Commander Koehl Announces Major Party Breakthrough

National Socialism Is on the Air!

"This may well lead to the beginning of the building of a mass movement — the third phase of Party development," said Commander Koehl as he announced that the Party's new radio program, "The Future Calls!" is now spreading the message of White Power on two radio stations in the United States. "This is the first time in America's history that the NSWPP or any group in the racial movement has a speaker appearing on a regular weekly basis," he said, noting the dramatic significance of the new program.

"But this is only the beginning," he continued. "With the help of National Socialists and Whites all over North America, and as the means permit, we may be able to extend our programming to embrace a vast continental network of stations that carry our race-saving message to every sector of our society. Of course, this is a long-range project involving considerable time and expense, but it also will be a great leap forward to the day when National Socialism and White Power will be the standard bearers of America's future. As the title of the program suggests, the future calls us to the helm of our ship of state. Our radio message is a major step in that direction."

In announcing the details, the Commander said the program may be heard in the San Francisco area on radio station KTAO, 95.3 FM, at 7 p.m. Wednesdays. The hour-long program begins with a 15-minute commentary by the Commander and is followed by 45 minutes of listener response. "The Future Calls!" is also carried in the St. Louis area on KDNA radio, 102.5 FM several times each Wednesday. Local listings or the station may be consulted for specific times.

Programming for the first four presentations has already been determined. If you live in either of the above areas, you won't want to miss Commander Koehl's stirring comments on: Adolf Hitler — his significance to the world; Angela Davis — the real story and who's behind her; the Space Program — its curtailment and racial implications; and lastly, Rudolf Hess — why is the peacemaker in prison? If you don't live in either area and want to hear the program, you and your friends can call or write local stations and ask them to broadcast the program.

Point out to the stations management that the controversy generated by the program will increase the number of listeners and that it makes a good starting point for a listener call-in show. For further details on how to get the show on in your area, write "The Future Calls!" c/o NSWPP National Headquarters.

With such great progress being made, it's no wonder that Jewish Defense League head Meir Kahane is urging Jews to go to Israel before it's too late and says, "Beware of the growing power of the American Nazi Party!"

Commander Koehl Tours Industrial Heartland

Commander Matt Koehl and ST Team Leader Richard Biederman have completed a tour of some of the

major industrial areas of mid-America. The high points of the Commander's trip are outlined below.

14 April At a Chicago meeting, Commander Koehl drew a very friendly response with his address on "The White Man and the 1972 Elections" as he pointed out the sinister behind-the-scenes wheelings and dealings of the Jews who are supplying the money and brains for the candidates, including the "conservative" George C. Wallace. He explained how the so-called Wallace movement is the forerunner of a true White Man's movement and National Socialism. He further stated that the real and only issue of our time — race — was not being discussed by any of the candidates and that no candidate could solve the fundamental problems facing Whites in America. He emphasized that the whole election was a farce — a fraud that left the majority of Americans with no meaningful choice.

Later on, Michael Szipronat spoke on "Building Chicago" and TL Biederman discussed "The Growth of the Party in the Past Year," listing Party achievements during that time period.

Also, the winner of the 1972 White Power Pilgrimage contest, Mr. Cedric Syrdahl, gave a report on the highlights of his trip to Europe. A comprehensive report on their trip will be included in the June issue of White Power.

The picture at right of Aaron, Cedric and Loretta Syrdahl was taken just before boarding their flight to Europe in New York.

15 April The Commander attended a showing of "Triumph of the Will," the film documentary of the 1934 Party Day Rally at Nuremberg. Besides being a great commentary on life under National Socialism, this film by Leni Riefenstahl is considered by critics to be one of the most brilliant cinematic works of the century.

18 April Commander Koehl met with Chicago Party personnel and discussed plans for increased Party activity in that fertile area in the near future.

19 April The Commander met with Detroit activists and their leader, GL John Krenzer. It was reported that Detroit members and supporters have thus far collected well over a thousand signatures on their petition to have Federal Judge Stephen J. Roth, the kosher-style race-mixer, removed from the bench. The petition reads as follows: We, the undersigned residents of the state of Michigan, hereby request that Stephen J. Roth, a federal judge for the eastern district of Michigan be immediately removed from the bench because of mental incompetance and criminal insanity as manifested by his pathological hatred of the White race in connection with the forced busing in Wayne, McComb and Oakland counties. There have been many inquiries for more information about the NSWPP from that area. The address of the Detroit unit is: Box 523, Garden City, Mich. 48135. Commander Koehl also presided at a swearing-in of Stormtroops for the area.

20 April The Commander addressed a large gathering at the Party's Cleveland bookstore. There were many new faces present as more and more White people grow sick and tired of the deteriorating Black situation in and around Cleveland. There was also an ST swear-in ceremony at this meeting. Commander Koehl reviewed plans for future Party work in that area with Cleveland organizer Casey Kalemba and other activists.

ST Salutes New Group Leaders

The Storm Trooper organization salutes and welcomes three new Group Leaders, GL Casey Kalemba (Cleveland), GL John Krenzer (Detroit), and GL Wolfgang Schrodt (Baltimore). Also, Robert Lyons of Baltimore was recently appointed Team Leader. These men have proved their leadership ability over the past years and will continue to ably serve the Movement in the future.

Note: The Storm Trooper organization is comprised of members and non-members. Its function is to maintain order at meetings and rallies, conduct pickets, distribute literature, and smash Jew-Red treason when the situation arises. More information on the ST is available from National Headquarters at Box 5505, Arlington, Va. 22205

Troops Picket Detroit News

On April 8, three teams of ST men picketed the Detroit news to expose its blatant hypocrisy in refusing to accept an advertisement on behalf of the local White Power message. Controversy in the Detroit area over the message has been raging as liberals and Jews have sought to deny the local unit freedom of speech. Needless, to say, the Detroit News accords leftists the same rights they so haughtily deny National Socialists.

Some members of the unit there have circulated a petition of complaint against the Bell Telephone Co. for allowing a Jewish recorded message to spew clever deceits and half truths to the public. By doing this, they hope to expose the real nature of the Jews as well as to demonstrate the favoritism of the phone company.

Anti-White swine, led by defrocked priest now turned civil rights worker named M. Geary (of 8245 Linwood, Detroit; phone 894-0050), have organized a vicious hate and smear campaign against local activists and National Socialists. A leaflet they pass out falsely claims that the White Power message in Detroit calls for "burnings and bombings" and "libels Blacks and Jewish people." It might interest this individual to know that truth is never libelous. The Geary leaflet also refers to the message as "filth" and "obscenity." It has been reported that this Geary fellow is associated with people involved in a homosexual group, the Gay Liberation Front, a Marxist-oriented group for angry queers. Tell us about "filth," Mr. Geary.

One article on the White Power Message controversy is reproduced below.

Bell says it can't stop hate talks

A fast-talking messenger of hate can continue his spiel over the telephone as long as he doesn't use obscene language, according to Michigan Bell Telephone Co.

An organization, which identifies itself as the George Lincoln Rockwell Party Inc. of Dearborn Heights, is providing short lectures on anti-Semitism for the price of a phone call.

The group is an affiliate of the National Socialist White People's Party of Arlington, Va.

This week, the tape-recorded message suggests that black and white men go their separate ways but unite in common cause against the Jew.

Last week, the message said integration is "mass murder" of the white race.

In response to complaints that their equipment is being used to foster hate, Michigan

Bell deplored the message of the Rockwell group but said there is nothing the company can do.

In a statement, signed by Donald J. Gillard, assistant vice-president, the company added that it doubts the public would like to see the utility set up as a censor of what can and cannot be transmitted over its wires.

State law, according to the company, only requires that automatic answering service customers identify themselves or their organization and that they not use obscene language.

A spokesman for the company said yesterday "some" complaints have been received because of the hate message but that there is no way of knowing how many persons complained.

Complaint calls are handled by various Bell offices and no record is kept of the number, she said.

Party Publications Needed

The Party needs a variety of old publications to update its files and to use for reprinting purposes. Also, as the need arises, these publications are helpful in legal matters. Specifically, we are looking for old issues of the Stormtrooper Magazine, issues 1-7 of the White Power newspaper and any copies of the book White Power, by Lincoln Rockwell. If you have any of these materials, please help us and send them in. We will gladly return any duplicates at your request.

Summertime Work at National Headquarters

Young Party people who may be interested in working in the National Headquarters area this summer should contact Headquarters within the next few weeks for information.

Notes from NS Publications

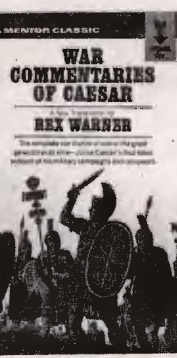

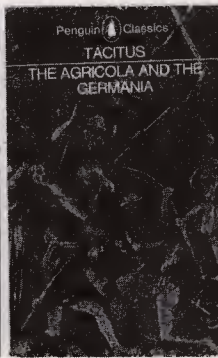

Due to the recent growth of the Movement and an already overburdened staff, we have a heavy backlog of of paperwork — supporter applications, personal letters and the like. Attention will be given to this material as soon as possible, but we find that our amount of daily mail exceeds our ability to deal with it immediately. Please bear with us and have patience. After all, it is a healthy sign — a growing pain of the Movement!

White Power buttons are now available. They're similar to the ones sold previously, with red letters on a glossy White background. Order some for yourself and your friends now. They're 25¢ each or 5 for \$1.
