"In an hour when a national body is visibly collapsing and to all appearances is exposed to the greatest oppression . . . obedience and fulfillment of duty toward the System is pure insanity."

L.A. National Socialists Blast Jews, Gain National Publicity

What had been billed as a move by the Jewish Defense League to get rid of the Party headquarters in Los Angeles *totally* backfired on 30 January. Only a single bus load of Jews were on hand and close to 2,000 Sunday afternoon curiosity seekers made up the remainder — just milling about and waiting to see what would happen.

The JDL made sure there was plenty of advance publicity — even calling for a special meeting of the El Monte city council to form an alliance to run us out and close our building (see NSB number 102).

On the morning of the Jew demonstration, streets seemed deserted. Then news and police cameramen began setting up their equipment atop the roofs of nearby businesses. Carloads of Jews began cruising by the headquarters and groups of Sunday sightseers collected across the street to see what would happen. The morning wore on and troopers began to arrive for final briefing and deployment. Some troopers were issued weapons to help protect the building. By that time, small packs of Jews began walking around near the building and the troops were in their places. NS music boomed over loudspeakers and two Aryan Cross flags were raised into the sky!

The Jews were thunderstruck and could only groan a few obscenities. Even these were drowned out by the inspiring music. After seeing the impossibility of holding their rally in front of the building, the JDL held their little gathering in nearby Lambert Park. Then a few screwed up their nerve and picketed in front of headquarters. They stayed just long enough to march around in a few circles and incite some dumb shabbez-goyim to start throwing rocks and bottles. The JDL then left just as suddenly as they had come.

Meanwhile, some of the "spectators" tried to pull the front fence down, but were severely beaten as troops moved up to the front to hold the line. Other brave souls hid behind nearby shrubs to throw their bricks. Soon there was a virtual hail of bricks, rocks and bottles flying in all directions.

Two troopers were badly injured before enough police arrived to handle the situation. They declared this full-blown riot an "unlawful assembly" and asked the crowd to disperse. When the crowd refused to leave, the local police lined up in their newly-purchased riot equipment (the whole affair cost the city over \$12,000) and began to sweep the street. Some 40 creeps and Jews were arrested in all.

The riot lasted nearly five hours and netted the Party national publicity, with clippings coming in to National Headquarters from as far away places as Oregon and New England. For the Jews, it was a total defeat. They did not succeed in closing the headquarters down, but even prompted the opening of a new Party information center in nearby West Covina. Several days later the cowardly El Monte city council deserted their Jewish allies because of their "irresponsible actions."

Thanks to the Jews, the Party received over a million dollars worth of publicity that resulted in new recruits and support. All of this just proves once again the importance of using the Aryan Cross as the revolutionary symbol — a genuine victory for the Party of Hitler and Rockwell!

Had anything less been used, it would have never attracted the hatred and contempt of our racial enemies and, consequently, produced the fighters so important for the salvation of our people and the building of a new order. Phonies who think they're fighting for the White Race outside the National Socialist movement are only fooling themselves. Victory can only come through the revolutionary line of raising the banner!

Some of the newspaper coverage of the El Monte riot is on the next page.

White Power Rally in San Diego

While history was being made in Los Angeles, Party members under the leadership of Mr. Gerald Smith held a White Power rally in San Diego. While the newspapers played down the activity, nearly 100 White persons were on hand to hear Mr. Smith expose the role of Capitalism and Communism in destroying our racial integrity and call for a White revolution. Party activist Ray Wilson spoke on the Party's plans to confront both System politics and creep demonstrators during the up-coming Republican convention in San Diego later this summer.

The response of the White people attending was one of interest and enthusiasm and a number of good recruits resulted from the meeting.

The address of the San Diego information center is: 7720 University Ave., La Mesa, Calif. Phone 461-9890.

Commander Visits Cleveland and Detroit

On 29 January, Commander Koehl held a meeting in the Cleveland area. In his speech, he tore into the hypocritical anti-White System and pointed out that White racial salvation does not lie through playing its silly little games, but through joining and supporting a revolutionary White people's action movement which is embodied in the National Socialist White Peoples Party.

The many new people present cheered at his race-saving message and several new supporters signed up.

On 30 January, the Commander met with Party activists in Detroit to organize opposition to impending court-ordered busing as decreed there by Federal Judge Stephen Roth.

The Commander took the now-famous "Boycott Busing" bus to the federal building in Detroit to drop in on Judge Roth, but the old swine made himself scarce the whole day.

Area members and supporters have begun circulating petitions calling for Roth's removal from the bench due to his mental incompetence and criminal insanity "as manifested by his pathological hatred of the White race in connection with forced busing in Wayne, Macomb and Oakland counties."

The Commander's trip proved to be most successful and many new inquiries have come in and official supporters have signed up as a result. The address of the Detroit unit is Box 523, Garden City, Mich. 48135.

French TV Does Special on Party

A French television network filmed a special program on the Party 25 January that included a lengthy interview with the Commander, shots of National Headquarters and later, a demonstration in Washington. This marks the second time in the past year that the French have interviewed us and represents increasing interest from that country.

Attempt Made on L.A. Leader's Life

On 1 February, Lt. Tommasi was invited to appear on "Tempo," a morning talk show on KHJ television. The JDL was also invited. The invitation to the program was a result of the fracas the Jews had staged the previous weekend.

When Lt. Tommasi showed up, a hassle caused by the Jews in the waiting room precluded the appearance. As the Lieutenant and one other trooper were driving back to headquarters, they were passed by Irving Rubin, West Coast head of the JDL, who fired several shots at Tommasi's car. Two shots missed completely and a third hit the car. Lt. Tommasi was unhurt.

Rubin has since been arrested on charges of assault with intent to kill, but is presently free on bond. There is good reason to believe that this little kike will be behind bars for a long time before he gets his final solution treatment.

Notes From NS Publications

1. Members and Supporters in Canada should send their orders and contributions via postal money order. Due to the recent international monetary instability, banks often refuse to honor personal checks from Canada.
2. Subscriptions to White Power are free to all members of the Party and the National Socialist Youth Movement. This has always been a standing policy. All others, including Official Supporters, must subscribe separately.
3. Swastika stick pins are no longer available.
4. Party pins are still available, but they may be purchased and worn by Party members only.

White Power Subscriptions

It is vitally important for the continued growth and development of the Movement that we significantly increase the number of subscriptions to White Power. This can be done in a number of ways:

- a) Give gift subscriptions to friends and libraries.
- b) Solicit during street sales. Ask newspaper purchasers if they would like to have a subscription to the paper. Simply point out the subscription blank in the paper and explain it.
- c) Pick out a good neighborhood (White working class) and solicit door-to-door.
- d) You can even make a living selling and distributing newspapers full time. They can be sold in person on the street, by putting out inexpensive vending racks or by selling them to newsstands etc. Contact National Headquarters for further details.

With increased subscriptions, more of our people will be hearing the truth more of the time. Extra issues will find their way to other hands and this will result in even more subscriptions. Remember, if you have any questions, simply contact National Headquarters.

WHERE THE ACTION IS!

11 March The birthday of Lincoln Rockwell, founder of the Party in America, will be commemorated with a rally in Lafayette Park across from the White House. Area troopers should assemble at National Headquarters by 10:00 a.m.

22 April Party Comrades are invited to join in honoring the birth of Adolf Hitler. For further information, contact National Headquarters or the Los Angeles Headquarters at Box 2206, El Monte, Calif. 91732.

2-4 September The fourth annual North American Congress of the World Union of National Socialists will be held.
