Commander Koehl Orders ST Mobilized for Spring Activity

In connection with greatly expanded Party public activity this spring and summer, Commander Koehl has issued instructions calling for the organization of Stormtroops into compact and mobile units.

The basic ST unit will be a 4-man team headed by a Team Leader (TL). Three teams will comprise a group, headed by a Group Leader (GL). The unit organization of the ST is based on multiples of three and will be extended into larger formations as they are created.

The purpose of the ST is to provide security at public functions of the Party, and generally to confront the enemies of our race and nation in the streets. Persons interested in joining the ST should contact Capt. William Kirstein at National Headquarters.

COMMANDER VISITS MIDWEST

Commander Koehl recently visited the Midwest, making a number of school, radio and television appearances. A full report will be given in the next issue of the NS Bulletin.

Party Organizer Speaks at Capital-Area High Schools

National Organizer William Kirstein has been teaching Washington-area high schools students the essentials of National Socialism and White Power. On March 25 he addressed five separate government classes at a school in Fairfax County (Va.), distributing over 800 newspapers and large quantities of Party leaflets. Enraged Blacks and Jews often became violently hysterical, but the overall response from White students was good.

During the week of the 29th, Mr. Kirstein taught a special class in National Socialism at a Catholic high school in Arlington county during a "Progressive Education Week." He was able to dispell all of the myths about the Leader promoted by Jews and other anti-White traitors by instructing directly from Mein Kampf. In discussing political conditions in America, he explained how liberals and race-traitors can maintain their illegitimate power by appealing to racial minority bloc votes, because Whites concern themselves with petty partisan politics rather than overriding racial issues. He then described racial idealism and the Party's White Power program.

On the final day, students were treated to a showing of the immortal film classic, "Triumph of the Will." Response from this week of instruction was excellent, and Mr. Kirstein was invited to return next year.

"Triumph of the Will"

National Headquarters is now able to feature showings of the film masterpiece, "Triumph of the Will." This film, commissioned by Adolf Hitler and produced by the great cinema artist Leni Riefenstahl, records the inspiring events of the 1934 NSDAP rally in Nuremberg, and is a prime example of White Power in action.

National Headquarters can arrange to show this two-hour documentary before any gathering if travel expenses for a Headquarters staff officer are guaranteed. "Triumph of the Will" provides an excellent opportunity to introduce new people to the Movement.

Incidentally, copies of the "Triumph of the Will" soundtrack--complete with rousing marches and stirring speeches by Adolf Hitler and the other NS leaders (written translations included)--are now available in sets of two for \$10 from: NS Publications--Box 5505--Arlington, Va. 22205.

"White Power" Off the Press

Issue Number 15 of White Power has come off the press and should be in the hands of most members and subscribers by now. We are sure you will agree that this is one of the greatest issues yet published, and urge you to do all you can to introduce White Power to your friends and associates by ordering extra copies of this issue.

Michigan Organizer 'Grabs Young Minds'

Detroit Organizer John Krenzer recently addressed a large number of students at local Cousino High School, where a Klan speaker had previously been run off the stage. He reports:

"I have never met such a pro-Communist group. Of all the teachers and instructors present, one of course was a Jew and the other an ultra-liberal. The student president was an Arab who loves Jews!

"At first, I was given one classroom with 30 students. But upon arriving, I found I was to address 200 young people in the main auditorium. After the first heated hour, more students flowed in, skipping classes. Finally, every class was given authority to attend, swelling the audience to over 500.

"After two hours, the teachers started attacking verbally, after seeing me gaining. The beginning of the third hour was too much for them. The Jew teacher stopped everything only after promising demanding students return engagements for our Party. Ten girls seeking autographs were shooed away by instructors. Luckily, I had three kinds of leaflets on hand which were passed out by students."

White Power at a Cleveland High School

As interest in the new NS bookstore grows, speaking invitations from local schools keep coming in to the Cleveland unit of the Party headed by Mr. Casey Kalemba. When Mr. Kalemba and local Party Secretary Frank Spisak arrived to speak at nearby Roxborough High, they saw an unexpected sight--hordes of "Jews, hippies and quite a lot of niggers." Nevertheless, despite hoots and cat-calls from these subhuman drégs, they mounted the stage and gave all of these creatures a good dose of White Power! Their only hassle came afterwards, when the brave advocates of "freedom and equality" pelted our men with snowballs as they pulled out of the parking lot!

The address of the Cleveland bookstore is 10012 Lorain Avenue.

White Power in Milwaukee

Scott Mosby, who attends a new high school in Milwaukee, has been very active in spreading the word on campus. In blasting expressions of pro-Jewish sentiment in the school paper, he has become well known among his fellow students:

"Scott Mosby did," said one. "He's a Nazi, ya know--has a swastika in his locker and a bunch of stickers." What surprises me is that people, even though they know I'm a National Socialist, are inviting me to gatherings and group events. I feel that as I get more accepted, both as a new student and as a National Socialist, I'll be able to sign up much support."

The Los Angeles unit of the Party recently distributed literature on a local campus that had been troubled by rampaging Blacks. But school administrators and their coddled Black darlings got more than they bargained for when White students began to unite to resist the Black terrorism. The following article from the San Gabriel Valley Times (full of the usual Jew-press lies) speaks for itself.

"At a local youth meeting attended by 38 people, plans were laid down to start NS chapters on all local high school campuses, especially those attended by Party comrades. So far, we expect NS units on at least eight. Everyone pledged their wholehearted support."

White Power in New York

A young National Socialist college student in Long Island delivered a strong speech entitled "A White Man's Revolution" before his fellow students in a public speaking class. Ending with a quote from Commander Rockwell's book White Power, and with a 'White Power' salute, his message was well received by White students. In fact, his delivery was so good that even his Jew teacher was forced to say, "Although your content was sick, your delivery was vibrant and performed in a professional manner"--quite a compliment coming from one of the Chosen Ones!
