Party Set to Launch Anti-Busing Campaign

With the federal government stepping up its criminal, anti-White busing program this fall, the Party is getting set to launch a drive in the South to counter this genocidal insanity and to encourage popular White resistance.

Some local news media have suggested that the Party plans to embark on a campaign of terror and violence against school desegregation in the South. National Headquarters has denied the claim, but at the same time has issued a statement to the effect that the White people of this country are fully justified in taking any measures which may be necessary to secure their racial existence.

Developments in the anti-busing campaign will be reported in the next couple issues of the Bulletin, along with a few surprise announcements!

Record Turnout Expected at Party Congress

Last-minute reports indicate that a record number of members and supporters will attend this year's North American Congress. Response to the event so far has exceeded all previous expectations. A full report will be included in the next issue of the NS Bulletin.

Party Pays Tribute to Lincoln Rockwell

On 25 August, National Socialists in the Washington area gathered to pay tribute to the life and work of Commander Lincoln Rockwell in a special memorial service on the fourth anniversary of his assassination.

In a moving address, Commander Koehl declared that the death of Lincoln Rockwell was the greatest loss the Movement ever suffered since 1945. At the same time he said, the martyrdom of this great Hero must inspire us to press on to secure the Victory which he gave his life's blood to make possible.

Commander Koehl described the miraculous feat of Commander Rockwell in reviving the National Socialist movement from the ashes and ruins of defeat and despair, and declared that because of Lincoln Rockwell and his devotion to the Leader, there is hope today for Aryan mankind. He then read portions of Commander Rockwell's book, This Time the World, and his booklet, "In Hoc Signo Vinces," to show the profound spiritual, as well as political, insight of this man.

Commander Koehl concluded by scoring those who claim to be National Socialists, but refuse to recognize the true significance and greatness of this immortal Hero of our Movement. "By their contemptible lack of respect for the greatness of Lincoln Rockwell," he declared, "they expose themselves as the petty creatures they are, and prove that they are no National Socialists!"

William Kirstein followed Commander Koehl, and spoke of the significance of Lincoln Rockwell for the youth of the Movement. "Before his strong and heroic example entered our lives, all that we saw around us was shallow, weak, disgusting, without purpose, and false," he said. "We who are fortunate enough to have known Commander Rockwell personally are especially thankful to him for giving us the tools to accomplish the most important work of our lives!"

The commemoration ended with the solemn strains of "I Had a Loyal Comrade" and the singing of the Party anthem, as a flaming crucible cast its brilliant light against our holy Swastika banner.

Commander Stirs Controversy on Illinois Radio

Commander Koehl was interviewed 17 August on the "Lois Howlett Show," which originates from radio station WDC in Decatur, Ill. Throughout the 60-minute program, the Commander dominated the show's tone--making sure that it was properly controversial!

When asked about his views on desegregation and the race issue, he simply declared that he favored a program of "boating, not busing!" He said that the masses of Negroes could never fit into our White society, and the only solution was to send them back to Africa. The program would be entirely voluntary, the Commander assured his squeamish liberal interviewer. "We'll just sterilize those who don't want to go back and set them aside on reservations!"

When one caller asked if he was against the Constitution "which states that all men are created equal," the Commander replied that he had never read that in the Constitution, but that he had read Article I, Section 2, which classifies non-Whites as three-fifths of a person. The caller then resorted to inane claims that Negroes have eyes, ears, heart, kidneys, etc., and that "their blood is red, too." The Commander administered the coup de grace by pointing out to the dear caller that pigs, horses, cows and monkeys are also endowed with these things, but this doesn't mean that they're equal or that we should give them civil rights!

Commander Koehl told his interviewer that integration was nothing more than a fancy name for creeping genocide against the White race. He declared that the law of survival was the first law on this earth, and that the White race was fully justified in adopting any measures that might be necessary to assure its existence on this earth.

A stunned pause followed the Commander's stern warning that crimes against the White race would be punished retroactively (under the Nuremberg precedent) and that those who plotted the destruction of the White race would themselves be destroyed. The moderator attempted to belittle the Commander's statement with cheap name-calling, but only succeeded in exposing his own guilty liberal conscience. Following this verbal encounter over the air, many new inquiries have been pouring into National Headquarters from eastern Illinois!

National Socialist Enters Seattle School-Board Contest

Local Party Organizer Roy Armstrong has filed his petition as a candidate for the first district seat on the Seattle school board. This is the first time anyone has ever run for public office in North America as an open National Socialist!

Armstrong, a 21-year-old college student, returned from Germany last year where he served with U.S. armed forces. He is opposed by an insurance salesman, a real estate salesman, and a 64-year-old member of PTA.

The issue of busing to achieve school desegregation is relatively new to Seattle. Mr. Armstrong's candidacy will afford White voters an opportunity to express their feelings in the matter.

All National Socialists in the Pacific Northwest are urged to help Mr. Armstrong in his campaign. For further information, write: Armstrong for School Board, NSWPP--Box 25792--Seattle, Washington 98125.

WPM Going Strong in Jacksonville

The White Power Message in Jacksonville, Fla., is going stronger than ever. With growing local concern over racial busing, it has attracted tremendous interest.

Those wishing to call the number should dial: (904) 786-2733.

Detroit ST Pickets Jew Smut

A contingent of Stormtroops attracts great interest as it pickets a pornography store in the Detroit community of Harper Woods. Despite this courageous stand against Jewish depravity, some fine, "respectable," bourgeois citizens felt compelled to show how "patriotic," "anti-Nazi" and pro-Jewish they were by purposely patronizing the smut shop! A story in the local paper actually gave the name and address of the store, like a free advertising plug. Response generally from young people was quite favorable, proving that White youth is ready to reject the commercial exploitation of sex by Jewish capitalism.

Party Gets "Human Interest" Spot on Arlington Radio

WAVA radio, an Arlington station serving the Washington metropolitan area with 24-hour news, recently featured a short program in which residents near the National Headquarters were interviewed and asked what they thought about living near "the Nazis." Capt. Kirstein was then asked what Party Headquarters thought about its neighbors.

Interestingly, overall response was very favorable. Typical of the comments were the following:

"They're courteous and very good neighbors," said one housewife.

A nearby store owner commented, "Since they came, crime in this area is almost non-existent."

In his remarks, Capt. Kirstein noted: "Before and after our marches, the neighbors often come out to take pictures, talk with us, and take literature. Crime in this area has been severely curtailed, and this makes for a very favorable relationship."

Jews Bemoan Arlington White Power Message. The article reprinted here from the New York Jewish News in July testifies, once again, to the effectiveness of the White Power Message in spreading the word!!

You can have the Jews in your area upset, too. For information on installation of a White Power Message unit in your area, contact National Headquarters.

U.S. Nazis in Phone Attack on Jews

WASHINGTON (JTA) — The latest dial-a-hate message, recorded by the National Socialist White Peoples Party, inveighs against what it calls "The bunch of kikes controlling and dominating the news media" for not considering national security and publishing the Pentagon Papers. The recorded message, which anyone with a phone can hear, supposedly originates at 2507 North Franklin Road, Arlington, Va. A spokesman for the telephone company told the Jewish Telegraphic Agency that as long as the party gives the point of origin and uses the recording and connecting equipment legally, the company has no authority over what the message can or cannot say. He added that the last complaint received about a hate message was two years ago and that he has not checked out a message for legality since then.

The latest in the series of hate-mon-

gering phone messages mentions several Jewish-sounding names connected with the New York Times, the newspaper that first published the secret Pentagon documents on the origin of American involvement in Vietnam. It alleges that they "lie, distort and censor the news regularly." The message further characterizes the press as a "kosher monopoly." The new hate message, and literature of the American Nazis delivered to the JTA's Washington office coincides with an upsurge of Nazi activity in this area. On June 19, several Nazis were arrested after scuffling with members of the Jewish Defense League. The Party held two rallies over the Fourth of July week-end, one of them in front of the White House, on the theme, "wash the Jews out of Washington." A few fistfights broke out between the Nazis and several non-Jewish onlookers.
