"Truth is the most powerful propaganda." — J.F.C. Fuller

## Will We Hear the Olympic Lie Again this Year?

The answer, of course, is yes. Every Olympic year the System's media trot out the historical lie that Nazi Germany was greatly embarrassed in the 1936 Olympics due to the performance of Jesse Owens — the great athlete that Hitler snubbed. Owens "shattered the myth of Aryan superiority" is the usual refrain. As the 1988 Olympics are about to begin, this is a good time to set the record straight.

It is easy to know what really happened in the XIth Olympiad because histories of it were written prior to the Second World War, i.e. before all truth about National Socialism was flushed down the memory hole. In fact, it was the United States that was greatly embarrassed by the Games in Berlin.

Up until 1936 the U.S. had completely dominated the Olympic Games. In 1924 America began to further strengthen its grip on the Track and Field section of the Games by using Black athletes. As the Nazis fully appreciated, the genetic nature of the Negro race gives Blacks inherent advantages in sprinting and jumping. (In basketball, Blacks refer to the inability of Whites to jump high as "White man's disease.") Yet, despite the traditional dominance of America and the further advantage of using Black athletes, Hitler believed that Germany could win the XIth Olympiad and promised victory to his people.

This announcement stunned the German Olympic Committee which did not think that the United States could be dethroned, particularly after America's spectacular performance in the 1932 Los Angeles Games. German teams had always performed poorly in the Olympic Games. The 1932 effort was especially disappointing for Germany because so much effort was expended in preparing for it. But Hitler believed that new methods of organization, selection and training and the raw emotional power of National Socialism would propel the German

team to victory. And that is exactly what happened.

### RACIAL THEORIES BUTTRESSED

The National Socialists never denied that Blacks could run faster and jump higher than Whites, in fact these obvious racial differences only supported their racial theory which said that each race has different capacities. They believed the Aryan race (people of European descent) superior in creative intellect and organizational ability, and that they could convert this superiority into sports victories, despite racial disadvantages in certain events.

National Socialist energy, imagination and organization was responsible for the economic miracle that pulled Germany out of the Great Depression. Even by 1936 Germany was the only country in the West to have achieved this feat. Knowing that the German people fully supported the National Socialist regime, Propaganda Minister Josef Goebbels decided to allow foreign correspondents who came for the Olympics to travel freely around the country without escorts so they could draw their own conclusions as to the popularity of the government. Even the blatantly anti-Nazi reporters had to admit in their articles that the social and economic achievements of National Socialism were impressive and that

# Creator Church and NDF Clash Pens

In 1973 Ben Klassen founded the Church of the Creator which is devoted to promoting the interests of the White Race as he sees them. While Klassen denies he is an atheist, he preaches there is no God or "spook in the sky" to use his term.

The Church of the Creator is vehemently anti-Christian and claims that Christianity has great power in the world even while it recognizes that nobody lives by basic Christian tenets. So the Church of the Creator spends the bulk of its resources and energy attacking Christians, Christianity and those racials who will not bother to attack Christianity because they see it as irrelevant to the racist struggle.

Klassen believes Christianity originated in a Jewish conspiracy designed to undermine and overthrow the Roman Empire. He blames the Jews, and their Christian puppets, for all the travails of the White Race even though both groups were present in Europe during the period Europeans rose to create the greatest civilization in the history of man. Clearly, the power of the Jews and Christians was not great enough to much retard our ascent from the time of the Renaissance to the 20th century.

In fact, the White Race as a whole has only been in decline since the end of the Second World War. Prior to that White nations rose and fell just as Greek city-states once rose and fell (long before the Diaspora brought the Jews into Europe in great numbers.) Spain rose to be the greatest land and seapower in Europe in the 15th century, despite the presence of large numbers of Jews in the country. In 1492 Spain expelled its Jews for being parasites, but it was nevertheless unable to maintain its greatness for more than a hundred years, and by the beginning of the 17th century it was a second rate power.

Jews play supplemental roles in the decline of nations, they do not play primary roles. The size and power of a Jewish community is determined by the health of the

host off which it feeds. A healthy, united people automatically rejects the fraud, deceit and dissembling of the Jews. But a society riven by factionalism and class warfare is open to the full range of their manipulative skills. The Jews take to corrupt social orders like ducks to water. And by this measure, the United States is indeed a very sick country.

## RELIGIOUS FLEXIBILITY

The Christian Churches are ferocious in killing off their enemies when they have political and military power, but they lost this power to the governments of the rising European nations long, long ago. When they are without political and military power they are quite pliant. Napoleon told the Pope that he would turn France into a Protestant state unless the Pope agreed to give him the power to select France's cardinals, bishops and priests. The Pope consented to this new arrangement even though it essentially abrogated his authority over the Church in France. Stalin once dismissed the real power of Christianity by asking, "How many divisions does the Pope have?" In the Soviet Union, the Christian Churches preach that communism is good. In the United States, the Christian Churches preach that capitalism is good. After the Revolution, the Christian Churches will support Democratic Nationalism. Such is the nature of established religion.

## THRUST AND PARRY

In Issue No.41 of *Racial Loyalty*, the newspaper of the Church of the Creator, Ben Klassen attacks virtually every other organization in the racist movement in an article entitled "This Planet is All Ours". He gave us the opportunity to reply to the part of the article directed at the NDF and he publish-

## Olympics

From Page 1

Hitler was revered by the German people. The outstanding facilities, efficient organization, courteous service, and solemn ceremony of the Berlin Games further magnified the impression of National Socialist competence. And the stunning performance of the German Team in the Games sealed the propaganda victory for Goebbels. The German film of the Xth Olympiad, entitled *Olympia*, produced by Leni Riefenstahl, won awards even in anti-Nazi France the following year.

Despite the performance of Jesse Owens, who won four gold medals, the German team completely outclassed the U.S. team setting many new world records. The final tally was Germany: 33 gold, 26 silver, 30 bronze, and the U.S.: 24 gold, 20 silver, 12 bronze. The anti-Nazi press immediately put out the lie that Hitler had snubbed Owens. Initially Owens refused to go along with the liars, often explaining that Hitler had treated him quite cordially, but eventually he caved in and began to spout the Jewish line.

The embarrassment of America was so complete that the U.S. Olympic Committee demanded that points no longer be scored by country arguing that the Games should be a measure of individual, rather than national, achievement. When the Games resumed after the war points were no longer kept, but newspapers continued to list medals by country. East Germany understood the import of this practice and fully remembered the lessons of the Xth Olympiad. GG

Dear P.M. Klassen:

Thank you for the opportunity to reply to the article in this issue of **Racial Loyalty** entitled "This Planet is All Ours" as it relates to the National Democratic Front.

The problem with the article is that it sets up straw men which it then easily knocks down, but which have little to do with our ideas. Even a cursory reading of our program makes it clear that we are proposing **completely independent** nations for the various races in America, not an umbrella super-government that rules over various ethnic areas as in Burma or autonomous soviet republics as in the USSR. The relevant part of the program states:

**Under a National Democratic government each race will be granted its own completely independent nation on the soil of America, as every people should have the power of self-determination. Each such state will receive an amount of land in proportion to the size of its population. Further, those who preach multiracialism will be given a multiracial state to live in.**

The Planet Issue

August 1988

**WHOSE PLANET...**

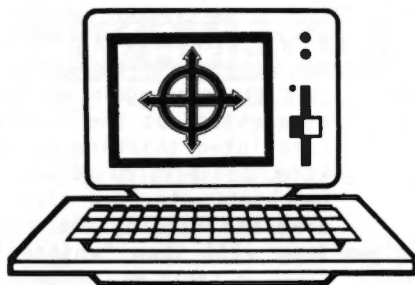

**OURS or THEIRS?**

We envision not thousands of nations on the soil of America but only seven - one small multiracial country on the east coast and one on the west coast, a tiny country for the Orientals and a tiny country for the American Indians, a Black country, an Hispanic country and a large White nation which will encompass between 70% and 80% of the land mass of the present United States depending on how many Whites

choose to live in the multiracial states. We believe that once given a real choice, the vast majority of the White population will choose to live in the White nation.

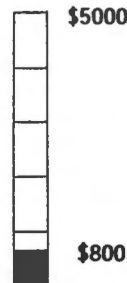

Why do we propose this political solution? Because the alternative is a bloody civil war in which the soldiers on our side will be all White, and the soldiers on the other side will be mostly White. We will be fighting the present plutocratic government which is dominated by White capitalists and Jews, and it will draft young Whites to save it. And unfortunately, as always, most of the young Whites who are drafted will serve the plutocracy believing that they are fighting for "freedom", "democracy" (a Greek word - not a Jewish invention), and the "American Way".

In order to avoid an internal conflict in which millions of Whites are once again killing millions of other Whites for the benefit of the White ruling class and its Jewish allies, we must propose a viable political solution that the vast majority of White Americans will see as fair and just. Only by propounding such a program can we hope to come to power bloodlessly as in the fashion of past nationalist leaders such as Mussolini and Hitler. If, however, we do have to

take power through warfare as did Lenin and Mao, then it is "winner take all", and the other races will end up with whatever we decide to give them at the end of the struggle.

The second straw man that you attack is old nationalism or what we call petty nationalism. In fact, we are White nationalists whose ultimate object is to unite the entire White Race under one government in a great nation. But the NDF is a political movement that must operate in the real world in a step by step process gaining intermediate objectives in order to accomplish our final goals. Just as Bismarck championed Prussian patriotism in order to unite Germany, so too must we build American nationalism to achieve worldwide White unity. We appreciate the efforts of the various religions - Creativity, Cosmotheism, Dualism, Identity Christianity, and New Order Hitlerism - that are now building a worldwide racial consciousness as this state of mind in our people is a prerequisite to the establishment of a worldwide White nation, but we recognize that none of these religions has a practical political program to attain victory in America, let alone the world.

We do not advocate occupation of the entire planet, as does the Church of the Creator, because this necessarily entails the genocide of the 4.5 billion non-White people who now populate it. We are satisfied with the huge territories we now control - Europe, most of North America, most of Soviet Asia, Australia, Argentina, and South Africa. Under Democratic Nationalism the energy of our race will be directed into exploring and dominating the universe, rather than in exterminating other races. Our organization, science, industry and nationalism will make us secure from attack. The other races will assault each other as there will be no easy White target once we are united into one great nation.

Finally, I agree that the time has come to unite under one organization, and so I invite the P.M. to join the National Democratic Front and throw his great financial resources behind the only political party in America that has both a complete philosophy of life - Democratic Nationalism - and a practical program to establish a new social and political order in America and the world.

Sincerely,  
Gary Gallo, Director  
National Democratic Front

### CREATOR'S REBUTTAL

Dear Gary,

1. When we protest against slicing the White Man's precious living space into bits and pieces and "giving" it gratis and voluntarily to a polyglot collection of mud races, we are hardly engaged in a "straw man" issue.

2. The Burma mess is not at all different from what you propose to inflict on the United States, except that it is already in a more advanced stage. Each of those thirty or so minorities, want to be "completely independent" nations cut loose from the Burma government, and have been struggling to do so for 40 years. Actually, their case should be much easier, since, unlike the United States, their minorities are already territorially separated.

3. Your unrealistic plan would call for the forceful uprooting and movement of probably as many as 150 million Americans in the style of moving the Cherokees and other Indian tribes during the nineteenth and previous centuries, in their "trail of tears". This, however, would now also involve forcefully moving probably as many as 100 million White people. Do you believe in your wildest dreams that this vast operation would be voluntary and bloodless? If, for instance in your magnanimous generosity you gave Arizona to the Mexi-

cans, would the White homeowners in the city of Phoenix (which is still predominantly White) voluntarily give up their businesses and beautiful homes to the Mexicans and be shunted elsewhere? I think not.

4. Since we have shown that a polyglot United States has hundreds, if not thousands, of ethnic, racial, religious, linguistic and ideological mixtures scattered all over its wide domain, I challenge you to specifically name the seven categories into which you would arbitrarily and capriciously lump these hundreds, or thousands of mixtures. Secondly, draw a territorial map revealing your intentions as to just where each of the arbitrary seven would be herded. I can't wait.

5. Your argument that your plan would be "voluntary" and "bloodless" and our plan of expanding the White Race is one of genocide, I believe has the situation completely backwards. To uproot and move tens of millions of White Americans would cause a more bloody conflict between White and White than the suicidal Civil War ever evoked. It would certainly not unify the White Race, nor win any popular White support from the outset, a prerequisite before you could wrest governmental control from the Jewish establishment. On the contrary, the whole idea is so ghastly, so crazy, it is stillborn at its very inception.

6. We Creators do not propose a "war of extermination" against the mud races of the world. We have said time and again we must first straighten out the confused and convoluted thinking of the White Race, unite it to pursue its own best interests, and stop subsidizing and feeding the mud races. They will then "whither on the vine" of their own incompetence to sustain themselves, as they did before "our" Jewish government undertook to rob the White Man of his productivity and substance in order to feed and expand the non-achieving mud hordes of the world.

7. NDF does not address the crucial issue of Jewish Christianity - the most pervasive suicidal mind scrambler of all time.

8. Since you advocate pursuing the "truth", as you say in your

See Page 5

masthead every month, why don't you stop being a hypocrite and publicly state whether or not you believe Christianity to be a lying hoax, as you do in private?

9. The word "democracy" may have been coined by the Greeks, but nevertheless it is the Jews who have treacherously manipulated it into their "divide and conquer" technique (along with Christianity and Communism) as a tool with which to mongrelize the White Race.

10. The vast majority of the White population would undoubtedly prefer to live in a White nation, and we plan to make this possible, but they would definitely and overwhelmingly refuse to give up their homes and businesses where they now live and turn them over to the mud races, which they would have to do under the NDF program.

11. Creativity is not at all separate from political action as you falsely seem to imply. We are strongly political and are determined to take over our government and control our own destiny. Only by properly orienting and uniting the White Race can this ever be done. The fact is, we cover the whole comprehensive spectrum - race, religion, politics, culture, education, language, environment,

eugenics, individual health (Salubrious Living), economics, geopolitics, and much more: Read our Basic Books.

12. Instead of wasting our dwindling resources joining a "front", usually used as a concealment for its real motives, or substitute for a meaningless muddle, I would suggest that it would be much more constructive and productive if all men of your native talents were to forget their own hubris and instead join in the comprehensive, creative, profound and meaningful program of the Church of the Creator.

For a Whiter and Brighter World,  
Creatively yours,

#### FROM THE MINISTRY OF LOVE

Obviously, we could discuss the further distortions and fallacies laid out in Klassen's rebuttal, but we would much prefer to get your comments on what has been written here. We know that many of you have read at least one of

Klassen's books. We find his "Basic Books" to be vitriolic, repetitive and filled with pseudo-history. They exude hatred rather than love for one's own kind. On many points they are surprisingly superficial, e.g. he defines socialism as organized activity in order to avoid the social justice issue.

As his rebuttal indicates, his malevolent spirit pervades all of his writing. Nor can he differentiate between his personal opinions and political doctrine - for him they are one and the same, and there is no room for any other personal opinion. He is enamored of capitalism and expects that the rich will save our race. He does not see poor Whites as victims of a rigged game, but as "shiftless, lazy scum." He promotes a style of eating and living called "Salubrious Living", but does not follow it himself claiming that he is too old to change his habits. This sort of hypocrisy is characteristic of capitalist leaders - it's do as I say not as I do. Nationalist leaders, on the other hand, seek to be at one with their people, so they lead by example. We see Ben Klassen's Church of the Creator as part of the "Dark side of the Force." What do you think? GG

## NEW AMERICA - The Radical Voice of American Nationalism

New America is the ideological and historical journal of the National Democratic Front. It exposes the half-truths, historical lies and hypocrisies upon which the present plutocratic System is based, and it reveals and explains the eternal principles of nationalism that guide the NDF. Our wisdom is drawn from an historical analysis that follows truth wherever it may lead. History is the foundation of political wisdom and is the training ground of the true political leader. That is why we lead **New America** No.3 with the editorial entitled "Masters of History" and follow with these articles:

# SHORT BURSTS

## Population Explosion Predicted

This graph represents the United Nations estimate of the earth's population growth. The UN puts out three separate estimates - the lowest possible figure, the highest possible figure, and a medium projection. At present the earth's population growth would take it into the high projection. If birth-rates remain constant the earth will contain **80 billion people** by the year 2100 and **150 billion people** by the year 2125. Since the White race is not growing, virtually all of the new additions will be colored.

## Americans Tune Out DNC

Despite the media's gushing over Jesse Jackson and Michael Dukakis, the three TV networks attracted less than 18.5 million Americans per night to tune into coverage of the Democratic National Convention. This represents a fall off of 8% from even the last DNC in 1984 - more evidence of the sense of hopelessness that the people feel in regard to the political process.

## Bad Moon Rising?

In an omen of things to come, an article entitled "Combating Racial Violence: A Legislative Proposal" in the Apr88 **Harvard Law Review** proposes that "crimes of interracial violence in which the perpetrator is white and the victim non-white should be punished more severely than similar intraracial crimes, regardless of racial animus." The burden of proof would be on the White to prove that he is not a racist.

In another legal development, the House has passed enabling legislation for the Genocide Treaty. Now the Senate must act. Some believe such laws will hurt our Movement, but we think otherwise. Despite the inconvenience that these laws will cause us, they will succeed in stripping Whites of the illusion that America is free and just.

16th. We have placed the critical words in boldface:

KINGSTON, N.Y. July 14 - The body of a young black woman found beaten and strangled behind a hospital had the letters **KKK** scratched into her torso by her killers in **what investigators said today was a racially motivated attack.**

KINGSTON, N.Y. - The Rev. Al Sharpton and lawyer C. Vernon Mason charged yesterday that an upstate police department is a "Klan den" and said they will personally investigate the killing of a young black woman found with "KKK" carved into her body.... **The Kingston Police Department and the victim's father said they believed the death of Anna Kithcart, 19, may have been drug connected and not racially motivated.**

Now folks, if the police and the father say it was not racially motivated, then what "investigators" said it was racially motivated on the previous day? And if, in fact, no investigator said that it was a racially motivated incident, then why has the **Post** not printed a correction, at the very least, in this highly charged matter?

White Pride - World Wide  
John McFarlane

Dear Sir:

I found the article "Black Muslims Attack Drug Markets" in issue 30 of **The Nationalist** a bit off the mark. Certainly the efforts of the Nation of Islam to help clean up the ghettos in which their people live are commendable. The Muslim program in New York City (not mentioned in your article) has proven even more effective than the one in Washington D.C. But the end result is sadly the same - a few Negroes standing around in bow-ties are not going to have any noticeable impact on the drug problem in the long run.

The drug problem is fundamentally part of the wasting spiritual cancer which has eaten away at all of the various racial communities in the U.S.: White, Black, Jewish, Mexican, Puerto Rican, American Indian and even (to a lesser degree) Asian. The drug problem is part of the disease, it is not its cause. Any project that helps build the illusion that the drug plague can be cured within the context of the present System is also part of the problem.

What is needed is not a reform of the present order, but rather its absolute and total destruction. The answer to the drug epidemic is White revolution. Anything less is at best a half-measure doomed to

failure, and at worst a dangerous illusion which fools people into thinking that something is being done to solve the problem although the reality is that the situation is steadily worsening. I'm afraid that the Muslim program is just such a half-measure: enough to soothe some troubled consciences, but too little to make any real difference.

Only a White revolutionary government can obliterate this menace which is destroying countless members of our racial community, and especially our youth. I envision a two-pronged attack on the drug epidemic. The first is to interdict the drug suppliers at their source, whether this is domestic or foreign. This means a complete dismantling of the organized crime cartels - something which the U.S. government has never shown any real interest or determination in doing. In the case of overseas drug suppliers, a simple ultimatum to the governments of the countries in question should suffice: Either you stop the drugs from entering North America from your country, or we will stop them for you. If it requires military force to destroy the power of the drug suppliers of South America and Asia, so be it. We are morally justified in taking whatever actions are required to halt this lethal menace. The health and well-being of our racial kinsmen take priority over any supposed rights of the drug profiteers and

the corrupt regimes that shield them.

But the drug problem cannot truly be considered as being broken as long as there are substantial numbers of people who desire to take drugs in the first place. Most people take drugs not because they want to become addicted or because they seek all of the attendant horrors with being strung out, but because they find drugs to be a convenient and effective way to escape from the intolerable emptiness of their lives. The second prong of a revolutionary offensive against the drug plague consists of imbuing our people - especially our young people - with a sense of purpose and destiny, by making them realize that in dedicating themselves to the service of their race, their lives take on a meaning and importance that transcends the nihilistic contemporary ethos of "The One with the Most Toys When He Dies Wins."

These two undertakings - uprooting the drug trade at its source and overcoming the spiritual contamination which causes people to take drugs in the first place - are never going to be performed under the present System, no matter how much it is "improved" or "reformed."

## In the Shadows of the Towers of Babel

BY THOMAS PANVINI

New York, New York - the name alone conjours up images of great and powerful edifices, concrete monuments to the progress of an advanced civilization. But far below the monolithic skyscrapers lies the decaying reality of the social experiment we call the "melting pot". The streets are the asphalt jungle where the races of the world fight for survival and dominance. There amongst the garbage and despair exists the real city of New York - a cauldron of perversity, violence and corruption.

When I was growing up in New York, I thought the "melting pot" to mean the blending of European cultures into one nation. But the grim reality of the "melting pot" today is the blending of the races into a culture of lost identity.

### OUR WORST FEARS

New York City has become the White Man's worst fears realized. One by one White neighborhoods throughout the city have been decimated into Black and multiracial slums, defaced by graffiti and plagued by crime, pestilence and disease. Thousands of homeless people sleep on the streets. Hundreds of thousands of criminals prey on the innocent. It is estimated that there are two hundred thousand intravenous drug users in the city, and as many as 60% of them have kids. One out of every sixty-three babies are born with AIDS. The city's answer to this problem is distribution of free hypodermic needles and condoms.

Nine out of ten times when crime occurs involving Blacks and Whites, the assailant is Black and the victim is White. Mayor Koch's response is to send Black decoy cops into the few existing White neighborhoods to prevent Whites from defending themselves and their property. White children are reluctant to attend the predominantly colored public schools for fear of being

assaulted, robbed or raped. Koch could care less.

The media was quick to draw attention to the Howard Beach incident, in which a group of brave White teenagers chased one armed, illegal alien, one drug dealer wanted for murder, and one armed, convicted robber out of their neighborhood. But the press did little to publicize a savage attack on a White man in which nearly a dozen Blacks broke every bone in his face and literally ripped his eyeball out while chanting "Howard Beach, Howard Beach!"

### THE DRUMBEAT OF DECADENCE

More and more Whites are falling victim to the social and economic decay. Broken family life, drug and alcohol addiction, and crime and violence are spreading rapidly through the White community. I personally know no family in New York City free from the aforementioned social infirmities which are symptomatic of moral and cultural dissolution. Fathers are abandoning their children and refusing to support them. Mothers are more concerned with their careers and "rights" than in nurturing their young. Children are lost to the subcultures of their peers, who emulate the self-interest of their parents even while rejecting adult life-styles. This social degeneration, as well as homosexuality and perversity, are promoted by the Jewish-controlled media as the fruits of "freedom".

The once great city of New York has become a hollow giant bent on indulgence and self-destruction, and it is what all America will become unless the White Race wakes up before it is too late. The American dream is a nightmare! We can no longer afford to remain complacent - the White nationalism of the National Democratic Front is the only answer for America. TP
