Party Acquires New Headquarters

After months of painstaking effort and negotiations, the Party on 10 May completed transactions in the purchase of a permanent National Headquarters building at 2507 N. Franklin Road in Arlington (just off the 2500 block of Wilson Blvd).

Acquisition of this headquarters facility represents a major step forward for the Party. For the last six months, securing a new headquarters had been assigned top priority in the Party's Second Phase; and realization of this goal is concrete evidence of the permanence, as well as the growth potential, of the National Socialist movement in America.

New NSWPP Headquarters Building and Business Office

We are deeply grateful for the help of all loyal members and supporters who by their dedicated efforts have enabled us to attain this first objective, and especially of those who went way beyond the call of duty in their sacrificial support of this great undertaking. To them we extend a special note of thanks.

The new National Headquarters is in the process of having telephone service installed. In the meantime all calls may continue to be made to: (703) 528-4888

Open House Scheduled

The new headquarters will be formally opened on Memorial Day, 30 May. All Party members, supporters, Stormtroopers and NSYM members *in good standing*, along with their friends, are invited to visit us during "open house" that day between the hours of 2:00 and 10:00 p.m.

Plan your Memorial Day weekend now to include a trip to National Headquarters.

Party News Conference

In recent months the Jew-controlled propaganda media, assisted by certain dissident elements purged from the Party, have been busy peddling stories of an impending demise of National Socialism in the United States. By this time the Jewish line is probably quite familiar to most National Socialists: "Nazi Party has ceased to function," "Rockwell Seems to Have Been One-Time Thing," "Nazi Party Suffering Same Fate as Rockwell," "American Nazi Party Seems Near Collapse," "Nazi Party in America Collapses," "End of our Nazis," etc., etc., *ad absurdum*.

Apparently the hacks who grind out such garbage actually believe their own lies—just like that twirp who less than one month after Commander Rockwell founded the Party in 1959 wrote the first of our many obituaries. With this in mind, National Headquarters on 14 May issued the following press release:

"Officials of the NATIONAL SOCIALIST WHITE PEOPLE'S PARTY (American Nazi Party), founded by George Lincoln Rockwell in 1959, will discuss the formal disbanding of that organization at a press conference at 1:00 p.m. EDT Wednesday, 15 May 1968 at 806 N. Taylor Street in Arlington."

Sure enough, vultures of the Jewish press fell for it—hook, line and sinker! Over 30 newsmen and photographers from all the media showed up at our temporary headquarters on Taylor Street. They were then directed by the Party's Executive Officer, Mr. Robert Lloyd, to our new headquarters on Franklin Road, where they were greeted by a bright-colored Swastika banner, a huge White Power sign and uniformed Stormtroopers and Staff members. National Leader Matt Koehl then emerged and mounted a platform outside the new building, and issued the following unexpected statement:

In connection with a new phase of activity of the NATIONAL SOCIALIST WHITE PEOPLE'S PARTY, we have acquired a new headquarters facility at this location to meet our present expanded needs.

This new headquarters will serve as a command post for organized opposition to the Black rabble in the nation's capital this summer, and to anti-White agitation generally. In a positive way, it will serve as a base, a focal point, for a future White Man's revolution.

The United States is today in the early stages of full-fledged race war. In this crucial situation the Black rabble now holds an initial advantage, because the White Aryan majority of this nation is politically disorganized and powerless. It has consistently been sold out and betrayed by politicians serving minority group interests.

We National Socialists plan to remedy this situation by providing White people with an effective way to oppose Black crime and violence throughout the country, as well as in Washington, D.C. We are prepared to use any and all means necessary to secure the right of White people to access to their nation's capital—Black rabble or no Black rabble.

Should law and order break down in the District of Columbia this summer, and the duly constituted authorities refuse to defend the lives and property of White people residing there, we National Socialists shall proceed to act in such a situation in accordance with our rights under the First and Second Amendments to the Constitution of the United States.

The "disbanding of the Party" was, of course, discussed—but with greatest brevity. The National Leader pointed out to the astonished gentlemen of the Fourth Estate that all thought of disbanding was simply out of the question!

Some Delays

In relocating to the new headquarters there will inevitably be some delays in our normal operations, which we hope to keep to a minimum. Such delays will primarily affect correspondence, the handling of orders and processing of new memberships. We hope to be squared away in this respect by next month.

National Socialist Teacher Dismissed

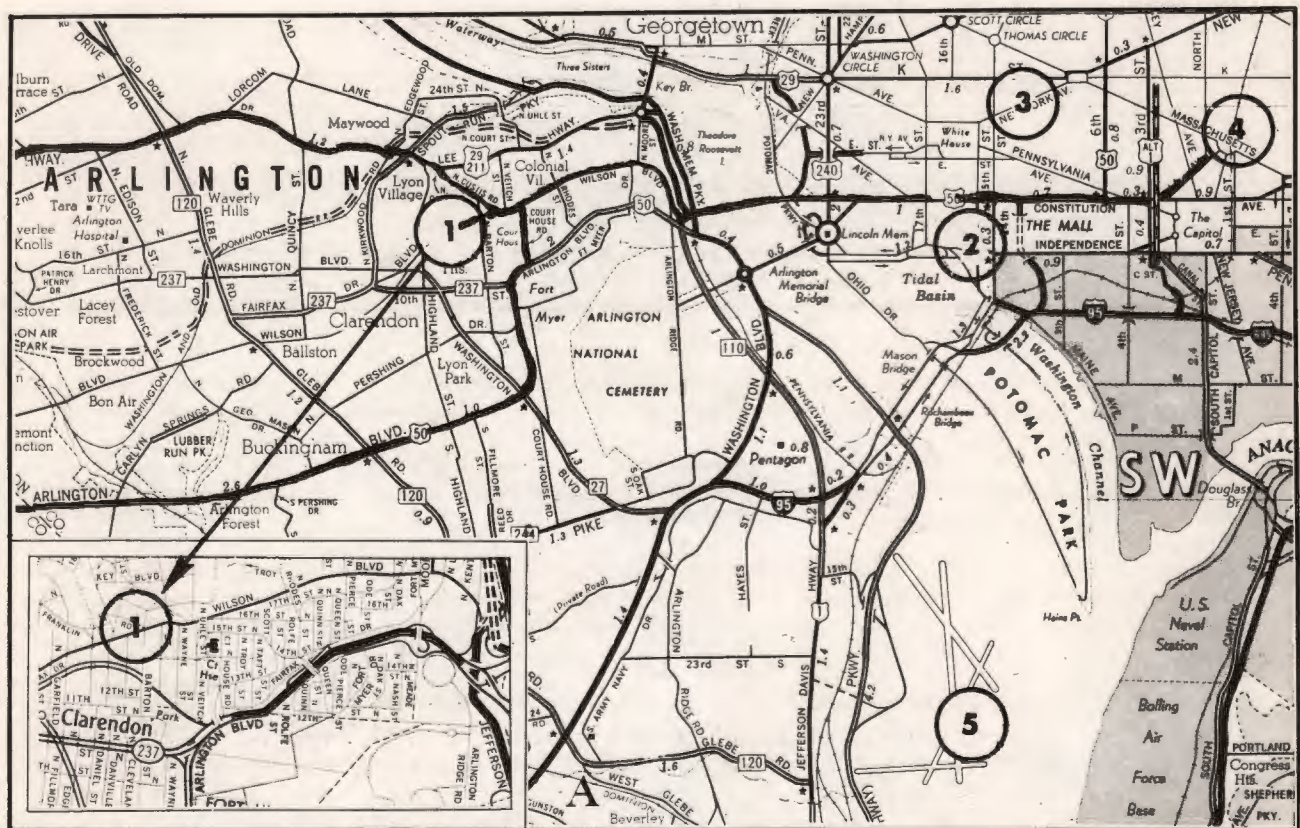

A high school teacher in one Midwestern city, who is a Member of the Party, was fired from his job in the aftermath of the Martin Luther King assassination for giving the following example of the use of the word "wonderful" in one of his English classes: "A wonderful thing happened in Memphis, Tennessee."

White students in the class cheered and applauded. Unfortunately, the protest of Negro parents brought about the teacher's dismissal.

White Power Rally

The Party is planning to hold a rally at the Sylvan Theater of the Washington Monument grounds (SEE map) between 2:00 and 4:00 p.m. Friday, 31 May, to protest the brutal murders in recent weeks of a growing number of White working people by Black savages. Approximately eight speakers will address the rally.

We urge a maximum turnout by Party members and supporters, and suggest that participation in this event be combined with the Open House on the 30th in one grand, Memorial Day weekend trip.

The Brown Shirt

The brown (khaki) shirt has traditionally been associated with the National Socialist movement. Accordingly, the khaki shirt, along with black tie and Swastika armband, has been designated as official dress for *male members* of the Party, either in cotton, tropical or gabardine. This is standard wear for official gatherings and demonstrations of the Party, such as the forthcoming rally and Open House.
