"... The lack of a great, creative, renewing idea means at all times a limitation of fighting force. Firm belief in the right to apply even the most brutal weapons is always bound up with the existence of a fanatical faith in the necessity of the victory of a revolutionary new order on this earth."

National Socialist Broadcasts Continue with Mounting Success

Commander Koehl's new radio series, "The Future Calls," is reaching an ever-widening audience. The listening public's response to the Party's revolutionary message via the air waves has been one of genuine enthusiasm.

Recent broadcasts have dealt with such topics as: Back to Africa — the history of the repatriation movement and the feasibility and necessity of such a program today; Blacks Hired/Whites Fired — a relevant issue concerning growing unemployment among Whites; and Jewish Involvement in American Political Affairs — a blistering analysis of the corrupt political system saddling America and its Jewish king-makers, offering much food for thought to those who root for the puppet politics of Madison Ave.

The broadcasts are aired on the following stations: San Francisco area, KTAO-FM, 95.3 mc. at 7 p.m. on Wednesdays; St Louis area, KDNA-FM, 102.5 mc. at 8 p.m. on Sundays.

National Socialists living outside one of these radio-listening areas should contact their own local radio stations and encourage adoption of the Commander's radio program in their own vicinity. Promotion of the series on AM radio is especially desirable because of the greater broadcast range.

It is the duty of all Party activists to promote this very effective means of mass communication in their own locality. Your efforts can bring "The Future Calls" to tens of thousands of fellow Aryans.

Philadelphia Activists Push Ahead

3 June — Although it wasn't the way they planned it, the yarmulka yids of the Jewish Defense League had a slight peek at what the slumbering Aryan masses will do once they are pushed too far. (See Bulletin number 111.) The basically Irish ethnic community in the Philadelphia suburb of Kensington made it clear to the JDL that their community wasn't going to be run by a pack of niggers and Jews.

As a result of the Kensington confrontation, in which the police had to come to the rescue of 30 super sheenies who faithfully articulated their Jewishness by spitting at a jeering crowd of 600 Aryans waving Swastika banners and chanting "White Power!," there has been a sharp increase of interest in the Party in the greater Philadelphia area.

The liberal principal of the racially mixed Penn Treaty Jr. High School in Philadelphia is crying the blues to a human relations commission. At a hearing, the principal, Mrs. Marion Street, admitted

that Penn Treaty has "an equal mix of Blacks, Whites, and Puerto Ricans — a state of affairs that makes it one of the city's few truly integrated schools and one of its most volatile." Mrs. Street complains that "most of the parents of the White students, like most other White Americans, subscribe to the racist notions dispensed by the NSWPP."

TL Richard Biederman has been sent to Philadelphia to assist in activities as the Delaware Valley organizer.

Below are a few of the articles from the action in Philadelphia.

Activities Of Neo-Nazi Protested

By DENNIS KIRKLAND
Of The Inquirer Staff

Representatives of both black and white civic groups in Kensington said Friday that an alleged neo-Nazi in the neighborhood was inflaming racial and ethnic tensions through his literature and recorded telephone messages.

The city's Human Relations Commission heard 24 witnesses testify that Charles Kress, of E. Cumberland st., conducted a campaign of anti-Semitism and racial hatred in Kensington.

Marian Street, principal of Penn Treaty Junior High, said Kress had unsuccessfully attempted to lead boycott by white students at the racially mixed school and that his activities had caused serious problems among the 1700 black, white and Hispanic-American students.

RABBI HAROLD L. Novoseller, head of the Jewish Defense League, did not testify but appeared at the hearing as "an overseer."

He said he found it difficult to believe, that Kress had only a small following in Kensington, a point reiterated by spokesmen for several civic groups who did testify.

"During our demonstration at Kress' last week, there was a counter-demonstration where they flew the American and Nazi flags side by side," said Rabbi Novoseller. "That demonstration drew more support and applause from the people of the area than ours."

Other witnesses testified that Kress, through recorded telephone messages, disseminated information that vilified blacks and Jews.

KRESS IS ALLEGEDLY allied with the local chapter of the National Socialist White People's Party, successor to George Lincoln Rockwell's American Nazi Party, and a group called White Power Inc.

Neo-Nazi Message Stirs Fires of Hate In School Hallways

Mrs. Steet, an articulate woman who exudes dedication, told the commissioners that Penn Treaty has an equal mix of blacks, whites and Puerto Ricans—a state of affairs that makes it one of the city's few truly integrated schools and one of its most volatile.

LIFE AT PENN TREATY, she testified in essence, is a constant effort to keep matches out of a munitions depot. Tension is the name of the game.

Enter Charlie Kress and his fellow disciples of an racism. April 29, Mrs. Steet recalled, leaflets were out by unidentified young men to white students entering the building. She then read from one of the leaflets which opened: "Uptight about school or ggers?"

Lt. Tommasi on Los Angeles Radio Again

29 May — Over the Memorial Day weekend Lt. Joe Tommasi of the L.A. Headquarters appeared on George Putnam's "Talk Back" program, once again hammering home National Socialism to the listening audience. The program is expected to have reached hundreds of thousands as Mr. Putnam is the nation's most listened-to broadcaster.

ST KO's Matzoh Maulers!

Party Comrade Paul Raymond of Tracy, Calif. demonstrated on the streets of Los Angeles recently the old NS axiom that you can't keep a good Aryan down.

He and a friend engaged in a Party activity found themselves suddenly under attack by a pack of 20 to 25 Jews. After first trying to make his escape, Raymond decided to stand his ground and fight. Turning around, Raymond charged the host of Israel and hit the biggest Jew with a football tackle, knocking him to the ground and punching him.

Shocked by this turn of events, and agitated by the sight of Raymond working over their heavyweight blintz, the other Jews jumped Raymond and began to hit him over the head with a crowbar. At this point, Comrade Raymond recounts, he'd had enough and fought the swarm of Jewish jackels like an ancient Viking berserker.

As he was pushing the Jews off, a Jew grabbed his arm, whereupon he landed the Chosen One such a hammer-like blow that he knocked him out cold. As Raymond left the scene the Jews threw the crowbar at him. When he bent down to pick it up, the horde of Jews quickly beat a retreat. Three of the Jewish assailants were seriously hurt: one suffered face lacerations, one was knocked out, and another suffered broken ribs. Comrade Raymond reports receiving several bruises.

Latest WHITE POWER on the Streets

The July issue of WHITE POWER (number 29) is off the press. One of the best issues yet, it features a new cartoon series, "The Stormtrooper" by Party Comrade Dennis Nix. Also offered is an excellent article dealing with the history of populism in America and how National Socialism continues that tradition.

The mild summer weather and holiday crowds offer an ideal opportunity to distribute large quantities of WHITE POWER during this important season of national political campaigns and conventions.

Party activist Frank d'Antignac and Comrade Charles Appel of Griffin, Ga. report great success in distributing WHITE POWER at public events near the federal building in Atlanta. They were interviewed by WSB-TV reporters and appeared on the six and eleven p.m. news.

Comrade Marshall Wright of Los Angeles is making a living selling WHITE POWER newspapers. In these days of unemployment and inflation, many National Socialists across the country have reported getting much-needed earnings from WHITE POWER newspaper sales while advertising the Party at the same time.

Every National Socialist should make a point of giving WHITE POWER as wide a circulation as possible. Order extra copies today! Bulk quantity rates are as listed below.

NS 'Busing' Not to Blacks' Liking

Two Blacks in Milwaukee, Wisc. discovered to their misfortune recently that the day of their "free ride" is rapidly coming to an end. Reports Comrade Frederick J. Prohaska, III:

"I was riding the bus and two Black mongrels tried to sneak on through the back door. When they sat down, the driver told them to pay or get off. They refused. I put on my armband and picked one up by the scruff of his head and booted him off the bus. I then told his buddy he was next. He ran out the front door of the bus.

"All of the people on the bus clapped except one Jew who whined about "civil rights," so I threw him off too! Several people asked me about the Party and I handed out six newspapers which was all that I had with me."

Members and Official Supporters should note the date on which they send in their pledge. If a notice is received shortly after your pledge is sent in, please disregard it. It takes a little time to receive items through the mail and process them properly. Any such cross in the mails will appear corrected on next month's billing.

WHITE POWER Subscriptions

The Party newspaper is sent free to Members only. Official Supporters are encouraged to subscribe for themselves and their friends to avoid missing issues.

The paper is now coming out regularly each month and is of high quality and certainly deserves the unreserved support of every National Socialist.

Newspaper and magazine clippings that are of Party interest are welcomed by the White Power staff. Please be sure that pictures and clippings are not marked with underlines or personal comments as this makes reproduction difficult – sometimes impossible. Be sure to include the name of the publication, the city (as in a newspaper, for example), and the date on the margin, taking care not to damage the body of the clipping.

Trading Stamps Still Needed

The Party still needs trading stamps. All brands are accepted. They are used to procure much-needed office equipment that will expedite Party operations. If you have any trading stamps lying around the house, send them to National Headquarters where they'll be put to good use.
