"...There should be only one movement for one goal."

(Mein Kampf, Vol. Two, Chap. VIII)

Milwaukee March

Capt Chris Vidnjevich of the Chicago Headquarters and Lt Frank Drager, the Party's General Organizer, added a new dimension to the racial struggle in Milwaukee 23 September when they led the first White march into the city's Negro section. The march followed a Party rally in a local park the previous evening; and came in response to successive Black marches into Milwaukee's White neighborhoods, led by the Red agitator, Father Groppi. Until the appearance of the National Socialists, all other groups claiming to represent the White people had confined their demonstrations to the safer White areas of the city.

In Milwaukee an important lesson was learned. A new phenomenon--finkism--made its appearance, based on the old formula, "If you can't lick 'em, lead 'em!" Since the so-called "White backlash" has now passed the point of no return, and the White masses have been raised to the level of irrepressible race-consciousness, the Jews and their political hacks have adopted the technique of setting up phoney "pro-White" protest groups at the first sign of possible racial confrontation in a local community. These organizations then systematically thwart any spontaneous moves toward White Power, while simultaneously opposing the legitimate efforts of a genuine racialist movement. In other words, it is a fink operation from top to bottom in the service of the Jewish System and its anti-White program, and one which we can expect to see used with increasing frequency as the growing racial conflict affects every large American city. Finkism can and will be combated. But first it must be recognized.

In Milwaukee the fink operation took the form of a Jew-sponsored outfit, called the "White Power Rangers," which--while stealing the concept originated by Commander Rockwell--deliberately attempted to sabotage and disrupt NS efforts at every turn. Thus, by serving as a Fifth Column for Father Groppi's anti-White agitators, this group did more damage to the White Cause in Milwaukee than the Blacks themselves; and constituted virtually the only opposition the Na-

tional Socialists met there.

The lesson is obvious. Before a successful fight for White Power can be waged, the fink opposition to National Socialism must first be smashed. There is only one path to White Power. That is the path of National Socialism. Anything that obstructs this path, obstructs the achievement of White Power, and must be pushed aside.

Patler's Pals

It is highly interesting to note that those very same Conservatives and States' Righters who did their best to attack Commander Rockwell during his lifetime, continuously trying to stab him in the back, are now the first to assure us--in the face of the most conclusive evidence to the contrary--that John Patler just couldn't have been the cowardly assassin whose hand pulled the trigger on 25 August. And all this while they are still shedding crocodile tears over the man they cursed and reviled during his lifetime. Although we are not at this time suggesting that any of these people had a hand in the assassination, we believe that their solicitous interest in the well-being of their pal, Patler, is extremely suspicious, and we have grave doubts concerning their motives.

Australian Out on Bond

Eric R. Wenberg, who joined the National Headquarters Staff under a special U.S.-Australian NS exchange program, was released from the D.C. jail 28 September under \$5,000 cash bond. He had been ordered deported earlier in the month, and was being held pending an appeal. Wenberg had previously served a 10-day sentence in the Arlington County Jail for "contempt of court" after he had lunged at Patler during a hearing 28 August, shouting, "You filthy assassin!"

Culpeper Trial

Capt Chris Vidnjeovich of Chicago and Douglas L. Niles of Arlington were each given 30-day suspended sentences for "disorderly conduct" by a federal court in Alexandria 5 October. ST Michael Steward was found "not innocent," and placed in the custody of Lt Drager. The charges stemmed from the Army's refusal to permit burial of Commander Rockwell in the Culpeper National Cemetery 29 August.

Anti-NS Discrimination in Armed Forces

The NATIONAL SOCIALIST WHITE PEOPLE'S PARTY has members in all branches of the Service, from Germany to Vietnam. In most instances they serve under fine Aryan officers, and encounter no difficulties because of their beliefs and affiliations. One battalion commander, in fact, was so impressed by the outstanding performance of one Party Member, that he openly stated that he wished his entire unit were comprised of men like this one National Socialist. On the other hand there are non-Aryan officers and NCO's in the armed forces, whose alien racial attitudes cause them to discriminate against National Socialists in their ranks--in complete disregard of proper military conduct. There have been several such cases recently.

Pvt William D. Whitmeyer, who had been with an armored unit in West Germany, was sentenced to three months' hard labor for allegedly disobeying the order of a Jewish CO to stop "propagandizing" among the troops. Whitmeyer was charged after giving a buddy the Swastika

pin he had ordered. The sentence was subsequently suspended, and he has been transferred to a unit near Washington, D. C. PFC Larry M. McIntyre, who was in the same company as Whitmeyer, has also been transferred back to the United States for political reasons.

Meanwhile, Sp/4 Bobby Lee Pace, who had interested himself in the Whitmeyer case, gave an excellent interview to "Overseas Weekly," the publication for GI's stationed in western Europe. Pace is currently stationed near Augsburg in south Germany. As a result of this interview and the publicity surrounding the unjust treatment of Party Comrade Whitmeyer, this Headquarters has been deluged with inquiries from scores of White GI's in West Germany, many of whom have indicated a strong desire to join the Party.

Another GI, PFC James G. DeWitt, was recently punished for trying to pay his last respects to Commander Rockwell at Culpeper. DeWitt was reduced to the rank of Private, and restricted to base for 45 days at Fort Gordon, Georgia.

New Staff Member

George R. Cranford of Silvis, Illinois joined the National Headquarters Staff 30 August. He was formerly active with the Davenport (Ia) unit of the Party.

Nomination

Spencer D. Redfield, Jr. has been named Acting Membership Secretary of the Party. He is also serving as National Secretary of the NSYM.

WANTED: Editor & Printer National Headquarters is in urgent need of both a qualified editor and printer for full-time positions in producing the Party publications. Experience is desired, but not absolutely essential. Those interested should write directly to this office, or call: (703) 534-3476.

ST Uniform

The basic ST uniform has been modified, with black boots, tie, 1½" belt and cap-strap replacing the old brown boots, tie, belt and cap-strap. The khaki shirt, trousers and cap are retained.

NS Demonstration Planned

The Party is planning a public demonstration at the Sylvan Theater on the grounds of the Washington Monument in D.C., starting at 9:00 or 10:00 a.m., Saturday, 21 October. On the same date thousands of Communist Jews, assorted creeps and race-traitors are planning civil disorders in the nation's capital, along with a siege of the Pentagon. We National Socialists shall confront this Red treason, and not allow it to go unchallenged.

We urge a massive turnout of Members and Supporters for this demonstration, especially of those on the East Coast. There will also be activities the preceding Friday afternoon and evening for those who are able to be on hand. Those planning to stay over in the area should be prepared to find outside accommodations, as local zoning ordinances limit Barracks occupancy to Headquarters personnel only. For further information upon arrival in the Washington area, report directly to 6150 Wilson Blvd. in Arlington, or call: 534-3476.

WHITE POWER Newspaper

The second issue of WHITE POWER is scheduled to go to press shortly, and will be released on or around 20 October. WHITE POWER is sent free to all members of the Party, the ST and the NSYM. For all others the rate is \$2 for 12 issues, obtainable from ANP-Dallas.

ST Sale Remittances

All Party Members who have not already done so, are asked to remit \$1.50 for the four STORMTROOPER's sent to them in July. Those who still owe for these magazines have had this indicated on the enclosed dues notice. A deduction for any outstanding amount has already been made in the case of those who had credit.

WARNING: Canadian Provocateur! In the September Bulletin members and supporters were warned to be on guard against attempts by provocateurs to disrupt the movement with lies and rumors. One such attempt has been made by a dubious character from London, Ontario, operating under the name, "Martin K. Weiche," who turned up in Michigan recently. Although he claims to have been an officer in the Luftwaffe and to have met Adolf Hitler in 1945, a preliminary check through the World Union of National Socialists reveals that both claims are fictitious.

College Directories Still Needed

Members and supporters living in a community where there is a college or university are urged to procure a copy of the current school directory for this Headquarters. These directories can usually be obtained through the college registrar, or at a bookstore on or near campus.

Activity of the Month

During October we again ask every Member to take part in a campaign to promote the Commander's book, White Power, and to help make it a bestseller. Carefully pick out local bookstores and libraries, starting with the larger ones. Then systematically approach each of them several times, by phone and in person, with requests for the book. Try to get others to ask the same stores and libraries for White Power. Where there are several members in a locality, it is recommended that they pool their efforts and make a concerted project out of this activity. Four to ten (4-10) requests for a given title within the period of a week or two can give the impression of a sizable public demand for it.

If, after a few requests, a dealer expresses interest in White Power, but doesn't know where to obtain copies, simply refer him to: Ragnarok Press--Box 22071--Dallas, Texas 75222. All others should order their Second Edition copies, hardcover, from ANP-Dallas at \$5.95 each. The book is due for release on or around 15 October.

NSWPP MEMBERS: ALWAYS USE YOUR PARTY NUMBER!

The National Socialist Appearance

Just as there is a "creep" appearance, so there is a contrasting National Socialist appearance. One symbolizes the decadence and degeneracy of the alien Jewish System; the other, the heroic outlook and revolutionary world view of Aryan Man.

A person's inner attitude and philosophy tends to be reflected in his outward appearance: the way he looks, stands, walks. The creep attitude is reflected in Beatle hair, dirty whiskers, long and shaggy sideburns; in effeminate and foppish clothes; in the slouch and in the shuffle--the things one finds in every "peace" march. All of these are the external symbols of a decadence to which National Socialism is unalterably opposed. It is a categorical impossibility for one to be a true National Socialist, and at the same time associate oneself with these degenerate styles and fads of our time.

By contrast, the National Socialist attitude is marked by the shaven jaw and the military-type haircut; by personal cleanliness and sober dress; by erect posture and the firm step--as epitomized by the men who comprised the elite formations of NS Germany.

Every National Socialist must recognize that he is a representative of this movement. The National Socialist movement is judged by the way others see you personally. It therefore becomes a fundamental duty and obligation of every Party Member and every National Socialist to present the finest image to his immediate associates, as well as to the general public.

If we--as National Socialists--claim Aryan superiority, then our own lives must in themselves be proof of this claim. If we--as National Socialists--want a world of decency and discipline, then we must first prove ourselves capable of displaying decency and discipline. If we--as National Socialists--plan to build a New Order in this world, then there must first be a New Order in our own lives--of which our outward appearance will be the finest reflection.

Matt Koehl,
National Leader
