**PARTY JOINS IN NATIONWIDE PROTEST OF 'HOLOCAUST' RERUN**

Party units and individual comrades throughout the country joined with other concerned Americans in protesting the reshewing of 'Holocaust', the highly publicized, lying account of the mythical extermination of European Jewry during the Second World War, in September. The Party played an especially active role in the 'Holocaust' protests in Chicago, Milwaukee, Minneapolis, New York City and Washington, D.C. Here is a brief account of these activities:

**CHICAGO:** Over two-dozen Chicago-area National Socialists under the leadership of Comrade John Logan were joined by members of other racist, German-American and right-wing organizations in a picket of the local NBC affiliate. Good media coverage of the picket was received on WMAQ-TV (the NBC affiliate) and in the *Chicago Sun Times*. There were no incidents.

**MILWAUKEE:** Milwaukee National Socialists were joined by members of the 'Euro-American Alliance', a local pro-White group, in picketing WTMJ-TV, an NBC affiliate. There were no incidents, and the news media blacked out coverage of the picket.

**MINNEAPOLIS:** Comrades of the Richard Biederman Unit protested the airing of 'Holocaust' by WTCN-TV outside of the station. The National Socialists held a 10-foot banner proclaiming "Holocaust is a Hoax!" The banner was seen by hundreds of motorists and was also shown on the 10 o'clock news. The only incident occurred when a jewelry-bedecked, Yiddish-accented Jewess clambered out of her Mercedes-Benz to exclaim, "What! Here een America?!" After being informed that that was indeed

America, she horrifiedly scurried back to her automobile and drove away.

**N.Y. Groups Clash  
Over 'Holocaust'**

**NEW YORK (AP) —** A brief, bloody fist fight erupted between a German nationalist group and members of several Jewish youth groups over the second showing of the television drama "Holocaust," police said.

The miniseries, which is to be aired for a second time in the United States beginning tonight, depicts Nazi atrocities during World War II. One spokesman for the German group called it "a hoax."

Police said one man was arrested outside the Rockefeller Center studios and charged with throwing a rock.

The brawl was sparked Sunday when several members of the Ridgewood Group of German Americans marched to the NBC offices in Rockefeller Center, where the Jewish youth were demonstrating.

The 9½-hour miniseries, which runs through Thursday, dramatizes the mass extermination of Jews. NBC says "Holocaust" attracted about 107 million U.S. viewers when it first ran in April 1978.

Fritz Berg, a spokesman for the German group, called the movie "a hoax," and said reports during World War II of Nazi-operated gas chambers were "absolute nonsense."

**NEW YORK CITY:** National Socialists from New York and New Jersey joined with German-Americans in protesting the Lie of the Century in the very heart of the Jewish world capital. Unlike the protests in other areas of the country, the New York City demonstration erupted in violence several times, as members of the Jewish Defense League vainly attempted to break up the activity by terrorism.

The following is the account of a 16-year-old member who took part in the protest:

"As soon as we got out of our cars at Rockefeller Center the JDL recognized who we were. One comrade was attacked immediately and I ran to his aid. I knocked down one Jew, and then another ran towards me and tried to kick me. I answered him with a couple of shots to the face. I didn't realize it at the time, but a third Jew had gotten behind me while I was fighting the other two, and broke a bottle over my head, opening up a gash. Another comrade tried to come to my aid but was stopped and beaten by the police.

"While all this was going on, the comrade who

was first attacked was getting mauled. Besides being kicked and beaten, he was stabbed in the head with a knife. (It turned out his wound wasn't very serious.)

"We regrouped and headed for the demonstration site. The JDL had attacked there, too, jumping one of the spokesmen for the protest from behind while he was giving a television interview. His jaw was dislocated.

"We encountered the Jews one more time. We turned a corner and ran into a large group of them. One comrade threw a couple Jews down a flight of subway stairs, and New Jersey Organizer Gene Palensar punched out the JDL security chief. The fighting continued for awhile longer until the police arrived and separated us. It was pretty peaceful after that."

WASHINGTON, D.C.: National Socialists from Arlington and Baltimore picketed the local NBC station, WRC-TV, while 'Holocaust' was being shown. Although the activity received no media coverage, it was witnessed by hundreds of students at American University, which is across the street from the station.

### SECOND ILLINOIS 'ENERGY RALLY' A SUCCESS!

A public rally to draw attention to the nation's current energy crunch and to present the National Socialist solution to the problem was held in Rockford, Ill., on 15 September. (A similar rally was held in Chicago in August; see NS BULLETIN No. 257 for details.)

Despite the presence of a large number of Communists and racial riff-raff from the Progressive Labor Party, the two-dozen National Socialists were able to hold the rally as planned.

Comrades Sandra Osvatic (of the National Socialist Women's Organization) and Art Jones spoke at the rally, although subjected to an unceasing barrage of rocks, bottles, sticks, cans, tomatoes and eggs. Comrade Osvatic blasted the idiotic federal scheme to waste gasoline in forced busing for schoolchildren. And not only is gasoline wasted, she explained, but White children are exposed to the dangers of being in

close proximity to semi-civilized 'ghetto-children' and have their education ruined in the process. Comrade Jones spoke on the schemes of the Prk-Zionist federal government to get U.S. troops committed to the Middle East, in order to safeguard Israel and seize Arab oil fields.

After the rally, some fighting broke out between the PLP and the Rockford police, who were on hand but stayed out of sight for the duration of the rally. One comrade reports capturing a PLP flag in a scuffle. Although 11 Reds were arrested, there were no National Socialists taken into custody and there were no injuries.

There was much local television and newspaper coverage of the event, most of it very hostile.

There was also some pre-rally newspaper coverage, the result of several local Jews vandalizing their own synagogue in a blatant and transparent attempt to create public ill-will towards the Party. The Jews also hoped to have the Party's permit to hold the rally in a public park cancelled. They were unsuccessful.

### ARLINGTON AREA NSYM SPREAD THE GOOD WORD

Members of the National Socialist Youth Movement in the National Headquarters-area were particularly active during September. In addition to attending regular Party activities organized by NHQ, the NSYM comrades organized and conducted numerous activities of their own.

## 11 arrested in fight at Nazi rally melee

Special to The Tribune

ROCKFORD, ILL.—A plainclothes policeman was injured and 11 persons were arrested Saturday afternoon in a rock-throwing, club-wielding protest over an American Nazi Party rally in Sinnissippi park in Rockford.

Police officer Joe Davis, 40, suffered cuts and puncture wounds around the ear, forehead, and left hand when a demonstrator beat him with a nail-covered club as he attempted to aid in an

arrest, police said. Davis was treated at Rockford Memorial Hospital and released.

Martha A. Piederman, 23, of Madison, was charged with aggravated battery in the attack on Davis. Bond was set at \$3,500.

About 300 persons protested the rally, held by 20 Nazis, and the disturbance erupted as the Nazis began to leave in their truck, Police Lt. Jake Gessner said.

The following are the activities undertaken by NSYM comrades *in one day alone*:

The NSYM started out the day by distributing some 300 copies of WHITE POWER at a busy intersection in Arlington. After a short break they put 200 copies of the paper on parked cars and publicly posted 250 leaflets and 50 bumper stickers in conspicuous locations in the Fairfax City area.

The activists ended up the day by handing out another 40 copies of WHITE POWER to interested Whites. Some of the people who received the paper stopped to talk with the NSYM members about the Party's goals and objectives for a half hour.

The efforts of these NSYM members in spreading the good word of Adolf Hitler's National Socialism are to be highly commended. What these young comrades can do, every comrade can do — that is, if he or she is really interested in fighting for a White, National Socialist America.

### PARTY RECRUITING IN QUEENS

The easiest areas to recruit supporters for the Party are those where there is racial tension. Such tension inevitably raises the racial consciousness of the White residents of the area. One such area where there is great racial tension at this moment is the Rosedale section of Queens, one of the five boroughs of New York City, where, surprisingly, a good number of White people still live.

Recently efforts have been made to integrate the neighborhood by Blacks. This has upset the local White community, and they have fought tooth and nail to preserve the racial purity and integrity of their community.

Some Party comrades from New Jersey took a 'field trip' to Rosedale on 6 September to take a first-hand look at the situation there. Here is part of their report:

"We began by stopping at a shopping mall just outside of town, and distributing leaflets and copies of WHITE POWER. We put some on car windshields and handed out the rest to people coming out of the mall. One man said, 'I've been a Nazi all my life, but I never knew where to find you guys. How do I join?' Another man gave the White People's salute and yelled 'White Power' to us. In the mall itself, people who got our leaflets either shouted 'White Power' to us or were keenly interested in what they were reading. There were no negative or hostile reactions.

"We then went to the residential area in Rosedale which they are trying to integrate and delivered 100 WHITE POWERS door-to-door, and handed out 25 to people walking by. Only one person rejected the paper. As we were leaving I shouted 'White Power', and got numerous echoes from the residents.

"We hope to be able to make this area a Party stronghold."

# ACTIVITIES IN BRIEF

● The Party has responded to a lawsuit filed against it in Wisconsin which would require the Party to make public the names and addresses of those who contributed to the campaign of Party candidates running for political office. (See NS BULLETIN No. 257 for details.) A small article on the lawsuit is reproduced here.

● The Richard Biederman Unit led the country again in the number of WHITE POWERS distributed during the month. Some 917 copies of the Party paper were distributed and 58 posters and leaflets pasted up by Minneapolis comrades throughout September.

● Other organized WHITE POWER distributions were reported during September in Chicago; Danville, Va.; Indianapolis, Ind.; Milwaukee and Rhode Island.

● Northern California Comrade Red Warthan once again succeeded in getting the Party's message to the public, with a letter to the *Oroville Mercury* adapted from an article in WHITE POWER on the Boat People.

### FIGHTING VIET CONG AGAIN?

American Vets may be fighting the VC again. This time its here in America and in the job line. Rep: Harold Sawyer (R-Mich.) told the House in July that Asian refugees will be able to take advantage of "affermative action" programs designed to help Hispanic U.S. citizens. He went on to say that former fighters have joined the stream of refugees from Vietnam. Sawyer said that

former VC receives his "green card," allowing him to work he automatically gets preference for jobs, training and even loans from the Small Business Administration.

This means that a former U.S. Marine with a Purple Heart and a Silver Star for service in Vietnam has to get behind a guy who was out there trying to kill him.

How can we expect our troops to fight Communism and other American foes when we do such things. This isn't the America I knew and loved as a child. What next?

## Election Law Termed Harassment

Journal Madison Bureau

Madison, Wis. — A requirement that the National Socialist White Peoples (Nazi) Party disclose the names of contributors would continue a pattern of "public hostility" against it, Michael Finn, an attorney for the party said Thursday.

The comments were made as part of the answer to a lawsuit filed by the State Elections Board. The party has asked for an exemption from the election law, stating that it is a minor political party, similar to the National Socialist Workers Party, which has received an exemption.

## WHERE THE ACTION IS!

1 DECEMBER — Chicago — A formal 'homecoming' celebration will be held at the Midwest Regional Headquarters on this day for Rev. Bob Miles and his family. For further details contact the Regional Headquarters at (312) 863-8700.

22-23 DECEMBER — Arlington — National Headquarters will be holding its annual vigil for Rudolf Hess. All comrades who are able to are strongly urged to attend this event for at least a few hours. Comrade Hess is in poor health, and may not be with us very much longer. Check with NHQ for exact times.

25-29 AUGUST — A special training program for selected Party organizers and activists will be held. Further details will be forthcoming.

30 AUGUST - 1 SEPTEMBER — The 10th Congress of the National Socialist White People's Party will be held.

A comprehensive program of Party activities is being planned for the Fall by New England comrades. Anyone wishing to take part in these activities should write to: NSWPP, Merrimack Valley Unit, Box 746, Salem, N.H. 03079

Any comrades interested in participating in Party activities in the Northern New Jersey/New York City area should write to: NSWPP, Box 91, Metuchen, N.J. 08840.
