"We are not simple enough, either, to believe that it could ever be possible to bring about a perfect era. But this relieves no one of the obligation to combat recognized errors, to overcome weaknesses, and strive for the ideal. Harsh reality of its own accord will create only too many limitations. For that very reason, however, man must try to serve the ultimate goal, and failures must not deter him . . ."

## White Power Bus, Stormtroopers. Reach 5,000 Whites in One Day

June 25 — Commander Koehl, accompanied by several groups of Stormtroopers from Arlington, Baltimore, Philadelphia, and the western Carolinas, presented White Power to tens of thousands of White People assembled on scenic Grandfather Mountain in North Carolina, near the Tennessee border. The occasion of the large gathering was the annual "Singin' on the Mountain" festival which attracts people from all of North Carolina and the surrounding states.

From sun-up to sundown, 52 Party activists greeted interested and receptive Whites, distributing thousands of leaflets and selling hundreds of WHITE POWER newspapers.

The White Power bus was a real crowd-getter as it rolled up the mountain road with flags flying and "Dixie" blaring forth from the bus's loudspeakers. As one State Trooper put it: "This is the greatest sight I've seen in a long time!"

Commander Koehl greets Whites interested in White Power.

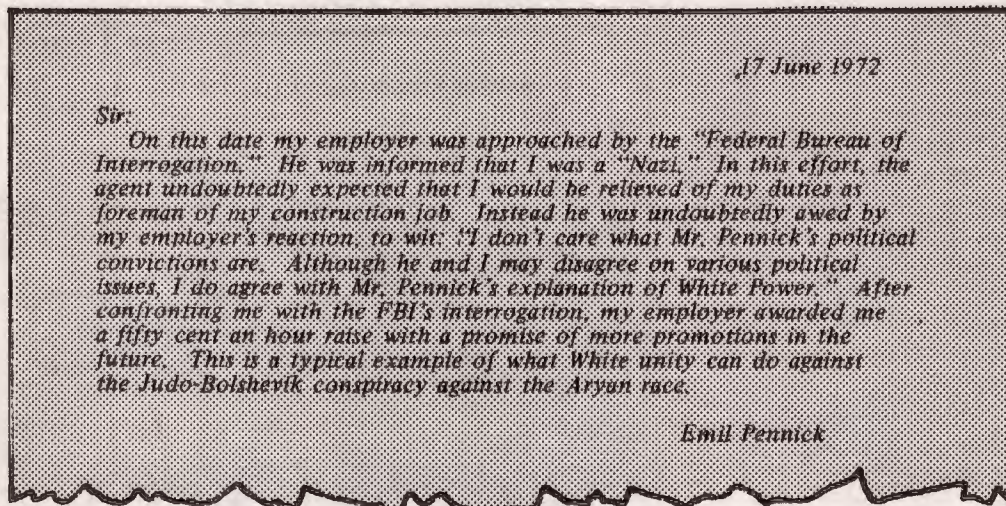

TL Richard Biederman appeared on the two-hour Tom Pritchett Radio Show on WILM in Wilmington, Delaware. Faced with the usual threats upon his life from hysterical Jews calling in, Comrade Biederman delivered the full Party platform and discussed National Socialism and its application in America.

The Party has been receiving daily offers of assistance in the Philadelphia area and inquiries to National Headquarters from the "City of Brotherly Love" are on a constant increase.

### FBI Tries Heavy-Handed Approach on NS

Instead of concerning itself with the Red underground (whatever happened to Bernadette Dohrn and Mike Klonsky?), the ever-increasing wave of jet high-jackings, and other matters of national security and public safety, the FBI has again shown itself to be little more than an instrument of the System for the purpose of coercion and harassment of racial patriots.

Comrade Emil Pennick, an Arlington resident who's been active in the Stormtroops, made the following report in a letter to Commander Koehl:

If anyone within the Party is subjected to such cowardly and illegal police tactics, by all means seriously consider filing suit against the individual(s) involved.

### National Headquarters Welcomes New Staffers

National Headquarters welcomes the arrival of the following people to HQ staff:

**Floyd Juillard (May 3).** Comrade Juillard comes to Arlington with a strong background of racial activism in his home state of Louisiana. A native of New Orleans, Juillard is a Marine combat veteran who served in Vietnam. In his new capacity at National HQ, Mr. Juillard is Senior Duty Officer and in charge of NS Publications.

Dennis Nix (May 28). Comrade Nix is another individual who comes on staff with a noteworthy record of racial activism behind him. A native of Granite City, Illinois, Nix is working on the WHITE POWER staff as an illustrator and cartoonist. He is the talented creator of "The Stormtrooper," a new cartoon feature in WHITE POWER. Look for more of Nix's creative pen and incisive humor in forthcoming issues of the newspaper.

### Champions of Free Speech Strike Again

Showing once again that facts will never be permitted to cloud their minds, the local authorities in Ft. Pierce, Fla., are preparing disorderly charges against several National Socialists who distributed leaflets presenting Abraham Lincoln's views on race and the Negro problem.

The newspaper clipping reproduced below details the pathetic antics of these wretched little bureaucrats:

### From Los Angeles

The Los Angeles Headquarters has openings for troopers who would like to live in the area and help out with the movement there. This has been one of the most exciting areas for National Socialist activity. For further details, write Lt. Joe Tommasi at P.O. Box 2206, El Monte, Calif., 91732. Or call him at (213) 442-1046.

### Notice on Mail

All mail sent to Arlington — dues, orders, correspondence, subscriptions — should be sent to Box 5505, Arlington, Va., Any mail not sent to Box 5505 is delayed and thus not processed as quickly as it would be otherwise. The only exception is special delivery mail.

### Notes From NS Publications

NS Publications is now carrying *The Nazi Seizure of Power* by William Sheridan Allen. The book deals with the mechanics of the National Socialist revolution in the German town of Thalburg between 1933 - 1935. The first half of the book is excellent in its presentation of a detailed and comprehensive study of the crucial months immediately after the National Socialist victory. The latter half of the book degenerates into the usual anti-National Socialist diatribe in accordance with the official Jewish interpretation of that period of history. Copies are \$2.95 each.

A book which is now out of print but is highly recommended is Theodore Abel's *The Nazi Movement*, which deals with the in-depth examination of National Socialism as a political movement in Germany. Check your libraries for copies.

# 'Hate Literature' Distributors Face Disorderly Charge

By PAT QUINA  
News Tribune Staff Writer

Fort Pierce Police Chief V. M. Christianson has said disorderly conduct charges, if nothing else, will be filed against anyone distributing racially and religiously offensive material in shopping centers.

Over the weekend, several local residents objected to certain anti-Negro and anti-Jewish material being handed out in the Sears Town and Fields shopping centers.

A COPY of the literature was obtained by Police Detective Jerry DeVane, who is investigating.

"Literature like this," the chief said, "can cause serious problems for my department and the citizens of Fort Pierce."

The literature includes a prank, "one-way only" boat ticket to Africa, entitled "One Nigger to: Free trip to Africa..." among other things. The trip would be aboard the "Coastal Lines" the pamphlet states.

The pamphlet also alleges "Lincoln Favored Segregation," and quotes from a speech that Lincoln reportedly gave in Charleston, Ill., on Sept. 18, 1858.

The person passing out the literature was described as a young white man, well dressed. No other description was available.

Chief Christianson said Monday night that he had not seen a copy of the literature, but after hearing a description of it, said that anyone passing out such literature would be charged with disorderly conduct, if no other charges could be pressed.

ANOTHER SECTION of the pamphlet, entitled "The Civil War and The Jews", contains radical comments made by Gen. U. S. Grant and Gen. W. T. Sherman.

Also offered is the purchase of "Instant Nigger", deemed a special purchase item for "liberal, white 'peace-creeps', race-mixers and nigger lovers."

The boat ticket and "giant posters of leaflets about Niggers and Jews" can be ordered from Box 5505, Arlington, Va., 22205, the pamphlet proclaims.

Chief Christianson said information about the person handing out the pamphlets, as well as a copy of the pamphlet, will be turned over to the FBI.

A secretary at the police station said that DeVane was in charge of investigating the distribution of the pamphlets. However, DeVane was not available for comment.

Shown above is a sampling of the literature handed out to white and black shoppers in the Sears Town and Fields shopping centers last Saturday. Several of the shoppers complained about the offensive literature to both The News Tribune and the Fort Pierce Police Department.
