## Stormtroopers Clash With Reds in D. C.

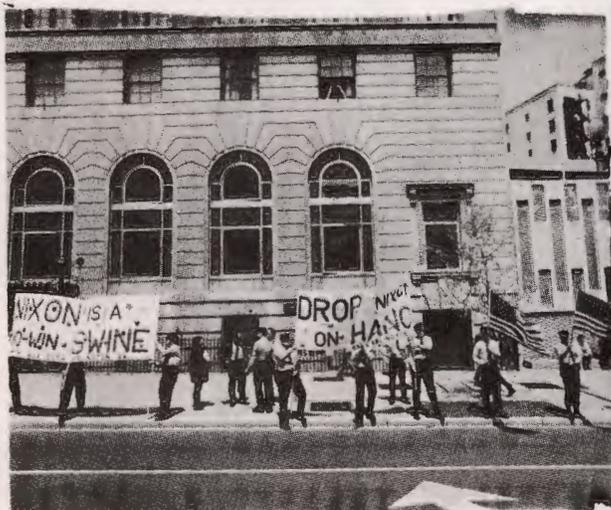

A strong contingent of Stormtroopers clashed with the gigantic Communist-sponsored 'peace' march in Washington, D. C. 24 April. Although outnumbered by more than 5,000 to one, Commander Koehl was determined to find out whether or not patriotic Americans could successfully carry the American flag in the streets of the nation's capital when Viet Cong and other enemy flags were being flaunted in those same streets.

The Stormtroopers began their march from Arlington, where they crossed Key Bridge into the notoriously Red-infested D. C. suburb of Georgetown. Here, Jews and Reds began to follow our men jeering and shouting, while other young Whites began to join our formation!

Tension mounted as our men neared the White House, where only two days before the Party had been denied a permit for a rally in nearby Lafayette Park because of "fear for White House security." In confronting police on this issue, Commander Koehl suggested they immediately revoke the Reds' permit since it was they who posed the REAL threat to Mr. Nixon's security! Police were unresponsive to the Commander's suggestion, so he decided to confront the Reds during their line of march.

After marching around the park--where they were joined by a detail from the New York-based National Renaissance Party--and nearing the massive treason march on Pennsylvania Avenue, the Stormtroopers were confronted by police who formed a line to prevent them from reaching the main body of Reds. The Commander then addressed the men as follows:

"Today we are going to see if patriotic Americans can carry the American flag in the streets of this city, while the flag of a Communist enemy killing GIs is allowed to fly unmolested!"

Troopers demonstrate on Pennsylvania Ave.

Cmdr. Koehl leads his men down 15th St.

Thereupon, he led several troopers bearing unfurled American flags across the street. The police backed down and let them through, and the rest of our men followed!

At the first sight of our troopers the Reds, after getting over their initial shock, began to move toward them throwing rocks and beer cans. But the National Socialists maintained absolute control as the Communists were driven back in three separate assaults and fierce hand-to-hand fighting. In the outbreak, Commander Koehl was arrested for "disorderly conduct," along with Cleveland Organizer Casey Kalemba and two other troopers.

At the final muster at Party Headquarters later that day, Commander Koehl commended the men for their outstanding fighting spirit in the face of overwhelming odds. He explained that it is this spirit along--exemplified in the ST--which will inspire our race to ACTION and win a White victory in America.

#### Los Angeles ST Opposes Red Treason

On 24 April, while their comrades confronted the Reds in Washington, Southern California Storm-troopers marched through downtown Los Angeles and engaged in a series of clashes with 'peace' demonstrators there.

The following day, a large contingent of Party troops confronted over 300 Reds in the Los Angeles suburb of Venice. Despite the large numbers of riot police present, the leftists began pelting our troops with rocks. However, they were afraid to come in closer for a fight. While driving back to L. A. Headquarters, the ST was accosted by several carloads of Reds looking for a fight. Needless to say, the cowardly scum backed off when they saw that our men weren't afraid of combat.

#### Seattle National Socialists Demonstrate Against 'Peace' Marchers

On 17 April, a group of National Socialists led by local Organizer Roy Armstrong demonstrated against another so-called 'peace' march in Seattle. As the creeps looked on in silence, our men carried signs bearing the slogans: "Smash the No-Win System," "Who Protests Guns for Israel?" and "Marxism is Jewish!" During an ensuing treason rally, our men burned a Viet Cong flag in protest to the anti-American, anti-White gathering.

Eight members of the National Socialist White People's Party marched across the street from the main body of anti-war protesters at the United States Courthouse yesterday. They stood facing the marchers holding signs reading "End the No-win system" and "Marxism is Jewish."—Steff photo by Greg Gilbert.

Mr. Armstrong has meanwhile been very successful in creating controversy in the local newspaper as he answered an attack on the Movement in the paper's 'religious' column.

## Letter

### **White People's Party disputes hate charges**

To the Religion Editor:

In reference to Seymour H. Kaplan's comments in your column of 6 March, we of the National Socialist White People's Party make the following clarifications:

1. The publication, White Power, is being circulated in an effort to organize the white majority in this area to stand up politically for its interests on those issues which vitally affect the future of our nation and traditional life-style.

2. Our party is not conducting a "hate the Jews"

campaign. We have striven to inform persons of the very substantial involvement of Jewish ethnic organizations as well as individual Jews in activities which are harmful to the fundamental interests of the white racial majority.

3. Our party deplores the tactics of the Jewish ethnic majority, which hides behind a religious facade in order to prevent public exposure as a highly organized, political-economic force which succeeds in dictating its own policies on a local, national and even international level.

4. Persons of Jewish ethnic background have succeeded in organizing other nonwhite minorities in America, chiefly Negroes, but also Mexicans, Orientals and American Indians. Employing the bloc votes of these minorities, they have engaged in power politics at the expense of white Americans.

5. As more persons become aware of the problems arising from Jewish anti-white activities, they may react emotionally—with hate. The N. S. W. P. P. discourages this sort of reaction and attempts to channel

the concern of aware whites toward a rational, positive program to regain complete control of their destiny.

If you question our evaluation of the role of the ethnic Jew in modern society, it is suggested that you read some of their none-too-modest literature on the subject . . . Enclosed is a current edition of White Power; we hope that you have not closed your mind to our viewpoint.

—R. Arthur Armstrong,  
Activities Coordinator,  
N. S. W. P. P.

Due to the increased activism of Seattle-area National Socialists, the Jewish ADL has become alarmed and radio and TV stations have given the Party increased coverage as the controversy continues. Recently the full-page format of White Power newspaper was shown on KING-TV with about five minutes of commentary. The Party paper was also discussed on radio programs and analyzed by the local press.

All Party members and supporters in the Seattle area are urged to contact Mr. Armstrong by writing to: NSWPP, Box 25792, Seattle, Washington 98125.

#### Leader's Birthday Celebrated From Coast to Coast

The 82nd birthday of Adolf Hitler on 20 April was observed by North American National Socialists from coast to coast. Two of the most noteworthy celebrations were the one in Northern Virginia and the one in Southern California.

Members and supporters from the Washington area met at a secluded campsite in the Appalachian Mountains for a day of festivity and good comradeship. In the evening, a ceremonial bonfire was lit and several speeches in tribute to the mighty Founder of National Socialism were delivered.

Commander Koehl spoke of the fateful advent of Adolf Hitler into a world on the brink of Marxist-Jewish catastrophe. He declared that this immortal man has given our race the Idea, the Movement and the Inspiration with which it can not only survive today's crisis, but advance to a higher level of existence. The Commander concluded by telling those present that Adolf Hitler is not dead, because he LIVES in the heart of every true National Socialist and is the future.

William Kirstein discussed the spiritual character of National Socialism and pointed to the super-human greatness of the Leader. He said that all Party comrades should model themselves in his image and repair to his standard.

In his remarks, Dan Dexter spoke of the significance of Adolf Hitler in today's world--that what he meant to the German people takes on a new meaning and wider applicability within the context of the Movement's pan-Aryan outlook. He declared that Adolf Hitler is important to us in America today, not because he lived, but because he LIVES!

In Los Angeles, a large group of area activists gathered to celebrate the birth of the Leader with music, feasting and good NS fellowship. In the evening, ceremonies were held and the movie, "Raise the Banner"--an inspiring film recounting NS activism in the Los Angeles area--was shown to members and visitors.

## L. A. Leader Appears on Radio

On 14 March Lt. Joe Tommasi appeared on KCBQ, a San Diego 'rock' station. The program lasted nearly two hours and had a very favorable response. Here's how he described it:

"I was on from 7:15 to 9:00 a.m. It was a very good program inasmuch as I was practically allowed a free hand at all of the goings on. I monopolized the whole event. It was really an NS victory!"

## Comrades in the Armed Forces

The following two NS comrades were recently inducted into the U. S. Armed Forces:

PFC Robert L. Homan 537-44-7921 HHC Trans Comd APO San Francisco, Calif. 96349	Pvt Steven R. Lempicki 223-66-2101 ETR, USAH Ft. Ord, Calif. 93941
---	---

Bob Homan, formerly Party membership secretary, is currently stationed in Vietnam near Danang. Before going overseas, he addressed over 100 students on the subject of National Socialism at Queen Anne High School in Seattle on 19 March.

Steve Lempicki is a medic at Ft. Ord. Before his induction, he was an Arlington-area activist. His devastating letter to the editor of the Monterey Peninsula Herald was reproduced in the last issue of the Bulletin.

Both these comrades in the service would not only appreciate, but heartily deserve to hear from their comrades at home. Drop them a card or letter today!

## Notice From NS Publications

1. "Newspaper Control in America" by Robert Homan is again in stock. This pamphlet is a must for National Socialists in presenting overwhelming evidence showing how the power of the so-called 'free' press is in fact being used as an instrument of Jewish power politics.
2. At this time, we are out of White Power buttons. We hope to get a new supply sometime in the near future. Watch the NS Bulletin for further information.
3. On every order, please be sure to include 10% extra for postage and handling. This will help our Order Department as well as overall finances a great deal, and in turn will assure you quicker and more efficient service.
