## Catholic Backlash Stuns Jews

Polish workers throw boiling oil on Jews at Auschwitz - No, only kidding, it was just cold water, but it would not surprise us to see this picture with such a caption in the next Jewish Holocaust opus.

In the 1970's the Jews began to pressure the Catholic Church for a "new relationship." The Catholics entered into the negotiations out of weakness. Recognition of the enormous political, media, and economic power of the Jews in America (which is the real monetary base of the Church) and the collapse of Vatican finances forced the Pope's hand. The Vatican Bank (Banco Ambrosiano) had been systematically plundered by the Masonic circle P2 and its Mafia allies in Chicago. For the first time the Catholic Church found itself operating at a deficit. It was forced to borrow money from international (i.e. Jewish) banking houses and still does so.

Through usury the Jews had been able to control princes and governments for centuries but the Church had always been immune. Now the Jews had the Church where it wanted it, and they wrung from the Pope concession after concession.

The Church announced that the Jews were not responsible for the death of Christ, it described our religious heritage with the oxymoron "Judeo-Christian", it admitted that it could have done more in World War II to protest the mythical Holocaust, and most astoundingly the Pope said in 1980 that God's covenant with the Jews had not been broken and that they were still the Chosen People of God!

The Talmud (the highest authority in Judaism) describes Jesus

Christ as the bastard son of a whore (Mary) and a charlatan. How this and Christ's many condemnations of the Jews can be reconciled into a "Judeo-Christian" heritage was bewildering for those Catholics knowledgeable about Judaism. Moreover, claiming that a person can gain Heaven without Christ simply by being a Jew makes the creation of Christianity superfluous at best and makes a mockery of Christ's sacrifice and the sacrifice of the Christian martyrs.

### REVOLT FROM THE BOTTOM UP

What possible meaning or importance has Christianity if one can be saved by conversion to Judaism? The utter absurdity of the concessions bore heavily on the shoulders of conscientious Catholics, and revolt brewed up from below. It is always the little people who first resist Jewish tyranny. They do not have power or position to lose and are less corrupted than their "leaders." In this case the backlash began with a handful of Carmelite nuns in a convent in Auschwitz, Poland.

The Jews claim that 2 million people died at Auschwitz in German gas chambers during World War II (though the *Washington Post* just upped it to 4 million - 8/28/89 p.A19.) The Catholic Church went along with this lie just as it abided similar lies about Dachau,

## Catholic Backlash Stuns Jews

Buchenwald, and Bergen-Belsen before Jewish historians were forced by Revisionist proofs to give up these as death camps. The Church had priests and representatives in all of the German concentration camps and it knows the truth. It is a wonderful irony that once the Catholic Church became involved in supporting this great historical lie that the Jews turned it against the Catholics and compelled them to apologize for not trying to stop something that did not happen. The Popes would have done well to heed Martin Luther's *The Jews and Their Lies* for they would not have gotten caught up in the Alice in Wonderland world of Jewish historical reality. The problem for liars is that sooner or later they get entangled in their own web. This has happened over and over to the Jews and their supporters, and it will happen again and again until the Jews are isolated forever from the rest of mankind.

### NUNS REFUSE

In one of its many concessions to the Jews, the Catholic Church agreed to remove the Carmelite nuns from Auschwitz. But the nuns refused to go, after all *The Lie* tells us that not just Jews but Catholic Poles were also exterminated at Auschwitz. Bureaucrats often attempt to defeat the will of their superiors by endless foot-dragging and this is what happened in Poland.

The head of the Carmelite Order announced that it could take as long as eight years to build a new interfaith center for the nuns, and this sent the Jews into a rage. The Jewish media in America brought its guns to bear on the Church. New York Rabbi Avraham Weiss was quoted as saying that the convent was a "desecration of the Jew's memories." The good rabbi flew to Poland and had more to say, all of which was duly reported in the Jewish-controlled press. He claimed that the convent was inappropriate because of the Vatican's failure to speak out against the Holocaust during the War.

Weiss and six other Jews scaled

the seven foot fence around the convent "to talk to the nuns" whereupon they were splashed with cold water, beat up and thrown off the grounds by Catholic workers. Weiss returned with 83 reinforcements but found that 200 Poles had arrived to protect the nuns. Anti-Semitic leaflets entitled "Who Really Controls Solidarity" circulated amongst the Poles. (See the May 89 *Nationalist* on Jewish control of Solidarity.) Fortunately for the Jews, the Polish police showed up to protect them.

The Archbishop of Cracow, Cardinal Macharski, then announced that the interfaith center was canceled and that the nuns would stay at Auschwitz, citing malicious attacks in the "Western" press against the Church as his reason. And Poland's primate, Cardinal Jozef Glemp, accused the Jews of violating Poland's sovereignty. He said that the seven Jews "did not kill nuns or destroy the convent only because they were stopped." Glemp called upon the Jews to stop their anti-Polish campaign and to stop speaking to the Poles "from the position of a nation raised above all others." Kalman Sultanik of the World Jewish Congress immediately criticized Glemp saying his statement was "grotesque and hate-filled ... and reveals that an ugly vein of anti-Semitism runs through the Polish church."

### TURNAROUND OF THE POPE

The pressure on Pope John Paul II from his homeland must have been acute because in his weekly general audience on August 2nd he said that God's covenant with the Jews had been broken because of their repeated infidelity, thus returning to the traditional and only sensible position on the matter. The Anti-Defamation League of B'nai B'rith shot off a bitter letter to the Holy See's Commission for Religious Relations with Hebraism demanding an "urgent clarification of the matter so that we may demonstrate to the world that the clock of Catholic-Jewish relations has

not been tragically set back." The letter reminded the Pope that he seemed to be reversing the position he took in Mainz, Germany in 1980.

So much for the "new relationship." As Nietzsche said the Jews are arrogant in victory, and cringing in defeat. They thought they had the Church on the run, and so it seemed as the Pope conceded to one impossible demand after another. But, as always, the Jews overplayed their hand. The Church learned, once again, that there is no compromise with the Jews, only domination or submission. GG

## Disgusting Excess at Forbes Birthday Bash

Billionaire Malcolm Forbes spent months planning his own 70th birthday party. He invited 600 of his "closest friends" to his palace in Tangier, Morocco, and flew them in from New York on a rented Concorde and two 747s. Naturally, customs checks were dispensed with. The King of Morocco provided hundreds of soldiers to dance in place as the guests passed to enter Forbes' palace and then to give riding and shooting exhibits. Inside were belly dancers and \$1 million in food and alcohol (which must have pleased the Moslem fundamentalists in Morocco - the Koran forbids the drinking of alcohol.)

Who are some of Malcom's good buddies? Liz Taylor, Bill Buckley, Robert Trump, Lee Iacocca, and a whole host of rich Jews including press magnates Katherine Graham, Morton Zuckerman, Robert Maxwell, Rupert Murdoch, etc., etc., etc.

And how do we know about Forbes' quaint little \$2 million bash? It seems he also invited 110 journalists. That's right, he wanted to make sure that those who can barely afford a birthday cake and birthday present for their children would have their noses rubbed in it.

When Marie Anoinette was told that the French people did not have enough bread to eat, she replied, "Then let them eat cake." When Forbes was asked about the propriety of such a pompous gathering, he replied that it was a business expense. You got it - he wants us to pay for his decadence through tax deductions. He makes it easy for us to understand the mindset of the Parisians who demanded Marie's head.

### THE CAPITALIST SELF-INTEREST ETHIC

Malcolm Forbes personifies our primary enemy - the White capitalist who has abandoned his people for personal profit, prestige and power. He is bright, articulate, personable, well-mannered and completely self-interested. He and his ilk do not give a damn about their people, their race or their nation. The White capitalist will continue to import millions of colored immigrants for cheap labor while 6 million Whites remain unemployed. He does not care that Whites will become a minority in this country in just 70 years. Forbes knows he could have used that \$2 million to set up a factory in America that would have provided permanent employment for some of our jobless and an income for their families, or at the very least he could have spent the money on a party in Amer-

ica so that some of it would have trickled down to the Americans that need it.

But Forbes does not care about America or Americans. When this country goes down the tubes, he will simply transfer his wealth to someplace more comfortable, just as the British capitalists transferred their money to America thereby accelerating Britain's decline - a permanent degeneration which that self-same "elite" had caused but never paid for. Forbes is a traitor to his race and a traitor to his nation, and in that he is all too typical of his class. GG

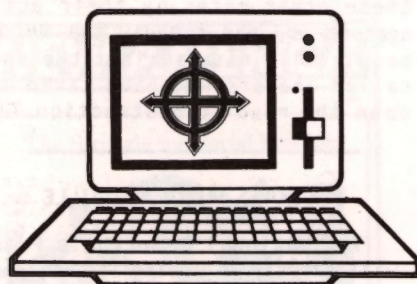

## Quotes of Importance

A quote from Huey Long's 83-year-old father, given to a northern reporter in 1935, illustrates just how deep run the roots of alienation in America:

"Didn't Abraham Lincoln free the niggers and not give the planters a dime. Why shouldn't Huey take the money away from the rich and still leave 'em plenty? Abe Lincoln freed the niggers without a price. Why shouldn't the White slaves be freed, and their masters left all they can use?"

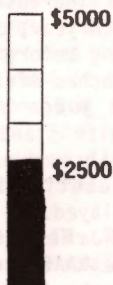

"Maybe you're surprised to hear talk like that. Well, it was just such talk that my boy was raised under and that I was raised under. My father and my mother favored the Union. Why not? They didn't have slaves. They didn't even have decent land. The rich folks had all the good land and all the slaves - why, their women didn't even comb their own hair. They'd sooner speak to a nigger than a poor White. They tried to pass a law saying that only them as owned land could vote. And, when the war come, the men that owned ten slaves didn't have to fight."

"There wants to be a revolution, I tell you. I seen this domination of capital, seen it for seventy years. What do these rich folks care for the poor man? They care nothing - not for his pain, his sickness nor his death. And now they're talking again about keeping the poor folks from voting - that same talk. I say there wants to be a revolution."

## Justice Still Denied in Utah

There only 12,000 Blacks living in Utah (population 1.7 million), yet the most heinous crime in the history of the state was committed by Blacks 15 years ago and to this day emotions run high on the case because justice is still to be done. In 1974, two Black men entered the Ogden Hi-Fi Shop to rob it. But they took time out to pour Drano plumbing solvent down the throats of four White people and taped their mouths shut, after which one of the robbers shot three of the victims to death.

The NAACP and other "civil rights" groups rushed to the defence of the Blacks. Expensive legal maneuvering delayed the execution of the shooter, Pierre Dale Selby, until 1987. The other Black, William Andrews, is still on death row and the NAACP is still solidly behind him saying that if he were White he would not have received a death sentence for simply forcing four people to drink Drano, taping their mouths shut and participating

William Andrews on Death Row.

in their murder. Apparently, Blacks do not find this sort of activity particularly heinous, and certainly the level of violence and brutality in Black countries can hardly be conceived of by Whites. For example, though the U.S. has the highest murder rate in the industrialized world (49% of all murders in America being committed by Blacks and another 13% by Hispanics), our murder rate cannot compare with that of Black Africa. Kenya's murder rate is 7 times that of the U.S., and Nigeria's murder rate is 8 times that of the U.S. (see to *Patterns in Crime* published by the MacMillan Co. in 1984.)

As the colored population of the U.S. increases by leaps and bounds each year, certainly it will not be long before the violence in America reaches African levels. But for now we judge brutality according to White standards and the people of Utah are outraged everytime the execution of William Andrews is delayed.

James Gillespie, president of the NAACP in Ogden, complains that Blacks have been harassed throughout the state since the murders, and he blames the racism of the Mormon Church for the attitudes of Blacks toward Whites. Apparently the genetic differences between the races and the behavior of Blacks have nothing to do with the problem.

The Mormon Church did preach White racialism until the 1960s. But it has since betrayed the White race and now preaches multiracialism as do all the other conventional Christian churches. The Mormon

Church has even concentrated on efforts to recruit Blacks and other races into the religion. But what the Church cannot change is the instinct within all of us to love our own kind, and hate those who would destroy our kind. In modern America it is legitimate for Blacks, Indians and Jews to practice this sort of racialism but illegitimate for Whites or any White institution to do so. And the White churches, political parties, corporations, etc. are so corrupt that they are willing to see our Race die rather than fight the hypocrisy. But the White people themselves are constantly being reminded of the true nature of these other races by their acts against us, and someday the White people will rise against the so-called leaders who have taken us down the road to destruction. 66

### NDF MOVES HQ TO KNOXVILLE

The National Democratic Front will shortly be moving its national headquarters to Knoxville, Tennessee. Beginning October 1, 1989, our new mailing address will be P.O. Box 30505, Knoxville, TN 37930 and our phone will be (615) 694-7744. In 1992 the NDF will run a candidate for Congress in the Knoxville District. The present Congressman is John Duncan, a Republican who first won his seat in 1988. Our efforts in Knoxville will be concentrated toward winning this seat in Congress and building a local political base there from which we can expand.

# Bush Selects His Token Black

President Bush has selected General Colin Powell as the token Black for his Cabinet. Powell will become the Chairman of the Joints Chief of Staff. Our Presidents, especially the Republicans, really do not like to have too many Blacks around the corridors of power, but a few tokens are necessary to keep the press quiet (though there are even fewer Blacks in media boardrooms than in government.)

The problem is the general ineptitude of the Black race. Reagan's token Black, for example, was Samuel Pierce who is now in hot water for wrecking HUD. Before Pierce the wheels of corruption ran smoothly at HUD; after he arrived nasty things began to appear in the press. He just did not know how to grease the machinery properly. Washington satirist Mark Russell remarked that when Reagan was asked recently about Pierce and his difficulties, Reagan replied that he did not want to comment because he had never met the man. This is probably not far from the truth.

Just because the White elite does not care to work with Blacks does not mean that they will not

force us to do so. The Republicans have been just as relentless as the Democrats in enforcing laws that require us to work with Blacks, to sell our homes to Blacks, and to go to school with Blacks. They have stripped religious schools and institutions of their tax exempt status for preaching racial loyalty and for opposing miscegenation. All the while our leaders live in exclusively White neighborhoods (especially in Washington), they send their children to private schools and teach them not to marry "beneath their class." In fact, Congress specifically exempted itself from the "equal opportunity" hiring law so that Congressional staffs

would not have to be burdened with Blacks who make up 75% of the population of Washington D.C.

### THE BEST MAN

George Bush chose Powell over thirty more senior officers, despite the fact that Powell has very little combat or command experience. We gather that Georgie does not expect to need much combat advice, and we certainly hope that he is right.

When asked why he selected Powell over more senior officers and over the objections of the military, Bush replied that Powell was the best man for the job. Well, you did not expect him to be honest did you? Our politicians are too wedded to the hypocrisy to be honest. They cannot afford it. Or so they think.

This is the first time that senior military officers have suffered from the plutocracy's racial policies. We hope there will be much more such "affirmative action" in the future. The military must be defused in a revolutionary struggle if victory is to be bloodless. Forced racial integration programs and forced multiracial indoctrination ("sensitivity training") will help us achieve this neutralization in both the enlisted and officer ranks. GG

Gen. Colin L. Powell

## NEW AMERICA - The Radical Voice of American Nationalism

**New America** is the ideological and historical journal of the National Democratic Front. It exposes the half-truths, historical lies and hypocrisies upon which the present plutocratic System is based, and it reveals and explains the eternal principles of nationalism that guide the NDF. Our ideas are drawn from an historical and scientific analysis that follows truth wherever it may lead. **New America** No.4 is concerned primarily with the issue of race:

- **On Nationalism, Part IV: Racial Freedom** This article outlines the NDF's official position on Race. Who is in, who is out, and why.
- **Books in NDF Review**  
**Drylongso** by John Gwaltney - A most revealing self-portrait of Blacks and Black life in America. This book makes one realize how alien White culture is to Blacks, and how different we really are from one another.  
**The March Up Country** by Harold Covington - A critical analysis of a book that purports to be a manual for White revolutionaries.

Dear Gary,

Wasn't Napoleon's dream of the unification of Europe (mentioned in *New America* No.4.) in fact internationalism, the antithesis of nationalism and a goal of contemporary communist ideology? If *New America* were founded today, would you not support the eventual unification of an all White European continent? If the NDF were to support such a goal would we not face opposition from French Nationalism, German Nationalism, Romanian Nationalism, etc.?

Sincerely,  
Rudolph Streiker  
National Revolutionary  
Pennsylvania

Editor- You are right in pointing out the distinction and potential conflict between petit nationalism and racial nationalism. As racial nationalists we wish to see the nation become coextensive with the race so that race and nation are essentially one. Our race is our nation, so we ultimately wish to see the boundaries of the two coincide and this is the message we will preach to all of the White peoples of the world. Is this internationalism? Yes, in a sense it is, just as German nationalism was internationalism when Prussia, Bavaria, Saxony, Austria, etc. were sovereign states. But the question is largely semantic because it resolves itself once unity is achieved. Clans unite into tribes, tribes into city-states, city-states into regional states, regional states into nations, and nations into racial nations. All are of the same blood and the greater unity provides the strength that the race needs to survive in an ever more populace and competitive world. The final step to racial nation will take time, and it must be achieved step by step.

Prussian nationalism was an essential step on the road to German unity. Bismarck used Prussian nationalism in the service of German nationalism. Yet, he could not have attained the union of Germany if there had not already been a pan-German consciousness extant in the country. The majority of Germans desired unity even though most of their leaders feared it because their powers would be diminished in a united state. So too in the White masses is there arising a pan-Euro racial consciousness. Already many of the European nationalist movements are racial nationalist in outlook, and this is certainly the case in America. Racial nationalists must seek to build nationalism in their own countries first and then use that force to create the racial nation.

A common second language in the White nations will greatly advance the cause of racial consciousness and ultimate unity. The process of racial union may take centuries and it is likely that the first form of the racial nation will be confederation in which the culture of the distinct nations will be protected. But gradually these cultures will change anyway and become more homogeneous in most respects. The Goths and Franks ruled most of Europe after the fall of the Roman Empire. Yet the culture of these tribes, their songs, customs, traditions, mores, manners of dress, religious practices, and languages are almost completely forgotten. Only remnants of them exist in the modern world. And this is perfectly natural in the continuing development of our race. Just as the cultures of the tribes developed into cultures of nations so will the cultures of nations develop into the cultures of racial nations. And as the culture of the racial nation gradually becomes more homogenous so too will its structure change, from confederation to federation and then to

unitary state. It is our task as racial nationalists to make certain that this is the course our history follows for there is another way - the path of fraction and disunity that leads to multiracialism. America and Europe could look like India unless it is our way that prevails.

I have given here a brief overview of a subject that will be treated more thoroughly in the last chapter of the "On Nationalism" series in *New America*. The chapter will be entitled "Toward Terra: The Racial Nation."

Dear Sirs:

I recently received some information on the NDF and a copy of *The Nationalist*, and I thank you for sending these to me. The NDF is, to my knowledge, unique in America. Almost every racially nationalistic group in this country criticizes the Establishment from a right-wing approach. However, the NDF offers a left-racial critique of American society. As I see it, there are three main strengths of this left racism:

1. The NDF stresses the need for sweeping social reforms to accompany racial progress.
2. The NDF returns economics to a prominent position in racial thinking.
3. The NDF is fundamentally democratic in nature; hence, it supports a form of "racial democracy" rather than "racial authoritarianism."

The radical stand of the National Democratic Front is also appealing. You seem to realize that more than just paper-shuffling is necessary to save the White race - you realize the need for total change.....

Yours for White Power,  
Phil Santo  
New York

# SHORT BURSTS

## Why the Poor Stay Poor

The Kentucky Supreme Court has declared the state public school system unconstitutional under the state's constitution because of the enormous differences in funding between rich and poor districts. The richest school district spends \$3186 per pupil while the poorest spends only \$118 per pupil. The suit was brought against the state by 66 of the poorest districts, most of which are in rural counties. The NDF's Program of Democratic Nationalism addresses this problem specifically: "Educational facilities and teacher competence in elementary and secondary schools will be of equal quality throughout the country as the schools will be run by the national government. No longer will poor counties have educational systems inferior to that of rich counties. Further, the academically talented will be guaranteed free university education including room and board, with the best being educated in top quality government universities."

## Legal Corruption in Beverly Hills

The next time you see a movie star begging you to send money to the poor starving children in Africa, think about this story. The city of Beverly Hills hired the former Secretary of HUD, Carla Hills, to lobby her former agency for a favor. The city had borrowed \$9.4 million in low-interest loans from HUD (and would receive millions more in rent subsidies) to build a low-income housing project for the Beverly Hills elderly. But once the project was completed HUD informed the leaders of the richest city in America that, under its regulations, the city would have to accept non-Beverly Hills residents (i.e. coloreds) in the project. The mission for Carla Hills was to get an exemption for Beverly Hills from HUD's regulations. In the end, the Black Secretary of HUD under Rea-

gan, Samuel Pierce Jr., personally granted the exemption. Beverly Hills Mayor Benjamin Stansbury said, "In no way did we have any implications at all with regard to race, creed, color or anything

CARLA A. HILLS

else. [Beverly Hills officials] are perfectly willing to have minorities in the housing units. They just want them to be Beverly Hills minorities." With such legal corruption ever available to them, it is a wonder that the rich are so often caught in acts of illegal corruption.

## More Legal Corruption

And speaking of legal corruption, an example of the kind that greases the wheels of Congress on a daily basis came to the surface in the growing S&L scandal. It seems that in 1987 and 1988 Senator Alan Cranston (D-CA) solicited funds from S&L owner Charles Keating who was having trouble with regulators from the Home Loan Bank Board. Cranston thereupon pressured the Board on a number of occasions to lay off Keating's S&L or allow him to sell it. Four other senators also

participated in this effort and all received contributions from Keating. Keating gave Cranston \$850,000 for three "non-partisan" voter registration groups, one of which was run by Cranston's son. Now you understand why men will spend a million dollars to run for a job whose salary is less than \$100,000.

## The Jews Are at It Again

Last year Senator Daniel Inouye came under fire for seeking \$8 million to build a school for North African Jews in Paris, France. This year Jewish pressure forced the Agency for International Development (AID) to allocate \$3.5 million to build two Orthodox Jewish religious schools in Israel. That building religious schools violates AID regulations did not bother the Jews, but it did bother some AID officials who leaked the story to the press. Now two influential congressmen Rep. David Obey (D-WI) and Rep. Lee Hamilton (D-IN) have put the program on hold. It will be interesting to see what happens to these two gentlemen in the 1990 elections.

## Jews Shoot to Kill

To stop "terrorists," Israel has officially authorized its soldiers to shoot to kill masked Palestinians both during the day and at night. The measure is supposedly aimed at underground leaders of the Intifada who assassinate collaborators, usually at night.

## No White Men At DNC

Quote from the Washington Times: **Changing Tradition:** With former Jesse Jackson aide Ron Brown, a black, in line to become Democratic National Committee chairman, it appears there will be no white men in any of the top elected jobs in the DNC.

# WHAT THEN?

The Department of Education tells us that by the year 2000 Whites will constitute a minority in the public schools. Education in America is already a joke, what will your children learn then?

The Census Bureau tells us that by the year 2060 Whites will constitute a minority in America. What then? If you wish to see what life will be like for your children's children, then just visit any major city that is majority colored. There you will find a corrupt, drug-soaked, violence-ridden society led by inept Blacks and lying Jews. That is what the future will be in America, unless we act now to purge our country of its degenerate elements.

We want to live in a land where trust is the coin of the realm, where people care for one another, and where cooperation is the rule rather than the exception. Such a life can only exist in a racially pure, culturally homogenous nation. Multiracialism leads inevitably to endless racial hatred, cultural antagonism and bloody struggle.

Establishment of separate, completely independent nations for each of the races is the only reasonable solution to America's racial dilemma, and this answer requires a political revolution.

Either we gather the courage to do what is right or our children's children will curse us for our cowardice. We of the National Democratic Front have the will to fight for our great White Race, and we are determined to be seen as heroes by our descendants, rather than as cowards. If you are willing to act and sacrifice for your race and nation, then you belong with us.
