**National Socialist White Peoples Party** AND THE **National Socialist Youth Movement**

No. 80

"Into the rotten and cowardly bourgeois world and into the triumphant march of the Marxist wave of conquest a new power phenomenon was entering, which at the eleventh hour would halt the chariot of doom."

Mein Kampf, II:1

## National Socialist Action in Los Angeles

Earlier this month, Troopers Dan Stewart, Bill Gould and Ken Meeker from Los Angeles headquarters were selling White Power newspapers in nearby Glendale. All was going very well, and many newspapers were being sold when police arrived on the scene. An unusually large crowd of people then gathered and one obnoxious Jew got a little courageous. Dan Stewart reports on what happened next:

"As Bill Gould attempted to take photographs of me speaking with an officer, a vile Hebe jumped in front of him in an attempt to block his efforts. Tactfully, Bill moved to the side and once again attempted to take the photo, but the swine again blocked his vision. He then asked the Jew to step out of his way. But instead of doing this, he shoved Bill who in turn shoved the Jew back HARDER!

Between six and eight officers who observed the whole incident immediately arrested Gould for assault! Bail was set at \$315.00!"

But Trooper Gould wasn't in jail for long. A local resident who saw the incident put up the entire bond, and told our men they could keep it after the case was won!

## Commander Interviewed For Syndicated Radio Program

On February 1 Commander Koehl was interviewed by Allan Prell, an independent 'talk show' producer in Baltimore. During an hour long heated discussion, the Commander drove home many important points concerning our White Power program. He explained that Blacks simply don't fit into a modern civilized society, and that Jews are the ones who are primarily responsible for organizing them into the dangerous force they are today.

The program went very well, and will be heard extensively in Pennsylvania and other mid-Atlantic states.

## National Organizer Speaks Before Honors Class

On February 2 the Party's National Organizer spoke before an Honors Social Studies class at a high school in Arlington. With the topic being "How the NSWPP communicates with and attempts to persuade others," Captain Kirstein spoke of the Party's aim to address itself to those idealists and activists who will form the leadership of a coming White man's revolution.

He explained that those who are trying to get White Power the 'nice' way today are getting nowhere, and that only a militant approach could shock the White people out of their apathy, and spur them to action and involvement! He then spelled out why only ACTION could make our great idea become a reality. Questions and answers, and a good round of applause followed his talk.

3. They must complete and return a membership application form with an application fee of \$5 to National Headquarters.

4. They must complete a probationary membership period of at least six months. (This period may be extended if good standing is lacking or in the case of a former member who wishes reinstatement.)

### Young L.A. Trooper Whips Reds

Trooper John Lau was selling newspapers at his local high school when he saw a sight causing him to take some direct action — a Red flag! He described his action below:

“Burning with rage, I ran toward the Red rag, and upon my approach, was bombarded with rocks. But this soon ceased when they were hit with tear gas. The remaining three who were carrying the flag soon went running with their ‘comrades’ when they too were gassed!

When school officials and four police officers arrived, the Red scum who were brave enough walked up to them and ‘told’ on me. After being frisked and escorted to the principal’s office, I was suspended for three days for creating a disturbance, and attempting to cause racial tension between White and non-White students.

So, I ended up keeping the Communist banner, and received a three days vacation to go with it!”

### Membership Cards: Photos Needed

All member in good standing who have submitted a passport-sized photo of themselves have already received their cards. This attractive little card looks like a passport itself with a Swastika on the cover, opening to reveal your picture and basic data on one side, and a list of the principles we stand for on the other.

If you haven’t yet done so, send us your photo today so we can rush your card by return mail.

### Maintain Your Official Supporter Status!

If you are among those who have yet to receive your Official Supporter card, this is to notify you that your status with the Party will be terminated with the next NS Bulletin unless you:

- (1.) Catch up on your pledge. or
- (2.) Make special arrangements with the Membership Secretary.

Don’t jeopardize your standing with the Party! Get in touch with us right away!

### Party Membership

Many have requested information on Party membership. It should be remembered that full membership in this organization is purposefully made difficult, so that only the best among those who affiliate can achieve this, the highest honor a National Socialist can aspire to.

Members of the Party are expected to have a firm grasp of doctrine, swear personal loyalty to the Commander, and either take the initiative in local activism, or provide substantial support.

Persons wishing to become members must fulfill the following requirements:

1. They must be at least 18 years old.
2. They must be a Official Supporter in good standing for at least six months.
3. They must complete and return a membership application form with an application fee of \$5 to National Headquarters.
4. They must complete a probationary membership period of at least six months. (This period may be extended if good standing is lacking or in the case of a former member who wishes reinstatement.)

5. They must be prepared to take a written examination on National Socialism.
6. They must arrange an interview with the Commander or someone he designates during the latter part of their probationary period.

#### Ban on Armbands Lifted

A local court decision to ban the wearing of black armbands in Dallas City schools on the basis that they might "disrupt school activities" was overturned by the 5th U.S. Circuit Court of Appeals last month.

The Dallas court was directed to grant an injunction enjoining Dallas school officials from interfering with students "in exercise of their right by First Amendment of wearing black armband to school to protest the Vietnam war."

White students should exercise their First Amendment rights in protesting the fact that thousands of White youths have been beaten and killed these past years because of school integration by wearing their Swastika armbands!

#### White Youth Acts!

A young activist in Detroit, Michigan recently sent in a report of activities in his local high school:

"During January, 1971 I have continued the spreading of National Socialism in my high school. I've stuck up White Power stickers on the halls and lockers. I placed them above the drinking fountains so that everyone can see our message. My friends are giving me a lot of help!"

Reports such as these have been flooding National Headquarters in recent weeks, as more and more young White students engage in the kind of direct action that will, in turn, attract other young REVOLUTIONARIES who will be the driving force in our battle for White Power!

#### Activity of the Month

With the newspaper on the verge of coming out on a regular monthly basis, it is more important than ever for all Party comrades to sell and distribute White Power. There are any one of a number of ways to do this:

1. Street sales and door-to-door subscription drives.
2. Students can stuff lockers at their schools, or distribute them in class.
3. Working men can leave copies "around the job," etc.
4. One can engage in early morning or late night mass distributions to homes, or in cars at shopping centers.
5. One can mail quantities to friends, relatives and neighbors in the area.

Person to person contact is the best and most profitable way to circulate White Power. In fact, some comrades have been able to virtually earn their livelihood in this manner.

Whatever means you can use, you should get started right away. Order a bulk quantity today!
