"A man who knows a thing, who is aware of a given danger, and sees the possibility of a remedy in his own eyes, has the duty and obligation, by God, not to work 'silently,' but to stand up before the whole public against the evil and for its cure. . . . Only the cowardly swindlers who praise their 'silent' work wrap themselves in the protective cloak of a despicable anonymity, are good for nothing and may in the truest sense of the word be considered drones in the resurrection of our people."

## ST Shows Up McIntire Shufflers

22 May – The Rev. Carl McIntire was in Washington, D.C. with his usual parade of well-meaning, shuffling kosher conservatives and, as usual, the ST showed him up. Four teams of Stormtroopers weathered a typical McIntire drizzling rain to present the total contrast between our men, who have a purpose and a goal, and the aimless, lack-luster, buck-hustling antics of McIntire and his followers. Also as usual, the more valuable dissatisfied types from his parade visited National Headquarters later in the afternoon for more information on the National Socialist Movement.

## Party Rallies, Meeting in Ohio

The Cleveland unit was host to an outdoor public rally at Lakeside Park in Cleveland on 27 May. GL Casey Kalemba, leader of the Cleveland unit, hosted the rally and served as introductory speaker. Drivers in the heavy holiday traffic on the nearby Clifton expressway were treated to a balcony-view of the Swastika-bedecked speakers podium flanked by eight teams of uniformed ST men and the Party's White Power bus. An audience of more than 200 Whites heard Party speakers present various aspects of the National Socialist viewpoint and enjoyed refreshments with representatives of the Party from the Akron, Arlington, Baltimore, Chicago, Detroit and Philadelphia areas.

Speakers at the rally included Frank Spisak, Cleveland unit youth leader, Dan Dexter, Mike Szipronat of the Chicago unit and Commander Koehl. The Commander said that National Socialism represented the only real forward-looking political viewpoint for American Whites and that Whites in increasing numbers would turn to National Socialism as the racial and political conditions in America deteriorate further.

Later that evening, a very successful rally was held in Cleveland's Ukrainian Hall. As in the earlier rally, GL Kalemba acted as master of ceremonies. Speaking at the event were Commander Koehl, who spoke on the future tasks of the National Socialist Movement, Dan Dexter, who analyzed the growing non-Aryan character of America's social structure and institutions, TL Richard Biederman, who detailed the current dramatic expansion of the Movement and Frank Spisak, who explained the importance of fund-raising as the practical blood of the Party.

The meeting turned out to be one of the most inspiring of the year and filled all who attended with the kind of enthusiasm that only National Socialism can generate. As the meeting came to a close, the rafters shook to the strains of the Party song as a new bond of comradeship was forged with those just introduced to the Movement.

Pictures from the day's events in Cleveland are shown below. At right, Commander Koehl speaks at the rally in Lakeside Park. At left, the Commander and GL Kalemba lead a column of troops and the White Power bus away from the rally site.

#### ST Team Pickets 'Salute to Israel' Parade in New York City

14 May – One team of ST men picketed a Jew-Zionist treason parade in New York City, kosher capital of the world. An estimated 100,000 hose-nosers in the parade were astounded to see the ST men, led by Reservist David Kerr, openly displaying the Aryan Cross in blatant defiance of the Jew stock-exchange System. The anti-White Jewish Defense League was on the scene as usual, but local police prevented a confrontation.

One of the first Party activities in the Jew-dominated city, this picket was covered to some extent by the press, although the ST, Swastikas and all, were referred to as "militant Arabs" in an apparent effort to stifle publicity for the Party in that area. Mr. Kerr is already well-known to the Jewish community there due to his previous open display of the Party banner at Hofstra University. (See Bulletins number 105 & 106)

#### Philadelphia Whites Rally Around Party, Oust JDL Jews

21 May – That militant "Jews-are-smarter" bunch, the Jewish Defense League, has done it again. With their usual Laurel-and-Hardy militance, they tried to bomb the home of Philadelphia activist Charles Kress. First of all, they bombed the wrong home. Secondly, the bomb was so poorly made that it barely managed to blow the screen off the front door. But, unfortunately, it did scare the innocent Whites in the house, who were accidentally victimized by the JDL's anti-White hatred.

24 May – The JDL attempted to conduct a widely-publicized picket in front of the Philadelphia-area Party building in the Kensington section, but did not count on the reception they received. When they arrived at the site, they were met by a large group of Whites who made it clear that the Jews were not welcome there. When the Jews tried to harrangue the crowd with their "anti-Nazi" and "poor us" tirades, the Whites responded – all 500 of them – with defiant shouts of "White Power" and "Hitler Was Right!" The Jews then showed their true feelings for Whites and began spitting on the crowd. As the fight started, a group of young Whites came on the scene with home-made White Power signs and Swastika banners. The Whites cheered enthusiastically as the banner was raised amid the

fight on a truck. A White veteran with one leg began to strike the Jews with his crutch saying that he had lost one leg in a war for the Jews and he wasn't going to lose the other. By this time, some 700 Whites had united under the Swastika banner to drive the Jews out. The JDLers knew they'd had it and scooted out as fast as they could. While Whites attacked their truck as they left, they began spitting on the crowd again as the picture below shows. It was a good day for National Socialism and the Whites who had united under its banner. It proved it can be done — and done for victory!

### "Triumph of the Will" Shown in Cincinnati

29 May — Commander Koehl and TL Biederman attended and supervised a semi-private meeting and showing of the NS film "Triumph of the Will" at Cincinnati's Quebec Gardens. The Commander introduced the film and later addressed the gathering on the role of National Socialism in America. He blasted the various "silent" and "sneaky" NS-type groups who hide behind sunwheels and other Swastika substitutes. The Commander further said that these groups cannot solve our racial problems and only confuse the very White people they are pretending to "save."

### Remember Jailed California Comrade

ST Donald Butler, the comrade who was jailed for trying to defend the Los Angeles Headquarters from a bunch of Jews, remains unjustly imprisoned on a sentence of one to twenty years. Party lawyers seek to reopen the case and free Butler soon, but he would appreciate cards and letters from people around the country. Let him know he is not forgotten, but remember: all prison mail is strictly censored, so letters should be mild in tone. The address is: Don Butler, P.O. Box 800, Ontario, California, 91764.

### WHITE POWER Newspaper Free to Members Only

The Party newspaper is sent free to members only. Official supporters are encouraged to subscribe to avoid missing issues. The paper is now coming out very regularly and subscribers should receive their issues on about the 10th of each month.

### Notes For National Socialists

Due to a change in the billing process, thank-you receipts are no longer sent out. In their place is a combined thank-you, receipt and billing form. According to this new procedure, you will know if and when your contributions have reached National Headquarters, or if you are not up on your pledge, you will be kept up-to-date on your status. The new procedure will help you and simplify the work for us.

The Los Angeles Headquarters has openings for those troopers who would like to live in the area and help out with the Movement there. Los Angeles has been one of the most exciting areas for National Socialist activity. If you're looking for action and excitement, don't pass this opportunity up! Write Lt. Joe Tommasi at P.O. Box 2206, El Monte, Calif. 91732 or call him at (213) 442-1046. Do it now!

#### **WHERE THE ACTION IS!**

25 June — The Party will sponsor an all-day gathering in conjunction with "Singin' on the Mountain" at Grandfather Mountain near Asheville, North Carolina. Thousands are expected to attend, so troopers will be needed. For details, contact Frank Braswell at (704) 765-2426 or National Headquarters.

2 July — The Party will hold a rally on the Washington Monument grounds in Washington, D.C. All troopers and activists should plan to attend, as this will be one of the biggest of the year. Plan to be at National HQ in Arlington by 11 a.m. July 2.

2-4 September — The fourth annual North American Congress of the World Union of National Socialists will be held in the Arlington area. Make your plans now! More details later on.
