No. 88

"The so-called 'intelligentsia' always looks down with a really limitless condescension on anyone who has not been dragged through the obligatory schools and had the necessary knowledge pumped into him. The question has never been: What are the man's abilities? but: What has he learned?"

MEIN KAMPF, I:9

Commander Tours Industrial Belt

Commander Koehl made several important appearances in the Pittsburgh-Cleveland-Detroit industrial belt recently. In each city he was able to reach and recruit many new people into the Movement. His itinerary was as follows:

June 3: Commander Koehl spoke before a sizable group of students at Cuyahoga Community College in the Cleveland suburb of Parma. At the outset, he made fun of any "serious" believers in the racial-equality myth by addressing himself to the sad story of a young socially deprived yet promising youngster named "Sarah." Liberal crocodile-tears began to roll as the Commander described the grim future awaiting this youngster who had been taken from her parents while still very young, separated from other youngsters her age and placed in an institution. Even though a bright and dedicated young Jewish psychologist spent months teaching Sarah how to speak, read and write in a special sign language and to add and subtract, it looked as though she was doomed to spend her life subjected to the grossest discrimination--"because you see," the Commander finally revealed, "Sarah is a chimpanzee!"

Some students squirmed at first, not knowing if it was polite to respond to such an "ethnic" joke. Others couldn't believe what they'd just heard. Here, in a matter of moments, Commander Koehl exposed and ridiculed years of brainwashing by the masters of the equality lie! The Commander then went on to expose these equality liars by pointing out who has real power in the United States today. He showed that this group--organized Jewry--held key positions of power in government, TV, the press and the economy, and therefore constituted the power-structure which dominates our national life.

During a lively question-and-answer period which followed, Commander Koehl elaborated on the Party's program for gaining White Power, the primary role of women in the new America (as wives, mothers and homemakers--not "career girls" and competitors with men in the job market), and our plans for eventual political union with Canada as well as a larger world federation of all Aryan nations--so that never again will there be fratricidal bloodbaths such as those which marked the last two major wars!

Many copies of the newspaper White Power and assorted leaflets were distributed following the Commander's presentation.

June 4: Commander Koehl addressed a meeting of new people in Pittsburgh the following evening, after which the NS film classic, "Triumph of the Will," was shown. In his remarks, the Commander declared that the film showed White Power in operation in one Aryan country--National Socialist Germany--something the Jews absolutely had to start a world war to destroy!

As a result of this appearance, a number of new supporters were signed up and are now active with the newly formed Party unit in the greater Pittsburgh area.

June 5: The Commander addressed a large group of interested people in Cleveland prior to a showing of "Triumph of the Will." For the benefit of some right-wingers present, and those unfamiliar with NS principles, the Commander mentioned the fundamental issue of loyalty. He pointed to Rudolf Hess as one of the finest examples of this quality.

"At the 1934 National Socialist Congress," the Commander declared, "Rudolf Hess--shown in this picture--pledged to stand by his Leader 'in good and bad days--come what may.' Rudolf Hess has never betrayed that pledge--and as a result he sits today in a dungeon over in Spandau. He could get out tomorrow morning. All he would have to do is renounce Adolf Hitler and write his 'memoirs' for Playboy magazine--like a certain Mr. Speer! But Rudolf Hess refuses to do this, and as a result he remains in Spandau. This is what we National Socialists mean when we speak of loyalty."

The Commander went on to explain that without loyalty, any White revolution would be unthinkable, either now or in the future, and that serious revolutionaries should make it a religious habit to avoid those who don't possess this vitally important quality.

At the end of the meeting, Commander Koehl singled out Local Organizer Casey Kalembe for special commendation for his outstanding activism and dedication in the Cleveland area. Mr. Kalembe also manages the NS Bookstore located at 10012 Lorain Avenue. Store hours are 12-6 p.m. on Saturday and Sunday.

June 6: A meeting of over 45 National Socialists greeted Commander Koehl's arrival in Detroit. Again, "Triumph of the Will" was shown and a number of new supporters were signed up. Afterwards, Capt. Kirstein conducted a briefing of the local ST reserve.

Congress Coming Up--Register Now!

The third annual Congress of the National Socialist White People's Party this coming Labor Day weekend is only 11 weeks away! It is very important that members and supporters planning to attend fill out and return the enclosed card with their \$2 registration fee right away, since arrangements are now being finalized and it is very important that we know how many persons will be on hand this year.

There will be accommodations for everyone who can bring a sleeping bag and possibly a tent. We plan on having camping space for those who find the cost of motels too costly. For those who want us to make motel reservations, we will be happy to do this if we are supplied with particulars.

Here is a tremendous opportunity for all National Socialists to meet Party activists from around the country, to exchange experiences and ideas, and to hear Party leaders speak. A large rally in Washington, D.C. is also planned for this time. So, once again, please get those registration cards in right away.

Great Progress Reported in L. A.

Lt. Joe Tommasi, Leader of the Los Angeles unit, reports continuing great progress in Southern California. As always, such headway means stepped-up attacks by leftists, Jews and other anti-White riffraff.

"This past Monday I gave a talk to students at Cal State--Long Beach, and Wednesday night I spoke at Cal State--Los Angeles. Next Monday I'm to speak before a class at Los Angeles City College. During the past two weeks I've been giving numerous taped interviews to many high school and college students. One particular tape will be placed in the Cal State--Fullerton law library for all to 'enjoy.'

We have been getting numerous attacks lately ranging from bricks through our car windows to paint attacks on the front of the building. I almost shot some crud who literally charged the headquarters. But instead, I beat him back with a flag pole. We called the cops and he was arrested.

Threatening letters addressed to me are starting to come in and I think this is due to the WPM, especially the one Commander Koehl wrote about the Jews heading the May Day Tribe. This is really getting under their skin! Everything is going very well out here. We are selling the newspaper to raise money for bail."

All supporters and members in the Los Angeles area are urged to get in touch with Lt. Tommasi and help him in every way possible. The address and phone number of Los Angeles headquarters are as follows: 4375 N. Peck Road - El Monte, California 91732 - (213) 442-1046

Attacks on WPM Fail

It is interesting to note that the same pornographic Jews and bourgeois cowards who tolerate and applaud the most degenerate and perverted kinds of moral depravity and anti-White filth are the first to complain of 'obscenity' and 'indecentcy' and 'shocking bad taste' when the White Power Message broadcasts the truth.

Recently these creatures tried to have WPM service terminated in two areas. The accompanying newspaper articles tell what happened.

Law forces phone company to carry hate message here

An attorney for Ohio Bell said today that the company cannot take action against a recorded telephone message by the National Socialist White People's Party.

"Our regulations, which have been approved by the Public Utilities Commission, state that everyone must be treated on an equal basis," said Huston. "It provides that anyone who has a public announcement to make must state the name of the group or person, and the location.

"We do not feel that we should, either legally or morally, attempt to censor messages people use the telephone to convey."

HE SAID that anyone can buy a line and have an automatic message machine at-

The message, recorded by Frank Thomas, is a tirade against blacks and Jews, and recommends, among other things, that "white men should see to it that campuses are littered with black corpses during school riots."

The party's "final solution" to the race problem is that Negroes "be shipped to Africa and that the Jew-Communists and other traitors be gassed for treason."

SCORES of readers complained to The Press about the message after a story in yesterday's paper described a Nazi book store on the West Side.

Robert K. Huston, Ohio Bell attorney, said since the company is a public utility, it cannot censor messages or decide who may record them.

tached to it which is turned on when the phone rings.

"We have no control over the message," said Huston.

"There are, however, certain restrictions on free speech. You're not free to slander someone. If any group feels they are hurt as a result of these messages, they can sue. The police also can go to court and get an injunction to restrain them if they feel the message is inflammatory. But we can't deny them use of this line," said Huston.

A high police official termed the messages "inflammatory, degrading and filled with lies."

He said, however, that they feel legal means cannot be taken against the message.

Why Can't Govt. Cope With Hate Record?

San Gabriel Valley has a sick cancer in its midst. A host of governmental officials admit their inability to cope with it.

By dialing 443-9455 you will be greeted by a Lieut. Joe Tarnosi. His recorded spiel refers to sub-human rioters which he denotes as "Chile Chokers," which enjoy beating whites. He identifies these rioters as Mexican Communists. As "Whites" this is what we can expect if we don't fight to destroy the rotten system now in our country. Obviously this system is the result of the Jews. They have turned this country's "White People" into sick cowards. Want to join? Call a box number or come to El Monte, Calif. Like the Birch Society, this is an "Anti-Communist" movement.

Millions of us did not fight in various wars to protect the right of one group to hurt another. Be it physical or verbal. I spoke with an associate of the mayor of El Monte. They invoke building codes, fire, licensing, parade permits, etc., the end result was publicity for this group. National Socialist (Neo-Nazi).

The FCC advises me they have 12 men to supervise all of California, Arizona and Nevada. I'll have to write to Washington on such a complaint. It is the feeling of the FCC and the FCC that I should contact the FBI.

Congressman Wiggins' office in El Monte area says the congressman is aware of the number but is helpless to do anything about it. Harvey Johnson, assemblyman, did not bother to return my call.

Finally, I spoke with Rick Gattis of Pacific Tel and Tel. He advised me the company tried to stop them two years ago but were told by the California State Supreme Court they had no right to censor anyone. After that they decided to stop fighting this group.

The following was suggested to all these people: If the FCC has the power to revoke the license of a TV or radio station

should they beam smut or hate over the public air waves... then the FCC and the PUC, being guardians of the Utility Companies, should have the right and the duty to disconnect recorded smut and hate messages.

The FCC further advised me they have no control over telephone messages that do not cross state lines. I suggest Congressman Wiggins dial the number from Washington and after listening to it file a complaint.

Pacific Telephone considers this number a blight on their corporate image. They would love to disconnect it. However it is up to the State Legislature or Congress to pass a law giving them authority to disconnect. Without that it is within the province of the state courts to order it disconnected. The civil rights laws recently passed specifically forbid the discrimination of persons on a basis of race, creed or color. If the state courts do not have the courage to protect the inhabitants of this state from hate-mongers certainly the federal courts should. Nixon's recently appointed U.S. attorney general from San Marino has the power to bring such charges against this group.

It is interesting to note Congressman Wiggins is likely to be a member of a House judiciary committee due in California in a month to investigate recent Chicano uprisings in East Los Angeles. The object is to find ways of formulating better relations with these people.

Disconnecting hate-monger communications would be a logical start. Chicanos, Jews, Blacks and Whites do not have to be insulted by anyone. Since they are the government they may wish to have their legislators reflect this simple wish. How about it Rousselet and Wiggins? Can't you stop this despicable practice?

Sincerely,
Craig S. Jennings,
Covina

It is very easy to install a White Power Message in your area. As has been said before, there is no reason why an area of 100,000 population or more can't have one. The local telephone company in your area has information. While the cost is quite nominal, * the propaganda effect is devastating! Write to National Headquarters today for further information.

*The cost is around \$50 deposit and a little over \$19 per month for a telephone company unit. The cost is between \$85 and \$125 if you decide to get your own unit.

Michigan Recruiter Speaks at High School

Rocky Suhayda, an active young organizer from Livonia, Mich., recently addressed what started out as a small class, but what ended up as a packed hall at nearby Bentley High School. His report is as follows:

"I arrived in the middle of the first hour and was allowed to speak to about 40 people. Then when I went to the next hour they had a podium and microphone as well as a crowd of over 200. I spoke for an hour and then allowed a few minutes for questions. I consider it a very successful speech. There were no boo's or derogatory remarks once. They taped the speech for playing to other classes so I think I should have reached many young people, even if the teachers and administration do butcher it!"

One of the most important ways students can serve the Movement is to spread the word to their fellow classmates. Always remember, the old order of things will pass away, and it will be up to a racially aware new generation to build a White America and a unified Aryan world!

Appeal Enters Home Stretch--Final Push Needed!

The Spring Activities appeal campaign announced by Commander Koehl in late April has now reached the three-quarter mark. With just two weeks to go, \$1,660.50 has been raised.

In tabulating the results, it is necessary to bear in mind that some people have sent in their contributions without designating them specifically for this appeal. We estimate that the response of such persons amounts to 20% of the total. The adjusted amount received so far therefore stands at \$1,993--or 79.7% of our quota.

This means that to reach our goal of \$2,500 we must raise \$507 by the 4th of July weekend.

As we go into the home stretch of our campaign, we once again urge everybody to do all they can to make this drive a success and send it over the top. If you have not already done your part, act today without fail. If you have responded, but can make an added effort, please don't fail to do so. As was stated at the very onset, the Party's activities and capabilities this summer are directly related to the success of this campaign.

Notes From NS Publications

1. Enclosed is a sample copy of the leaflet, "Race-Mixing Stinks." This little flyer has proven most effective when distributed to people in the process of being affected by the stench of race-mixing movies. The quantity price for these leaflets is: 50 for \$1, or 300 for \$5.
2. A limited supply of "The International Jew" by Henry Ford is now available for 25¢ each. This pamphlet is chock full of factual dynamite from Mr. Ford's earth-shaking expose, which was originally printed in The Dearborn Independent.
3. If you haven't already had a chance to do so, order your supply of the latest White Power today. With the newspaper coming out regularly, it is vital that members and supporters do all they can to boost circulation by introducing White Power to friends and associates--and by getting new subscriptions.

Bulk rates are:	10 copies	\$ 1.50	
	100 copies	\$10.00	
	500 copies	\$35.00	shipping charges collect
	1,000 copies	\$55.00
