contains SHOPENHAUER's translation of the 17th Century Spanish philosopher, Balthasar Grecian, who lived from January 8, 1601 to December 6, 1658, and the book consists of 300 "sayings" (aforementioned translated by SA [REDACTED])

b7c

2. A carbon paper folder containing unused carbon paper and sheets of unused white typing paper. The carbon paper and folder was "Panama - Beaver," a product of Manifold Supplies Company, Brooklyn, New York. The typing paper bore the watermark "Select Print, 'the quality line.'"

3. Two sheets of used stationery of "Laurel Records, 6406 Sunset Blvd., Hollywood 28, California."

4. Two sheets of white typing paper on which of each was written in ink in the lower right section: "Lee Hathaway."

5. Two sheets of unused white stationery (with a pink border at the top edge) of "the Oakes Company," P.O. Box 137, El Monte, California.

6. An original and one carbon copy of a two-page typewritten philosophical essay regarding the "Principle of Polarity," which is described in the text of the essay as a system which "will solveany problem this side of the Absolute." The identity of the author was not shown.

7. A 13-page typewritten document, bound with staples, captioned "Benito Mussolini, the Doctrine of Fascism," which document is apparently old and weathered and the identity of the author is not shown. A portion of the last page of the document had been cut away and the remaining typed portion of the page stated: "copied out (cut out section was at this point) in the Fascist year XXVIII."

8. Pages 10,11 and 12 of a rough draft typed manuscript, bound with staples, of a political-philosophical nature. The author was unidentified. This material was typed on the back of sheets of stationery of the aforementioned Oakes Company.

9. A 62-page paper-bound booklet captioned "Ardous Figure Training at Bondhaven," published by the Nutrix Company, 33 Montgomery Street, Jersey City, New Jersey. This booklet appeared to be practically new, the author was unidentified, and the cover bore a stamped figure "\$8.," indicating the possible cost of the booklet. The date of the publication was not listed. The text of the booklet contained numerous sketches of partially clad females and the booklet was of a masochist or sadistic nature.

10. A three-page typewritten obscene document written on one sheet of paper captioned "John's Wife." The author was unidentified.

11. A 18-page typewritten obscene document written on white paper, bound with staples, captioned "Strange Iris." Author unidentified. One photograph of a nude female, apparently cut from a magazine, was attached to one page of the document.

b7c

12. A 48-page typewritten obscene document captioned "The Misfortunes of Yvonne," by John Priapus, written on white paper ~~bound~~ with staples and Scotch tape. Stapled to various pages of the document were eleven photographs of nude or semi-nude females, all but one of which appeared to have been cut from magazines. The name John Priapus is probably a pen name inasmuch as the Greek god of procreation was Priapos.

13. Approximate 3 x 5 card, both sides containing prescription relating to "Anayoclin Chemical."

14. Approximate 5 x 8 page, which lists chemicals in two columns; one headed, "Inert," and the other headed, "Active." The reverse side contains notes beginning with, "Longitudinal Axis."

15. Two pages, approximately 5 x 8, listing cities and dates on a telephone dial code form.

16. Two pages, numbers 235 and 236, listing books; the first is entitled, "Your Second Body," and the second is entitled, "Reincarnation."

17. Bibliography of books; the first side beginning with, "Chemical Action of Light," and the other side beginning, "Phenomenon of Life."

18. Approximate 3 x 5 magazine call slip.

19. Check-size paper captioned, "Seit Jahrzehnten...."

20. One page entitled, "Rules for Poker."

21. Two pages of notes on "Ingalese Rules"; first page begins with "Desire intently," and second page begins, "entirely subconscious."

22. Two pages, approximately 9 x 12, of symbols and French phrases. First page is marked "II," and the second page is marked with the initial "A" on the top left corner.

b7c

23. One page captioned "Theosophical Forum, 6/37."
24. Article by J. ROBERT MOSKIN concerning domination of the American male by the American female, consisting of two full and two and half pages.
25. Article by GEORGE B. LEONARD, Jr., concerning, "U.S. men give up individuality for conformity," containing approximately ten whole and partial columns.
26. Article entitled, "Does He Work So Hard?", by WILLIAM ATTWOOD, consisting of approximately eight columns.
27. A list of books beginning with, "Cosmic Rays," and the reverse side begins - "Memoiren Einer Sangerin."
28. Seven-page pamphlet entitled, "Spielbank Baden-Baden," which appears to be relating to system on roulette, dated 4/55.
29. Five-page pamphlet entitled, "Spielbank Baden-Baden," dated "Mai 1955."

When the Subject was first placed under arrest on the sidewalk in front of the residence of ALEXANDER B. SCHARF at 465 Bellevue, Oakland, Calif., he was given a thorough wall type search. During this search, no dangerous weapons and/or pills or powders or vials were found to be contained in his clothing.

He was taken to the Oakland City Jail where he was booked.

As is required by the Oakland City Jail, the subject was stripped of all clothing. All outside body openings, such as mouth, eyes, nose, ears, under the arms, and the crotch were examined to determine if the subject had concealed any weapons and/or other material. Nothing was found nor was there any artificial openings found on subject's body wherein anything could be concealed.

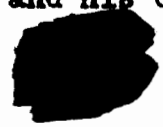

While the subject was stripped, of his clothing was given a thorough and probative search including all seams, under the pockets of the pants, belt, loops, inside the belt loop seams, and cuffs of the pants. Subject's coat was also thoroughly searched including all seams and pockets and under lapels. Subject's boots were also searched and no foreign material located nor was there any new openings that would suggest something had been concealed within the leather. Subject was then allowed by the Oakland PD to obtain the same clothing and dress. He was not given any prison garb by the Oakland City Jail.

Subject had no access to any other ^{when arrested.} clothing other than ^{of his own} that which he was wearing, nor did he have any access to any the property when he was arrested. *He did not have access to his personal property of his arrest*

It is noted that subject was arrested by San Francisco FBI agents on the afternoon of June 6th and was turned over to the State Dept. on the afternoon of June 7th. After subject was stripped, searched, and his clothing searched,

For record purposes, at 12:15 P.M. 7/1/60 Mr. ROSEN telephonically contacted me from the Bureau concerning our teletype of 7/1/60 in captioned case. He specifically inquired concerning the identity of the informant and whether or not we knew anything about the informant or her reliability. I advised him that I would make the necessary checks and call him right back.

At 12:35 P.M. I advised Mr. ROSEN that the original informant was [redacted] San Francisco, that we had no information in our files concerning her and we did not know how reliable the information might be. On the basis of this, Mr. ROSEN indicated it was his desire that we identify the source of our information in connection with dissemination so that the inquiring agency might have an opportunity to talk with her. He suggested that I talk with you and we agreed that if her identity was to be divulged we would not communicate with him (Mr. ROSEN) again concerning this. If you felt we should not divulge the identity, he requested you call her. After my discussion with you, I telephonically contacted [redacted] explained to her our problem and inquired if she would mind talking with a State Department representative away from her place of employment. She agreed that she would be very willing to do this and, accordingly, I made an appointment with her for a State Department representative to see her at her residence at 5:30 P.M. 7/1/60 [redacted]

b7c
b7D

At 2:45 P.M. 7/1/60 I handed to FRANCIS TULLY, State Department Investigator, the State Department copy of our 7/1/60 letter to U. S. Attorney DAYTON and at that time identified [redacted] to him and advised him of the appointment at 5:30 P.M. I also pointed out [redacted] expressed desire not to become implicated in this matter, that she was furnishing it as a "good citizen."

b7c
b7D

Additionally, a review of SF files revealed two females who had used the name [redacted] (ph) and, accordingly, I furnished TULLY with one photograph each [redacted] on the theory that exhibition of these photographs [redacted] may result in the identification of the [redacted] (ph) she referred to.

Dear Sir,

In Feb. and part of March of this year, I lived in Miami Beach, Florida. During that time I was drinking quite considerably and met a fellow in one of the finer hotel cocktail lounges, known to me only as Blair. After this first meeting I had drinks with him on two occasions and we became somewhat as friends.

To-day when I was being readjusted for transfer from County Jail #1 to San Bruno, I was moved to the opposite side of the jail to await transportation. At this time

Frances Gockey came up to me and asked if I remembered him. After he reminded me I did recall him to be the person I met in Miami Beach.

We had a talk and when I told him I had about thirty days left to serve. He said there was something he sure would like to have me do for him.

If you feel this is of any importance or that I can be of any help; have someone come and see me and I will explain the situation.

Respectively yours

FBI Seizes Man, 3 Fake Passports

Mystery continues to surround the arrest here of a man with three fictitious passports and \$2,300—viewed as a security matter by both the U.S. State and Justice Departments.

He was identified as Francis Parker Yockey, 47, a 1941 cum laude graduate of Notre Dame Law School.

His arrest came about by chance, but since he was taken into custody by the FBI orders have come from Washington that the less said about the dark-haired man the better.

Yockey is being held in San Francisco on a federal charge of passport fraud. Bail was set at \$50,000—10 times the normal amount.

He will be arraigned today before U.S. Commissioner Joseph Karesh, who warned yesterday that the U.S. attorney's office had better justify the unusually high bail—on the record.

Yockey, meanwhile, would only say "I know my right."

A spokesman for the U.S. attorney's office said he would vigorously oppose any reduction in Yockey's bail, indicative of the government's "great interest" in the man.

It was this spokesman who said "this is definitely a security matter."

Yockey was arrested Monday at the Oakland home of a friend whom the FBI would not identify. Agents would say only that he had flown here Sunday, either from Fort Worth or Washington, and when he arrived here he dis-

Yockey telephoned the airline. Employees in Fort Worth, meanwhile, found the bag and opened it to identify it. Inside were three passports.

One had been issued to Edward Max Price in Salinas in 1954 and altered to read Edward Max Briceman, the FBI said. Another bore the name of Richard Hatch. The FBI declined to say whose name the third passport bore. All three, however, had Yockey's picture on them.

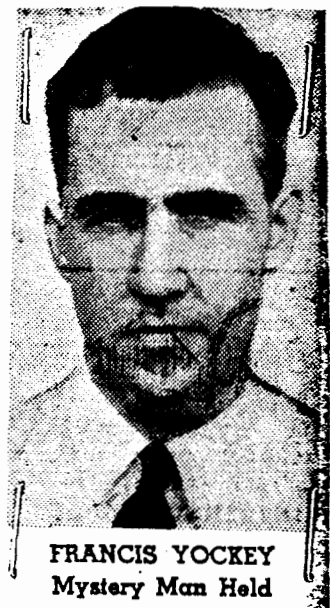

The FBI traced Yockey to the friend's home here, and when agent Robert Leonard came to arrest Yockey, the suspect slammed the door on his hand. Leonard, who later needed 28 stitches in his hand, chased Yockey outside where he and another agent took the man into custody.

Yockey was first booked in Oakland on a technical charge of failing to register for the draft, then was whisked over to San Francisco.

He held his hat over his face when newsmen tried to photograph him.

The FBI said the passports in Yockey's suitcase showed use in Germany, England and Belgium. The man also carried press credentials from a German magazine. The identification card carried his picture but another name.

When Yockey reported his suitcase missing to the airline, he gave still another name.

Mystery Man Held

Link to Nazis Bared in Bay Passport Case

'Mystery Man' Had Long History as Mental Case

By ED MONTGOMERY

A pattern of mental disorders and of long and active pro-Nazi sympathies emerged yesterday to dispel some of the mystery surrounding mystery man

Francis Parker Yockey.

Yockey, a scholarly 43 year old attorney, was arrested in Oakland Monday on a passport fraud charge when it was discovered that he had been traveling throughout western Europe on phony passports.

The Examiner learned yesterday that Yockey was given an honorable disability discharge from the Army in 1943 and that the discharge carried the notation "dementia praecox, paranoid type."

Nazi Leanings

It also was learned that despite this notation he was employed by the War Department in Germany in the Judge Advocate General's Office during the Nuremberg war crimes trials, but was discharged after 11 months for pro-Nazi sympathies.

Washington intelligence sources said Yockey had worked with such organizations as the Silver Shirt Legion, an American group patterned after Adolf Hitler's storm troopers that espoused the Nazi cause and preached anti-Semitism here in the 1930's.

His European marketing over a period of years was presumably financed in international Fascist circles, the sources said.

Tests Asked

Yockey's own attorney, Carl Hoppe, questioned his client's sanity at a hearing yesterday to determine bail on the passport fraud charge.

Hoppe asked United States Commissioner Joseph Karsch for a continuance so that Yockey could be examined by a psychiatrist.

"I have talked with Mr. Yockey, and he doesn't behave in a normal fashion," said Hoppe. "I don't believe he has all his senses. I feel rather strongly that a psychiatric examination is indicated."

Yockey, a 1941 graduate of the Notre Dame law school with a brilliant scholastic record, interrupted quietly at this point.

"I must object to this," he said. "This comes as a complete surprise to me. I will have to dismiss my attorney."

Later the two conferred

and Hoppe then asked Karsch to continue the case until 10:30 a. m. today. He said he wanted more time "to study the case." The continuance was granted.

Hoppe, whose practice involves patent, trademark and copyright matters, was retained by a member of Yockey's family and had never known

defendant himself had to say, beyond some elementary biographical information. He said he was a county attorney in

CONFIRMED

This was confirmed from intelligence files, which also provided these additional details in the puzzle of Yockey's background:

Both his parents are deceased. He enlisted in the Army as a private in 1941 after being graduated cum laude from the University of Notre Dame and after attending for vary-

ing periods Georgetown University in Washington, D. C., the University of Michigan, Northwestern University and the University of Arizona.

He was given his Army discharge in 1943 and then worked briefly as an assistant county attorney in Detroit. Beginning in January, 1945, he was employed for 11 months by the wartime Office of Price Administration in Detroit and then went to Germany on the war crimes trials' prosecuting staff.

SINCE 1946

The information after 1946 was scanty.

Yockey's arrest Monday was something of a fluke. His luggage on a flight from the East was temporarily lost and then located at the Fort Worth, Tex., airport. In opening the luggage for identification, airport employes found three passports and called the FBI.

Yockey was traced to the home of an unidentified Oakland friend and arrested after he gave the FBI four false names and made an abortive attempt to escape.

In addition to the passports in the suitcase, there were seven birth certificates and a list of 15 to 20 names, some of them of known deceased persons. Assistant United States Attorney William P. Clancey Jr. said agents were checking to see if passports had been issued under all the names.

CROSSED OFF

Some of the names had been crossed off the list, said Clancey, and after some of the entries there was a notation on the person's date of birth and date of death.

One such was William Black, a dead World War I and Korean war veteran whose Canadian passport bearing Yockey's photograph was in Yockey's possession.

In addition Yockey had a British passport in the name of Michael Joseph Taylor and an American passport made out originally to Edward Max Price but altered to read Edward Max Briceman.

Yockey, Clancey said, was involved in "what appears to be a systematic and well-planned operation in passports, but for what purpose we don't know."

The State and Justice Departments said they were still interested in the case "on security grounds," but were tight-lipped on Yockey political activities.

A sister, Mrs. Alice Yockey Spurlock, an X-ray technician at the Wheeler Hospital in Hilo, Hawaii, had no comment.

FRANCIS YOCKEY

Insanity Plea In Passport Case Hinted

Francis Parker Yockey, the man of many names held here on Federal charges, may have been operating an illegal passport factory, a Federal prosecutor said yesterday.

Yockey's own attorney, Carl Hoppe, insisted at first that the only problem was that his client was insane—but he later withdrew that suggestion pending further private conversations.

Assistant U. S. Attorney William P. Clancy Jr. told newsmen yesterday that Yockey had used at least 15 aliases during "what appears to be a systematic and well-planned operation in passports, the purpose of which we do not know."

Yockey's trouble began Sunday—accidentally. He arrived in Oakland to visit a friend and found that a bag was missing from his luggage.

gag. Yockey phoned the airline.

FORT WORTH

Meanwhile, the suitcase turned up in Fort Worth, and an airline official opened it to identify the owner. Inside were three passports. Though each bore a different name, Yockey's photo was on all three.

The FBI arrested him in Oakland after he had injured an agent in an attempt to escape. Yockey, 47, was identified by fingerprints on his service record.

State Department officials here said yesterday that Yockey had been a War Department employee in Europe in 1946, and other sources reported he was active at that time in the Nuernberg war crimes trials in Germany but was fired.

'PRO-NAZI'

A friend and former classmate of Yockey told The Chronicle last night that Yockey had been "a pro-Nazi" while attending Georgetown University, Washington, D. C., in 1937-38. Yockey, glowering and silent, appeared before U. S. Commissioner Joseph Karesh

Francis P. Yockey stalked out of court followed by deputy marshal James Cumerford

at 10:30 a.m. yesterday, ostensibly to plead for a reduction in the \$50,000 bail demanded by the Government.

With him was Attorney Hoppe—a specialist in patent and copyright law.

"I'd like to have Mr. Yockey examined by a psychiatrist to determine whether he is sane," Hoppe told Commissioner Karesh.

Yockey erupted in a sibilant,

resounding whisper: "That's a dirty trick!"

Then he spoke clearly: "I'm sorry—I'd like to dismiss the attorney. This comes as a complete surprise to me."

Karesh allowed a 20-minute recess so Hoppe could confer further with his client. As Yockey and the attorney left for their conference, Yockey again muttered "It's a dirty trick," and spat on the floor.

Attorney J. W. Ehrlich, present with Hoppe and Hoppe's associate Victor Iobe, told reporters "I talked to Mr. Yockey at Mr. Hoppe's request, but I'm not associated with the defense."

After the private conference between Yockey and his attorneys Hoppe and Victor Iobe, Hoppe asked Karesh to continue the hearing—ostensibly called to determine whether \$50,000 bail was too high—to 10:30 a. m. today.

Georgetown University confirmed that Yockey had attended its School of Foreign Service as a member of the class of 1939 but had withdrawn before completing the course. His hometown at that time was listed as Rockana, Ill.

He was known to have practiced law in Illinois at one time and to have served as an assistant district attorney in Detroit.

"I'm now pressing my motion to reduce bail, and I'm not now pressing my motion for an examination by an alienist," Hoppe explained. "I want to confer further with Mr. Yockey."

Karesh asked Yockey if he agreed that Hoppe should continue to represent him, and Yockey nodded. Karesh thereupon continued the hearing until this morning.

Passport Suspect Angry at Hearing

Man Held in Racket Probe Argues With Commissioner, Demands Photographer Ban

Francis Parker Yockey, 47, suspected head man in a fraudulent passport racket, argued with U.S. Commissioner Joseph Karesh and newsmen today in his second bail hearing in San Francisco.

Yockey, arrested in Oakland Monday because of three fictitious passports, is being held in lieu of \$50,000 bail—10 times the normal amount. His attorney, Carl Hoppe, has been pressing for reduction of the bail and yesterday recommended that his client be examined by psychiatrists. Yockey tried to fire Hoppe then, but they settled their differences.

OBJECTS TO TERM

Today, scholarly appearing Yockey argued when Karesh referred to him once as a boy and another time as "this young man."

"There's no boy here," he snapped.

And later—"I'm not a young man."

He also demanded that news photographers and movie camera men stop taking pictures of him. "This is practically assault and battery," he said. Karesh granted the request.

Karesh also granted the right for Yockey to see his sister, who is arriving in San Francisco tomorrow from the east. Government attorneys said that sister is probably Mrs. William D. Coyne Maryland, wife of a Navy commander.

HEARING POSTPONED

The hearing was postponed until 10:30 a.m. Monday. Raresh asked Hoppe if at that time he would continue to press for either a reduction in bail or a psychiatric examination for his client.

Hoppe replied, "We're not pressing for anything at this time."

Yockey also argued with news reporters about stories in yesterday's and today's newspapers. "You guys never get anything right," he said.

Authorities said they learned that Yockey, a 1941 cum laude graduate of Notre Dame Law School, had spent two years in the Army and was discharged in 1943 with the notation "dementia praecox, paranoid type."

ARRESTED BY FBI

He was employed later by the War Department, but dismissed in 11 months because of alleged pro-Nazi tendencies.

Yockey was arrested by the FBI after he flew here from Fort Worth on Sunday. He was at a friend's house when he discovered some luggage missing and notified the airline. His bag was found in Fort Worth, and when it was opened to identify it, the three fictitious passports were found.

Asst. U.S. Atty. William P. Ciancy Jr. said Yockey used at least 15 aliases during "what appears to be a systematic and well-planned operation in passports, the purpose of which we do not know."

Yockey had a brilliant scholastic record and was assistant prosecuting attorney in Detroit in 1944.

Suspect Held As U.S. Probes Passport Ring

Government authorities will delve a little further today into the background of a man they think might have operated an extensive passport racket.

He is Francis Parker Yockey, 47, tight-lipped and scholarly, whose arrest here Monday with three fictitious passports came about on a fluke.

Yockey, who allegedly uses 15 aliases, is being held in San Francisco under \$50,000 bail—10 times the normal amount. He appeared yesterday before U.S. Commissioner Joseph Karesh on a motion to reduce bail.

The hearing broke up when his attorney, Carl Hoppe, asked that Yockey be given a psychiatric examination and Yockey tried to fire him. **KEEPS ATTORNEY**

The session was adjourned until today after a quick conference that kept attorney and client together.

Authorities said they learned that Yockey, a 1941 cum laude graduate of Notre Dame Law School, had spent two years in the Army and was discharged in 1943 with the notation "dementia praecox, paranoid type."

ARRESTED BY FBI

He was employed later by the War Department, but dismissed in 11 months because of alleged pro-Nazi tendencies known to be deceased.

Sanity Test Ordered For Yockey

A sanity examination for Francis Parker Yockey, the man of many passports, was ordered yesterday.

Then he went back to County Jail, apparently to stay under his unusual \$50,000 bail until at least July 11 and a psychiatric report.

The commissioner told the judge that Yockey's "action, conduct and outbursts" made a sanity check very advisable.

Yockey 'Pal' Spills Plan To FBI Agent

Francis Parker Yockey today was accused of plotting an escape from the San Francisco County jail where he is being held for passport fraud.

This was brought out today by Asst. U.S. Atty. William R. Clancy in urging U.S. Commissioner Joseph Karesh to retain the high bail of \$50,000 for Yockey, 43.

Clancy said Yockey had approached two fellow federal prisoners in the county jail last night. The plan was that Yockey would arrange \$1,000 bail for one of the prisoners.

Then today the released man would return armed with a gun and force the deputy U.S. Marshal operating the van taking prisoners to the U.S. courthouse to surrender Yockey.

Clancy told Commissioner Karesh "the man to be bailed out would fall on the federal officer and Yockey would flee."

Yockey spoke up and said there is "not a word of truth in the story."

Clancy later told reporters the man who was to be bailed

out revealed the plot to FBI agents last night although in conversations with Yockey he pretended to go along with it.

The man who was to be bailed was identified as Phillip Galati, 21, who faces sentencing Friday on a federal check charge, according to Frank Smith, superintendent of the San Francisco County jail.

Smith identified the "man who was supposed to be in on it" as Jack Grambrough, who was to have been sentenced today after pleading guilty to the Oakland Army PX holdup. Sentencing was delayed until tomorrow.

Commissioner Karesh delayed a ruling on the motion to reduce bail to \$5,000 sought by Yockey's new attorney, Emmet Hagerty, because Federal Judge William T. Sweigert is due to decide tomorrow whether to order a psychiatric examination for Yockey. If granted it would mean Yockey would be held without bail for about three weeks.

Clancy gave some 14 reasons for opposing reduction of bail.

Two of them, he listed were

extreme risk of flight and grave risk of injury to himself by Yockey and other persons. He revealed that Yockey had threatened suicide when in custody in Oakland City Jail following his arrest and yesterday in the San Francisco County jail.

A third reason was that the man Yockey was visiting in Oakland at the time of his arrest, Alexander Scharff, religious teacher at Temple Beth Aoraham, has disappeared. Clancy said Yockey claimed erroneously Scharff is under arrest by the FBI.

Other reasons Clancy listed included the fact Yockey was under an assumed name, he used numerous aliases, he had three passports in different names, no known occupation although he had approximately \$3,000 on him at the time of arrest, he made false statements to the State Department, he tried to flee when arrested, assaulting an FBI officer.

Hagerty claimed the \$50,000 was excessive and exorbitant.

Previous to the Commissioner Karesh hearing, Clancy and Hagerty were before Judge Sweigert with Clancy's request the mental examina-

tion and Hagerty to oppose it on grounds the case was before Karesh and Sweigert did not have jurisdiction.

Hagerty also held his client is mentally sane.

"He is a competent man even though a lot of people differ from his ideas and beliefs," Hagerty told the court.

Yockey had a brief interview yesterday with Bernie Rausch, a TV cameraman who was a pilot for the Luftwaffe during World War II. Rausch attempted to defect and was under arrest by SS officers when liberated by the allies at the end of the war.

He intervened when Yockey became indignant at the appearance of TV cameramen to assure him Yockey was among friends.

Mental Exam for Yockey Ordered

Federal Dist. Judge William Sweigert today ordered a psychiatric examination for Francis Parker Yockey.

He set July 11 for a report by a psychiatrist to be chosen by mutual agreement between Yockey and the Government.

U.S. Commissioner Joseph Karesh then set July 11 for the sixth hearing on whether to reduce bail on Yockey from \$50,000 to \$5,000 — since Yockey cannot be released on bail until after the psychiatric report.

Yockey, 47, arrested June 6 in Oakland for alleged passport fraud, is a suspected member of anti-Semitic and nazi-type organizations.

CROSS-EXAMINATION

Today he was given the right before Judge Sweigert in San Francisco to cross-examine Karesh.

He asked the U.S. commissioner if Karesh was an ordained rabbi.

Karesh, the son of a rabbi, answered that he was not.

Yockey asked, "Have you read anywhere that anti-Semitism is comparable to mental disorder?"

Karesh, speaking to Judge Sweigert and not Yockey, answered, "If the defendant is trying to say that I am speaking on religious conviction, it is not true. I stand here as an arm of the court. What I say has nothing to do with my religious beliefs."

JUDGE AGREES

Karesh was referring to the fact that he urged a mental examination for Yockey. It was shortly after that that Judge Sweigert agreed it was necessary.

Yockey claimed that "It is a tradition in our jurisprudence that insanity is something to be raised by the defendants. If the government can take away that defense and use it in the attack, no matter if it is in the statute books, it is an injustice."

Two FBI agents submitted affidavits at the hearing before Judge Sweigert.

Agent Edward M. Cunningham said he had examined Yockey's 1943 discharge from

the Army which showed "the psychiatric examination indicated marked delusions of persecution in which Yockey involved many people in his environment . . . The Army medical board recommended Yockey be discharged by reason of disability due to demetial praecox, paranoid type . . ."

SUICIDE PLAN

The other FBI agent, Keith G. Teeter, testified on two conversations he had with confidential informants. The informants allegedly said Yockey planned to commit suicide.

After the federal court hearing, the matter went before Karesh for a hearing on the bail. He put it over immediately to July 11.

The fourth bail hearing yesterday reached a climax when Asst. U.S. Atty. William P. Clancy Jr. said Yockey has plotted to escape from the county jail where he is being held.

Clancy told Karesh that Yockey plotted with two fellow prisoners. The plan was allegedly to free one of the other men on \$1,000 bail and then he would free Yockey as Yockey was en route from the jail to the hearing before Karesh, according to Clancy.

The other prisoners were identified as Jack Fambrough, 23, confessed participant in the holdup of the Oakland Army Terminal PX, and Philip Galati, 21, convicted of bad checks.

PLOT TOLD

It was Fambrough who revealed the alleged plot, the FBI said. He told his mother, Mrs. Lillian Osby of 616-A 39th St., Oakland, and asked her to tell the FBI. This was on Sunday. She reported the alleged plot the following day.

Fambrough, who confessed his part in the \$6,000 May 3 robbery, was sentenced today by Judge Sweigert to 20 years in prison. The court also ordered a 90-day psychiatric examination for Fambrough, however, with indications that the sentence would be lowered.

Sister Visits Mystery Man

Francis Parker Yockey's younger sister paid him a tearful 20-minute visit in the county jail here yesterday, but shed no further light on the mystery man and his troubles.

MRS. WILLIAM COYNE
... visits jailed brother

Mrs. William Coyne, trim wife of a Navy commander, flew to San Francisco from Bethesda, Md., to confer with him.

When she emerged from the interview room, a reporter asked her what the puzzling case is all about.

"I just don't know," she wept. "No comment."

Yockey, 43, a lawyer, was arrested early last week at the Oakland apartment of Alex B. Scharf who has been principal of the Hebrew school at Temple Beth Abraham in Oakland.

FAKE PASSPORTS

He was charged with passport fraud after it was discovered that he had been traveling in western Europe on phony passports.

His bail was set at \$50,000 instead of the usual bail closer to \$5,000.

It later developed that Yockey's unusual career has been checked with mental disorders and active pro-Nazi sympathies.

The secondary mystery—the whereabouts of Scharf—began to take over the center of the stage yesterday.

Scharf, about 31, has not been seen since Yockey's arrest.

RABBI BAFFLED

Rabbi Harold M. Schulweis, of Temple Beth Abraham, was baffled to learn that the head of the temple school had associated with a man to whom anti-Semitic views have been attributed.

"I find it painfully intriguing," the rabbi said.

Others close to the case speculated at first that Yockey may have sought to ingratiate himself with Scharf to obtain information of some kind. But yesterday they felt disposed to discard this theory on the grounds that if it were true, Scharf would have shown up by now.

Yockey will seek a bail reduction from U.S. Commissioner Joseph Karesh at 10:30 a.m. tomorrow.

Passport Suspect Kills Self in Jail

Francis Parker Yockey, 47, alleged associate of Nazi and anti-semitic organizations, committed suicide today in his San Francisco county jail cell.

His death plunged the case deeper into mystery. Yockey left a note written in pencil on lined paper and placed between two blankets he used for a pillow. It said: "I shall write no message which I know will not be delivered—only this which will be.

"You will never discover who helped me for he is to be found in your own multitudinous ranks, at least outwardly."

The strange note was unsigned. Paul Green, chief deputy coroner, said this afternoon a toxicology report showed traces of a fast-acting poison in Yockey's stomach. The poison is fatal in the minutest quantity, Green said. There was no indication of where Yockey got the poison, or how he concealed it from his jailers.

Earlier today the coroner's office thought Yockey's death was due to natural causes. Yockey, once a prosecutor in Detroit, died at about 2 a.m., 5½ hours before his body was discovered, according to Deputy Coroner James Prideaux.

Yockey's death was discovered at 7:30 a.m. when jailer Emmett O'Callaghan went from cell to cell awakening the prisoners. He stopped the cell occupied by Yockey and Adam Niemi.

O'Callaghan rattled on the bars. Nieman woke up. Yockey lay motionless on his bunk.

The jailer and Police Capt. John J. Scanlan checked Yockey and found he wasn't breathing. The coroner's office and Federal authorities were called.

When the policemen found him, his arms were folded across his chest and the blankets were pulled up to his chin.

He was dressed in underwear and shoes. Authorities were unable to explain why he kept his shoes on. He never had before while he slept in his cell.

A second note, apparently unrelated to the suicide, was found among Yockey's personal belongings taken from him the day he was jailed and placed in a large envelope.

TEXT OF NOTE

The note, to "my dear Mr. Teeter," said:

"I ask you as a favor, in the name of humanity which we share, to notify my sister of this or her husband, Lieutenant Commander or Mrs. William D. Coyne of Bethesda, Maryland. I think you, Francis Yockey."

The FBI said he was apparently referring to Agent Keith Teeter, in on the initial arrest and was asking Teeter to notify his sister of his arrest. The note was never delivered, but Mrs. Coyne notified and came to San Francisco.

Yockey was taken into custody June 6 in Oakland on charges of Federal passport fraud.

A psychiatric examination, ordered by Federal District Court, was pending for him when he died. He was being held in lieu of \$50,000 bail pending a July 11 report by a psychiatrist.

MYSTERY MAN

Yockey, a mystery man to the time of his death, arrived in the Bay Area June 5 from Fort Worth or Washington and was staying at the apartment of Alexander Scharf at 465 Bellevue Ave., Oakland. Scharf was educational director of Temple Beth Abraham. Scharf is missing.

Scharf's disappearance the day of Yockey's arrest created another mystery. Neither officials at the temple nor federal authorities have been able to locate him. With Yockey's death, he becomes a more important link in the search for information on Yockey.

Residents of the 12-unit apartment on Bellevue said that on the night before Yockey's arrest they heard at least two men talking and some "stamping" going on most of the night in Scharf's apartment. The stamping, they said, sounded as if someone were affixing a seal to something.

TELEGRAM GONE

Also, they reported that there was a telegram and a note in Scharf's open mailbox on Wednesday. The telegram was from Reno. The note apparently was from the postman, asking Scharf to lock his mailbox and to pick up his mail at the post office. Residents saw the telegram Wednesday afternoon. It was gone by 3:45 a.m. yesterday. The note was still there.

Postal authorities refused to say whether the note had been left by the postman or whether the mail had been picked up.

James Cavanaugh, chief of security for the State Department's San Francisco office, said that while Scharf was not the object of a search, "I'd certainly like to talk to him."

Yockey's arrest came about by chance.

He discovered after arriving at Scharf's apartment that he was missing one suitcase. He called the airline and asked it to check. Airline employees in Fort Worth found the bag. They opened it to check it and discovered three fraudulent passports, all bearing different names but Yockey's picture.

Yockey, a cum laude graduate of Notre Dame Law School, was arrested the following day at Scharf's home by the FBI. He allegedly attempted to escape and slammed the door on one agent's hand.

Bail was set at \$50,000 by U.S. Commissioner Joseph Karesh—10 times the normal amount of bail.

The Government labeled the case "a security matter" and said Yockey was "engaged in a systematic and well-planned operation in passports."

Later, the Government revealed he had been discharged from the Army in 1943 and his discharge bore the notation, "dementia praecox, paranoid type."

Stanley Jacobs of the San Francisco office of the B'nai B'rith Anti-Defamation League said Yockey had appeared with Gerald L. K. Smith, head of the Christian Nationalist Party, and had written the book "Imperialism," described as "a master thesis of fascist strategy."

Five hearings were held before Karesh in attempts by two attorneys to have Yockey's bail lowered. Finally, on Wednesday, a hearing was held before Federal District Judge William Sweigert, who ordered a psychiatric examination.

All of the hearings before Karesh resulted in turning Yockey's first attorney, Ca-

hoppe, suggested a psychiatric hearing at the first hearing, and Yockey tried to find him. Later, Yockey hired Emmet Haggerty as his attorney.

At the court session, the Government charged that Yockey had plotted to escape from the county jail and had threatened suicide.

Sister Calls Suicide Tragic Philosopher, Not Pro-Nazi, She Says

By George Draper

The suicide of Francis Parker Yockey, mystery man with many passports, was described as "a tragedy" yesterday by one of his sisters.

"All that talent, all that brilliance is now gone," sighed Mrs. William P. Coyne, of Bethesda, Md., wife of a U. S. Navy commander.

Mrs. Coyne, a handsome blonde with pale blue eyes, said Yockey spent his adult life scrutinizing the world from the exalted station of a true philosopher.

"No," she said, "he wasn't anti-Semitic, he was anti-Zionist. No, he wasn't pro-Nazi. He never idolized Hitler. In fact he thought Hitler made one mistake after another."

VIEW ON RUSSIA

Likewise, Mrs. Coyne said Yockey was neither pro-Russian nor anti-Russian.

"He merely felt that Ru

sia had a role to play in world history," she said.

Mrs. Coyne proudly recited the titles of six books written by Yockey, all of which were privately published in London and one of which has been called "a blueprint of Fascist strategy."

"No publisher in the United States would touch them," she said.

PHONE CALLS

Mrs. Coyne, interviewed in the office of Attorney Emmet Hagerty, said she had been close to her brother when they grew up in Chicago but that in the last 10 years she had seldom heard from him.

"He would telephone me once in a while but never say where he was. I think it was because he was in some kind of trouble with the FBI," she said.

Mrs. Coyne said she received a telephone call from Yockey early last week informing her that "I'm in the Oakland jail."

The sister immediately flew home from Maryland to help him.

PASSPORT

She said she talked to him in San Francisco about the United States passport which he obtained in Salinas in 1954 under the name of Edward Max Price.

(This same passport was found among Yockey's belongings, bearing Yockey's photograph, with the name changed to Edward Max Bucceman.)

"He couldn't have changed that name on the passport. That requires special technique," she said.

Yockey told her, she said, that he still carried the passport because the State Department had turned him down seven times when he applied for a new passport.

OTHER NAMES

Why did Yockey also carry Canadian and British passports with his photograph but different names?

"Maybe he thought three passports were better than one," Mrs. Coyne replied.

The sister said she had no idea how Yockey had earned his living in recent years or where he had been living.

"My sister and I gave him some money to have a book published, but that was quite a few years ago," she said.

SUICIDE

Finally, Mrs. Coyne was asked why she thought Yockey had committed suicide.

"Has it been established that it was a suicide?" she replied.

Reminded that Yockey penned a suicide note before he died, she added:

"Oh, that's right. He did. Probably he felt he wasn't going to have a fair trial."

She hesitated a moment and added:

"Predicated upon what happened, he was completely justified in feeling that way."

Oaklander In Passport Case Flees

Alexander Scharf, sought as a material witness in the many-pronged investigation of Francis Parker Yockey, who committed suicide in a San Francisco County Jail cell yesterday, has fled to Mexico.

Federal authorities said they checked his Oakland apartment at 465 Bellevue Ave. and found that all of Scharf's clothing and personal belongings were gone.

Subsequent investigation indicated he had gone south of the border, they said, but they declined to elaborate.

The revelation adds new mystery to an already clouded case.

QUICK POISON

Government agents had hoped Scharf could fill in some gaps in the background of Yockey, who committed suicide with a quick-acting poison yesterday. They also wanted Scharf to explain his association with Yockey.

Scharf, 31, education director of Temple Beth Abraham here, was the last man to see Yockey before he was jailed on June 6 for federal passport fraud. Yockey was arrested in Scharf's apartment.

The U.S. Attorney in San Francisco has issued a warrant for Scharf's arrest as a material witness in a probe by the Grand Jury. The

warrant says it is not practical to obtain Scharf's appearance by subpoena because he has departed from his last known place of residence and employment.

Scharf is evading "diligent efforts to serve . . . a subpoena on him," according to the warrant. The government is asking that \$5,000 bail be set.

Yockey, 47, alleged associate of Nazi and anti-Semitic organizations, committed suicide by taking poison. His body was discovered when jailers tried to awaken him.

How Yockey got the poison is still a mystery. Acting Coroner Paul Green said a thorough check of the body revealed no other traces of it. The police crime laboratory check of his clothing showed nothing.

DEADLY CRYSTALS

Yockey died by using the same deadly crystals with which Herman Goering outwitted his allied captors at Nuremberg in 1945.

And Yockey's note left little to go on. It torments authorities with this phrase:

"You will never discover who helped me, for he is to be found in your own multitudinous ranks, at least outwardly."

The last man to see Yockey alive was his cellmate, Adam Nieman, 55.

"He (Yockey) told me he was the No. 1 leader of some sort of organization," said

Nieman. "He said he had knowledge of people he loved and thought he'd be forced to reveal it."

Yockey's last words to Nieman the night before he died were: "You'll sleep all night, of course."

Then, around 2, a.m., Yockey took the poison and died instantly.

His death left the FBI, U.S. State Department and the U.S. Attorney's office with a

tip secret file on Yockey, but little else.

They promised that the investigation would not cease with his death. Yockey, graduate of Notre Dame Law School and one-time assistant prosecutor in Detroit, was being held in lieu of \$50,000 bail pending psychiatric examination. He was arrested when three false passports were found in his suitcase.

Mrs. William Coyne Yockey's sister, met with the press yesterday. "He wasn't anti-semitic," she said of her brother. "He was anti-Zionist . . . He wasn't pro-nazi. He never idolized Hitler. In fact he thought Hitler made one mistake after another."

She added that he wasn't pro or anti-Russian, either. "He just felt that Russia had a role to play in world history."

Asked why Yockey carried a Canadian and British passport, in addition to an American one, she replied: "Maybe he thought three passports were better than one."

Mystery Man Yockey Kills Self In S. F. Jail Cell

By Tom Mathews

Neo-Nazi Francis P. Yockey took a leaf from the notebook of Hermann Goering, Hitler's air marshal, and poisoned himself in jail yesterday.

He left behind him a furious set of Federal officials and a note defying anyone to find out who supplied him with the cyanide he used to end his life.

The Federal Bureau of Investigation, the State Department and the United States Attorney's office were left holding a top-secret file on Yockey and no Yockey to prosecute.

The file arrived last Wednesday. One official said it was "loaded with dynamite."

Yockey, 43, was arrested

June 6 for investigation of passport fraud. FBI agents caught up with him when he checked on a suitcase that had gone astray during a plane flight.

The suitcase contained three false passports, German press credentials and seven birth certificates.

Agents found him in the apartment of Alex Scharf, 465 Bellevue avenue, Oakland. Scharf, a former teacher at the Temple Beth Abraham school, immediately disappeared.

He has been subpoenaed by the Federal Grand Jury but so far has not turned up.

A warrant for arrest of Scharf was issued late yesterday.

terday afternoon. Bail was set at \$5000.

The mysterious aspect of the case was compounded by Yockey's behavior and by the insistence of authorities that he be held in the surprisingly high bail of \$50,000.

Yockey began talking of suicide the day he was arrested. He made one elaborate escape attempt. In his court appearances his grandiose manner and contempt for proceedings led to an order for a psychiatric examination.

The U. S. Assistant Attorney William P. Clancey would say of Yockey only that he seemed to be dealing in passports and that current information showed him to have traveled exten-

sively in Europe.

Stanley Jacobs of the Anti-Defamation League was more specific. He said Yockey was associated with the top figures in extreme right-wing and anti-Semitic movements.

Yockey is known to have been closely connected with the resurgent Nazi movement in West Germany.

THE POISON

Somehow he obtained the poison crystals he used Thursday night. Just as Goering, the No. 2 Nazi, and at Nuernberg hours before he was to be hanged in 1945, Yockey used potassium cyanide.

No one knows how he did it. He played checkers with his fellow inmate, Adam Nieman, a mapmaker of 170 Arcadia street, until lights were turned out in their County Jail cell at 9 p. m.

Nieman, then held on charges of grand theft which were dismissed yesterday, said Yockey gave signs of what was in his mind during the evening.

"He told me he was the No. 1 leader of some sort of organization," Nieman said. "He said he had knowledge of people he loved and he thought he'd be forced to reveal it.

"The night before he discussed killing himself with heavy weights on his throat. The last remark he made to me was, 'You'll sleep all night, of course.'

"After lights were out, he kept looking over the edge of the bunk at me. I got quite concerned but finally I fell asleep."

FOUND IN MORNING

Apparently that was what Yockey had been waiting for. He took his capsule. His body was found at 7:25 a. m., rigid on the bed, hands folded across his chest. He still had his boots on.

Tucked into the folds of a blanket he used for a pillow was the following note:

"I shall write no messages which I know will never be delivered—only this, which will be:

"You will never discover who helped me, for he is to be found in your own multitudinous ranks, at least outwardly."

MOUTH SEARED

Jail Superintendent Frank Smith at first reported Yockey had died of natural causes. Closer examination showed the inside of his mouth and throat were seared as one might expect from swallowing cyanide.

The news brought Sheriff Matt Carberry bustling to the jail.

"We heard he was attempting suicide or escape last Sunday," he said. "We moved him from an upper tier Cell 20 on the ground floor where he could be watched constantly by the guard on duty.

"The guards that sufficient precautions were taken."

Sheriff Carberry's satisfaction was not shared by Clancey, James B. Cavanaugh, special agent for the security division of the State Department, or a handful of agents of the FBI who had been working on the case.

Grim-faced, they all showed up at the jail and tried to find out how their man had cheated justice and deprived them of possible information.

The investigation itself was taken up by the Homicide Bureau of the Police Department, and by Carberry.

In Yockey's personal effects left with the jailer a second note was found. It was addressed to Keith G. Teeter, an FBI agent. It read:

"My dear Mr. Teeter: "I ask you, as a favor, in the name of humanity, which we share, to notify my sister of this, or her husband; Lieutenant Commander or Mr. William D. Coyne; Bethesda, Md.

"I thank you, Francis Yockey."

Mrs. Coyne viewed the body in the Coroner's office with Emmet F. Hageley, Yockey's attorney.

Yockey's epitaph was provided by an acquaintance and admirer, Willis Carto, secretary of the Congress of Freedom here and founder of the San Francisco Conservative Republican Headquarters set up during the GOI convention here in 1956. Carto visited Yockey in jail June 10.

"Although I do not agree with all his ideas, I feel he was an authentic, creative genius. I feel that those individuals who are responsible for driving him to his death should feel a great sense of guilt.

"The world has lost a great man whose ideas will be remembered until Western civilization is exterminated," Carto said.

Yockey's Death Hints Spy Work

By TIMOTHY ADAMS

A continuing investigation of the life and death of Francis P. Yockey developed the hint yesterday that the mystery man was involved in some kind of espionage.

No one would come right out and say Yockey was a spy, but Assistant U. S. Attorney William P. Clancy Jr. said he is proceeding with the case because "national security, and perhaps other people, are involved."

He revealed that Yockey—who killed himself with concealed cyanide in the County Jail on Friday—had been sought by the State Department for eight years prior to his June 6 Oakland arrest on a charge of passport fraud.

Friend Sought

Although many pieces of the strange puzzle are still missing, others began to fall into place almost at random.

One was a broad hint that authorities are hot on the trail of Alex B. Scharf, the Hebrew teacher who

vanished after Yockey was arrested in his fashionable Oakland apartment.

Another was a concession by Sheriff Matthew Carberry that Yockey's success in smuggling grains of cyanide into his jail cell "could involve negligence" by guards under his jurisdiction.

MARRIED TWICE

And as Yockey's body lay in a Gilroy mortuary awaiting word from his sisters on its disposition, it was learned that Yockey had been married at least twice.

The first wife, Mrs. Alice McFarland Yockey, a high school teacher, now lives in San Antonio with two teen-aged Yockey children.

They were married in 1943 following his discharge from the service because of mental illness, and were divorced three years later in Germany.

Yockey visited his first wife and the children for three hours during a trip to Texas three weeks ago. A suitcase containing three fraudulent passports was lost on the flight and led to Yockey's arrest when he tried to trace it.

EX-WIFE BITTER

The first Mrs. Yockey, in an interview with an Examiner representative at her San Antonio home, appeared bitter in reviewing her marriage to him.

Of his mental condition at the time, she said:

"He always had difficulty adjusting, most of all to reverse conditions. He had a tendency to make things seem much worse than they really were. It would make him feel as if he had to run away from things."

Of his politics during the marriage, she said:

"During World War II, he was opposed to the United States fighting Germany. He felt that Communism was the big danger and that the war should have been with Russia. He was fond of Lindbergh and often quoted him."

BRIEF 2ND MARRIAGE

His subsequent wife—whom Yockey married in Carmel under an assumed name six years ago—is now living in San Jose with a 12 year old daughter by a previous marriage.

In an exclusive interview with an Examiner reporter yesterday, she disclosed that she met Yockey in Carmel in 1944.

He was a pianist at the time, she said, and "he was suffering from a nervous breakdown."

MYSTERY

The San Jose ex-wife was asked how the marriage came about.

"Well, you know how things happen in Carmel," she said, cryptically.

The marriage lasted only seven months, she said, and ended when Yockey left.

Did Yockey have any international connections at the time?

"If he had any then, I know nothing of them," she said.

One of the most baffling aspects of the Yockey mystery is his former wife's

San Jose, to investigators, and to others following the case—is the relationship between him and Scharf.

Why should Yockey, to whom strong pro-Nazi, anti-Semitic views have been attributed, have stayed at the home of Scharf, a Judaic scholar and principal of an Oakland Hebrew school?

Furthermore, it was disclosed that Scharf wears a tattoo on his arm that indicates he probably was a Nazi prisoner at Auschwitz, where some 2,000,000 Jews were cremated.

"We are very interested in knowing that," said Clancey. "I think we'll be able to pick Scharf up pretty soon and ask him about it."

A piece of paper found in Scharf's apartment may help bridge the gap. It is a 1959 application to the government of Ireland for a passport that would permit travel outside of Ireland by an Irish citizen.

The applicant's name on the form is "Michael Taylor." It lists Scharf as a reference, under his former San Francisco address.

The handwriting on the application has been checked to see if it is Yockey's, Scharf's, or someone else's. The results have not been disclosed.

At the Hall of Justice meanwhile, various authorities were trying to solve the remaining mysteries of Yockey's suicide:

How much cyanide did he take and how did he get it into his jail cell?

There was a preliminary indication that the amount was small indeed. The deputy coroner who first examined the body on Friday smelled Yockey's mouth for telltale signs of cyanide.

He had found none by the method, but he suffered from a headache some 20 minutes later. This is a typical reaction in someone who whiffs a small amount of cyanide.

Later, an autopsy confirmed cyanide as the cause of death. Yet the deputy coroner's inability to spot the presence of cyanide by smell showed that the amount taken may have been small enough to be concealed under a fingernail.

TESTS AWAITED

A more definite answer on the amount—and on how much concealment space might require—is expected from toxicological tests tomorrow or Tuesday.

The coroner's office found nothing in its investigation to show that Yockey concealed the poison in any body cavity. It did not rule out such a possibility; it said only that it could find no evidence of bodily concealment.

Yockey's clothes and boots were turned over to the city criminologist yesterday to be checked for possible hiding places.

Sheriff Carberry and Inspector Ralph McDonald, head of the homicide detail, will continue their investigation of the death today.

NEGLIGENCE HINT

Carberry said Yockey apparently concealed the poison on his person, since there is little likelihood he received it from one of his few visitors or from one of the guards.

"We are extremely con-

cerned about the apparent fact that a quantity of cyanide was brought into the jail and may have been on his person since he arrived from Oakland," Carberry said. "It is possible that there was negligence on someone's part."

Assistant U. S. Attorney Clancey was inclined to doubt that Yockey had the poison on him when first picked up. He thought it more likely that he received it, somehow, during an unobserved moment at court appearance.

Passport Mystery

Victim of Nazis Linked to Yockey

By George Draper

Alex B. Scharf, tattooed survivor of the Auschwitz concentration camp in World War II, was being sought for questioning yesterday about the hysterious activities of neo-Fascist Francis P. Yockey.

Yockey, 43, killed himself with potassium cyanide in County Jail No. 1 early Friday while being held on passport fraud charges.

He was arrested in Scharf's Oakland apartment two weeks ago with three fake passports and seven birth certificates.

Immediately following Yockey's arrest, Scharf, 31, abandoned his job as principal of Temple Beth Abraham school and disappeared.

Both Government officials and Jewish leaders were puzzled by the association between Scharf and Yockey.

Seymour Fromer, director of Jewish Education in Oakland, said Scharf wears the German tattoo on his arm that proves he was a prisoner at Auschwitz, where he

than two million Jews were cremated by Hitler.

"I am sure Scharf believed in Israel and Zionism," said Fromer.

CAN'T BELIEVE

Stanley S. Jacobs, chief of the Anti-Defamation League, here declared:

"I am loath to believe Scharf was engaged in Neo-Fascist activities with Yockey."

Yockey is known to have been anti-Zionist, if not anti-semitic, and in liaison with various extreme right-wing leaders, including former followers of Hitler.

Yockey's former wife, Alice Yockey of San Antonio, Tex., told this reporter that Yockey thought reports of Jewish genocide in World War II were exaggerated.

Investigators hope to question Scharf about his original explanation for having Yockey in his Oakland apartment.

After Yockey's arrest, Scharf is said to have told

ALEX B. SCHARF
Auschwitz survivor

agents he met Yockey for the first time a few days earlier at the gambling tables in Reno.

At that time, he said, he invited Yockey, a stranger, to come to Oakland and stay at his apartment.

Assistant United States Attorney W. P. Clancy said yesterday, however, that Scharf

had known Yockey for nearly a year.

In 1959, Clancy said, Yockey applied for an Irish passport.

Either Yockey's application or an attached affidavit, said Clancy, bears the name of Alex B. Scharf and his former address at 2401 Sacramento street.

CZECH BORN

Scharf was born in Czechoslovakia in 1928 and, after World War II, lived in Paraguay and Argentina.

He studied at Columbia University and at the Jewish Teachers Institute in New York and then he returned to Paraguay as a teacher.

Scharf came to San Francisco in late 1958 looking for a job teaching Hebrew and was employed by the Bureau of Jewish Education.

In June, 1959, he was assigned to Temple Beth Abraham in Oakland as educational director.

NO CONTRACT

Shortly before Scharf disappeared two weeks ago, he was notified that his contract with the temple would not be renewed.

Yockey has been leading a life of mystery for the past 10 years.

His sister, Mrs. William J. Coyne, of Bethesda, Md., said she has no knowledge of where he has been or what he has been doing.

She said mail for Yockey has been delivered to her home over the years but she has been forced to throw it away, not knowing his whereabouts.

Mrs. Coyne's husband is a commander in the Navy.

STRAY LUGGAGE

Yockey's difficulties arose when he lost a suitcase while flying to San Francisco aboard an American Airlines plane.

The suitcase was subsequently found in Fort Worth, Texas. Airline officials opened it to verify its ownership and found a United States, British and a Canadian passport — each with Yockey's photograph and each bearing a different name. The FBI was notified.

Sheriff Disputes U.S. Yockey Poison Story

The mystery of how and when Francis P. Yockey obtained the cyanide with which

he committed suicide at the County Jail here last Friday deepened yesterday as a controversy developed between Sheriff Matthew Carberry and Federal authorities.

Carberry challenged a statement by Assistant U.S. Attorney W. P. Clancey quoting another prisoner as saying Yockey asked him last Wednesday afternoon how he could get some poison.

That would imply that the cyanide was smuggled to Yockey at the jail.

Carberry said his intensive investigation has yielded no such information.

Carberry quoted Phillip A. Gulati, a cellmate of Yockey, as saying he had seen Yockey

Yockey said he had seen the plane and that he had seen

"If I don't find a way out, I've always got an ace in the hole."

Clancey said the prisoner he quoted was not Gulati but a man who has been transferred from the county jail. Clancey explained that the information came from the prisoner's attorney but that the prisoner himself will be questioned today.

Yockey was arrested in the apartment of Alex B. Scharf, a missing former teacher of Hebrew at the Temple B'nai Abraham School in Oakland. A search for Scharf continued yesterday.

Yockey's 'Friend' May Be On Israel-Bound Ship

By Deane Pettigrew

Alex B. Scharf, still sought as a key witness in the puzzling case of neo-Fascist Francis P. Yockey, may be aboard a ship en route to Israel, The Chronicle learned yesterday.

Federal authorities here said they were checking the possibility that Scharf may have boarded a ship in New York last week or that he is still waiting in New York to leave the country.

Yockey was arrested in Scharf's apartment on June 8, was questioned by Federal officers and then vanished. Authorities are still puzzled about what bond could have existed between Nazi philosopher like Yockey and Scharf, a one-time principal of Oakland's Temple Beth Abraham school and an inmate of German concentration camps in World War II.

Yockey, 43, killed himself with potassium cyanide in his County Jail No. 1 cell early last Friday while being held on passport violation charges.

The first possible clue to Scharf's whereabouts came yesterday in checking a former San Jose court reporter described as Scharf's closest friend.

The reporter, William Slomovich, 35, left his job in San Jose about three months ago, worked until last month in Los Angeles, and then left for New York.

The Chronicle learned that Slomovich's name appeared on the passenger list of the Atlantic, an American Export Lines ship, which sailed from New York last Thursday bound for Haifa, Israel.

Although Scharf's name did not appear on the passenger list, Federal authorities said it is possible he may have used an assumed name since he is not a citizen of the United States.

Assistant United States Attorney William P. Clancey said that American officials in Israel will be alerted to question Slomovich—and to be on the lookout for Scharf—when the ship berths in Haifa on June 29.

Clancey, meanwhile, said that evidence indicates that Scharf had known Yockey for more than a year.

Yockey made an application for an Irish passport in San Francisco in 1959 under the name of Michael Taylor.

Clancey said a handwriting expert is analyzing the document to determine whether Scharf's signature was forged.

Meanwhile, it was learned that Yockey asked a fellow prisoner two days before he committed suicide in the County Jail here where he could obtain "some poison."

Federal authorities refuse to identify the prisoner, but said that he has been transferred to another institution. He will be questioned about the conversation of which he said...

Sheriff Matthew Carberry, who runs San Francisco's County Jail, commented last night that no Federal official had mentioned to him the existence of a county jail prisoner with such a story.

Authorities are puzzled as to where Yockey obtained the deadly poison and how it reached his cell.

At the same time, the coroner's office announced that a toxologist's report shows that Yockey took one-fifth of a gram of potassium cyanide, which is double the lethal dose for a man of his size.

Yockey left a note defying anyone to discover how he obtained the poison.

Friends said that Scharf fled the Bay Area in a battered 1956 yellow and black Mercury sedan, apparently with little money in his possession.

Mrs. Ezra Cohen-Sitt of 115 Beulah street, a friend of Scharf, said yesterday she wanted to correct an impression given in an interview with The Chronicle Sunday that Scharf had at one time asked her to marry him.

"He did not," she said. "He did not intend to be quoted on any matter related to Mr. Scharf."

Yockey 'Key Man' Hunted

Authorities pressed their search yesterday for Alex B. Scharf, 32, the mysterious friend of Fascist-worshipping Francis Parker Yockey, who committed suicide in his jail cell here last week.

Assistant U. S. Attorney William P. Clancey Jr. described Scharf as "the key man in the case at this point," and said he expected his arrest soon.

"We doubt if he had enough money to leave the country, and we have reason to believe he is somewhere in the western United States," said Clancey.

Gone in Haste

Scharf, a former \$130 a week teacher of Hebrew at the Temple Beth Abraham School in Oakland, disappeared mysteriously and hurriedly after Yockey's arrest.

Clancey said he left in such haste that most of his belongings were left behind in his apartment.

It was at this apartment that Yockey was staying when he was tracked down by the FBI two weeks ago. At the time, agents found three passports in his possession, all bearing different names, and enough birth

Yockey: Authorities Push Probe To Find How He Got Fatal Cyanide

certificates to obtain seven more passports.

The 43 year old Yockey was awaiting a hearing to determine bail on a passport fraud charge when he ended his life in his County Jail cell by swallowing cyanide.

"There are a lot of questions we want to ask Scharf," said Clancey, "and we're hopeful that he can give us some of the answers. There is no one else in the investigation so far that looks as promising."

Clancey said he expected results today from a handwriting analysis that would show who made out an application found in Scharf's apartment for an Irish passport in the name of "Michael Taylor."

DEEPENING PUZZLE

"If it is Scharf's handwriting, then he may be deeply involved," said Clancey. "In-

volved in what? Well, we still don't know.

"We know Scharf has already lied to us once. He told us that Yockey was a stranger when he invited him to stay at his apartment. But we know now Scharf had known Yockey for more than a year before that."

The FBI "drew a blank" in questioning Scharf after Yockey's arrest, Clancey said.

Mystery man Yockey continues to be more of a puzzle in death than he ever was in his cloak-and-dagger life.

SECURITY CASE

Clancey and local State Department Representative James Cavanaugh said they were still interested in the case for "security reasons." Nor had the riddle of Yockey's many passports and the details of his globe-trotting been solved.

Sheriff Matthew Carberry

and Homicide Inspector Ralph McDonald continued their investigation into the suicide.

The question of how Yockey obtained the cyanide with which he killed himself still had not been answered.

Carberry said it would have been "impossible" for an ordinary visitor to smuggle it into the jail since a thick wire mesh separates prisoners from visitors. Only Yockey's attorneys and FBI agents had access to the prisoner without the intervening barrier.

Authorities believe that either another prisoner, jail trusty or employe smuggled in the poison; that Yockey obtained it when he left jail on one of his three appearances before the U.S. Commissioner on the matter of bail, or that he carried it with him before his arrest and it was overlooked in searching him.

U.S. Presses Search for Yockey's Pal

The search for Alex B. Scharf, mysterious pal of neo-Fascist Francis P. Yockey, settled down to a game of fox and hounds yesterday.

Scharf, who departed from Oakland so quickly after Yockey's arrest that he even left his clothes behind, was in the role of the fox. The hounds are agents of the State Department, whose security officials in San Francisco said simply:

"We're trying to blanket all escape routes and we're hoping for the best."

Yockey committed suicide with cyanide in the County Jail last Friday while being held on a passport charge.

Scharf is being sought to find out what he knows about Yockey's multiple passports.

Authorities are bewildered about the association of the two. Scharf, who is 33, is former principal of Oakland's Temple Beth Abraham school and an inmate of Nazi concentration camps.

Yockey, 43, was a racist neo-Nazi of considerable infamy when he accidentally fell into the hands of Federal authorities on June 6. Yockey had complained to an airline about the loss of a bag. It had already been opened in Fort Worth, Tex., as unclaimed, and was found to contain three different passports, all bearing Yockey's picture.

The FBI picked up Yockey in Scharf's apartment at 465 Bellevue avenue, Oakland, but when they went back later to talk to Scharf he was gone.

There is some indication he may be headed for Israel, and the State Department has notified its representatives there to be on the lookout for him.

Another unanswered mystery in the case is how Yockey got the poison which took his life.

Assistant U. S. Attorney William P. Clancey Jr. said investigators will talk today with another jail inmate since transferred to another institution — who claims Yockey asked him two days before the suicide where he could obtain "some poison."

Special Agent

Where Is Alex Scharf Hiding... And Why Did He Vanish?

Why, and where, is Alex Scharf hiding?

Is he a lonely, frightened man who simply wants to steer clear of any grilling by police?

Or is he a romantic, reckless man of intrigue running from the exposure of a conspiracy involving him and the late Francis Yockey?

The people who know Scharf best believe the "scared rabbit" approach. But the federal agents who have been seeking the Oakland Hebrew teacher for the past 20 days don't know what to believe. Their doubts are wrapped up in the issuance of a warrant for his arrest.

Until June 6, Scharf was not much of a newsmaker.

ROUTINE NOTICE
He made the prints in routine fashion last September. "Alexander Scharf, 31, native of Czechoslovakia, has been named education director of Temple Beth Abraham. Scharf is a graduate of the

Jewish Theological Seminary and Columbia University. He has taught in Hebrew schools in New Jersey and San Francisco. He will be in charge of Sunday School, ..."

Since June 6, Scharf has not been out of the news. And this saddens his boss, several of his pupils, and his former girlfriend.

Along with the authorities, friends of Scharf are baffled by his relationship with Yockey, who apparently was a friend, too.

CAN IT BE TRUE
Yockey reputedly was anti-Semitic; Scharf is Semitic. Yockey had been tagged as a neo-Nazi; Scharf had been in a Nazi concentration camp.

On June 6, Yockey was arrested for illegal passport possession in Scharf's apartment, 465 Bellevue Ave. Scharf witnessed the arrest.

then disappeared. A week later Yockey committed suicide in prison with a quick-acting poison. The mystery man of many passports was dead, and Scharf had moved into the spotlight.

"Scharf always has been a quiet, lonely man," says his boss at Beth Abraham, Rabbi Harold M. Schulweis. He calls Scharf a good teacher but not too good an administrator. For this reason, Scharf probably wouldn't have stayed at Beth Abraham much longer.

RUNNING MAN

The rabbi—and others—are quick to point to Scharf's concentration camp background as the reason for the flight.

Notes one pupil of an adult education class Scharf taught: "He is liked a scared rabbit. And the thing that has made him run is what he went through in Europe.

"He's always looking over his shoulder."

This student, a retired Oakland man, says two of his relatives were in Scharf's class, too. They agree the runaway is "as decent a person as you'd want to find."

SAME WORD

A former associate of Scharf's in San Francisco also emphasizes the word "decent" in discussing the man on the hot spot.

Hildegards Bohlen King of Reno tries to explain away Scharf's semi-monthly trips to that community, where he allegedly met Yockey and reportedly tried his hand at the gaming tables.

"Alex came here to see me and not just to gamble," says Mrs. King, who for 18 months dated the Hebrew teacher.

"He wasn't the type you meet today and become fluddy-buddy with tomorrow. He always was very quiet and very lonely. Sure, he gambled. But only because when we

go out we would go to places where there is gambling."

TALKS OF CAMP

Mrs. King notes that Scharf talked frequently of his experiences at the concentration camp in Auschwitz. "He told me he was there about a year and that his parents were killed there," she reports.

"Alex liked people, especially children, but he would never become friendly with a person until he was sure he could trust them."

Was Yockey one of the people Scharf could trust?

Authorities say the Oaklander knew the mystery man under three names: Yockey, Richard Hatch and Michael Taylor. Would this fact encourage trust?

Or were Scharf and Yockey engaged in suspicious passport manipulations?

Only Alex Scharf, wherever he is—on a ship to Israel or in Mexico, perhaps—can answer this. His friends deeply hope—and believe—the answer will be "no."

Yockey Pal's Auto is Discovered in Oakland

The automobile of Alex B. Sharf, whom Federal officers want to question in the Francis Yockey passport fraud case, was found by police in Oakland yesterday—abandoned, apparently, when Sharf vanished early last month.

Patrolman Adolph Bischofberger found the dust-covered sedan at a demolished service station used as a parking area on MacArthur boulevard near Lakeshore avenue.

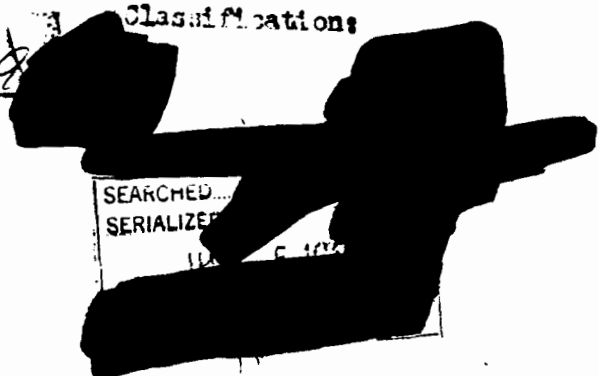

Police impounded the vehicle for the U. S. Attorney's office and the U. S. State Department. Where Sharf had gone remained a mystery. Yockey was visiting

Sharf's Oakland apartment when arrested by the FBI. Sharf disappeared shortly thereafter, and Yockey later committed suicide in his San Francisco jail cell.

Clue Found in Passport Case -Scharf's Car

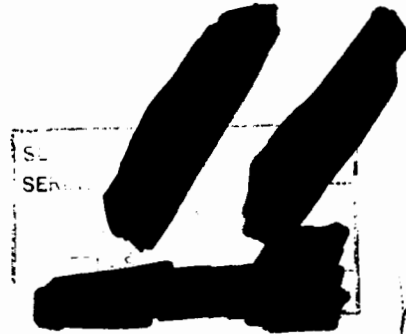

Investigators put the car of Alexander Scharf through a minute check today in hopes of learning where he went after neo-Nazi Francis Parker Yockey was arrested for passport fraud.

The car was found yesterday by Patrolman Adolph Eischofberger in a lot on Mac Arthur Blvd. near Lakeshore Ave.

The U.S. State Department office in San Francisco, which is handling the case, said it appeared the car had been there since Scharf's disappearance about June 6—the day Yockey was taken into custody.

The lot in which the vehicle was discovered is about a mile from Scharf's former apartment at 465 Bellevue Ave.

So far, the only valuable clue is a note in the vehicle with directions on how to get to a particular address.

Yockey's Fleeing Pal Traced to Cuba

Alex B. Scharf, the missing friend of the late neo-Fascist Francis P. Yockey, has been traced to Cuba.

This was disclosed yesterday by Assistant United States Attorney William P. Clancey Jr., who said "a reliable source" placed Scharf in Cuba last month.

Scharf is wanted as a material witness in the investigation of Yockey's forged passports and he is also wanted for questioning by Immigration and Naturalization.

Scharf is not in custody in Cuba and his whereabouts there are not known.

Clancey, nevertheless, expressed the hope that State Department officials will be able to find Scharf and ask him about Yockey's activities.

'Nazi' Suicide Case

Yockey's Bay Pal Traced to Cuba

Continued from Page 1

Jail in early June after his arrest in Scharf's Oakland apartment.

Scharf, an alleged survivor of the Auschwitz concentration camp in World War II and school principal at Oakland's Temple Beth Abraham, disappeared immediately after Yockey was arrested.

HEADQUARTERS

Cuba, it turned out yesterday, was the apparent emergency headquarters for Yockey, also.

This was revealed by a County Jail prisoner who said Yockey asked him to convey a message to a full-figured Cuban girl, a Havana journalist, named "Cina."

"If you get this to Havana," the prisoner quoted Yockey as telling him, "Cina will see to it that you are taken care of financially."

Yockey handed the informant a piece of newspaper bearing a Havana address and the cryptic message: "See that Alfred gets this."

Yockey told the informant in jail that his relations with Scharf were "strictly business."

The prisoner, whose iden-

tity was not disclosed, said he was separated from Yockey almost immediately after the note was handed to him.

While Yockey remained in jail behind the Hall of Justice, the prisoner was sent to County Jail No. 2 at San Bruno to serve a theft sentence.

He immediately asked for permission to tell what he knew about Yockey, he said. But by the time anyone listened to his story in detail, Yockey had swallowed cyanide, just like his idol, Hermann Goering.

The story went like this: The informant said he wandered into the cocktail lounge of the Flamingo Hotel in Miami Beach last February.

CONVERSATION

There he fell into conversation with Yockey (known to him then only as "Blah"), Cina and Emanuel Diaz, a 40-year-old stocky Cuban with a heavy mustache who said he was a correspondent for a Havana magazine.

Yockey talked about literature, books and San Francisco, the informant said.

Two nights later, the informant said he returned to the Flamingo.

He found Yockey playing Strauss waltzes at the piano. Cina and Diaz invited him to visit them in Cuba, he said.

YOCKEY, TOO

Yockey, he added, reported he was in Cuba, too, living there and sowing anti-American propaganda.

The next meeting came after the informant was arrested here.

Yockey came up to him in the exercise yard of county jail, he said.

"He patted me on the back and said, 'Remember me?'" the informant reported.

"I didn't immediately. But then he reminded me of the meeting in Miami Beach."

The pair talked for two hours.

The informant said he spoke about suicide—a subject Yockey discussed with virtually everybody following his arrest in Oakland on June 8.

He was picked up then by FBI agents who wanted to know why three passports had turned up in a suitcase he had left at Fort Worth.

"MINOR THING"

"The passport charge is a minor thing in my case," the informant quoted Yockey as saying. "I am the top Fascist in the world. There is nobody bigger than me."

Since Yockey's suicide, the informant has repeated the story to U. S. Immigration and Naturalization agent and P. Clancey Jr.

He also told Deputy Sheriff John Mariani and Captain Charles Cunningham at County Jail No. 2 in San Bruno before Yockey's suicide that he had some information.

The informant's first meeting with Federal authorities did not take place until days after Yockey's

What's His Link to Yockey? Scharf's Mystery Life To Get Full U.S. Probe

Alexander B. Scharf, the ex-synagogue schoolteacher who has expressed an eagerness to go before the Federal grand jury tomorrow and tell how he was "duped" by the late neo-Nazi Francis P. Yockey, will find his eagerness matched by his interrogators.

Through the United States Attorney's office, both the Department of State and the Department of Immigration and Naturalization have a few pointed questions to put to Scharf.

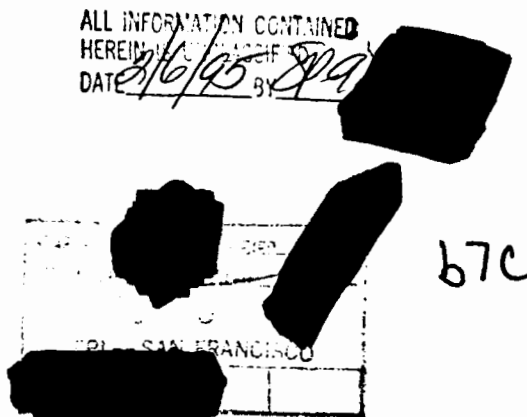

They want to know, for instance, why Scharf appears as a guarantor on some of Yockey's passport applications in which Yockey used false names.

Scharf will be called upon for his version of his relationship and association with Yockey, the shadowy character of many aliases who committed suicide two months

ALEXANDER SCHARF
... questioners ready

ago while being held for passport fraud.

Yockey had been arrested in Scharf's Oakland apartment by FBI agents who traced him there under the name of Richard Hatch.

When agents for the State and Immigration departments called at Scharf's apartment the following day, they found he had departed in haste. It developed he had fled to Los Angeles and thence to Cuba, whence he returned this week. On arrival, he was served a grand jury subpoena.

MET IN RENO

Scharf told newsmen he met Yockey in Reno last year and knew him as Michael J. Taylor. This name is not unknown to Federal agents.

On an application for an Irish passport, Yockey had given the name of Michael J. Taylor, with Scharf signing as his sponsoring guarantor.

Then there is the British passport which Yockey obtained last year under the name of William Black, with Scharf reportedly listed as guarantor.

Also awaiting clarification

by the diminutive teacher of Hebrew with a penchant for Reno's games of chance, the matter of discrepancies in Reno's games of chance is as to the place and date of his birth.

Immigration has one file on Scharf listing him as a citizen of Paraguay. In another instance, investigators have come up with a document in which Scharf reportedly claimed to be a native of Bavaria.

RAN IN FEAR

Scharf told newsmen he abandoned his hardtop convertible in Oakland and "ran in fear" the night Yockey sought to evade arrest and was subdued by FBI agents.

The former 31 year old teacher in Bay area Hebrew schools said he was scared, just as he was during the war years when he assertedly was confined to concentration camps in Europe.

Yesterday Scharf made a routine appearance before the United States Commissioner in answer to a warrant that had been issued following his disappearance. Because he had returned willingly Scharf was released on his own recognizance.

Assistant U. S. Attorney William P. Clancy, who is handling Scharf's case, refused to comment on the pending grand jury session beyond saying "We have a number of questions to put to Mr. Scharf."

FBI Foiled Nazi's Plan

'Pal' Says Yockey Exploited Him

Behind a mask of friendship, neo-Nazi Francis P. Yockey hinted that he had a plan to exploit naive Jewish scholar Alex B. Scharf, but the FBI stepped in before he could carry it out.

"I can see now how he wanted to use me," Scharf told The Chronicle last night. "But at the time I thought he liked me—I didn't realize I was only camouflage for him."

Scharf, who fled to Havana after the FBI nabbed Yockey, is going before a Federal Grand Jury here tomorrow to lift the mystery that cloaked his friendship with the fascist agent.

SUICIDE

Yockey, 43, emulating his hero Hermann Goering, poisoned himself with cyanide in his San Francisco jail cell on June 17, two weeks after his arrest.

The Federal Grand Jury is still trying to uncover the scope of Yockey's activities.

Yockey was described by Stanley Jacobs, regional director of the Anti-Defamation League, as "the most important figure in world fascism we now know."

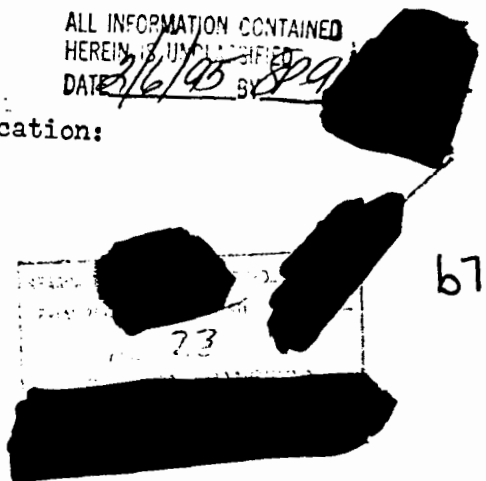

The bewildered Scharf said, "The only thing he ever asked me to do specifically was to sign his application for an Irish passport, which I did."

"I had met him as Mike Taylor at the dice tables in the Nevada Club in Reno. He was a friendly fellow, he loaned me money and we got along well."

Scharf said he never heard the name Yockey until two weeks ago in Cuba when he read newspaper clippings of the prison suicide.

"I remember that he wanted to set me up in business. I'm an educator, not a business man, but he wanted to put up the money and let me run a store on a partnership arrangement.

"A respectable business address would have been a foolproof front for him. That's all I offered him, I know now — respectability and camouflage.

"No one would ever think of looking for a fascist in the company of a teacher of Hebrew—even I didn't think that any American could be a fascist."

HINT

Only on one occasion, Scharf said, did Yockey drop a hint as to his fascist philosophy.

"He was a pagan," said Scharf. "We were talking one day about something and he said, 'Oh, you wouldn't understand that because you believe in God.'"

"He said, 'I do not believe in God, but in gods, more than one.'"

"That is paganism. I shrugged. I don't argue religion with people."

Although paganism was part of the Nazi mythology, Scharf did not recognize the clue.

OLD TESTAMENT

More, he said, Yockey larded his conversation with frequent quotations from the Old Testament.

"He used them without mentioning them as coming from the Old Testament," said Scharf.

"He seemed to have greater intelligence than I and to know more about things. He was a stimulating companion, and I was very impressed by his friendship."

From time to time Scharf received casual post cards from Yockey — from New York, New Orleans and Washington and then early in June came a telegram asking that Scharf put him up for a couple of days.

APARTMENT

Scharf lived in an apartment at 465 Bellevue avenue, Oakland, which he had once shared with a rabbinical student and was glad to accommodate his new friend.

"He told me he had lost his baggage on the airplane and that they would call him about it," said Scharf. "He said it would come under the name of Richard Hatch."

"I didn't like this, but I didn't pry."

Yockey's stray luggage was opened in Fort Worth, Texas, and airline employees found three passports, seven birth certificates and a set of German press credentials.

The luggage sent FBI agents to Scharf's apartment — the address given by "Hatch" in his complaint to the airlines about the missing baggage.

"He told me he was very worried about the lost suitcase because it contained a pin worth \$5000," said Scharf.

"It was a common pin, a straight pin, the head was painted by an Argentinian artist."

"The artist had used a hair from his wrist as a brush. There were only three such paintings in the world and one of them was a portrait of Peron, the dictator."

The story of the pin was so improbable that Scharf

did not even consider the possibility it was not true.

But it was true.

The FBI found the pin and Scharf saw it when the suitcase was brought to the apartment and opened before him and Yockey.

Scharf also saw the fraudulent passports and credentials and what he took to be a mask. There was a stack of money—\$2300 when it was counted.

Yockey made a break to escape, during which an FBI agent was injured so severely 26 stitches were taken in his hand.

TERROR

Yockey sneered at Scharf with a bitter smile, "Mon bon ami."

"When the agents left I was terrified—what kind of a man was this?" said Scharf. I was afraid of being liquidated by his friends, being executed.

"I remembered in my mind standing in the line at Auschwitz. If you went to the left you were killed, to the right you had a chance for life in a labor camp.

"I knew then I didn't really know this man, Taylor or Hatch or whoever he was.

Maybe he was a Communist spy.

"Perhaps I should have called the rabbi I worked for, but I couldn't think. I was overwhelmed with fear."

Scharf said it was an ironic coincidence that he fled to Cuba, where Yockey was known to have been operating and spreading anti-American propaganda.

"I had been offered a job in Havana before I graduated from the seminary in 1957. I knew they needed teachers in Cuba, my people need them badly there, and I believed I could get a job.

• "THEN I KNEW"

"I didn't know who Yockey was until two weeks ago—and then I knew I must come back and straighten things out.

"I am astonished at even the suggestion that I am a spy for anything, or knew who this terrible man was. How could I associate with such a man knowing him to be a Nazi?

"The Nazis killed one of my brothers, two of my sisters, my parents and my parents' whole family.

"How could I come back here if I had anything to conceal?"

Arraignment

Mystery man Alex B. Donald Constine. Scharf appeared before United States Commissioner Joseph Karesh yesterday for arraignment as a material witness in the baffling case of neo-Nazi Francis P. Yockey. Flanking him was Assistant U. S. Attorney

Donald Constine. Scharf flew here from Havana where he had fled after Yockey's arrest two months ago. He will testify tomorrow before the Federal Grand Jury about his friendship with the fascist agent who killed himself in jail.

Yockey's Pal Back For Quiz

Alexander B. Scharf, Oakland pal of the shadowy neo-Nazi who killed himself in a San Francisco jail cell June 17, returned from his Havana hideout last night with a Federal Grand Jury subpoena in his pocket.

The diminutive Scharf, still sporting a mustache and wearing a neat bluish-gray suit, came back to testify in the case of Francis P. Yockey, who drained a lethal vial of cyanide in the jail after his arrest in Scharf's apartment by FBI agents.

San Francisco International Airport aboard a four-engine plane which brought him from Miami via Baltimore, Boston and Los Angeles.

"I will wait until I get him under oath before the grand jury," said Assistant United States William P. Clancey Jr.

Clancey said that Scharf has made "a self-serving type of statement" and indicated he expects to get a different story from Scharf when he appears before the grand jury Wednesday morning.

"He has not been talking under oath," Clancey reminded and added:

"We will take a close look at Scharf's immigration status. He is in this country on a conditional status. We want to make sure his papers are in order and that he is actually the person he says he is."

PHONY NAME

Scharf flew from Cuba to Miami under the name of Ronald Davis. He had only 95 cents in his pockets, confirming previous suspicions of Clancey that Scharf was in desperate financial straits.

Clancey had alerted United States Marshal Charles Robbins in Miami to be on the lookout for Scharf's arrival from Cuba and to "slap him with a subpoena" for the Federal grand jury here.

The United States Attorney also authorized Robbins to pay Scharf the necessary witness fee to get to San Francisco. This was done Robbins gave Scharf \$260 for traveling expenses—along with the summons.

Scharf, former director of education at Temple Beth Abraham in Oakland, fled to Havana after Yockey, who had claimed to be America's No. 1 Nazi, became the object of an intensive Federal investigation.

Yockey, 47, was arrested for passport fraud and a warrant for Scharf's arrest as a material witness was issued. Yockey killed himself.

Scharf said he first met Yockey in Reno as "Mike Taylor."

"He was very friendly," Scharf related. "He spoke warmly of the Jewish people and he knew the Old Testament well. I did not delve into his business.

"When he was picked up, I got very scared. I thought he must be a Russian spy or a Chicago gangster and they would want revenge on me. I helped the FBI catch him."

Scharf contended the first he knew of Yockey's Nazi leanings was when friends told him in Havana. He said the same friends also gave him the first word of Yockey's suicide.

A self-proclaimed survivor of Nazi concentration camps, he was teaching at Temple Beth Abraham when he said Yockey called him one day from Washington, D. C., to ask whether he might visit him in Oakland for a few days.

Scharf said he agreed, but never found out why Yockey wanted to visit him.

When he left Oakland, Scharf said, he took a bus to Los Angeles and flew from there to Havana. He said he had visited Cuba previously in 1954 and 1955.

Check Swindles By Yockey Hinted

Francis P. Yockey, the neo-Nazi who committed suicide in the county jail here four months ago, may have financed his mysterious travels partly through traveler's check swindles, Government officials hinted yesterday.

State Department security officers confirmed that a swindle was under investigation.

Alex B. Scharf, the Oakland teacher of Hebrew who claims he was an unwitting dupe of Yockey, has been "co-operative" in assisting the investigation, said security officer Frank Tully.

The nature and extent of the swindle was not disclosed.

Scharf said he knew Yockey as "Mike Taylor, a writer." The two men met at a Reno gambling table, and Scharf claims he was unaware of Taylor's true identity until the suicide.

Assistant U. S. Attorney William P. Clancey Jr. said

yesterday that further appearances by Scharf before the Federal Grand Jury are being postponed pending completion of the State Department inquiry and an investigation of Scharf's own immigration status.

Scharf has admitted his true identity is Benjamin Junger, of Czechoslovakia. He is at liberty on his own recognizance while the several Government agencies are completing their investigations.
