## TWO NATIONAL SOCIALIST CANDIDATES ON BALLOT IN MILWAUKEE SCHOOL BOARD RACE!

National Headquarters has just received the great news that two National Socialist candidates will be on the ballot in the February 15 Milwaukee school board election. They are Mrs. Sandra Osvatic and Mrs. Sandra Enders, both members of the National Socialist Women's Organization. Mrs. Osvatic is the mother of three children, one attending a local private school. Mrs. Enders is the mother of a pre-school child. Both women are vitally concerned with the educational problems facing White parents today.

Milwaukee election officials tried to prevent the NS candidates from getting on the ballot with unnecessary red-tape and deliberate delays in delivery of the necessary election forms.

But all of these tactics came to no avail, thanks to the persistence and determination of Party campaign workers. Braving minus-17-degree temperatures, local members went door to door to secure over 4,000 bonafide signatures in a period of less than three days! Reaction from the White populace so far has been very encouraging, due mainly to the fact that the Party candidates have taken a strong position of total opposition to a massive, court-ordered busing scheme for Milwaukee, courtesy of Federal Judge Gronouski. Mrs. Osvatic and Mrs. Enders are the only pro-White candidates in a field of 13, which includes four Blacks and several liberals.

Financial assistance is urgently needed for leaflets, radio spots and newspaper ads in this important campaign. Anyone who can help out is urged to send his or her contribution immediately to: **Election Campaign — Box 5505 — Arlington, VA 22205**. National Headquarters is making arrangements to give our Milwaukee comrades every possible assistance in this race.

## Fall Building Campaign Nearly Doubles Its Goal!

The 1976 Fall Building Campaign concluded on 31 December, with exactly \$5,749.85 raised in the final month of the drive. Combined with the previous results, this gives us an overall total for the drive of \$21,972.41 — almost double the amount we had set as our goal! All National Socialists can add this to their list of great accomplishments in the history of the Party, and can point to it with pride.

Last year we raised just under \$11,111 — the same goal we had set for the 1976 Campaign. In previous years we only managed to raise even less. The astounding success of this year's drive illustrates not only the Party's growth in membership, but also the higher degree of dedication and self-sacrifice growing within our ranks.

In less than three months, more money was raised toward the Plan than in the previous year. This should dispel any doubts that anybody may have about our ability to attain \$88,888 by 20 April 1978. We can do it, IF WE HAVE THE WILL TO DO SO. All it will take is more of the spirit we have just seen demonstrated in the Fall Building Campaign. Commander Koehl has great plans for the advancement of this Movement. They can all be realized IF we continue to show the same determination to succeed as we have in the past.

As of 31 December, the grand total of the Three-Year Plan is \$42,628.39. This is almost exactly where we should be at this point to be on schedule, as 48% of the time allotted has passed and 48% of the goal has been met. We are now approaching the half-way mark of the Plan, with only 16 months left to go.

Comrades from 31 states, 2 Canadian provinces and 5 countries overseas gave to the drive last month. Their initials and amounts of contribution is listed on the following page.

**Annual Hess Vigil Seen by Thousands**

From the 19th to the 24th of December, the NSWPP held a dawn-to-midnight vigil next to the White House to demand the release of Rudolf Hess. During the 80-hour plus demonstration, 18 National Socialists from the Arlington and Baltimore areas took turns guarding a large, 40-sq. ft. sign bearing a picture of Hess with the word ing, "Was PEACE a Crime? - FREE RUDOLF HESS!" Passersby were given literature explaining the facts of Hess' cruel imprisonment - facts which are ignored by the Jewish-controlled press.

In spite of sub-freezing chill factors and rain the vigil was seen by thousands of people on hand for the national Christmas Pageant, held only a few yards away. The media,

One annual "Free Rudolf Hess" vigil took place in Washington, D.C.

however, decided to black out all news of the National Socialist demonstration.

In other locations across the country, National Socialists made special efforts to call public attention to Hess' inhumane treatment, with some Party units conducting Hess vigils of their own.

### Minneapolis ST Smashes Reds, Pickets Humphrey-Mondale

A team of ST men from Minneapolis held a demonstration against the Marxist Progressive Labor Party and the Committee Against Racism on 20 November. The National Socialists were patrolling in the downtown area when they noticed a crowd of about sixty Reds in front of a bank, protesting "racist oppression" in South Africa. A local organizer described the incident:

"As the ST approached the motley mob, about a dozen Reds, armed with wooden canes and clubs stood in their way and threatened the National Socialists. The ST, refusing to be intimidated, retired to a nearby vacant lot where they procured clubs of their own. Upon returning, the ST men were rushed by about thirty Reds and the fight was on."

What followed was a brief melee in which the ST men delivered justice to the Reds with gusto and style. When they finished, the sidewalk was littered with a half-dozen or so bleeding, groaning Marxists. The rest had scattered.

In the wake of the National Socialist action, paranoid local Reds launched a hysterical smear attack against the Party and the police. (See clipping at right.)

In another event, local National Socialists picketed the Minneapolis Auditorium, where the Democrats were holding a \$100-a-plate fund-raising dinner. Featured speakers at the event were the well known friends of Zion, Walter Mondale and Hubert Horatio Humphrey. While a cameraman from a local TV station filmed away, the National Socialists marched with signs reading "NO AID TO ISRAEL," "ISRAEL - NATION OF PARASITES," "SMASH ZIONIST TYRANNY" and "\$\$\$ FOR JEWS = TAXES FOR YOU." Aside from the usual verbal excretions from the Chosen Ones, the activity passed without incident.

### Los Angeles National Socialists Protest Black Crime

In response to the brutal slaying of a White woman by a local nigger, the North and South Los Angeles Units held a demonstration to demand an end to Black crime. Two teams of ST, under the command of GL Martin Kerr, set up a picket line in front of the L.A. county jail. An attention-grabbing eight-foot gallows with a noose and a sign reading "THE ONLY CURE FOR BLACK CRIME" was carried. (See photo at right.) This 'shocking' display drew screams of outrage from liberals, but aroused favorable comments from sheriff's deputies and White folks. The activity lasted an hour without incident.

## Negligence by police alleged in vandalism

By STEVE JOHNSON  
Minneapolis Star Staff Writer

A complaint charging "police negligence" was filed yesterday with the Minneapolis Police Department's internal affairs unit in connection with a Nov. 20 incident during which Socialist Workers Party members said their south Minneapolis headquarters was vandalized by Nazis.

A Minneapolis police sergeant who has investigated the incident called the allegation that Nazis were involved "irresponsible" and said the facts in the case were "conflicting."

The complaint was filed by Chris Frank, 28, 3132 4th Av. S. Ms. Frank ran unsuccessfully this year as a Socialist Workers Party candidate for Minnesota's 5th District congressional seat.

In a press conference called by Ms. Frank outside the internal affairs unit office in city hall, Ms. Frank said five Nazis attacked her party's headquarters at 23 E. Lake St., breaking two front windows with their fists.

**SHE SAID** Jim Carson, a Socialist Workers Party organizer, witnessed the attack, called police and tried unsuccessfully to get officers to arrest the five men. He and police officers followed the five suspects for a while but the police "refused to continue the pursuit," because they said they had to follow up on a stolen-car report, Ms. Frank said.

"The Minneapolis Police Department has done nothing to date to catch the vandals," Ms. Frank said in a prepared statement. "The Socialist Workers Party feels that the inaction by the Minneapolis police in this case of Nazi harrasment is typical."

"It's similar to the same inaction and indifference that the police and city administration exhibited when the right-wing, racist attacks were occurring on the northside against the black community," she said.

"This is not the first time that the Socialist Workers Party has been the victim of Nazi harrasment," she said. "Last summer my campaign supporters, petitioning for ballot status for me and the other Socialist Workers candidates, were threatened with physical violence by young Nazi toughs on the Nicollet Mall."

"YOU CAN be sure," she said, "that if someone had vandalized the DFL headquarters, the police would have done everything in their power to catch the vandals."

Ms. Frank said her party wanted police to acquire a KMSP-TV film taken at a demonstration near the headquarters Nov. 20 to aid in identifying the five suspects.

Sgt. Robert Cook, who is assigned to the internal affairs unit, said Carson had made an appointment Dec. 2 with the unit to discuss his concerns that police were not adequately investigating the Nov. 20 incident. But Carson never showed for the appointment and didn't indicate at that time that Nazis may have been involved in the incident, Cook said.

Sgt. John Hennessey, who investigated the Nov. 20 incident, said the charges that Nazis were involved in the window-breaking incident are "pretty irresponsible."

**HE SAID** that information from witnesses was "conflicting" and that "there's no proof that these people (the five suspects) are Nazis."

He said that because the vandalism charge would have resulted in a petty misdemeanor charge, either the witnesses would have had to make a citizen's arrest or police would have had to witness the incident before making an arrest.

"What it boils down to is they've got a \$50 broken window and they want a massive police investigation without any proof that these people are Nazis," Hennessey said.

station, with the Party name superimposed on the screen. This attention was part of a report on the newly formed Westheimer Independent school district, which is an all-White area that has broken away from the mostly non-White Houston school district to escape busing and integration. In the Message, Organizer Jimmy Clendennen expressed the NSWPP's support for the Westheimer Whites in their fight for quality education and racial separation.

### **Party Representatives Appear on TV, Before College Classes in Los Angeles**

Los Angeles Party representatives appeared on a local half-hour TV talk show, "28 Tonight," on 13 January. The topic for discussion was "Freedom of Speech and Its Limits," which dealt particularly with the case of the White Marines at Camp Pendleton who are being persecuted for their racial activities.

Southern California District Leader Martin Kerr spoke out forcefully against subversive, anti-White groups like the Socialist Workers Party and the Communist Party being allowed any freedom of speech at all. Comrade Kerr said that this was a White people's country, founded by White people, and Communist organizations made up of radical Jews and Blacks should not be allowed to spew forth their anti-White venom. He went on to denounce the harassment the Party was experiencing from the FBI and other government agencies, and concluded by demanding that all Jews and Blacks be expelled from the North American continent.

A Mr. Lippman from the SWP and various Jews and Blacks from the ACLU and the NAACP, who were also on the show, were horrified by Kerr's remarks, although representatives from two right-wing groups generally concurred.

In other appearances in recent weeks, Party spokesman gave presentations to classes at the University of Southern California and the Pasadena Community College.

### **San Diego National Socialists Attract Attention at Military Installation**

A team of San Diego activists, led by Local Organizer Gerald Pope, conducted a newspaper distribution in front of the Naval Training Center on 19 December. A sign reading "SUPPORT WHITE MARINE VICTIMS" was carried, in reference to the recent upsurge of Black violence against White servicemen at nearby Camp Pendleton.

The activity was repeated the following day over a three-hour period. The National Socialists were seen by thousands of Marine and Naval personnel and civilians, and large quantities of literature were distributed to interested persons.

### **Pasadena WHITE POWER Ban Challenged**

At present, Pasadena, Cal. has an ordinance requiring a license to conduct any kind of business. Anti-National Socialist officials there have deliberately misconstrued this law to ban WHITE POWER distributions in which Party workers ask for voluntary donations. Since the cost of such a license is clearly prohibitive for such a small operation, it, in effect, constitutes illegal censorship of the Party newspaper, thus violating the spirit and letter of the First Amendment.

In an attempt to remove the ban, Los Angeles – North Unit Leader Martin Kerr and Unit Treasurer Gregg Hummer went to the Pasadena city hall on 16 December to press the issue by selling the Party paper under the noses of the city officials. The National Socialists intention was to either be cited, which would allow

them to take the matter to court where it could be overturned, or to make the officials back down from their stand. In order to gain publicity, and to insure that an impartial observer was present, the Pasadena STAR-NEWS was notified.

While Comrade Hummer distributed the paper, Comrade Kerr talked to the press and awaited the police. Although plainclothes policemen observed the situation, no citations were issued at the scene. An accurate description of the activity can be found in the articles at right.

The next day, Kerr and Hummer received citations in the mail from the city prosecutor's office charging them both with conducting a business without a license and "begging." The charge of begging is clearly harassment, as are both charges against Comrade Kerr, as he was only on hand to observe.

Unit Leader Kerr recently won a similar case against the city of El Monte. The Pasadena laws are entirely different, but the Supreme Court's rulings still outweigh them. Prospects of winning the case are hopeful, after a legal battle which could last up to a year.

### NS Presence in Detroit Upsets Reds

Alarmed at the presence of the NSWPP in Michigan, the Communist Labor Party tried to harass Comrade John Sedlak recently, following his appearance in a local newspaper article. (See NS Bulletin no. 212 & 213.) The Reds distributed leaflets with Sedlak's picture at his place of employment in a desperate attempt to whip up Blacks and others against him. They named Comrade Sedlak as one of the leaders of the local "Nazi, fascist gang" and portrayed the Party as a growing menace to integration and other Marxist schemes. Although empty threats were made against the National Socialist as a result of the 'publicity,' the Red incitement failed, because most of Mr. Sedlak's fellow workers already knew of his Party affiliation and respected his beliefs.

### San Francisco Unit Holds Christmas Dinner

The San Francisco Bay probationary unit hosted its annual meeting and Christmas dinner on 19 December. The meal was preceded by reports which outlined the great progress the unit had made since its re-organization, and many plans for the future were discussed. After official ceremonies, the meal was served, which featured turkey and dressing with all the trimmings. Over 40 members, supporters and their families from Northern California attended the event. The \$80 profit raised by the dinner was generously donated to the Three-Year Plan. Special appreciation goes to local NSWO members who made the gathering a success through their efforts.

## Pasadena city prosecutor cites 2 Nazis

By **SCOTT HERHOLD**

Staff Writer

Two National Socialist White People's (Nazi) party members have been cited by the Pasadena city prosecutor's office on charges of selling newspapers without a license and begging last Wednesday in front of Pasadena City Hall.

Pasadena City Prosecutor Byron Gentry said the two, Martin Kerr and Gregg Hummer, were accused of soliciting money and violating a revenue ordinance requiring all newspaper vendors to obtain a license.

The two Nazis gave away five copies of their party newspaper, "White Power," and accepted from 5 to 25 cents in donations for another 11 copies in a little less than an hour Wednesday.

They explained then that they were challenging a law that they considered unconstitutional. Although no citation was issued at the scene, the Pasadena police submitted a report on the incident to the city prosecutor's office.

In explaining the decision to prosecute, Gentry said he had no doubt that Kerr and Hummer could sell the newspaper if they received a license.

Kerr and Hummer are scheduled to appear in Pasadena Municipal Court on Dec. 23 to face the charges.

## Nazis make a bid to draw police citation

Two disappointed American Nazi party members left the Pasadena City Hall sidewalks Wednesday minus a hoped-for police citation for illegally distributing newspapers without a license.

Police, however, are still investigating.

Gregg Hummer, of the San Fernando Valley, and Martin Kerr, a Pasadena resident, arrived in Nazi uniforms promptly at noon and left at 12:50 p.m. after giving away five copies of "White Power, the Revolutionary Voice of National Socialism."

From 5 to 25 cents was accepted for each of 11 other copies, including two given to an undercover policeman and a Nazi party associate.

According to Police Chief Robert H. McGowan, "we have taken photographs and are submitting the evidence to the city prosecutor. We are definitely going to seek a complaint unless the prosecutor says the incident is covered by First Amendment guarantees of freedom of the press. We don't just jump into this kind of thing carelessly."

Kerr is the Southern California district party leader, and Hummer is treasurer of the party's Los Angeles unit.

"We're not here today to sell papers, just to challenge the law. We want to see if the police will give us a ticket so we can take the case to court," Kerr said.

The Nazi party could sell newspapers in Pasadena with a license, says Byron Gentry, city prosecutor.

However, Kerr says the party doesn't intend to apply for a license.

"Applying for a license is not the point. This is a free country. Under the laws, we don't need a license to sell newspapers. It's unconstitutional censorship," Kerr added.

He said he had been found guilty of selling newspapers without a city license in El Monte, but that the Los Angeles Superior Court had overturned his local conviction.

At 12:15 p.m., Kerr left briefly, saying "I'm going to give the police a call. I have other things to do (today)."

As time passed and no citation was issued, Kerr mentioned postponing the attempt to become cited until the weekend at a major intersection to "get more people involved."

The pair persisted for 50 minutes, however, before calmly sauntering off without a citation.

## Political Debate Continues in Milwaukee Newspapers

Printed below are some of the views, statements and arguments concerning the Party — both pro and con — which have appeared in the letter-to-the-editor columns of Milwaukee's two daily newspapers.

### 'Watch for Haters'

To The Sentinel:

We write in an effort to alert all persons with meeting halls to rent. A dangerous and tragic potential exists. Recently, a tiny but virulently hateful group booked the Downtowner Motor Inn for a "rally." The group then handed out leaflets on the near South Side inviting the public to an anti-school-integration meeting but announcing that no "niggers, Jews or reds will be admitted."

Fortunately, Phil Lowry, manager of the Downtowner, became aware of this and canceled the rental. We applaud Mr. Lowry and the Downtowner, and we are sure that the greater number of Milwaukeeans do as well.

Unfortunately, a few such sadly vengeful little groups continue to exist. They will try again to exploit the fear and frustration of some Milwaukeeans during this period of developing top quality education on an integrated basis citywide. This is a complicated process with a number of mechanical problems at best. The community needs and generally wants to get through the process as constructively and amicably as possible.

Gatherings at which misguided haters harangue an audience in an effort to create a vicious mob are among the very last things Milwaukee needs at this time.

Gatherings at which dis-

### Challenge Issued

To The Sentinel:

Carol Holton's Nov. 4 letter, "Watch for Haters," is a classic in exposing to the people of Milwaukee the true nature of the people forcing integration upon us. They are uninformed, close minded and prejudiced.

We the members of the National Socialist White People's Party would gladly welcome an opportunity to take on these arrogant people anytime in a free and open debate of racial integration. They know their entire case for destroying the neighborhood school system of this city is based on a foundation of lies and suppression of

unchallenged scientific facts.

If they can prove us to be wrong, we will gladly take up the cause they are espousing and join with them in promoting the benefits of integration. But they know we know how to fully expose their fallacies, so they work to silence us, in any way they can.

They are afraid of allowing any but their own viewpoint to be heard. In our colleges, renowned scientists like William Shockley, Arthur Jensen, Carlton Coon, Henry Garrett and Ward Banfield, who dare to attempt to make public their findings on racial differences, are shouted down, denied a place to hold meetings, professionally blacklisted or even beaten by leftists.

It is this same fearful mentality, this same alien spirit of suppression that our party or any white American patriotic movement is confronted with daily.

In closing, the question must be posed: Are blacks, Jews and Marxists the only ones entitled to freedom of speech, press, assembly and petition? Don't white people have those same rights and, if not, why not? The answer is apparent: We do, if we are willing to fight for them, and fight for them we will.

### From a Milwaukee Nazi

To The Journal: It seems as though at a timed interval each month, some obstreperously democratized dogooder comes slithering along to pro-

claim the horrors of the Nazi party and its so-called nefarious leaders.

And the battle cries are always the same boring, superfluous clichés: Stop the hate peddlers; get the Nazis off the streets; ban the swastika; teach the young people the horrors of Nazism lest we forget six million Jews, etc., etc., etc.

When looked at in retrospect, all of these are pseudopatriotic themes devoid of any real meaning in today's world. The National Socialist White People's Party is constantly accused by its enemies of spreading lies and hatred. Yet our accusers never accept our challenge to disprove our charges or to debate with us the issues we have raised. Censorship and repression is so much easier for them.

They employ against us the very kind of tactics they accuse us of planning to use against them. Hypocrites!

These very same people were silent when the Communists used a public school here for one of their May Day rallies; not a word of protest was uttered when arrogant Marxists for the fifth year set up a booth at the State Fair and when avowed Reds ran for mayor in the February primary. None of these so-called patriots tried to knock them off the ballot. Why not?

Is it because Communism has captured over two-thirds of the world that they have just decided to accept the inevitable? Well, maybe they have, but we haven't!

No one, I repeat no one, is going to outlaw our party or its ideas! We are a completely legal party in this state, and we have the same rights as every other party — no more, but no less!

### Free Speech for All

To The Journal: Carol Holton, president of the Sherman Park Community Association, has not considered the essence of liberty in her alert to "all persons with meeting halls to rent" in her Nov. 18 letter to The Journal.

"A dangerous and tragic potential" does exist, Ms. Holton, but not from "a few such sadly vengeful little groups," unless, of course, your organization is included amongst a list of hate groups. The real threat to freedom arises from cretinous gaggles of self-appointed inquisitors, protectors of the right to agree — never disagree — with the pontifications of the integrationists.

I assume that the "gatherings" that you protest are meetings of the local Nazi party. But if they are one of the groups that you would deprive of the Constitution's protection of freedom of speech, then I must think that any group that disagrees with your position — to any extent — is ripe for the proscription of your organization.

The Euro-American Alliance supports freedom of speech and assembly, no matter who speaks, no matter what is said. Those who seek to deprive others of the right to assemble are far more dangerous to liberty than are the thoughts of those they attempt to suppress.

## New Books Available

1. *The Future Calls* by Matt Koehl. In April 1972, in a special radio broadcast, the Commander delivered one of the highest tributes that has ever been rendered to the immortal Leader of our Race. One year later, a transcript of that remarkable broadcast appeared in *White Power* newspaper. Since then, that address has been read by thousands of persons in German and Danish translations. Currently, French and Italian versions of the Commander's broadcast are in production. Now, for the first time, this powerful tribute to the Leader is available in booklet form in English, courtesy of the Danish National Socialist Youth, a WUNS affiliate, which undertook the printing. Get your copy from NS Publications for only 50 ¢.

2. *The Truth About Rhodesia* by C.W. Porter. In a simple and straightforward manner, the author lays it on the line as he describes racial realities in Rhodesia and contemporary Black Africa. Contains factual information the Jews and their liberal stooges don't want you to know. Provides a first-hand insight into the situation on this bleeding battlefield of the White race. Just \$1.

3. *The Propaganda of Adolf Hitler* edited by Johnathan R. Manning. Translated from a 1936 German-language album, this book contains an excellent compilation of photographs and essays on the Leader and his remarkable work. Authored by such notables as Dr. Joseph Goebbels, Dr. Robert Ley, Philipp Bouhler and Rudolf Hess, this beautifully-illustrated, well written work is a must for every National Socialist library. Highly recommended! Only \$6.

## Special Offer

NS Publications is making a special offer on three important booklets — *Early Civilisations of the Nordic Peoples, Blood Groups & Race and Eugenics & Race*. Each of these items covers a fascinating aspect of racial science and our genetic heritage. Normally, they would sell for \$1.50 each. But for a limited time, you can have all three for only \$3. At a time when Jews in the media are making a special effort to lionize racial retards at the expense of culture-creating Aryans, you owe it to yourself and your children to learn the true facts of Race. Take advantage of this special offer while it lasts!

## Note From NS Publications

Party and Hitler Youth armbands are back-in-stock at \$5 each. These are the respective regulation items for the Stormtroops and the NSYM, and are professionally made from quality materials — not silk screened.
