BULLETIN

OFFICIAL INTERNAL ORGAN OF THE
National Socialist White Peoples Party AND THE **National Socialist Youth Movement**

No. 42

15 May, 1969 YF 80

"In the morass of a universally spreading softening and effeminization, each year three hundred and fifty thousand vigorous young men sprang from the ranks of the army, men who in their two years' training had lost the softness of youth and achieved bodies hard as steel. The young man who practiced obedience during this time could then learn to command. By his very step you could recognize the soldier who had done his service.

"This was the highest school of the German nation, and it was not for nothing that the bitterest hatred of those who from envy and greed needed and desired the impotence of the Reich and the defenselessness of its citizens was concentrated on it."

Memorial Day Outing

On Memorial Day, May 30, a picnic outing is planned for Party Members and Supporters who live in the vicinity of National Headquarters. A rural location has been arranged for the festivities which will permit target practice for those who would like to bring their guns.

All Members and Supporters who want to join the National Headquarters Staff in our Memorial Day outing are asked to notify Headquarters no later than May 27 and send \$1 for each adult, \$.50 for each child to help with the costs of the food.

We look forward to good weather, good food and the company of many of our National Socialist comrades on the 30th. Be sure to write National Headquarters of your intentions to join us, and meet at Party Headquarters, 2507 N. Franklin Road, Arlington, Va., no later than noon on Memorial Day.

Party Congress - 50th Anniversary of Movement to Be Marked

Readers are advised of a correction to the last issue of the NS Bulletin which stated that the 50th Anniversary of the Party would be observed in conjunction with the Party Congress on August 30-31 and September 1. We wish to correct our statement that the Party is marking its 50th anniversary. Instead, it is the 50th Anniversary of the Movement which we will observe at that time.

All Party Members are asked to begin making their plans for attending this function. If you cannot afford to lose time from work to attend the Congress-Anniversary, plans for your vacation should be immediately be made to coincide with these events.

Red Bath for Dallas Peace Creeps

An April 28 outdoor rally by Dallas, Texas peace creeps was crashed by Members of the NSWPP who soaked the leaders of the hippie and pacifist vermin with a thick coat of red paint.

While the crowd of 300 listened to the retired peace creep General William Ford speak on the merits of a Viet Cong victory, a National Socialist who had infiltrated the audience let him have it with a can of red paint. Yelling "HITLER WAS RIGHT!" as he mounted the stage, our comrade was set upon by a group of "peace children" as soon as he hurled the paint. Also splattered with red were a dozen bystanders on the stage, including a group of pacifist clergymen at his elbow.

Shocked and dismayed by the incident, the paint-soaked General sputtered a few concluding remarks, rushed to a waiting car, and sped away, leaving the audience without their star speaker.

White Servicemen's League

A new leaflet announcing the formation of the White Servicemen's League has been prepared by the Party. A sample of this new leaflet, entitled, "Why Tolerate Treason?" is enclosed.

An unprecedented wave of liberalism in the armed services has precipitated a rash of Communist, pacifist, and "freedom" newspapers published within the armed services for the consumption of servicemen.

Advocating naked treason and insurrection, these papers are being openly circulated on military bases across the country with the full knowledge of the Pentagon, yet no steps have been taken to curb their dissemination. Apparently, the "sky's the limit" on what can be printed and circulated by red scum within the military. Political organizing, to degrees heretofore not tolerated, is now being calmly accepted by military authorities who act as if they're afraid to put their foot down for fear of abridging the rights of some Black or even Jewish GIs.

The NSWPP has taken the first steps to fill the vacuum presented by a total absence of political organization among White servicemen. The White Servicemen's League is open to all White men in the armed forces. Members and Supporters in the armed services are asked to circulate many thousands of "Why Tolerate Treason?" leaflets on military bases in the coming months.

Distribution of political material on military bases by active personnel must be undertaken with care, despite the tolerant attitude of military authorities. Hand-to-hand distribution of political leaflets by military personnel, for example, is a violation of the military code, and can land a soldier in a lot of hot water. But you cannot be prosecuted for "losing" leaflets in conspicuous places like mess halls, bulletin boards, inside magazines and newspapers at stands frequented by soldiers.

Order 500 or 1,000 "Why Tolerate Treason?" today. They are available from NS Publications, Box 5505, Arlington, Va. 22205 for \$5 per 500.

Activity Reports

Due to the enormous volume of Activity Reports that have reached us from all parts of the country, we must ask our Members and Supporters to print or type their reports so that they can be read with maximum speed.

Members are reminded of their responsibility to file monthly reports with National Headquarters of their complete activities for the previous month. Official Supporters are also asked to submit reports regularly. Although almost everyone has been sending regular reports, a few people have failed to send their first since they were instituted in January. We do not have sufficient staff personnel to send individual notices to those who are lagging behind with their reports. So if you have not been sending your Activity Reports each month, please accept this reminder, and let us hear from you regularly in the future.

Two Party Publications Merge

The Party's Stormtrooper Magazine has officially been absorbed by White Power, the mass circulation newspaper of the NSWPP. This move has been made to consolidate writing and production talents for publication of the Party's newspaper with greater frequency. White Power has been designated as the principal propaganda organ for the Party because of its mass appeal and lower production cost.

Persons who already have subscriptions to the Stormtrooper Magazine will automatically receive an extension to their subscription to White Power for the unfilled portion of their Stormtrooper subscriptions. Anyone with a paid subscription to the Stormtrooper Magazine who would prefer a refund for the unfilled portion of their subscription instead of White Power as a substitute, should notify NS Publications without delay.

There are still some copies of the last issue of the Stormtrooper Magazine available at \$.50 each from NS Publications, Box 5505, Arlington, Va. 22205.

Publicity Sometimes Simple

The following clipping (on the left) from a Washington area paper reveals how publicity can sometimes be accomplished merely by distributing literature in the midst of a situation which is being publicized.

The other clipping (on the right) taken from a San Francisco paper shows the importance of being ready for every news-making possibility by having large quantities of all leaflets on hand. If the demonstrators at the Zionist rally had passed out "Stop the Slaughter!" leaflets (which call for an end to the criminal acts of Jewish aggression in the Middle East) this news article would have been written altogether differently.

Nazis Prowl Troubled Pimmit Hills Area

FAIRFAX — Police are investigating citizen complaints from the Evans Court area of Pimmit Hills that six men were passing out National Socialist White Peoples Party literature Sunday afternoon.

The leaflets, which police say were put on windshields of parked cars, were headlined "Special Rights for Black Savages." The National Socialist White Peoples Party formerly was known as the

American Nazi Party. Police say there were no incidents Sunday.

The Pimmit Hills area was the scene two weeks ago of an act of terrorism in which a Negro family's home was blasted by a burst of shotgun fire. No one was injured in the incident. The same family was harrassed several times before the shooting incident with threats and racial taunts and garbage was dumped on the lawn of the small house they rent.

Bay Jews Protest U.N. Action

Bay Area Zionists staged a hefty anti-United Nations protest yesterday in front of San Francisco's Opera House.

Some 500 youthful and elderly protesters tramped around on Van Ness avenue, carrying signs which condemned the world organization for its recent censure of Israel

Al Loebenstein, acting chairman of the sponsoring group — the Bay Area Zionist Council — said the Opera House was chosen as the

picket site because the United Nations was founded there 23 years ago.

Some minor violence developed, when an elderly man attacked the marchers, wielding a bed slat. Led away by the picket monitors, the man identified himself as a Greek-Orthodox Catholic.

The man objected to America's "favored treatment of Israel, while selling out the Greek democracy."

Three self-professed members of the American Nazi party passed out leaflets to passers-by across the street from the demonstration. The head of the Nazi contingent apologized for the leaflets, which were anti-Negro, and so really not appropriate. "We had to get this (counter protest) up on the spur of the moment," he explained.

In addition to having the proper leaflets on hand, it is important that you stay on top of all local news so you can organize distributions for newsworthy events in your locality.

New Books from NS Publications

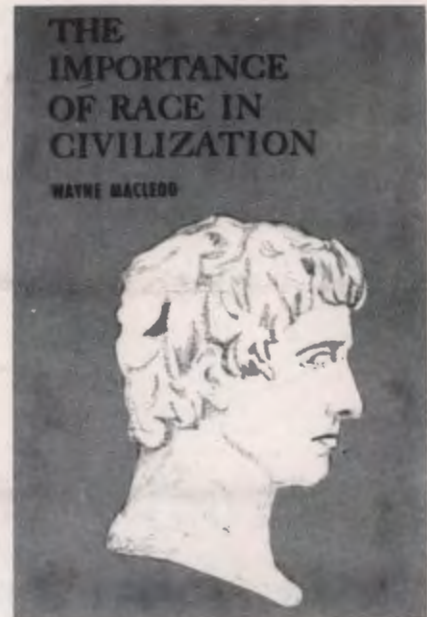

Three new books being offered through NS Publications:
