## Commander Addresses Overflow Cleveland Gathering

In a surprise appearance, Commander Koehl was warmly received by a standing-room only crowd at Cleveland's NS Bookstore on 29 November. Many of those present were new people attending a National Socialist meeting for the first time.

In his speech, the Commander described the decaying social and political system which prevails in the United States today. He spoke of the difficult, but challenging task we have in making a White revolution. He said we must prepare ourselves for a long, hard struggle, and that there was no quick "gimmick" or overnight solution for unseating the firmly entrenched criminal swine who hold power today. He also showed why a National Socialist victory in the United States was the precondition for racial victory in the rest of the Aryan world.

The Commander was introduced by National Organizer Bill Kirstein, who spoke on the need for ACTION as the key to White revolution. Kirstein cited recent accomplishments in Los Angeles, Baton Rouge, Akron, Cleveland and Alexandria as examples of what must be done to establish an all-important revolutionary image for our people. He wound up by stressing the need for everyone present to support local activists in their efforts.

Another speaker was Richard Biederman of the National Headquarters staff, who told about White student activism in recent weeks and how the Party has been providing young people with the revolutionary leadership they need.

At the end of the meeting, Party veterans and new people alike rose and sang the Party Battle Song as ONE body! The spirit manifested was likened to that of the recent Congress, and many new Official Supporters were signed up on the spot.

Meanwhile, an attempt by one individual to take an ego-trip at the expense of the Party wound up in a bad trip for him. For weeks, this person has been planning to use the meeting to announce--of all things--his "takeover" of the Party. When the Commander suddenly appeared with a squad of 20 ST men, the would-be generalissimo disappeared into the woodwork and his scheme blew away like so much hot air.

## WSA Brings White Power to Alexandria

On 14 November, the White Student Alliance held a White Power rally in the heart of downtown Alexandria, just outside the nation's capital. Young White people and Saturday shoppers present heard speakers blast Black terror in local high schools as well as outline what they could do to build WHITE SOLIDARITY.

Unlike other meetings and demonstrations during the week, the rally saw a relatively small turnout by White students--the result of massive efforts on the part of school officials to coerce, threaten and otherwise intimidate them into not attending.

As the rally got underway, a large group of Blacks pushed their way up front for a confrontation. But when they were faced down by the National Socialists--and knew they'd be in for a real FIGHT--they backed down and began heckling instead.

Despite all the Blacks could do, all the Whites present were visibly impressed as local WSA co-ordinator Richard Biederman and Party activists Bill Kirstein and Dennis Kretzschmar blasted local school officials for their cowardice and inaction in the face of the growing Black menace. There is no doubt where these students will turn when they're finally ready to fight!

### WSA Becomes White Youth Alliance

To give the organization a wider applicability among White young people, the name of the White Student Alliance has been changed to the White Youth Alliance. The emblem of the WYA will be the sunwheel (⊕), a symbol related to the Aryan Cross (⚡). Young people interested in joining the new organization should contact: Dave Duke--Box 17006 (LSU)--Baton Rouge, La. 70803.

Young persons desiring direct affiliation with the National Socialist movement should contact the National Socialist Youth Movement (Box 5505--Arlington, Va. 22205). NSYM members may also join the WYA and are urged to work as closely as possible with that organization.

### WYA Continues to Smash Enemy at Louisiana State

In a continuing effort to keep LSU's "Free Speech Alley" relevant, White Youth Alliance leader Dave Duke and Party activist Ray Leahart spoke for over two hours to a crowd of 500 at the open-air forum on 11 November. Meanwhile, school officials--bemoaning extensive use of the Alley by National Socialists--are seriously considering suspending the forum in view of the lack of any real anti-NS opposition.

Later in the evening of the 11th, 15 WYA members picketed a Baton Rouge appearance by Dick Gregory, the coon comedian turned revolutionary. While Gregory told his audience "either Blacks are taken into society completely, or they explode and all America gets hurt," Negroes outside did nothing about young Whites carrying picket signs reading, "White Power," "Gregory is a Black-head" and "White youth unite!"

### NS Youth Says, "DO IT!"

Below is a Pennsylvania high-school student's report. In it is crystalized the spiritual essence separating the National Socialist from all other contemporary "patriotic" types ... the will to ACTION!

"This month I gave a report on National Socialist Germany. I attempted to show how all the loyal Germans really loved Adolf Hitler and his racial teachings. I also spoke of the Nuremberg rallies.

One student's eyes almost popped out when he saw the size of the crowds in the magazine picture I had. All in all, response was good. While I gave the speech I had on the Party uniform and Swastika armband. Fellow comrades of the National Socialist White People's Party that read this and haven't as of yet done any such work for the Party, do it! It's very simple and I guarantee you that the student audience will give you their full attention as they did me.

So stand up for National Socialism and let the will of Aryan man be heard!"

## Not So Quiet on the Western Front

Local Leader Joe Tommasi has been making magnificent headway in relating to many Los Angeles youth. These White young people, rejected by the reactionary "right," yet TOTALLY repelled by the vile Jew-nigger ridden "left," come to find that National Socialism--far from what they were taught--is a healthy revolutionary movement comprised of young idealists like themselves.

Comrade Tommasi has been doing such a GREAT job, local creeps are starting to take notice. Headlines, one of the newest hippie newspapers to spring up, gave him an interview that took up two full center pages, spilling over to a large portion of the last page. Further, he has been given a PERMANENT slot for a regular column!

Many young racial comrades who read Tommasi's column will come around. The best of these kids will be with us!

## Bill Gould Gets Probation

Bill Gould, the young Los Angeles comrade who was arrested and held two weeks for possessing tear gas, was convicted in superior court last week and given a suspended jail sentence with one year's probation.

The decision was considered a victory since it was discovered that the D. A. 's office had been pressing for a five-year sentence!

Here in the National Capital area, it is not illegal to carry such "Negro control equipment." But in Los Angeles, possession is a felony!

## In the Armed Forces

With the nigger problem in the armed forces getting worse every day, more and more White servicemen are showing interest in the White Serviceman's League. The report below is from a Navy man pulling river-patrol duty in Vietnam:

"The gunboat I am attached to spent most of this month on patrol on the Song Cua Lon River in South Vietnam under combat conditions. However, during the few days I was in port I spent off-duty hours in places where White servicemen congregate and discussed National Socialism.

"I have received favorable reactions from a large proportion of these men, and have told them of the White Serviceman's League. I have also been teaching many men the "White Power" salute, and I find that it is catching on. As more and more Blacks enter the service, more and more "liberals" are changing their views. I am concentrating on these men, for I find they most always respond favorably to NS views."

Two WSL comrades (Marine Sgt R. J. & Cpl D. P.) give White Power salute while waiting to go on patrol at their makeshift barracks along Vietnam's Demilitarized Zone.

The mailing address of the White Servicemen's League is: Box 5505, Arlington, Va. 22205

## Remember Rudolf Hess!

National Socialists everywhere look forward to the Yuletide season as a time for celebration and comradeship. With the burning of the Yule log in the home hearth, we reflect on the importance of our struggle. We think of the difficult but glorious task ahead, and the hard road we've traveled. We think of all the comrades who have given their lives for the Cause, and who are at this very minute making the greatest of sacrifices for our Race!

This Christmas will be Rudolf Hess' 30th behind prison walls. He is there today ONLY because he refuses to renounce the Fuehrer and National Socialism! In his own words, following his "conviction" by the farce that was the Nuremberg kangaroo court:

"It fills me with happiness to know that I did my duty towards my people: my duty as a National Socialist, and as a true follower of the Fuehrer. I regret nothing. If now I stood at the beginning of my career I would act again as I did act, even if I knew that what awaited me was the stake at which I was to be burnt alive. Whatever men may do to me, the day will come when I will stand before the judgment seat of the Eternal; to Him I will give an account of my actions, and I know that He will pronounce me innocent."

As the Yuletide season approaches, remember this comrade! Airmail cards may be addressed to him at:

Festung Spandau

## Vigil for Rudolf Hess

An around-the-clock vigil for Rudolf Hess will be held on 22, 23 and 24 December in Lafayette Park, right across from the White House in Washington. All Party comrades interested in participating should call National Headquarters--(703) 524-2175--to arrange for limited accommodations while in the area.

### BEST NS WISHES FOR THE YULETIDE SEASON!

As the Yuletide season approaches, all of us here at National Headquarters want to wish every National Socialist comrade a very Merry Christmas.

May this be a time for true spiritual renewal with your family, comrades and friends--and a time to stay out of those Jew department stores and away from alien commercialism!
