No. 37

7 March, 1969 YF 80

"I still remember the difficulties one encountered if one so much as uttered the word Jew. Either one was stupidly gaped at, or one experienced the most violent resistance. Our first attempts to show the public the real enemy then seemed almost hopeless, and only very slowly did things begin to take a better turn."

White Power Message In Racine, Wisconsin

The NSWPP's White Power Message has been extended to another municipality. As of 3 March the service officially opened in Racine, Wisconsin. In recent months, Racine has been the center of one of the Party's most active units. Numerous literature distributions on the campuses of Wisconsin colleges and universities have been organized and carried out by the Party's representative in that area, Mr. John P. Reading. The number of the Racine White Power Message service is (414) 637-9220.

An additional line has been added to the new White Power Message service in Los Angeles. The number of the WPM in Los Angeles has been changed to (213) 443-4244.

Washington's Birthday Literature Distributions

On February 22, George Washington's birthday, National Socialists in the Washington area distributed thousands of "The Real Problem in D.C." leaflets to pedestrians in the Washington metropolitan area. The 22nd of February was also designated "Malcomb X Day" by the D.C. Blacks. Consequently, Negroes were more frenzied than usual when National Socialists arrived in the District to distribute. Twenty-seven Party supporters passed out the leaflets until a near riot developed. The distribution was filmed and shown on local television news that night. In addition, a film of the distribution was made by a visiting news team from Holland for television broadcast in Belgium and the Netherlands. A news film of the actual behavior of America's Blacks should be a real eye-opener for Europeans who've been fed a steady stream of lies about Negro equality without any chance to see Negroes for themselves.

Meanwhile, in Alexandria, Virginia, directly across the river from Washington, another distribution took place at a Washington's Birthday parade. Large quantities of some leaflets were passed out along the crowded parade route. After the distribution, a group of Party distributors was attacked by Negroes. When the Black started hurling bricks, the National Socialists retaliated with tear gas. Four Party supporters were taken into custody by the police for gassing the Blacks, but were soon released for lack of evidence. Warrants were sworn out for several of the Black attackers.

White Power Message Advertising

In order to give the telephone numbers of the new White Power Message units in other parts of the country maximum circulation, the number will be printed on all leaflets ordered for distribution in areas which have acquired the service. Special printing of area White Power Message numbers will begin immediately and will cost nothing extra. However, there will be a three to five day delay in the delivery of special printed leaflets because of the added time required for this work.

In addition, an attractive wallet-sized card giving the number of the WPM and address of Party Headquarters will be printed at a cost of \$2 per thousand. All units should purchase literature in large quantities to make the special printing worthwhile. Price reductions will be allowed on orders of 5,000 or more leaflets of one kind. Requests for special prices should be accompanied by a stamped, self-addressed envelope.

On 26 February Mr. Robert Lloyd, Executive Officer of the NSWPP appeared on WAJA television in Miami for an interview with Harold Dole on Talkback 23.

The major part of the interview dealt with the Jewish nature of communism, which was thoroughly documented for the television audience. Other high points in the interview included the hypocrisy of democracy, which is supposed to be government by the majority but which in reality is government by minority tyranny, and exposure of the irresponsibility and control of the news media in America.

The interview was repeatedly interrupted by insults and tantrums by the interviewer, Mr. Dole, whose conduct is mentioned in the following article by Jack Anderson, which appeared the following day in the Miami Herald.

Mark No. 2 Nazi's Appearance

Miami Herald Feb. 28, 1964

FOR A WEEK, Miami's UHF station, WAJA-TV (Ch. 23) has been getting hell by telephone and mail for inviting an American Nazi to come in and be interviewed by its Harold Dole.

A Nazi did appear Wednesday night but not, as previously announced, the Mr. Big of the movement — Matt Koehl, the national commander. He couldn't keep the date.

Instead, from party headquarters in Arlington, Va., came Robert A. Lloyd III, who is billed as Koehl's executive officer.

Lloyd, a handsome, blond, well scrubbed professional bigot, and Dole went the rounds for 90 minutes in a noisy conversational exchange that threw more darkness than light on the home-grown Fascist movement.

Lloyd seems to be something of the American Nazis' Josef Goebbels, who was Adolf Hitler's propaganda expert, but without that little monster's bawling capacity for oratory.

He carries under a well tailored arm a bundle of books and pamphlets, some from congressional sources, which he believes document such boneheaded utterances as "Communism is a Jewish movement" and Hitler's extermination of most of Europe's Jews is "a red herring."

There should have been no difficulty at all in knocking over the swastikas in Lloyd's bowling lane but Dole lost

his cool. He lapsed into a tantrum of name-calling and abuse. And to make matters worse, he was doing a bad impression of William F. Buckley Jr.

I can understand Dole's detestation for the man. But a loss of temper was no way to cope with a guy who sits calmly mouthing racial absurdities as if they were sacred articles of the U.S. Constitution.

Not a strand of his blond hair got out of place as he sat saying these things with the imperturbability of a small boy reciting "Little Jack Horner." Only a mentally sick onlooker with a mental retardation could take him seriously.

The interview, by the way, drew no pickets or others bent on disrupting the broadcast to the studio, which was kept under police and FBI surveillance. But a lot of angry viewers kept the switchboard hot.

The only brief disruption was a foul-up in the station's control room. Two sound tracks overlapped each other to create about five minutes of opening bedlam.

Mr. Lloyd's Florida tour included meeting with Members and Supporters in Tampa and several other Florida cities. Preparations were undertaken for the installation of the White Power Message in three Florida areas.

Party Publications Out Next Week

The ideological journal of WUNS, *NATIONAL SOCIALIST WORLD*, and the Party newspaper, *White Power*, are now in final production and will appear sometime next week. Members and Supporters should plan to buy bulk quantities of the newspaper to distribute to their friends. Extra copies of *NATIONAL SOCIALIST WORLD* should be purchased to contribute to local libraries to introduce them to this excellent publication.

Youth Conference Scheduled

"Campus and High School Activities of the National Socialist Liberation Front" will be the topic of a special conference for all National Socialist students early next month. This urgent meeting has been called to plan the Party's school offensive for the coming spring.

The meeting will take place during the Spring vacation, April 6 and 7 in Arlington at a location immediately accessible to National Headquarters. All Party Members and Official Supporters who are full or part-time students are advised to arrive at National Headquarters by 10:00 a.m. on April 6 for the first meeting which will convene promptly at 11:00 a.m. All Members and Supporters who are interested in working with students in their areas, or who are already working on a student program are invited to attend.

Make your plans now to be in Arlington for the student conference on April 6 and 7. Fill out the enclosed questionnaire and return it by March 20.

Activity of the Month

Enclosed is a new leaflet and application form for the National Socialist Liberation Front. In the language of contemporary students, the leaflet explains the need and purpose of the NSLF. There is an application for membership in the NSLF on the reverse side of the leaflet which can be filled out by those students who would like to join.

The National Socialist Liberation Front is urgently needed on America's campuses to counteract the poisonous influences of the SDS and other Marxist-oriented groups, and to build the liberation forces for White America. Anyone who has visited a college campus in the last few years can attest to the immediate need for the NSLF. Many of the young people in our universities and high schools who are now marching in the ranks of the Left are completely sound racially, and motivated by a sincere desire to build a better world. Until now, there has been nowhere for young revolutionaries to turn except to our enemies.

In order to help make students aware of the Jewish influence being exerted over all other campus political movements and to make them aware of the position of the NSLF, this leaflet and application have been prepared.

Order leaflets in sufficient quantities to cover all the colleges and high schools in your area. Put them under the doors of class rooms, on bulletin boards between trays in the cafeterias and pass them out to students on the campuses and in the halls.

Order leaflets from NS Publications, Box 5505, Arlington, Virginia, 22205, at 500 for \$5.

Report this activity as early as possible in April.
