BULLETIN

OFFICIAL INTERNAL ORGAN OF THE
National Socialist White Peoples Party AND THE **National Socialist Youth Movement**

No. 33

1 January, 1969 YF 80

"Everything on this earth is capable of improvement. Every defeat can become the father of a subsequent victory, every lost war the cause of a later resurgence, every hardship the fertilization of human energy, and from every oppression the forces for a new spiritual rebirth can come—as long as the blood is preserved pure."

(MEIN KAMPF, Vol. One, Chap. XI)

New NS Leaflets on More Campuses

Newly-written leaflets published by the NSWPP have been widely distributed on more than a score of campuses across the country in recent weeks. Student response to the leaflets has ranged from obscene and violent threats to requests for membership and more leaflets. A significant response has been noted at San Francisco State College, College of San Mateo, Kent State University, and the University of Akron.

Party Members and Supporters should order great quantities of the new "Had enough, Whitey?" leaflet and distribute them on local campuses. These leaflets are available from NS Publications, Box 5505, Arlington, Virginia 22205, for \$5 per 500. Two more leaflets are planned.

Police Reaction Favorable

White policemen are found to be in agreement with the new "Had enough, Pig?" leaflet. From points across the country where Party activists have distributed it to their police departments, a favorable response has been indicated. In one case, a police lieutenant on one of the largest forces in the Midwest called Party Headquarters and ordered 1,000 police leaflets for distribution to White patrolmen.

National Socialist activists should continue putting Party literature into the hands of their policemen. The "Had enough, Pig?" leaflet will continue to be available from NS Publications. Another leaflet for policemen will be published in the near future, but until it is sure that all White policemen in your community have read "Had enough, Pig?"

White Power Message in Canada

The Canadian National Socialist Party recently secured its first *White Power Message* service in Toronto. Mr. John Beattie, National Leader of the CNSP, is using the message service to alert Canadians to the Jewish control of Canadian finance and government.

For the first time, the CNSP is capable of reaching Torontoans with the truth about National Socialism, just as the NSWPP reaches thousands each week in the Washington area. The CNSP message service received national publicity as soon as it was announced by Mr. Beattie. As a result, the line is busy around the clock, even in the hours between midnight and dawn.

One of the first messages recorded by the Canadian National Socialist Party exposed the kosher-food racket. This aroused a torrent of rage from the Jews. In spite of enormous pressure brought against the telephone company and agencies of the Canadian government which administer communications laws, nothing could be done to stop Mr. Beattie's messages.

The NSWPP congratulates the CNSP on its success in securing the White Power Message in Canada and hopes that Mr. Beattie will be able to add enough additional lines to his message service to handle all calls.

White Power Messages for Three More Cities

The Party's White Power Message is due to be installed in three more cities across the country in a few weeks. Party representatives in Racine (Wis.), Cincinnati (O.), and Tampa (Fla.), have met location requirements for the units and are now taking pledges from Members and Supporters in those localities for the financial maintenance of the service. If you live in one of these areas, you will be contacted by a Party representative. Please give him all possible assistance in subsidizing the White Power Message for your area.

Within a few days of publication of this issue of the *Bulletin*, the White Power Message service will be installed in Chicago, Illinois. Members and Supporters in the immediate Chicago area are urged to help support this powerful propaganda medium.

NS Calendars

Don't fail to order an NS Anniversary calendar before the year gets too old. This handsome calendar is dedicated to the 80th birthday of Adolf Hitler, the 50th year of the National Socialist Movement, and the 10th year of the National Socialist White People's Party and is illustrated with a large reproduction of an original chalk drawing of Adolf Hitler. The Anniversary calendar is available from NS Publications at \$2. The supply is limited.

Activity Reports

The response of Members and Supporters to the newly-announced Activity Reports indicates that greater activity can be expected in 1969 from National Socialists. A large percentage of sample Activity Reports, which were sent out as samples with the 15 December *NS Bulletin*, were returned within a few weeks with reports on the local activities. This is encouraging in view of the indifference of many Members and Supporters towards Party work in the past.

There were still a few people who complained that they could do nothing in the form of action for National Socialism. It is true that some people can do little more than contribute a portion of their income to the Party to fulfill their commitment. But even people with sensitive, high-paying jobs can in some way influence the opinions of some in favor of National Socialism, or do some other regular work for the advancement of the Cause. Perhaps such people can do no more than write letters to their editor or mail out Party literature to select groups of their fellow citizens. A creative imagination will find a way to serve the Cause, if the will exists to do so.

From this month on, Activity Reports will be included with the first issue of the *NS Bulletin* for each month. Starting next month (February), the regular filing of a monthly Activity Report will be expected of all Members and Membership Candidates. Official Supporters are urged to send in Activity Reports too, especially those who intend to become Party Members in the future.

Activity Reports will provide an efficient, regular method for Party activists to keep the organization informed of their work. Whenever an exceptionally clever idea is reported by a Member or Supporter, it will be passed on to readers of the *NS Bulletin* for use in their own communities.

Notice on Applications and Cards

Many Party Members who received the new NSCO application in December have filled them out and sent them in, even though they do not intend to pursue membership in the National Socialist Central Organization. Unless you are unequivocally prepared to submit to any order of the Party leadership and donate at least 10% of your gross monthly income, you are not prepared for admittance in the NSCO and should not apply at this time.

Members and Official Supporters will be receiving their new Party cards sometime this month. Those who do not receive theirs can assume that there is something keeping them from full qualification as a holder of a Party card: some prerequisite has not been met, e.g., their financial commitment has not been upheld, they have not submitted the required photographs, etc.

Warning

Readers of the *NS Bulletin* have previously been warned about a right-wing profiteer by the name of James Konrad Warner. Warner has passed himself off as everything from Hofgod (priest) in the Odinist Religion to Wallace campaign organizer. Members and Supporters will remember his Hollywood "Nazi Party" which folded after several thousand dollars had been squeezed from that gimmick. Warner's single consideration for the schemes he spins is the amount of cash that can be wrung out of right wingers and others.

"Dr." Warner's last association was with Karl Allen's front group, the "White Party of America." Thanks to thorough exposure in the *NS Bulletin* of Allen's Jewish backers, his "White Party" has been abandoned by Jewish support and has "folded" for all practical purposes. But Warner has undertaken fresh efforts to bilk the unsuspecting with the sale of Swastika jewelry and reprints of early Party literature, including articles written by Commander Rockwell. These are peddled under the name "Sons of Liberty."

Warner has milked too much money from loyal Party Members and Supporters. The sale of Commander Rockwell's articles by this mercenary is a defilement of his memory. Therefore, the purchase of literature or regalia from Warner or any of his fronts, including "Sons of Liberty," will be considered an act of disloyalty to the Party. Members and Supporters should be alert for Warner and inform other sympathizers who might be on his list that he is nothing more than a greedy fraud.

Sure Sign of Success

Below is an article reproduced from the largest Jewish newspaper in the U.S., the *American Examiner*. It should be noted that the *American Examiner* is not just another Jewish-controlled paper for goy consumption; it's a real Jew paper! Immediately following the logo on the front page is the byline, "Combining the Jewish Examiner and the American Hebrew," and the proud boast, "America's Largest Independent Anglo-Jewish Weekly."

Success of the Party's widescale literature distributions in recent months is proven in the last paragraph of the article.

Swastikas Identify "Far-Out" Hate Mongers

By JAMES H. SHELDON

If you phone a number advertised in right-wing papers in the Washington area, you will hear a recorded "hate message" urging freedom for Rudolf Hess, Hitler's Deputy Fuehrer who was sentenced to life at Nuremberg and is now imprisoned at Spandau. Hess, one of the earliest members of the Nazi Party, was also the man closest to Hitler—until he finally decided that all "Aryans" should stick together and went off to England to try to persuade the British, toward the end of the war, to change sides and merge their armies with Hitler's.

The voice on the phone advises that "Jews all over the world fly into a frenzy of rage" when the idea of pardoning war-criminal Hess is mentioned. The listener is urged to write to his Congressman and Senators, supporting Hess' freedom, and to send a self-addressed envelope to a Virginia

address to receive a supply of "Free Rudolf Hess" stickers.

This hate message center is operated by an outfit called the National Socialist White People's Party (also known as the American Nazi Party). The message is changed from time to time. During the summer it consisted of scurrilous attacks on Justice Abe Fortas. The use of such scurrilous propaganda techniques as recorded phone messages is just an indication that the American Nazi Party, unfortunately for good citizens, did not die with the late self-styled Leader, "Commander" George Lincoln Rockwell.

The emblem is still the swastika—and the major publication is still *The Stormtrooper*. A new and even more violent publication, called *White Power*, is being issued—and somehow a new headquarters building has been assured in Arlington, Virginia.

The alarming thing about this organization is that it is openly Nazi. Its members wear swastika armbands (for which each must pay \$3.00) and some of them are given paramilitary titles and uniforms. Headquarters rooms are

decorated with photos of Hitler and Rockwell, and big swastika signs. Literature lists urge readers to buy copies of *Mein Kampf*, the *Protocols of the Elders of Zion* and similar anti-Semitic and anti-democratic material, including "a circular exposing the kosher food racket."

Warnings to "reliable" people currently include a price list of pistols, automatic guns and other armament. "Stock your home now with weapons for the coming race war," readers are advised.

The general propaganda line is anti-Jewish and anti-Negro. A front-page article in *White Power* features pictures of Dr. Martin Luther King and Senator Robert Kennedy, with the heading "Two Examples of White Race Die." The *Stormtrooper* devotes a page to a picture of an early Hitler rally in Germany, spends two pages reporting the development of a related neo-Nazi movement in Australia (whose platform calls for the separation of Jews) and boasts of the Karate abilities of one of the "stormtroopers." There are also reports of sundry legal troubles encountered by members in "demonstrating" here and there

—one case from Maine, and another from California.

It is true that the actual membership of the American Nazi Party (or to use its other title, the National Socialist White Peoples Party) is very small. Yet, it gets money with which to operate, and it achieves an unjustifiably large amount of publicity. When you add to that the violent language and the sale of armaments, you have a situation capable of causing real trouble—and a kind of agitation which is almost certain to lead many unbalanced youngsters into violent attacks upon their neighbors, or upon places of Jewish worship.

The dangers presented by such organizations as the American Nazi Party and the NSWPP are not to be found in their numbers, but rather in the comparatively great quantity of printed matter which they circulate, and the effect which contact with such outfits may have upon many disoriented and weak-minded youngsters. It is here that we should look for the makings of neighborhood "hate gangs"—and the kind of vermin who go about smearing swastikas and burning houses of worship. When violence is mixed with consciously spawned hatred there is a clear and present danger, even if the numbers involved are small.

Activity of the Month

The crisis in the Middle East becomes more explosive every day. There is a better-than-average chance that the Jews will try to involve the United States in another unpopular war in the year ahead. The Party must alert Americans to our position on the Arab-Jewish conflict. A new leaflet has been prepared and should be given the widest possible distribution in your locality in the month ahead. A sample of the new "STOP THE SLAUGHTER" leaflet is enclosed. Bulk quantities should be ordered immediately. Distributions should concentrate on the following special groups:

1. **Arabs.** Locate Arab restaurants and businesses in your community and see that they get copies. If there is a sizeable population of Arabs, they will probably have their own club or society. Learn the president's name and see that he gets a few leaflets.
2. **Newsmen.** The Middle East is "hot" news. Therefore, newsmen may give consideration to our position. In addition, some newsmen will find our anti-war policy for the Middle East a sharp contrast to our total-war stand in Viet Nam and will consider this topic in itself newsworthy.
3. **University students.** "Peace" has been one of the principal themes pushed by Jews on behalf of the Reds in Viet Nam. With war in the Middle East a good possibility, these Jews will undoubtedly reverse themselves, since peace would prevent their Hebrew brothers from grabbing more Arab territory. It is important that we put these Jews on the defensive *right away*. As the Jews' war hysteria grows, many Gentile liberals will find themselves disillusioned with the so-called peace movement.

Report your literature distributions in your Activity Report.
