National Socialist White Peoples Party AND THE National Socialist Youth Movement

No. 46

15 July, 1969 YF 80

"If today, for example, the surface of the earth were upset by some tectonic event and a new Himalaya rose from the ocean floods, by one single catastrophe the culture of humanity would be destroyed. No state would exist any longer, the bands of all order would be dissolved, the documents of millennial development would be shattered—a single great field of corpses covered by water and mud. But if from this chaos of horror even a few men of a certain race capable of culture had been preserved, the earth, upon settling, if only after thousands of years, would again get proofs of human creative power. Only the destruction of the last race capable of culture and its individual members would desolate the earth for good. Conversely, we can see even by examples from the present that state formations in their tribal beginnings can, if their racial supporters lack sufficient genius, not preserve them from destruction. Just as great animal species of prehistoric times had to give way to others and vanish without trace, man must also give way if he lacks a definite spiritual force which alone enables him to find the necessary weapons for his self-preservation."

Time to Register for Party Congress

Enclosed is a registration form for the National Socialist Congress to be held August 30, 31 and September 1 in the Arlington area. If you are a member or Official Supporter of the NSWPP or a member of the National Socialist Youth Movement or the National Socialist Liberation Front, in good standing, you are requested by National Leader Koehl to be present.

events include—

SPEECHES**CLASSES****WORKSHOPS****FIELD TRIPS****REGIONAL REPORTS****CEREMONIES****ENTERTAINMENT**

Your attention is called to the section on the return card calling for transportation information. There are a number of people who need transportation to the Congress. Unless they can share expenses with others, they will be prevented from coming. If you will be traveling by car and will have any extra space, you are urged to make it available to other National Socialists. This will decrease, to some extent, your share of traveling expenses and perhaps provide you with an extra driver.

Please return the registration card with your fee by Aug. 1. Early receipt of this information will facilitate our arrangements for transportation and accommodations.

"Big Lie" and New Stickers Now Available

For a long time "The Big Lie" leaflet has proved to be one of the best pieces of Party propaganda for introducing new people to the lie techniques and practices of the Jews. Recently, the text of this leaflet was rewritten, bringing it up-to-date. A sample of the revised "Big Lie" leaflet is enclosed.

The "Big Lie" is excellent for reaching new people for whom a reasoned approach is indicated. Keep several hundred "Big Lie" leaflets on hand. Order them from NS Publications, Box 5505, Arlington, Va. 22205. Prices: five cents each, 25 for \$1, \$3.50 per hundred.

A sample of the new stickers offered by NS Publications is also enclosed. Note that it is printed on bumper-sticker paper with the glue under the wax paper backing; it needs no moistening after the removal of the paper backing. To you this means no more wasted stickers from dampness in pocket or wallet. Slogans on the new stickers include "HITLER WAS RIGHT!" "FREE RUDOLF HESS!" "BLACKS HIRED—WHITES FIRED!" "WHITE POWER!" and "NATIONAL SOCIALISM IS FOR THE WHITE MAN!!" Prices: \$2 per hundred stickers, minimum of fifty stickers sold with the same slogan. Buy fifty of each sticker for \$5.

Jews Cash In On Right Wing Growth

"Statecraft" is a new newspaper launched by an enterprising Jew, Daniel Paulson, in an effort to cash in on the inevitable growth of pro-White, anti-Black sentiment in America. Although outwardly anti-liberal, "Statecraft" naturally makes no mention of the Jewish degeneracy or Jewish control of America's propaganda. Indeed, "Statecraft" is just another extension of Jewish control of the vital opinion-forming media.

Recently a number of Party members and supporters received in the mail an unsolicited copy of "Statecraft." These same people have from time to time, received mail from a California mail-order patriot named James K. Warner who operates a paperback book business under the name "Sons of Liberty." Warner has a large mailing list which he's compiled over the years by stealing the lists of every organization he could penetrate. He regularly rents his list to anyone, including Jews, who will pay his price. "Statecraft" was Warner's most recent customer.

As America continues to decay from the presence of Jews, hippies and Blacks, there will be an ever-increasing demand for organizations and individuals which offer an alternative to the broad masses of Whites. As this happens, we can anticipate a proliferation of "rightist" groups. Without a doubt, every yellow conservative society down to the militant conspirator-cliques will multiply themselves a hundred times as the Aryan population begins to look for an answer to System politics. Predictably, these groups and individuals will fall into two main categories: (1) those who actually believe they have the right answers or who believe they are endowed with some special capacity for leadership, and (2) those who will cynically "cash in on a good thing." Some groups that come along will probably develop large but temporary followings. Some groups, like "Statecraft," will undoubtedly be well financed by the Jews to give an outward appearance of success and great accomplishments. Others will surely get a king-sized build-up from the press.

Every National Socialist must be vigilant for organizations which in any way might hinder development of the National Socialist Cause.

Activity Reports

Enclosed is an activity report form for you to send into Headquarters with an account of your previous month's activities on behalf of the Party.

Again you are requested to print or type your activities. This will greatly facilitate in the collation of this information and the handling of your form.

Activism Raises WHITE POWER Sales

Sales of Commander Rockwell's timely book WHITE POWER have taken an upward turn since a sales drive was announced as the July activity of the month. You are asked to keep up maximum effort to sell Commander Rockwell's book this month. Even if you've already sold a copy, don't get the idea that there's no need to keep trying. You probably know half a dozen people who'd buy and read a copy if you put it under their noses. So take advantage of the July reduction in price for WHITE POWER; buy four copies for \$20. Single copies are still \$5.95.

If you haven't sold a copy yet, or if you haven't yet got a copy in your city library, wake up! White men need this book!

Epilogue on a Fraud

In November of last year, readers of the *Bulletin* were cautioned against any dealings with a rejectee from the NSWPP by the name of John R. Bishop. Bishop was dismissed from the Party in 1967 when it was learned that he had failed to make certain important disclosures on his application for membership concerning his police record: he had spent time in a federal prison for mail fraud. After his dismissal from the Party Bishop proclaimed himself "Commander" of the Party and set about making himself and the National Socialist Movement look foolish from his hometown of Davenport, Iowa.

Mr. Bishop's chickens came home to roost last week as federal agents grabbed him and several of his "Party members" for counterfeiting. Bishop had big plans for using National Socialists to pass his phony currency for the enrichment of his bank account. The following newspaper stories give details concerning Bishop's arrest, as well as some background on his involvement with mail fraud.

Arrest Ex-Clinton Man In Counterfeit Ring

John R. Bishop, 42, of Davenport, formerly of Clinton, has been freed on a \$10,000 bond following indictment by a federal grand jury in Springfield, Ill., for alleged participation in a \$1 million counterfeit money conspiracy.

Bishop, who has intimated he is "commander" of the American Nazi party, was indicted along with Kenneth P. McGivern, 40, of East Moline, Ill., and Roswell W. Wixom, 35, who was picked up earlier this year in Moline, Ill., in connection with a cache of \$20,000 in alleged counterfeit money.

U. S. Treasury agents arrested Bishop Wednesday and took him into U.S. district

court in Rock Island where he was freed on bond.

Wixom is said to be in custody in Omaha, Neb., awaiting sentencing on a conviction growing out of the Moline arrest. McGivern has not been located.

When arrested, Wixom said he lived in Hillsboro, Iowa, which is about 25 miles west of Burlington.

Bishop, McGivern and Wixom all were charged with conspiracy in the indictment. Wixom was accused of counterfeiting and Bishop with buying and possessing counterfeit money.

The indictment says McGivern and Wixom obtained a printing press and set up a

counterfeiting operation in East Peoria, Ill. The equipment was seized in an April 4 raid. James B. White, 39, of Peoria, was indicted April 2 for passing \$100 notes.

Bishop had been under surveillance in the Davenport area in connection with reports last November that he had succeeded the assassinated George Lincoln Rockwell as national commander of the American Nazi party. He had previously claimed he was Iowa commander.

U. S. District Atty Richard Eagleton of the Northern Illinois district, said Bishop told him he planned to have American Nazi party members

distribute \$1 million in \$5, \$10, \$20 and \$100 bills throughout the United States.

Bishop's involvement with law enforcement dates back to 1943 when he was only 17. As far as Clinton is concerned, Bishop only has a record of traffic violations. A 1949 entry involved use of the mails to defraud.

In 1951, while Bishop was living in Clinton, he announced he would be a candidate for mayor. He later withdrew as a candidate when it was pointed out that in 1949 he had been picked up in connection with a charge of using the mails to defraud. He later moved to Davenport and has headquartered there. More recently he has advertised himself as a mortgage broker.

Nazi faces arraignment on fake money

Special to The Sun-Times
PEORIA — The self-styled national commander of the American Nazi Party will be arraigned Friday in U.S. District Court here on conspiracy and counterfeiting charges.

John Robert Bishop Jr., 43, of Davenport, Iowa, accused by the government of conspiring to pass some \$1,000,000 in counterfeit money through the Nazi Party, was released on \$10,000 bond Thursday.

Bishop was arrested Wednesday in Davenport by Secret Service and FBI agents.

Authorities said Bishop claims to be the successor to assassinated Nazi leader George Lincoln Rockwell.

3 are indicted

Bishop and two other men, Roswell W. Wixom, 35, of Omaha, and Kenneth Peter McGivern, 40, of East Moline, Ill., were indicted Wednesday by a federal grand jury in Springfield, Ill.

Wixom, a convicted counterfeiter, is in custody in Omaha. McGivern is being sought by authorities.

U.S. Atty. Richard E. Eagleton said the indictment charges that the three men conspired to flood the country with bogus \$100 bills, using the Nazi Party organization to pass them.

The indictment alleges that Wixom acquired a printing press in January and that McGivern arranged to set up the counterfeiting plant in East

Peoria, Ill.

Wixom printed the phony money and sold "an undesignated amount" to Bishop, the indictment charges.

Conspiracy charge

Eagleton said that about \$20,000 in counterfeit money had been recovered.

Each of the three defendants is charged with conspiracy to counterfeit. In addition, McGivern is charged with aiding and abetting the printing of the money, and Wixom and Bishop are each charged with dealing in counterfeit money and possession of counterfeit money.

The conspiracy charge carries a \$10,000 fine and up to 5 years in prison. Aiding and abetting the printing and possession both carry \$5,000 fines and up to 15 years in prison. The dealing charge carries a \$5,000 fine and up to 10 years in prison, Eagleton said.

The tragedy concerning Bishop is that he managed to dupe several honest people into signing up with his "Party" before they had any idea what he was going to use them for. Fortunately, none was with him long enough to have any part of his "easy money" scheme.

The Bishop's scheme was to raise money for a "Party" and then use the money to buy up land in the South. He had a number of people who were honest and who had signed up with him, but they had no idea what he was going to do with the money. Arrest Ex-Clinton Man in Counterfeit Ring

The man who was arrested in the counterfeit ring was a former member of the Clinton administration. He was arrested in a small town in the South. The man was arrested in a small town in the South. The man was arrested in a small town in the South.
