System Reacts to Party Growth!

Commander Koehl has always stated that as the Party grew and became more successful, we could expect to see the System respond with various attempts at repression. As long as a movement like ours is small and weak, the System isn't really concerned. But as soon as that same movement becomes stronger, the System begins to worry--and to react.

Recently, Mr. Nixon decided to revive the Subversive Activities Control Board. At one time the SACB was an effective body, concerned exclusively with the fight against Communism. Today the government has other plans for it.

National Headquarters has learned from a source inside the government that the Party is one of three anti-Communist organizations (the others being the Klan and the Minutemen) which the FBI has been trying, through the SACB, to get added to the Attorney General's list of subversive organizations.

We feel quite honored that the Party has been singled out for this special attention. It proves that we are a force to be reckoned with!

At the same time, it seems interesting that the FBI should concern itself with an organization founded by a man whose loyal and exemplary service in the United States Navy in two wars is beyond question and whose members and supporters are completely loyal to the best interests of their race and nation--which is more than can be said about a treasonous System which, for example, has involved the United States in wars for the benefit of alien interests and which consorts obscenely with Communist countries while at the same time applying sanctions against anti-Communist, pro-American nations.

As our Party continues to grow, we can expect to see intimidation by the FBI, investigations by the so-called Justice Department, and various and sundry harassment by petty bureaucratic officials who think they are God Almighty. But none of this can ever stop us. It will only be a sign that we're making progress.

Meanwhile, our Party will continue to maintain its uncompromisingly militant stand against the treasonous anti-White, Jew-ridden System in all its manifestations. And if this be subversion then, by God, we are prepared to make the most of it!

Seattle WPM Upsets Jews, Liberals

Since Party Comrade Roy Armstrong installed a White Power Message in Seattle earlier this year, local Jews, liberals and assorted other anti-White types have been moaning and groaning about the Party's race-saving message. In response to his devastating attacks on racial integration, Mr. Armstrong has been duly cited as a "threat to the community"! The articles printed below are an example of the reaction he has provoked. As time goes on, the effusions of anti-White rabble like this will only help us to rip off their 'brotherhood' mask and expose them as the foul criminals they are.

Neo-Nazi Attacks

The P-I, and Hilda Bryant in particular are to be commended for Miss Bryant's column (6-23-71) "White Power Message Call to Racism."

While I agree with Miss Bryant that replying to the National Socialist White Peoples Party may tend to dignify their venomous and barbaric attacks against those individuals and groups who are attempting to bring about needed change and reform, as well as give credence to their appeal to the fears and prejudices of those who may feel threatened by the "sick liberals," I believe that it is also important for individuals and organizations to speak out strongly and clearly against those like the NSWPP who would threaten to destroy the democratic process.

The American Jewish Committee and others are concerned with extremism from the right and the left. At times, a "silent response" to Neo-Nazi lies and hate mongering may be incorrectly interpreted as providing them with a false sense of public acceptance.

WE ARE PROUD to stand alongside Miss Bryant and others of good will to unmistakably state that many are aware of the danger, and are not standing by idly or unsuspectingly, while would be fascists and Nazis subvert the democracy we are trying to strengthen and protect.

White Power Message Call to Racism

P-I Staff Writer

The small white card pinned under my windshield wiper when I returned to the parking lot of a Seattle north-end store promised a WHITE POWER MESSAGE if I would call a downtown telephone number.

Having interviewed and reported the local spokesmen for black power, red power and brown power, I decided to complete the spectrum with a look at white power.

There is a risk of appearing to legitimize the vituperation being spewed out by Arthur Armstrong and his Pacific Northwest Regional Office of the National Socialist White Peoples Party by replying to it.

And there is the obvious risk of libel if I were to quote the racial slurs and slanderous epithets Armstrong hurled against members of the Seattle School Board.

But the nation's first large scale honest attempt to integrate urban public schools in the North without the compulsion of the courts is happening right here in Seattle. And Armstrong's vicious lies are aimed at thwarting that bold experiment.

INTELLIGENT white residents of Seattle have a right to know just who this "White Power" spokesman is and for whom he really speaks. Armstrong's telephone

message changes weekly and is obscenely topical. Last week he contended that the main purpose of the local public schools "is to promote race-mixing." He said the "old three-Rs have been replaced by the new three-Rs of race-mixing, rape and riots."

This week he saved his choice adjectives for Dr. Edward Palmason, Dr. Forbes Bottomly and those "dishonest white people who conceal their opinions behind law and order, state's rights and neighborhood schools."

The Save Our Schools people and CAMB (Citizens Against Mandatory Bussing) must be startled to find themselves in the same bed with the "sick liberal"

targets of the Armstrong diatribe.

THE NATIONALIST Socialist White Peoples Party is neo-Nazi. Its publications flaunt swastikas.

The newspaper has a regular column headed, "Jews In The News," which is a u-Semite roundup of legitimate activities by prominent persons under such provocative subheads as "TREASON," "RACE-MIXING," and "PORNOGRAPHY."

Such blatantly racist propaganda might be considered ludicrous and summarily dismissed if its local advocates weren't so evangelistic in their propagation of it. The pernicious white cards have been turning up

in the city's black community and white power flyers designed to enflame the simmering construction union controversy have been illegally stuffed into the mailboxes of public buildings downtown.

A personal note to me from Arthur Armstrong invites "advice or suggestions regarding our telephone message or newspaper." Of course, he wouldn't have asked if he'd known he was addressing a "sick liberal."

So I'll pass up the advice and offer only an observation: The strength and maturity of our democracy may be measured by its ability to contain such alien lumps within the body politic without convulsion.

Smearmongers on the Loose

Not only are our enemies reacting to Party growth with heavy-handed attempts at repression. We have received reports indicating that the ADL may shortly be attempting a vicious and obscene smear campaign to undermine the effectiveness of the Party. The strategy is to use persons claiming to sympathize with National Socialism, but actually insanely jealous of the fantastic progress the Party has achieved under the leadership of Commander Koehl, to spread poisonous rumors. If members and supporters are alert to this newest sneak attempt, it will fail as have all other attacks on this Movement in the past.

Action in Colorado

A group of Party supporters in Aurora, Colo., has caused quite a stir in their area. The local press, in typical fashion, has reacted with the usual sick, pro-Jewish ravings, samples of which are reproduced below:

Editorially Speaking...

Myopia on the left?

With Nazis in Aurora, no matter how weak and ineffectual they might be, the American's ingrained fear of extremists, whether from the left or the right, reared its head last week.

The thing that is disheartening are the people who scream in sheer terror at this "right wing extremism" the Nazis represent yet see no danger from the young left wing extremists who shoot police officers in the streets of America and close down our institutions of higher learning.

Too many people have 20-20 vision on their political right but are myopic on the left. The fact is that the Soviets have killed more Jews in Russia than Hitler did in Germany. More Communists have killed American boys in the jungles of Vietnam and Korea than Nazis did in

Germany.

But this piece does not aim to defend either side: they're both wrong. In reality they are both the same. Nazism and Communism are both totalitarian systems — they both enslave the people. The state owns all the property and runs the economy in both systems.

The truly patriotic citizen is concerned about and guards against extremism from both the left and the right. They both present the same dangers and same consequences. We are equally dead off with either one if they gain power.

The challenge in Aurora is not an immediate take-over of our government. We just have to be sure we keep the Nazis in their present weak despicable shape.

Like it are the fourth reich

Stephen Millard

Well folks, it appears that a strange coalition of extremists and Nazis are teaming up to rid our fair city of corruption and graft, and have their sights set on taking over the City of Aurora at election time in November.

Two of our local Nazi party members who have been attending City Council regularly have inquired into the qualifications for running for mayor.

May be after the elections we can have our own Fourth Reich and our own Fuhrer. What a distinction.

It could only happen in Aurora, which bring up the interesting question, Why?

Why is it that Aurora, fifth largest city in Colorado, seems to be afflicted with nuts, Nazis, and loose social varieties?

Why aren't there Nazis at other cities' council

meetings? Why aren't Nazis investigating corruption and the "Jewish conspiracy" in other metro cities?

Does this manifestation of real live Nazis at our council meetings indicate something about the image and reputation our council has generated?

Or maybe it's the airplane noise. Maybe all those decibels of noise from the jets just make a disproportionate number of our citizens looney.

Really the small group of Nazis is a tempest in a teapot, even though they claim to have a membership large enough "to work wonders".

The real threat to America's freedoms comes from the far left and the Communists, in both the areas of external threat and internal subversion.

Activity in Pittsburgh Stirs Local Interest

While handing out literature in downtown Pittsburgh recently, a contingent of local National Socialists attracted considerable attention and interest. A report from Party Comrade Emil Pennick tells what happened:

"At 1 p. m. on the aforementioned date, the participants (in full uniform) unfurled an NS banner and began activities. Almost immediately, a Jew from the Oliver Plaza Building came out and said we would have to leave the front of the building. (As it was a public sidewalk, we didn't leave, of course.) Then another Hebe from across the street came over and asked if we had a license to sell our papers. We informed him in no uncertain terms that we weren't selling them, only accepting donations. He then asked for a free copy of White Power. We told him he could have one if he gave us a 25¢ donation. He then left after getting some of his creep buddies to scream obscenities at us.

"We kept on selling and distributing leaflets when streams of people suddenly came from all directions and even left the buildings they worked in to see what was going on. By this time, the crowd around us had swollen to over 300, and the newspapers were selling like hot cakes on a cold day!

"When the police finally came, we gave them some 'Had Enough, Pig?' leaflets. They immediately requested more copies, so they could spread them throughout the other precincts of the city. Later, one older man came up and asked us what this was all about. When I explained the Movement to him, he shouted, 'Give me 10 copies of that paper. You people stand for the right thing. You're against the Jews and niggers, and that's reason enough for me!' "

Pittsburgh has one of the fastest growing Party units in the country. Many new inquiries have resulted because of the activism of three or four National Socialists. This shows what a small minority can accomplish when they possess a majority of will and determination!

Youthful Idealism: Mainspring of the Movement

In their youthful outlook and especially in their performance, National Socialists provide a sharp contrast to the reactionaries of the Right. The following two recent reports from Troopers John Sedlak of Detroit and Doug Swigart of Los Angeles, respectively, reflect the young, revolutionary attitude that will carry our Movement to victory:

"Congratulations on the success of the 4 July weekend rallies! Although I was spit upon, kicked and struck in the back by a number of rocks, I found that this actually strengthened my National Socialist faith..."

"I must express to you personally my feelings of joy and pride when I hear of the Party's fantastic achievements. And soon will come the largest ST demonstration anywhere in the world since 1945! All must realize the approaching victory. It is now no longer a question of who, what, where or how, but rather when! Those who stand outside our ranks must now be awakening to the fact that their apathetic attitude is no longer acceptable."

While the reactionaries, and even racially oriented groups, of the Right continue to appeal only to the older generation with their tired and worn-out issues of "states' rights," "Constitution," "balanced budget," etc., etc., ad nauseam, the National Socialist White People's Party raises a banner for young revolutionaries. It is their youthful and idealistic spirit--the mainspring of the Movement--that will one day give our people the power they need to build a new world order.

August "White Power" Just Off the Press!

The August issue of White Power (No. 19) has just rolled off the press and is now being mailed out to all members and subscribers. The new issue is one of the best yet, featuring articles on the infamous "Operation Keelhaul" (which turned over thousands of anti-Communist Russians, Ukrainians and other eastern Europeans to Stalin's butchers after World War Two), on how to identify Jewish names, as well as one by Commander Koehl on the significance of the mission of Lincoln Rockwell--plus numerous other interesting and informative stories.

If you are a supporter, but have not yet become a subscriber to White Power, please get your subscription in right away so you won't miss a single issue. If you are a member or supporter already receiving White Power on a regular basis, you can help the Party build its circulation by getting just one additional subscriber this month.

You can also help by ordering additional copies to sell and circulate among your friends and acquaintances.

Notes From NS Publications

1. The leaflet entitled, "Smash the No-Win System" has been discontinued.
2. The "Kathy Ainsworth" leaflet is again available at 50 for \$1 or 300 for \$5. This flyer exposes the Jew-financed, FBI-engineered murder of this White heroine. (Copy of the Party program on the reverse side.)
3. Volume II of the book entitled, Uniforms, Organization and History of the Waffen SS, by R. J. Bender is now available for \$9.95. In hard cover and containing 237 unique illustrations, it is a complement to Volume I of the same title.
4. Please be sure to add 10% for postage and handling on all orders.
5. The bulk rate prices for White Power are as follows:

10 copies	\$ 1.50	
100 copies	10.00	
500 copies	35.00	> shipping charges collect
1,000 copies	55.00	
6. Those who request "the latest copy" of the newspaper should specify by number which issue they want. With White Power coming out regularly each month, the term "latest issue" could be quite confusing and result in shipment of the wrong number.

WHERE THE ACTION IS!

Labor Day Weekend (4, 5 & 6 September): The third annual Congress of the National Socialist White People's Party will be held in Washington. Among the events scheduled will be a public rally in the capital plus the largest Stormtroop demonstration since 1945! Don't miss this one. Be sure to get your registration cards in now so you can be part of this great historic event. We would like to **DOUBLE** the attendance of this year's Congress!

From the response we have received so far, there is no reason we shouldn't be able to double the turnout for this year's Congress. But why stop there? Why not triple our attendance? Wouldn't that be fantastic?

So once again, let's get those registration cards in. And if you need a ride, let's hear from you.
