## NDF Opens HQ and New Nation Books in Knoxville

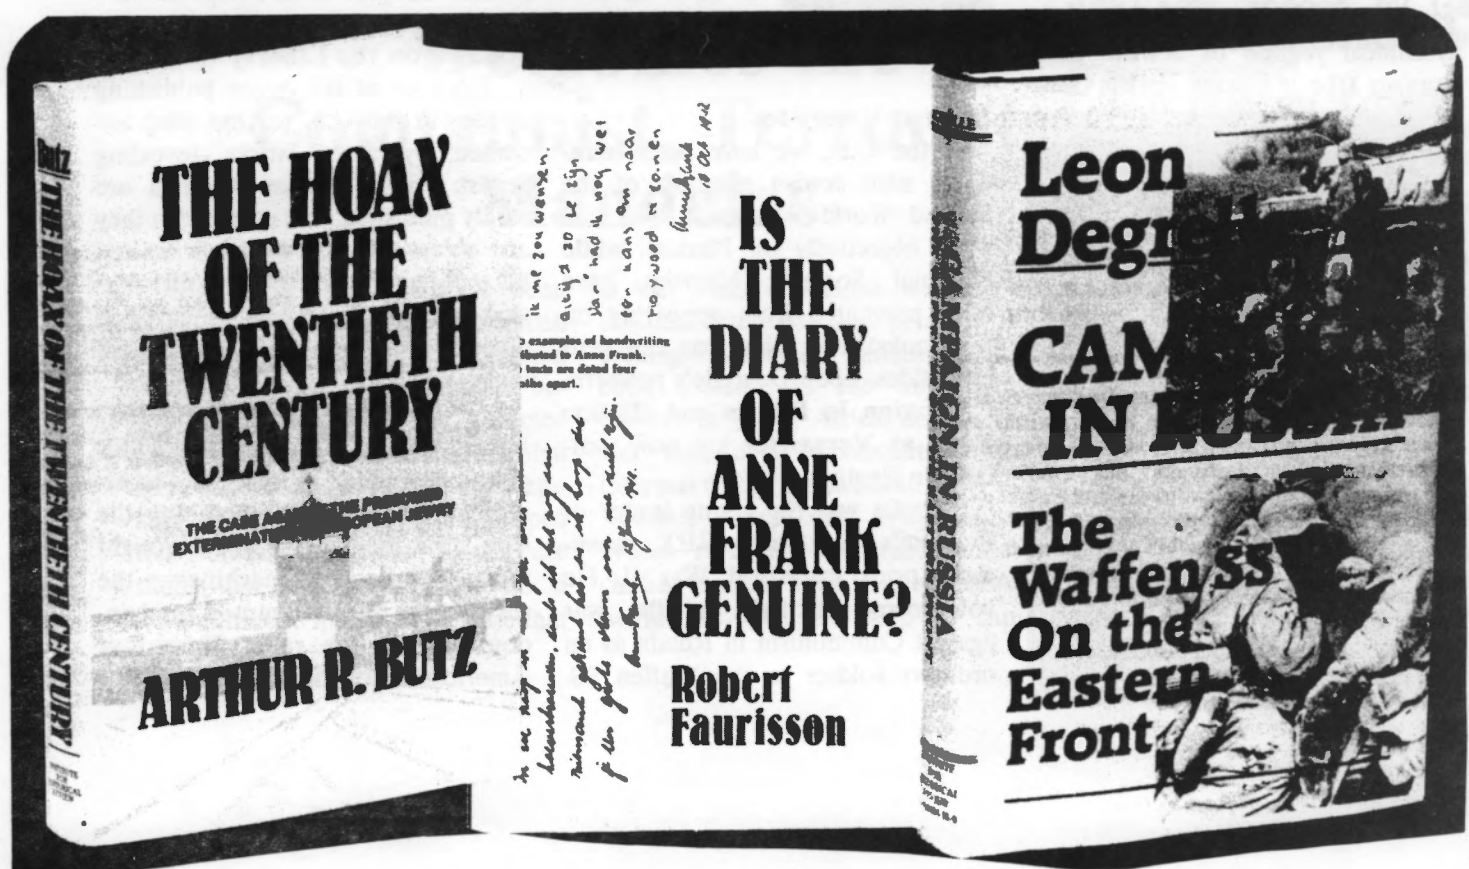

The National Democratic Front has opened its headquarters and bookstore at 4613 Old Broadway in Knoxville, Tennessee. The bookshop, New Nation Books, will be the only racist and revisionist history bookstore open to the public in America. It will stock the books on history and politics that our capitalist plutocracy does not want

Americans to read. New Nation Books will sell the works of the great revisionist historians who have exposed the Holocaust as a mammoth historical lie including Buchenwald inmate Paul Rassinier's **The Holocaust Story and the Lies of Ulysses**, Robert Faurisson's **Is the Diary of Anne Frank Genuine**, and Arthur Butz's **Hoax**

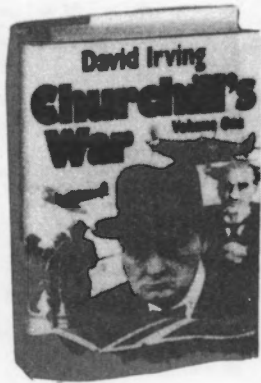

**of the Twentieth Century.**

### Churchill's War

Other books that reinterpret modern history include David Irving's **Churchill's War and Up-ri-sing**. Despite being the most popular of World War II historians, Irving was unable to get **Churchill's War** published by any major

publisher in the West because it exposes Churchill as an alcoholic who sold out Britain for his own

self-interest, and it reveals that Churchill fell into the clutches of the "Focus Group" who saved him from bankruptcy in the 1930's and who controlled his personal

finances from then on. The Focus Group was made up of rich capitalists, most of whom were Jews whose agenda was to fight National Socialism regardless of the price paid by Britain.

**Uprising**

In **Uprising**, Irving reveals that the 1956 Hungarian revolt was not a revolution for capitalist "democracy," but an uprising led by Hungarian Communists against the tyrannical regime of Jewish Communists (the infamous Jewish Quar-

ter) that Stalin had imposed on Hungary in order to exploit it for the benefit of the Soviet Union. Similar Jewish regimes imposed a black terror on all of the countries of Eastern Europe under Stalin's control.

Irving recently announced his conversion to Holocaust revisionism and denounced the Holocaust as historical lie publicly in England, for which he was attacked by Parliament, so it is likely that soon all of his books will have to be bought through the underground publishing network. You can get them at New Nation Books.

He rose to the rank of general and Hitler said, "If I had a son, I would want him to be like Leon Degrelle." Degrelle's work allows one to understand the Nationalist point of view so that it can be compared to the Communist and Capitalist views with which we are all so familiar. The "free" capitalist plutocracies are still so afraid of Degrelle and the nationalist message that he must live in exile in Spain as an octogenarian.

**Assault on the Liberty**

Since all of the major publishing houses in the U.S. (except one) are owned by Jews, works revealing Jewish crimes against America are rarely published, and even when they are access to such works is limited by the Jewish-owned book distribution companies through which book dealers must get their books and magazines.

For example, on June 8, 1967 Israel attacked the American intelligence ship USS Liberty in international waters. After bombing the ship from the air, the Jews brought in torpedo boats to machinegun the survivors as they attempted to abandon ship in life rafts. Thirty-four American sailors died in the attack.

**Born at Versailles**

In the U.S., we have been inundated with Jewish histories of the Second World War as if Jews can write objectively on Nazism, while National Socialist histories have been prevented from appearing on the bookshelves. Now you can read both sides. Leon Degrelle's powerful **Campaign in Russia** and **Hitler: Born at Versailles** are now available in English.

Degrelle was the young leader of Belgium's nationalist REX movement prior to World War II. He volunteered to fight in the war against Communism in Russia as an ordinary soldier in the Waffen SS.

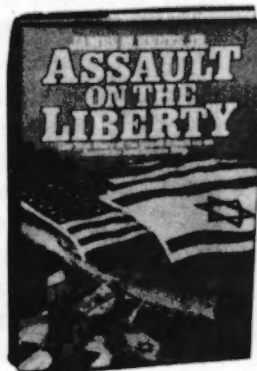

The Nationalist welcomes manuscripts of articles for possible publication, as well as letters to the Editor. No payment is made for articles published and they become copyright of The Nationalist. The coverup of this war crime began immediately and started at the top. President Johnson, bowing to Jewish pressure, ordered that no sailor be allowed to discuss the incident. This conspiracy of silence for the benefit of the Jews lasted until the intelligence officer aboard the *Liberty*, James Ennes, wrote an account of the attack which demolished Jewish claims that the assault was accidental.

Jewish-owned Random House agreed to publish the book and Ennes fell into the trap. Once Random House got the rights to *Assault on the Liberty* it limited its distribution, refused to promote

it, much to Ennes chagrin, and quickly took it out of print. Nevertheless, it was favorably reviewed by the *Armed Forces Journal*, and Ennes is still trying to get the word out. New Nation Books has copies of Ennes shocking account of the *Liberty* attack for sale.

### They Dare to Speak Out

Along similar lines is former Congressman Paul Findley's *They Dare to Speak Out*. Findley's book reveals in disgusting detail how the Jewish Lobby controls Congress and drives from power those who oppose the Jewish agenda including former chairman of the Senate Foreign Relations Committee William Fulbright, and his successor as chairman Senator Charles Percy, Findley himself, and

other Congressmen and politicians who stood up to the Jews.

Most Americans are aware of the power of the Jews in the media, but few understand the grip the Jews have on our political system. Few know that Jews, who constitute less than 3% of the U.S. population, provide more than 25% of all the funds contributed to the Republican Party and more than 50% of all the funds contributed to the Democratic Party according to the American Jewish Congress. Ours is the best Congress Jewish money can buy. And they have political committees to direct and coordinate their buying power. Findley explains how this corrupt and perfectly legal process works, and you can buy his book at New Nation Books.

## U.S. Plutocracy Welcomes the Communist, Terrorist Mandelas

Since 1986 the Jews have been actively attempting to reestablish what they have called the "Broken Alliance" - the racial alliance between Blacks and Jews directed against Whites in America. The plan centered on South Africa, the thinking being that if the Jews helped the Blacks destroy the White race there that this would lead to a rapprochement in the U.S. And that

is why such enormous media and political attention, and pressure including economic sanctions, has been focused on the tiny White enclave in South Africa, despite the fact that it is irrelevant to the interests of the United States.

South Africa was a symbol of White resistance to the multiracialism that the Jews have sponsored worldwide with the help of capi-

talism and communism, both being universalist and international doctrines.

### Media Manipulation

That is why South Africa was on the front page of the **Washington Post** and the **New York Times** virtually every day for a year before it was knocked off by Iranscam, and why we saw (and still see) regularly on the nightly television news scenes of South African police beating Black demonstrators, but rarely see scenes of ANC activists killing Zulus opposed to multiracialism, or scenes of ANC members burning their Black opponents to death in "necklaces" of flaming rubber tires. The media masters know that repetition is the key to propaganda and that you will remember what they show you over and over again, and will forget what they show you only once, no matter how shocking. So they report on Black violence rarely and on White violence nightly even though the Blacks are committing the vast majority of the violence against both Blacks and Whites.

### Jews in a Quandry

Though puff pieces have appeared in the American press on Nelson Mandela, a convicted terrorist and leader of the African National Congress, and on Joe Slovo the Jew who heads the ANC's terror wing and who also heads the South African Communist Party, the release of Mandela from prison put the Jews in a quandry. Mandela has the courage of his convictions (though some of these are apparently quite confused, particularly when it comes to which peoples should have the right to self-determination), and he was not willing to renounce support of PLO leader Yassir Arafat or of Muammar Qadhafi.

Prior to his U.S. tour top Jewish

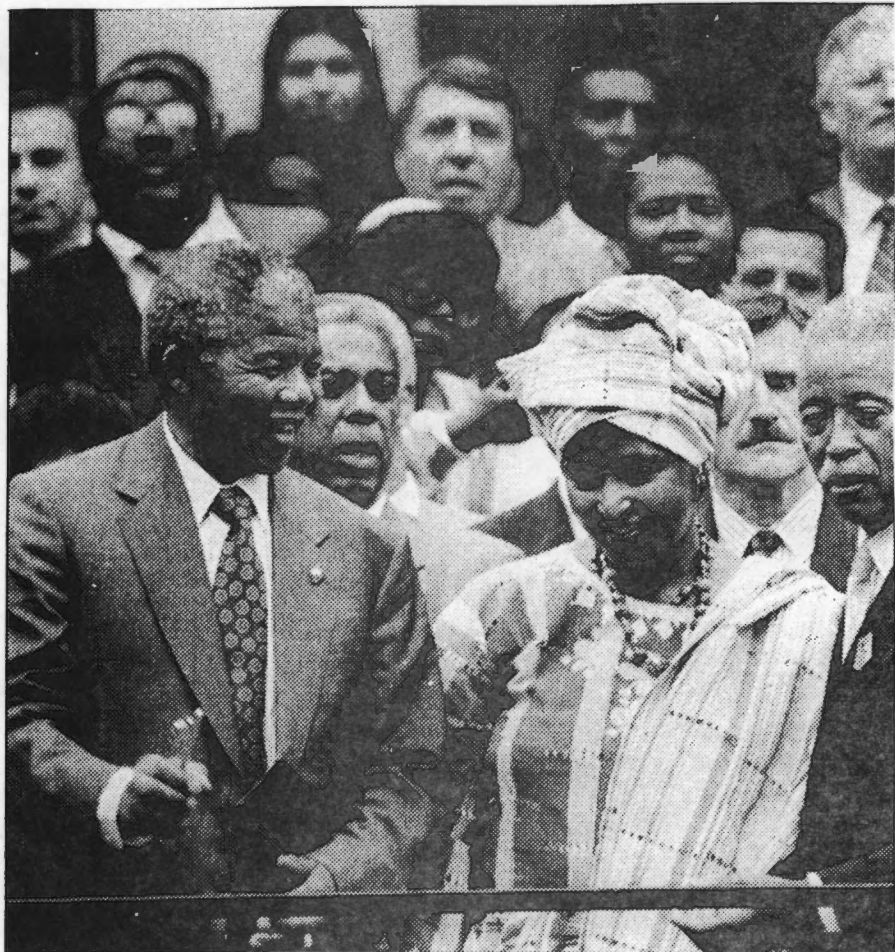

leaders met with him in Geneva, Switzerland to determine whether they would sanction his visit. If they had decided to oppose it, you can bet that Mandela would not have gotten a ticker tape parade in New York City or the overwhelmingly favorable coverage by the media that he got.

In a letter to the **New York Times**, Abraham Foxman, head of the Jewish Anti-Defamation League of B'nai B'rith, explained to Jews why it had been decided to support Mandela despite his support of Arafat and Qadhafi. He described the June 11th meeting with Mandela in Geneva. According to Foxman, Mandela stated his "unequivocal sup-

port for Israel's right to exist and for security, but also his respect for Israel's leaders, David Ben Gurion, Golda Meir, Menagim Begin." "Our delight stems from his satisfaction of our true concerns," wrote Foxman defending the decision in favor of the Mandela visit.

### Jewry Split

American Jews have two concerns, the first being their own power and prosperity in the U.S., and the second being the survival of Israel. Israelis, of course, have only one primary concern and this has led to a conflict between the two, particularly now that the Intifida has destroyed the false image of Jews as

The murdering Mandelas and their flying circus in New York City.

a moral and peace-loving people. The American Jews demonstrated with Mandela that they are now calling the shots, at least in regard to the domestic American agenda, if not also in regard to the international agenda of Jewry.

Not a few Jews were surprised when on Ted Koppel's **Nightline** TV program Mandela reasserted his support for Arafat and the PLO. Koppel himself seemed stunned. Obviously, he was unaware of the decision his fellow Jews had made in Geneva. Yet, the Jewish leadership was quickly able to quell the dissent and get almost all Jews, at least the important ones, to line up behind Mandela.

**NDF Acts While Others Cower**

And when the Jews speak with one voice, the White American conservative keeps his mouth shut. Not one conservative leader denounced Mandela for his unabashed communism or terrorism. The guilt-

ridden liberals, of course, rejoiced in Mandela's anti-White rhetoric. But not all Whites were quiet or intimidated. The NDF sponsored an anti-Mandela demonstration at the South African Embassy on Sunday June 24th in Washington D.C. as the Mandelas arrived in the capital. Twenty-four activists showed up for the protest.

Afterwards the police attacked and beat up two of the activists who refused to give their names and organizations to the police even though silence is their right. The two were then charged with assaulting police officers and thrown into jail with Blacks. The police then told the Blacks that the two were members of the Klan in order to encourage an attack on the the two activists, but the assault did not come off. This abuse of power will be remembered.

On June 27, the NDF distributed the leaflet on the back page of this issue of **The Nationalist** on the campus of Georgia Tech University

while 46,000 (the vast majority being Black) gathered to hear Mandela speak at Tech's football stadium. Georgia Tech is 95% White, and the students were none too happy to have thousands of Blacks and hundreds of Reds selling Communist newspapers swarming over the campus. NDF leader Gary Gallo gave an interview to the **Atlanta Constitution** and to local television outside the gates of the stadium as the attendees were filing in, but the newspaper did not print the interview and the TV did not broadcast it. It was all praise for the murdering Mandelas and their flying circus.

# LETTERS

Dear Gary,

I received Member Bulletin Number Eight with the NDF Recommended Reading List. The more I see of your program the better I like it. I regret not having met you years ago. For the last 15 years I have been a heavy reader of books and literature from the [racialist] movement, but I have to admit I have only read four of the books on your list. Since I am always hungry to learn more, and definitely have the time, I plan to read all the books on your recommended list....

Richard Scutari, Marion, Illinois

**Editor - If anyone wishes a copy of the NDF Recommended Reading List please just send in a request. Richard was a member of Bob Mathew's paramilitary force whose heroic exploits are described in fascinating detail in the new book *The Silent Brotherhood* by Denver reporters Kevin Flynn and Gary Gerhardt. In 1984, Mathews and his rapidly growing band of followers tried to do for the White racist movement in America what Stalin did for the Bolshevik movement in Russia through "expropriations," i.e. Stalin robbed banks in order provide Lenin with money to build the Party. The Silent Brotherhood can be purchased at New Nation Books.**

Dear Mr. Gallo,

My name is Brian and I have worked with your unit in Harrisburg, and am looking forward to working

with you in the future. I have enclosed ten dollars as a donation because I feel the NDF is one of the better organized White Nationalist groups and that you have a promising future. Keep up the good work! "Smash the System!"

White Power and Revolution!

Mr. Gallo, Director,

Thank you for your excellent copies of **The Nationalist** and your well-written and professional letter. It was a blessing to see the quality of your packet, since I am sure you're aware that many of our well-meaning comrades distribute literature which is sloppy or poorly printed.

I'm not sure if I mentioned in my first letter to you that I'm new to this area. I moved here from New Jersey last month, so I'm still trying to settle in and put down roots. But my friends and I definitely want to continue the struggle for our Race and Nation....

For Race and Nation,

Ed Reynolds, Tennessee

Gary,

When you say:

"The National Democratic Front is determined that Whites never again kill Whites for the Jews. The White Nationalist movements around the world will cooperate to end White fratricide by whatever means it takes. There will be no more brothers' wars - that is the goal of White nationalism in America, in Europe and around the world."

*I agree!*

Dear Mr. Gallo,

.... I enjoy your publication a lot; you seem to have the trains running smoothly and on time. You obviously have something between the ears, and haven't lost your sense of humor. These traits are essential if we are to win.

I think it would be great to see **The Nationalist** expanded to twice its present size. Perhaps you can incorporate **New America** into its pages, instead of publishing material separately....

88,

Fritz Hohenzollern, Texas

**Editor - This is a complaint we receive over and over again. The tone, style, length and even the content of articles for *New America* are, unfortunately, so different from those for *The Nationalist* that this would produce a rather schizophrenic publication. What we will do when we have sufficient staff is make **The Nationalist** a bi-weekly or semi-monthly publication as regularity is even more important in propaganda than quantity. But we appreciate all constructive criticism.**

# SHORT BURSTS

## 100,000 Nationalists Rally

In the Mar90 issue of **The Nationalist** we described a White Nationalist march in Pretoria, South Africa of 20,000 as being huge. But on May 26th, an incredible 100,000 Whites gathered in a Pretoria rally to demand the resignation of President DeKlerk and the creation of an all-White nation. In a separate development, Communist leader Nelson Mandela met with top South African capitalists on May 23rd and assured them that they would not be divested of their businesses, and then he walked out to reporters and stood firm on ANC policy to nationalize the industry of South Africa, which is in accord with communist policy. It is difficult to know to which side Mandela is lying or whether he is lying to all sides. We predicted in Mar90 that the White capitalist leadership would not sell out their race unless they were assured of their continued ownership of the industry of the country. It won't be long now before things break wide open in South Africa.

## Mandela Implicated

Winnie Mandela's chief bodyguard, Jerry Richardson, was found guilty of the murder of 14-year-old Stompie Seipei. Richardson was also convicted of kidnapping the three other youths who were tortured with Seipei in Winnie's house the night of the murder. Justice Brian O'Donovan of the Rand Supreme Court further ruled that Winnie Mandela participated in part of the initial beating of the four youths. The three survivors testified that Winnie was the first to beat them

using her fist and a whip. If the government does not now prosecute Winnie Mandela the sham justice will further undermine its credibility with the White South African electorate.

## Read My Lips

To no one's surprise, President Bush reneged on his campaign pledge to oppose new taxes. Claiming on television that circumstances have changed, citing the worsening economy and the S&L crisis, Bush excused his lie with another lie. In reality, raising taxes when the country is on the verge of recession only makes economic downturn more likely and more severe when it actually comes. And the S&L crisis was full blown during Bush's campaign (as his son Neil could have told him.) It would have been so refreshing if he had just come clean and said what everybody knows to be true: that U.S. politicians say whatever they have to to get elected, and then do whatever they have to to stay in office. But honesty plays no role in plutocratic politics which is why so few people vote anymore.

## The Race Taboo

According to Lester Thurow, dean of the business school at MIT, the declining quality of the U.S. workforce spells economic doom in the not too distant future. Speaking to the Society for Human Resource Management, Dr. Thurow said that the difference between wealth and want is in the quality of the workforce and that the U.S. is in sad shape. "It takes twice as long to

train an American work force than a German one, because the U.S. doesn't have the basic skills." And Thurow and his fellow economists cannot figure out why the U.S. does not any longer have the basic skills because it all has to do with race and community, not education or economic policy. The coloreds are deadweight on a modern technological society, the Jews are parasites on any type of society, and the Whites have been stripped of their racial and cultural identity leaving only individualism. Individualistic peoples do not care about national achievement and cannot compete in the long term with united social orders. That is the essence of our disunity and decline and that is why our "experts" will never get close to the truth: race is a taboo that will not be honestly discussed in the "land of the free." Only societies that are racially and culturally homogenous can be great, and they will be great if they are based on the principles of social justice and noble leadership. Must we now relearn this lesson from Japan?

## More Freedom

Genia Gunther has broadcast Polish-language shows for 28 years, but she recently made the mistake of offending the Jews and WTEL-AM in Philadelphia fired her at the behest of the American Jewish Committee, and then reinstated her without explanation. The crime was a broadcast in which a man identified as a Solidarity representative from Poland, criticized Lech Walesa "for enabling the government to be taken over by Jew commies."

## *The Mandelas Are Murderers!*

Bush claims he will not deal with terrorists yet he has these two with blood still fresh on their hands in the White House. Mandela's ANC has been bombing civilian targets, including White passenger trains and White shopping malls since the 1960's. Winnie tortures her Black teenage opponents in her house in Soweto and serves them tea and cake between torture sessions. Then she orders them out of the house to be murdered by her bodyguards, usually in a gruesome fashion.

## Show us your "necklaces" ,Winnie

Yes, show us your real colors, Winnie dearest. Tell us again how you are going to free South Africa with your necklaces- how right it is to burn your opponents to death with rubber tires about their necks filled with gasoline. The media certainly seems to think it is alright. They certainly do not criticize you for it. Apparently there is "good terrorism" and "bad terrorism." You must be "good terrorists."

## Communist Oppression Awaits South Africa

Nelson Mandela and his cronies, Oliver Tambo and Joe Slovo, are all admitted Communists. The Jew Slovo is the present head of the South African Communist Party and the chief of the ANC's terror wing. Slovo told the Washington Post that he admired Josef Stalin. While the Eastern Europeans are finally throwing off the yoke of marxist tyranny, the Capitalists and Jews of the West are helping the Communists install it in South Africa. Why? Because Capitalism and Communism are just flip sides of the same coin. The ultimate aim of both, and of the Jews, is to destroy White nationalism wherever it takes a stand - to destroy the White race and subsume it within the multiracial mass. Genocide is the goal of Capitalism and of Communism, and that is why these evil twins find it so easy to cooperate against White nationalists whose purpose is to protect their race and culture from multiracial destruction.

## Separation is the Only Solution

The White nationalists in South Africa and the Zulus want the land divided up into completely independent racial nations. The Conservative Party and the AWB do not want Black wage slaves, rather they want Whites to do their own menial labor in a racially pure nation. Such complete separation is the only way to end the genocidal struggle between the races and achieve a lasting peace and racial freedom for all in South Africa.
