*"Every deed in the grand manner on this earth will in general be the fulfillment of a desire which had long since been present in millions of people, a longing silently harbored by many. Yes, it can come about that centuries wish and yearn for the solution of a certain question, because they are sighing beneath the intolerable burden of an existing condition and the fulfillment of this general longing does not materialize. Nations which no longer find any heroic solution for such distress can be designated as impotent, while we see the vitality of a people, and the predestination for life guaranteed by this vitality, most strikingly demonstrated when, for a people's liberation from a great oppression, or for the elimination of a bitter distress, or for the satisfaction of its soul, restless because it has grown insecure—Fate some day bestows upon it the man endowed for this purpose, who finally brings the long yearned-for fulfillment."*

## Leaflet Bombardment of Nation's Capital

A flood of National Socialist leaflets was dropped from an unidentified airplane over Washington, D.C. and part of Virginia and Maryland on the evening of April first. Police and news media officials estimated over 100,000 leaflets were dropped. Reports reached Headquarters that the following leaflets were rained on Washington and its suburbs: "Heah Come de Reverend," a new Party leaflet about the criminal record of Ralph Abernathy, "Stop the Slaughter," a leaflet demanding an end to Jewish aggression in the Middle East, "Had Enough, Whitey?" a leaflet for White students fed up with Black terrorism in America's colleges, "The Real Problem in D.C.," and "Special Rights for Black Savages."

### THE METRO SCENE

## White Power Leaflets Dropped on Suburbs

Leaflets printed by a white power group in Arlington were dropped over Washington suburbs yesterday by a light plane, bringing a rash of complaints to police in Montgomery County and Alexandria.

The anti-Negro leaflets were listed as coming from the National Socialist White People's party, 2507 N. Franklin Road, Arlington. The leaflets gave a number to call for a "White Power Message."

The group is the former American Nazi party. A spokesman today had "no

comment" about use of a plane except to say it was "a valiant way to distribute leaflets to a public denied access by the newspapers."

Robert Lloyd, executive officer of the organization, said he "had heard that over 100,000 were dropped" but refused to say whether his group was responsible.

A Federal Aviation Administration spokesman said an effort was made to track the plane by radar without success. A legal aide there said the dropping of leaflets did not violate federal safety laws.

In less than half an hour after the leaflet drop, news of the incident was broadcast on the nation-wide "Huntley-Brinkley Report." In addition, the story made major headlines the next day. Although there was no evidence connecting the NSWPP with the leaflet drop, angry Jews demanded an investigation by the Federal Aeronautics Administration to determine the identity of the pilot who made the flight. FAA officials declined to investigate on the grounds that they have no laws outlawing dissemination of literature by airplane. The only laws violated, according to Washington, Maryland and Virginia police departments, were local littering ordinances which carry a maximum \$50.00 fine. Consequently, they also declined an investigation.

Although the NSWPP does not ordinarily sanction violations of the law, it nonetheless admires the ingenuity and daring of the authors of this plan. Any method of disseminating truthful news to the public is justified by the existence of the controlled anti-White press in America.

### **80th Birthday of the Fuehrer to be Celebrated**

April 20th will be the 80th birthday of Adolf Hitler. Commemoration of this date will be observed at National Headquarters. Party Members and Official Supporters on the Eastern Seaboard who would like to attend the celebration of our Fuehrer's 80th year are welcome. Those planning to attend should arrive at National Headquarters by noon on Sunday, April 20. Those who cannot attend the Fuehrer's birthday celebration in Arlington would perhaps like to plan their own commemoration of this day. To those it may be of interest that the Fuehrer's birthday was celebrated by faithful National Socialists in Germany by decorating their front doors with a green wreath and flowers on the 20th.

### **Special Adolf Hitler Commemorative Card**

A handsome lithographed card commemorating the 80th birthday of Adolf Hitler is now available. An Adolf Hitler card is an excellent way to remind your friends and comrades of this joyous day.

The Adolf Hitler card is accompanied by a matching envelope. Cards are available from NS Publications, Box 5505, Arlington, Virginia, 22205 at five for \$1.00, twenty for \$3.00, or one hundred for \$10.00.

Order now to insure delivery in time to mail before April 20th.

### **Rudolf Hess Birthday**

Following closely on the 80th birthday of Adolf Hitler is another significant date: The 75th birthday of Rudolf Hess.

Until the heroic flight of Rudolf Hess on May 10, 1941, he was the Deputy, or *Stellvertreter*, to Adolf Hitler. In that capacity, in addition to his close friendship with Adolf Hitler, he was probably the closest single person to the Fuehrer.

During this period of National Socialist commemoration, regards should also be sent to our imprisoned comrade in Spandau. A birthday card should be sent to Rudolf Hess without fail. Rudolf Hess' address is: Herrn Rudolf Hess, 1 Berlin 20, Festung Spandau, Germany.

Because his mail is strictly censored, cards will probably not reach him if they contain National Socialist greetings. Therefore, you may wish to send cards in care of his wife, Frau Ilse Hess - Bergherberg, Gailenberg, ü Hindelang (4), Allgäu/Oberbayern, West Germany.

Birthday cards to Rudolf Hess should be sent airmail to assure their timely arrival. Airmail rates to Germany are 20 cents per half ounce.

### **Notice to Supporters**

Official Supporters are reminded that they are eligible to apply for Membership candidacy after they have maintained their good standing as Official Supporters for at least six months.

Those who have met these requirements who would like to apply for Party Membership should contact National Headquarters for further details.

### **New Book Available**

A new book is available from NS Publication, *Stuka Pilot*, by Hans Rudel. *Stuka Pilot* is the unapologetic memoirs of Germany's top fighter pilot, who was also a dedicated National Socialist. It is available from NS Publications for 75 cents.

## **New Leaflet Available**

"Heah Come de Reverend," a new Party leaflet, is documentary evidence of the criminal background of the civil rights movement's number one son, Ralph Abernathy. A sample is enclosed. In the leaflet, a verbatim account is given of the court testimony of one of Abernathy's adolescent congregation members whom he seduced while he was pastor of a Montgomery, Ala. church. Although the facts in this leaflet are quite unpleasant, they must be reproduced just as they appear in the court testimony; no mere description of the facts would adequately prove the scandalous background of the man given the hero's build-up by the press.

This leaflet should be distributed in quantity to White people in your locality preceding any demonstration by Blacks. It is essential that "Heah Come de Reverend" get wide distribution before, after and during any appearance in your area by Abernathy.

Order "Heah Come de Reverend" from NS Publications — Box 5505 — Arlington, Virginia, 22205, at 500 for \$5.00.

## **Leaflet Sales Must Go Up**

An inventory of NS Publications sales for last month indicates a minor drop in the quantity of leaflets sold over earlier months. This is a surprising trend in view of the high quality leaflets produced by the NSWPP in the last six months. Unless a huge volume of leaflets is sold regularly, the Party will not be able to continue producing a steady stream of informative, new leaflets as it has been doing. More important, steady growth of the Party in terms of new personnel can not be anticipated unless a constantly growing number of new people is introduced to the Party through its literature.

Members and Supporters are reminded again of their responsibility to distribute large quantities of literature in their localities. If you failed to carry out regular distributions of Party literature, resolve to work this important activity into your schedule.

## **Activity of the Month**

By this time you will have received the current issue of the Party newspaper, White Power. The quality of this issue is unsurpassed by any other publication of its kind among revolutionary political movements. This month's activity is a subscription drive for White Power. Enclosed you will find six blanks for signing up new subscribers. These should be used during April. Additional subscription blanks will be sent to those who sign up more than six readers. Here are some suggestions on selling subscriptions as well as bulk quantities of the newspaper:

- (1) Canvass your friends and relatives for those interested in subscribing.
- (2) Pick a White residential neighborhood which is being encroached upon by Negroes. Sell single copies of the newspaper door-to-door in that neighborhood. Before selling newspapers door-to-door, it may be found advantageous to "soften up" the residents with a distribution of leaflets such as "Special Rights for Black Savages." One week later, go back to the same neighborhood and offer to sign up those who bought a single issue with a year's subscription. Point out that they can save \$1.00 by subscribing now as the price goes from \$2.00 to \$3.00 with the next issue. Bulk quantities can be bought at the price of 10 for \$1.00, 100 for \$7.50, or 1,000 for \$50.00 for those selling newspapers door-to-door. Call your local police department or city attorney's office to find out if there are any permits required to sell newspapers.
- (3) With a large quantity of newspapers, go to the most popular movie in your town for the nine o'clock Saturday feature. As the movie-goers wait in line to get their tickets, or as they come out of the theatre, sell papers to them. To those who buy a newspaper from you, point out that they can subscribe by filling out the subscription form on the last page if they would like to receive White Power regularly.
- (4) Sell bulk quantities of the newspaper to local bookstores. A great many papers have been sold in Washington, D. C. to "liberal" book stores which also sell a disproportionate amount of left-wing, race-mixing trash. Book stores will only pay half price for the paper, which will necessitate your buying quantities of 100 for \$7.50 or more in order for you to break even.
