OFFICIAL INTERNAL ORGAN OF THE
National Socialist White Peoples Party AND THE National Socialist Youth Movement

No. 105

1 March 1972 YF-83

"(Democracy) is, first and foremost, the cause of the incredible inundation of all political life with the most inferior, and I mean the most inferior characters of our time. Just as the true leader will withdraw from all political activity which does not consist primarily in creative achievement and work, but in bargaining and haggling for the favor of the majority, in the same measure this activity will suit the small mind and consequently attract it."

Commander Confronts System. Anti-White Legislators

On 1 March, Commander Koehl led a team of ST men into the hearing room of the House Judiciary Committee to confront Jewish Congressman Emanuel Celler and to testify on behalf of White racial interests. The committee was hearing testimony on the busing controversy in regard to House Joint Resolution 620, the so-called anti-busing legislation.

A hush fell over the crowd as the sharply uniformed National Socialists marched into the chamber and took their seats. The air was heavy with the electric tension of confrontation. As the phony procedure got underway, Celler read off a list of the people who would be allowed to testify before the committee. It was immediately obvious that the whole thing was a complete farce — there would be no testimony on behalf of Whites — only a bunch of race-mixing swine and "busing is not a racial issue" types would be heard. Realizing that his request to testify had been denied, the Commander rose and forcefully asked, "When a spokesman for White racial interests would be heard."

Celler pretended not to hear the Commander's booming voice and then mumbled something about everyone having his say. "That's an evasion," the Commander retorted. "This is a farce!" After exposing the hypocritical nature of the pompous Judiciary Committee, the Commander saw that little else could be done to present the White man's views and decided to leave the room.

Once outside, the National Socialists were swarmed by reporters and news photographers. The confrontation made nationwide news, though the event was conspicuously "edited out" of many television news programs.

National Socialists Seize Lead of Anti-Busing Motorcade

Commander Koehl and a number of troops seized the lead of an anti-busing motorcade from Richmond on 17 February. The Richmond group drove to the nation's capital to protest the busing orders handed down by a federal judge in their area.

The Commander took the "Boycott Busing" bus into Washington, D.C., just as the motorcade arrived to circle the capitol building. Upon seeing the bus, many of the Whites in the protest began to realize that the National Socialist White Peoples Party had the kind of leadership they needed. Despite protests by the organizers of the demonstration, Whites gathered around the bus to ask questions, get literature, etc. Later on, the troops distributed NS leaflets and White Power newspapers widely throughout the group. It was clear to everyone, particularly the disgruntled "leaders" of the motorcade that the NSWPP had stolen the show.

News reports on the incident stated that the Party had organized and lead the huge motorcade, much to the dismay of cowardly anti-busing "organizers" from Richmond. The incident did prove one thing — that only the NSWPP can provide the kind of real leadership Whites want and that our people are not driven off by the Aryan Cross as so many cowards would have us believe. The day proved that National Socialism is a force to be reckoned with in America.

Dave Kerr has made an art out of raising the banner and done it in grand style. Kerr, a student at Long Island's largely Jewish Hofstra University has proven once again what persistence can do.

In his speech at Hofstra University, Kahane said, "‘Never Again’ means that David Kerr, and all the David Kerrs, must be shown physically that we mean it." Kerr replied, "I consider it one of the greatest honors of my lifetime to be personally denounced by this Jew swine Kahane. . . A National Socialist never retreats." Some of the publicity on the Banner controversy and Kahane confrontation is shown below.

Young Michigan Activist Hits Detroit Campus

John Sedlak, a student at Detroit's Wayne State University and an ardent NS activist, has been distributing large quantities of leaflets advertising the local White Power Message (call (313) 522-7330). Also, some SDS posters have been reportedly getting the treatment with "We Are Back" and "Hitler Was Right" stickers.

Below, the Wayne State paper the South End bemoans Party activism on campus with the same old garbage about poor, persecuted Jews, etc., etc.

On January 17, 1972, a news short concerning the National Socialist White People's Party (NSWPP) appeared in the SOUTH END. The news short revealed that two unidentified students were on campus distributing leaflets which urged people to call the number 291-7979 to receive a so-called White power message.

The SOUTH END called the number and as expected the White power message was a White racist message with fascist overtones.

For a clearer understanding of this White power message and the N.S.W.P.P., one must look at the origins of National Socialism.

National Socialism, Nazism, or Hitlerism originated as a German political movement. It (Nazism) developed out of the German Workers Party (GWP) which was formed by Anton Drexler in Munich in the year 1919.

This same year, Hitler joined the organization which at the time had a membership of about twenty-five people but only around six of them were active participants.

Shortly after Hitler joined the organization, he became one of its leaders and at the first public mass meeting of the German Workers Party, Hitler read the party program which he had participated in writing.

The party program consisted of twenty-five points which clearly revealed the nature of the organization. For the program was a combination of distorted nationalist demands, fascist ideas and racist and anti-semitic doctrines.

The twenty-fifth point of the program clearly shows the authoritarian, dictatorial intentions of the G.W.P. through stating: "For modern society, a colossus with feet of clay, we shall create an unprecedented centralization which will unite all powers in the hands of the government. We shall create a hierarchical constitution, which will mechanically govern all movements of individuals."

In 1920 the G.W.P. changed its name to the National Socialist German Workers Party (NSGWP). This new party grew slowly and at first only in Bavaria.

An early indication of the fascist and degenerate nature of the Nazi Party was that it formed the Sturmabteilungen (SA, "storm troops").

The purpose of the S.A. was to initiate terrorist attacks against certain segments of the German population. The storm troops disrupted meetings of Socialists, Communists and trade unionists.

It (the SA) ALSO PERSECUTED Jews, especially Jewish merchants.

In 1921, HITLER WAS ELECTED AS THE "unlimited chairman" of the Nazi Party. The same year the Party adopted its official emblem which was a flag consisting of a red field in the center of which was a white circle with a black swastika.

In 1923, the official organ of the Nazi Party was formed, it was called the Volkischer Beobachter (Racial Observer). This paper proclaimed the Nazi contempt of socialism, communism, democracy, and Jews and the Nazi love of authoritarianism and irresponsible violence.

In 1923, the Nazi Party attempted a putsch or coup d'etat which failed. This resulted in Hitler's arrest and conviction. He was sentenced to five years but he served less than a year.

However, before his release from prison, he wrote Mein Kampf. He later expanded it and it became the bible of National Socialism. In Mein Kampf, Hitler outlined his plans for the conquest of Germany and then the world.

In 1933, Hitler, who was allied with the wealthy German industrialists and financiers seized power in Germany. Shortly afterwards all political parties except the Nazi Party were made illegal and the Nazi Party and the government were united and made one.

This gave Hitler unlimited power over the German government up until 1945.

The period between 1933 and 1945 in Germany was marked by increasing violence and authoritarianism which Hitler attempted to spread throughout the world.

This was all done by the Nazi Party and here in the United States there are several organizations which to a greater or less extent model themselves after the National Socialist German Workers Party.

The organization which is the most similar to the N.S.G.W.P. is the organization which is releasing these so-called White Power messages over the phone.

The National Socialist White Peoples Party or what might be called the Nazi Party of the United States is no less degenerate than its forefather, the N.S.G.W.P.

For the N.S.W.P.P. has the same vile, racist doctrines as the N.S.G.W.P. had at one time. It, N.S.W.P.P., probably also has the same goal of world conquest.

However, just as the German Nazi Party was destroyed, the U.S. Nazi Party will be crushed because the masses of American people will not tolerate the racist madness which the N.S.W.P.P. is trying to spread.

Kalemba Rocks City Hall, Pushes White Power

After several very successful appearances in local schools, Cleveland organizer Casey Kalemba has taken to shaking up City Hall.

Kalemba regularly attends city council meetings to present the White man's point of view and to prevent Cleveland Whites from being hoodwinked by a sell-out city government.

Thus far, he has succeeded in making National Socialism a controversial issue in the city, and keeping the Party in the public eye.

The picture at right represents some of the publicity the Cleveland unit has gained in recent weeks. This particular sample appeared on the front page of the Cleveland Plain Dealer.

Strange Neighbors

BOY SCOUT John M. Wendt casts a cautious glance at members of the National Socialist White People's party who sat next to him at last night's Cleveland City Council meeting. The man next to John identified himself as Casey Kalemba; the other man was not identified. John, son of Mr. and Mrs. Robert A. Wendt, 13223 Puritas Avenue S.W., was present to earn a merit badge.

New White Power Message Unit in San Diego

Thanks to the tenacity of local organizer Gerald Smith, a new White Power Message unit has been installed to service the San Diego, Calif. area. The service provides yet another way for area Whites to hear the message of National Socialism and helps organizing effective action on behalf of our race. The number for the new service is (714) 461-1426.

Emblem For ST Helmets Now Available

A National Socialist emblem for the ST helmets is now available to local ST organizers free of charge. Organizers should contact Capt. Kirstein at National Headquarters and specify the number they need (one per helmet).

The emblem is a lacquer decal — shield shaped with a swastika in the center. It is to be applied on the front center of the helmet so that the point of the shield is down and about 1-3/4 inches from the rim of the helmet. Any previous decal or sticker is not allowed and must be removed. Helmets ordered in the future from National Headquarters will have this decal already applied.
