What No One Will Say in the Gun Control Debate

The gun control debate is not about guns, or drugs, or crime. It is about revolution. By the end of this article you will understand why.

PISTOL STRATEGY FAILS

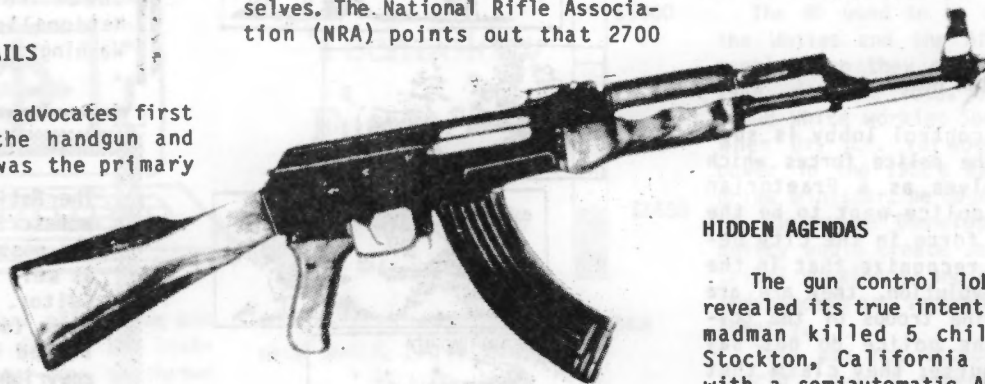

The gun control advocates first tried to attack the handgun and claimed that it was the primary

source of criminal violence and a major cause of accidental death in the society. They wanted to get their foot in the door in order to eventually achieve the banning of all guns, and they thought the handgun was easiest target. But resistance turned out to be stiff because so many ordinary citizens use handguns to protect themselves from the criminals who now virtual-

ly control the streets, particularly in the cities. The citizenry knows that the police are corrupt and inept and cannot or will not protect them, so they arm themselves. The National Rifle Association (NRA) points out that 2700

Americans must use their arms each day to protect themselves from criminal assault, which gives one an idea of just how crime-ridden the country is. The people also know that the drug traffic, which is the cause of so much crime, cannot exist without massive corruption on the part of lawyers, judges, politicians and cops. So

Americans mistrust the entire system, not just the police, and they are reluctant to allow such a government to regulate what they see as their right to bear arms.

HIDDEN AGENDAS

The gun control lobby finally revealed its true intentions when a madman killed 5 children in a Stockton, California schoolyard with a semiautomatic AK47 assault rifle. It took advantage of the publicity to launch a campaign against semiautomatic weapons. Since most hunting rifles are now semiautomatic, the object of the campaign is clear. President Bush, a lifetime member of the National Rifle Association, gave impetus to the campaign by giving his support

See Page 2

Gun Control

From Page 1

to banning the importation of semi-automatic assault rifles.

The gun control advocates claim that guns cause crime. The NRA responds by saying that people, not guns, cause crime. Clearly, the NRA is correct in this. Switzerland, for example, has universal military service. Every 18 year-old Swiss, be he Italian, French or German, is trained in the use of fully automatic assault rifles. At the end of his training he is sent home with that automatic assault rifle and ammunition. Each youth keeps his rifle ready for action, in the event that Switzerland is invaded and he is called up. Yet, there is virtually no violent crime in Switzerland, not in the German canton, not in the French canton, and not in the Italian canton. Obviously, assault rifles do not cause crime. Degenerate culture is the source of violent crime.

But the gun control advocates do not want to attack present American culture. In fact, they are delighted with it. They support its self-interest ethic, its multiracialism, its hedonism, and its pluralism. And they want to make certain that no one has the power to change that culture. They fear their own people and the revolution the people will make.

THE PRAETORIAN GUARD

The gun control lobby is supported by the police forces which see themselves as a Praetorian Guard. The police want to be the only armed force in the city because they recognize that in the event of revolution, they are the first-line troops of the government. The police do not say this, of course; they claim that they just want to prevent high-powered weapons from getting into the hands of those evil drug-dealers. This is a cynical and self-serving argument. Does anyone really believe that a police force that cannot stop tons of drugs from entering the country every day can stop tons of automatic weapons from being smuggled into America?

In the days of Al Capone, every organized crime gang equipped its soldiers with fully automatic Thompson machine-guns (the "Tommy-gun") despite the fact that they were illegal. If gun control takes effect only three organizations will be armed: the police, the army and the criminal gangs. And this is the real agenda of the gun control advocates. They do not fear the organized criminals because they are not a revolutionary force. The criminals are a part of the System; they support its decadence and also do not want to see it fundamentally altered. The police and the army will, of course, fight for the System against the people because it is the government that pays them. The gun control lobby fears revolution and wants the people disarmed, and it is willing to accept the risks inherent in the process. The primary risk is that the new Praetorians will become as politically meddlesome as the old, but this is preferable to a showdown with the White masses.

The NRA is equally disingenous in its arguments against gun control. No, the people really do not need assault rifles or semiautomatic weapons for hunting, or target shooting, or to protect themselves from burglars and muggers. This is an absurd argument which is why the NRA is now losing ground so rapidly. But the NRA feels that it cannot say the truth which is that its supporters want the power to protect themselves from the coming chaos and the power to fight a tyrannical government. **They want the right to revolt.** Now the unspeakable has been said. Let's hope it leads to a more honest debate.

The National Democratic Front supports the right to violent revolution, just as our forefathers did, and furthermore it trusts the White people of America. The NDF knows that White Americans will make violent revolution to save their race and nation only when there is no other alternative. **66**

An Afrikaner View of South Africa

Ed.- The following letter was sent from an AMB youth to an NDF youth. The Afrikaner Resistance Movement (AMB) is the most powerful White Nationalist social and political movement in South Africa. Though it does not run candidates under its own name, the AMB cooperates with the Conservative Party in elections. The following letter presents a view of South Africa that is never heard in the System media.

"Geagte Kamerad," (Honored Comrade,)

Greetings in the name of our Messiah and Almighty God! May the peace and strength of our Lord be with you.

I apologise for not writing sooner, but I have been very busy with my final Matric examinations and our Great Trek celebrations. Thank you for your letter. It is much appreciated. I will enjoy further correspondence.

I will begin by answering some of the statements you made in your letter, then continue to give you further insight on South Africa. I

would also like to inform you of some of my people's history and our celebrations of this year.

You wrote that "innocent Blacks are being oppressed by rich Whites who control the government" (or so your Jew-media says):

Africa is a land like no other: as a White nation descended from Europe, my people, the Boer volk, have learnt the moods and rythms of Africa in order to survive. Even though S.A. is today a highly developed country, the ancient "laws" of Africa still apply.

Africa is a land of extremes, there is no place for moderates, they are swept aside by the blood-baths of this continent. In Africa survival means power - "survival of the fittest"; if you do not keep your position by power you will be overrun.

Our present National Party government is thinking as Europeans or others do: through power-sharing and democracy peace will be achieved. **DEMOCRACY DOES NOT WORK IN AFRICA!** Democracy must be changed to suit Africa - thus Apartheid.

In 1983, the NP government introduced a tri-chamberal parlia-

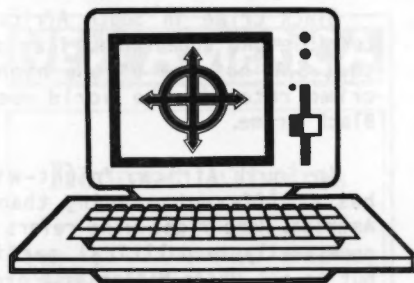

Eugene Terreblanche, leader of the Afrikaner Resistance Movement.

ment, which consists of one house for Whites, one for Coloreds and one for Indians. For five years South African Whites have been ruled by non-Whites!

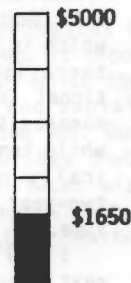

No legislation can be passed by the Whites without permission from the non-White houses. The State President can, however, veto laws passed in the non-White houses. South African Whites have only one-third of the power!

"Whites" control the government, but it is only a coincidence that our present rulers are White; they think more like Jews and Blacks! Thus Whites do not control our government, rather a group of liberals control.

We want to thank all of you who have donated thus far to the Technology Fund. We have now purchased an IBM-compatible 40 megabyte hard-disc computer. Another supporter has donated desk-top publishing software. But we still need a laser printer, preferably an HP Postscript or compatible. Once we have this laser printer we can begin desk-top publishing everything we put out. So keep those contributions coming in.

The NP used to be champions of the Whites and the Afrikaner/Boer people when they came to power in 1948 with the votes of patriotic, proud White working South Africans. When Dr. H.F. Verwoerd came to power in the 1950's as the new NP prime minister, he began the policy of "Separate Development." This policy would create separate Black tribal homelands, and eventually an independent and separate pure White country.

This was not acceptable to the "world" (Jews & liberals who control economies & enforce racial integration), and Verwoerd was assassinated in 1962. He was replaced by a liberal who was disguised by his previous pro-White activities. Thus South African Whites were unaware of the liberal cancer which had infected the NP, and the lib-

erals could gain a stranglehold on the minds of the Whites.

Today we have an even more liberal P.W. Botha as President. This new (changed) NP has total control of the media and education in this country. Whites are brainwashed into thinking the NP are still working for the Whites, while they are selling us out to the Communists. NP rulers do not have cause to worry because when a savage Black communist government comes over us, they can easily flee overseas to live in luxury from the wealth they have accumulated from our taxes. The average White South African has no hope of fleeing overseas, and we will not because we love our country and want to stay here.

There are good and bad dictators. P.W. Botha is a bad one because he rules by force and deception. He brainwashes voters and savagely attacks all opposition. But the NP is only holding onto power with a small majority, and White Nationalists are set to win soon.

"Apartheid" does not really exist in South Africa anymore. The only "Apartheid" (separateness) laws which still exist are:

1. Separate Residential Areas

But parts of many cities and entire towns have already been declared multiracial - without any say from the voters.

2. Separate Schools and Hospitals

Everything else has been opened for all races, and many schools and hospitals have already been opened to all races.

3. Black Parliament

Blacks are not represented in Parliament as yet, but are represented on all other levels, and the NP government has recently stated that a Black house and combined council are being created!

Blacks are now the center of South African life. They are pampered and raised up, and are often taken in preference to Whites. Blacks receive subsidized housing, free education, free medical treatment, subsidized transport, and many other benefits above Whites. Blacks pay almost no tax, do not have to do military service, and if

A section of the Aquila, the large security detachment of the AWB.

they are unemployed or poor they receive over-sufficient government help.

But there are 250,000 Whites who must suffer unemployment and dire poverty with no help from the government. The AWB's feeding program supports thousands of these poor White families on the Witwatersrand, Pretoria and throughout the country. It is amazing how out of touch the NP government is with Whites.

I could only laugh when you wrote that your media tells you that White youths are refusing to do military service. The organization which discourages young Whites from their patriotic duty is the ECC (End Conscription Campaign) which is under the influence of the terrorist, communist African National Congress (ANC). It has only managed to influence 200 young men, while tens of thousands enthusiastically enroll each year for our two-year compulsory military service.

I will be going to university next year, but after my studies I will also be proud to do my service (if the country is not in full-scale revolution by that time.) The AWB actively opposes the ECC.

In reference to Desmond Tutu, it is a known tactic of Communism to gain a hold on people through the distortion of religion. Racial integration is against the Bible and is a terrible crime before God. The Bible forbids the people of Israel to intermarry with other races, and the wonderful truth that our peop-

les are yet to discover is that we are the real descendants of Israel and that we are the chosen people of God, who are forbidden to intermarry and must be wholly separate!

Fortunately, I am living in a rural area of South Africa. The "Far North" would be the South African equivalent of your "Deep South" because we are the most conservative and nationalist area of the country. It is also known as the AWB heartland.

In our cities our youth are also increasingly being drawn into the web of immorality and drug abuse. Although not as "advanced" as in your country, it is becoming an alarming and terrible problem.

Black crime in South Africa is terrible and unbearable. I am sure that S.A. has one of the highest crime rates in the world due to Black crime.

In South Africa, "right-wing" has a different meaning than in America. Here right-wing refers not necessarily to political parties, but to all White Nationalist organizations who are fighting for White segregation.

As regards the size of the AWB, the Conservative Party - party political ally of the AWB - in recent elections gained almost 40% of the vote. This is a good indication of the strength of the AWB. Exact numbers of supporters of the AWB are kept secret for security reasons. A newspaper recently said that there are about 150,000 card-carrying members of the AWB.

Some Boer volk (people/nation) history:

In 1652 Jan van Riebeeck, by order of the Dutch monarch, sailed to the Cape of Good Hope to start a refreshment station for ships of the Dutch East India Company. He soon built a castle and started vegetable gardens, vineyards, etc. The population began to grow steadily with Dutch settlers. The family founder on my mother's side, Jan Steenkamp, arrived at the Cape about 1680 from Neuwen, Holland. In the early 1700's the French Huguenots fled from France to the Cape to escape religious persecution. The family founder on my father's side, Jan Labuschagne, arrived then and settled in Franschoek.

Toward the end of the 1700's, the English invaded the Cape and took control of the Batavian Republic as the Cape was then known. In the 1820's, the British government ordered the freedom of slaves, and Blacks and Coloreds were given privileges and representation (much as is happening now.) The Dutch, French, and German communities had by then been bound together in the Boer nation. These new liberal and anti-Biblical laws were too much for them, and they decided to move - trek - into the interior.

Many of them were wealthy land-owners, aristocrats and royalty from Europe; they gave up everything for their freedom and religion. They packed their most necessary belongings into their humble little ox-wagons and trekked into the dark and dangerous interior of Africa.

After much hardship and strife, they reached Natal where they decided to settle. Natal, however, was also the area of the Zulus, the savage and warlike tribe of Blacks. Piet Retief, a trek leader, went to make an agreement with Dingaan, the Zulu king, in order to settle in Natal. The treacherous Dingaan ordered the murder of Retief and his party when they agreed to enter his royal-kraal unarmed. Eighty men were murdered. (Our people have had much experience with the tyranny and treacherousness of the Black man.)

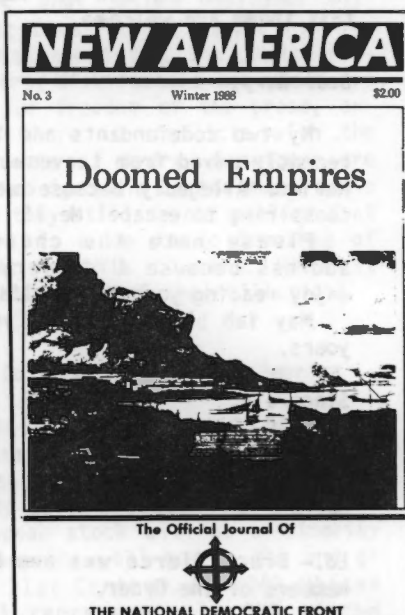

The Zulus then went on the rampage and killed many Boer trekkers in their small, isolated laagers. In revenge, a Commando was called up to punish the Zulus. Next to the White Umfolozi River, they formed a laager with 54 wagons. For seven days they prayed, asking God for mercy and victory, promising to build a temple to His honor and proclaim a Holy Sabbath in honor

of his help in the coming battle, thus making a Covenant with God. This wonderful covenant made in 1838 is still commemorated every year on the 16th of December - the day on which the battle was fought. A "temple", the Voortrekker Monument, was built in 1938. This year [1988], 150 years later, we celebrate the Great Trek again, as is done every 50 years.

The Zulus usually attacked at night, but on that night the Hand of God protected the Boer Voortrekkers, because the Zulus saw "white ghosts above the laager." The singing of Psalms by the Boers the previous day had also frightened them. At daybreak, 30,000 Zulus attacked the 465 Boers. After an entire day's battle, 10,000 Zulus had been killed, while only 2 Boers were wounded, none were killed. Throughout the entire battle, with thundering muskets and screaming savages, legend has it that the entire population of 1200 cattle and horses stood in the laager in perfect silence "as if the Hand of God were in the mouths and nostrils of every beast." The river ran red with blood, and so it was renamed Blood River, thus the battle of Blood River.

NEW AMERICA - The Radical Voice of American Nationalism

New America is the ideological and historical journal of the National Democratic Front. It exposes the half-truths, historical lies and hypocrisies upon which the present plutocratic System is based, and it reveals and explains the eternal principles of nationalism that guide the NDF. Our wisdom is drawn from an historical analysis that follows truth wherever it may lead. History is the foundation of political wisdom and is the training ground of the true political leader. That is why we lead **New America** No.3 with the editorial entitled "Masters of History" and follow with these articles:

- On Nationalism Part III: Dynamic Order - Outlines the form of government America will have when the NDF comes to power.
- A Tale of Doomed Empires - Draws lessons from the Spanish conquest of Mexico and Peru.
- The Forgotten White Slaves - How Whites were brought to America in chains to provide cheap labor for the rich.

Soon the British annexed Natal. The Boer Voortrekkers refused to live under "un-Godly" British rule, and they trekked into the Transvaal and Orange Free State. By 1850 these two Boer republics were established along with other smaller republics.

When diamonds and gold were discovered, the greedy and imperialistic British saw economic potential and they invaded the Boer republics. This resulted in the first Anglo-Boer War of 1881, which the Boers won. Then war broke out again in 1900 resulting in the second Boer war or Three Years War. (Read *The Three Years War* by General Christian De Wet.)

After three years of guerilla warfare, the Boer people were humiliated at the Peace of Vereeniging in 1903. The party political British system was now placed on the Boer/Afrikaner people. Seven thousand burghers (men fighting on Commando) died while twenty-six thousand women and children (20,000 children) died terrible deaths in British concentration camps. Thus out of a nation of 150,000, 35,000 died - almost 20%!

In 1914 a rebellion occurred when the Afrikaners refused to fight for Britain in WWI. It was unsuccessful and many were imprisoned.

In 1938, with the 100th celebration of the Great Trek, Afrikaner nationalism was reborn, (as we hope will happen with us this year) and the then good NP grew steadily. At the outbreak of WWII, Afrikaners once again refused to support Bri-

tain and pro-German organizations such as the Ossewa Brandwag (inspiration of the AWB) were established. In 1948 the NP came to power. This was a great victory for Afrikaners.

In 1961, S.A. became a republic, but not a **Boer-Christian** republic ruled by the non-party political traditional Boer system of government, for which we are still working today. The aims of the AWB are to establish a separate White Christian republic, ruled by the non-party political Boer system of government. We are preparing for revolution because if the NP re-

mains in power, we will eventually have a Communist revolution. And if the Conservative Party comes to power, there will be revolution the very next day. Then the AWB will make counter-revolution and will take power by force - the only way possible in Africa.

I hope I have given you a good insight into what is happening here in South Africa....

Because of the government's monopoly of the media there is a total unofficial media ban on the AWB. This year the AWB has only

Comrades,

Enclosed please find a long overdue contribution to the NDF. Through my months of receiving *The Nationalist*, I've come to see that the NDF is the most comprehensive and revolutionary force amongst the racial nationalist organizations. I salute you for your efforts. My own personal orientation is towards the quest to develop a new spiritual force for our people. We simply must respect the laws of nature or we shall perish. The earliest spiritual writings of Aryan man understood this point and it was developed into the caste system of ancient India. Our task now is to reorient ourselves to nature, to realize that man's role is not to overcome nature, rather he must realize his essential unity with the natural world. This is, I believe, our divine purpose.

Once again keep up the good work!

Towards the New Order,
Russ Condon
California

Ed.- There will not be anything left of the natural order unless we can bring a halt to our population growth. Yet, if the White population ceases to grow we are put at a

disadvantage in regard to competition (particularly economic and military competition) with the other races of this world. Expansion into space and planetary engineering to make other worlds habitable is a possible long term solution. But what of the short run? The natural environment is rapidly disappearing. We would like to see some concrete discussion of how to live in harmony with nature in the New America. Any and all ideas on this theme are welcome.

Dear Gary,

My two codefendants and I were recently moved from Leavenworth to Marion. Allegedly because we were conspiring to escape! Me ?!

Please note the change of address because I do very much enjoy reading your *Nationalist*.

SHORT BURSTS

NPD on the Rise

West German nationalists continue their march of electoral victories. This time it was the turn of the National Democratic Party of Germany (NPD). The NPD gained 6.6% of the vote in the Frankfurt city elections which surprised German political analysts because the NPD did not even run in the last election four years ago.

The Salman Rushdie Hypocrisy

Listen to the plutocratic hypocrites jump to the defense of "free speech" when it is a Moslem ox that is being gored. They tell us how awful it would be to ban Salman Rushdie's *Satanic Verses*. Yet, where are these great "free speech advocates" when it comes to publishing racist books such as the *Dispossessed Majority*, *Imperium* or *The Turner Diaries*, all of which sell well in the underground press. Or what of the Holocaust Revisionist works such as *The Hoax of the Twentieth Century* or *The Auschwitz Myth*. What System publisher will print these works? What library carries them? Yes, the Jewish publishers, distributors and media are all for freedom of the press, except where it conflicts with the interests of Jewry. Americans are kept so ignorant by the mass media that they still do not realize that there is a de facto banning of books in this country. We must disabuse them of their illusions.

A Colored 21st Century America

According to the *Pittsburgh Press* of February 6, 1989, the Census Bureau has released a new study which predicts that Whites of European stock will be a minority in America well before the end of the 21st Century. By 2040 Whites will represent only 62% of the total population of the U.S.

The Hypocrisy Never Ends

Listen to the latest smug rantings of the Jew Richard Cohen, columnist for *The Washington Post*, against the Arabs in an article entitled "Getting Away with Genocide":

"The case against Iraq is impressive. It has used poison gas against Iran in a war it started but could not finish. It has used poison gas against its own people, the Kurdish minority. Torture, although outlawed by its own constitution (naturally), is commonplace. A recent State Department report on Iraq is just plain sickening: beatings, whippings, the extraction of fingernails.

The State Department says that "disappearances" are commonplace. It says Iraqi [Kurdish] children are occasionally executed, and cites instances in which their bodies were returned bearing unmistakable evidence of torture. The State Department also says what should be obvious: "Torture could not be practiced without the authorization of senior officials."

Now to gain some perspective on "getting away with genocide", just substitute in the above article the words Israel, Lebanon and Palestinian for Iraq, Iran and Kurdish, respectively. Israel has not yet used its poison gas stocks or nuclear weapons, but it has used napalm, white phosphorous, and anti-personnel bombs against Lebanese residential areas and Palestinian refugee camps "in a war it started but could not finish." In fact, the war against Lebanon, which began with an Israeli invasion in 1982, goes on to this day as Israel refuses to evacuate southern Lebanon though little press attention is directed to this continuing aggression. The rest of the article and allegations of systematic torture with the consent of "senior officials" applies exactly to Israel in

the Intifada, yet for some reason Cohen and the Jewish-owned *Post* cannot demonstrate much outrage over the genocide of Palestinians by the Jews.

Through the Eye of a Needle

Vance Packard has come out with a new book entitled *The Ultra Rich: How Much Is Too Much?* in which he says that fortunes between \$50 million and \$8 billion in America are excessive. He recommends an estate tax directly on wealth in order to eliminate the excess and the disproportionate power that goes with it. We can agree with this, but we would put the the figure around \$1 million rather than \$50 million.

Packard says that the cumulative wealth of just the Forbes magazine's richest 400 Americans amounts to all of the savings of all other Americans combined, and that this amount is considerably greater than the annual budget deficit. Do you think we could convince these men to contribute their excess wealth to pay off the nation's debt? You know, as a patriotic act. Well, it was only a thought. Someday they will be convinced to sacrifice, but at that point we will probably want more than just their wealth.

Predictably, the rich are getting richer according to Packard. In 1965, the top 10% controlled 64% of the country's wealth, but now they control 68%. And according to Ravi Batra, the top 1% now control close to 40% of the wealth. Dr. Batra, the author of *The Great Depression of 1990*, sees the ever increasing concentration of wealth as a formula for another great depression.

been on national television about
three times for a few seconds each
time, while our leader Eugene Ter-
reblanche has already spoken to
200,000 people so far this year at
public meetings. Last year the
figure was almost a half-million!
An average of three AWB public
meetings are held each week, and
Mr. Terreblanche speaks to about
100 a year. The deputy leader and
other AWB leaders also hold meet-
ings, dinners, lectures, fundrais-
ers, family days and dances.

The AWB has its own para-mili-
tary unit of trained men who ensure
security at meetings and at the
headquarters, and they act as body-
guards for AWB leaders. (The AWB
headquarters has been burned three
times!) This unit is called Aguila
(Latin for eagle) and has about 30
members in each major town in S.A.
There is also the "Storm Valke"
which is a motorcycle bodyguard for
the leader. The AWB has its own
airplane flying club - Die Goue
Arende - which helps to transport
AWB leaders to isolated rural com-
munities and from city to city.

The "Boere-brandwag" organizes
all Whites into being alert and
prepared for revolution and Black
crime. Training camps are regularly
held throughout the country, and
everyone is trained, including many
children from as young as seven
years-old.

The AWB also has a cultural
wing, Die Afrikaner Volkswag, and
an organization which tests AWB
ideology: Die Oranjewerkers (Oran-
gewerkers) are a group which have
established a model community in
the town of Morgenzon, where all
work is done by Whites and where
the system of our Boer republics is
applied. The AWB believes that a
people can only be secure and free
in Africa if they alone inhabit and

work their own land; thus the AWB
supports the movement away from
dependence on Black labor and be-
lieves that Whites must do such
work themselves as in Europe and
America.

There are also many other facets
of the AWB, which is the fastest
growing political organization in
the country! The youth movement of
the AWB has not grown as the rest
of the movement has, so it has been
reorganized and strategy and aims
have been revalued, and in 1989 the
new AWB Youth will sweep through
South Africa.

South African universities have
also been under-infiltrated by the
AWB. Next year we will take the
first step through the establish-
ment of the AWB at the University
of Pretoria, and then others
throughout the country.

Our main activity at the moment
is the Great Trek celebration. Just
after my examination, I and a large
number of comrades from the AWB
youth hierarchy in the northern
Transvaal and other members will
walk with the ox-wagons from our
region to Pretoria from the 5th of
December. We will reach Pretoria on
the 9th and a large gathering will
take place at the sacred Voortrek-
ker Monument. On that day 22 ox-
wagons from 9 different routes will
enter Pretoria, with horse Comman-
dos, totaling about 2000 riders.
The government has banned us from
having our entire celebration at
the Monument, so the procession
will move to another historical
ground about 30km outside Pretoria.
There we will enjoy an entire week
of festivities which will culminate
on the day of the Covenant (Dec.
16th) on which hundreds of thou-
sands of Afrikaners will come to-
gether to commemorate the day and
reunite. Today there are 3,000,000
Afrikaners and 1,500,000 English in
South Africa.

I am always happy to correspond
with friends overseas. I hope to
hear from you soon again. I hope
the NDF will grow from strength to
strength, as I am sure it will. May
God give you success in your - in
our - struggle.

God's richest blessing,
"Boere groete"
