

# WHY IS A NAZI?

THE STORY OF LINCOLN ROCKWELL & THE AMERICAN NAZI PARTY (WUFENS)

George Lincoln Rockwell was born in Bloomington, Illinois, March 9, 1918, the son of Dr. George Rockwell, a vaudeville artist, and Claire Schade Rockwell. It is of some interest to note that on that exact date in Russia, the Bolsheviks officially gave birth to the international Communist movement.

Rockwell's infancy was spent in Pullman cars and hotels as his father and mother toured the Nation on the old vaudeville circuits.

In 1924, with a brother and a sister added to the family, a home was bought in Providence, Rhode Island, where he entered the public schools. His parents were divorced soon afterwards, and the boy lived with his father in Maine part of the time, and in New York, New Jersey, California, and other places with his mother. In 1937 he graduated from Central and Hope high schools in Providence, then, in order to enter college, attended and graduated from Hebron Academy, in Hebron, Me.

## ENTERS BROWN

In 1938 he entered Brown University as an experiment by Bruce Bigelow, the Director of Admissions. Rockwell was informed he had the lowest scholastic record and the highest aptitude or intelligence of anyone ever admitted to Brown. He excelled the first year, did normal work the second and third year, and, in 1941, with the Country obviously heading for involvement in WW II, Rockwell enlisted in the U. S. Navy as a Seaman Second Class, V-5.

The young man could not understand why he was PAID to fight Hitler and the dictators, any more than he would have understood it if somebody had offered to hire him to defend his mother from a murderer or rapist.

With the idealistic naivete so common to youth, young Rockwell believed the hate-Hitler propaganda with all his heart, and failed to notice the peculiar fact that England and France declared war on only ONE of the two aggressors who invaded Poland from both sides, and JOINED the other one, and the even more peculiar fact that the one "our side" joined was a gang of godless, a-moral terrorists who openly declared and fought for their aim of conquering the whole world by force and violence and sabotage, while the side we were taught to hate and destroy with savage glee was fanatically nationalist with not a single word about conquering the world in any of their writings, and consisted of cultured Christian gentlemen, who warned us desperately of the menace of the savage Communist hordes who almost destroyed Germany before the advent of Hitler.

## FIGHTS NAZI SUBS

Six months before Pearl Harbor, Seaman Second Class Rockwell won appointment as an Aviation Cadet, and commenced flight training. Assigned as a catapult pilot on the old U. S. S. Omaha, he participated in the actions in the South Atlantic and off Africa against submarines and raiders of the Axis. During WW II he served as a pilot in the carrier Wasp and as Senior Aviator in the Cruiser Mobile. He was Commander of a Support Aircraft group at Guadalcanal and Guam, and wound up the war as Commanding Officer of a Scouting Service Squadron, with nine decorations.

During the lull between WW II and Korea, Rockwell attended Pratt Institute in New York, where he free lanced as an advertising artist and won \$1,000 first prize in the National Illustration Competition with a full page ad for the American Cancer Society for the New York Times. Returning to his native Maine, he founded the first and only large successful advertising agency in that state and a publishing company for guide books. Receiving orders to

return to active duty in the Korean emergency, he sold his interests, and reported for duty instructing attack squadrons in close air support of front line troops. Two years of this and he was ordered first as executive and then commanding officer of a squadron in Iceland.

While he was at this lonely outpost on the Arctic circle, his wife in the U. S. got a divorce, and he met and married an Icelandic girl, the niece of the Prime Minister and also of the ambassador to the U. S. A.

## STUDIES POLITICS

It was during the long, lonesome Arctic nights in Iceland that the Commander began to do what so few Americans ever do; -think about, and STUDY the political FACTS which plunged so many millions of Americans into the unspeakable tragedies of three catastrophic wars to end wars in fifty years, only to put us into the most deadly danger at the bloody hands of the Marxist monster stalking the entire earth in the whole history of humanity!

For the first time, the Commander read the actual source books of the ideologies that appeared to be precipitating the conflict; The Communist Manifesto and Das Kapital, -and the book supposed to be too awful and stupid for serious consideration by intelligent students, (It is not found on any political curriculumae or bibliographies for political studies we have seen), ----MEIN KAMPF.

The specious reasoning and impudent arrogance of Marx, Lenin & Co. in the face of the FACTS of NATURE, the enshrinement of its devilish doctrines of envy and hatred as a sort of a replacement religion of materialistic selfishness, and its grossly false and obnoxious pedantry provided an astounding contrast to the straightforward, lucid, inspiring doctrines of selfless idealism and humility before the vast truths of Nature found in Hitler's much-damned but little read masterpiece.

In Mein Kampf Commander Rockwell discovered a political miracle, -out of the depressing ideological chaos of our times rises the clear, simple yet inspired kind of guideposts amidst confusion which have always been the major contributions of geniuses to their times.

Simultaneously with this study, Senator McCarthy was making his fight against treason and subversion in the U. S., and Commander Rockwell made another discovery. By buying the entire printed hearings in the McCarthy investigations, it was possible to read the

actual words and facts as they happened and then to compare these to newspaper, radio and magazine accounts of the affairs. The result was the inescapable conclusion that there was an organized and invisible conspiracy to discredit McCarthy's amazing revelations of Communist treason in the very highest places. There could be NO mistaking the purposeful and artful misrepresentations and outright lies used by newspapers like the New York Times, or Time magazine, -and thousands of others in the Nations's public information network. Nor, unfortunately, could there be any mistaking the fact that more than 80% of the Communist spies and traitors who kept turning up, -were Jews, and Jews and more Jews!

Still not determined sufficiently on a political career, the Commander, upon release to inactive duty in 1954, successfully launched a national magazine for service wives, "U. S. LADY", now being published all over the world.

However, as study progressed, he became convinced that somebody had to do something, if America and the White Race were to survive the rapidly increasing crescendo of attack by Communist and Zionist Jews, and their "Judas goats" -both black and white.

The most amazing, -and disheartening discovery of all was that NO major source of public information was even remotely honest about the preponderance of Jews in Communism and race-mixing agitation. Most sources vied with one another in fulsome praise of all things Jewish, and any person or publication daring to so much as mention the most obvious facts detrimental to Jewry was universally and royally damned as "un-American" and "Anti-Semitic".

Surveying what was already being done by millions of other disturbed and worried Americans like Charles Lindbergh, Douglas MacArthur, and hundreds of disorganized little patriotic societies, Commander Rockwell concluded that what was needed was only a business-like national coordination drive.

He spent \$4,000 and eight months to discover his gross miscalculation. First, the "patriots" as these unhappy people call themselves are, in too many cases, more interested in "pet projects" than overall success for a genuine mass movement for power. Second these distressed millions who are aware of the terror machine of the Jews are too fond of their new car, fine job and easy life to do anything which they know would bring down on them the terrible vengeance of the apostles of "tolerance", "brotherhood", and "love". In addition, the Jews have been so successful in warping the minds of youth with their TV, movies and slanted school-books and teachers that the average age of all "patriots" is about fifty, and all right wing movements are so stodgy, reactionary and un-dangerous that the youth very rightly will have nothing to do with their "old folks" programs.

## TRIES 'EASY' WAYS

For a while, the Commander experimented around with various compromises, working with Russell Maguire at Mercury, and Robert Snowden in Memphis. But three years of this "sneaky" kind of fighting, while the situation grew daily more desperate, was enough to convince Commander Rockwell that there was no time left for "experimenting" with "easy" or "safer" methods. Only the WHOLE TRUTH, as brutally advanced as was the Marxist and race-mixing lies of the Jews, could attract the healthy instincts of YOUNG people and build a real mass movement, -instead of a weeping and wailing and debating society of broken down old women and retired gentlemen. And that whole truth had to include

Adolf Hitler, who fought and gave his life for the White Man, and human decency, whatever the ignorant and the brain-washed might think!

On two points the Commander disagreed with Hitler; Narrow nationalism and dictatorship. We believe the world can no longer exist with any nation completely sovereign and able to commit any criminal acts in the name of this "sovereignty", and we believe the ideal government is not dictatorship but an autocratic republic, which is what our Founding Fathers set up, not a "Democracy" as the Jews and their dupes never tire of claiming.

But the Commander realized that the world-view of National Socialism with its inspiring idealism and unselfishness, its utter dedication to the REAL welfare of the common man, its racial realism, and, above all, its towering, overpowering STRENGTH and ability to set the souls of men on fire with the kind of flame which alone can drive a pitiful ridiculed minority such as we are now into world power, --was the ONLY weapon capable of saving our perishing nation and race.

Faced with the problem of financing an all-out movement of this sort, Commander Rockwell still had to begin with a compromise. A wealthy individual named Harold Arrowsmith, of Baltimore, asked him to set up and run an outfit to be called the "National Committee to Free America From Jewish Domination", with the simple and direct purpose of exterminating the Jews, whom Arrowsmith did not believe were humans. The Commander agreed to set up and operate the Committee, but with distinct reservations as to aim. While many Jews, like the Rosenbergs, for instance deserved and needed the extermination they got at Sing Sing, there are loyal Jews like Ben Freedman of New York who fights Jewish treason.

With a lovely wife and four children to look out for, Commander Rockwell required and got a permanent home for their safety and also to use as a headquarters and printing plant. First project in the anti-Jewish campaign was picketting against the then current Jewish lie that Nasser was a red, when the truth is that he is one of us. Our pickets went forth in D.C., Louisville and Atlanta. The lads in Jew-ridden Atlanta were out only three minutes when they were illegally seized by police AND THREATENED TO BE "TIED IN" WITH A BOMBING if they didn't plead guilty!!!

They insisted on their rights to picket peacefully, --and a FEW DAYS LATER THE ATLANTA SYNAGOGUE WAS DYNAMITED!!

Then began the most incredible frame-up in American political history. The man who did the bombing was L. E. Rogers, a paid agent of the un-American Jewish Anti-Defamation League, who had continually tried to get our people to commit a bombing when he was posing as a member of our group.

This despicable paid provocateur ran a Negro employment agency and told our men that he had Negroes who were dynamite experts, and offered them to do the job.

The evidence showed that two Negroes answering the description of Roger's dynamite experts had stopped at a service station in a car answering the description of Roger's car, only a few blocks from the Synagogue, and only a few minutes before the explosion!!!

To clinch the case, TESTIMONY SHOWED THAT THESE NEGROES ASKED THE MAN ON DUTY THE WAY TO THE SYNAGOGUE!

Nevertheless, Rogers was the State's "star" witness, while the defense's perfect witness, who could account for the exact time of the first man tried, WAS SEIZED WITHOUT A HEARING AND HELD INCOMMUNICADO IN AN INSANE ASYLUM DURING THE FIRST TRIAL!!!

There are dozens of other facts to convince any sincere person that the Jews themselves had the Temple dynamited to accomplish just what they DID accomplish: (1) persecution and suppression of the brave men in Atlanta who were exposing the Jewish leadership in Communism and integration, (2) Nation-wide hysteria against segregationists and anti-Jewish groups which were beginning to

reach many Americans with the suppressed truth --at the exact time of the civil-rights agitation in Congress, (3) Hundreds of thousands of extra dollars for the Jewish fund drives, also beginning at that exact time, strangely enough, (The Rabbi of the Atlanta Temple wrote gleefully in a Chicago paper that the dynamiting started his own fund-raising campaign off "with a bang"!), (4) The hounding of great American patriotic leaders out of business as men "linked" with the bombers in Atlanta.

The President of the U. S. made a special statement demanding the apprehension and punishment of the men responsible for the bombing. In spite of the efforts of the Atlanta police, under Jewish pressure, to railroad our brave lads into the electric chair, the jury took only ten minutes to exonerate the victims. But the Jew purpose was accomplished, and no amount of prodding with the facts can get the authorities to carry out their announced determination to punish the REAL bombers, (The Jews who won all their aims).

Commander Rockwell was pilloried in National headlines, along with Arrowsmith, as a sinister "master-mind" of the stupid bombing. His home was bombed, his wife and kids attacked and insulted, an attempt was made to run him down in a dark street, and any means of earning a living were out of the question.

## "FAT-CAT" RUNS

In the midst of this frightful pressure, Arrowsmith, who had promised a safe home for the Commander's wife and children in return for the dangerous battle he wanted made, this timid "angel" had commenced legal proceedings to evict the beleaguered family from its home. With income cut off, hundreds of vile and threatening phone calls all day and all night, FBI and Police pressure, and no definite assurance of even a place to live, the Commander sent his beloved wife and children to Iceland (where there are only two Jews) to stay with her parents until it is safer in America to stand for the simple truth as it is.

No lawyer would even accept him as a client, so thorough is the Jewish terror and smear machine, so the Commander went into the Courts alone, and forced Arrowsmith to honor at least one year of his agreement on the place to live and work and fight.

With wife and children safe, and a place to use as a political headquarters legally, he decided the time had come to make his stand for the WHOLE truth, as planned so long, with NO compromise!

He hung up a huge swastika in full view, attracted about fifteen young men willing to join him in an all-out fight against treason, outfitted them with uniforms, arm-bands and side arms, focused a huge red searchlight on the swastika, and placed three candles under the flag and a portrait of Adolf Hitler!

Results were immediate, --and terrific!!

The local college and high-school youths, in their Jew-promoted ignorance, and believing we must be some kind of an-American subversives, began to flock in crowds of hundreds outside the headquarters where the uniformed and armed troopers stood guard with riot guns as some began to hurl rocks through the windows, and a few drove by at night shooting.

But in spite of the hostile mobs, two or three hundred YOUNG people a day came inside to question the Commander and hear his unanswerable arguments. Thousands came to the door for the party literature, and within a week the "Nazis" and "Rockwell" were the major interest in every school and college for fifty miles in every direction. The Jews were hysterical, for we were convincing and WINNING about 3 out of 5!! It was only a question of time before we would win a MAJORITY of the YOUTH. The district attorney made an emergency speech to the public telling them to keep calm, using highly libellous terms about Commander Rockwell, but not mentioning his name. Our reply was to sue him for \$1.00 to show him up as a liar, and redouble our effort to win the youth. Frantic, --many Jews began to sell their houses and move out. With all the rioting and shooting and excitement every day and night, there was NOTHING in the papers about it; the Jews realized that our ideas and facts, coupled with our dramatic activities

were more than a match for their lies and smears, and their only hope was to isolate us as much as possible. Meanwhile the national TV, movies, etc. became violently anti-Nazi, just in case the "paper curtain" failed. Look Magazine printed article after article showing the utter wickedness and depravity of the awful Nazis!

Finally after we had driven the Jews mad (the last straw was a birthday party for Hitler at which all troopers and their wives and kids enjoyed a huge swastika decorated birthday cake) they raided our headquarters the following day with 13 officers, including the district attorney, the chief of police, the sheriff, etc, and illegally seized our flag, literature, --our weapons and searchlight, and even our shirts!

We were charged with printing and distributing foreign alien hate-literature, with using a swastika, with being Nazis, with wearing storm-trooper uniforms and side-arms, and even with stopping and searching cars (of attackers who drove by in the night hurling huge rocks through our windows). They even threw in the charge of "heel-clicking" --betraying their hysterical desperation!

For five long months Commander Rockwell, all alone in Court as his own attorney, skirmished and manoeuvred to establish the right of any American to wage an ALL-OUT attack on Jewish treason. Thank God the Virginia courts are still honest, because on the very DAY OF KRUSCHEV'S ARRIVAL IN THE U.S., the Judge dismissed the whole case, --a beautiful bit of justice, --and destiny!

Meanwhile the Jews were ruthlessly attacking us on the economic front. Troopers, (now Lieutenants) Morgan and Yalacki were two of the brave men who entered the headquarters voluntarily during the police raid, (shouting "Seig Heil!"), --and getting blasted in the headlines for it. They were immediately attacked in their jobs by the great apostles of brotherhood and tolerance.

We came up with the right strategy and the men under attack stood like rock, refusing to give up their fight for America and their race to bow to the Jewish pressure on their means of livelihood. They are still employed in American industry, --as NAZIS.

Legally cleared for action, backed by a full year of rugged experience, and gathering in new and tougher members all the time, the Party is on the verge of a new era. The pioneering days are over. Now it is time to organize for the long haul and start to DRIVE!

As from the beginning, we have set our aim as the winning of the YOUTH, and that will be our work for the coming year. We have already spoken at George Washington University and have been invited to speak at U. of Maryland and the University of Illinois.

America has only to look back at the recent history of her sister Christian nation, Germany, to know what is ahead. They too had hordes of Jew Communists wrecking their nation, their race and their ideals, and they spent years as we have in temporizing, --in compromising with the Jewish terror. Not until they went all out in their honesty, and backed it up with the kind of blazing courage shown by our lads already, did they stop the Jewish terror!

We expect to be laughed at, hated, or ignored. Some of us may go to jail or the hospital. So have all men who have ever accomplished really great things in this world. And what we aim to do is exceeded in greatness only by religions; we have dedicated our lives to a world wide anti-Jewish revolution, and the creation of a racially sane and morally decent world order on the principles of Adolf Hitler!

THE JEWS ARE THRU IN '72!!!
