BULLETIN

OFFICIAL INTERNAL ORGAN OF THE
National Socialist White Peoples Party AND THE **National Socialist Youth Movement**

No. 24

15 August, 1968 YF-79

"...For the few idealists ready and willing to sacrifice their very lives in the Cause of their people, National Socialism must be a very religious ideal—a striving toward God."

(Commander George Lincoln Rockwell, *White Power*, Chap. XV)

Commemoration of Commander Rockwell's Martyrdom

On 25 August, National Socialists will observe the first anniversary of Commander Rockwell's murder with appropriate memorial services. The National Leader has called on all loyal National Socialists across the country to commemorate this date by fasting from midnight, 24 August, to midnight, 25 August.

Party Members and supporters in good standing are invited to National Headquarters to attend the services to be held in the Commander's honor. Those sending floral arrangements should have them delivered the morning of 25 August, and visitors should arrive no later than 11:00 A.M. During the ceremony, parents should make other arrangements for the care of their children.

Party Address at Sociology Seminar

Dr. William L. Pierce, the Party's Ideological Officer, addressed an audience of sociology majors on 5 August at George Washington University, in Washington D.C. Dr. Pierce spoke for over an hour and a half, giving most of the students their first exposure to the National Socialist philosophy. He also described his own discovery of National Socialism and how he uncovered the truth about Adolf Hitler. In the days following his talk, such interest and controversy built up around the subject of National Socialism that the sponsoring professor contacted the NSWPP requesting a tape of the address to play before an audience of GWU students.

There have been a number of inquiries from the University since Dr. Pierce's visit.

More NS Action in Los Angeles

On 14 August, members of the NSWPP in Los Angeles were led by Joe Tommassi in a demonstration at City Hall against Blacks who were crowding the City Council Chamber protesting "police brutality." Black guerrillas in Los Angeles have been sniping at LA policemen daily for the past three weeks in an effort to foment another "Watts." The Blacks were angry that the police had taken measures to defend themselves.

Blacks threatened an attack on the NSWPP demonstration, but it failed to take place.

The Party demonstrators were cheered by many passing White motorists and pedestrians and were congratulated by some policemen.

Readers of the *NS Bulletin* are asked to cut pictures from their local papers which are suitable for Party publications. Pictures of prominent, nationally-known Jews, Negroes, and other public figures should be sent to Party Headquarters at 2507 North Franklin Road, Arlington, Virginia 22201. Please do not fold the pictures, and mark the envelope "DO NOT BEND."

It is essential that National Socialists fully understand the role which armed self-defense will play in the political future of the United States. Black militants do not contemplate a peaceful renovation of our social and economic system when they talk about the Black Revolution. Instead, what they plan is a violent and bloody upheaval and the massacre of millions of Whites. The first buds of the coming war can be seen in the numerous urban riots which span the nation. Unless our Race prepares for the conflagration ahead, the great majority of us will be brutally eliminated.

The federal government has and will do everything in its power to see that Whites are disarmed. National Socialists *must* arm themselves and as many other White men who can be found to fight in the coming war—while there is still time.

NS Arms will ship out guns as quickly as we get them, so that you and your families can become familiar with your weapons. You should not delay in becoming proficient in their use.

No Orders to Spotsylvania

In the past few weeks, some Party supporters have complained of not receiving orders or receiving only part of their orders, when they sent money to a bootleg mail-order business operating from Spotsylvania, Virginia.

Now that National Socialism is showing signs of success in this country, a number of strictly money-making rackets, like "Lt. Al Gray" and "Sons of Liberty," have been set up to milk the funds of unsuspecting patriots. One can avoid assisting these bogus operations by dealing strictly with the legitimate organization founded by Commander Rockwell, the National Socialist White People's Party, and its sales subsidiary, NS Publications.

The NSWPP cannot be held responsible for orders placed with any organization other than NS Publications.

Heil Hitler!
