"The people must learn that our race of people can't win by any kind of sneaking — even when it is considered clever sneaking, such as denying that one is a 'racist', and even saying that 'racism is evil.' . . .

*Racism is not only not 'evil' — racism is our only hope!*

America will soon be ready for a leader who has gone through hell to preach pure racism, to fight for our White people, as a race, without any pretty excuses or cover-ups."

WHITE POWER, Chapter XII

## Arlington Unit Pickets Anti-busing Reactionaries

Local Organizer Clifford Herrington led a two team picket-demonstration on the Capitol steps in Washington, D.C. on 19 March. Arriving in the Party's White Power bus, the ST and NSYM personnel disembarked and immediately ran several blocks down Constitution Avenue to get ahead of a huge anti-busing march which concluded at the Capitol. While waiting at the foot of the Capitol steps for the reactionary buffoons to arrive in their Revolutionary War costumes, a forty-man riot police contingent quickly formed a human wall in front of the ST/NSYM demonstrators, separating them from the cordoned-off area where the reactionary slime were to hold their rally. Local Organizer Herrington then moved the men off to an area on the Capitol steps several hundred yards away, but closer to the reactionary speaking platform. There the National Socialists picketed for half-an-hour, shouting, "WHITE POWER," "Ban Forced Busing," and other slogans acknowledged by the reactionary speakers, who proved their spinelessness by condemning the National Socialists. Later, the ST/NSYM group moved back to its former position in front of the riot police and continued to picket and shout agitational slogans at the in-

effective Koshier Conservative leaders. After about 45 minutes there, the contingent mounted the White Power bus and returned to National Headquarters. Coverage of the picket-demonstration included TV footage.

## San Diego Activist Loses Job Through Government Pressure

Long time comrade and activist Thomas Knight of San Diego, decorated Vietnam War veteran, married with two children, is the latest subject in the long list of Party comrades who have experienced job loss, job discrimination, exclusion, etc., from direct government interference at places of employment with the expressed intent of forcing them out of their hard-earned positions and onto the street. In this instance, Comrade Knight, who held a job at the Veterans' Hospital in San Diego, was compelled to leave with no substantiated reason as to why he was being fired. Comrade Knight later learned through acquaintances at the hospital the reason he was unexpectedly fired; he was 'guilty' of being affiliated with the NSWPP. Comrade Knight did not have the financial resources available to launch a protracted legal battle against the political discrimination and support his family for the interim as well, therefore he has disclosed plans to relocate his family and himself to Arlington, where he will join the National Headquarters Staff. Anti-White, Jew-controlled Federal stooges responsible for this lynching should be well advised that this abomination will never be forgotten by National Socialists . . . never forgotten . . . never forgiven. The Revolution is hard upon us!

## Busing Foes Draw Few Listeners

By John Mathews  
 Washington Star Staff Writer

Anti-busing demonstrators went back to Boston, Detroit, Louisville and Prince Georges County with few tangible results after more than two hours of marching and standing in the rain yesterday at the Washington Monument and the Capitol.

YESTERDAY'S demonstrators, numbering about 1,300 according to police but twice that number according to their leaders, were virtually all whites with the vast majority being from Boston.

Eight members of the National Socialist White Peoples party — formerly the American Nazi party — appeared, marched in a circle and chanted "White Power." Capitol Police kept them away from the main body of demonstrators.

## Notice To Members & Supporters

All recipients of the *NS Bulletin* are urged to make use of the Activity Report forms included with every other issue of the *Bulletin*; *they are there for your use!* Newspaper clippings of relevance to the Party, as well as publications of interest to the Party are always welcome and all are encouraged to forward any such items to National Headquarters.

## April WHITE POWER Issue Off The Press!

Issue No. 62, April '75 of WHITE POWER is off the press and in the mail to all subscribers.

This month's issue is headlined, 'WE NEED A HITLER!', and rightly so, for now we are entering a not-too-promising spring of domestic chaos which is certain to follow the downward trend, spurred on by foreign policy disaster after disaster. Although the outlook is dim for the Judeo-liberal system this summer, the outlook for the Party is conversely *good*, and all Party units throughout the Nation are now planning activities for the coming months.

One Party activity which has been consistently and profitably utilized by nearly every established Party unit has been the WHITE POWER newspaper sale.

With the return of favorable weather, more and more activists will be getting out into the streets to bring the word of National Socialism to their racial comrades through the Party's propaganda organ, WHITE POWER. Not only spreading the message of National Socialism to interested Whites, which is its primary function, this activity is the *only* self-supporting activity in which comrades can engage. Many units have discovered the real and tangible financial results regular paper sales can bring.

To utilize the outstanding potential in winning racial recruits which each issue of WHITE POWER contains, it *must* be gotten into the hands of visibly interested racial kinsmen — not randomly distributed over wide expanses of bourgeois suburbia. All ST personnel, both full and probationary, must present themselves as dedicated activists willing to stand on busy street corners *in uniform* for hours, if necessary, to sell the Party's newspaper.

Not distributing one hundred copies of WHITE POWER randomly, and forcing one or two dozen racial brethren to part with their quarters, is more important than distributing *two* or *three* hundred copies randomly, and selling none at all.

When sold in uniform on a busy street, just as many, possibly more, people will see *you* as would see several hundred randomly distributed copies, and if any of these are genuinely interested, they would take the time to buy one from you. In addition, a greater, longer lasting image is projected to the masses when introduced to the Party by seeing its smart ST in action rather than by finding a paper at their doorstep or under their windshield wipers. This applies as much to Party Members as to ST personnel and does not exclude those active Official Supporters.

This is not to discourage individual Supporters who have faithfully continued to clandestinely slip copies of WHITE POWER to friends and acquaintances, and who otherwise put out their share of WHITE POWERS. It is meant to *encourage* all means of reaching the people with the *best* revolutionary newspaper today, but reaching the most receptive people who proclaim their interest, and oftentimes concurrence with the National Socialist philosophy by walking up to you and saying, "I want one of your newspapers." Take the *IDEA* to the Racial Community!

Everyone who is capable of getting a copy of WHITE POWER into the hands of some White person should do so *just as fast as possible*, no matter how it is done. Bulk quantities of WHITE POWER are still available at cut rate, 10 for \$1.50, 100 for \$10, 500 copies for \$35 and 1,000 copies for \$55. Don't delay, *order today!*

## Special Note From the National Secretary

As announced previously, the *minimum* OS pledge henceforth will be \$5 monthly. *All* Official Supporters will in turn receive all Party publications, including WHITE POWER, with those already holding subscriptions receiving proper credit against their pledges. The only exception to the above will include housewives, *full-time* students, unemployed, and those subsisting on Social Security, for whom the minimum monthly pledge will be \$3. For those Official Supporters *not* willing to re-adjust their pledges accordingly, this may be the last *Bulletin* they receive.

## Los Angeles Unit Fights City Harassment

In another round in the ceaseless clashing of wills between the Los Angeles Unit and the City of El Monte, Comrades there report intensification of efforts of El Monte functionaries to oust the Party from its long held location there, resulting in this article reproduced here.

As a counterattack to the schemes of anti-Party elements who run El Monte, TL Martin Kerr, now District Organizer, lately conducted a one man WHITE POWER newspaper sale in El Monte. TL Kerr reports:

"The purpose of this action was to harass the City of El Monte by forcing them to fight a costly legal battle, which we are almost sure to win, and which will allow us to sell the Party paper in El Monte. At present, a \$20 a day vendor's permit must be purchased in order for someone to sell a newspaper here. Since WHITE POWER is a political paper, we feel this does not apply to us. We do not sell the paper to make a profit, but to spread our ideology."

**SHOPPER SURPRISE** — Daniel H. Stewart, Southern California district leader for the National Socialist White People's Party, is threatening to shop in El Monte stores to

drive away customers. He'll bring a few storm troopers along to help. He charges the city is "legally harassing" the Nazis with its occupancy permit law.

## Nazis Ready Scare

By FRANK GREENWALT  
Tribune Staff Writer

EL MONTE — Some shoppers here will be getting Nazis along with their trading stamps.

It's all part of a National Socialist White People's Party plan to force the city to stop enforcement of its occupancy permit law.

The Nazis are planning to go into every retail business establishment and buy minor items. By their presence, they hope to "scare all the customers away."

"We won't do anything illegal," said Daniel H. Stewart, acting district leader.

"The law can't keep us from shopping. And it can't tell us how to dress. We're going to be in full uniform."

The controversy revolves around a long-standing city requirement that all establishments apply for a certificate of occupancy. The fee is \$10.

Then, the city inspects the property for building, planning and fire code requirements. If there are violations, the city demands the building be brought up to standard.

The city is insisting the Nazis comply with the law and the Nazis don't like it.

Stewart alleges that the city

is bowing to Jewish pressure.

"They don't like the big swastika we have in front of our headquarters," he said.

The Nazis are located in a small house at 4375 N. Peck Road.

Stewart also thinks Jews have offered to build a big shopping center on his corner if the city forces the Nazis out.

However, spokesmen from both the city and the El Monte Area Chamber of Commerce say they have heard no talk of establishing a shopping center at the corner.

Actually, Glenn Welch, director of public works, said the city is not aware of any specific code violations at the Nazi headquarters.

"They have to apply for an occupancy permit before we find out," he said. "There might not be anything wrong with the building."

Welch said the action against the Nazis isn't anything new.

"The Nazis have never applied for an occupancy permit," he said.

"We brought court action against them once."

He said the judge fined the Nazis \$50 for not having a permit. But still, they did not apply.

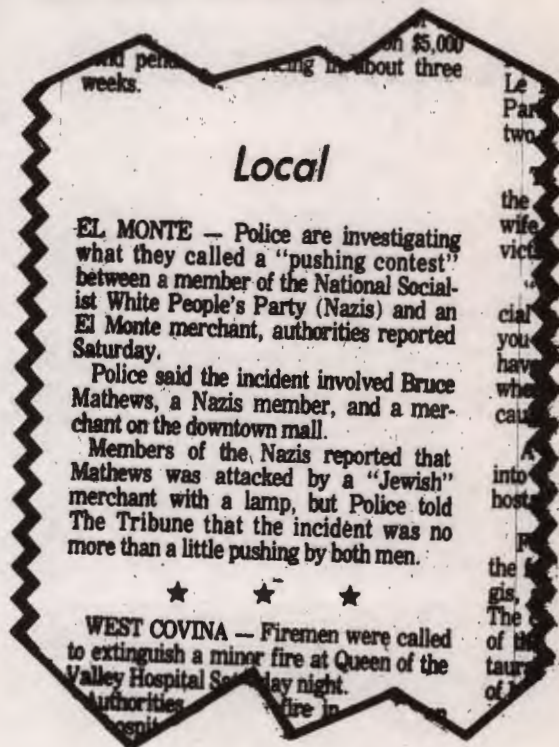

We'll take them to court

TL Kerr was issued a citation by El Monte police for selling a newspaper without a license. He is now beginning the legal process of obtaining a public defender and setting up a jury trial.

Continuing the counterattack, District Leader Dan Stewart led a shopping tour of major El Monte department stores. Uniformed National Socialists, including ST, NSYM and NSWO, were divided into teams and sent to 'browse' through different stores. Their purpose was to cause apprehension on the part of store managers and to scare away non-White and anti-White customers, forcing Kosher merchants to put pressure on City officials to leave the Party alone.

The presence of the National Socialists in the various stores caused much consternation among store personnel who were unable to bar the activists from a public place.

### A2 San Gabriel Valley TRIBUNE

One Jew told a team led by TL Mathews to leave his store. When he refused, the Jew attacked TL Matthews and a fight broke out, in which 5 large creeps, armed with lamps and other furniture, battled the ST. No serious injuries resulted, although part of the Jew's store was wrecked.

These activities resulted in a large amount of publicity for the Party, including several newspaper articles and television coverage. The local TV coverage contained an interview with GL Stewart, an interview with El Monte's pro-wetback mayor, shots of the Headquarters building and scenes of the uniformed activists shopping.
