NDF Challenges Mayor Ashe to Debate

On Saturday July 7th, Knoxville Mayor Victor Ashe used the entire radio time allotted to him for free by WQBB-AM to attack the NDF. He said that we were "destroyers" but did not specify of what. Indeed, we do wish to destroy the System of Victor Ashe, Congressmen John Duncan, Editor Harry Moskos and their plutocratic ilk because it seeks the destruction of the White race in America through forced multiracialism.

The meshing of two races means death for both. We certainly do not want our descendants to be hyphenated-men: flat-nosed, kinky-haired, coffee-skinned mulattoes living in a bastardized mixed-race culture such as those of India, Egypt or Mexico. But this is what the capitalist plutocracy is determined to do to America.

It is this process of transformation that Ashe does not want destroyed. He wants to see Knoxville "Atlantified." For those of you who wish to see what the System has in store for Knoxville over the next decade, we would suggest a visit to Atlanta, or any other major city on the East coast for that matter. Conditions in Atlanta for Whites have become so intolerable that they have fled to the suburbs, leaving a Black-run decayed and degenerate, violent

social cesspool behind.

Fight Atlantification

But now the Blacks are following the Whites into the suburbs. According to the Federal Census Bureau, Whites will be a minority in the U.S. by the year 2060, then there will be no place to run - the whole country will be "Atlantified." This is what

the NDF is fighting. We are struggling to build a great White nation - to prevent the genocide of the White race in America and in the rest of the world - as capitalism, communism and the Jews have the same agenda for White people worldwide. Already there 5 million coloreds in Britain, 4 million in France, 4 million in Germany, etc., etc. etc. And

the numbers grow year by year. There is nowhere to run - the tyranny is everywhere - it is fight or die.

Freedom of Speech?

After Ashe's radio attack upon us, we called WQBB-AM and requested reply time for the NDF. Recognizing that this was only fair, Station Director Jim Staley immediately agreed to allow us on the air the next Saturday. Two days later, Staley called back to tell us that the owner of the station refused to give us response time. We would not be allowed on the air. And this is the crux of the matter.

Freedom of speech is only for the rich - for those who can buy radio stations, television stations, newspapers and so on. It is the wealthy ruling class that determines what you will hear, when you will hear it and how often.

Since the Lord of Knoxville can apparently get on radio whenever he likes, the leader of the NDF Gary Gallo challenges this Mayor Ashe to a debate on the question of "destruction." Resolved: "Is it Ashe's multiracialism or Gallo's racialism that means destruction for the White

race in America?"

Courage to debate?

Now we will see if Ashe has the courage of his "principles." Do not attack us behind the protection of your wall of censorship, Mr. Ashe, come out and attack us in open debate where we can reply to your slander and expose your hypocrisy.

Incidentally, WQBB-AM is not the only media in Knoxville that believes in a "freedom of speech" through political censorship. Both the **Knoxville News-Sentinel** and the **Knoxville Journal** have attacked us repeatedly in articles and editorials, yet both newspapers have refused to print our letters of reply.

Such is the nature of "freedom." Freedom is a fraud designed for the gullible - for those not rich enough or experienced enough to understand how things really work.

White nationalists deny

By GREG JONES
Daily Beacon Staff Writer

If you have received a blue pamphlet in the mail on forced busing, or have seen it out somewhere as a flyer, you have already been exposed to the white nationalists in Knoxville.

It all began, according to Gary Gallo, a local leader of the National Democratic Front, with World War II and the Holocaust.

Gallo says the Holocaust did not happen. At least, it did not happen the way claimed by the Jews.

Paul Rassinier, a leader of the underground in France during the World War II, was caught and imprisoned for a time in two concentration camps, Dora and Buchenwald. He survived his imprisonment, and was later surprised to see that the Jews were claiming that the concentration camps were really death camps where Jews were exterminated in gas chambers.

Having been in two of the camps, Rassinier was quite certain that there were no gas chambers, at least in those two camps. Gallo and his publication "The Nationalist" claim

that Rassinier published book after book pointing out that the claims were inaccurate, but the author did not gain notoriety.

The Front's claim is that most established powers ignored the findings of Rassinier. "Capitalism, communism and the Jews all needed the Holocaust, but for different reasons, and so the lie grew and grew like Pinocchio's nose, until now the Jewish-dominated media can get away with saying that 4 million died in Auschwitz when for forty years the figure (based on Auschwitz commander Hoess's confession) was 2 million," claims one issue of "The Nationalist."

Historians such as Robert Faurisson, of the University of Lyon in France, have methodically researched concentration camps in Germany, such as Dora and Buchenwald, and have proven, according to Gallo, that there were no gas chambers in Germany.

Other historians, particularly Raoul Hilberg, who Gallo points out is Jewish, have admitted that the concentration camps in Germany proper did not have gas chambers.

Fred Leuchter, an American expert on execution gas chambers, studied the gas chambers in Polish concentration camps, where other historians and Jews maintained their existence. According to his testimony, the buildings that are supposed to be gas chambers could never be used in such a manner.

All of the above is Holocaust Revisionism, in which those people involved methodically disprove the Holocaust. The next important question, according to Gallo, is: Why is this version of Nazi Germany not as familiar as scenes of the Holocaust? Because, quite simply, Gallo said, the Jews control the media.

"Repetition is the key to propaganda. Repetition is the key to learning," said Gallo as he pointed out newsworthy events that the media has reported once then dropped.

In 1967 for instance, Israelis attacked the U.S.S. *Liberty*, an intelligence ship. Thirty-four sailors died and 154 were wounded. "The incident was reported, but not investigated," Gallo commented. In essence, his argument is that those of the Jewish faith unite both press and

printed about the NDF in Knoxville. It appeared on July 13th on the front page of the **Daily Beacon**, the University of Tennessee newspaper, and predictably, it was followed by a vicious editorial.

The UT female editor identified herself as "blond, blue-eyed" and "almost ashamed to be White." That, of course, is exactly what the System wants for Whites - such indoctrination is what makes our destruction possible.

Letters of Reply

One unpublished NDF letter of reply to **Knoxville Journal** editor Garcia is reprinted in the Letters section of this issue. Another entitled "An Open Letter to Harry Moskos" (editor of the **Knoxville News-Sentinel**) is being distributed throughout Knoxville on the back of an NDF leaflet. Eventually the truth will out, it is only a matter of time, and that is why Ashe and Moskos and the rest are so afraid.

Gary Gallo, Editor

Grunwald Leader Visits America

Earlier this year the National Democratic Front invited the leader of Grunwald, Professor Mieczyslaw Trzeciak, to visit the U.S. Grunwald is the largest nationalist organization in Poland and is the equivalent of the Russian Pamyat. In fact, Grunwald, having been formed in 1981, preceded Pamyat and had close relations with its Russian brother organization from the very beginning. Prof. Trzeciak knows personally almost all of the top leaders of Pamyat and visits with them in Russia regularly, the most recent visit being only three months ago. A Pamyat leader is now staying with Grunwald in Radom, Poland for the summer.

Radom is the home of the Kasimiera Pulaski University of Engineering. Prof. Trzeciak is the head of the Department of Sociology at this university and is the Director

of its Institute of Social Sciences. He is one of only six full professors (the highest academic rank in Poland) at the university, he is one of only nine full professors in his discipline in the country, and he has published many books in his discipline which makes it very difficult for the Jews to get him fired even though it is well known that he is the leader of Grunwald.

Jewish Pressure

Nevertheless, he is under great pressure from the Jewish-led Solidarity government and the University is once again investigating him for anti-Semitism. Anti-Semitism brings a five year jail sentence in Poland and the Soviet Union. Grunwald is officially "anti-Zionist."

In 1989, Prof. Trzeciak met with Cardinal Glemp, the Catholic Primate of Poland, during the Ausch-

witz Carmelite nunnery controversy with the Jews.

Trzeciak explained Jewish control of the Western media to Glemp using information gained from American nationalist publications. Later he was surprised to see that Glemp issued a statement about Jewish media control which comported almost exactly with the statement that he gave to the Primate. The Jews went mad with rage and used all their power in the media to denounce Glemp (which proved the accuracy of his statement) and used their great influence with the Catholic Church (this is explained in the Sep89 issue of **The Nationalist**) to have him muzzled. Since then

existence of Holocaust

politics to play down such incidents while still playing up the Holocaust.

According to figures given by Gallo, Jews, making up some 3 percent of the population, contribute 25 percent of the money given to Republicans and about 50 percent of the money Democrats receive. His figures come from a March 1985 study done by the American Jewish Congress, "which was reported once, then dropped."

Gallo points out that *Time*, *Newsweek*, ABC, NBC and CBS all have Jews in powerful positions, allowing them to ignore and suppress whatever news they wish.

Of equal dislike to the Front is capitalism. "The essence of capitalism is the idea that if everyone serves themselves, everything will work out," stated Gallo. "America is a plutocracy run by the rich for the rich," he continued. "It is a system that is corrupt by its own nature."

The ultimate solution to the difficulties of capitalism and the power held by the Jews is the division of the United States into separate nations according to race. "We're white nationalists, not supremacists," said Gallo. "When a people are stripped of

their racial and cultural identity, they have only individualism," Gallo commented, "individualism is a cutthroat thing.

"Germany and Japan still have nationalistic cultures from pre-war nationalistic movements," said Gallo in reference to their successes economically. "It's completely different from what we're preaching here in America." Dividing the U.S. into smaller nations is the Front's plan to bring citizens back on the nationalistic track.

"The formula for separation is based on population," said Gallo. Blacks are 13 percent of the population, according to Gallo, and should get 13 percent of the land. Whites, with a 70 percent population currently, would get 70 percent of the land.

"Right now, we're being forced into genocide," Gallo lamented.

Politics makes strange bedfellows. Many editions of "The Nationalist" feature the black nationalist Louis Farrakhan, the leader of the Nation of Islam. The two groups have the common goal of dividing the nation according to race and apparently are willing to cooperate at least on that point.

As mentioned earlier, Gallo and other members of the Front believe their message to be suppressed by a Jewish-controlled media. In an effort to let their views be heard, Gallo is opening up "New Nation Books," a bookstore on Old Broadway.

"Anybody interested in history would be interested in hearing what we have to say," commented Gallo.

The store should be open in about two weeks and will feature Holocaust Revisionist literature, along with back issues of "The Nationalist." Among the books that will be for sale are "The Hoax of the Twentieth Century The Case Against the Presumed Extermination of European Jewry" by Arthur R. Butz, *Is the Diary of Anne Frank Genuine?*, by Robert Faurisson, and *Assault on the Liberty* by James Ennes, which covers the 1967 Israeli attack on the U.S.S. *Liberty*.

While they have leafleted the UT campus, the Front has no particular plans to come to the campus. The main reason Gallo gives is the \$17,000 Farrakhan was charged to speak at

The New Walesa

Nevertheless, Jewish power seems to be unraveling in Poland. Lech Walesa is no longer playing the dupe and has turned on the Jews who he helped bring to power (such as Michnik, Geremek and Mazowiecki.) On July 17th the largest Solidarity newspaper, the **Election Gazette**, published on page 2 an article entitled "Insanity." It described a meeting of reconciliation between Marian Jurczyk and Walesa.

Jurczyk is the leader of the Solidarity faction known as "Solidarity '80" which struggled against Jewish influence in the movement from the beginning. Jurczyk and Walesa were of equal importance at the start, but Jewish power allowed Walesa to seemingly take control. Actually it was the Jews who were in control, as Walesa has recently realized. At one point Jurczyk even called Walesa a traitor for supporting the Jewish leadership element in Solidarity.

But according to the (Jewish-controlled) **Election Gazette** article "Insanity", Jurczyk and Walesa reconciled and issued a joint statement which read in part that they fear that "the present ministers will emigrate surrepticiously to Israel once they have amassed fortunes as the leaders of Poland's government."

Walesa recently left Solidarity and formed a new party called the Center Alliance. The Jews have also formed a new party called Democratic Action, and Solidarity is being ripped apart between the two.

Things are certainly popping in Poland, so we are happy that Prof. Trzeciak was able to visit us and bring us such important news and information. The NDF has sponsored meetings for the Professor

around the country and what follows is his main address:

Dear Director Gary, Dear friends! As you know, I come from Poland, the country of the Vistula River. I am sure, you also know, that six centuries ago, there, at Grunwald, in 1410 was a great battle between Poland and the Teutonic Order. Let us review this moment.

Before the battle, Ulrich von Jungingen, the Commander of the Order of Teutonic Knights, sent his delegation to the Polish King Jagiello and gave him two swords with the famous words: "I hope these swords will give you more bravery." The Polish King took these swords, fought with them and won the battle.

Polish Freedom

This victory made Poland free for centuries. From the Baltic to the Black Sea, Polish power established a Latin civilization, in which the Christian Church was free but was not the state religion as in the Teutonic Order. The Jews were also free. What's more, they came from other countries and became a large percentage of the population. This was widely known as "Polish Freedom", and it gave opportunities for different minorities from both East and West.

Professor

Mieczyslaw Trzeciak

These minorities were allowed to have their own languages and cultures. Some of them, mostly Christians, quite easily assimilated into the Polish nation and became ordinary Polish citizens. It was quite different, however, with the Jews. They spoke a different, unknown language, they had another culture, they practiced another religion, they were a different race....

After a time we saw that their civilization collided with our Latin one. As time went on and the conflict grew stronger and stronger, they became very dangerous to our state and nation.

Such conflicts, based on culture, economics, religion and so on, are

dangerous to the nature of the nation. Together with other troubles, they can bring fatal results. And so it was in 18th century, during the tragic partitions of Poland. We have a great literature on this and we remember it very well.

American Friendship

And we remember also, that during the dark time for our state, Paderewski came to the United States and played Chopin's Freedom Music in the White House. President Wilson understood it perfectly, through his heart and his mind. He gave a helping hand to Roman Dmowski at Versaille, and Poland got its freedom again. Grunwald supports the ideology of national democracy developed by Roman Dmowski complete with its anti-Zionism.

From 1918 to 1939 Poland was independent, but still very weak. Poland did not have enough talented people because the majority of our

people were illiterate. What's more, during WWII, the best Polish people, mainly intellectuals, nationalists, etc. were fighting and dying for freedom on a huge scale. This was on two fronts, in the West against Hitler and in the East against the Judeo-communism of the Soviets.

This second horrible front continued to plague us after the war. To consolidate communism in Poland, the Jewish-dominated regime of Stalin organised in July of 1946 the "Jewish slaughter" in Kielce, called the "Kielce pogrom." This provocation was necessary to provide more Soviet Jews for Palestine, where the new Israeli state was being formed, and to murder the Polish nationalists responsible, supposedly, for the "Kielce pogrom."

The greatest sin of the Poles from this moment on was so-called anti-Semitism. And it brought the greatest punishment. Even suspicion of anti-Semitism was enough to be

arrested or killed. Truly, in this situation, the best Polish nationalists suffered greatly. LETTERS

The following letter was sent by the NDF to the editor of the Knoxville Journal. As usual it was not published:

Dear Editor:

The headline article in the June 25th issue of the **Knoxville Journal** implied that the NDF was responsible for an unsigned Christian leaflet urging people not to vote for Mark Stephens because of his interracial marriage. Indeed we are opposed to multiracialism, but we do not issue anonymous leaflets or operate behind fronts. Everything we do is straightforward, open and honest. Moreover, the National Democratic Front is a secular movement, not a Christian organization. As White Nationalists, we oppose multiracialism not for religious reasons but because it is genocide. It means the death of both the White race and the Black race, and the destruction of both Black and White culture for some strange mix of the two in which no one will be happy or satisfied. Racial hatred and its bloody antagonism will end in America only when the U.S. is divided up into racial nations (including a multiracial state for people who believe in it, such as Stephens.)

A competent reporter would have sought a comment from the NDF before writing such an article and a competent editor would have required his reporter to attempt confirmation before publishing such false allegations.

Sincerely,
Gary Gallo
Director
NDF

Dear Sir,

Might I suggest that you deposit your garbage where garbage belongs. This piece of Nazi hate literature was left by someone in my box, and I very much do not appreciate it. I realize that you are entitled to your opinion, but please keep it to yourself, and away from my property. Lucifer has tried to destroy the Jewish race since its birth.

Sincerely,
Daniel H. Stansberry,
Knoxville

Editor - Along with his letter, Mr. Stansberry returned one of our leaflets ripped to shreds. We then sent to him a copy of the Apr90 issue of The Nationalist with the lead article "A Message to the Lovers of All Mankind," with the suggestion that he try to overcome his anger and bigotry. Mr. Stansberry is another advocate of free speech who believes that it consists of keeping your opinions to yourself. But at least he recognizes that the Jews are a race. We do not get many such letters from Knoxville, but each that we have gotten comes from someone who identifies himself or herself as a Christian. None have had the courage of Mr. Stansberry who provided a return address. Two examples follow:

Dear Sir,

Your most unwanted publication was delivered to my home. I was greatly saddened to read anything so hate-filled. I want you to know that I am praying for you and your

organization - that you may be delivered of your fear and hatred and the great deception Satan has convinced you of. May Jesus Christ, the "King of the Jews," free you and fill you with His Love.

A Christian

Dear Sir,

While it is true that we have freedom of the press and freedom of speech, it seems your paper carries things a little too far. Therefore, I am returning your paper as I do not want this kind of garbage in my home. That comes under freedom of choice. I cannot believe God is someone who wants people to hate everyone in the world. I believe a person should love HIM more than family or anyone else but God is a loving God, not a hateful one. I learned in church many years ago, that God made all peoples of the world. Blacks, whites, reds, yellows, Jews and Gentiles. Which category do you fit in?

Anonymous

Editor - Another who believes in Christian-style freedom of speech - toleration only of those who do not go too far. We are all too aware of what happens when Christians get control of governments and the tyranny that ensues. Fortunately, there has not been theocracy in the West in quite a while, at least not since the Puritans of Salem, Massachusetts were burning "witches" in the 18th Century. We are also very aware of what the Churches are preaching and on which side of this great struggle they fall.

SHORT BURSTS

Civic Duty

According to a Common Cause study of FEC records, Savings and Loan PACs and S&L executives gave \$12 million in campaign contributions to members of the House and Senate in the 1980's. Much of the money came from S&Ls in trouble. What civic sacrifice and marvelous patriotism demonstrated by people in financial trouble - an example for us all.

Lee Spikes the Jews

On Thursday August 2nd, the ABC television show **Primetime Live** interviewed Black filmmaker Spike Lee. Lee made the movie **Do the Right Thing** which is the only honest film ever made about race relations in America. Blacks actually act like Blacks in this movie - a first. The film appears to be saying that the races cannot live together harmoniously. During the interview on ABC, Lee said that you cannot make an anti-Semitic film in this country because the industry is controlled by Jews. The interviewer, Diane Sawyer, was obviously surprised and caught short by this breaking of the great taboo, and she suggested that there was nothing wrong with the Jews protecting their interests by such censorship. Lee agreed, obviously not wanting to go deeper.

It is reminiscent of Marlon Brando's famous January 1979 Play-boy interview in which he said, "You've seen every single race bismirched, but you never saw an unfavorable image of the Kike because the Jews were ever so watchful for that. They never allowed it to be shown on the

screen!"

Fear of Nationalism

Adam Michnik who heads press and propaganda for the Solidarity government in Poland said in an article for the **New York Book Reviews** (July 19, 1990) that nationalism, with its anti-Semitism, is the greatest threat to "Judeo-Christian" culture in Eastern Europe, and that he fears that the nationalists will win in the end because democracy and Christianity do not have the solution to this problem.

Michnik is one of those Jews that the press insists do not exist in Poland. Recently, both the **New York Times** and the **Philadelphia Inquirer**, and probably other Jewish-controlled papers, ran commentaries that said that anti-Semitism is rising in Poland despite the fact that there are very few Jews there. But apparently there are enough to control Solidarity. In fact, the Jews, especially those of Eastern Europe, have learned through the centuries to deny their ethnic origins to deceive government census takers and their many enemies. Jack Kuron, another top Solidarity leader, denies he is Jewish, yet it was Kuron who was leading Zionist demonstrations in the streets of Warsaw in 1968 when the Communist government condemned Israel for its racism and nationalism.

The Jews think they can send such information down the Memory Hole, but nationalists everywhere watch them, record their activities and remember. A book by Professor M. Trzeciak, the leader of the Polish

nationalist organization Grunwald, outlines the Zionist backgrounds of the top Solidarity leaders. The book is entitled "Guests of the Student Autumn" and it has already sold over 25,000 copies in two editions.

Black Priest Down

Eugene Marino, Atlanta's Black Roman Catholic archbishop, resigned in July claiming health reasons. But WAGA-TV in Atlanta has reported the real reason to be his relationship with a Black woman named Vicki Long, a 26-year-old "lay minister." Ms. Long apparently likes her position as lay minister with the Church - in 1987 she filed a \$2.3 million dollar paternity suit against another priest. The Catholic Church has few Black priests and those it does have seem to have difficulty staying out of trouble. **The Washington Post** charged Washington D.C. priest, and founder of the "Black Catholic" Imani Temple, George Stallings with having sex with his altar boys. White priests have also been going down the tubes at an amazing rate, and the Catholic Church pays out tens of millions of dollars in civil suit settlements every year to the parents of sexually abused boys. Protestant ministers seem to prefer girls.

Wealth Gap

According to the Center on Budget and Policy Priorities the gap between rich and poor widened so much in the 1980's that the richest 1% earn as much after-tax income as the bottom 40%. The study was based on data collected by the Congressional Budget Office.

Grunwald from page 5

the same time. The Judeo-communist regime put them into jail only because they were Polish nationalists. What's more, it was jail without trial.

Polish Martyrs

As far as possible, Polish nationalists fought back, paying for their struggle in humiliation, pain and death. The truth about our martyrs and their executioners is hardly known, even in Poland. Why? Such truth should be shown by the mass media, the press, radio and television, but these are mainly - as the present Primate of Poland Cardinal Glemp said - in Jewish hands. We know that this situation is the same throughout the White world, and that Poland is not the exception.

Fondness for the truth in our society is growing. Due to its influence, the great movement "Solidarity" was formed in 1980 and the truth had a better chance. Unfortunately, a lot of influential Jews and their international money played a powerful role. Characteristically, in this moment Cardinal Wyszynski warned: "Solidarity must be Polish."

Under the pressure of the Jews, his words were quickly forgotten. But these words were remembered by the newly organised group called The Patriotic Union "Grunwald". Grunwald reminded the people of these words in a mass-meeting in the streets of Warsaw in 1981. This demonstration took place next to the prison where Polish nationalist political prisoners were jailed.

On the wall of the Ministry of Justice which, ironically, sat above the prison, we posted a sign which said, "In this building the Zionist Mafia humiliated, tortured and murdered Polish Nationalists." The names of the Jews responsible for these crimes were listed on the poster. Names such as Berman,

Minc, Brystigierowa, Zambrowski, Swiatlo and others. The government has refused us permission to raise a monument to our Polish martyrs even to this day.

Grunwald is Born

About 2,000 people listened to us repeat the words spoken by Cardinal Wyszynski that day in Warsaw and realized their meaning once again. At this meeting, in the early spring of 1981, we said that Zionism and its criminal anti-Polish machinations were threatening us. Word of our demonstration swept through the country and travelled abroad. From this moment, we fought against the influence of the Jews in "Solidarity." And we did it in an organized form.

But everybody has to remember that our position is very difficult. Jews have enough money to get supporters. They have radio, press, television, publishers etc. in their hands, and this gives them strength. In such a position a lie can run all over the world until the truth can put its shoes on, as we say in Poland. Nevertheless, we try to expose their lies through books, papers, lectures, conferences, seminars and personal contacts. Each of us is obliged to organize individual propaganda in his work and life environment.

I am personally such an example. Working with Radom students at the University, I try to collect papers that help me in my lectures. These are nationalist articles translated from your papers or written in Poland, mainly in the Grunwald press. Articles from **The Nationalist**, **Instauration**, **The Polish Freedom Fighters**, **Post Eagle**, **The Polish Community**, **The CDL Report**, **The Spotlight** and others, make a shocking impression.

The reaction varies. Some students believe, and some do not, but they think about these articles, and the

result is that at last some students help me in this work. We publish our own magazine **Nasze Sprawy** which translates as **Our Affairs**. I have brought some samples for you. In spite of the Polish language, you can easily read many names of American racist publications.

We have started to translate books. Our first book is **Frank Walus A Victim of Nazi Hunters** by Len Martin. It describes how the Zionist Mafia can and does persecute the innocent. Walus was put through a living hell before being found innocent of "war-crimes." We have translated and published it already. The next ones for translation are now under consideration.

Our magazine **Nasze Sprawy** is similar to **The Nationalist**. We have copied its format and we publish some of its articles in Polish. Let me add in this moment something more.

Dear Gary ! We thank you very much indeed for everything. You have done a lot for us. We shall always remember it! We know that you understand our troubles and problems as you also have a lot of them. I am sure, however, that one thing makes you happy, except for me, we are young people, and the future belongs to us. This is our common future as our hearts and minds work also for the National Democratic Front. Speaking about this, let me give you this symbolic souvenir. It is a little sculpture of a Polish Grunwald Knight of 1410. He has one heavy sword and the shield with the Jagiello Eagle. Please also take our Grunwald badge. As you know, we care very much about this little insignia as we do about our flag. I am happy that it is now close to you. Through this, we now feel stronger because we are together in our fight for national democracy.
