NSRP Mass Meetings Underway

NATIONAL STATES RIGHTS PARTY mass meetings are proceeding successfully throughout the nation. There is no doubt that White Americans are now in more of a receptive mood for our movement than ever before. This issue of the Newsletter will deal primarily with our new national campaign of mass public outdoor meetings.

The shocking scandal involving the death of Sen. Ted Kennedy's girl friend could end his presidential ambitions if all the facts are fully exposed to the American people. This tragedy could adversely effect the careers of all other Democratic leaders who have hung their stars on the Kennedy family name. This would leave the Democratic Party leadership in the hands of worn out and discredited politicians such as Hubert Humphrey, McCarthy, Mansfield, etc.

At the sametime, the American people have rapidly become disillusioned with Richard Nixon. His fanatical promotion and expansion of the race-mixing campaigns of his predecessors dashed the White people's hopes that he would give us a conservative regime.

The people have no other hope but to turn to a third alternative. The National States Rights Party is the only White racist organization which is organized from coast to coast and strong enough to hold mass meetings all across this nation. The events of recent weeks have so polarized the American people to the RIGHT-- that we now stand on the very threshold of great victories.

The cry of the public now is for leadership and organization. The NSRP fits the need of the hour to the letter. We have the most outstanding array of public speakers ever assembled in one Right Wing organization. Right now we are moving forward with a giant sweep of mass outdoor rallies which is going to be increased to the greatest scale in our history.

SAN FRANCISCO meeting brought together a good number of enthusiastic new NSRP supporters. At the end of the talk by Dr. Fields, it was unanimously voted to organize a Bay area Chapter. While we acknowledge this to be the liberal capital of America, there still remains large numbers of people who are receptive to the aims and policies of the NSRP. PHILADELPHIA Attorney J. B. Stoner spoke to a packed hall at Gloucester City, N. J. -- just across the river from Philadelphia. A very lively meeting was held and steps were taken to form several new chapters in the area.

BALTIMORE Two mass outdoor rallies were held. Roland Rode and Atty. J. B. Stoner spoke to a large crowd in Patterson Park. The first night a Jew named Kaufman led a group of hippie types who tried to heckle the speaker. The second meeting, held the following night, found the size of our crowd tripled. When the hippies again showed up, they found themselves vastly outnumbered and very quietly left the meeting. A large number of new supporters were won for the Party at this highly successful rally. This also formally inaugurated our new effort at open air rallies in Maryland. It also called public attention to the NSRP victory over the court ban on our outdoor rallies issued some two years ago.

LOS ANGELES On July 19, Dr. Edward R. Fields spoke to a filled hall at Embassy Auditorium. Other speakers included Neuman Britton, Jimmy Britton, and Bob Barber. The

meeting was well received and afterwards many new contacts came forward to offer the NSRP their support.

OAKLAND The local "American Opinion Bookshop" has just joined in with the NSRP Movement and will serve as the local Party Headquarters. They have changed their name to "American Patriotic Book Shop," 478 Lake Park Avenue, Oakland, California. NSRP meetings will be held in the Bookshop every Saturday evening at 7:30 and all local supporters are urged to attend.

MORE MEETINGS BEING SET

As this newsletter goes to press, more NSRP rallies are being set up in Maryland, Virginia, North Carolina, Tennessee, Kentucky, Ohio and Arkansas. This is the program for August alone and we will speak in several different cities in some of these states.

One of the NSRP's most outstanding leaders, Mr. Bob Barber, will be the main speaker at these events. Local supporters must co-operate in every way to insure the greatest possible attendance. This program is the beginning of our most aggressive drive to reach new people and enroll them into the movement.

In charge of advance advertising and arrangements will be Jim DeWitt. He is thoroughly indoctrinated with the philosophy of the Party and anxious to give the problems of field work his full attention.

We hope to be able to record our greatest step forward to victory through this campaign and in September an entirely new slate of states will be lined up for similar activity. These men will be aided and backed up by Dr. Fields, J. B. Stoner, Jerry Pope and R. D. Eldridge whenever possible. But Bob Barber and Jim DeWitt will be working and travelling night and day during this campaign. All Party supporters at large must aid in shouldering the financial responsibility in keeping this ambitious drive on the road.

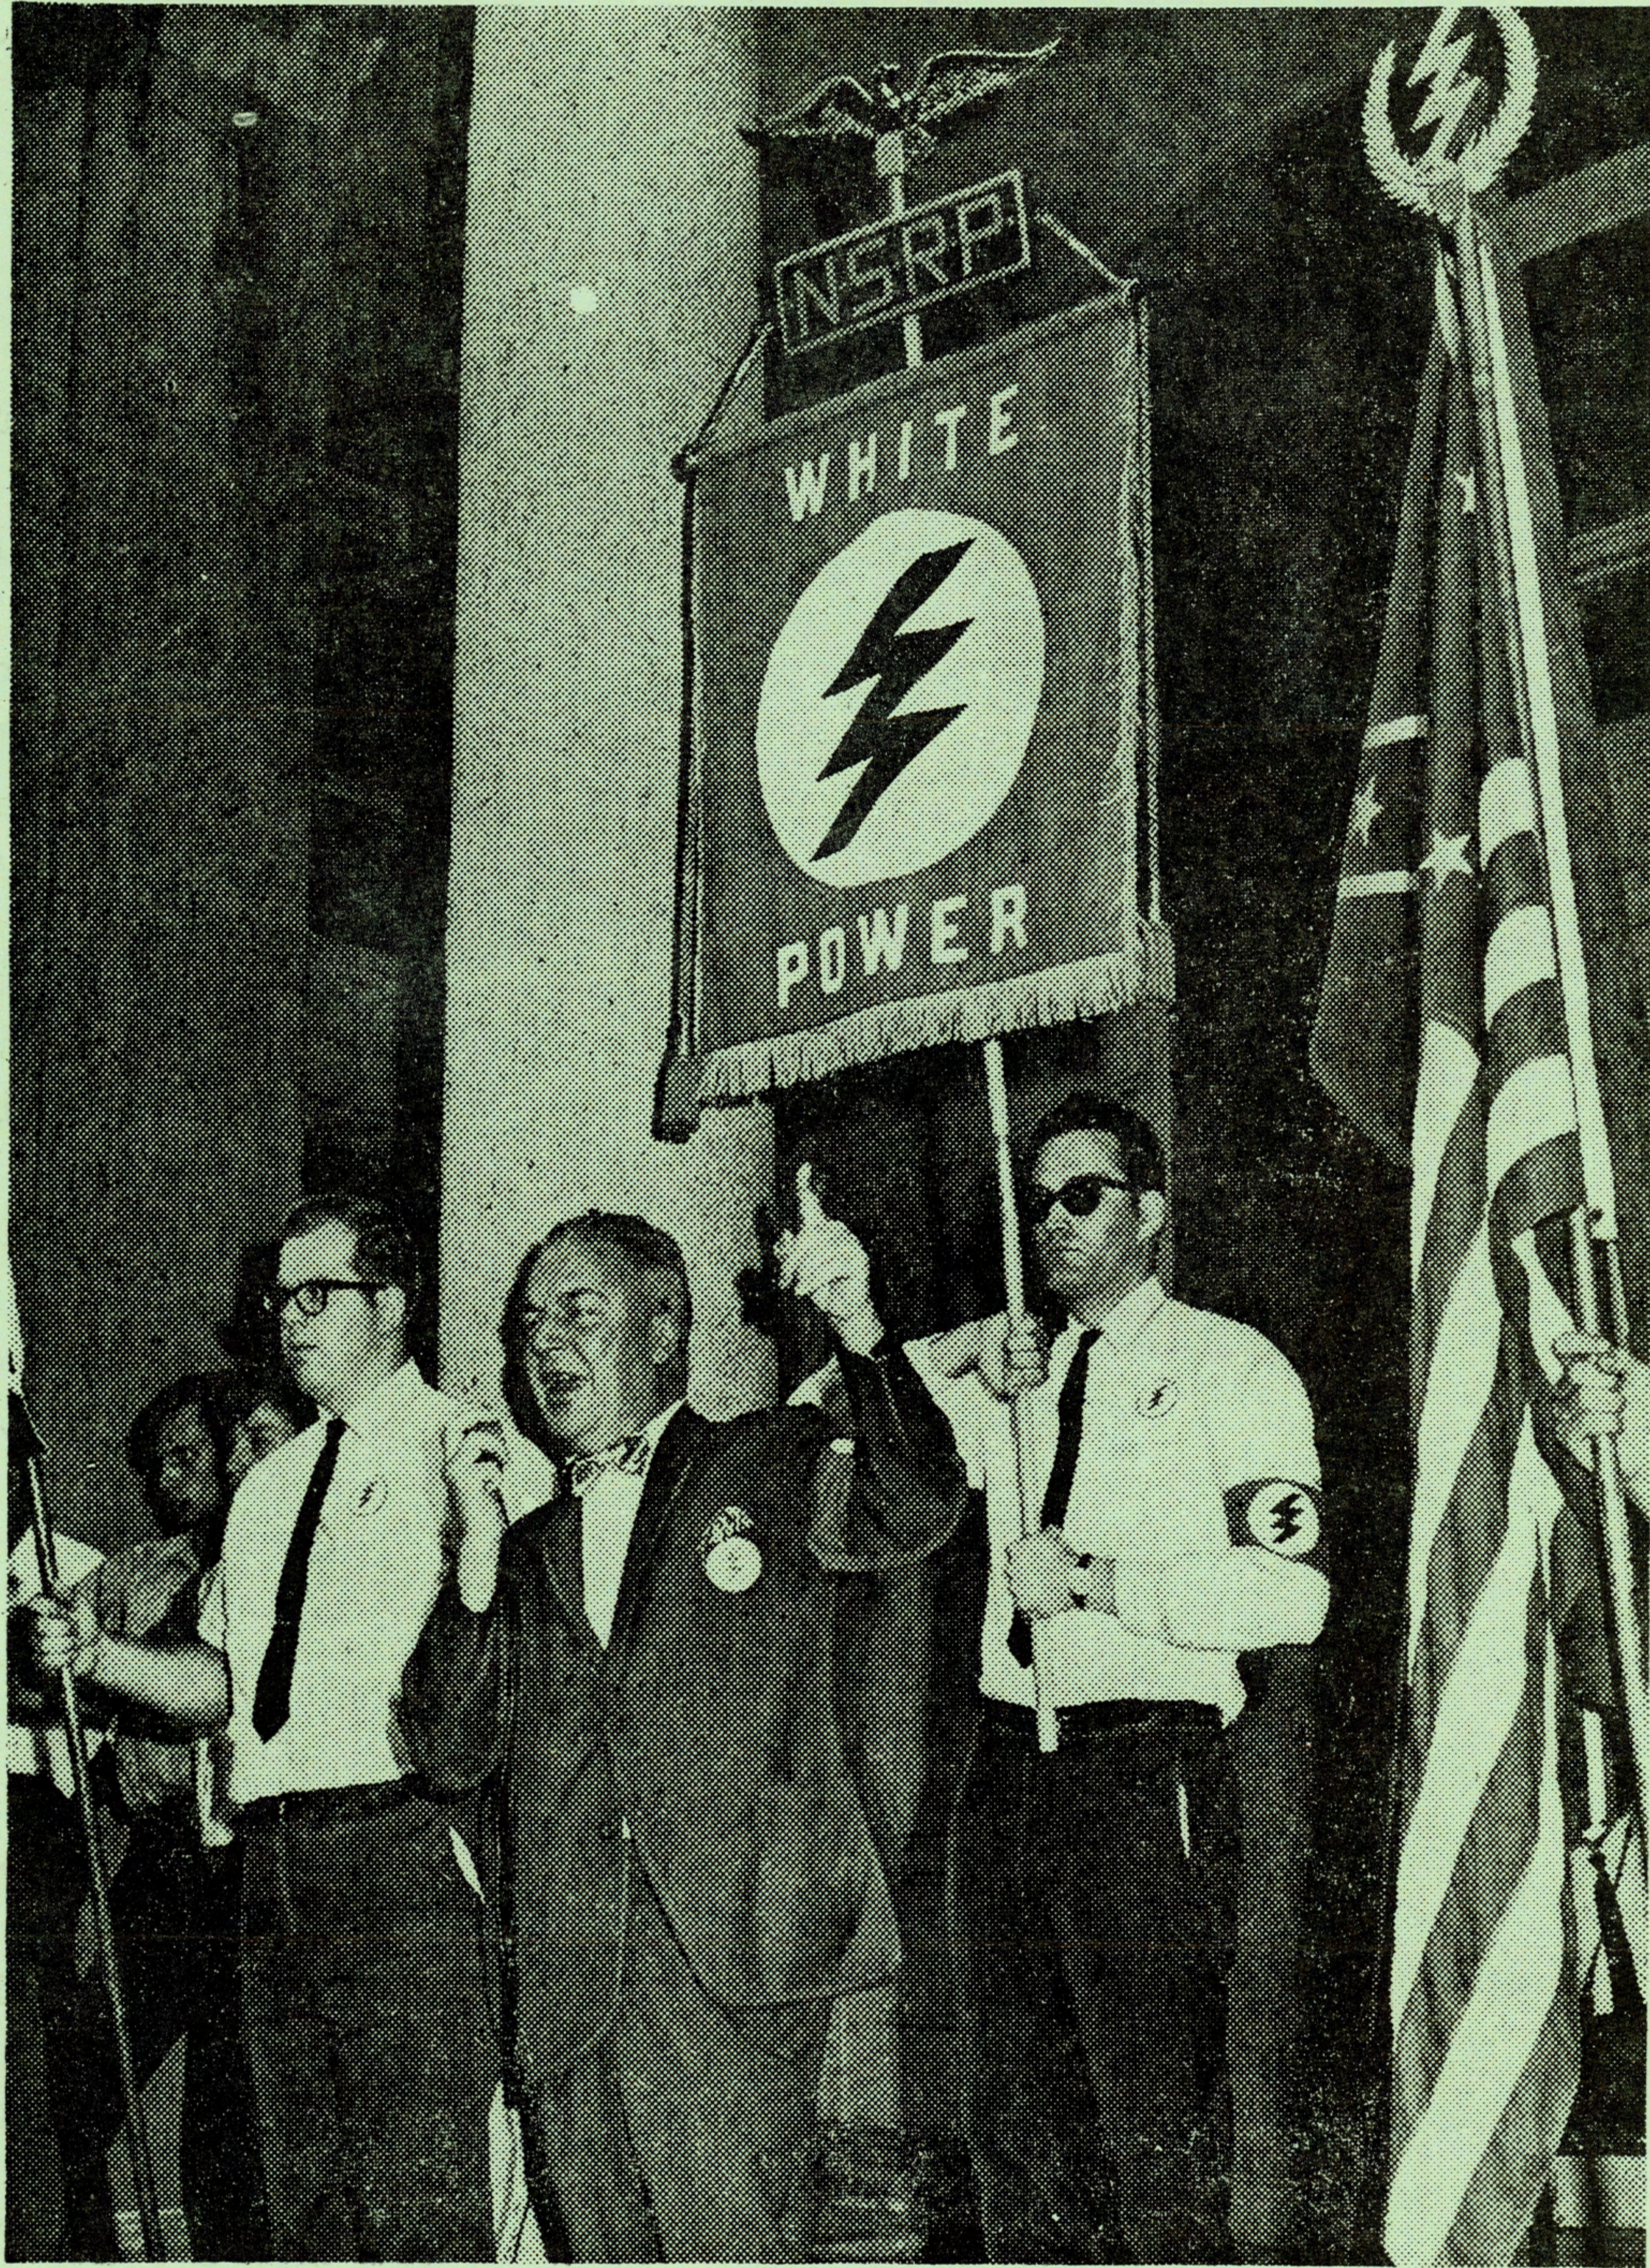

All our friends must keep in mind that all of this work is over and above the regular day to day expenses of the National Headquarters here in Savannah, Georgia. For this reason, we urgently need an extra influx of contributions from all our people to underwrite the success of this campaign. The personal needs of these men are modest in comparison to the cost of travel, motels, food, handbills, advertising, and field arrangements.

In the past the National States Rights Party has consistently stressed the importance of reaching out to NEW people who have never before heard our message. It does no good at all to constantly circulate patriotic literature among people who already know the truth. The NSRP is one of the few organizations which places such a high priority on reaching out to the uninformed man on the street. It is he whom we must convert so as to enlarge our ever growing circle of active followers. Actually this approach offers the only real and practical hope for victory. The NSRP is not interested in building a publishing house, a tiny cult or milk toast debating cells. Our sole purpose and reason for existence is to reveal the truth of our message to thousands of uninformed new people and enroll them into a pyramiding movement whose sound and fury is growing so loud that we are shaking the foundations of the two liberal parties in Washington.

The evidence produced by the Conservative voting trends in Los Angeles, Minneapolis and New York is proof to us that we stand in a decisive hour. Often opportunity presents itself but once in a lifetime. We must not allow this new receptive mood of the American

RIGHTISTS STAGE ANOTHER RALLY

**200 Police On Hand As 300
Members, Hecklers Gather**

With Confederate flags, shouts of "white power" and martial music the National States Rights Party completed a weekend stand in Baltimore yesterday with a second rally in Patterson Park.

The white separatist party — "We're white racists and proud of it," said J. B. Stoner, the main rally speaker — drew a crowd of 300 to 400 supporters.

Speech Delivered

Mr. Stoner delivered a 65-minute, off-the-cuff speech, similar to his address at the party's rally Saturday evening. He denounced Jews, Negroes, Communists and "race-mixing." Mr. Stoner is an attorney representing James Earl Ray, the convicted assassin of the Rev. Martin Luther King, Jr., Ray is seeking a new trial.

Police made no arrests at Yesterday's rally.

At the rally yesterday evening, Mr. Stoner declared, "The white race is the goose that laid the golden egg of civilization. And what are these Jews, Communists, and race-mixers doing? They're trying to cut the goose's head off so it can't lay any more golden eggs."

Nine Flags

Standing before a backdrop of nine flags—three States Rights party flags, three American flags, two Confederate flags and a Christian flag—Mr. Stoner declared his opposition to Jews, Negroes, Communism, "race-mixing," the Democratic and Republican parties, and "disorder and lawlessness."

"Our enemies hate the white race," Mr. Stoner asserted, as he stood in front of the park pavilion. "The Jews hate the white race. The blacks hate the white race and are out to destroy it."

people to pass us by. We know of no other Right Wing group which has a similar program to bring all these issues publically before the White masses and then offer them a vehicle to join.

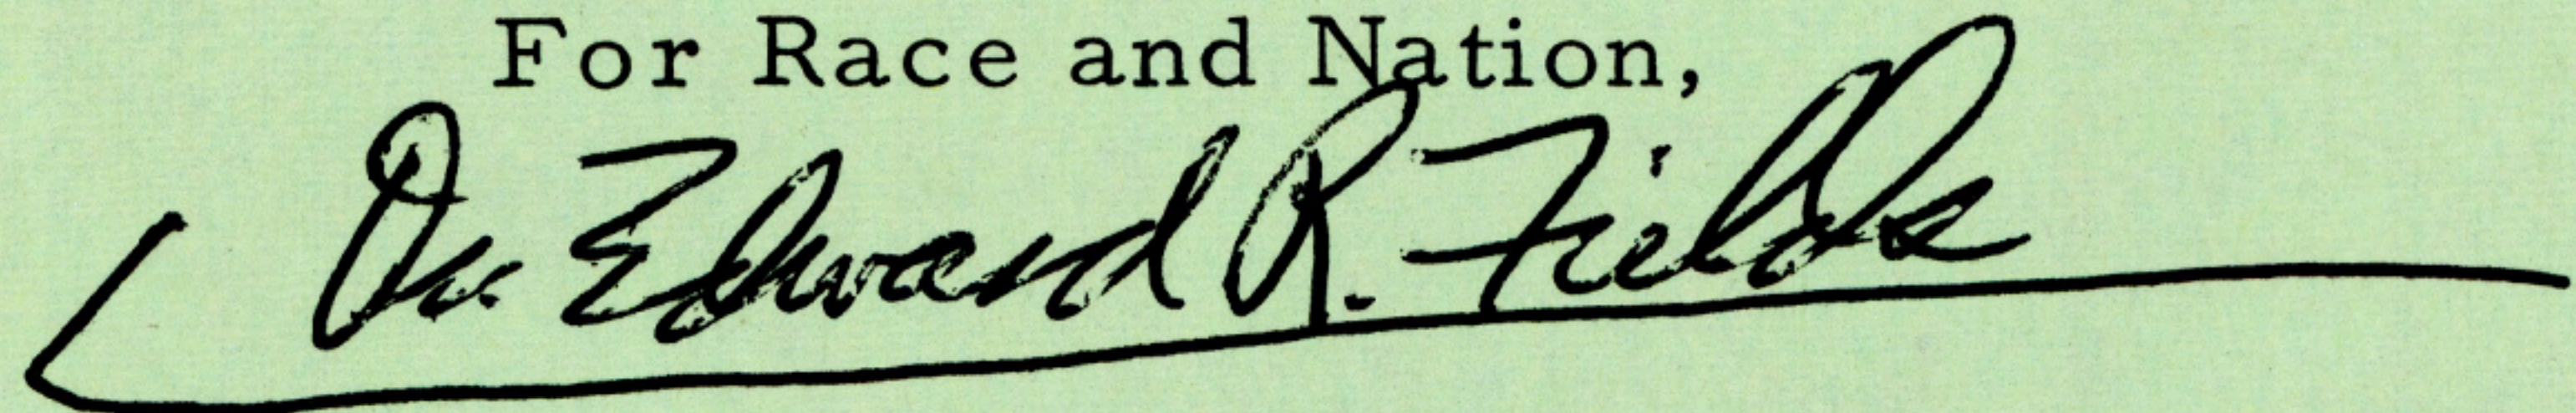

We realize that many of you are facing financial problems and perhaps aiding churches; other groups and causes. But, we hope that this newsletter has stressed to you the urgency of our need for help. We do not know of any other group where your donation will bring such rapid and visible results!

At the end of August we will be able to detail to you all of the wonderful new victories in our city by city and state by state campaign. Here will be the real fruits of achievements laid out before you to bear testimony to the effectiveness of the campaign which you have made possible by your generous contributions.

Remember: It is at this time of the year when our supporters are on vacation and pursuing a deserved summer rest-- resulting in a letup of our financial support. Right now the limited funds we have on hand are desperately needed to underwrite present Headquarter obligations.

To successfully finance this concentrated drive to reach the masses (the largest ever undertaken in our history), we must have your wholehearted support. Realizing that I need not stress further the urgency of this matter, I will rely upon your prompt reply. Please take time out now to fill in the enclosed donation slip and rush it back to us. I will be looking for your reply knowing that Bob Barber and our other men can move forward on the campaign trail even before you have time to mail in your support.
