National Socialist White Peoples Party AND THE National Socialist Youth Movement

No. 21

1 July 1968 YF-79

"If we were to divide mankind into three groups, the founders of culture, the bearers of culture, the destroyers of culture, only the Aryan could be considered as representative of the first group."

(MEIN KAMPF, Vol. One, Chap. XI)

White Power Message a Great Success

The newly installed *White Power Message*, which was described in the previous Bulletin, has already experienced such widespread popularity in the Washington metropolitan area that additional service has been arranged with the telephone company.

Additional service was required because of the overload on the one line, making it impossible for 70% of the callers to hear the message. The new installations will eventually enable us to receive up to ten calls at once and reach nearly 50,000 people each week with our messages.

The true effectiveness of the *White Power Message* was revealed by the reaction of the Jews to it: within a week of its installation, they had done everything from harassing the telephone company to making official complaints to the Federal Communications Commission in an effort to have our service cut off. The Jews ran up against a stone wall, though. Our right to the telephone service is entirely legal, and there was nothing they could do to stop it!

Counter-pressure was applied to AT & T and FCC officials as soon as Party leaders learned what the Jews were up to. In one case, an FCC bureaucrat was called at his home during supper for a long interview by an NS newspaper reporter who put him on the spot with his questions about *why* the FCC was trying to have the National Socialist message service discontinued and *what right* the government had to do this. Finally, the Federal "limp wrist" had to admit that there was nothing illegal about the message service and that there was nothing the Federal Government could do to stop it.

The *White Power Message* has proven to be one of the most successful ventures the Party has ever undertaken. If you would like information on setting up the *White Power Message* service in your locality, contact National Headquarters for details.

NOTE: Due to the additional service required for the *White Power Message* the number has been changed. It is now (703) 528-4361.

National Socialist Challenges Forced Housing

On 22 June, National Socialist John Hislop attended an Arlington County Board meeting which was scheduled to vote on a forced housing measure designed to bring a flood of Blacks into Arlington's White communities. When the time came to discuss the proposed ordinance, Hislop stood up, shouted defiantly that the forced housing law was illegal, and demanded that the meeting be disbanded. An altercation between Hislop and the board members, who were joined by numerous Negroes and Jews attending the meeting, was on the brink of getting out of hand when police were called into the hearing room. As soon as one of the board members could be heard, he announced that he agreed with Hislop that the law was illegal, and he and another board member walked out!

Due to the charged atmosphere in the meeting hall, the remaining board members announced that the rest of the meeting would be held behind closed doors. After the public had been excluded, the liberal clique *passed* the forced housing ordinance.

As soon as the chief prosecutor of Arlington learned of the passage of the ordinance, he disclosed that he was in agreement that the forced housing law was illegal, and that he would *not* enforce it!

The National Socialists were the only opposition to this underhanded act by the traitors on the Arlington County Board. All Party supporters are urged to follow Mr. Hislop's example in opposing anti-White legislation in every community in America.

Supervised Literature Distributions in Nation's Capital

Supervised literature distributions continue each week in the nation's capital. Members and supporters are urged to take advantage of this opportunity to gain experience from a Headquarters Staff Member in this valuable form of public activity.

There will be a distribution each Sunday. Participants should call National Headquarters on or before 10:00 a.m. of the morning they would like to distribute. The number is (703) 524-2175.

Anyone distributing literature must dress appropriately: dark trousers, clean dress shirt with a "White Power" button over the left pocket. Necktie is optional.

New Emphasis in Party Activities

In line with the Phase Two objectives of the Movement (see the National Leader's editorial in December issue of *White Power*) the Party has in recent months consolidated all departments at National Headquarters. In addition, key personnel from local units around the country have also been transferred to Arlington.

The concentration of talent and effort at National Headquarters is not without precedent in the history of the National Socialist movement. In *Adolf Hitler: A Short Sketch of His Life*,* Phillip Bouhler writes: "The governing principle now adopted for the development of the Movement was that it should first acquire for itself a position of power and influence in one center before it started to spread out and form district branches. The Party had to expand organically. For a long time, therefore, Hitler confined His activities exclusively to Munich, before taking in hand the task of forming local groups outside."

In Vol. One, Chap. XII of *Mein Kampf*, Adolf Hitler emphasizes the need for providing a solid base from which to launch a revolutionary mass movement. The Fuehrer teaches us: "The geopolitical significance of a focal center in a movement cannot be overemphasized. Only the presence of such a place, exerting the magic spell of a Mecca or a Rome, can in the long run give the Movement a force which is based on inner unity and the recognition of a summit representing this unity."

Party members and supporters who have few ties with the community in which they are now dwelling are urged to plan to move permanently to Arlington. As Hitler teaches us, we must concentrate on building a focal point for the Movement. If you would like to be a part of this vital step in the Party's development, contact the National Headquarters.

*Available from NS Publications for \$1 per copy.

New Leaflet Available for Mass Distribution

The Party has prepared a new flyer similar to the "Special Rights for Blacks?" leaflet. It will be appropriate for distribution anywhere in the United States. The new flyer is available at 500 for \$5 from NS Publications.

New Photos and Wall Poster

NS Publications has announced that it has available matching photographic reproductions of Adolf Hitler and Commander Rockwell. The price of the 8 x 10 photos is 50¢ each.

The wall poster is an amazing blow-up of a striking photographic portrait of Adolf Hitler. The prodigious size of this picture makes it an inspiration to anyone who views it. The price of the poster is \$1.50. Both photos and the poster should be ordered from NS Publications—Box 5505—Arlington, Va. 22205.

Contributions for National Headquarters

Contributions to the Party should be sent directly to National Headquarters whenever they are taken up at a meeting. No contributions should be taken up at a meeting of less than four people. When donations are taken up from a group of people, the total amount must be clearly disclosed to everyone present, and then sent to Headquarters forthwith.

Contributions can also be made to a Headquarters Staff Officer whenever one is visiting your locality. If in doubt whether you should make contributions to someone on the Party Staff, call Party Headquarters (703) 524-2175, and check with the Executive Officer or the National Leader. National Headquarters should be advised of all unauthorized solicitations.

Activity of the Month

In July members and supporters are asked to distribute the Party's latest leaflet "Special Rights for Black Savages?" in their locality.

Here are six good ways to distribute these leaflets in large quantities:

- (1) Hand them out to people on the main streets of your town. The best times for passing out leaflets hand to hand are the rush hours when people are going to and getting off work. Saturday afternoons are also a good time; many people are out on the streets shopping.
- (2) Leaving them on door steps early in the morning is another efficient method. Do not put leaflets in mail boxes. Some of our members report great success in putting the leaflet in with people's Sunday morning newspaper. (The leaflet is printed on the same type paper as most newspapers.)
- (3) A person can easily pass out 500 leaflets in less than an hour by putting them on the windshields of automobiles in shopping center parking lots and factory parking lots. It is advisable to tuck the leaflet under the windshield wiper so it will not blow away.

(4) Leaflets can be handed out quickly outside of theaters which are showing popular movies on Saturday nights.

(5) Many bartenders will permit our leaflets to be handed out in their bars. Be sure to get the bartenders' permission before handing leaflets out and avoid altercations with carousers. Bars which are frequented by working men are best.

(6) One of the best ways to hand out leaflets is to find out the times that factory workers and bus drivers change shifts so you can be on hand to give each one a leaflet.

We have always found that the best response to our literature comes from the working people. In all cases, it is best to avoid Blacks and not give them a leaflet, even if they ask for one. If they persist in asking for leaflets, just tell them, "Whites only," or "You don't qualify."

It is generally a good practice to check the law in your community as it relates to the distribution of political literature.

Do not delay in ordering your handbills. They are available at cost—500 for \$5—from NS Publications. This handbill is ready for *immediate* delivery.

The information in this tract is particularly timely. To an increasing degree, the NSWPP is the only organization which reflects true public opinion. This is evident by the nearly unanimously favorable response of the people who receive our leaflets. Be sure to let us know at National Headquarters what the reaction of the people in your locality is to this leaflet.

Smear Attempt: A sly attempt to smear the Party and its leadership will be made shortly by persons associated with Commander Rockwell's murderer in the form of a cleverly contrived form letter. This newest attempt is in accordance with the deliberate policy of the Jewish Defamation League (ADL) to destroy the Party by attacking its leadership. The Party is fully alert to these designs, and this latest attempt will fail as have all others in the past.

Heil Hitler!
