"But precisely in this seeming hopelessness of our mighty struggle lies the greatness of our task and also the possibility of our success. The battle-cry which either scares away the small spirits at the very start, or soon makes them despair, will be the signal for the rallying together of real fighting natures. ... Only the best fighters will step forward. And in this selection lies the guarantee of success."

## Outdoor Rally Winds Up Successful Season

The Party concluded a very successful season of outdoor rallies in Washington, D. C., with a public assembly at L'Enfant Square on 18 October. The rally was chaired by Dan Dexter of the White Power staff, and Commander Koehl delivered the keynote address.

In his speech, the Commander told listeners not to vote on 3 November because the elections were a rigged swindle of the System which would not resolve any of the major problems facing the American people. Aiming his remarks specifically at young persons present, he went on to show how phony the Vietnam withdrawals were--that they were only taking place to allow more U.S. involvement on behalf of the Jews in the Middle East, which was the real concern of the alien System in this country. The Commander then described how organized Jewry was responsible for American involvement in the two major wars of this century.

In his remarks, Mr. Dexter outlined the Party program and dispelled a number of popular misconceptions about National Socialism. The Party's business manager, Richard Saunders, also spoke, giving a very effective personal touch to the rally by telling the story of his background and how as a marine biologist concerned with the problems of environment he became involved with the Movement.

The rally was exceptionally well received by the several hundred spectators in attendance.

## Ohio Organizer Gives Direction to White Students

Northern Ohio Organizer Charles Lawrence has offered assistance to protesting White students at Akron's Garfield High School. Following a violent rampage by the school's 200 Blacks, 400 White students staged a protest demonstration in the school cafeteria. Although the Blacks continued their violence, cowardly school and city officials refused to act and the situation gradually worsened.

When off-campus Black agitators began to threaten White students with pistols, bows with steel-tipped arrows and sawed-off shotguns, Mr. Lawrence went into action. First, he called attention to the situation at Garfield on the local White Power Message. He said that White students should see that any Blacks who attacked them wound up in the morgue. Then he contacted some of the more militant White students and proceeded to organize several dozen young people to carry on White resistance at the school. At this point, the same blustering officials who had earlier ignored the armed Black thugs on campus threatened to arrest Lawrence on the spot if he showed up at the school.

Despite all this, Lawrence has succeeded in forming a solid cadre of White students to stop Black savagery once and for all. White Power buttons and other NS materials are now a common sight at Garfield High. The number of the Akron WPM is: (216) 929-3310.

### NS Students Seize Classroom

In one of the most amazing displays of revolutionary boldness, a group of National Socialist students recently seized one of the classrooms at a Southern California high school. Here is a direct report:

Today, 20 October, myself and seven NS friends decided to further the Cause of National Socialism in a slightly drastic manner. Upon our arrival at school, we found ourselves in an extremely agitated mood when we started to discuss Jewish control of Xxxx High School. We decided to do something--ANYTHING--to bring our problems to the attention of the rest of the students. This is what occurred:

About 9:30 a. m., the eight of us were walking down one of the halls at our school when one of my friends shouted that he saw an empty classroom which he jokingly said we could "take over." By 10 a. m. we really DID take it over! We decided that we would need a base from which to operate, so the eight of us just moved in.

We wrote (in extremely large letters) "Hitler was right" on the blackboard, and as soon as people outside got one look at that, the classroom wasn't empty anymore. We stationed four people at the door to keep out undesirables and another two about five yards away handing out "Why Does the System Hate National Socialism" leaflets. Myself and a close friend stayed inside the room conducting a "seminar" with the people that our guards let in. (At one point our guards decided that more people should hear what was going on, so they started grabbing people and dragging them into the room.)

Everything went well for about two hours. Then all hell broke loose as a group of about 10 Agnew-type conservatives backed by several teachers decided that we had no right to take over and tried to storm the room. Damn, if we were going to leave--especially after we had just finished turning the place into a mini-Reichstag. We had huge pictures of the Fuehrer on the walls and all sorts of leaflets and material lying around. As soon as the enemy showed up, we barricaded the door with tables and chairs and anything else we could find.

Following threats of police action, we decided the time had come to clear out. As we took down the barricade, another assault was launched against us by the conservatives led by some jackass who kept shouting that we had no right to do what we were doing under the American flag. During the fight that commenced, one of our guys took the flag off the wall and cracked the pole over that same conservative's head. (This brought loud laughs and cheers from about 50 onlookers who didn't particularly like the Nixonites.)

When we finally left--after a full 5-1/2 hours--I was sure that we had converted at least 10 persons into sympathizers. This action really thrust us into the limelight at our school. A Jew teacher named Weiner was unable to hold class, since his classroom was "being used." We still do not know what kind of punitive action will be taken against us, but it will probably be severe. In any event, we intend to keep National Socialism alive at our high school.

## Rockwell successor blasts Argus, Jews

by Dave Sturm

The National Socialist White People's party has condemned the Argus pornography contest as "perverted filth" being promoted by "depraved Jewish anarchists."

Calling this University a "hotbed of liberal Marxism," Matt Koehl, national commander of the party, urged listeners to the taped telephone "white power message," to "purge the country of these depraved Jews who infest the country with their filth and pornography."

The party's recorded message, which can be heard by calling 528-4361, lashes out at Dave Bourdon, Argus editor-in-chief, managing editor Alan Lewis and business manager Gary Bernstein.

The message quotes Bourdon as saying the contest will bring the country together.

"I don't know about that," boomed Koehl over the phone, "but it's bringing together a weird assortment of Hebrews."

As evidence of this fact, Koehl explains that all the entries are coming from New York Jews, two of the editors, Lewis and Bernstein, are Jewish and that "This smut is being sought by three Jewish book publishers who recognize the market value of perverted filth."

Upon hearing of Koehl's blasting of the contest, Bourdon exclaimed sarcastically, "I'm shocked. I didn't know Lewis and Bernstein were Jewish. I've been duped all along."

"I'm going to launch an immediate investigation to see if Hillel is behind this," Bourdon joked. "I'll bet they sent Lewis and Bernstein."

Lewis, one of the "depraved Jews" singled out by Koehl, had no comment at first except, "We were just following orders."

Bourdon continued, saying, "Now I realize that there are Hebrews lurking all over this University who would take advantage of a nice Aryan boy like me."

"Who would have guessed it," he lamented, throwing up his hands, "that my two most trusted co-workers, with innocent-sounding names like Lewis and Bernstein, would turn out to be Jewish. It's got to be a conspiracy."

As a remedy to this situation, Koehl suggests that the American people follow the example of the Germans, "not too many years ago."

At that time, Koehl's taped voice points out vehemently, "The young people organized drives to collect this depraved material and then simply set a match to it."

"This is the way healthy people respond to filth and perversion."

Koehl urges listeners to the message to contact the party headquarters in Arlington to hear more about "our program to put the country back on the road to sanity."

In a phone interview yesterday afternoon, Koehl noted it was remarkable the large number of Jews promoting filth and perversion.

"But it's right in keeping with their character," he asserted.

"You know, the percentage of Jews who are peddling smut is all out of proportion to their size in society," he confided. "After all, they're only about 3 per cent of the population."

Koehl's voice rose as he emphasized, "The Jews are corrupting society at all levels."

"They promote race-mixing, communism, socialism, capitalism and all kinds of liberalism," he seethed.

"This pornography contest is another example of how organized Jewry is waging war on the White race," he noted. "We must use really effective methods."

When asked what effective methods he had in mind, he paused, and then said, "Well, uh, I think, for instance, that we should burn books like Argus in public bonfires. In fact, I hope that students at Maryland will undertake this."

Koehl went on, saying Jews seemed

to have an abnormal concern with sex.

"Look at Freud, I mean that's all he wrote about," he explained, "And the Talmud is full of smutty stuff, everybody knows that." (The Talmud is a written collection of Jewish law and customs.)

Koehl, who also edits the party's newspaper, Stormtrooper, and succeeded the late George Lincoln Rockwell as commander of the party, said he does not like being called a Nazi.

"Nazi is a derogatory name for a National Socialist, just as commie is a smear name for a Communist."

Koehl would give no information on the membership size of his party, saying it was confidential, but added, "We seek quality rather than quantity."

When it was pointed out to him that his tape contained many factual errors, such as asserting that proceeds from the pornography would pay for University operating expenses, Koehl said his research department must have erred.

"I guess I'll have to make a new tape now," he said, laughing.

Upon learning that he had also mispronounced Bourdon's name, Koehl chuckled, "Well, tell me then, how could I pronounce it to sound more Jewish."

## White Power Newspaper

We regret the delay in coming out with the No. 14 issue of White Power. The primary reason for this delay has been a lack of trained editorial personnel. This problem is being given major attention and is being remedied. By early next year, we hope to be able to issue White Power not only once every two months, as in the past, but on a monthly basis without fail.

In the meantime, we wish to assure all subscribers that they will receive the next issue as soon as it appears, as well as all other issues of the newspaper to which they are entitled.

## NS Publications

In recent weeks, some inconvenience has been caused by a delay in the handling of NS Publications orders. We are painfully aware of this problem and are in the process of trying to correct it. New policies are being instituted to correct this problem. Among these policies are the following:

- (a) All orders will be handled directly from National Headquarters;
- (b) Orders will be handled under a system of incentives;
- (c) Advertising will be discontinued on all items out-of-stock for more than six weeks; and
- (d) Customers will be promptly notified in the case of items temporarily out-of-stock, and credit coupons will be issued in the case of all discontinued items or items out-of-stock for more than six weeks.

By adhering to these policies, we hope to give better service in the future. In the meantime, every effort will be made to dispose of our current backlog of orders by the middle of next month. For the benefit of every customer, we wish to call attention to the fact that the following items are no longer in stock and credit coupons will be issued on all orders for them:

- |                             |                   |   |

### GERALD KERSWILL

of Los Angeles died on 18 October following a serious cancer operation. Born in Toronto, Ont., 43 years ago, he had been one of the oldest and most devoted members of the Party. His loss will be deeply felt by all comrades who knew him. To his family we wish to express our sincere condolences as we extend to him our final salute.
