## Commander's Midwest Tour a Great Success

During the latter part of March and early April, Commander Koehl made a series of appearances and conducted a number of successful media interviews throughout the Midwest. His itinerary was as follows:

On 26 March the Commander spoke before Party comrades at the NS Bookstore in Cleveland at 10012 Lorain Avenue. Later on that evening he appeared briefly on the Alan Douglas show on WKYC radio. When Douglas, who is Jewish, announced that he had invited a fellow Jew to 'psychoanalyze' the Commander, it became apparent that some cheap trickery was in store. After Douglas delivered a lengthy tirade full of typical Jew-lies and half-truths, the Commander curtly but strongly advised the "two Jewish gentlemen" he wasn't going to be a part of their silly game, and that if they wanted to continue in that vein they could talk to themselves. He then arose and walked off the program, leaving the pair of befuddled and frustrated Jews in the lurch! The immediate audience reaction to the Commander's walk-off was one of solid condemnation of Douglas' cheap Jewish stunt.

On 1 April Commander Koehl took part in a debate on the subject "Alternatives to Racial Violence in the United States" before a packed hall at Macomb County Community College in Mt. Clemens, Michigan. Despite ludicrous attempts by a "Social Studies" instructor to cloud the issue with irrelevant polemics, the Commander drove home point after point and concluded by quoting Lincoln on the race issue. Needless to say, the liberal attitude of the hall was crushed upon hearing of Lincoln's policy of sending the Blacks back to their homeland in Africa.

Later, he met with members and supporters from the Detroit area where the local unemployment crisis was discussed, along with the National Socialist solutions to this and other problems caused by liberal democracy.

On 4 April Commander Koehl arrived for a meeting with Party and youth leaders in Pittsburgh. Plans were laid at that time to further spread the Party's message among unemployed workers and to get more literature to local high school campuses. On the following morning Commander Koehl appeared on KQV radio for an interview on the Carolyn Smith Show. During the 1-1/2 hour discussion, he was able to emphasize many points concerning the vast differences between creative Aryan culture as contrasted with the soulless nature of so-called Jewish culture. He also outlined the Party's White Power program for America.

That evening, the Commander appeared on WTAE-TV (Channel 4) for the video-taping of an interview for Don Cannon's "Viewpoint" program. The Commander was able to totally demolish the Six Million myth by using figures from the World Almanac and the New York Times. The moderator concurred with these sources, conceding that the Times is owned by the Jewish Sulzbergers.

As a result of the Commander's recent Midwest trip, millions more were reached with the Party's message! Commander Koehl plans on many more similar organizational tours to other parts of the country in the future.

### National Organizer Appears on Pittsburgh Radio

On 4 April--while Commander Koehl was taping the WTAE-TV program--National Organizer William Kirstein appeared on the hour-long "Perry Marshall Show" on WJAS radio in Pittsburgh. Marshall began the interview with the typical tirade against National Socialism.

When he finished, Mr. Kirstein replied that he expected such childish conduct from him, "vile Jew that you are." He then described how it was precisely such lies and falsehoods that got him interested in finding out the truth about National Socialism, and what Hitler really thought. He then went on to discuss Jewish involvement in Communism and anti-White treason in America, stating that such traitors deserved to pay with their lives! When Marshall stated, "I believe in racial mixing. Would you want to see me dead?", Kirstein replied simply, "Yes!"

Mr. Kirstein then proceeded to make point after point, while Marshall, totally shocked and caught off guard only interrupted with hysterical insults and totally exposed himself for the phony he is! Many favorable phone calls came in during the latter portion of Mr. Kirstein's visit.

### Party Rally in D.C. Draws Dissident Youth

A rally in Lafayette Park across from the White House on 10 April designed to attract young students against the Vietnam war resulted in an unqualified success for the Party. Earlier in the week, special leaflets were prepared to appeal to leftist youth and were distributed on area high school and university campuses.

In his address, Commander Koehl pointed out that Nixon was sending American fighting men to fight Communism 10,000 miles away when we had it right in our own backyard in Cuba. He said that Nixon stated on 14 May 1969 that he had no intention of winning. The Commander further remarked that any regime that commits our troops without backing them up or allowing them to win is criminal, treasonous, and deserves to be overthrown! He further stated that he didn't blame American youth for not wanting a war where the poor man had to invest his son, while big corporations reaped fantastic sums in war profits. The Commander concluded his remarks by calling for the overthrow of this treasonous System and establishing a new set of economic priorities including:

- Nationalization of all war profits
- Nationalization of banks and credit institutions
- Halting the flight of capital overseas
- Worker's co-ops and profit-sharing in all major industries
- National works projects to guarantee full employment

In his remarks, Party Business Manager Richard Saunders showed how capitalist greed was pol-

luting and destroying the environment. He related his experiences as a biologist in Florida dealing with marine ecology work in pointing out that the only answer to wasteful capitalism was the race- and Nature-saving idea of National Socialism.

In speaking on the plight of Lt. William Calley, Richard Biederman pointed to the System we live under as the guilty party in this treasonous affair. He explained that America could never win a war in Asia by fighting on the enemy's terms, which the criminal Nixon regime has decided to do. Mr. Biederman maintained that Calley's only "guilt" rested in serving to the best of his ability and in following orders. The real guilt, he emphasized, lay with men like Kennedy, Johnson and Nixon who had sought to prolong the war and crucify Calley for their diabolic motives.

### Party Member Scores Election Gains - Files Landmark Suit

Party Member Ralph Forbes of Jacksonville, Florida, scored impressive gains in a closely contested Duval County school board election race last month.

From the very beginning, the newspapers and all his opponents tried to 'discredit' him because of his Party affiliations. But as the campaign progressed, they all became remarkably silent as pop-

#### LETTERS TO NEWSPAPERS

Many Party comrades have been scoring tremendous successes in spreading the word by writing to their local newspapers. Such letters should be short, courteous and geared to a specific news topic. Here are two of many recent examples received at National Headquarters:

#### **Tale of Woe**

Editor, The Herald:

This letter is in reference to the so-called Soviet anti-semitism. It is a long known fact that the Communists have been antireligious since their takeover in Russia in 1917. They have denied all religious groups their right to worship God according to their own beliefs! But why do we just hear about the plight of the Jews? Is this due to the fact that the Jews are prominent in the news media?

And why if the Communists are so anti-Semitic that Kahn, Loeb, & Co. spend several millions of dollars financing the Russian Revolution? And why does the Overman Report to the Senate state that out of 388 persons in the first Soviet government — 371 were Jews? And why did Lenin marry a Jewess named Krupskaya and Stalin do the same with his marriage to Rose Kaganovitch if the Reds are so anti-Jewish? And why are Hoffman and Rubin in the Communist movement of today if the plight of the Jews in Russia is so well defined?

Why don't the American people hear about these facts from the Jews instead of their continual tale of woe?

### **Hitler May Have Been Partly Right, Student Believes**

On this date, Jan. 30, 38 years ago, Adolf Hitler assumed power as chancellor of Germany. Sweeping aside war propaganda and manufactured myths, it is interesting to note what Hitler had to say relevant to today's youth, and their parents.

Adolf Hitler was a realist; he told it like it was. He said that in our glittering materialistic world, wealth is not the true measure of a man. Class does not matter, only whether man does his best in his field. Better a hard-working laborer than a corrupt, incompetent politician. He said individual good is tied to the good of society.

You cannot "do your thing" while saying "the hell with the rest of you" and expect a decent, creative society. We cannot allow our worst elements to control our destiny. The test for a government is whether it stands for the preserva-

tion and integrity of its productive elements. Governmental degradation of these elements by subsidizing the parasitic elements, who create the problems of crime, illegitimacy, racial miscegenation, etc., only shows its degeneracy.

Youth, Hitler said, must have purpose and direction. There must be some great goal for which we are striving, not merely trying to make a "living." A purposeless, materialistic society will ultimately destroy itself and everyone in it.

He said that if men were willing to fight and die for their country, the country should back them heart and soul; not betray them by sending them to some God-forsaken place to die for nothing.

Finally, he said, churches exist for the spiritual welfare of the people. Those who prostitute them for their political designs are worthless swine.

Thirty-eight years have passed since Jan. 30, 1933, and almost 26 years have elapsed since the end of World War II. Looking beyond the atrocity myths and Nuremberg's kangaroo court, perhaps Hitler was, indeed, right!

**WILLIAM PETERS**

North Chili, N.Y.

(The writer, son of Mr. and Mrs. W. G. Peters, Beaver, is a senior at Robert's Wesleyan College.)

ular support for the Forbes campaign steadily grew. One supporter wrote in concerning election night, 30 March as the votes were being counted:

"I talked to Forbes last night. Over one-third of the vote was in and he was running second out of the five candidates."

Despite a small turnout on the part of the Whites in his district, and almost no resources for an effective campaign, Forbes ended up polling nearly 18 per cent of the vote!

Meanwhile, Mr. Forbes has also filed an unprecedented \$100, 500, 000 suit in federal court charging the local sheriff, mayor, FBI and city council with violating the constitutional rights of the White citizens of Duval County by enforcing school integration. The suit calls for a trust fund for the building and maintaining of private schools for White children.
