Stormtroopers Clash with Reds at Washington Monument Rally!

2 July — A special Independence Day rally was conducted by the NSWPP on the grounds of the Washington Monument at 15th and Constitution, in the heart of the nation's capital.

Led by Commander Koehl, a column of 36 Stormtroopers, made up of ST teams from Arlington, Baltimore, Cleveland, and Philadelphia, marched up to the swastika and American flag bedecked speaker's stand.

Thousands of tourists and passers-by listened attentively as the stirring National Socialist music died away and Comrade Dan Dexter opened the rally. Dexter spoke of the true significance of Independence Day, and called for White Americans to free themselves from the mental and material servitude to the Jews.

TL Richard Biederman, Delaware Valley Organizer, spoke next. As several Reds tried to drown him out, Comrade Biederman warned the audience that White America was fed up with such traitorous Marxist punks and would meet this threat if the government would not.

Comrade Robert Lyons, of Baltimore, followed with a blistering indictment against the Jews as the creators and agents of Communism as well as the master-minds of the desegregation and busing programs. Several dozen Jews, White hippies, and leftests shouted obscenities and began throwing missiles towards the end of Mr. Lyons speech.

The atmosphere really livened up as newly appointed National Secretary Robert Homan took the rostrum. He spoke on the different sell-out politicians competing for Jewish and non-white favors at the Miami conventions.

Stormtroopers, led by Commander Koehl, board the White Power bus.

Firecrackers, rocks, pieces of wood, and other debris were thrown at the speaker's rostrum. One member of the audience, who apparently had had enough of the long-haired, unwashed leftests disrupting the rally, came up behind one kosher-looking Red and grabbed his arm just as he was about to throw a firecracker. He watched with satisfaction as the device exploded in the Jew's paw.

Commander Koehl spoke next. Shortly after beginning his address the Reds and a few Blacks decided to put their filthy words into action — and ran into a solid wall of Stormtroopers! A second charge was made against the National Socialist ranks. This time a phalanx of Stormtroopers took the fight home to the enemy. Within minutes the cruds took flight. The police cut short the rally, worried about more possible violence. But the Reds got a good taste of National Socialist determination and some idea of what a Second American Revolution will hold in store for them.

"Operation Beachhead" Goes Into High Gear

Commander Koehl has just returned from Miami Beach, where he observed the sick Democratic National Convention and presented himself before the mayor, where he offered the "assistance" of Stormtroopers if the Marxists decided to try another Chicago-style reign of terror and destruction. The commander also laid the foundations for a White Power representation in Miami Beach during the Republican Convention.

Leaders of a number of pro-White organizations have been invited to join in the great White Power manifestation planned for Miami Beach during the Republican Convention. Several of these groups have expressed interest in sending contingents for this event.

Be sure to make YOUR arrangements to participate in this important event! Begin making plans today. For those who can not stay for the entire period of August 19-23, please let your unit leader or National Headquarters know what days you are available.

Remember, those who cannot actually participate can help financially. The Stormtroopers who go to Miami Beach are fighting YOUR struggle, so SUPPORT them. If you haven't responded to the special flyer enclosed with the 1 July Bulletin, do so NOW! We're counting on you to help us do the job.

Soviet Press Closely Covers Election Races

Los Angeles Times Service

MOSCOW — The official Soviet press, radio and television have been giving the American presidential campaign close coverage to date — with some interesting points of emphasis.

In general, the reporting has followed accurately the course of the primaries leading up to the national conventions of the two "bourgeois parties," as the press calls the Democrats and Republicans.

When Soviet correspondents get into the outer fringes of American politics with Alabama Gov. George C. Wallace on the right and the Communist Party on the left, they distort the picture considerably.

They said that the result of the Florida primary won by Wallace "showed that the reactionary and racist forces continue to exercise considerable influence in the South of the country."

The U.S. Communist Party, according to the Soviet press, "has made much progress" in the 1972 election campaign because only it advocates the "revolutionary changes" needed to solve the country's "immediate problems."

The American Nazi Party Thursday offered 100 stormtroopers to Miami Beach officials "to help protect white people" during the Democratic and Republican political conventions.

Matt Koehl, 37-year-old commander of the National Socialist White People's Party — otherwise known as the American Nazi Party — said he was also asking the city council for a campsite near Convention Hall.

Chicago National Socialists Picket Smut Cinema

The Chicago unit, led by Comrade Michael Szipronat, demonstrated recently in front of a pornographic theater on Chicago's north side. This particular movie house was selected because of its unpopularity with local residents.

Signs were carried and leaflets handed out by the seven-man NS picket. The Jew manager quickly appeared and screamed that he would have them all arrested. Two police cars appeared, but informed the hate-filled hebe that the National Socialists were within their rights in demonstrating.

Notes From NS Publications

Stormtrooper helmets are now in stock and come complete with chin-strap at \$12.95 each, postage paid. There are three sizes: small — medium — large. Helmets must be purchased through National HQ to assure uniformity. Party activists and Stormtroopers are cautioned that helmets of other design, color, or construction will be unacceptable for demonstrations and will be grounds for exclusion from public activity. Be sure to get your uniform and equipment completed in time for the upcoming Congress!

Issues of *The Australian National Socialist Journal* are still available at 50 cents each. Two numbers are in stock: Winter 1969 and Summer 1970.

TITHING: AN IMPORTANT ASPECT OF THE MOVEMENT

There has been a mistaken idea among some National Socialists that the increased Party activism, greater frequency of the newspaper, the new National Headquarters addition, and other noted successes are signs that the Movement no longer needs their direct participation or financial support as much as it did in previous years.

This is highly erroneous. The many successes achieved by the Party have been won in spite of these difficulties. The problems are still very much with us. What has developed is a situation where a minority within the Movement have assumed the greater part of the overall tasks. Although this is certainly to their credit as conscientious racial revolutionaries, it casts a not so flattering light on the others.

No National Socialist worthy of the name should allow such a state of affairs to continue! Not everyone, it is true, can be an activist. And not everyone can contribute as much as they'd like to. But the number of National Socialists who seem to put themselves into these categories are far in excess of what should be.

As of 1 August, a mandatory tithe will be expected of all Party Members. It is based on the net monthly income of the Party Member and his status, i.e., single or married, and the number of dependents. (Refer to the accompanying chart to the right.)

This is the only equitable way to distribute the tithe among Party Members. If there are any questions contact National Headquarters.

Although this tithe is designed for Party Members, because more is naturally expected of them, non-members should not feel inhibited from contributing more than they've previously committed themselves for. Henceforth, anyone seeking to apply for Party membership will have to have on record the same sense of sacrifice and dedication as Party Members.

It will be five years this 25 August when Lincoln Rockwell made his final and supreme sacrifice on behalf of the Movement. We have come this far because of those Party faithful who have emulated Commander Rockwell's sterling idealism. National Socialism will proceed in direct proportion to what is invested in it. So start investing. It's your future!

Tithe Chart for Party Members

Status	Dependents	Tithe†
Single person	1	10%
Married *	2	5%
Married with 1 child	3	3 1/3%
Married with 2 children	4	2 1/2%
Married with 3 children	5	2%
Married with 4 children	6	1 2/3%

†Tithe rate is computed on the basis of a full tithe of 10% divided by the number of dependents.

*Spouse is not working. If spouse works divide the number of dependents by one-half.

Radio Station Attacked

10 July — FM radio station KTAO, in Los Gatos, Calif., had its fifty foot tower toppled by unknown vandals after airing Commander Koehl's hard-hitting radio program, "The Future Calls," earlier in the week.

Approximately \$5,000 to \$7,000 damage was done and the station was off the air for half a day. The damage was inflicted by cutting through one of the supporting legs of the antenna tower and severing the guy wires.

The National Socialist radio program has engendered much public interest in the Party, as well as the hysterical opposition of the Jews. The program is broadcast in the San Francisco area on KTAO-FM, 95.3 mc. at 7 p.m. Wednesdays and in St. Louis on KDNA-FM, 102.5 mc. at 8 p.m. Sundays.

All Party comrades are urged to approach AM and FM radio stations in their area about carrying the program. Listener-supported stations are especially recommended. This is the way in which YOU can help the Movement receive millions of dollars of publicity. Get started today!

New Headquarters Addition Opened

July 2— A special open house ceremony was held Sunday evening, after the Washington Monument rally earlier in the day, for the new editorial offices of WHITE POWER newspaper and a special meeting and conference room for local Party functions.

The new addition doubles the working space at National Headquarters. However, it should be pointed out that this new space was sorely needed years ago and the Party requires still larger facilities to maintain organizational efficiency.

A special Headquarters Building Fund has been established to meet these future requirements. All contributions for the building fund will immediately be put into a special bank account established specifically for that purpose, and will accrue interest as well. This money will not be used for any other purpose. Clearly mark your contribution "Building Fund" to let us know that you want it entered in the special bank account.
