"The psyche of the masses is not receptive to anything that is half-hearted and weak."

MEIN KAMPF, I:2

### Clevelanders Welcome NS Message

Several hundred White Clevelanders turned out to hear Party speakers at a White Power rally in Brookside Park 1 August. Among the issues discussed were rising unemployment, the recent firing of large numbers of White policemen, forced busing of schoolchildren in September, the problem of keeping White neighborhoods White — and sending Negro Mayor Carl Stokes back to Africa!

Commander Koehl was warmly received by the crowd, which he put in stitches with his droll story of "a little girl named Sarah." He told how the youngster had been separated from her parents at an early age and placed in an institution, where she was denied the ordinary joys of childhood. "Because she happened to have a speech handicap," he said, "and couldn't pronounce words like most children, she was mistakenly considered mentally retarded and subjected to the most inhuman conditions."

Then Sarah was discovered by a nice Jewish man, one Dr. David Premack, a psychologist from Harvard, who patiently began tutoring her in a special sign language. "Despite the outstanding progress she has made," the Commander exclaimed, "there is still some question as to whether Sarah will ever have a chance to enjoy full freedom and equality in our American society. For little Sarah is the victim of discrimination. You see, Sarah is a *chimpanzee*!"

The whole park filled with laughter as the White audience for the first time heard the sacrosanct equality myth lampooned in public! "Because of the color of her skin and the length of her tail," the Commander explained, "Sarah has been confined to a cage since birth." He then challenged any liberals present to go over to the zoo at the other end of the park and stand in front of the monkey house and "demand the immediate emancipation of all these soul brothers!"

The Commander then went on to make a comparison between U.S. Blacks and apes and baboons in the zoo, pointing out that when either primate group was taken out of its natural African habitat and allowed to run around loose in White society, it becomes a social menace. He then discussed African repatriation as the only practical and permanent solution of America's Negro problem.

Commander exhorts liberals to go to the zoo.

Capt. Kirstein emphasizes revolutionary activism.

William Kirstein, in chairing the rally, gave a brief history of the Party, explaining that without Lincoln Rockwell's miraculous feat in reviving Adolf Hitler's National Socialist movement, Aryan man today would have no hope for continued existence on this planet. He emphasized the importance of revolutionary activism in organizing White people to take their country back from alien hands. Nosy city officials with their liberal friends were visibly shaken as the Captain closed with a call for White Power that brought forth an enthusiastic, roaring response of "White Power" from the crowd!

In his speech, Dan Dexter spoke about unemployment and the economy, warning of further job layoffs and inflation as well as a continuation of "Blacks hired - Whites fired" programs. To dramatically illustrate the shrinking purchasing power of the dollar, he tore a dollar bill apart bit by bit to show what was left of the average White worker's paycheck after the government got through with it every week.

Frank Spisak, Cleveland youth leader, called for White people to join the ranks of the National Socialist movement. He explained our use of the Aryan Cross as a sacred racial symbol and declared that there was a place for every idealistic White person in one of the Party formations, either as a member, a supporter or as a part of the ST or NSYM.

That evening, a dynamic meeting was held in Cleveland's Bohemian Sokol Hall on the east side of town. Approximately 125 persons attended, enthusiastically cheering Party speakers as they exposed Jewish involvement in the "Civil Rights" movement. Many new supporters were signed up at the conclusion of the meeting.

#### Commander Addresses Midwest Members

On 6 August, Commander Koehl spoke to an enthusiastic group of Chicago-area members and supporters. Pointing out that salvation of the White race could only be achieved through National Socialism, he showed what true National Socialism required: (1) a recognition of Adolf Hitler as the immortal Leader of our sacred Cause; (2) a recognition of Lincoln Rockwell as the greatest of Adolf Hitler's disciples; and (3) a recognition of the Party created by Lincoln Rockwell as the sole bearer of the National Socialist movement in North America. The Commander concluded by stressing the importance of the "Windy City" as a pivotal point of National Socialist activity and showing how this figured in future plans for the development of the Party.

On 7 August, Commander Koehl met with supporters and activists in Detroit. He praised the local unit for its outstanding performance under the leadership of John Krenzer, noting that it had regularly exceeded the tasks assigned to it by National Headquarters. The Commander also had words of praise for the local ST in connection with its recent picket demonstration against a pornographic bookstore, an event which marks the first of many such actions in the future.

#### FLASH- NS Bookstore in Connecticut!

A brand new NS Bookstore has just been opened in Bridgeport, Conn. Located at 77 Plaza Avenue, the store's hours are as follows:

Monday - Thursday . . . 6 - 10 p.m.  
Saturday . . . . . 6 - 8 p.m.  
Sunday . . . . . 12 - 4 p.m.

This is the first Party base the Party has ever had, not only in Connecticut, but also in New England. All Party comrades in Connecticut, as well as other parts of lower New England and New York state, are urged to visit the new bookstore and give it their wholehearted support.

#### ST Men Framed in D.C.

On 2 August, TL Richard Biederman and Troopers Jerry Lee, Richard Saunders and Jimmy Clendennen were sentenced on assault charges stemming from a fight that occurred in Georgetown on 17 June when a plainclothes Black cop pushed TL Biederman and knocked the leaflets he was carrying out of his hand. (See *NS Bulletin* No. 89 for full details.) The troopers were each given one-year's probation, while TL Biederman was fined \$200!

While the Party succeeded in beating the more serious felony charges against the men, this latest kangaroo action has seriously affected the Party's financial resources, in which every dollar counts and is accordingly carefully earmarked. It has forced us to dip into reserves being held for other purposes. To make up this difference and help fill the financial gap, we ask your help. Please address your contributions to: Party Legal Fund - Box 5505 - Arlington, Virginia 22205.

#### Congress Response Exceeds Expectations!

A large number of registration cards have been received during the past couple of weeks, indicating a huge turnout for the upcoming Congress far in excess of the attendance at all previous congresses. Those who plan to attend, but have not already returned their cards, should do so *without delay* to assure themselves seating at this great event.

Many persons have sent in inquiries regarding various matters associated with Congress attendance. The following are answers to some of the most frequently asked questions:

**Accommodations:** The National Headquarters staff has located a limited number of low-cost accommodations at area motels and tourist homes. Those desiring free accommodations should plan to bring a sleeping bag and make advance arrangements with National Headquarters.

**Registration:** To attend the Congress, all delegates must be registered. Registration will take place all day Thursday and Friday, 2 and 3 September. A limited number of registrations will be handled Saturday morning until 8:30. (Those arriving late will have to wait until the noon recess to register.) Persons attending the opening session should be at National Headquarters no later than 8:30 a.m. on Saturday, 4 September.

**Interviews:** All persons desiring special interviews and conferences immediately after the Congress (on 6 - 8 September) should contact National Headquarters well in advance, stating the nature of their business and when they would like the meeting to take place.

**Good Standing:** Good standing means first of all that all dues and pledges are paid up. No one who is not in good standing will be admitted to the Congress. (If there are any questions on this matter, please resolve them immediately with National Headquarters)

**Dress:** Proper dress for male delegates is a Party uniform consisting of khaki shirt, black tie, shoes and belt, and black (or dark) trousers and socks, plus suit coat. A regular suit may be worn in lieu of the above. No levis, bell-bottoms, leather jackets, sandals or other "freak" attire will be allowed.

Woman delegates should wear a dress or skirt and blouse in good taste. Mini-skirts, "hot-pants" or slacks will not be permitted at this event.

**Appearance:** All delegates will be expected to look and act like worthy representatives of the National Socialist cause, rather than sorry products of democratic decadence and degeneracy. Accordingly, good grooming will be expected of all those attending.

Male delegates will be expected to have proper haircuts, as those with long or shaggy hair will not be admitted for this event. (If there is any question as to acceptable hair length, simply refer to a typical photograph of Adolf Hitler or Lincoln Rockwell.)

**ST Demonstration:** All male delegates who have a full ST uniform will be permitted to participate in the history-making march planned for 5 September. For those who still need helmets to complete their uniform, there are still a few in stock. Total cost (including chin cup) is \$11.

#### Policy on German Medals and Paraphernalia

It has been the policy of this Party since its inception that members and ST men refrain from wearing German World War Two collector's items — such as medals, badges, belt buckles, and other paraphernalia. There are several reasons for this policy:

1. We are a North American organization, *not* a German organization;
2. The Jews love to portray National Socialists as the goose-stepping, monocled stereotypes they created during their heyday of wartime propaganda. Wearing the peculiarly German items of that period does nothing to dispel this image, nor does it contribute to the National Socialist image we must build today;
3. Iron Crosses and other medals awarded during the National Socialist period in Germany, as well as other uniform pieces, *belong solely to those to whom they were awarded and issued.*

For these reasons, German World War Two items are *not* to be worn on the Party or ST uniform at any time!

#### A Stormtrooper's Wife Writes In

When the history of the Party is finally written, the role that women have played in the struggle will certainly fill an important chapter. The following report from a Los Angeles ST man's wife answers a question often asked: "How can a woman serve the movement?"

"I attended all Party meetings, sometimes bringing my baby boy. On 24 April I attended a Party picket in downtown L.A. on a special assignment to tape-record events for possible use in making a movie. On 25 April, I carried out the same duty during the great Venice demonstration. Both days, I prepared food for the men upon returning to headquarters. Saturday, I fixed sandwiches and Sunday, at our Hitler Birthday celebration, I cooked many hamburgers for a very hungry bunch of troopers and supporters! On 1 May, the troopers were to picket a Seal Beach peace march and also a Jew store in Glendale. When they returned, I learned that my husband had been arrested, so I went to Glendale to see him, then waited for bail to arrive, and later returned with him to headquarters. On 6 May, I enlisted another woman supporter to attend a First Aid course with me, which was being offered nearby. (On 4 June, I completed this course and passed with a high grade.) On 9 May, an outing was planned for the desert, so I prepared some food. I had never before handled a weapon,

so one of the troopers taught me how, and I managed to do quite well at target practice. We had a great time! On 3 June, my husband, son and I moved to El Monte, where we will now be better able to help out at headquarters. I have been with the Party for two months now, and the spirit of National Socialism has really impressed our whole family!"

#### Notes from NS Publications
