National Socialist White Peoples Party AND THE **National Socialist Youth Movement**

No. 95

1 October 1971 YF-82

"... The highest aim of human existence is not the preservation of a state, let alone a government, but the preservation of the race. And if the race itself is in danger of being oppressed or utterly eliminated, the question of legality is reduced to a subordinate role. Then, even if the methods of the ruling power are alleged to be legal a thousand times over, nonetheless, the oppressed people's instinct of self-preservation remains the loftiest justification of their struggle with every weapon."

Commander Returns From Anti-busing Tour

Commander Koehl has just completed a highly successful tour to seven Southern states for the purpose of mobilizing popular White resistance to court-ordered busing. Traveling in an appropriately decorated, used school bus the Party has acquired, the Commander caused a stir everywhere he went by going to confront mayors, governors, federal judges and other sell-out, race-mixing officials.

The Commander was accompanied on the trip by two teams of ST men. The response they got from ordinary White folks was most encouraging. For a lot of these people, busing was the last straw. As a result of the tour, a good deal of fresh interest has been shown in the Party, and many new inquiries and membership requests have come from the South.

The Commander's detailed personal report is enclosed with this bulletin.

Fall Building Campaign Opens

Along with Commander Koehl's report on his Southern tour is an announcement of the opening of the 1971 Fall Building Campaign. The success of this drive is extremely important to the overall progress of the Party in coming months.

Last year the response of Party comrades was very good and it enabled us to make enormous advances during the past 12 months. We now urge everyone to pitch in to make the next 12 months even more successful. All you have to do is double your dues or pledge commitment one or two times. It may not seem like a very big thing to ask, but with thousands of members and supporters doing the same, the effect can be tremendous and our Movement can gather even greater momentum as it continues to move forward.

Northwest National Socialist Gets 5% of the Vote

Party Organizer Roy Armstrong, running for a seat on the Seattle school board against four other candidates, captured nearly five percent of the vote. The contest marked the first time and open (Swastikas and all) National Socialist ever ran for public office in North America.

Mr. Armstrong's election feat was especially remarkable in that he had extremely limited funds and resources to work with and his anti-busing vote was split with a conservative candidate.

The real significance of this race, however, lies in its nationwide implications. Based on the figures of this election, there are at this time no less than 4 million White voters in the United States — and possibly double that number — who secretly sympathize with National Socialism and are prepared to vote for a National Socialist ticket!

National Council Named

Six persons have been appointed to serve as members of the Party's permanent National Council. They are: William Kirstein, Chris Vidnjovich, Joseph Tommasi, John Krenzer, John Hamilton and Wolfgang Schrodt.

In addition, Robert Homan (who is currently in Vietnam) was named to the Council subject to being sworn in.

The function of the National Council is to advise the Commander of the Party in important policy matters. The Council is also empowered to choose a successor to the Party Commander in the event of his death.

New Party Business Manager

Commander Koehl has named Patrick McKinney the Party's new Business Manager. He succeeds Richard Saunders, who served ably in that office during the past 10 months.

McKinney, a 24-year-old Navy veteran, is a native of Topeka, Kan., where he studied accounting at Washburn University. Prior to joining the National Headquarters staff, he held a position as auditor with one of the largest hotel chains in the country.

Several unforeseen personal circumstances caused Mr. Saunders to resign as Party Business Manager. In leaving he will be greatly missed by all members of the National Headquarters staff, and we extend to him our very best wishes for every success in his new situation.

Loyalty Badges Issued

At the recent Congress, Commander Koehl presented the National Socialist Loyalty Badge to five members in recognition of their steadfastness to the Party over the last five years. Those receiving the award included Ralph Echols (Atlanta); William Kirstein (Arlington); Steven Love (Cincinnati); Omar Miller (Lutz, Fla.); and Wolfgang Schrodt (Baltimore).

Local Virginians Get "Monday Supplement"

Residents of Alexandria, Virginia were a little surprised to find "unusual" enclosures in their Monday paper. The following article tells what happened.

AMERICA'S OLDEST DAILY NEWSPAPER

The Alexandria Gazette

ESTABLISHED 1784

ALEXANDRIA, VIRGINIA, TUESDAY, SEPTEMBER 14, 1971

**Nazi Flyers
Not Inserted
By Gazette**

Some readers of The Gazette were shocked and surprised to receive with their daily paper yesterday a flyer inserted that seeks to create racial hatred. The broadside bears the Swastika that once was the brand of Hitler and is the product of the National Socialist White People's Party, the Arlington based Nazi party. Several subscribers have informed us of this abuse of our newspaper.

An official of our circulation department, driving through the Del Ray area, saw two panel trucks visiting places where bundles of The Gazette had been dropped for or by delivery boys. Some of the offenders carried knives; all wore Swastika armbands. On retrieval the sheets were found to be pure hate-inflicting and in language not printable.

The Gazette most forcefully disclaims any responsibility for this misuse of our circulation service. That department is taking steps to prevent the abuse.

The Police Department is cooperating.

WANTED: Stormtroopers

The Party is looking for single men, 18 years or older, who want to FIGHT in the ranks of the ST against the enemies of our race and nation. Barracks facilities are available in both Arlington and Los Angeles, where troopers can secure low-cost accommodations while participating regularly in ST activity.

For further information, write to either Capt. William Kirstein at National Headquarters or Lt. Joseph Tommasi, Box 2206, El Monte, Calif. 91732.

Back to School!

As school opens once again, National Socialist students are spreading the word in their classes as fervently as ever. Here are a few reports from around the country.

"The senior class president is also leader of the National Progressive Reform Party. After letting my hair grow somewhat, I posed as a liberal to gain entry. After gaining their trust and by showing them that I'm a hard worker, I was promoted to membership secretary and was put in charge of their internal security division. Earlier this month, I dissolved the ISD and systematically expelled all the Jews and Negroes from the party proper. I then tried to get all the staff to leave that organization and join the NS Movement. So presently there is a power struggle in progress and a serious split is threatened. My actions have greatly weakened their organization. This is an example of what a dedicated National Socialist can do if he puts his mind to it!"

M.J., St. Paul, Minn.

"I recently spoke in my American history class. The main objective of my presentation was to bring the students an awareness of the degenerate activities of the Jews. I went into detail on the topics of the 'big lie,' the Jewish origin of Communism, the kosher food racket, the Jew suppression of books, etc. I received a favorable response, so favorable that it stunned my teacher (a Negress)! She then invited me to speak again to the next hour class!"

S.K., Detroit

"In my Contemporary Problems class, I presented a group of recorded White Power speeches. Along with the recording, I showed pictures of the people speaking, including pictures of Commander Koehl and Lincoln Rockwell. Several students read the latest issue of the White Power newspaper and lent it to the teacher, who borrowed it for several days. Overall response was quite good. My presentation was followed by a questions and answer period on National Socialism and the NSWPP."

National Socialists to Honor Nuremberg Martyrs

This month marks the 25th anniversary of the infamous ritual murder of 11 National Socialists at Nuremberg. It is significant that the vicious precedents established at the kangaroo proceedings there should now be used to condemn American servicemen called upon to fight a Communist enemy in Vietnam.

At the recent Congress, Commander Koehl, in his capacity as head of the World Union of National Socialists, formally designated the 11 men as martyrs of the Movement. In a special consecration ceremony, the Commander gave a short address:

Twenty-five years ago — on October 16, 1946 — 11 National Socialists were viciously murdered in Nuremberg, the victims of criminal Jewish designs against the free existence of Aryan peoples everywhere.

From his lonely cell, Rudolf Hess wrote:

"What will one day prove to be the significance of the death of the Eleven is not realized today, save by a very few. I cannot now write anything about it.

"We are in the midst of epoch-making events. What we now suffer are the birth-pains of a new era. At present everything seems negative — yet the time is coming when something new and great will be born . . .

"From the crucible of these years we shall emerge purified by fire."

Today, as a common symbol of our Movement, we solemnly consecrate the great memory of these 11 martyrs.

Then, as the crucible was lit and the muted strains of "White Men to Arms" were played, the Commander slowly read off the following names:

Hermann Goering
Joachim von Ribbentrop
Wilhelm Keitel
Ernst Kaltenbrunner
Alfred Rosenberg
Hans Frank
Wilhelm Frick
Julius Streicher
Fritz Sauckel
Alfred Jodl
Artur von Seyss-Inquart

Needed: NS Songs With English Lyrics

Every revolutionary movement produces its distinctive songs. German National Socialists in the '20's and '30's, for example, developed a great wealth of incomparable musical expression.

Our Movement today could use a group of rousing NS songs for many occasions. A substantial portion of the songs of the National Socialist period in Germany, properly adapted to English lyrics and made relevant to North America today, are just what we need.

As a starter, some ambitious National Socialist comrade might try his hand at these titles: Volk ans Gewehr ("White Men to Arms"); Ich Hatt' ein Kameraden (I Had a Loyal Comrade"); and Uns're Fahne Flattert Uns Voran (Hitler's Banner). Another song with great possibilities is the Confederate favorite, The Bonnie Blue Flag.

WHERE THE ACTION IS!

23 October: McIntire is at it again! This time the slogan of his march is "Mao killed more Christians than Hitler killed Jews." The old faker seems to think this now associates National Socialism and Communism.

We're going to set him and his flock STRAIGHT!

Party troops will assemble in front of National Headquarters at 10:00 a.m. For further information, contact Capt. Kirstein at (703) 524-2175
