### Commander Tours U.S. Cities, Blitzes Canada

During the week of 3 October, Commander Koehl made an important trip to a number of U.S. cities, stopping over for an exciting television appearance in Canada. A summary of his itinerary follows:

**Friday, 1 October** Commander Koehl held an organizational meeting with Party comrades in Cleveland, Ohio. Many important ideas were discussed concerning breakthroughs in attracting large numbers of new people from the immediate area.

**Sunday, 3 October** The Commander visited Detroit, where he met with local activists, and discussed plans for a Party bookstore in Pontiac, where much anti-busing activity and Party work has occurred in recent weeks.

**Thursday, 7 October** The Commander visited Canada for a taping of "Under Attack," a controversial "public affairs" program filmed at McMaster's University in Hamilton, Ontario, a suburb of Toronto.

From the outset, the Commander controlled the entire situation, despite the pre-program efforts of some Red-front groups to circulate leaflets urging everyone to remain silent and not participate. The leftist moderators, egged on by an audience of integrated freaks also helped provide for an extremely lively hour!

When questioned on his stand regarding the unity of Canada with the United States, he explained that Canada was already very much dependent upon the U.S., and that it was only right that she should have full political representation to properly participate in her own affairs. He further described the concept of a "united North America as the cornerstone of a greater White commonwealth."

"What besides color of skin differentiates Whites and Blacks?" he was asked. "...soul," he answered to the roaring approval of the Blacks. He then described the racial origins of culture, and showed how liberal arguments can easily backfire as they just had on the moderator. The Commander then went on to discuss the spiritual differences between Blacks and Whites.

Commander Koehl's appearance was an unqualified victory for the Party! It was shown on CHCH-TV, Channel 11, and will be seen in every major city in Canada, as well as some cities in the United States.

#### Angry students outside theatre bang doors

During the wide-taping of the program, "Under Attack," at the University of Toronto, the result of the limited seating was that the doors were banged by angry students from Robinson Memorial Theatre and only that.

This was not the case. Outside the doors of the Robinson Memorial Theatre, a group of Black students crowded and refused to let the doors be opened. The doors were already being banged by the students.

Koehl presented his mass appeal to the audience, and the doors were banged by the students. The doors were already being banged by the students.

**Friday, 8 October** The Commander visited the newest NS Bookstore and met with local activists in Bridgeport, Conn. Under the direction of Party Organizer Fred Sherwood, much progress has been made attracting new supporters — especially from other pro-White groups in the area. His success shows, once again, that the National Socialist doctrine and the use of the Swastika (or Aryan Cross) are indispensable in the building of a truly effective and revolutionary White Power movement.

The Commander was able to reach many new people during this recent trip and he will reach many more as invitations for appearances continue to roll in.

Your contribution to the Fall Building Campaign will be of the greatest assistance in sustaining his continued efforts.

### National Organizer and ST Hit Pontiac!

On 28 September, Capt. William Kirstein and Party troopers from Arlington went to the Detroit-Pontiac area of Michigan to visit local officials and urge Whites there to take effective revolutionary action against the forced busing of White children.

When the mayor was conveniently "not in," Capt. Kirstein saw Acting City Manager Joseph Neipling and presented him with a statement asking how the mayor planned to stop forced busing. "What makes you think the majority in Pontiac are against busing?" the pompous official asked. The attitudes of both Neipling and School Superintendent Whitmer were similar to those of officials Commander Koehl recently encountered on his trip through the South. They could "do nothing," and their rotten "respectability" kept them from snubbing the abominable "law of the land!"

During the next few days, Party troopers sold newspapers in downtown Pontiac to attract new people. Groundwork was subsequently laid for the opening of a new Party center and bookstore there.

An attempt was also made to visit the "National Action Group" (NAG) — so prominent in the news during the beginning phases of the anti-busing protest. Upon arriving at what looked like a big bean feast, the troopers disembarked from the bus and attempted to sell newspapers. But it became apparent that there were large numbers of JEWS and BLACKS in the crowd! "Integration, yes — busing, no," hollered a nigger! "Busing is not a racial issue," screamed a Jew!

### Nazis Hitch Ride on Bus-ing

K' stein Takes A Stand On Busing

**By TIM McNULTY**  
Press Staff Writer

Nazis were bused to Pontiac yesterday.

Wearing crisp brown shirts and red arm bands with black swastikas, their official storm trooper uniform, members of the National Socialist White People's party—better known as the American Nazis Party—drove into the city yesterday in an old converted school bus.

They were here to protest the court-ordered school integration busing program.

The Nazi national organizer, 35-year-old William G. Kirstein of Arlington, Va., drove through the rain with a follower to pick up eight other members who they say are from the Pontiac area.

As a group, they strolled single file into the Pontiac city manager's office. Acting City Manager Joseph E. Neipling met them and received a statement intended for Mayor Robert F. Jackson. They left, arms behind their backs and their boots tapping down the City Hall steps.

Today they expect to confront School Sup. Dana P. Whitmer and then picket the school board offices.

What they hope to do in Pontiac is organize hardcore resistance to the

busing-for-integration program. Driving through city streets, they stop at corners to sell their newspaper "White Power" (35 cents a copy). Perhaps they will open a Nazi party book store. "I think this town's ripe for our movement," said Kirstein.

He said they want to keep the demonstrations, rallies and boycotts going against busing. He sees the National Action Group (NAG) as a "flash-in-the-pan" outfit. "We are not raggers, we're fighters," he said.

A five-year veteran of the party, Kirstein recites the party line about the "nile old swine" (the Supreme Court), the tyranny of the federal government and the supremacy of the white race.

The party's statement to the city and school board says, "Integration . . . means just one thing, slow death for the white race. Integration means genocide."

Kirstein said the party is advocating "busing not busing," meaning that the "final solution is to send all blacks to Africa. He also has a "final solution" for all Jewish people: "put them on an island and have it patrolled by an international fleet."

The Nazis call themselves a paramilitary organization. A full-fledged "storm trooper" wears a swastika with "yes, sir," or "no, sir." There are regulations too and the pair with a Nazi emblem and their shoes (for those not wearing army boots) are spit polished.

As other racial aliens managed to stir up some of the Whites, most of the "goy" just stood around like a bunch of sheep — hot dog and beer in hand. A serious confrontation appeared imminent, but Capt. Kirstein decided that it just wasn't worth the trouble to try and make some sense to these people and withdrew his men after loudly expressing his disgust at the assinnity going on before him.

It was clear after this experience that NAG was only another phoney safety-valve of the System, just like the Wallace swindle, only in miniature. Instead of going to jail, if necessary, to stop busing and engaging in the strongest protest, NAG "leaders" urged peaceful, lawful (ineffective) dissent. It became abundantly clear that the decent White folks were being led up a blind alley, but it was equally certain that when they had had enough of being mis-directed and when they finally decided to fight in the spirit of their ancestors, Pontiac would indeed prove even MORE fertile ground for the movement.

## Seattle ST Clashes With Jews!

In a weak imitation of the Commander's recent bus trip, Seattle Jews organized a so-called "Freedom Bus" campaign to bemoan that Kosher fabrication known as "Soviet anti-Semitism." Naturally, Party Organizer Roy Armstrong and a contingent of Seattle ST were on hand to expose God's chosen phonies! They bore picket signs with such slogans as "Soviet Jews Privileged, Not Persecuted," "How Many Arabs in Jewish Prisons?" and "Marxism is Jewish!"

For a time, the Hebrews did nothing but mumble obscenities. Finally, however, a mob of young kikes got up the nerve to single out and attack a lone ST man. Immediately, Mr. Armstrong and the other troops swung into action!

### **'NAZIS' EMERGE IN SEATTLE**

A short burst of violence breaks out Wednesday in Seattle as four men wearing brown shirts and swastika armbands were attacked by bystanders as they picketed a dedication of a "Soviet Jewry Freedom Bus." The stick-swinging melee ended quickly and no one was arrested. The bus will visit 34 U.S. cities to support the cause of freedom for Jews in Russia. (UPI)

Jew bodies flew left and right as over 200 pounds of Roy Armstrong slammed into the main body of attackers!! Other troops picked off individual Hebes, beating them severely about the head and shoulders. The fight ended when the Jews ran away and our troops marched off in good order, another victory for the ST!

National Socialist men in the Seattle area over the age of 18 are strongly urged to join the ST and participate in these demonstrations. For further information, contact Capt. Kirstein at National Headquarters or Mr. Armstrong at Box 25792, Seattle, Wash. 98125.
