Commander Returns From Cross-country Trip

Commander Koehl has just returned from a very successful cross-country trip which took him through the South and to the West Coast.

A full report will be included in the next issue of the Bulletin.

Activity in Baltimore Marks Lincoln Rockwell's Birthday

On 11 March, troopers from Virginia and Maryland celebrated Lincoln Rockwell's Birthday with a special leaflet and newspaper distribution in Baltimore. Four ST teams from the Washington-Baltimore area climbed aboard the White Power bus to visit local neighborhoods and acquaint local residents with the militant pro-White stance of the Party.

At each of the stops, the bus was parked in a prominent location to attract attention while the troops combed the streets selling newspapers and handing leaflets to passers-by. Response from the area citizenry was generally friendly and curious. At one location, a lady rushed from a beauty shop upon seeing the Swastika-bedecked bus. Shaking her finger at the Aryan Crosses, she hastily demanded, "What do you want to do with that horrible sign? Are your people going to run around and kill everyone like the Gestapo did?" The trooper who had stayed by the bus replied, "No, ma'am. Hitler used this symbol because it's the symbol of White Power. Hitler fought for White Power and so do we." A bit surprised, the woman changed her tone. "Well, if you guys are for White Power, that's great. More power to you."

The activity throughout the rest of the day proceeded quietly and successfully. The event proved that many White Americans are curious about and eager to see Party material — that they are indeed looking for a real White man's alternative to the present sell-out System.

As a result of the activity in Baltimore, inquiries are now coming into National Headquarters from the area. And what better way was there to celebrate the birthday of the first and greatest American National Socialist activist than to follow his lead?

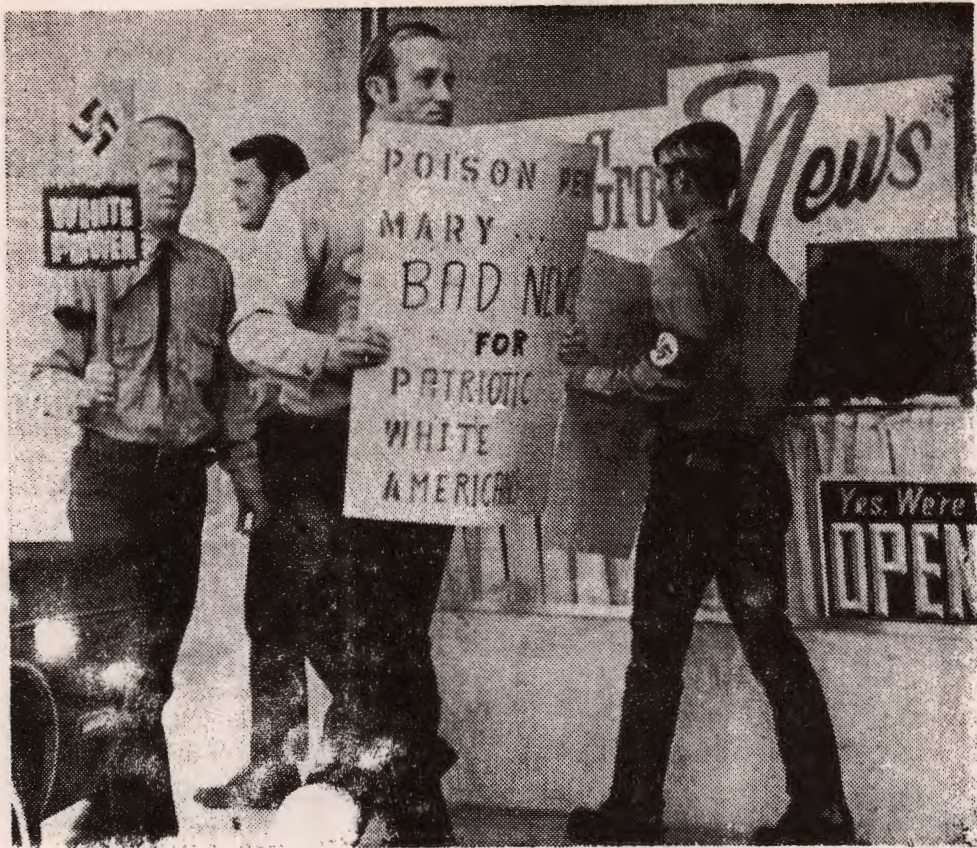

San Diego ST Pickets Anti-Party Rag

San Diego local organizer Gerald Smith recently led a contingent of Stormtroopers in a demonstration against a local anti-White newspaper that has been giving the Party more than its share of deceitful news coverage and cleverly contrived half-truths. The paper, as a matter of fact, had done such a good job smearing the Party with the usual slime of "today's journalism" that it won a state-wide contest for its coverage of Party activities.

Smith and his men exposed these poison-pen tactics to local citizens by their demonstration and netted considerably fine publicity.

Meanwhile, Smith, who has been doing an excellent job for the Party as manager of the local bookstore and local organizer, was promoted to the rank of Group Leader in the ST by Commander Koehl.

Below is a picture of the demonstration as it appeared in one of the areas newspapers.

Jews Still Upset Over Hofstra Banner-raising

The Jews still haven't stopped howling over New York supporter David Kerr and his Swastika Banner yet! As reported in the last Bulletin (number 105), Kerr had hung an Aryan Cross Banner up in the window of his dormitory at predominately Jewish Hofstra University. The Jews and even JDL mogul Meir Kahane really hit the ceiling.

Since then, Kerr has done such a good job recruiting the many White students who are tired of Jewish domination, that Rabbi Meir Kahane went to the Hofstra campus specifically to organize a campaign against Kerr and the Party. On several occasions, hundreds of Jews have gathered outside Kerr's dorm to protest his National Socialist activities. Meanwhile, many liberals have been exposing their hypocrisy in the controversy over Kerr's right of free speech by demanding that he stop recruiting for the NSWPP. And, as usual, some sincere Whites who can see the blatant hypocrisy of the liberals and Jews are beginning to side with Kerr — just what Kahane and his bully boys want to prevent!

Colorado Supporters Organize Youth

Party supporters in Aurora, Colo., have really been on the move lately. The activity report from one of the area's supporters that is reproduced below gives some idea of what has been happening.

"Last week four young White boys came to me. They'd just been in the middle of a riot at Crawford elementary between 60 niggers and 50 Whites. The Jew principal, Saun, hushed up the whole thing. These kids had been passing out Party leaflets, trying to organize for self-defense in the face of increasing Black attacks. Their parents won't help them, so they're organizing some White Power rallies of their own."

One of the biggest obstacles in the way of White Power in the schools is the many White parents — the "respectable," "responsible" types who would rather see their children beaten up, robbed or even killed in some blackboard jungle, rather than lift a finger to help them when they try to defend them-

selves. All the while, nigger parents wouldn't hesitate to cause all manner of trouble if so much as a kinky hair on the head of one of their precious pickaninnies were harmed.

Such despicable creatures do not deserve the name parent, let alone to be considered members of the human race. If a parent is not actively defensive of his children, then he is passively helping to commit the Black atrocities himself! These types should be rebuked and totally scorned by all who love the White race and want a White America!

Rev. Jack Crites Killed in Accident

Rev. Jack Crites of Akron, Ohio, a minister of the independent Church of Jesus Christ, Christian and a supporter of the Party, was accidentally electrocuted in Brooksville, Fla., recently when a truck he was driving struck some high-tension wires.

Rev. Crites did much to help the Party's Cleveland organization and was well-liked by all who knew him. His passing will be deeply felt by all who knew him.

An eight-man National Socialist honor guard comprised of activists from the U.S. and Canada was present at the funeral to pay last respects.

Florida Supporter Answers Question: "What Can I Do?"

There is much an individual can do to spread the good word. One Party supporter from Florida shows how its done.

"I started going by filling stations, giving out "Boating, Not Busing" leaflets and plastering stickers wherever I could. I was riding down the street when I saw a group of young men riding on bicycles. I pulled up alongside and asked them if they were happy about going to school with baboons. They said emphatically "no." I gave them literature and they were very enthused. They all said they would give it out and join us."

As ever-increasing numbers of our people despair over sell-out politicians, they are going to be looking for a real alternative, a *revolutionary* alternative. To get that message to them is extremely important. For information on leaflets available from NS Publications, consult the latest issue of WHITE POWER.

Long Standing Party Comrade Killed

Eric Wenberg, a citizen of Australia who traveled world-wide representing the World Union of National Socialists and who organized Party activity in many countries was killed on 23 January.

The cause of death was officially cited as an automobile accident, but some have reported that he may have been the victim of foul play. The accident occurred in Rhodesia, where Wenberg may have been trying to establish important contacts that would prove useful in promoting the growth of the Movement.

All National Socialists mourn the death of this comrade and pledge to redouble their efforts. We will yet be able to say to him, "and yet you were victorious."

White Power Pilgrimage Winner Returns from Europe

Mr. Cedric Syrdahl of Chicago, winner of the 1971 White Power Pilgrimage contest returned from Europe recently with his wife, Loretta. The trip was awarded at a drawing held 20 January at National Headquarters. Entrants had submitted three or more new subscriptions to WHITE POWER.

A complete report on their trip will be included in a coming issue of the Bulletin.
