OFFICIAL INTERNAL ORGAN OF THE  
**National Socialist White Peoples Party** AND THE **National Socialist Youth Movement**

No. 212 & 213

1 October & 15 October 1976 YL-88

“National Socialism is the *only* movement which has gained sufficient self-knowledge and insight to be able to understand this movement away from liberal artificiality and short-sightedness and toward the eternal wisdom of Nature. Our all-out belief in *Race*, our insistence on the natural laws in society, economics and every other field of human activity are, in every case, the conscious, scientific application of Nature’s iron laws, instead of conceited and short-sighted perversions of these laws, as pushed by the arrogant, peanut-brained liberals and Marxists.”

George Lincoln Rockwell, *WHITE POWER* Chap. XV

## 1976 FALL BUILDING CAMPAIGN LAUNCHED

### ***Three-month Drive Seen as Major Offensive of Three-Year Plan!***

The 1976 Fall Building Campaign was launched in October as a major offensive in meeting the long-range goals of the Three-Year Plan. This year’s slogan, “The Party is YOU!”, is a call to every National Socialist to join in solidarity with thousands of other dedicated comrades to guarantee the success of this drive.

In a special appeal, the Commander spelled out the condition of the Party at this time. The main obstacle to our growth, he declared, is the shortage of skilled people in certain key areas. The Three-Year Plan is designed to enable us to recruit the professional help we need to achieve political success. He underscored this point by stating that the chances of victory hinge *directly* on raising the \$88,888 over and above the Party’s normal income by 20 April 1978.

To meet the Fall Building Campaign goal of raising \$11,111 by 31 December, the Commander asked each National Socialist to sacrifice some small luxuries and to pledge just \$1 a day for the three-month period of the drive. He added that Communists, Jews, racial aliens, dope-heads and subversives regularly sacrifice thousands and millions each year for their causes. To beat these enemies of our race National Socialists must be prepared to demonstrate *at least as much* dedication to the most sacred of Causes.

Many Party people will remember that the 1975 Fall Building Campaign missed its goal by the ridiculously small margin of \$6.49! This strange occurrence proves two facts: that it is entirely possible to meet this year’s goal and that any contribution, large or small, could be decisive in the final tally for the drive. To prevent a recurrence of last year’s shortfall, all comrades in the Party must do their utmost. They must take the attitude that their contribution is important and that success or failure depends on whether they give their maximum effort.

Remember, whether YOUR Party succeeds is up to YOU!

#### **Party Acquires New Building**

National Socialists can take pride in the Party’s latest achievement, the acquisition of an attractive three-unit apartment complex in northern Virginia. This represents an extremely important step forward for the Party, and meets one of the most important goals of the Three-Year Plan. We are now in a position to house some of the key persons we will be attracting in the coming months — which will have a very noticeable effect on Party operations in coming months.

This newest acquisition is a significant investment in the future — an investment which has been made on your behalf. It helps to establish the kind of solid base the Party will need for its future development.

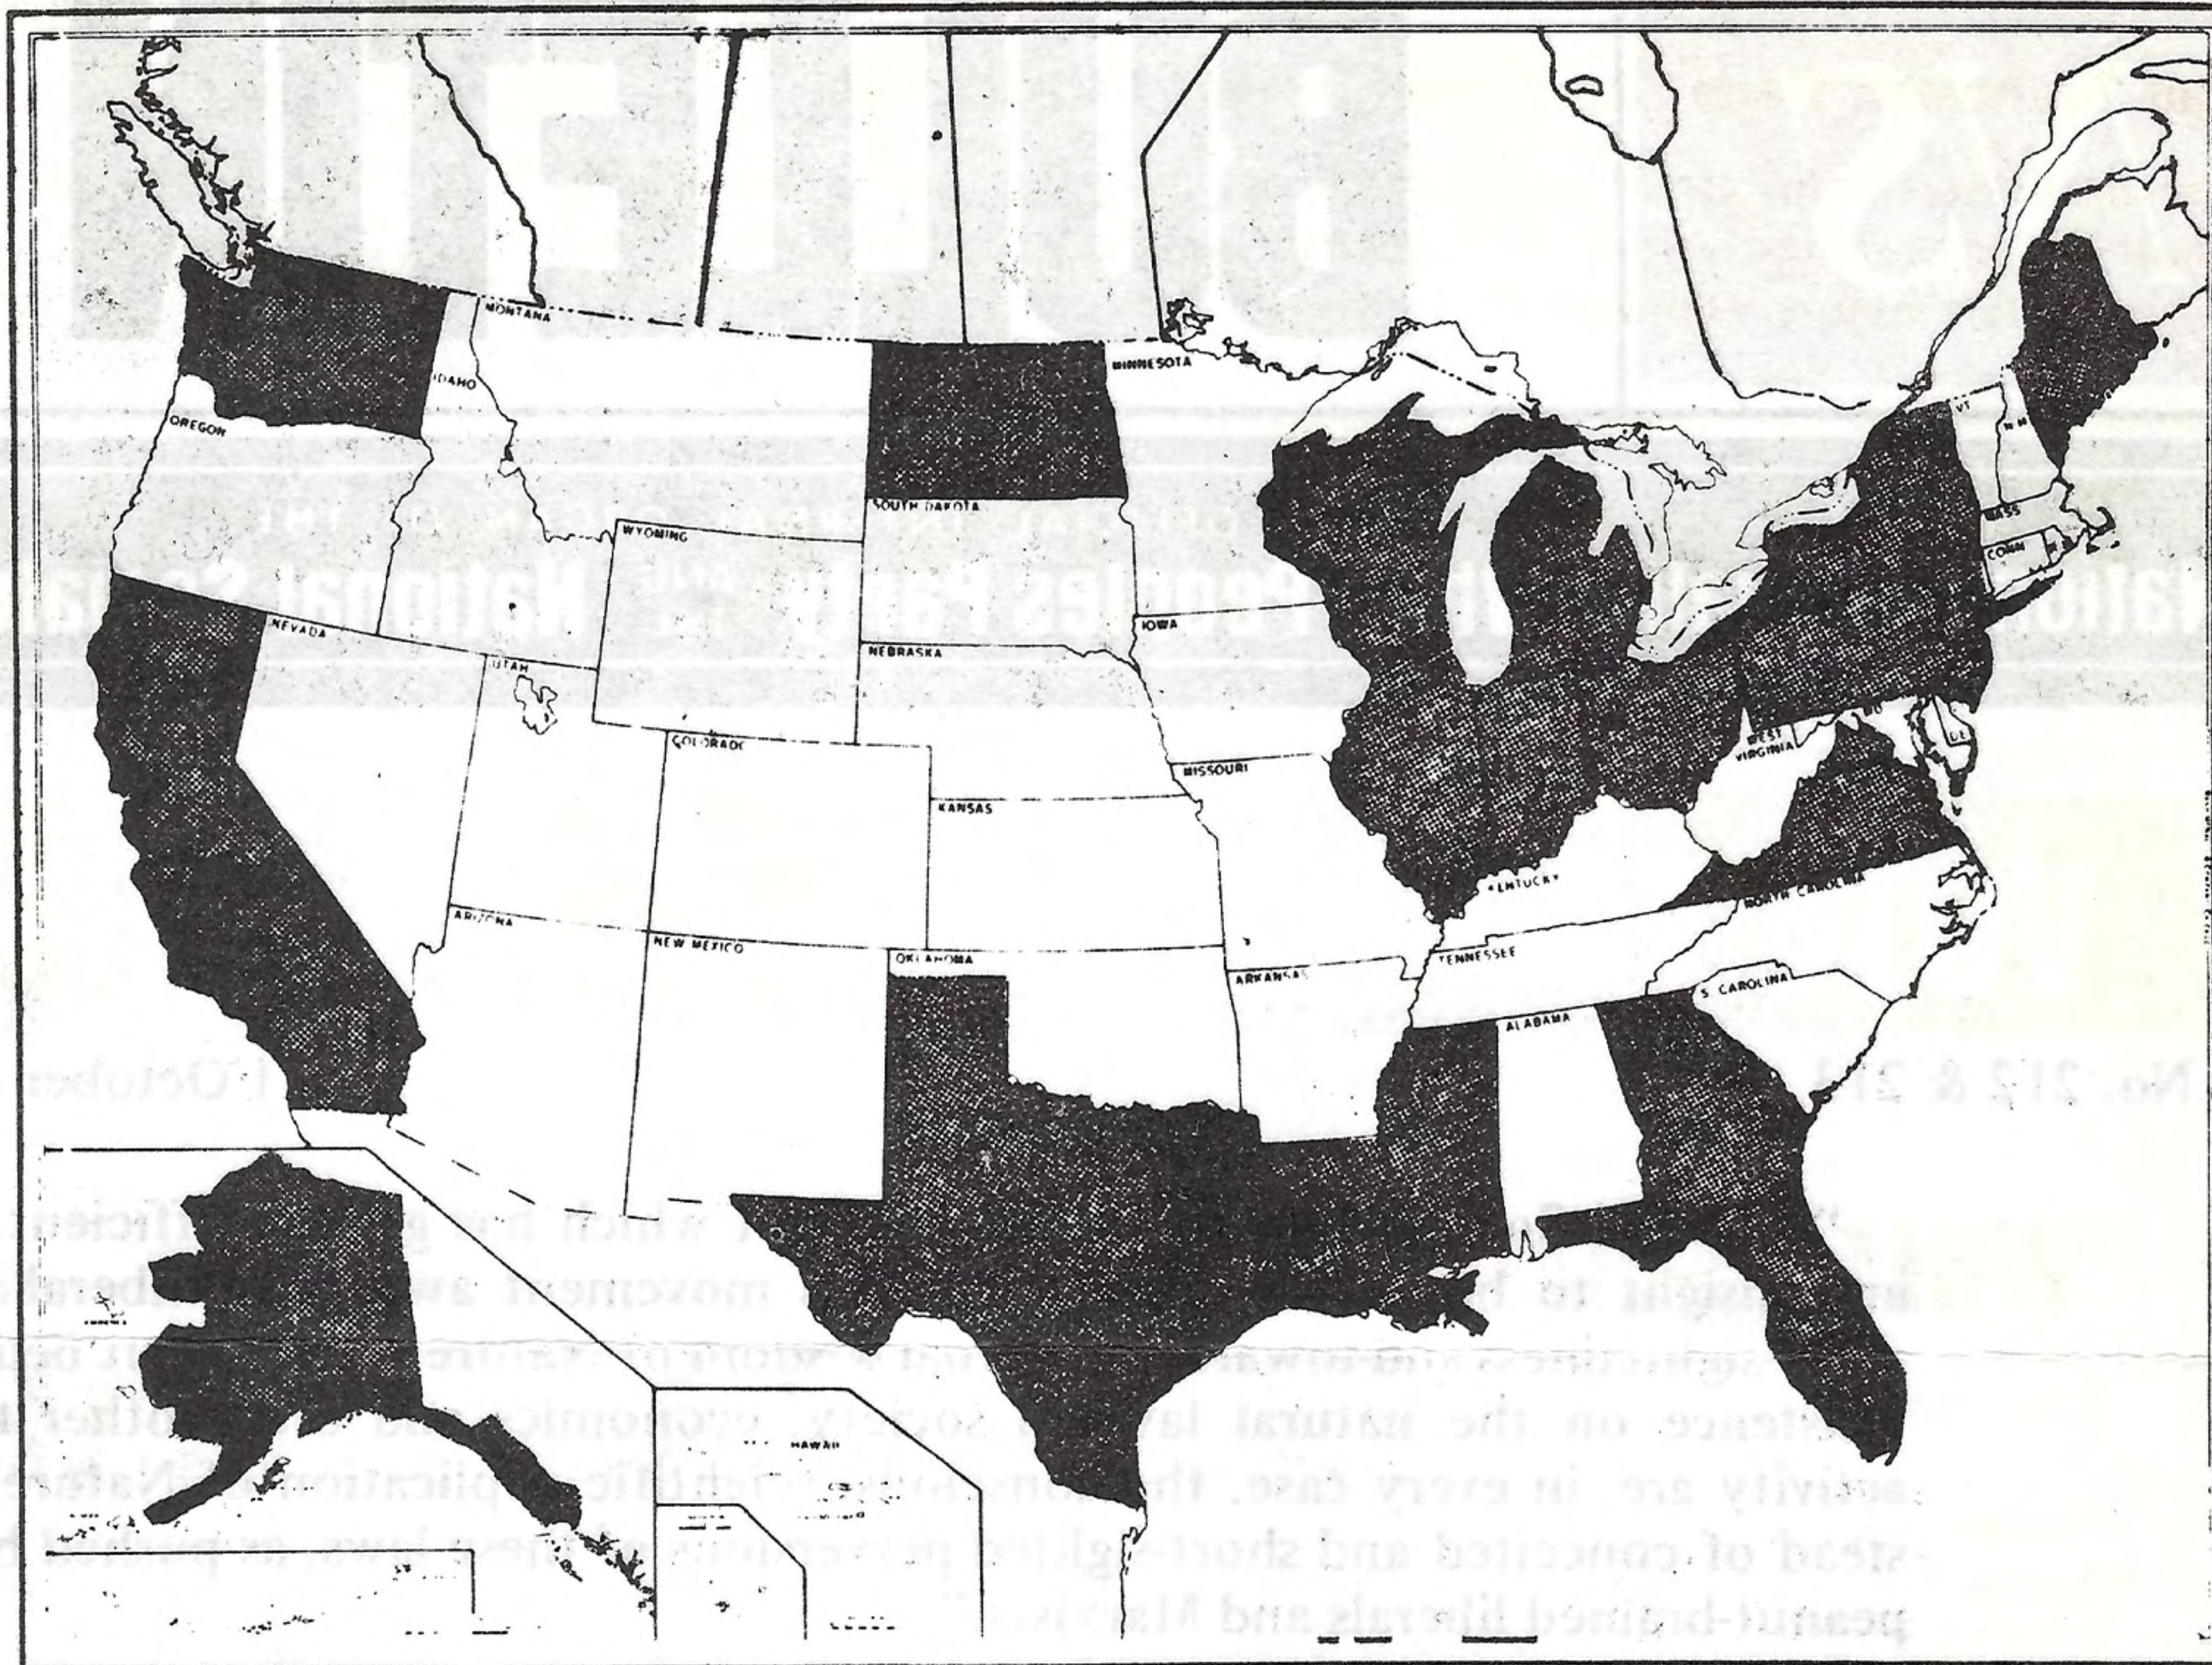

## Three-Year Plan Passes \$20,000 Mark!

Although the Three-Year Plan passed the \$20,000 mark in September, we can't afford to celebrate. We should have raised at least \$33,000 by that point.

\$1,043.49 was donated to the Plan from comrades in 19 states last month, which is no improvement at all over August results. This does bring our overall total to exactly \$20,468.98, which is 23% of our goal of \$88,888. Approximately 38% of the time allotted for the Plan has elapsed since its beginning, which means we are behind schedule and are falling further behind with each passing month. It is sincerely hoped that every comrade reading this will help to correct this situation by doing his utmost in the Fall Building Campaign.

The Party does wish to extend its sincerest thanks to those comrades who gave to the Plan in September. Their sacrifices should serve as an example to everyone. Their initials and amounts of contribution are listed below.

## IS YOUR STATE MISSING?

The areas shaded in the above map indicate the states that have contributed to the Three-Year Plan during September. If your state is missing, YOU can put it on the map next time by sending in a contribution to this important Party project.

## San Francisco ST Battle Red Mob!

Northern California activists scheduled a "Stop the Two-party Swindle" demonstration for 6 October to coincide with the Presidential debates taking place in the city. Although only four permits were issued out of the dozens requested by various groups, the Party was fortunate enough to obtain one of them. This allowed the National Socialists to demonstrate in front of the Palace of Fine Arts where the debates were to be held, along side the Progressive Labor Party and a group of Marxists called the "October 6 Coalition."

The NS activists arrived at the demonstration sight on the evening of the 6th ready for action. As the team drew close to the exact site, it was noticed that PLP pickets were swarming over the spot! TL Rickey Cooper of Tracy described what happened from that point:

“We had no choice but to pass through the PLP pickets to get to our place, so we did! Immediately the Reds began jeering, screaming and ranting. One of the Red leaders said to me, “Please! Must you be here? We are having a peaceful demonstration.” I said, “We have a permit to demonstrate peacefully also – right here!” By this time the mob of creeps numbered about 300. We went straight to our spot and set up shop – right in the middle of the scum! This insult and challenge they could not let pass. As we unfurled a runner we had, we were surrounded by the mob. Then some of the bigger and braver ones charged at us, attempting to tear down the runner.”

What followed was a desperate battle between the ST and the Communists. The Reds launched attack after attack, but the ST held its ground and beat back the Bolshevik mob. After a few of the Marxists, in the words of one PLP leader, "got their asses kicked," the Reds stopped fighting. The ST men regrouped and stood ready for more action, when mounted riot police arrived and pushed the crowd back. At this point news media personnel rushed in for photos and interviews. After a few minutes, however, the demonstration was ordered broken up by a police official, in typical fashion, "to prevent further violence."

Publicity given to the action included coverage on local TV news and attention in the *San Francisco Examiner*.

## San Francisco Reds See Threat in Party Candidate

San Francisco Communists are quite upset over the fact that a "Nazi" is running in the local board of education race. Their anger at the existence of National Socialists in the city and their fear of the growing National Socialist movement is expressed in the article below, reproduced from *The Western Worker*.

SCHOOL BOARD**

## **"WHITE PEOPLE'S PARTY" ENEMY OF ALL PEOPLE**

The backers of Richard Johanson for the San Francisco School Board proclaim him "The White People's Candidate." Their campaign brochures declare the Nazi swastika "the symbol of the white race." Johanson is a member of the Nazi Party, the so-called "National Socialist White People's Party" — followers of Adolph Hitler.

While the people of San Francisco will undoubtedly reject this hated bigot at the polls November 2, the *Western Worker* would like to take note of his candidacy as an indication of the dangerous trend in San Francisco and throughout the country that this party represents.

The sponsors of Richard Johanson are not simply "kooks" who will go away if ignored. Many German people, prior to World War II, ignored the growing fascist movement and ended up signing their own death warrants. Johanson, his backers, and all those who profit from segregation and inequality in our society would like nothing better than to see the working people of San Francisco pitted against each other, blaming each other for the deteriorating educational system.

It is no accident that Johanson promises, if elected, that "San Francisco would have a model school system." His model is that of the Nazis. Hitler, too, came to power proclaiming an end to the unemployment and misery that capitalism had brought to the people of Germany. His populist rantings, especially directed to the youth, promised a broad highway to a brilliant future. But once a power, Hitler brought concentration camps, wholesale murder and bloody wars of conquest.

Hitler's greatest weapon was the "Big Lie." It was the stirring up of hatred toward other nations and nationalities and dividing the workers of Ger-

many. Now, only 30 years later, in the United States, this present-day fascist named Johanson is trying to take advantage of the growing frustration and disillusionment of the youth.

Because the capitalists cannot turn a profit through decent education or full employment, the youth are left with lousy schools, without jobs, with drugs or prospects of "jobs" in the Army. Whether they wear the white robes of the Ku Klux Klan, are school board members, or sit on the Board of Directors of Ford Motor Co., Johanson and all the forces of segregation and inequality try to utilize the anger and frustration of the youth to turn them against everything decent and progressive in society.

The segregationists here, like the German Nazis, defend inequality and preach hatred. Johanson and his kind are pushing the bourgeois ideology that the Anglo-American is superior to the Negro, the Mexican, to the Indian and other colonial peoples. This divide-and-conquer tactic has justified the most brutal oppression of colonial peoples. It only serves the interests of the capitalist class. The "white" working people have nothing in common with the "white" capitalist. Workers of all nationalities are part of the same class, whose common interests are opposed to those of the capitalist class.

The last few years have seen a number of Nazis emerge from the sewers of San Francisco. One got a job with the police department and was publicly defended by the police chief. Others have come to a number of School Board hearings in full uniform to protest "race-mixing." They have distributed their rotten literature throughout the city and they have beaten up workers at their rallies. Every single time they have had the protection of the police, the city government, and

of the School Board!

When people demanded their ouster at a school board meeting, the board called in the police. Were the Nazis arrested? No. The outraged people demanding their ouster were arrested by the police. Last November the Communist Labor Party helped lead over a hundred people, armed with petitions signed by thousands of San Francisco residents, in demanding that the Nazis be outlawed. The president of the Board of Education, while conceding to some demands, said that she would not ban them because they had the "right" to be heard. But the question is not one of free speech. The Nazis express this "right" by stoning and blowing up school buses, by lynching Negroes, by spreading lies about Spanish-speaking workers and by attacking the trade union movement. They are the enemies of every working person.

The Nazis and the interests they represent, the most vicious and reactionary section of the capitalist class, are bent on establishing a fascist military dictatorship, a police state, throughout the U.S. They are aiming their sights on the youth. They have stepped up their recruiting drives and distributions on high school campuses. A few months ago, the student representative on the Board of Education turned the microphone over to militant students from Mission High, the scene of recent Nazi activity. The students were protesting the presence of the Nazis and their literature. They demanded action. The school board told them to talk to their principal and refused to take up the struggle against this grave danger to our youth.

The people of San Francisco must take matters into their own hands. That means a school board that is responsive to the needs and demands of the people! That means elected officials who must carry out the will of the people, or be recalled from office. That means organizing to seize political power and use it in the interests of the people.

A step in this direction is to elect Michael C. Miller to the School Board. Michael C. Miller will take the struggle to outlaw the Nazi Party and all fascist gangs into the Board of Education. He will join hands with the thousands of honest San Franciscans in fighting to outlaw the Nazis and struggling for an equal, quality, integrated education for the youth of San Francisco.

## Houston Activists Steal Publicity From Reds

On 14 October, Houston Organizer Jimmy Clendennen led local National Socialists in a picket against a presidential campaign rally of the Socialist Workers Party in an all-Black area of Houston, where Willie Mae Reid, the Trotskyites' Negress candidate for Vice-President, was featured. Carrying an American flag and picket signs reading "WHITE POWER" and "SMASH MARXISM," the NS demonstrators drew the attention of neighborhood Blacks. The disgruntled ghetto inhabitants did nothing more than make threatening gestures, however. The Reds, obviously upset by the NS presence, contented themselves to watch our men at a safe distance.

News media representatives, who were on hand, forgot about the Reds and gave attention to the National Socialists instead. Reporters surrounded the column for photos, films and interviews. As a result the Party activity received extensive coverage on local radio and television, with the SWP only being mentioned briefly.

The newspapers, however — exercising their democratic prerogative of censorship — decided to black out the story entirely.

## Milwaukee Unit Pickets Jimmy Carter

On 12 October members of the Milwaukee Unit picketed presidential candidate Jimmy Carter, who was speaking at the Jew-owned Marc Plaza Hotel. Other than a few filthy comments from some of the people who paid \$100 to hear the original Mr. Peanut speak, there were no incidents and everything proceeded smoothly throughout the demonstration. Publicity of the event included mention in the Milwaukee *Sentinel* and a photograph in the *Milwaukee Courier*. (Shown on right.)

Other recent Milwaukee Unit activities included leaflet distributions on busy street corners and at a nigger movie house. On one such occasion six members of the so-called Concerned Jewish Citizens showed up to hold a counter-demonstration, carrying crude hateful signs. Within minutes, a strong gust of wind blew the placards away and sent them sliding along the pavement. The enraged Hebrews tried to blame the National Socialists for this fortuitous act of Fate. The ST men, however, weary of hearing the usual from the Jews, convinced them it was best they should leave, emphasizing their point with lumps and bruises on the kosher noggins.

## National Socialists Continue Activity in SW Chicago

On 19 September Chicago Unit activists returned to the city's Southwest side, the scene of many successful Party activities in recent weeks. (See NS Bulletin no. 210 & 211.) Two teams of ST, under the command of Capt. Cedric Syrdahl, marched into the area carrying White Power signs. The column was well received by local Whites, and several people gave money to the Party as the National Socialists passed. Shouts of "WHITE POWER!" could be heard from passersby and people in cars.

After the march the ST men boarded the White Power van and drove to Nathan Hale Park. A ball game was going on there, and the sight of the Swastikas and White Power slogans on the bus drew a large crowd of White youths. Within a few minutes handfuls of literature were handed out to the young people, who demonstrated their approval by shouting and saluting as the van left the park.

NS activists are saturating doorsteps in the area with Party literature, covering as much as 36 blocks in a single night.

## Black Columnist Denounces NSWPP 'Hate' Literature in Northern Illinois

Apparently, Blacks are growing more disturbed over Party operations in Northern Illinois, especially the massive leaflet distrib-

utions and the White Power Message in the Chicago area. One Black newspaper columnist expressed helpless rage at the NSWPP for "telling it like it is" about the nigger problem. (See article at right.)

## "Crawdaddy" Interview Sparks Reader Response

Interesting and varied responses were sparked by an article on the Party that appeared in the August issue of *Crawdaddy* magazine. (See NS Bulletin no. 208.) Reproduced below are several of the comments printed in that publication's letter-to-the-editor column.

## NAZIS TO YOU

The Bill Martin piece on the American Nazis (Aug. '76) . . . was low key but insightful and, in my judgment, a service to our country.

Arnold Forster

Martin unwittingly revealed the Party for what it truly is: Great! It is amazing that your trashy, leftist rag has finally published an article on the National Socialist White Peoples Party.

James Maloney  
Ashland, Pa.

Bill Martin hit the mark when he said that a sense of historical purpose was the main Nazi fulfillment. And why not? The average lifestyle of Americans satisfies little in giving us a sense of purpose. One of the mistakes of the '70s was the low priority given to the space program. The human psyche in even the dullest person requires more than a good job or nice house. Whether it be drugs, left-wing politics, religion or Nazism, the mind's search for fantasy, excitement and reason will carry it to avenues that can hardly be filled by a bigger pension plan or wishy-washy liberalism.

Nazis, wherever you are, take heed: there is one factory-worker out in the land you want to conquer who's going to crumple some "stony visages" every time he sees a swastika—or a White Power t-shirt.

# Hate literature shows up in area

Sarah Groves walked slowly to her car parked in a no-parking zone at Waukegan's West High School Thursday night.

As she approached her car, Sarah spotted what appeared to be a ticket under the windshield wiper.

Hasan Hakeem

Sarah, a black teacher at Carman Grade School in Waukegan, picked up the neatly folded white paper. Unfolding it she first saw a black and white photo of a suspicious-looking black man, smoking a cigar, standing under a sign with the words "not responsible" above his head.

Next to the crude picture, in bold letters, with a swastika in the background, were these words: "He may be your equal, but he sure isn't ours!"

Sarah folded the paper and stuffed it in her purse after she noticed that a number of other cars in the parking lot had the same piece of white paper on their windshields.

"I was disgusted that someone would put this on my car," she said. "I took it home and showed it to my husband and we discussed what we should do about it."

The paper also carried the title of the National Socialist White Peoples Party (NSWPP), Arlington, Va. and listed a Chicago address along with a telephone number for a "White Power Message."

Sarah and her husband attempted to call the Chicago number on two occasions with no success.

Apparently, a lot of white people are anxious to listen to the crude hate messages recorded by the NSWPP clowns. The line is busy throughout the day.

After some persistence Sunday, I was finally able to hear their message, which would make Earl Butz' remark about blacks sound like a compliment.

The NSWPP tape recording begins with a cold voice and spits out this type of hate:

"The sun sets on another day as darkness creeps across the city the coons begin to stir. They pick up guns, clubs and knives and prepare for another night of fun and games.

"These creatures, more like apes than men, are now ready for their nightly orgy of murder, rape and arson—the victims will be white—and what are the whites going to do to stop this onslaught of jungle savagery..."

The tape rolls along with its hate composition asking whites to contribute money to the NSWPP. I don't think it is necessary to print what they ask whites to be prepared to do to blacks.

It doesn't surprise me that the NSWPP is soliciting support in Lake County.

What surprises me is that whites, responsible whites, don't speak out against such organizations like the NSWPP. Sarah Groves wasn't the only person who was given this piece of hate literature.

The leaflets were placed on a number of other cars, but not one white person has said a word about the NSWPP soliciting in the county.

I don't understand why white leaders, clergymen, politicians, or businessmen don't speak out when this type of literature, designed to create a race war, is distributed in their community?

If hate literature, designed to incite blacks to riot and kill whites was being distributed in the black community, every white leader in town would be searching for "responsible" blacks to speak out.

In my mind, the inaction of white leaders in dealing with adverse remarks (such as the Butz joke) or blatant hate literature directed at blacks, is indicative of white insensitivity toward blacks.

Another example of this insensitivity occurred last week on the WKRS radio program "Call 1220." Moderator Larry Leafblad, attempting to create discussion on Butz' racial joke, used a racial slur to illustrate a point.

It was a crude remark by Leafblad, who said it just came "right off the top of his head."

Leafblad believes the slur he saw fit to deliver on the "Voice of Lake County" was harmless. Some will say the NSWPP hate literature is harmless.

It is impossible to erase the Leafblad remark. It has been done and cannot be undone. But what is going to be done about the distribution of hate literature pouring out of Chicago into our community?

## Detroit Activists Attend School Board Meeting

Party activists from Detroit recently attended a school board meeting in Clintondale, MI, and passed out anti-busing leaflets to protest the board's pro-busing stance. Besides attracting considerable attention at the meeting, the activity was given publicity on the front page of the local newspaper. (See photo at right.)

## Louisville National Socialist Expresses Party Views

In recent weeks Comrade Irvin Halbleib has expounded the Party's viewpoint in Louisville, KY, starting with a letter-to-the-editor condemning U.S. support of Israel. (Reproduced below.)

Louisville Courier-Journal September 21, 1976

### Mideast policy criticized

In the midst of the petty hoorah and debate of this presidential election year, one fact stands starkly clear: the subservience of the two-party system to Jewish power and influence, as manifested in its blanket support of Israel. . . .

Former Vice President Spiro Agnew has recently dared to challenge the Jewish power structure in pointing out that Jewish control of the "national impact media" (which he defines as the major wire services, Time and Newsweek magazines, The New York Times, Washington Post and international Herald Tribune, and the major networks) combines with Jewish influence generally to create a disastrous Mideast policy. As Agnew remarked in the Washington Star: "Our policy in the Middle East in my judgment is disastrous, it's not evenhanded. I see no reason why nearly half the foreign aid this nation has to give goes to Israel, except for the influence of this Zionist lobby."

It is apparent that American interests have been subordinated to the egotistical designs of world Jewry. Continued support of Zionist imperialism, as demonstrated most recently by Israel's annexation of occupied Arab territory, can only further the alienation of the Arab community from the West, while inviting Communist penetration of the traditionally anti-Communist Islamic theater.

IRVIN J. HALBLEIB Jr.  
Member, National Socialist White People's Party  
4728 S. Second St., Louisville

On 24 September Mr. Halbleib spoke to a political philosophy class at a local college. In his talk he gave a post-war history of the Movement, followed by a discussion on the ideas of Commander Rockwell. In the question-and-answer session that followed, he pointed out the Jewish foundations of Communism, the parasitical nature of the Jew and the dire consequences of White racial degeneration. Attending non-Whites went in to a frenzy over his statements, but several Aryan students voiced agreement with the National Socialist.

Comrade Halbleib represented the Party at a public forum sponsored by the Louisville Bicentennial Commission. On 2 October, the event began with two speakers who each gave a short discussion on economics. Arguing for Capitalism was a reactionary university professor, while a local Red crowed about the "benefits" of Communism. Afterwards, the National Socialist immediately took the floor. He proceeded to expose both Capitalism and Communism as Jewish systems which afford no true freedom for White Americans. Except for an attempted disruption by an infuriated Jew, there were no incidents and Comrade Halbleib ended his remarks with a White Power salute.

## WHERE THE ACTION IS!

This December Rudolf Hess will spend his 36th Christmas in solitary confinement inside Spandau prison. This may also be his last, since we don't know how much longer this National Socialist hero has to live. Accordingly, the Party will be holding a FREE RUDOLF HESS vigil in Washington, DC, from the weekend before Christmas till the 24th. Look in the next issue of the NS Bulletin for details on participation.

## Distributing leaflets

Nazi party member John Sedlak, 26, distributed openly racist anti-busing literature to Clintondale residents Monday because "we're against all busing project to achieve racial integration." Sedlak, who said he lives "somewhere in Macomb County" and works "somewhere in Detroit", would not name his three fellow party members, who he claimed lived in the Clintondale district.
